2.01 **Assets.** Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 **Purchase Price; Deposit.** Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be Two Hundred Million Dollars ($200,000,000.00) (the "Purchase Price"). Concurrently with the execution of this Agreement, Buyer has deposited by wire transfer into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.04(b)(i). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

2.03 **Closing; Preliminary Settlement Statement.** The Closing shall take place at the offices of Kirkland and Ellis LLP at 609 Main Street, 47th Floor, Houston, Texas 77002 on November 30, 2017 (the "Scheduled Closing Date"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days
after such conditions have been satisfied or waived, subject to such conditions being satisfied or waived at the Closing and subject to the provisions of Article 9. The date on which Closing occurs shall be the "Closing Date." Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable good faith determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement"). Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

2.04 **Closing Obligations.** At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(ii) possession of the Assets (except the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit G executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller Party is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) for each Well operated by such Seller Party or its Affiliate on the Closing Date, such regulatory documentation on forms prepared by Buyer (with assistance from Seller) as is necessary to designate Buyer as operator of such Wells;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets;

(viii) if requested by Buyer, an executed counterpart of the Transition Services Agreement; and

(ix) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to third party operators and purchasers of production from the Wells (which shall be prepared and provided by Buyer (with assistance from Seller) and reasonably satisfactory to Seller).

(b) Buyer shall deliver (and execute, as appropriate) to Seller:

(i) the Preliminary Amount (less the Deposit Amount) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(iii) a certificate, in substantially the form set forth in Exhibit G executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) to the extent Buyer is required to execute the same, for each Well operated by any Seller Party or its Affiliate on the Closing Date, such regulatory documentation as is necessary to designate Buyer as operator of such Wells and the other Assets;

(vi) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) if requested by Buyer, an executed counterpart of the Transition Services Agreement; and

(viii) such other documents as Seller or counsel for Seller may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

Allocations and Adjustments. If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. “Earned” and “incurred,” as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) Without limiting the allocation of costs and receipts set forth in Section 2.05(a), for each Well operated by Seller or its Affiliate, (i) Seller or its Affiliate shall retain overhead charges and rates received in its capacity as “Operator” under any operating agreement or COPAS accounting procedure attributable to such Well, and (ii) Seller or its Affiliate shall be entitled to deduct and retain as overhead charges for any other Well operated by Seller an amount per month equal to the product of (x) $600 and (y) Seller’s Working Interest in such Well. The charges and deductions under this Section 2.05(b) shall accrue from the Effective Time through the month in which transfer of operations occurs; *provided however*, that the overhead charges for the month in which transfer of operations occurs shall be prorated based upon the number of days in such month that Seller or its Affiliate operated such Wells (and prorated for the number of days that the Well was in drilling or completion, or was in production, as applicable). For purposes of allocating revenues,

production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be "from or attributable to" the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Seller shall provide to Buyer evidence of all meter readings and all gauging and strapping procedures conducted on or about the Effective Time in connection with the Assets, together with all data necessary to support any estimated allocation, for purposes of establishing the adjustment to the Purchase Price pursuant to Section 2.05(c).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received by Buyer with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(c) but paid or otherwise economically borne by Seller (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Seller in connection with a transaction to which Section 2.05(c)(ii)(A) applies, and therefore were taken into account in determining the "proceeds received" by Seller for purposes of applying Section 2.05(c)(ii)(A) with respect to such transaction);

(C) the aggregate amount of all non-reimbursed Property Costs that have been paid by Seller that are attributable to the ownership and operation of the Assets after the Effective Time (including the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) that are applied against operations conducted between the Effective Time and Closing, but excluding all other prepayments);

(D) the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) to Buyer or its Affiliates for operations not completed prior to Closing and that are not reimbursed to Seller on or prior to the Closing;

(E) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(F) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory) above the load line as of the Effective Time;

(G) the amount of all Specified Receivables;

(H) if applicable, the amount, if any, of Imbalances in favor of Seller, *multiplied by* $2.54 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be due to Seller as of the Effective Time; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 13.02(c) but paid or otherwise economically borne by Buyer (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Buyer in connection with a transaction to which Section 2.05(c)(i)(A) applies, and therefore were taken into account in determining the "proceeds received" by Buyer for purposes of applying Section 2.05(c)(i)(A) with respect to such transaction);

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(G) if applicable, the amount, if any, of Imbalances owing by Seller, *multiplied by* $2.54 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be owed by Seller as of the Effective Time]; and

(d) No earlier than sixty (60) days following the Closing Date and no later than ninety (90) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price based on actual credits, charges, receipts and other items before and after the Effective Time. Buyer shall, at Seller's request, supply all reasonably available documentation in Buyer's or its Affiliates' possession in reasonable detail to permit Seller to determine any Purchase Price adjustment under Section 2.05(c) for Properties operated by Buyer or its Affiliates. Seller shall, at Buyer's request, supply available documentation in reasonable detail to support any credit, charge, receipt or other item, including all documentation used by Seller in the preparation of such statement. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's and its Affiliates' books and records relating to the matters required to be accounted for in the Final Settlement Statement to allow Buyer to conduct an audit and review of such items. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will, without limiting Section 13.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred twenty (120) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall, without limiting Section 13.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final

Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 **Assumption.** If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10), and without limiting Buyer's rights in the event of fraud or a breach of Seller's special warranty of Defensible Title in the Instruments of Conveyance: any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes to the extent attributable to periods (or portions thereof) from and after January 1, 2017, pursuant to Section 13.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Buyer as a result of (A) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (B) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 13.02(c)(iii)); (j) attributable to the Leases and the Applicable Contracts; and (k) attributable to the Assumed Litigation; *provided* that, notwithstanding the foregoing, the Assumed Liabilities shall not include any liabilities and obligations for which Buyer is entitled to indemnification under Section 10.02. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that, subject to the

terms and conditions of this Agreement, all liability associated with the matters described in clauses (i) through (iii) above as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets; *provided* that, notwithstanding the foregoing, the Assumed Liabilities shall not include any liabilities and obligations for which Buyer is entitled to indemnification under Section 10.02. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements.

2.07 **Allocation of Purchase Price.** The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07 hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07 for purposes of Article 11 hereof. Seller and Buyer shall use commercially reasonable efforts to agree, for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, to an allocation of the Purchase Price and any items properly treated as consideration for U.S. federal income Tax purposes among the Assets and, to the extent allowed under applicable federal income Tax law, in a manner consistent with the Allocated Values, as set forth on Schedule 2.07 (the "Tax Allocation"). If Seller and Buyer are unable to agree upon the Tax Allocation, then the Tax Allocation shall be determined by the Accounting Expert (the fees and expenses of whom shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer)). Once the Tax Allocation is agreed by Seller and Buyer or determined by the Accounting Expert, as applicable, Seller and Buyer agree to report, and to cause their respective Affiliates to report the information required by Section 1060(b) of the Code and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any Tax Return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to the other Party, or with such other Party's prior consent; *provided, however*, that neither Party shall be unreasonably impeded in its ability
and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

3.18 **Non-Consent Operations**. Except as disclosed on Schedule 3.18, no operations are being conducted or have been conducted on the Assets with respect to which such Seller Party has elected to be a nonconsenting party under the applicable

If any fact, condition, or matter disclosed in the Seller Parties' disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies to the extent reasonably apparent on the face of the Seller Parties' disclosure Schedules, regardless of the section of the Seller Parties' disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on the Seller Parties' disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material. ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.01 **Organization and Good Standing**. Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 **Authority; No Conflict.**

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the requisite right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 **Certain Proceedings.** There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 **Knowledgeable Investor.** Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 **Qualification.** Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 **Brokers.** Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 **Financial Ability**. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated

Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 **Securities Laws.** The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 **Due Diligence.** Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's rights to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing Buyer and its Representatives have (a) been permitted access to materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING OR IMPAIRING ANY REPRESENTATION, WARRANTY, COVENANT OR AGREEMENT OF THE SELLER PARTIES CONTAINED IN THIS AGREEMENT AND THE SELLER'S CLOSING DOCUMENTS (INCLUDING THE SPECIAL WARRANTY OF DEFENSIBLE TITLE SET FORTH IN THE INSTRUMENTS OF CONVEYANCE), OR BUYER'S RIGHT TO RELY UPON EACH OF THE FOREGOING OR BUYER'S RIGHTS UNDER ARTICLE 11, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE.**

4.11 **Basis of Buyer's Decision.** By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 **Business Use, Bargaining Position.** Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 **Bankruptcy.** There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer and/or the Financing Source's investigation shall be conducted in a manner that (to the extent practicable) minimizes interference with the field operations of the business of Seller and any applicable Third Parties, and (ii) subject to Section 11.09, Buyer and the Financing Source's right of access shall not entitle Buyer or the Financing Sources to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion, subject to the provisions of Section 11.09.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer, Buyer's Representatives and the Financing Sources in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer and the Financing Sources, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets.** Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business (including the sale of Hydrocarbons) with respect to its ownership and operation of the Assets in the ordinary course as a reasonably prudent operator, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, Encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) subject to clause (i) below, not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in payment quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments so long as Buyer consents to such abandonment and such consent shall not be unreasonably withheld, delayed or conditioned); *provided* that Seller shall notify Buyer prior to any such abandonment;

(c) not commence or propose any single operation with respect to the Wells or Leases with an anticipated cost in excess of Two Hundred Fifty Thousand Dollars ($250,000) net to Seller's interest, except for any emergency operations otherwise conducted in compliance with this Agreement;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease or enter into a Contract that, if entered into on or prior to the Execution Date, would be required to be listed in a disclosure Schedule;

(e) not make any election (or fail to make an election, the result of which is) to go non-consent with respect to any of the Assets;

(f) unless Buyer fails to provide consent under clause (d) above, use commercially reasonable efforts to maintain in full force and effect each Lease, and timely and properly pay all Lease renewals and extensions that become due after the date of this Agreement but prior to Closing in accordance with the terms of the applicable Lease;

(g) not waive, release, assign, settle or compromise any proceeding, material right or claim relating to the Assets, other than the Retained Liabilities or waivers, releases, assignments, settlements or compromises that involve only the payment of monetary damages not in excess of Fifty Thousand Dollars ($50,000) individually (excluding amounts to be paid under insurance policies);

(h) not take, nor permit any of their Affiliates (or authorize any investment banker, financial advisor, attorney, accountant or other Person retained by, acting for or on behalf of Seller or any such Affiliate) to take, directly or indirectly, any action to solicit, or negotiate, any offer from any Person concerning the direct or indirect acquisition of the Assets by any Person other than Buyer or its Affiliates except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(i) use commercially reasonable efforts to keep Buyer apprised of any drilling, re-drilling or completion operations proposed or conducted by Seller with respect to the Assets;

(j) pay (or cause to be paid) any and all Asset Taxes that could result in an Encumbrance with respect to the Assets that become due and payable on or prior to the Closing Date;

(k) notify Buyer of any application for drilling permit by a Third Party affecting the Assets received by Seller;

(l) not, except as may be required by applicable Legal Requirements or pursuant to a Seller Benefit Plan in effect as of the Execution Date, or as contemplated by this Agreement, (A) grant any increases in the compensation, incentives or benefits payable or to become payable to any Available Employee, (B) except in the ordinary course of business or with respect to renewals for any Seller Benefit Plan for the 2018 plan year, enter into any new, terminate or amend any existing, employment, severance or termination agreement or other Seller Benefit Plan with any Available Employee, (C) establish or take any action that would result in Seller becoming obligated under any collective bargaining agreement or other Contract with a labor union or representative of Available Employees, or (D) subject to Seller's right to terminate the employment of any employee on the Available Employee List, transfer any Available Employee; and

(m) not enter into any agreement with respect to any of the foregoing.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller and any Affiliate of Seller owning an interest in the applicable Asset (or portion of the Assets) have voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency involving imminent threat to property or life, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 **Insurance.** Seller shall maintain in force during the period from the Execution Date until the Closing, insurance policies (including qualified self-insurance) pertaining to the Assets with the minimum coverages as set forth on Schedule 5.03. The daily pro-rated annual premiums for insurance set forth on Schedule 5.03 that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs to the extent attributable to the Assets (but not to the extent attributable to any other assets of Seller).

5.04 **Consent and Waivers.** Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall reasonably cooperate with Seller in seeking to obtain such Consents.

5.05 **Amendment to Schedules.** Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement its Schedules with respect to any matters that first occur following to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement.

5.06 **Successor Operator.** While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing. Seller will use commercially reasonable efforts to assist Buyer to obtain all necessary Permits in connection with Buyer's designation as operator as to the Assets Seller presently operates as of Closing.

5.07 **Affiliate Contracts**. Seller will terminate or cause its respective Affiliates to terminate, effective as of the Closing Date, any contracts or agreements between Seller and its Affiliates insofar and only insofar as such contracts or agreements relate to or bind the Assets.

5.08 **Drilling Permits**. During the period following the Execution Date until the Closing, if reasonably requested by Buyer, (1) Seller will execute and file any applications or instruments prepared by Buyer that are necessary to obtain drilling permits to be used with respect to the future development of the Assets with the applicable Governmental Bodies, and (2) and agreed to by Seller in its sole discretion, object to any application for drilling permit filed by a Third Party or otherwise participate in a hearing related to such objection in consultation with Buyer; *provided* that Buyer will reimburse Seller for any reasonable, documented out-of-pocket costs incurred in connection therewith.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure.** If Buyer has Knowledge as of the Execution Date of any Breach of Seller's representations and warranties, Buyer shall have no remedy under this Agreement, including under Section 9.01 and Article 10, with respect to such Breach. Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtains Knowledge following the Execution Date of any Breach, in any material respect, of its or the other Party's representations and warranties or covenants, in any material respect; *provided* that failure to provide such notice shall not limit a Party's rights or remedies under this Agreement with respect to such Breach. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements

to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and such Breach of representation, warranty, covenant or agreement shall (if curable) be fully cured by the Closing (or, if the Closing does not occur, prior to the termination of this Agreement in accordance with Section 9.01), then such Breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions.** Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 **Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.**

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer shall use commercially reasonable efforts to obtain, and deliver to Seller evidence of, all replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals, in each case, as set forth on Schedule 6.03(a) and necessary for Buyer to own and, with respect to Assets currently operated by Seller or its Affiliates, operate the Assets.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings.

6.04 **Governmental Reviews.** Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 **HSR Act.** If applicable, within ten (10) Business Days following the execution by Buyer and Seller of this Agreement, Buyer and Seller will each prepare and simultaneously file with the DOJ and the FTC the notification and report form required for the transactions contemplated by this Agreement by the HSR Act and request early termination of the waiting period thereunder. Buyer and Seller agree to respond promptly to any inquiries or requests for information or documentary material from the DOJ or the FTC concerning such filings and to comply in all material respects with the filing requirements of the HSR Act. Buyer and Seller shall cooperate with each other and, subject to the terms of the Confidentiality Agreement, shall promptly furnish all information to the other Party that is necessary in connection with Buyer's and Seller's compliance with the HSR Act. Buyer and Seller shall keep each other fully advised

with respect to any requests from or communications with the DOJ or FTC concerning such filings and shall consult with each other with respect to all responses thereto. Each of Seller and Buyer shall use its commercially reasonable efforts to take all actions reasonably necessary and appropriate in connection with any HSR Act filing to satisfy the conditions to the Closing and consummate Contemplated Transactions as promptly as practicable and in any event not later than the Outside Date; *provided*, *however*, nothing in this Agreement shall require Buyer or Seller to propose, negotiate, effect or agree to, the sale, divestiture, license or other disposition of any assets or businesses of Buyer or Seller (including the Assets) or otherwise take any action that limits the freedom of action with respect to, or its ability to retain or operate any of the businesses of the Buyer or Seller or the Assets. The filing fees associated with any such HSR Act filing shall be borne by Buyer. Notwithstanding any provision of this Section 6.05, no Party shall be required to provide the other Party with information regarding the value of the transaction or subject to the attorney client privilege, work product doctrine or other similar privilege absent entering into a mutually acceptable joint defense agreement.

6.06 **Financing Matters**.

(a) Assistance with Financing. Prior to the Closing Date, Seller shall provide, and shall use its commercially reasonable efforts to cause its Affiliates and its and its Affiliates' Representatives to provide, Buyer such cooperation as may be reasonably requested by Buyer with respect to the Debt Financing; provided, that such requested cooperation does not materially and adversely interfere with operations of Seller and the Assets and that any information requested by Buyer is reasonably available to Seller or any of its Affiliates or its or their Representatives.

(b) Financial Information.

(i) Seller shall use its commercially reasonable efforts to cooperate with Buyer and its independent auditor ("Buyer's Auditor") in Buyer's preparation, at the sole cost and expense of Buyer, of the Special Financial Statements (as defined below), in such form that such statements and the notes thereto can be audited (in the case of the Annual Financial Statements (as defined below)) or reviewed (in the case of the Interim Financial Statements (as defined below)) by Buyer's Auditor. The "Special Financial Statements" shall refer to (A) statements of revenues over direct operating expenses attributable to the Assets for the fiscal years ended December 31, 2016 and December 31, 2015 (the "Annual Financial Statements") and (B) statements of revenues over direct operating expenses attributable to the Assets for the nine months ended September 30, 2017 the nine months ended September 30, 2016 (the "Interim Financial Statements"). The Special Financial Statements will be prepared in accordance with GAAP and any requirements of the Securities Act of 1933, as amended, and any rules or regulations promulgated thereunder. The Annual Financial Statements shall include the required oil and gas disclosures, including estimates of quantities of proved reserves as of, and a reconciliation of proved oil and gas reserves for, each of the fiscal years ended December 31, 2016 and 2015, and the standardized measure of discounted future net cash flows as of, and a reconciliation of the standardized measure of future discounted cash flows for, each of the fiscal years ended December 31, 2016 and 2015. Seller shall

provide Buyer, its Representatives, and Buyer's Auditor with reasonable access to its personnel and its Affiliates necessary for the preparation of the Special Financial Statements. Seller agrees to provide, and will use its commercially reasonable efforts to cause its Affiliates to provide, at Buyer's sole cost and expense, information from, and reasonable access to, its accounting records to the extent required to prepare any pro forma financial statements of Buyer that include pro forma adjustments with respect to Seller, which may be required in any reports, registration statements and other filings to be made by Buyer or any of its Affiliates with the SEC pursuant to the Securities Act and the rules and regulations thereunder or the Exchange Act and the rules and regulations thereunder (the "SEC Filings").

(ii) In the event the SEC requires financial statements in respect of the Assets that vary in form or content from, or in the periods covered by, the Special Financial Statements ("Alternative Financial Statements"), Seller shall, at the sole cost and expense of Buyer, use its commercially reasonable efforts to cooperate with Buyer in the preparation of such financial statements.

(iii) Notwithstanding anything to the contrary, (A) Seller shall in no event be required to create new records relating to the Assets or Special Financial Statements, (B) the access to be provided to Buyer, its Representatives, and Buyer's Auditor shall not interfere with Seller's ability to prepare its own financial statements or its regular conduct of business and shall be made available during Seller's normal business hours and (C) such cooperation shall not include any actions that Seller reasonably believes would result in a violation of any material agreement or any confidentiality arrangement or the loss of any legal or other applicable privilege. All non-public or otherwise confidential information regarding Seller obtained by Buyer, its Representatives, or Buyer's Auditor shall be kept confidential for a period of one year from such disclosure in accordance with the terms of the Confidentiality Agreement as if the Confidentiality Agreement were still in effect.

(c) Costs and Expenses. Buyer shall promptly, upon request by Seller, reimburse Seller for all reasonable and documented out-of-pocket, documented costs and expenses incurred by Seller in connection with its cooperation contemplated by this Section 6.06. Except in the case of actual fraud, (i) all of the information provided by Seller pursuant to this Section 6.06 is given without any representation or warranty, express or implied, and (ii) in no event will Seller or its Affiliates or Representatives have any liability of any kind or nature to Buyer, its Financing Sources or any other Person arising or resulting from the cooperation provided in this Section 6.06 or any use of any information provided by Seller or its Affiliates or Representatives provided pursuant to this Section 6.06. Without affecting Buyer's rights under this Agreement, Buyer shall indemnify and hold harmless the Seller Group from and against any and all Damages suffered or incurred by any of them in connection with the arrangement of the Debt Financing and any information provided by Seller to Buyer pursuant to this Section 6.06; *provided*, *however*, that Buyer shall not be required to indemnify and hold harmless the Seller Group to the extent that such Damages arise from or are related to actual fraud by any member of the Seller Group.

6.07 **Exclusivity.** In consideration of the expenses that Buyer has incurred and will incur in connection with the transactions contemplated by this Agreement, Seller agrees that, from and after the Execution Date until the Outside Date, (i) Seller shall, and shall cause all of its Representatives to, immediately terminate all discussions, communications and negotiations with Third Parties (other than Seller's Representatives) regarding the purchase or sale of all or any portion of the Assets and (ii) neither Seller nor any of its Representatives shall initiate, solicit, encourage or negotiate any proposal or offer from any Person to acquire, directly or indirectly, all or any portion of the Assets.

6.08 **Suspense Funds.** Upon the termination of the Transition Services Agreement, except to the extent such information has been delivered to Buyer pursuant to Section 13.01, Seller shall deliver to Buyer such file(s) that reasonably contain the following information: the owner name, the owner social security number or federal ID number, reason for suspense, and the amount of such Suspense Funds payable for each entry, together with monthly line item production detail including gross and net volumes and deductions for all suspense entries and other supporting documentation reasonably necessary for Buyer to verify the existence of the amount of such Suspense Funds; *provided* that nothing in this Section 6.08 shall require Seller to prepare, produce or otherwise generate any new or additional reports that Seller does not prepare, produce or generate in the ordinary course of business.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.06 **Closing Deliverables.** Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

7.07 **Title Defect Values, Environmental Defect Values, etc**. The sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values asserted by Seller in good faith), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, *plus* (v) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (vi) the aggregate amount of all Casualty Losses (as determined by Buyer acting in good faith) shall be less than or equal to twenty-five percent (25%) of the unadjusted Purchase Price.

ARTICLE 8

ARTICLE 9
TERMINATION

9.01 **Termination Events.** This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied or waived (in writing) by Buyer in full on or after the Scheduled Closing Date, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) Seller refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived (in writing) by Seller in full on or after the Scheduled Closing Date, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) Buyer refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before December 31, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that, in the case of Seller, such failure does not result primarily from Seller's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable;

(f) by Buyer if the Closing condition in Section 8.07 is not satisfied (or not possible of being satisfied at Closing); or

(g) by Seller if the Closing condition in Section 7.07 is not satisfied (or not possible of being satisfied at Closing).

9.02 **Effect of Termination; Distribution of the Deposit Amount.**

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other under Section 9.02(b), and (b) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01, Section 13.02(b) through 13.02(d), Section 13.14 and Section 13.17, which shall terminate) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If at the time this Agreement is terminated pursuant to Section 9.01, Buyer is a Breaching Party, then Seller shall be entitled (as its sole and exclusive remedy) to receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller is entitled to receive the Deposit Amount as liquidated damages pursuant to this Section 9.02(b)(i), (A) the Parties shall, within two (2) Business Days of the termination of this Agreement, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (B) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If at the time this Agreement is terminated pursuant to Section 9.01 Seller is a Breaching Party, then Buyer shall be entitled to (A) receive the Deposit Amount and (B) seek to recover its actual damages from Seller as a result of such Willful Breach by Seller. If Buyer is entitled to the Deposit Amount pursuant to this Section 9.02(b)(ii), the Parties shall, within two (2) Business Days of the termination of this Agreement, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for Buyer's Willful Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such Willful Breach by Buyer if Buyer is a Breaching Party at the time this Agreement is terminated.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

(e) THE PARTIES FURTHER AGREE THAT, UNLESS AND UNTIL THE CLOSING OCCURS, THE SOLE AND EXCLUSIVE REMEDY OF SELLER AND ITS AFFILIATES AGAINST BUYER, ITS DEBT AND EQUITY FINANCING SOURCES, AND ANY OF THEIR RESPECTIVE FORMER, CURRENT OR FUTURE GENERAL OR LIMITED PARTNERS, EQUITY HOLDERS, CONTROLLING PERSONS, MANAGEMENT COMPANIES, REPRESENTATIVES, ASSIGNEES OR AFFILIATES AND ANY AND ALL FORMER, CURRENT OR FUTURE HEIRS, EXECUTORS, ADMINISTRATORS, TRUSTEES, SUCCESSORS OR ASSIGNS OF THE FOREGOING (COLLECTIVELY, THE "BUYER RELATED PARTIES") ARISING FROM OR RELATING TO THIS AGREEMENT AND THE CONTEMPLATED TRANSACTIONS, INCLUDING FOR ANY FAILURE OF BUYER TO EFFECT THE CLOSING OR OTHERWISE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT (WHETHER WILLFULLY, INTENTIONALLY, UNINTENTIONALLY OR OTHERWISE), WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02. EXCEPT FOR THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02, IN FURTHERANCE OF THE FOREGOING, (A) SELLER RELEASES THE BUYER RELATED PARTIES, WAIVES ANY RIGHT OF RECOVERY FOR AND AGREES NOT TO SEEK ANY RECOVERY FOR ANY LOSS SUFFERED AS A RESULT OF ANY BREACH OF ANY COVENANT, OBLIGATION, REPRESENTATION OR WARRANTY IN THIS AGREEMENT OR THE FAILURE OF THE TRANSACTION TO BE CONSUMMATED, OR IN RESPECT OF ANY ORAL

REPRESENTATION MADE OR ALLEGED TO HAVE BEEN MADE IN CONNECTION HEREWITH AND (B) THE MAXIMUM AGGREGATE MONETARY LIABILITY THAT THE BUYER RELATED PARTIES SHALL HAVE IN CONNECTION WITH SUCH LOSS SHALL BE THE FORFEITURE OF THE DEPOSIT AMOUNT IN ACCORDANCE WITH THIS SECTION 9.02.

9.03 **Return of Records Upon Termination.** Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets in accordance with the Confidentiality Agreement and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 **Survival.** The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for thirty-six (36) months after Closing, (d) all covenants and agreements of Seller to be performed at or following the Closing shall survive until fully performed, (e) all other representations and warranties and pre-closing covenants and agreements of Seller shall survive for twelve (12) months after Closing; *provided*, that the covenants of Buyer and Seller set forth in Section 13.02 shall survive for the applicable statute of limitations plus sixty (60) days and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) (with respect only to clauses (a), (b), (c) and (j) in the definition of Retained Liabilities) shall terminate eighteen (18) months following the Closing Date. The indemnities in Section 10.02(c) (with respect only to clause (f) in the definition of Retained Liabilities) shall survive for the applicable statute of limitations plus sixty (60) days. The indemnities in Section 10.02(c) (with respect to Retained Liabilities other than those described in clauses (a), (b), (c), (f) and (j) in the definition of Retained Liabilities) shall continue indefinitely. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Seller.** Except as otherwise limited in this Article 10, from and after the Closing, Seller shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10, Article 11 and Section 13.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including Breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and, except for the remedies provided in this Article 10, Article 11 and Section 13.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES**. Notwithstanding anything in this Agreement to the contrary, nothing in this Agreement or otherwise shall release or relieve Seller for actual fraud.

10.03 **Indemnification and Payment of Damages by Buyer.** Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's and its representatives' access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage arising from such access, except in each case to the extent such Damages result from Seller's gross negligence or willful misconduct; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, from and after Closing, the remedies provided in this Article 10 and Section 13.17 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group.

10.04 **Indemnity Net of Insurance.** The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds actually received by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Liability.**

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (i) for any Damages with respect to any occurrence, claim, award or judgment that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (ii) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 10.02 or Section 10.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

(c) Notwithstanding anything in this Agreement to the contrary, Seller shall not be required to indemnify Buyer under Section 10.02(a) for any Asset Tax (or portion thereof) allocable to Buyer under Section 13.02(c) as a result of a breach by Seller of any representation or warranty set forth in Section 3.04, except to the extent the amount of such Asset Tax (or portion thereof) (i) exceeds the amount that would have been due absent such breach or (ii) was taken into account as an adjustment to the Purchase Price under Section 2.03, Section 2.05(c), Section 2.05(d) or Section 13.02(c)(iii).

(d) The representations, warranties and covenants of the indemnifying Person, and the indemnified Person's right to indemnification with respect thereto, shall not be affected or deemed waived by reason of any investigation or audit made or conducted by or on behalf of, or by reason of any information furnished to, the indemnified Person (including its Representatives), whether before or after the Execution Date or the Closing Date, or by reason of the fact that the indemnified Person or any of its Representatives knew, was capable of knowing or should have known, at any time (whether before or after the Execution Date or the Closing Date), that any such representation or warranty was or might be inaccurate, or that any such covenant has not been or might not have been complied with, or by reason of the indemnified Person's waiver of any condition set forth in Article 7 or Article 8.

10.06 **Procedure for Indemnification--Third Party Claims.**

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise materially prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election

to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses, in each case of the indemnified Party, with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding and the indemnifying Party shall otherwise be responsible for the costs of such defense, including by the indemnified Party if it is assuming such defense. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C), in the case of an indemnification claim by Buyer pursuant to Section 10.02(a) (other than with respect to a Fundamental Representation) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims.** A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 **Indemnification of Group Members.** The indemnities in favor of Buyer and Seller provided in Section 10.02 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties.**

(A) **NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION,**

WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.

(b) Buyer acknowledges and affirms that it has made and prior to Closing will make its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test. THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT,** EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT**.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability.** Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided*, *however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication.** Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes.** Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission.** Except in the case of actual fraud, Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby, except in the case of actual fraud.

10.15 **Joint and Several.** Each Seller shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access.** Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Closing, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or copies (including electronic copies if available), of all of the Records,

files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller or its Affiliates have relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights.**

(a) Seller shall, as promptly as practical but in no event later than ten (10) Business Days after the Execution Date, provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in compliance with the contractual provisions applicable thereto. To the extent any such Preferential Purchase Rights are properly exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date reasonably designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

(b) Within three (3) Business Days following the request of either Party, the Parties shall (i) amend this Agreement to exclude any Asset to the extent subject to a Preferential Purchase Right that has not been waived or disclaimed prior to the Execution Date (the "Pref Right Properties") and to reduce the Purchase Price by the Allocated Values of such Pref Right Properties and (ii) to enter into a separate purchase and sale agreement covering the sale of such Pref Right Properties from Seller to Buyer in exchange for the Allocated Values of such Pref Right Properties (the "Pref Right Purchase Agreement"). The Pref Right Purchase Agreement shall be on substantially the same terms and conditions as this Agreement but for such changes as are necessary to reflect the fact that the Pref Right Purchase Agreement only covers the Pref Right Properties. In addition to the conditions

to Closing that will be set forth in Article 7 and Article 8 of the Pref Right Purchase Agreement, the obligations of each of the Parties to close the Pref Right Purchase Agreement shall be conditioned upon the Closing of this Agreement. In the event the owner of the preferential purchase right waives in writing its election to enter into the Pref Right Purchase Agreement, the Pref Right Purchase Agreement will be deemed terminated and this Agreement will be in full force and effect in the form of this Agreement as of the Execution Date.

11.03 **Consents.** Seller shall as promptly as practical, but in no event later than ten (10) Business Days after the Execution Date, provide all notices required to comply with or obtain all Consents in compliance with the contractual provisions applicable thereto required for the transfer of the Assets and in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent and has not been denied in writing, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer.

(ii) If the Consent is a Required Consent or a Consent that has been denied in writing, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects.** Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on November 25, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Lease or Well or portion thereof (including by the currently producing formation, Target Formation or Service Formation, as applicable) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, and (d) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special

warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week; *provided*, that the failure to provide any such preliminary notice shall not affect Buyer's right to assert Title Defects at any time prior to the Defect Notice Date or subject Buyer to any liability hereunder. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value.** The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect with respect to a Well represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Exhibit B (and Seller's Working Interest in the Well is decreased in the same or greater proportion), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Exhibit B;

(d) if the Title Defect with respect to a Lease represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Exhibit A, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Exhibit A;

(e) if the Title Defect with respect to a Well represents an increase of (i) Seller's Working Interest for any Title Defect Property over (ii) the Working Interest set forth for such Title Defect Property in Exhibit B (except (A) increases resulting from contribution requirements with respect to defaulting co-owners from and after the Execution Date under applicable operating agreements, or (B) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Working Interest increase and the denominator of which is the Working Interest set forth for such Well in Exhibit B;

(f) if the Title Defect with respect to a Lease results from a discrepancy where (i) the actual Net Acres for such Lease as to the Target Formation is less than (ii) the Net Acres set forth on Exhibit A for such Lease, then the Title Defect Value shall be calculated by multiplying

the Net Acre deficiency for such Lease by the per-Net Acre Allocated Value, provided, however, that if a Title Defect results in a discrepancy as to some, but not all of the Target Formation, the Title Defect Value for such Title Defect shall be determined by taking into account the partiality of such Title Defect; and

(g) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 **Seller's Cure or Contest of Title Defects.**

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date. If, prior to Closing, Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) if Seller elects to cure the Title Defect, convey the affected Asset to Buyer and Buyer shall pay the Title Defect Value attributable to the affected Asset to the Escrow Agent at the Closing; *provided, however* that if Seller is unable to Cure the Title Defect by the end of the Title Defect Cure Period, then (i) Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and (ii) the Parties shall issue joint written instructions to the Escrow Agent to release such Title Defect Value to Buyer; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(iii) If Seller does not elect to cure the Title Defect, subject to Seller's continuing right to dispute the Title Defect, Seller shall convey the affected Asset to Buyer at the Closing and the Purchase Price shall be adjusted in accordance with the terms of this Agreement.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, prior to the date which is ninety (90) days after the Closing, either Party may submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided*, *however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects.**

(a) Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, other than with respect to the special warranty of Defensible Title to be provided in the Instruments of Conveyance, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Lease or Well is less than the De Minimis Title Defect Cost (and the aggregate of all Title Defect Values for all Title Defects based upon a single matter creating such Title Defect is less than the De Minimis Title Defect Cost), such value shall not be considered in calculating the Aggregate Title Defect Value.

(b) Notwithstanding anything contained in Section 11.07(a) to the contrary, for any Title Defect that is identified in a Title Defect Notice delivered on or prior to the Defect Notice Date, if (1) such Title Defect would constitute a breach of the special warranty of Defensible Title if such special warranty of Defensible Title were in effect as of such time, then (2) such Title Defect shall not be subject to the De Minimis Title Defect Cost or the Aggregate Defect Deductible. For the avoidance of doubt, special warranty of Defensible Title contained in the Instruments of Conveyance shall not be subject to the De Minimis Title Defect Cost or the Aggregate Defect Deductible.

11.08 **Title Benefits.** If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest in any Lease or Well above that shown in Exhibit A or Exhibit B, as applicable, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Exhibit B, (b) to decrease the Working Interest of Seller in any Well below that shown in Exhibit B, to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Exhibit B, or (c) to increase the Net Acres for a Lease as to the applicable Target Formation to an amount greater than the Net Acres for such Lease in Exhibit A (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected (the "Title Benefit Properties"), the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity which is discovered by any of Buyer or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Well and (B) the Net Revenue Interest set forth for such Title Benefit Property in Exhibit B, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Exhibit B; (iii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Lease and (B) the Net Revenue Interest set forth for such Title Benefit Property in Exhibit A, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Exhibit A; (iv) if the Title Benefit represents a decrease of (A) Seller's Working Interest for any Title Benefit Property below (B) the Working Interest set forth for such Title Benefit Property in Exhibit B, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property, *multiplied* by a fraction, the numerator of which is the Working Interest decrease and the denominator of which is the Working Interest set forth for such Title Benefit Property in Exhibit B; (v) if the Title Benefit represents an increase in Net Acres of a Lease set forth in Exhibit A, then the Title Benefit Amount shall be determined by multiplying the Net Acre increase with respect to such Lease by the per-Net Acre Allocated Value; and (vi) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot

reach agreement by the end of the Title Defect Cure Period, then, within ninety (90) days after the Closing, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided*, *however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment.** Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01. Notwithstanding anything in this Agreement to the contrary, if (a) Buyer is not granted access to any Asset to conduct its Phase I Environmental Site Assessment of the Assets or (b) Buyer determines in good faith that (based on the results of its Phase I Environmental Site Assessment) sampling or testing of environmental media or operation of equipment is recommended on an Asset and Buyer is not granted permission and access to conduct such activities, then Buyer may elect to exclude such Asset, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets).

11.10 **Environmental Defect Notice.** Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Lease(s) or Well(s) affected; (ii) a reasonably detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, subject to Section 11.13, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Seller's Exclusion, Cure or Contest of Environmental Defects.** Seller, in its sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a); *provided*, if the Environmental Defect Value agreed upon by the Parties or finally determined in accordance with Section 11.15 for any Asset(s) is equal to or exceeds the Allocated Value of the affected Asset(s), then Buyer may elect to exclude such affected Assets, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets)(*provided* that if such agreement or final determination has not occurred by the Closing, then (1) such affected Asset(s) shall be excluded from Closing and the Purchase Price shall be reduced by the Allocated Value of such Asset(s), and (2) unless after such final agreement or final determination, Buyer is entitled to and elects to exclude such Asset(s) from the transactions contemplated by this Agreement in accordance with this Section 11.11, the Parties shall close on such Asset(s) on the terms contemplated in the Agreement promptly after such final agreement or final determination.

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date by giving written notice to Buyer to that effect prior to the Closing Date. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing Date, unless Seller or Buyer elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and the Purchase Price shall be reduced by the Environmental Defect Value of the affected Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, prior to the date which is ninety (90) days after the Closing, either Party may elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, subject to the terms of this Section 11.11 the affected Lease(s) or Well(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 **Limitations.** Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies.** The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT AND EXCEPT FOR BUYER'S RIGHTS IN THE EVENT OF FRAUD, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation.** If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed or damaged by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), subject to Section 7.07 and Section 8.07, this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Five Hundred Thousand Dollars ($500,000) net to Seller's interest, (a) Seller must elect by written notice to Buyer prior to Closing either to (x) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost prior to the Closing Date, or (y) reduce the Purchase Price by the amount of the Casualty Loss and (b) Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. With respect to all other Casualty Losses, Seller shall assign and subrogate to Buyer all rights to insurance and other claims with respect to such Casualty Losses.

11.15 **Expert Proceedings.**

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a single arbitrator (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the

specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than fifteen (15) years' experience as a lawyer in the State of Wyoming with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12

Effective as of his or her Employee Start Date, each Continuing Employee shall cease to accrue further benefits and shall cease to be an active participant under the Seller Benefit Plans. Buyer shall not assume any of the Seller Benefit Plans. From and after each Continuing Employee's Employee Start Date, Seller and its ERISA Affiliates shall retain and shall be solely responsible for all obligations and liabilities under the Seller Benefit Plans, and neither Buyer nor its Affiliates shall have any obligation, liability or responsibility from and after such Continuing Employee's Employee Start Date to or under the Seller Benefit Plans, whether such obligation, liability or responsibility arose before, on or after such Continuing Employee's Employee Start Date.

12.02 **Pre-Employee Start Date Claims under Seller Benefit Plans and Accrued Vacation Balances**.

(a) To the extent that an Available Employee was a participant in a Seller Benefit Plan, the Seller Benefit Plans shall be responsible for providing welfare benefits (including medical, hospital, dental, accidental death and dismemberment, life, disability and other similar benefits) to any participating Available Employees for all claims incurred prior to his or her Employee Start Date under and subject to the terms and conditions of such plans. For purposes of this Section 12.02, a claim is incurred with respect to (i) accidental death and dismemberment, disability, life and other similar benefits when the event giving rise to such claim occurred and (ii) medical, hospital, dental and other similar benefits when the services with respect to such claim are rendered; *provided*, that all services related to a continuous period of hospitalization shall be deemed to be rendered upon the commencement of such period.

(b) Seller shall pay each Continuing Employee's accrued and unused vacation balance (the "Accrued Vacation Balances"), in each case, to the extent such Accrued Vacation Balance existed immediately prior to such Continuing Employee's Employee Start Date, in accordance with applicable Legal Requirements.

12.03 **Available Employees' Offers and Post-Employee Start Date Employment and Benefits**.

(a) Following the Execution Date, Seller shall provide Buyer reasonable access to the Available Employees.

(b) Within two (2) Business Days of the Execution Date, Seller will provide Buyer with a list that sets forth the name of each Available Employee, and for each such individual, his or her name, job title, annualized salary or hourly wage, bonus eligibility/target, long-term incentive eligibility/target, vacation eligibility, hire date/start date, leave status (including expected duration of any leave), details of any visa, and any vehicle described on Exhibit A-4 assigned to the Available Employee by the Seller (the "Available Employee List"), which Available Employee List shall (i) be consistent with the employee schedules provided to Buyer prior to the Execution Date and (ii) not include more than 47 individuals.

(c) Beginning seven (7) Business Days following the Execution Date, Buyer or its Affiliate may make written offers of employment to each of the Available Employees to whom Buyer or its Affiliate elects to make an offer of employment, with such offers providing for an Employee Start Date of the Closing Date. Each offer of employment shall provide the applicable Available Employee at least five (5) Business Days to either accept or reject such offer. No later than the date that is three (3) Business Days prior to the anticipated Closing Date, Buyer shall notify Seller as to each Available Employee who has accepted an offer from Buyer or any of its Affiliates, which acceptance shall be conditioned upon the occurrence of the Closing and effective as of the Employee Start Date and may be conditioned on other typical hiring policies, and each Available Employee who has rejected Buyer's or its Affiliate's offer of employment. Buyer shall indemnify and hold harmless Seller and its Affiliates with respect to all claims and Liabilities alleging a violation of Law by Buyer or its Affiliates relating to or arising out of Buyer's or its Affiliates' employee selection and employment offer process described in this Section 12.03 (including any claim of discrimination or other illegality in such selection and offer process).

(d) Each Available Employee who is actively at work as of the Closing Date or is on a previously scheduled and approved (by Seller or its Affiliates) short-term disability, long-term disability, workers' compensation or other approved leave of absence and accepts an offer of employment from Buyer or its Affiliate and, in each instance, commences employment with Buyer or its Affiliate is referred to as a "Continuing Employee." The date that a Continuing Employee begins employment with Buyer or its Affiliate is referred to as his or her "Employee Start Date." During the twelve (12) month period immediately following the Closing Date that a Continuing Employee is employed by Buyer or its Affiliate, such Continuing Employee will be provided, (i) base salary or hourly wage rate at least equal to the base salary or hourly wage rate provided to the Available Employee as of the Execution Date; and (ii) cash severance benefit opportunities for each Continuing Employee who is terminated without cause or resigns after being subject to a reduction in base salary or hourly wage rate or relocation of more than fifty (50) miles as provided in (and subject to release of claim requirements in favor of Buyer and its Affiliates comparable to those within) the Severance Plan; *provided* that nothing in the foregoing shall affect the right of Buyer or its Affiliates to terminate the employment of a Continuing Employee for any reason or at any time. Seller retains the right to terminate the employment of a Continuing Employee for any reason or at any time prior to the Employee Start Date. On or before the Employee Start Date of each Continuing Employee, Seller shall take all necessary action to fully vest as of such date such Continuing Employee's account balances and other benefits under all Seller Benefit Plans, if any, that (x) are employee pension benefit plans (as such term is defined in Section 3(2) of ERISA) or (y) provide equity-based awards.

(e) Buyer or its Affiliate shall use commercially reasonable efforts to (i) cause each Continuing Employee and his or her eligible dependents (including all such employee's dependents covered immediately prior to the Employee Start Date by a group health plan maintained by Seller or its Affiliates) to be eligible to be covered under a group health plan maintained by Buyer or its Affiliate that provides medical and dental benefits coverage to such

Continuing Employee and such eligible dependents effective as of the first day of the calendar month following such Continuing Employee's Employee Start Date (unless such Continuing Employee's Employee Start Date is the first day of a calendar month, in which case, such coverage shall be effective immediately as of such Continuing Employee's Employee Start Date) and (ii) credit such Continuing Employee, for the year during which such coverage under such group health plan begins, for any deductibles incurred during such year under a group health plan maintained by Seller or its Affiliates.

(f) Buyer or its Affiliate shall recognize full service credit for all purposes (other than (i) to the extent that such credit would result in duplication of benefits with respect to the same period of service, (ii) credit for any equity or incentive compensation plan or arrangement maintained by Buyer or its Affiliates, (iii) for benefit accrual purposes under any defined benefit pension or retiree welfare plan) under all vacation, employee benefit plans, policies and arrangements made available to Continuing Employees by Buyer or any of its Affiliates on or after his or her Employee Start Date to the same extent such Continuing Employee's service was recognized under the corresponding type of benefit plans in which such Continuing Employee participated immediately prior to his or her Employee Start Date, including the severance benefit determinations as set forth in the Severance Plan.

12.04 **Savings Plans**. Effective as of the Employee Start Date, Buyer shall establish or maintain a defined contribution pension plan (or plans) and trust (or trusts) intended to qualify under Sections 401(a) and 501(a) of the Code in which all Continuing Employees shall be eligible to participate (the "Buyer Savings Plan") as of the Employee Start Date, subject to the minimum age and service requirements of such plan. Buyer shall cause the Buyer Savings Plan to accept the direct rollover of electing Continuing Employees' benefits in cash and, if applicable, promissory notes from any tax-qualified defined contribution plans maintained by any Seller Party or their respective Affiliates (each, a "Seller Savings Plan").

12.05 **Post-Employee Start Date Employment Claims**. Buyer shall indemnify, defend and hold Seller and its Affiliates harmless from and against any and all liability of any kind or nature involving or related to the employment of each Continuing Employee by Buyer or its Affiliate after his or her Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by Buyer or its ERISA Affiliates after the Employee Start Date. Seller shall indemnify, defend and hold Buyer and its Affiliates harmless from and against any and all liability of any kind or nature or related to (a) the employment of any Available Employee who does not become a Continuing Employee, including any liability related to any Seller Benefit Plan and (b) the employment of the Continuing Employees by Seller or its Affiliate before his or her Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by any Seller Party or any of their respective ERISA Affiliates before the Employee Start Date.

12.06 **Buyer Welfare Plans**. Buyer shall use commercially reasonable efforts to cause the waiver of all limitations as to pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to the Continuing Employees. Buyer shall provide continuation health care coverage to Continuing Employees and their qualified beneficiaries who incur a qualifying event under any employee welfare benefit plan maintained by Buyer or its Affiliates, in accordance with the continuation health care coverage requirements of Section 4980B of the Code and Title I, Subtitle B, Part 6 of ERISA ("COBRA") or any similar provisions of state Legal Requirement, on or after the Employee Start Date.

12.07 **WARN Act**. From the date of this Agreement until the final Employee Start Date, Seller shall not and shall cause its Affiliates not to, terminate the employment of any Available Employees such that a "plant closing" or "mass layoff" (as those terms are defined in the WARN Act or any similar state Legal Requirement) occurs prior to the final Employee Start Date without complying with the WARN Act. Buyer agrees to provide any notice to each Continuing Employee required under the WARN Act or any similar state Legal Requirement with respect to any "plant closing" or "mass layoff" affecting such Continuing Employee that may occur on or after his or her Employee Start Date.

12.08 **No Third Party Beneficiary Rights**. Nothing herein, expressed or implied, shall confer upon any Available Employees (or any of their beneficiaries or alternate payees) any rights or remedies (including any right to employment or continued employment, or any right to compensation or benefits for any period) of any nature or kind whatsoever, under or by reason of this Agreement or otherwise. In addition, the provisions of this Article 12, are for the sole benefit of the Parties and are not for the benefit of any Third Party. Nothing in this Article 12, express or implied, shall be (a) deemed an amendment of any Seller Benefit Plan providing benefits to any Available Employee, or (b) construed to prevent Buyer or its Affiliates from terminating or modifying to any extent or in any respect any employee benefit plan that Buyer or its Affiliates may establish or maintain.

12.09 **Severance Obligation**. If any Available Employee is entitled to severance benefits under the Seller's Severance Plan as a result of a Qualifying Termination caused by the failure of Buyer or its Affiliate to give an offer of employment to such Available Employee or the failure of Buyer to give an offer of employment to the Available Employee that would avoid a Qualifying Termination, Buyer will reimburse Seller for fifty percent (50%) of the amount of severance benefits paid to such Available Employee pursuant to Seller's Severance Plan, which payment shall be made within thirty (30) days following Buyer's receipt of a written invoice from Seller detailing the applicable severance benefits paid, which invoice (or invoices) shall be provided by Seller to Buyer within fifteen (15) days after the date that Seller or its Affiliate has paid to the applicable Available Employee(s) the severance benefits that are subject to the reimbursement described in this Section 12.09. Notwithstanding the foregoing, Buyer will be obligated to provide such reimbursement only if an Available Employee's Qualifying Termination occurs within thirty (30) days of the Closing Date.

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records.** Seller, at Buyer's cost and expense, shall deliver (a) all electronic Records to Buyer as soon as practical on or following the Closing Date (and shall use commercially reasonable efforts to deliver such electronic Records no later than three (3) Business Days following the Closing Date) and (b) originals (or copies where no original exists) of all other Records to Buyer (FOB Seller's office) within thirty days after the Closing; *provided* that Seller is entitled to retain the original Records related to accounting and Asset Taxes prior to the Effective Time and may provide Buyer with a copy in lieu of the original Record. With respect to any other

original Records delivered to Buyer, subject to Section 13.13, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for Tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 **Expenses and Taxes.**

(a) Expenses. Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) Transfer Taxes and Fees.

(i) The Parties acknowledge and agree that no Transfer Taxes will become due as a result of, or in connection with, the transfer of the Assets pursuant to this Agreement, and neither Party shall take any position inconsistent therewith unless required to do so by any applicable Legal Requirement; *provided*, *however*, that if any Transfer Taxes are asserted by any taxing authority in connection with the transfer of the Assets pursuant to this Agreement, (A) Buyer shall, at Seller's expense, cooperate with Seller in any Proceedings related to such Transfer Taxes and (B) to the extent any such Transfer Taxes are determined to be due, Seller shall pay to the appropriate taxing authority, or promptly reimburse Buyer for, any such Transfer Taxes.

(ii) Notwithstanding anything to the contrary in the preceding clause (i), any and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer.

(c) Asset Taxes.

(i) Seller shall be allocated and bear all Asset Taxes attributable to (A) any Tax period ending prior to the Effective Time, and (B) the portion of any Straddle Period ending immediately prior to the Effective Time. Buyer shall be allocated and bear all Asset Taxes attributable to (x) any Tax period beginning on or after the Effective Time, and (y) the portion of any Straddle Period beginning on the Effective Time.

(ii) For purposes of determining the allocations described in Section 13.02(c)(i), (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons (other than such Asset Taxes described in clause (C), below) shall be allocated to the period in which the severance or production giving rise to such Asset Taxes occurred, (B) Asset Taxes that are based upon or related to sales or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A) or (C)), shall be allocated to the period in which the transaction giving rise to such Asset Taxes occurred, and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis pertaining to a Straddle Period shall be allocated between the portion of such Straddle Period ending immediately prior to the Effective Time and the portion of such Straddle Period beginning on the Effective Time by prorating each such Asset Tax based on the number of days in the applicable Straddle Period that occur before the Effective Time, on the one hand, and the number of days in such Straddle Period that occur on or after the Effective Time, on the other hand. Notwithstanding anything in this Section 13.02(c)(ii) to the contrary, Gross Products Taxes shall be deemed attributable to the period during which the production giving rise to the Gross Products Taxes occurs, and liability therefor apportioned between the Parties in accordance with the production attributable to their relative ownership prior to or on and after the Effective Time, as applicable. For the avoidance of doubt, (x) Gross Products Taxes based on the value of production of Hydrocarbons that occurs prior to the Effective Time, shall be allocated entirely to Seller and (y) Gross Products Taxes based on the value of production of Hydrocarbons that occurs on and after the Effective Time ("2017 Gross Products Taxes") shall be allocated entirely to Buyer.

(iii) To the extent the actual amount of an Asset Tax is not known at the time an adjustment is to be made with respect to such Asset Tax pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, the Parties shall utilize the most recent information available in estimating the amount of such Asset Tax for purposes of such adjustment. To the extent the actual amount of an Asset Tax (or the amount thereof paid or economically borne by a Party) is ultimately determined to be different than the amount (if any) that was taken into account in the Final Settlement Statement as finally determined pursuant to Section 2.05(d), timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(c).

(d) Tax Returns and Payments. Except as required by applicable Legal Requirements or as otherwise provided in the Transition Services Agreement:

(i) Seller shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on production of Hydrocarbons occurring on or prior to the Closing Date (including, for the avoidance of doubt, all Gross Products Taxes attributable to production that occurs prior to the Closing Date), (B) all Asset Taxes (other than the Asset Taxes described in clause (A)) that are ad valorem or property Taxes imposed on a periodic basis relating to any Tax period that ends before the Closing Date, and (C) all other Asset Taxes required to be paid on or prior to the Closing Date, and Seller shall file with the appropriate Governmental Body any and all Tax Returns required to be filed prior to the Closing Date. Seller shall provide Buyer with evidence reasonably satisfactory to Buyer of the payment of all Asset Taxes described in this Section 13.02(d)(i)within ten (10) Business Days after Seller's payment thereof.

(ii) Buyer shall be responsible for timely paying, or withholding and remitting, as applicable, all Asset Taxes other than those required to be remitted by Seller in accordance with Section 13.02(d)(i)), and Buyer shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to Asset Taxes other than those required to be filed by Seller in accordance with Section 13.02(d)(i).

(iii) The Parties agree that (x) this Section 13.02(d) is intended to solely address the timing and manner in which certain Tax Returns relating to Asset Taxes are filed and the Asset Taxes shown thereon are paid to the applicable taxing authority, and (y) nothing in this Section 13.02(d) shall be interpreted as altering the manner in which Asset Taxes are allocated to and economically borne by the Parties.

(e) Cooperation. Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any Tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority

(f) Refunds. Seller shall be entitled to any and all refunds of Asset Taxes allocated to Seller pursuant to Section 13.02(c), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 13.02(c). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 13.02(f), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

13.03 **Notices.** All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(d) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO CONSENT TO THE EXERCISE OF JURISDICTION IN**

PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.

(b) Notwithstanding anything herein to the contrary, each of the Parties agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-Person claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Sources in any way relating to this Agreement or the Contemplated Transaction, including any Proceeding arising out of or relating in any way to the Debt Financing or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable Legal Requirements exclusive jurisdiction is vested in the federal courts, the United States District Court for the Southern District of New York (and appellate courts thereof). Each of the Parties irrevocably agrees to waive trial by jury in any action, cause of action, claim, cross-claim or third-Person claim referred to in this paragraph.

13.05 **Further Assurances**. Each Party agrees (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 **Waiver.** The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 **Entire Agreement and Modification.** This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights.** Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party); provided that Buyer (without the consent of Seller) may assign all or part of its rights under this Agreement (including its rights to receive the Assets) to one or more Affiliates (or to the Financing Sources for collateral purposes), and (a) any assignment (other than an assignment by Buyer to an Affiliate) made without such consent shall be void, and (b) in the event of such consent (or an assignment by Buyer to an Affiliate), such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply

to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement or any other agreement contemplated herein shall be construed to give any Person other than the Parties and their permitted assignees (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns. Notwithstanding the foregoing, the Financing Sources shall be deemed third-Person beneficiaries of Sections 9.02, Section 13.04(a), this Section 13.08, and 13.18 hereof, each of which shall be enforceable by each Financing Source and, to the extent enforced thereby, construed in accordance with, and governed by, the Laws of the State of New York without reference to the conflict of laws principles thereof, and none of which shall be amended or otherwise modified in any way that adversely affects the rights of any Financing Source without the prior written consent of the Financing Sources.

13.09 **Severability.** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

13.10 **Article and Section Headings, Construction.** The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts.** This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release.** No Party shall make any press release or other public announcement respecting this Agreement or the Contemplated Transactions prior to the time that is twenty-four (24) hours following the execution and delivery of this Agreement by the Parties. Subject to Section 13.13, if, prior to Closing, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least twenty-four (24) hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; provided that failure to reach such agreement shall not prohibit a Party from making a press release or public announcement. Failure to provide comments back to the other Party within twenty-four (24) hours after receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).

13.13 **Confidentiality.** The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) to any Affiliate or Representative, (e) in the case of Buyer, to any potential purchaser of (or joint venture partner with respect) to all or any portion of the Assets and any direct and/or indirect (current or potential) investor or lender, and (f) to the extent that such Party must disclose the same in any Proceeding brought or Threatened by or against it to enforce or defend its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. Additionally, from and after the Closing, Seller shall keep confidential and not use any of the Records other than for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 **Name Change.** As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement.** Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.03 **Appendices, Exhibits and Schedules.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

13.03 **Specific Performance.** Each Party hereby acknowledges and agrees that the rights of each Party to consummate the transactions contemplated hereby are special, unique and of extraordinary character and that, if Seller, or after Closing, Buyer, violates or fails or refuses to perform any covenant or agreement made by it herein, the non-breaching Parties may be without an adequate remedy at law. If Seller, or after Closing, Buyer violates or fails or refuses to perform any covenant or agreement made by such Party herein, the non-breaching Parties, subject to the terms hereof and in addition to any remedy at law for damages or other relief permitted under this Agreement, may (at any time prior to the valid termination of this Agreement pursuant to Article 9) institute and prosecute an action in any court of competent jurisdiction to enforce specific performance of such covenant or agreement or seek any other equitable relief, without the necessity of proving actual damages or posting of a bond. For clarity, Seller shall only have the right to seek specific performance of Buyer's covenants and agreements contained herein following the Closing.

13.03 **Non-Recourse**. This Agreement may only be enforced against, and any Damages based upon, arising out of, or related to this Agreement or the negotiation, execution or performance of this Agreement may only be brought against, the entities that are expressly named as Parties hereto and then only with respect to the specific obligations set forth herein or therein with respect to such Party. For further clarity, no past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) of any Party hereto or of any Affiliate of any Party hereto or any such past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) (collectively, a "Party Affiliate"), or any of their successors or permitted assigns, shall have any liability for any obligations or liabilities of any Party hereto or thereto under this Agreement or for any Damages based on, in respect of or by reason of the transactions contemplated hereby or thereby.

Within one (1) Business Day after the Execution Date, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to

Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.03. After the Final Settlement Date, and subject to the last sentence of this Section 2.05(a)(ii), (A) if either Party pays monies for Property Costs which are the obligation of the other Party, then such other Party shall, within thirty (30) days after the end of the calendar month in which the applicable invoice and proof of payment of such invoice were received by such other Party, reimburse the Party which paid such Property Costs, (B) if a Party receives an invoice of a Property Cost which is owed by the other Party, such Party receiving the invoice shall promptly forward such invoice to the Party obligated to pay the same, and (C) if an invoice for Property Costs is received by a Party, which is partially an obligation of both Seller and Buyer, then the Parties shall consult with each other, and each shall promptly pay its portion of such Property Costs to the obligee thereof. Notwithstanding the foregoing, any obligation of either Party to remit monies belonging to the other Party or to reimburse the other Party for monies paid for Property Costs, in each case, in accordance with this Section 2.05(a)(ii), shall not apply after the date that is one hundred eighty (180) days following the Final Settlement Date.

on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time.

(C) the aggregate amount of all non-reimbursed Property Costs that have been paid by Seller that are attributable to the ownership of the Assets after the Effective Time (including prepayments with respect to any period after the Effective Time, Buyer's estimate of which are set forth on Schedule 2.05(c)(i)(C));

(D) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(F) if applicable, the amount, if any, of Imbalances in favor of Seller, *multiplied by* the average realized residue natural gas price between November 2016 and April 2017 (which shall equal the quotient of (x) the amount of revenue attributable to the sale of residue natural gas during such period, *divided by* (y) the volume of net residue natural gas sales

during such period), or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be due to Seller as of the Effective Time; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) Third Party gathering, processing, transportation and other similar midstream, marketing and post-production costs, in each case, to the extent paid by Seller and for which the Purchase Price is not adjusted hereunder or which do not constitute Assumed Liabilities) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 12.02(c) but paid or otherwise economically borne by Buyer (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Buyer in connection with a transaction to which Section 2.05(c)(i)(A) applies, and therefore were taken into account in determining the "proceeds received" by Buyer for purposes of applying Section 2.05(c)(i)(A) with respect to such transaction);

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs that are attributable to the ownership of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds as of the Closing Date;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties; and

(G) if applicable, the amount, if any, of Imbalances owing by Seller, *multiplied by* the average realized residue natural gas price between November 2016 and April 2017 (which shall equal the quotient of (x) the amount of revenue attributable to the sale of residue natural gas during such period, *divided by* (y) the volume of net residue natural gas sales during such period), or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be owed by Seller as of the Effective Time.

(d) As soon as practicable after the Closing, but no later than ninety (90) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price based on actual credits, charges, receipts and other items before and after the Effective Time. Seller shall, at Buyer's request, supply available documentation in reasonable detail to support any credit, charge, receipt or other item, including all documentation used by Seller in the preparation of such statement. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30) day period, Buyer shall be given reasonable access to Seller's books and records relating to the matters required to be accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will, without limiting Section 12.02(c) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred fifty (150) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which, if unresolved, shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to the independent accounting firm of Grant Thornton LLP (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall, without limiting Section 12.02(c) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 Assumption. If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance or ownership of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets; (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) subject to Buyer's rights and remedies set forth in Sections 3.11, 11.02 and 11.03, related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes to the extent attributable to periods (or portions thereof) from and after the Effective Time pursuant to Section 12.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Buyer as a result of (A) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (B) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 12.02(c)); (j) attributable to or resulting from Transfer Taxes, if any, imposed or required in connection with the sale of the Assets to Buyer or the filing or recording of all assignments related to the sale of the Assets to Buyer; (k) attributable to the Leases and the Applicable Contracts; and (l) attributable to the Assumed Litigation; *provided, however*, notwithstanding anything herein to the contrary, the Assumed Liabilities shall not include any liabilities for which Buyer is entitled to indemnification under Section 10.02. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; and (iv) it is the intent of the Parties that, subject to the terms and conditions of this Agreement, all liability associated with the matters described in clauses (i) through (iii) above as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; and subject to Buyer's rights and remedies set forth in Article 11 and with respect to the representations in Section 3.14, Buyer further acknowledges that: (I) the Assets may contain asbestos, Hazardous Materials, or NORM; (II) NORM may affix or attach

itself to the inside of wells, materials, and equipment as scale or in other forms; (III) wells, materials, and equipment located on the Assets may contain NORM; and (IV) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), as between Buyer and Seller, Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 Allocation of Purchase Price.

(a) The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07 hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07 for purposes of Article 11 hereof.

(b) Seller and Buyer shall use commercially reasonable efforts to agree within thirty (30) days following the Final Settlement Date, for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, to an allocation of the Purchase Price and any liabilities assumed by Buyer under this Agreement that are treated as consideration for U.S. federal Income Tax purposes among the Assets in accordance with the asset classes set forth in Treasury Regulations Section 1.338-6 and, to the extent allowed under applicable federal income Tax law, in a manner consistent with the Allocated Values set forth on Schedule 2.07 (the "Tax Allocation"); provided, however, that if the Seller and Buyer are unable to agree on such Tax Allocation within thirty (30) days after the Final Settlement Date, then the Seller and Buyer shall each be entitled to adopt their own positions regarding the Tax Allocation. If Seller and Buyer agree to the Tax Allocation, Seller and Buyer each agrees to report, and to cause its respective Affiliates to report, consistently with the Tax Allocation, as adjusted to take into account subsequent adjustments to the Purchase Price, on all Tax Returns, including Form 8594 (Asset Acquisition Statement under Section 1060 of the Code), and neither Party shall take any position inconsistent therewith upon examination of any Tax Return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Party, or with such other Party's prior consent; provided, however, that neither Party shall be unreasonably impeded in its ability and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

3.22 Disclosures with Multiple Applicability; Materiality. If any fact, condition, or matter disclosed in Seller's disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies to the extent reasonably apparent on the face of Seller's disclosure Schedules, regardless of the section of Seller's disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on Seller's disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter is, or may be, material. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.02 Authority; No Conflict.

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has all necessary right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own the Assets. Buyer has, or as of the Closing will have, posted or submitted for approval such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 Brokers. Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 Financial Ability. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that its having sufficient funds shall in no event be a condition to Buyer's performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 Securities Laws. The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 Due Diligence. Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's rights to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing, Buyer and its Representatives have (a) been permitted access to materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets,

(c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING OR IMPAIRING ANY REPRESENTATION, WARRANTY, COVENANT OR AGREEMENT OF THE SELLER PARTIES CONTAINED IN THIS AGREEMENT AND THE SELLER CLOSING DOCUMENTS (INCLUDING THE SPECIAL WARRANTY OF DEFENSIBLE TITLE SET FORTH IN THE INSTRUMENTS OF CONVEYANCE), OR BUYER'S RIGHT TO RELY UPON EACH OF THE FOREGOING OR BUYER'S RIGHTS UNDER ARTICLE 11, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE.**

4.10 Basis of Buyer's Decision. By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION (THE "SEC") NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 Business Use, Bargaining Position. Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices – Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 Bankruptcy. There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 Access and Investigation.

(a) Between the Execution Date and the Defect Notice Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller, Seller shall (i) afford Buyer and its Representatives access, at such times as Buyer may reasonably request upon at least 24 hours' prior written notice, during Seller's regular hours of business, to reasonably appropriate Seller's personnel, any contracts, books and Records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data to the extent they are Excluded Assets, and (ii) promptly furnish Buyer and its Representatives, at Buyer's sole cost and expense, with electronic copies (to the extent electronic copies are maintained in Seller's ordinary course of business or otherwise already exist) of all such contracts, books and Records, and other existing documents and data related to the Assets as Buyer and its Representatives may reasonably request, except for any such contracts, books and records, or other documents and data to the extent they are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third Parties in order to obtain such consent); ***PROVIDED*** **THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that reasonably minimizes interference with the operations of the business of Seller and any applicable Third Parties, and (ii) subject to Section 11.09, Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 Ownership of the Assets. Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business with respect to its ownership of the Assets in the ordinary course, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, Encumber, or otherwise dispose of any of the Assets, except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) subject to clause (k) below, not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments);

(c) not propose, or agree to participate in any single operation with respect to the Wells or Leases with an anticipated cost in excess of Five Hundred Thousand Dollars ($500,000) (based on one hundred percent (100%) of the Working Interest in the underlying asset), except for any emergency operations otherwise conducted in compliance with this Agreement;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract and not execute, terminate, cancel, or materially amend or modify any Lease, other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on sixty (60) days' or shorter notice;

(e) not make any election (or fail to make an election, the result of which is) to go non-consent with respect to any of the Assets, unless Buyer fails to provide consent under clause (c);

(f) not waive, release, assign, settle or compromise any Proceeding, material right or claim relating to the Assets, other than the Retained Liabilities or waivers, releases, assignments, settlements or compromises that involve only the payment of monetary damages not in excess of Thirty-Five Thousand Dollars ($35,000) individually (excluding amounts to be paid under insurance policies);

(g) not take, nor permit any of its Affiliates (or authorize any investment banker, financial advisor, attorney, accountant or other Person retained by, acting for or on behalf of Seller or any such Affiliate) to take, directly or indirectly, any action to solicit, or negotiate, any offer from any Person concerning the direct or indirect acquisition of the Assets by any Person other than Buyer or its Affiliates except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(h) not form or create or object to the formation or creation by Buyer of any drilling unit applicable to the Assets;

(i) not enter into any agreement with respect to any of the foregoing;

(j) provide Buyer copies of AFEs with respect to the Assets promptly after receipt by Seller;

(k) use commercially reasonable efforts to keep Buyer apprised of any drilling, re-drilling or completion operations proposed or conducted with respect to the Assets; and

(l) pay (or cause to be paid) any and all Asset Taxes that could result in an Encumbrance (other than a Permitted Encumbrance) with respect to the Assets that become due and payable prior to the Closing Date.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller or its Affiliate has voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller shall seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days (unless a shorter time is reasonably required by the circumstances and such shorter time is specified in Seller's notice) after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency involving imminent threat to property or life, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 Insurance. Seller shall maintain in force during the period from the Execution Date until the Closing, all of Seller's insurance policies (including qualified self insurance) pertaining to the Assets in the amounts and with the coverages currently maintained by Seller. The daily pro-rated annual premiums for Third Party insurance set forth on Schedule 5.03 that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 Consent and Waivers. Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall reasonably cooperate with Seller in seeking to obtain such Consents.

5.05 Amendment to Schedules. Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters that first occur subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement.

5.06 Affiliate Contracts. Seller will terminate or cause its respective Affiliates to terminate, effective as of the Closing Date, any contracts or agreements between Seller and its Affiliates insofar and only insofar as such contracts or agreements relate to or bind the Assets.

5.07 Stipulation and Agreed Order. Prior to Closing, Seller (or its applicable Affiliate or predecessor) shall cause the Stipulation and Agreed Order to be amended or supplemented such that Exhibit 1 to the Stipulation and Agreed Order properly and accurately reflects all of the federal Leases (including the lots associated with such Leases) identified on Exhibit A.

ARTICLE 6
OTHER COVENANTS

6.01 Notification and Cure. Between the Execution Date and the Closing Date, Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtains Knowledge following the Execution Date of any Breach, in any material respect, of its or the other Party's representations and warranties or covenants, in any material respect; *provided* that failure to provide such notice shall not limit a Party's rights or remedies under this Agreement with respect to such Breach. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and such Breach of representation, warranty, covenant or agreement shall (if curable) be fully cured by the Closing (or, if the Closing does not occur, by the Outside Date), then such Breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 Intentionally Omitted.

6.03 Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer shall obtain, and deliver to Seller evidence of, all necessary replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals, in each case set forth on Schedule 3.18 and necessary for Buyer to own the Assets.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings.

6.04 Governmental Reviews. Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 Intentionally Omitted**.**

6.06 Financing Matters.

(a) Assistance with Financing. Prior to the Closing Date, Seller shall provide, and shall use its commercially reasonable efforts to cause its Affiliates and its and their respective Representatives to provide, Buyer such cooperation as may be reasonably requested by Buyer with respect to the Debt Financing at such times and in such manner as does not materially and adversely interfere with operations of Seller and the Assets; *provided* that any information requested by Buyer is reasonably available to Seller or any of its Affiliates or its or their respective Representatives.

(b) Financial Information.

(i) Until the date that is six months following the Closing Date, Seller shall use its commercially reasonable efforts to cooperate with Buyer and its independent auditor ("Buyer's Auditor") in Buyer's preparation, at the sole cost and expense of Buyer, of the Special Financial Statements (as defined below), in such form that such statements and the notes thereto can be audited (in the case of the Annual Financial Statements (as defined below)) or reviewed (in the case of the Interim Financial Statements (as defined below)) by Buyer's Auditor. The "Special Financial Statements" shall refer to (A) statements of revenues over direct operating expenses attributable to the Assets for the fiscal years ended December 31, 2017, 2016 and 2015 (the "Annual Financial Statements") and (B) statements of revenues over direct operating expenses attributable to the Assets for the nine months ended September 30, 2017 (the "Interim Financial Statements"). The Special Financial Statements will be prepared in accordance with GAAP and any requirements of the Securities Act of 1933, as amended, and any rules or regulations promulgated thereunder. The Annual Financial Statements shall include the required oil and gas disclosures, including estimates of quantities of proved reserves as of, and a reconciliation of proved oil and gas reserves for, each of the fiscal years ended December 31, 2017, 2016 and 2015,

and the standardized measure of discounted future net cash flows as of, and a reconciliation of the standardized measure of future discounted cash flows for, each of the fiscal years ended December 31, 2017, 2016 and 2015. Until the date that is six months following the Closing Date, (A) Seller shall provide Buyer, its Representatives, and Buyer's Auditor with reasonable access to its personnel, its auditor and its Affiliates necessary for the preparation and audit of the Special Financial Statements; and (B) Seller agrees to provide, and will use its commercially reasonable efforts to cause its Affiliates to provide, at Buyer's sole cost and expense, information from, and reasonable access to, its accounting records to the extent required to prepare any pro forma financial statements of Buyer that include pro forma adjustments with respect to Seller or the Assets, which may be required in any reports, registration statements and other filings to be made by Buyer or any of its Affiliates with the SEC pursuant to the Securities Act of 1933, as amended, and the rules and regulations thereunder or the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder (such reports, registration statements and other filings, the "SEC Filings").

(ii) In the event the SEC requires financial statements in respect of the Assets that vary in form or content from, or in the periods covered by, the Special Financial Statements ("Alternative Financial Statements"), Seller shall, at the sole cost and expense of Buyer, use its commercially reasonable efforts to cooperate with Buyer in the preparation and auditing or review of such financial statements.

(iii) Notwithstanding anything to the contrary, (A) Seller shall in no event be required to create new records relating to the Assets or Special Financial Statements, (B) the access to be provided to Buyer, its Representatives, and Buyer's Auditor shall not interfere with Seller's ability to prepare its own financial statements or its regular conduct of business and shall be made available during Seller's normal business hours and (C) such cooperation shall not include any actions that Seller reasonably believes would result in a violation of any material agreement or any confidentiality arrangement or the loss of any legal or other applicable privilege. All non-public or otherwise confidential information regarding Seller obtained by Buyer, its Representatives, or Buyer's Auditor shall be kept confidential for a period of one year from such disclosure in accordance with the terms of the Confidentiality Agreement as if the Confidentiality Agreement were still in effect.

(c) Costs and Expenses. Buyer shall promptly, upon request by Seller, reimburse Seller for all reasonable and documented out-of-pocket costs and expenses incurred by Seller in connection with its cooperation contemplated by this Section 6.06. Except in the case of actual fraud, (i) all of the information provided by Seller pursuant to this Section 6.06 is given without any representation or warranty, express or implied, and (ii) in no event will Seller or its Affiliates or Representatives have any liability of any kind or nature to Buyer, its Financing Sources or any other Person arising or resulting from the cooperation provided in this Section 6.06 or any use of any information provided by Seller or its Affiliates or Representatives pursuant to this Section 6.06. Without affecting Buyer's rights under this Agreement, Buyer shall indemnify and hold harmless the Seller

Group from and against any and all Damages suffered or incurred by any of them in connection with the arrangement of the Debt Financing and any information provided by Seller to Buyer pursuant to this Section 6.06; *provided*, *however*, that Buyer shall not be required to indemnify and hold harmless the Seller Group to the extent that such Damages arise from or are related to actual fraud by any member of the Seller Group.

ARTICLE 9
TERMINATION

9.01 Termination Events. This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing in Article 8 have been satisfied or waived (in writing) in full on or after the Scheduled Closing Date, (ii) Seller is not otherwise in material Breach of the terms of this Agreement and (iii) Seller refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to

the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing in Article 7 have been satisfied or waived (in writing) in full on or after the Scheduled Closing Date, (ii) Buyer is not otherwise in material Breach of the terms of this Agreement and (iii) Buyer refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before December 31, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such Order or other action has become final and nonappealable;

(f) by Seller if the Closing condition in Section 8.09 is not satisfied (or not capable of being satisfied at Closing);

9.02 Effect of Termination; Distribution of the Deposit Amount.

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (i) such termination shall not impair nor restrict the rights of either Party against the other under Section 9.02(b), and (ii) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 12 (other than Section 12.01, Section 12.02(b) through 12.02(f), Section 12.05, Section 12.14 and Section 12.17, which shall terminate) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Seller has the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein) and all of Buyer's Closing conditions set forth in Article 7 are satisfied or waived, then, in either case, Seller shall be entitled (as its sole and exclusive remedy) to terminate this Agreement and receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller terminates this Agreement pursuant to this Section 9.02(b)(i) and receives the Deposit Amount as liquidated

damages, (x) the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Buyer could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein) and all of Seller's Closing conditions set forth in Article 8 are satisfied or waived, then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Seller of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to receipt of the Deposit Amount) seek to recover damages from Seller in an amount up to, but not exceeding the Deposit Amount, as liquidated damages (and not as a penalty). If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount as liquidated damages, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for a Party's material Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

(e) THE PARTIES FURTHER AGREE THAT, UNLESS AND UNTIL THE CLOSING OCCURS, THE SOLE AND EXCLUSIVE REMEDY OF SELLER AND ITS AFFILIATES AGAINST BUYER AND ANY OF ITS FORMER, CURRENT OR FUTURE GENERAL OR LIMITED PARTNERS, EQUITY HOLDERS, CONTROLLING PERSONS, MANAGEMENT COMPANIES, REPRESENTATIVES, ASSIGNEES OR AFFILIATES AND ANY AND ALL FORMER, CURRENT OR FUTURE HEIRS, EXECUTORS, ADMINISTRATORS, TRUSTEES, SUCCESSORS OR ASSIGNS OF THE FOREGOING (COLLECTIVELY, THE "BUYER RELATED

PARTIES") ARISING FROM OR RELATING TO THIS AGREEMENT AND THE CONTEMPLATED TRANSACTIONS, INCLUDING FOR ANY FAILURE OF BUYER TO EFFECT THE CLOSING OR OTHERWISE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT (WHETHER WILLFULLY, INTENTIONALLY, UNINTENTIONALLY OR OTHERWISE), WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02. EXCEPT FOR THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02, IN FURTHERANCE OF THE FOREGOING, (A) SELLER RELEASES THE BUYER RELATED PARTIES, WAIVES ANY RIGHT OF RECOVERY FOR AND AGREES NOT TO SEEK ANY RECOVERY FOR ANY LOSS SUFFERED AS A RESULT OF ANY BREACH OF ANY COVENANT, OBLIGATION, REPRESENTATION OR WARRANTY IN THIS AGREEMENT OR THE FAILURE OF THE TRANSACTION TO BE CONSUMMATED, OR IN RESPECT OF ANY ORAL REPRESENTATION MADE OR ALLEGED TO HAVE BEEN MADE IN CONNECTION HEREWITH AND (B) THE MAXIMUM AGGREGATE MONETARY LIABILITY THAT THE BUYER RELATED PARTIES SHALL HAVE IN CONNECTION WITH SUCH LOSS SHALL BE THE FORFEITURE OF THE DEPOSIT AMOUNT IN ACCORDANCE WITH THIS SECTION 9.02.

9.03 Return of Records Upon Termination. Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy (at Seller's option) all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets in accordance with the Confidentiality Agreement and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 Survival. The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the covenants and agreements of Buyer and Seller set forth in Section 12.02 shall survive for the applicable statute of limitations plus sixty (60) days, (d) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive Closing for thirty-six (36) months, (e) all other representations, warranties, covenants and agreements of Seller shall survive for twelve (12) months after Closing, and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date.

The indemnities in Section 10.02(c) (with respect only to clauses (a) and (b) in the definition of Retained Liabilities) shall continue for eighteen (18) months following the Closing Date. The indemnities in Section 10.02(c) (with respect only to clause (e) in the definition of Retained Liabilities) shall survive for the applicable statute of limitations plus sixty (60) days. The indemnities in Section 10.02(c) (with respect to Retained Liabilities other than those described in clauses (a), (b) and (e) in the definition of Retained Liabilities) shall continue indefinitely. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 Indemnification and Payment of Damages by Seller. Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10, Article 11 and Section 12.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including Breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and, except for the remedies provided in this Article 10, Article 11 and Section 12.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP OR USE OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED**

WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES.

10.03 Indemnification and Payment of Damages by Buyer. Except as otherwise limited in this Article 10, Article 11 and Section 12.17, and except for the special warranty of Defensible Title set forth in the Instruments of Conveyance, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's and its Representatives' access to the Assets and contracts, books and Records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.09, including Damages attributable to personal injury, illness or death, or property damage arising from such access; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, from and after Closing, the remedies provided in this Article 10 and Section 12.17 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group.

10.04 Indemnity Net of Insurance. The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 Limitations on Liability.

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (i) for any Damages with respect to any occurrence, claim, award or judgment that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (ii) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two

percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 10.02 or Section 10.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

(c) Notwithstanding anything in this Agreement to the contrary, Seller shall not be required to indemnify Buyer under Section 10.02(a) for any Asset Tax (or portion thereof) allocable to Buyer under Section 12.02(c) as a result of a breach by Seller of any representation or warranty set forth in Section 3.04, except to the extent the amount of such Asset Tax (or portion thereof) (i) exceeds the amount that would have been due absent such breach or (ii) was taken into account as an adjustment to the Purchase Price under Section 2.03, Section 2.05(c), Section 2.05(d) or Section 12.02(c).

10.06 Procedure for Indemnification – Third Party Claims.

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party,

and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified party, (C) in the case of an indemnification claim by Buyer pursuant to Section 10.02(a) (other than with respect to a Fundamental Representation), such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05(a) (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. The indemnified party may participate in, but not control, at its own expense, any defense or settlement of any Third Party claim controlled by the indemnifying Party pursuant to this Section 10.06. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (x) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (y) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (z) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 Procedure for Indemnification – Other Claims. A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 Indemnification of Group Members. The indemnities in favor of Buyer and Seller provided in Section 10.02 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 Extent of Representations and Warranties.

(A) NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF

CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (I) THE TITLE TO ANY OF THE ASSETS, (II) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (III) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (IV) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (V) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.

(b) Buyer acknowledges and affirms that it has made, or prior to Closing will make, its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 Compliance With Express Negligence Test. **THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT, EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR**

WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT. The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 Limitations of Liability. Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided, however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 No Duplication. Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 Disclaimer of Application of Anti-Indemnity Statutes. Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 Waiver of Right to Rescission**.** Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

10.15 Joint and Several. Each Seller shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 Title Examination and Access. Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until

the Defect Notice Date, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or copies (which copies may, at Seller's sole discretion, be in electronic format), of all of the files, Records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller has relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 Preferential Purchase Rights. Seller shall, as promptly as practicable but in no event later than ten (10) days after the Execution Date, provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in compliance with the contractual provisions applicable thereto. To the extent any such Preferential Purchase Rights are exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Assets sold to Buyer at the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date reasonably designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 Consents. Seller shall, as promptly as practicable but in no event later than ten (10) days after the Execution Date, provide all notices required to comply with or obtain all Consents in compliance with the contractual provisions applicable thereto required for the transfer of the Assets and in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent and has not been denied in writing, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer.

(ii) If the Consent is a Required Consent or a Consent that has been denied in writing, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases, Wells and DSUs affected by the Applicable Contract or Lease for which a Consent is refused or unobtained), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 Title Defects. Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on November 21, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Well or DSU or portion thereof (including by the currently producing formation or Target Formation, or portion thereof, as applicable) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, and (d) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week; *provided* that the failure to provide any such preliminary notice shall not affect Buyer's right to assert Title Defects at any time prior to or on the Defect Notice Date. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 Title Defect Value. The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a deficiency of (i) Seller's Net Revenue Interest for the Title Defect Property relative to (ii) the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable (and Seller's Working Interest in such Title Defect Property is decreased in the same proportion), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable;

(d) if the Title Defect with respect to a DSU results from a discrepancy where (i) the actual Net Acres for such DSU as to the applicable Target Formation is less than (ii) the Net Acres set forth on Schedule 2.07(b) for such DSU as to such Target Formation, then the Title Defect Value shall be the product of the Allocated Value of such DSU, *multiplied* by a fraction, the numerator of which is the Net Acre decrease and the denominator of which is the Net Acres set forth for such DSU as to such Target Formation in Schedule 2.07(b); and

(e) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 Seller's Cure or Contest of Title Defects. Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Closing Date (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date. If Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) convey the affected Asset to Buyer and Buyer shall pay the Title Defect Value attributable to the affected Asset to the Escrow Agent at the Closing; *provided, however* that, if Seller is unable to Cure the Title

Defect by the end of the Title Defect Cure Period, then (x) Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and (y) the Parties shall issue joint written instructions to the Escrow Agent to release such Title Defect Value to Buyer; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 Limitations on Adjustments for Title Defects. Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, other than with respect to the special warranty of Defensible Title to be provided in the Instruments of Conveyance, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if (a) the aggregate Title Defect Values for any single Well or (b) the aggregate Title Defect Values for any single DSU is less than the De Minimis Title Defect Cost (and the aggregate of all Title Defect Values for all Title Defects based upon a single matter creating such Title Defect is less than the De Minimis Title Defect Cost), such value shall not be considered in calculating the Aggregate Title Defect Value.

11.08 Title Benefits. If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest in any Well or DSU above that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07(a), if applicable, or (b) to decrease the Working Interest of Seller in any Well below that shown in Schedule 2.07(a), to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue

Interest therein below that shown in Schedule 2.07(a) (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected (the "Title Benefit Properties"), the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Title Benefit Properties with reasonable specificity) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents an increase of (A) Seller's Net Revenue Interest for any Title Benefit Property over (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable (and Seller's Working Interest in such Title Benefit Property is increased in the same proportion), then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable; and (iii) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided*, *however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 Buyer's Environmental Assessment. Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall

include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01.

11.10 Environmental Defect Notice. Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Asset(s) affected; (ii) a reasonably detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, subject to Section 11.13, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 Seller's Exclusion, Cure or Contest of Environmental Defects. Seller, in its sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a); *provided*, if the Environmental Defect Value agreed upon by the Parties or finally determined in accordance with Section 11.15 is equal to or exceeds fifty percent (50%) of the Allocated Value of the affected Assets, then Buyer may elect to exclude such affected Assets, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets); *provided* that, if such agreement or final determination occurs following the Closing, then Buyer shall reassign such affected Assets to Seller pursuant to an assignment in form and substance reasonably acceptable to the Parties in exchange for the Allocated Value of such Assets.

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date (the "Environmental Defect Cure Period"). If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure; *provided*, *however*, that Seller must complete its cure or remediation to Buyer's

reasonable satisfaction no later than the end of the Environmental Defect Cure Period. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Asset(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect; or

(ii) does not complete a Complete Remediation prior to the Closing, unless Seller or Buyer elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and the Purchase Price shall be reduced by the Environmental Defect Value for the affected Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, subject to the terms of Section 11.15, the affected Asset(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 Limitations. Notwithstanding the provisions of Sections 11.10 and 11.11, except for exclusions by Seller or Buyer of Assets affected by Environmental Defects pursuant to Section 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 Exclusive Remedies. The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 Casualty Loss and Condemnation. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed or damaged by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), subject to Section 7.08 and Section 8.09, this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Five Hundred Thousand Dollars ($500,000) (net to Seller's interest), Seller must elect by written notice to Buyer prior to Closing either to (a) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost, as promptly as reasonably practicable (which work may extend after the Closing Date), or (b) reduce the Purchase Price by the amount of the Casualty Loss (net to Seller's interest). In each case, Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. With respect to all other Casualty Losses, Seller shall assign and subrogate to Buyer all rights to insurance and other claims with respect to such Casualty Losses.

11.15 Expert Proceedings.

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (i) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (ii) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than fifteen (15) years' experience as a lawyer in the State of North Dakota with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to

determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
GENERAL PROVISIONS

12.01 Records. Seller, at Buyer's cost and expense, shall deliver (a) all electronic Records to Buyer as soon as practical on or following the Closing Date (and shall use commercially reasonable efforts to deliver such electronic Records no later than three (3) Business Days following the Closing Date, and (b) originals (or copies where no original exists) of all other Records to Buyer (FOB Seller's office) within sixty (60) days after the Closing;

provided that Seller is entitled to retain the original Records related to accounting and Asset Taxes prior to the Effective Time and may provide Buyer with a copy in lieu of the original Record. With respect to any original Records delivered to Buyer, subject to Section 12.13, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for Tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

12.02 Expenses.

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. The Parties shall cooperate in good faith to minimize, to the extent permissible under applicable law, the amount of any such Transfer Taxes.

(c) Asset Taxes.

(i) Seller shall be allocated and bear, all Asset Taxes attributable to (i) any Tax period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. Buyer shall be allocated and bear all Asset Taxes attributable to (x) any Tax period beginning at or after the Effective Time and (y) the portion of any Straddle Period beginning at the Effective Time.

(ii) For purposes of determining the allocations described in Section 12.02(c)(i), (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons (other than such Asset Taxes described in clause (C) below) shall be allocated to the period in which the severance or production giving rise to such Asset Taxes occurred; (B) Asset Taxes that are based upon or related to sales or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A) or (C)) shall be allocated to the period in which the transaction giving rise to such Asset Taxes occurred; and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis with respect to a Straddle Period shall be allocated *pro rata* per day between the portion of such Straddle Period

ending immediately prior to the Effective Time (which shall be Seller's responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). Notwithstanding anything in this Section 12.02(c) to the contrary, Gross Products Taxes shall be deemed attributable to the period during which the production giving rise to the Gross Products Taxes occurs, and liability therefor apportioned between the Parties in accordance with the production attributable to their relative ownership prior to or after Effective Time, as applicable.

(iii) To the extent the actual amount of any Asset Tax described in this Section 12.02(c) is not known at the time an adjustment is to be made with respect to such Asset Tax pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, Buyer and Seller shall utilize the most recent information available in estimating the amount of such Asset Tax for purposes of such adjustment. To the extent the actual amount of any Asset Tax (or the amount thereof paid or economically borne by a Party) is ultimately determined to be different than the amount (if any) that was taken into account in the Final Settlement Statement as finally determined pursuant to Section 2.05(d), timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 12.02(c).

(d) Except as required by applicable Legal Requirements, in respect of Asset Taxes,

(i) Seller shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on severance or production of Hydrocarbons (including, for the avoidance of doubt, Gross Products Taxes) occurring on or prior to the Closing Date, (B) all Asset Taxes (other than the Asset Taxes described in clause (A)) that are ad valorem or property Taxes imposed on a periodic basis relating to any Tax period that ends before or includes the Effective Time that are required to be paid on or prior to the Closing Date, and (C) all other Asset Taxes required to be paid on or prior to the Closing Date, and Seller shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes. Seller shall provide Buyer with evidence reasonably satisfactory to Buyer of the payment of all Asset Taxes described in this Section 12.02(d)(i) within ten (10) Business Days after Seller's payment thereof.

(ii) Buyer shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on severance or production of Hydrocarbons (including, for the avoidance of doubt, Gross Products Taxes) occurring after the Closing Date and (B) all other Asset Taxes relating to any Tax period that ends before or includes the Effective Time that are required to be paid after the Closing Date, and Buyer shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes. Buyer shall provide Seller with evidence reasonably satisfactory to Buyer of the payment of all Asset Taxes described in this Section 12.02(d)(ii) within ten

(10) Business Days after Buyer's payment thereof. Buyer shall prepare all such Tax Returns that are required to be filed after the Closing Date relating to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any such Tax Return relating to any Straddle Period for Seller's review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Seller provided to Buyer in advance of the due date for the filing of such Tax Return.

(iii) The Parties agree that (x) this Section 12.02(d) is intended to solely address the timing and manner in which certain Tax Returns relating to Asset Taxes are filed and the Asset Taxes shown thereon are paid to the applicable taxing authority, and (y) nothing in this Section 12.02(d) shall be interpreted as altering the manner in which Asset Taxes are allocated to and economically borne by the Parties.

(e) Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

(f) Seller shall be entitled to any and all refunds of Asset Taxes allocated to Seller pursuant to Section 12.02(c), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 12.02(c). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 12.02(f), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

12.03 Notices. All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

12.06 Waiver. The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

12.07 Entire Agreement and Modification. This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

12.08 Assignments, Successors, and No Third Party Rights. Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party); *provided* that Buyer (without the consent of Seller) may assign all or part of its rights under this Agreement (including its rights to receive the Assets) to a wholly owned subsidiary of Buyer, and (a) any assignment (other than an assignment by Buyer to a wholly owned subsidiary) made without such consent shall be void, and (b) in the event of such consent (or an assignment by Buyer to a wholly owned subsidiary), such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement or any other agreement contemplated herein shall be construed to give any Person other than the Parties and their permitted assignees (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns.

12.09 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

12.10 Article and Section Headings, Construction. The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to “Section,” “Article,” “Exhibit,” or “Schedule” refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words “hereunder,” “hereof,” “herein,” and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined

term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

12.11 Counterparts. This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

12.12 Press Release. No Party shall make any press release or other public announcement respecting this Agreement or the Contemplated Transactions prior to the time that is twenty-four (24) hours following the execution and delivery of this Agreement by the Parties. Subject to Section 12.13, if, prior to Closing, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least twenty-four (24) hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; *provided* that failure to reach such agreement shall not prohibit a Party from making a press release or public announcement. Failure to provide comments back to the other Party within twenty-four (24) hours of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 12.12. Notwithstanding anything to the contrary in this Section 12.12, no Party shall issue a press release or other public announcement that includes the name of the other Party or its Affiliates without the prior written consent of such other Party (which consent may be withheld in such other Party's sole discretion). Seller shall not disclose the identity of Buyer or its Affiliates in any filings under the Securities Exchange Act of 1934, as amended, or file this Agreement thereunder until it is required to file its Annual Report on Form 10-K for the twelve months ended December 31, 2017, unless it is advised by its counsel that such disclosure or filing must be made sooner in which case Seller shall provide prompt written notice thereof to Buyer.

12.13 Confidentiality. The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 12.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) to any Affiliate or Representative of such Party, (e) in the case of Buyer, to any potential purchaser of (or joint venture partner with respect to) all or any portion of the Assets and any direct and/or indirect (current or potential) investor or lender, and (f) to the extent that such Party must disclose the same in any Proceeding brought or Threatened by or against it to enforce or defend its rights under this Agreement. This Section 12.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. Additionally, from and after the Closing, Seller shall keep confidential and not use any of the Records other than for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

12.14 Name Change. As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name “Linn” and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

12.15 Preparation of Agreement. Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

12.16 Appendices, Exhibits and Schedules**.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

12.17 Specific Performance. Each Party hereby acknowledges and agrees that the rights of each Party to consummate the transactions contemplated hereby are special, unique and of extraordinary character and that, if Seller, or after Closing, Buyer, violates or fails or refuses to perform any covenant or agreement made by it herein, the non-breaching Parties may be without an adequate remedy at law. If Seller, or after Closing, Buyer violates or fails or refuses to perform any covenant or agreement made by such Party herein, the non-breaching Parties, subject to the terms hereof and in addition to any remedy at law for damages or other relief permitted under this Agreement, may (at any time prior to the valid termination of this Agreement pursuant to Article 9) institute and prosecute an action in any court of competent jurisdiction to enforce specific performance of such covenant or agreement or seek any other equitable relief, without the necessity of proving actual damages or posting of a bond. For clarity, Seller shall only have the right to seek specific performance of Buyer’s covenants and agreements contained herein following the Closing.

12.18 Non-Recourse. This Agreement may only be enforced against, and any Damages based upon, arising out of, or related to this Agreement or the negotiation, execution or performance of this Agreement may only be brought against, the entities that are expressly named as Parties hereto and then only with respect to the specific obligations set forth herein or therein with respect to such Party. For further clarity, no past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney, lender, debt provider or other representative (in each case, in their capacities as such) of any Party hereto or of any Affiliate of any Party hereto or any such past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney, lender, debt provider or other representative (in each case, in their capacities as such) (collectively, a "Party Affiliate"), or any of their successors or permitted assigns, shall have any liability for any obligations or liabilities of any Party hereto or thereto under this Agreement or for any Damages based on, in respect of or by reason of the transactions contemplated hereby or thereby.

Within one (1) Business Day after the execution of this Agreement, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The entire Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.05(a). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

2.03 **Closing; Preliminary Settlement Statement.** The Closing shall take place at the offices of Kirkland and Ellis LLP at 609 Main Street, Houston, Texas 77002 on or before February 28, 2018, or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days, exclusive of any Business Days within the Dead Period, after such conditions have been satisfied or waived, subject to the provisions of Article 9 (the "Closing Date"). Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not, in and of itself, result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement"). As part of the Preliminary Settlement Statement, Buyer shall provide to Seller such data as is reasonably

necessary to support any estimated allocation, for purposes of establishing the Preliminary Amount. Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

2.04 **Closing Obligations.** At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(ii) possession of the Assets (except the Specified Receivables and the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(i)(F) and 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit G executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller Party is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) for each Well operated by such Seller Party or its Affiliate on the Closing Date, such regulatory documentation on forms prepared by Buyer as is necessary to designate Buyer as operator of such Wells;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets; and

(viii) an executed counterpart of the TSA; and

(ix) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

(b) Buyer shall deliver (and execute, as appropriate) to Seller:

(i) the Preliminary Amount (less the Deposit Amount) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(iii) a certificate, in substantially the form set forth in Exhibit G executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(v) for each Well operated by any Seller Party or its Affiliate on the Closing Date, such regulatory documentation as is necessary to designate Buyer as operator of such Wells and the other Assets;

(vi) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) an executed counterpart of the TSA; and

(viii) such other documents as Seller or counsel for Seller may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

2.05 **Allocations and Adjustments.** If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. “Earned” and “incurred,” as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) Without limiting the allocation of costs and receipts set forth in Section 2.05(a), for each Well or Unit operated by Seller or its Affiliate, (i) Seller or its Affiliate shall retain overhead charges and rates received by Seller or its Affiliate in its capacity as “Operator” under any operating agreement or COPAS accounting procedure attributable to such Well or Unit for time periods between the Effective Time and Closing, (ii) Seller or its Affiliate shall be entitled to deduct and retain as overhead charges for the Assets a total amount

equal to $120,000 per month for time periods between the Effective Time and Closing. The charges and deductions under this Section 2.05(b) shall accrue from the Effective Time through the month in which transfer of operations occurs; *provided however*, that the overhead charges for the month in which transfer of operations occurs shall be prorated based upon the number of days in such month that Seller or its Affiliate operated such Wells (and for the number of days that the Well was in drilling or completion, or was in production, as applicable). For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be "from or attributable to" the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures, if any, conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Asset Taxes for 2017 shall be prorated in accordance with Section 13.02(b).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(b) but paid or economically borne by Seller;

(C) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that have been paid by Seller that are attributable to the ownership and operation of the Assets after the Effective Time (including prepayments with respect to any period after the Effective Time);

(D) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(E) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Wells in storage facilities, stock tanks, pipelines or plants as of the Effective Time;

(F) the amount equal to fifty percent (50%) of all Specified Receivables attributable to any period prior to the Effective Time;

(G) if applicable, the amount, if any, of Imbalances in favor of Seller, *multiplied by* $2.80 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be due to Seller as of the Effective Time; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 13.02(b) but paid or economically borne by Buyer;

(C) the aggregate amount of all downward adjustments pursuant to Article 11 ;

(D) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties; and

(G) if applicable, the amount, if any, of Imbalances owing by Seller, *multiplied by* $2.80 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be owed by Seller as of the Effective Time.

(d) As soon as practicable after the Closing, but no later than one hundred twenty (120) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's books and records relating to the matters required to be

accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred eighty (180) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 **Assumption.** If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the

Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes and assessments attributable to the Assets to the extent attributable to periods (or portions thereof) from and after the Effective Time; (j) attributable to or resulting from Transfer Taxes, together with any interest, additions or penalties with respect thereto and any interest in respect of such additions or penalties, if any, imposed or required in connection with the sale of the Assets to Buyer or the filing or recording of all assignments related to the sale of the Assets to Buyer; (k) attributable to the Leases and the Applicable Contracts; (l) attributable to Emissions Fees imposed during any period following the Closing; and (m) attributable to the Assumed Litigation. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that all liability associated with the above matters as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 **Allocation of Purchase Price.** The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07(a) and Schedule 2.07(b) hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07(a) and Schedule 2.07(b) for purposes of Article 11 hereof. Seller and Buyer further agree that for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, the Purchase Price and any liabilities assumed by Buyer under this Agreement that are treated as consideration for Tax purposes shall be allocated among the Assets in a manner consistent with the Allocated Values, as set forth on Schedule 2.07(a) and Schedule 2.07(b) (the "Tax Allocation"). Seller and Buyer each agree to report, and to cause their respective Affiliates to report, the federal, state, and local income and other Tax consequences of the Contemplated Transactions, and in particular to report the information required by Section 1060(b) of the Code, and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account

subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any tax return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Party, or with such other Party's prior consent.

Buyer has the absolute and unrestricted right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 **Certain Proceedings.** There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 **Knowledgeable Investor.** Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 **Qualification.** Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other

rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 **Brokers.** Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 **Financial Ability.** Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 **Securities Laws.** The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 **Due Diligence.** Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's rights to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing Buyer and its Representatives have (a) been permitted full and complete access to all materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE**.

4.10 **Basis of Buyer's Decision.** By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and as of Closing, Buyer's due diligence, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 **Business Use, Bargaining Position.** Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 **Bankruptcy.** There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 **Access and Investigation.**

(a) Between the Execution Date and the Defect Notice Date (but excluding the Dead Period), to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller, Seller shall afford Buyer and its Representatives access, by appointment only, during Seller's regular hours of business to reasonably appropriate Seller's personnel, any Seller operated Assets, contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data that are Excluded Assets or that cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets (and upon Buyer's request,

Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third parties in order to obtain such consent) and Seller's offices, personnel and the Assets may be unavailable for access during the Dead Period; ***PROVIDED* FURTHER THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that minimizes interference with the operation of the business of Seller and any applicable Third Parties, and (ii) Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion, subject to the provisions of Section 11.09.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets.** Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business with respect to its ownership and operation of the Assets in the ordinary course, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments, which shall, in each case, be at Seller's sole discretion);

(c) not commence, propose, or agree to participate in any single operation with respect to the Wells or Leases with an anticipated cost in excess of Two Hundred Thousand Dollars ($200,000) net to Seller's interest, except for any emergency operations;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on ninety (90) days' or shorter notice.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller or its Affiliate has voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days (unless a shorter time is reasonably required by the circumstances and such shorter time is specified in Seller's notice) after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this this Section 5.02, in the event of an emergency, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 **Insurance.** Seller shall maintain in force during the period from the Execution Date until the Closing, all of Seller's insurance policies pertaining to the Assets in the amounts and with the coverages currently maintained by Seller. The daily pro-rated annual premiums for insurance that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 **Consent and Waivers.** Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall cooperate with Seller in seeking to obtain such Consents.

5.05 **Amendment to Schedules.** Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters occurring

subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement; *provided*, *however*, that if Closing occurs, then such supplements shall be incorporated into Seller's disclosure Schedules and any claim related to such matters disclosed in the supplements shall be deemed waived and Buyer shall not be entitled to make a claim thereon under this Agreement or otherwise with respect to such matters.

5.06 **Successor Operator.** While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure.** Between the Execution Date and the Closing Date, Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtain Knowledge of any Breach, in any material respect, of the other Party's representations and warranties or covenants as of the Execution Date, or of an occurrence after the Execution Date that would cause or constitute a Breach, in any material respect, of any such representation and warranty or covenant had such representation and warranty or covenants been made as of the time of occurrence or discovery of such fact or condition. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and if such breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, by the date set forth in Section 9.01(d)), then such breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions.** Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 **Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.**

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer (and, as applicable, its Affiliate Scout Energy Management LLC, to the extent Buyer appoints Scout Energy Management LLC as its agent to operate any of the Assets) shall obtain, and deliver to Seller evidence of, all necessary replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals as may be necessary for Buyer to own and, with respect to Assets currently operated by Seller or its Affiliates, operate the Assets. Promptly following the Closing, Buyer shall obtain or cause to be obtained in the name of Buyer or, as applicable, its Affiliate Scout Energy Management LLC, such insurance covering the Assets as would be obtained by a reasonably prudent operator in a similar situation.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings. Buyer shall indemnify, defend, and hold harmless Seller Group from and against all Damages arising out of Buyer's holding of such title or operatorship of the Assets after the Closing and prior to the securing of any necessary Consents and approvals of the Contemplated Transactions from Governmental Bodies.

6.04 **Governmental Reviews.** Except for the HSR Act, Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 **HSR Act.** If applicable, within ten (10) Business Days following the execution by Buyer and Seller of this Agreement, Buyer and Seller will each prepare and simultaneously file with the DOJ and the FTC the notification and report form required for the transactions contemplated by this Agreement by the HSR Act and request early termination of the waiting period thereunder. Buyer and Seller agree to respond promptly to any inquiries or requests for information or documentary material from the DOJ or the FTC concerning such filings and to comply in all material respects with the filing requirements of the HSR Act. Buyer and Seller shall cooperate with each other and, subject to the terms of the Confidentiality Agreement, shall promptly furnish all information to the other Party that is necessary in connection with Buyer's and Seller's compliance with the HSR Act. Buyer and Seller shall keep each other fully advised with respect to any requests from or communications with the DOJ or FTC concerning such filings and shall consult with each other with respect to all responses thereto. Each of Seller and Buyer shall use its commercially reasonable efforts to take all actions reasonably necessary and appropriate in connection with any HSR Act filing to satisfy the conditions to the Closing and

consummate Contemplated Transactions as promptly as practicable and in any event not later than the Outside Date, *provided*, *however*, nothing in this Agreement shall require Buyer or Seller to propose, negotiate, effect or agree to, the sale, divestiture, license or other disposition of any assets or businesses of Buyer or Seller (including the Assets) or otherwise take any action that limits the freedom of action with respect to, or its ability to retain or operate any of the businesses of the Buyer or Seller or the Assets. The filing fees associated with any such HSR Act filing shall be borne by Buyer. Notwithstanding any provision of this Section 6.05, no Party shall be required to provide the other Party with information regarding the value of the transaction or subject to the attorney client privilege, work product doctrine or other similar privilege absent entering into a mutually acceptable joint defense agreement.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.01 **Accuracy of Representations.** All of Seller's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

7.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Seller, or against any of Seller's Affiliates, any Proceeding (other than any matter initiated by either Buyer or its Affiliates) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

7.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 **HSR Act.** Any waiting period applicable to the consummation of the Contemplated Transactions under the terms of this Agreement under the HSR Act shall have expired or been terminated.

7.07 **Closing Deliverables.** Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

7.08 **Title Defect Values, Environmental Defect Values, etc**. The sum of (i) all Title Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (ii) the Aggregate Environmental Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, exceeds twenty-five percent (25%) of the unadjusted Purchase Price.

ARTICLE 8
CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE

Seller's obligation to sell the Assets and to take the other actions required to be taken by Seller at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Seller, in whole or in part):

8.01 **Accuracy of Representations.** All of Buyer's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

8.02 **Buyer's Performance.** All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Buyer or against any of its Affiliates, any Proceeding (other than any matter initiated by Seller or an Affiliate of Seller) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

8.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

ARTICLE 9
TERMINATION

9.01 **Termination Events.** This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied or waived in full, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) all of Buyer's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Seller to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived in full, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) all of Seller's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Buyer to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before March 30, 2018 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and non-appealable;

(f) by Seller if the Closing condition in Section 8.08 is not satisfied (or not possible of being satisfied at Closing);

(g) by Buyer if the Closing condition in Section 7.08 is not satisfied (or not possible of being satisfied at Closing; or

9.02 **Effect of Termination; Distribution of the Deposit Amount.**

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other with respect to the Deposit Amount pursuant to Section 9.02(b), (b) except to the extent either Party has received the Deposit Amount (or, with respect to Buyer, damages in an amount up to the Deposit Amount) as liquidated damages pursuant to Section 9.02(b), the termination of this Agreement shall not relieve any Party from liability for any failure to perform or observe in any material respect any of its agreements or covenants contained herein which are to be performed or observed at or prior to Closing, (c) except to the extent either Party has received the Deposit Amount (or, with respect to Buyer, damages in an amount up to the Deposit Amount) as liquidated damages pursuant to Section 9.02(b), to the extent such termination results from the material Breach by a Party of any of its covenants or

agreements hereunder, the other Party shall be entitled to all remedies available at law or in equity with respect to such Breach and shall be entitled to recover court costs and reasonable attorneys' fees in addition to any other relief to which such Party may be entitled, and (d) the following provisions shall survive the termination: Article 1 , Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Seller has the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein), then, in either case, Seller shall have the right, at its sole discretion, to receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller elects to terminate this Agreement pursuant to this Section 9.02(b)(i) and receive the Deposit Amount as liquidated damages, (x) the Parties shall, within two (2) Business Days of Seller's election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein), then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to retention of the Deposit Amount) seek to recover damages from Seller in an amount up to, but not exceeding the Deposit Amount, as liquidated damages (and not as a penalty). If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount as liquidated damages, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for a Party's material Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

9.03 **Return of Records Upon Termination.** Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy (at Seller's option) all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 **Survival.** The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for twenty-four (24) months after Closing, (d) all covenants and agreements of Seller to be performed at or following the Closing shall survive until fully performed, (e) all other representations, warranties, covenants and agreements of Seller shall survive for twelve (12) months after Closing, provided, that the covenants of Buyer and Seller set forth in Section 13.02 shall survive for the applicable statute of limitations plus sixty (60) days and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) shall continue for twenty-four (24) months following the Closing Date. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Seller.** Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and except for the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES**. Seller shall have no obligation to indemnify any of the Buyer Group for any Damages for which Buyer is obligated to indemnify Seller Group pursuant to Section 10.03.

10.03 **Indemnification and Payment of Damages by Buyer.** Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's or its Affiliate's access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, and except for Seller's termination rights under Article 9 of this Agreement, the remedies provided in this Article 10 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group; *provided* that Seller is entitled to any equitable remedies available under applicable Legal Requirements in connection with any Breach by Buyer of Article 13.

10.04 **Indemnity Net of Insurance.** The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Liability.** Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (a) for any Damages with respect to any occurrence, claim, award or judgment with respect to that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (b) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

10.06 **Procedure for Indemnification--Third Party Claims.**

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C) if the indemnified party is Buyer and such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims.** A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 **Indemnification of Group Members.** The indemnities in favor of Buyer and Seller provided in Section 10.08 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties.**

(a) EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.

(b) Buyer acknowledges and affirms that it has made its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test. THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT,** EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION

THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT**.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability.** Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided*, *however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication.** Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes.** Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission.** Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access.** Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Defect Notice Date (but excluding the Dead Period), Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or, in Seller's sole discretion, copies (which copies may, at Seller's sole discretion, be in electronic format), of all of the files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files,

well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller has relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights.** Seller shall provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in accordance with Section 5.04. To the extent any such Preferential Purchase Rights are exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 **Consents.** Seller shall initiate all procedures required to comply with or obtain all Consents required for the transfer of the Assets in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer, and Buyer shall defend, release, indemnify and hold harmless Seller Group from and against the same.

(ii) If the Consent is a Required Consent, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Required Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects.** Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on February 21, 2018 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the TXPS Well or Waterflood Unit or portion thereof affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, (d) Buyer's preferred manner of curing such Title Defect, and (e) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the special warranty of Defensible Title in the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value.** The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable, and there is also a proportionate reduction in Working Interest for such Title Defect Property, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable; and

(d) if the Title Defect represents an Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 **Seller's Cure or Contest of Title Defects.**

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Closing Date or, if later, after the date of resolution of such Title Defect or the Title Defect Value by an Expert pursuant to Section 11.15 (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date or, if later, after the applicable Expert Decision date. If Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) convey the affected Asset to Buyer and Buyer shall pay for the affected Asset at the Closing; *provided*, *however* that if Seller is unable to Cure the Title Defect within the time provided in this Section 11.06, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title

Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects.** Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, no Title Defect Value will be considered in calculating the Aggregate Title Defect Value unless the Title Defect Value with respect to a single TXPS Well or single Waterflood Unit is equal to or greater than the De Minimis Title Defect Cost.

11.08 **Title Benefits.** If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest for any TXPS Well or Waterflood Unit above that shown in Schedule 2.07(a) or Schedule 2.07(b), to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, or (b) to decrease the Working Interest of Seller in any TXPS Well or Waterflood Unit below that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected, the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity (the "Title Benefit Properties")) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Title Benefit Property and (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a) or Schedule 2.07(b), and there is also a proportionate increase in Working Interest for such Title Benefit Property as applicable, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable;; and (iii) if the Title Benefit is of a type not

described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided, however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment.** Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date (but excluding the Dead Period), Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business (but excluding the Dead Period) and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01. Notwithstanding anything in this Agreement to the contrary, if (a) Buyer is not granted access to any Asset to conduct its Phase I Environmental Site Assessment of the Assets or (b) Buyer determines in good faith that (based on the results of its Phase I Environmental Site Assessment) sampling or testing of environmental media or operation of equipment is recommended on an Asset and Buyer is not granted permission and access to conduct such activities, then Buyer may elect to exclude such Asset, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets).

11.10 **Environmental Defect Notice.** Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Well, Lease or Unit affected; (ii) a complete

and detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Seller's Exclusion, Cure or Contest of Environmental Defects.** Seller, in its sole discretion, (x) may elect to (A) exclude at Closing any Asset affected by an asserted Environmental Defect together with any Assets whose ownership cannot be practically separated from the affected Asset (the "Integral Assets"), which excluded Assets and Integral Assets will become a Retained Asset) if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and the Allocated Value of the Integral Assets and (B) reduce the Purchase Price by the Allocated Value(s) of the affected Asset(s) and any Integral Asset(s), (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a).

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Environmental Defect or the Environmental Defect Value by an Expert (the "Environmental Defect Cure Period") by giving written notice to Buyer to that effect prior to the Closing Date or, if later, after the applicable Expert Decision date, together with Seller's proposed plan and timing for such remediation, and Seller shall remain liable for all Damages arising out of or in connection with such Environmental Defect until such time as such remediation or cure is completed. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Unit(s), Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing, unless Seller elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and Buyer shall pay for the affected Asset(s) at the Closing; *provided*, *however* that if Seller is unable to complete a Complete Remediation of the Environmental Defect within the time provided in this Section 11.11, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Environmental Defect Value for such Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, the affected Asset(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 **Limitations.** Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. Only Environmental Defect Values that are equal to or greater than the De Minimis Environmental Defect Cost with respect to any single Environmental Defect for a Well, Lease or Unit shall be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies.** The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation**. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds One Million Dollars ($1,000,000) net to Seller's interest, Seller must elect by written notice to Buyer prior to Closing either to (a) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost, as promptly as reasonably practicable (which work may extend after the Closing Date), or (b) indemnify Buyer under an indemnification agreement mutually acceptable to the Parties against any costs or expenses that Buyer reasonably incurs to repair or restore the Assets subject to such Casualty Loss. In each case, Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. Seller shall have no other liability or responsibility to Buyer with respect to a condemnation or Casualty Loss, even if such Casualty Loss shall have resulted from or shall have arisen out of the sole or concurrent negligence, fault, or violation of a Legal Requirement of Seller or any member of Seller Group.

11.15 **Expert Proceedings.**

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than ten (10) years' experience as a lawyer in the State of Oklahoma with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed

Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
EMPLOYMENT MATTERS

12.01 **Available Employees' Offers and Post-Employee Start Date Employment and Benefits**.

(a) Following the Execution Date, Seller shall provide Buyer reasonable access to the Available Employees.

(b) Within two (2) Business Days of the Execution Date, Seller will provide Buyer with a list that sets forth the name of each Available Employee, and for each such individual, his or her name, job title, annualized salary or hourly wage, bonus eligibility/target, long-term incentive eligibility/target, vacation eligibility, hire date/start date, leave status (including expected duration of any leave), details of any visa, and any vehicle described on Exhibit D assigned to the Available Employee by Seller (the "Available Employee List").

(c) Beginning seven (7) Business Days following the Execution Date and ending on February 16, 2018, Buyer or its Affiliate, in their sole discretion, may make written offers of employment, with such offers providing such Available Employees at least five (5) Business Days to either accept or reject such offers, to each of the Available Employees to whom Buyer or its Affiliate elects to make an offer of employment, with such offers conditioned upon the occurrence of the Closing and effective as of the Employee Start Date. Any such offers of employment (i) to Available Employees located in Oklahoma shall be at a base salary/wage rate

that is no less than that in effect as of immediately before Closing and at a location within fifty (50) miles of the primary location at which such Available Employee worked immediately prior to Closing, and (ii) to Available Employees located in Texas shall be based on terms determined by Buyer or its Affiliate in their sole discretion; *provided, however,* that in each case, each Available Employee accepting such an offer shall be entitled to participate in Buyer's or its Affiliate's employee benefits on the same terms as similarly situated current employees of Buyer or its Affiliate. Buyer will provide Seller a list of Available Employees who received an employment offer from Buyer or its affiliate under this Section 12.01(c) no later than February 23, 2018, which list will indicate whether (i) the offer was of at least equal or greater base pay, (ii) the offer was in a location within 50 miles of the Available Employee's primary location with Seller (as indicated on the Available Employee List), and (iii) accepted or rejected by the Available Employee. Buyer shall supplement this list to include any Available Employee located in Oklahoma whom Buyer hires within six (6) months of the Employee Start Date within three (3) Business Days of such hiring. **BUYER SHALL INDEMNIFY AND HOLD HARMLESS SELLER AND ITS AFFILIATES WITH RESPECT TO ALL CLAIMS AND LIABILITIES RELATING TO OR ARISING OUT OF BUYER'S OR ITS AFFILIATE'S EMPLOYEE SELECTION AND EMPLOYMENT OFFER PROCESS DESCRIBED IN THIS SECTION 12.01 (INCLUDING ANY CLAIM OF DISCRIMINATION OR OTHER ILLEGALITY IN SUCH SELECTION AND OFFER PROCESS).**

12.02 **Responsibility for Employee Matters.** Seller shall have sole responsibility for, and will indemnify Buyer and its Affiliate for, all obligations to Seller's employees arising during their employment with Seller or in connection with the termination of their employment with Seller, including as to any obligations or rights arising under Seller's benefits, severance or other plans for the benefit of employees. Buyer or its Affiliate, as applicable, shall have sole responsibility for, and will indemnify Seller and its Affiliate, all obligations to those employees that accept an offer of employment from Buyer or its Affiliate arising during their employment with Buyer or in connection with the termination of their employment with Buyer, including as to any obligations or rights arising under Buyer's benefits, severance or other plans for the benefit of employees. Seller retains the right to terminate the employment of any Available Employee for any reason or at any time prior to the Employee Start Date.

12.03 **WARN Act**. From the date of this Agreement until the final Employee Start Date, Seller shall not and shall cause its Affiliates not to, terminate the employment of any Available Employees such that a "plant closing" or "mass layoff" (as those terms are defined in the WARN Act or any similar state Legal Requirement) occurs prior to the final Employee Start Date without complying with the WARN Act. Buyer agrees to provide any notice to each Continuing Employee required under the WARN Act or any similar state Legal Requirement with respect to any "plant closing" or "mass layoff" affecting such Continuing Employee that may occur on or after his or her Employee Start Date.

12.04 **Severance Obligation**. If any Available Employee is entitled to severance benefits under the Seller's Severance Plan as a result of a Qualifying Termination caused by the failure of Buyer or its Affiliate to give an offer of employment to such Available Employee or the failure of Buyer or its Affiliate to give an offer of employment to the Available Employee that would avoid a Qualifying Termination, Seller shall bear one hundred percent (100%) of the amount of severance benefits paid to such Available Employee; *provided* that if Buyer or its Affiliate hires

any such Available Employee located in Oklahoma (as an employee or independent contractor of Buyer or its Affiliate) after the Employee Start Date until six (6) months after the Closing Date, Buyer shall promptly pay, or cause to be paid to, Seller the amount of any severance benefits paid to such Available Employee pursuant to Seller's Severance Plan.

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records.** Seller, at Buyer's cost and expense, shall deliver originals of all Records to Buyer (FOB Seller's office) within fifteen (15) days after the Closing. With respect to any original Records delivered to Buyer, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 **Expenses.**

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. Seller shall retain responsibility for, and shall bear, all Asset Taxes assessed with respect to the Assets for (i) any period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. All Asset Taxes with respect to the Assets arising on or after the Effective Time (including the portion of any Straddle Period beginning at the Effective Time) shall be allocated to and borne by Buyer. For purposes of allocation between the Parties of Asset Taxes assessed with respect to the Assets for any Straddle Period, (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons shall be allocated based on severance or production occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); (B) Asset Taxes that are based upon or related to income or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A)) shall be allocated based on revenues from sales occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending

immediately prior to the Effective Time (which shall be Seller's responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). For purposes of the preceding sentence, any exemption, deduction, credit or other item that is calculated on an annual basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time and the portion of the Straddle Period beginning at the Effective Time. To the extent the actual amount of any Asset Taxes described in this Section 13.02(b) is not determinable at Closing, Buyer and Seller shall utilize the most recent information available in estimating the amount of such Asset Taxes for purposes of Section 2.05. Upon determination of the actual amount of such Asset Taxes, timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(b). Any allocation of Asset Taxes between the Parties shall be in accordance with this Section 13.02(b).

(c) Except as required by applicable Legal Requirements, in respect of Asset Taxes, (i) Seller shall be responsible for timely remitting all (A) Asset Taxes due (excluding Ad Valorem and Property Taxes) with respect to the Assets for periods ending prior to the Closing Date, (B) Ad Valorem and Property Taxes due with respect to the Assets for periods ending prior to the Effective Time (no matter when due), and (C) Ad Valorem and Property Taxes due with respect to the Assets due prior to the Closing Date (subject, in each case, to Seller's right to reimbursement by Buyer under Section 13.02(b)), (ii) Buyer shall be responsible for timely remitting all (A) Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets for periods ending on or after the Closing Date, and (B) all Ad Valorem and Property Taxes due on or after the Closing Date (subject, in each case, to Buyer's right to reimbursement by Seller under Section 13.02(b)), in each case, to the applicable taxing authority, (iii) Seller shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets required to be filed for periods ending prior to the Closing Date, and (B) Tax Return for Ad Valorem and Property Taxes with respect to the Assets due prior to the Closing Date, and (iv) Buyer shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets required to be filed for periods ending on or after the Closing Date, and (B) Tax Return for Ad Valorem and Property Taxes in respect to the Assets required to be filed on or after the Closing Date (including Tax Returns related to any Straddle Period). Each Party shall indemnify and hold the other Party harmless for any failure to file such Tax Returns and to make such payments. Buyer shall prepare all such Tax Returns relating to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any Tax Return relating to any Straddle Period for Seller's review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Seller provided to Buyer in advance of the due date for the filing of such Tax Return.

(d) Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

13.03 **Notices.** All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (c) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

13.06 **Waiver.** The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights.** Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement (as distinguished from an assignment of the Assets after Closing) without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party), and (a) any assignment made without such consent shall be void, and (b) in the event of such consent, such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement shall be construed to give any Person other than the Parties or any other agreement contemplated herein (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other

agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns.

13.09 **Severability.** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

13.10 **Article and Section Headings, Construction.** The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts.** This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release.** If any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least one (1) Business Day prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof. Failure to provide comments back

to the other Party within one (1) Business Day of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof, so long as the reviewing Party's name is not included in the release or announcement. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. **Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).**

13.13 **Confidentiality.** The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, and (d) to the extent that such Party must disclose the same in any Proceeding brought by it to enforce its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 **Name Change.** As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement.** Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 **Appendices, Exhibits and Schedules.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

ARTICLE 2
SALE AND TRANSFER OF ASSETS; CLOSING

2.01 Assets. Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 Purchase Price; Deposit. Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be $132,000,000 (the "Purchase Price"). Within one (1) Business Day after the Execution Date, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable escrow agreement an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.04(b)(i). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

2.03 Closing; Preliminary Settlement Statement. The Closing shall take place at the offices of Kirkland and Ellis LLP at 609 Main Street, 47th Floor, Houston, Texas 77002 on February 28, 2018 (the "Scheduled Closing Date"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to the provisions of Article 9 (the "Closing Date"). Notwithstanding the foregoing, Buyer may elect to extend the Scheduled Closing Date to March 30, 2018, by delivering an additional deposit amount equal to five percent (5%) of the unadjusted Purchase Price into the Escrow Account no later than February 26, 2018 at 12:00 p.m. (Eastern Time). Subject to the provisions of Article 7, Article 8 and Article 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable good faith determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement"). As part of the Preliminary Settlement Statement, Buyer shall provide to Seller such data as is reasonably necessary to support any estimated allocation, for purposes of establishing the Preliminary Amount. Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

2.04 Closing Obligations. At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer (*provided, however,* that the items described in Section 2.04(a)(vi) and Section 2.04(a)(ix) may, at Seller's option, be delivered after Closing but prior to the last day of the term of the Transition Services Agreement):

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(ii) possession of the Assets (except the Specified Receivables and the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(i)(F) and Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled or waived;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller (or its regarded owner, if such Seller is an entity disregarded as separate from its owner) Party is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) for each Well operated by such Seller Party or its Affiliate on the Closing Date, such regulatory documentation on forms prepared by Buyer as is necessary to designate Buyer as operator of such Wells;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets

(viii) an executed counterpart of the Transition Services Agreement; and

(ix) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller)

(b) Buyer shall deliver (and execute, as appropriate) to Seller, unless, in the case of Section 2.04(b)(v) or Section 2.04(b)(viii), Seller elects to delay delivery until after Closing in accordance with Section 2.04(a):

(i) the Preliminary Amount (less the Deposit Amount) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled or waived;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) for each Well operated by any Seller Party or its Affiliate on the Closing Date, such regulatory documentation as is necessary to designate Buyer, assuming the completion of all requirements under the applicable joint operating agreement, as operator of such Wells and the other Assets;

(vi) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) an executed counterpart of the Transition Services Agreement; and

(viii) such other documents as Seller or counsel for Seller may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

2.05 Allocations and Adjustments. If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. “Earned” and “incurred,” as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) Without limiting the allocation of costs and receipts set forth in Section 2.05(a), (i) for each Well operated by Seller or its Affiliate, (i) Seller or its Affiliate shall retain overhead charges and rates received in its capacity as "Operator" under any operating agreement or COPAS accounting procedure attributable to such Well, and (ii) Seller or its Affiliate shall be entitled to deduct and retain as overhead charges for all Wells operated by Seller or its Affiliate an amount equal to $95,000 per month. The charges and deductions under this Section 2.05(b) shall accrue from the Effective Time through the month in which transfer of operations occurs; *provided however*, that the overhead charges for the month in which transfer of operations occurs shall be prorated based upon the number of days in such month that Seller or its Affiliate operated such Wells (and for the number of days that the Well was in drilling or completion, or was in production, as applicable). For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be "from or attributable to" the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Seller shall provide to Buyer evidence of all meter readings and all gauging and strapping procedures conducted on or about the Effective Time in connection with the Assets, together with all data necessary to support any estimated allocation, for purposes of establishing the adjustment to the Purchase Price pursuant to Section 2.05(a). Asset Taxes for 2017 shall be prorated in accordance with Section 13.02(b) where available.

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(b) but paid or economically borne by Seller (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Seller in connection with a transaction to which Section 2.05(c)(ii)(A) applies, and therefore were taken into account in determining the "proceeds received" by Seller for purposes of applying Section 2.05(c)(ii)(A) with respect to such transaction);

(C) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that have been paid by Seller that are attributable to the ownership and operation of the Assets after the Effective Time (including prepayments with respect to any period after the Effective Time);

(D) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(E) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory) as of the Effective Time;

(F) the amount of all Specified Receivables attributable to any period prior to the Effective Time;

(G) if applicable, the amount, if any, of Imbalances in favor of Seller, *multiplied by* $2.60 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be due to Seller as of the Effective Time; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 13.02(b) but paid or economically borne by Buyer;

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties; and

(G) if applicable, the amount, if any, of Imbalances owing by Seller, *multiplied by* $2.60 per Mcf, or, to the extent that the Applicable Contracts provide for cash balancing, the actual cash balance amount determined to be owed by Seller as of the Effective Time.

(d) No earlier than sixty (60) days after the Closing Date but no later than ninety (90) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's books and records relating to the matters required to be accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred twenty (120) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of the Accounting Expert shall be binding on the Parties, and the fees and expenses of the Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 Assumption. If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities"), subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10), and without limiting Buyer's rights in the event of fraud or a breach of Seller's special warranty of Defensible Title in the Instruments of Conveyance: any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes to the extent attributable to periods (or portions thereof) from and after the Effective Time (*provided* that Section 13.02(c) shall govern the actual payment of such Asset Taxes and this clause (i) shall not modify the allocation of responsibility for Asset Taxes set forth in Section 13.02); (j) attributable to or resulting from Transfer Taxes; (k) attributable to the Leases and the Applicable Contracts; and (l) attributable to the Assumed Litigation *provided*, that notwithstanding the foregoing, the Assumed Liabilities shall not include any liabilities and obligations for which Buyer is entitled to indemnification under Section 10.02. Subject to Buyer's rights and remedies under Article 9 and Article 11, as applicable, and Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10), Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that all liability associated with the above matters as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), and Buyer's rights and remedies under Article 11, Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 Allocation of Purchase Price.

(a) The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07(a) and Schedule 2.07(b) hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07(a) and Schedule 2.07(b) for purposes of Article 11 hereof.

(b) Seller and Buyer shall use commercially reasonable efforts to agree, for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, to an allocation of the Purchase Price and any items that are treated as consideration for U.S. federal Income Tax purposes among the Assets, and to the extent permitted by law, such allocation shall be in a manner consistent with the Allocated Values, as set forth on Schedule 2.07(a) and Schedule 2.07(b) (the "Tax Allocation"). If Seller and Buyer are unable to agree upon such allocation, then such allocation shall be determined by the Accounting Expert (the fees and expenses of which shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer). Once Buyer and Seller agree to such an allocation or such allocation is determined by the Accounting Expert, as applicable, Seller and Buyer each agree to report, and to cause their respective Affiliates to report, the federal, state, and local income and other Tax consequences of the Contemplated Transactions, and in particular to report the information required by Section 1060(b) of the Code, and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any Tax Return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Parties, or with such other Party's or Parties' prior consent; *provided*, *however*, that no Party shall be unreasonably impeded in its ability and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

ARTICLE 3

(iv) result in the imposition or creation of any Encumbrance upon or with respect to any of the Assets, except for Permitted Encumbrances.

All material Asset Taxes required to be paid by such Seller Party that are or have become due have been timely paid in full, and such Seller Party is not delinquent in the payment of any such Asset Taxes. There is not currently in effect any extension or waiver of any statute of limitations of any jurisdiction regarding the assessment or collection of any Asset Taxes. There are no administrative or judicial proceedings by any taxing authority pending or to Seller's Knowledge, threatened against Seller relating to or in connection with any Asset Taxes. All Tax withholding and deposit requirements imposed by applicable Legal Requirements with respect to any of the Assets have been satisfied in all material respects. Except as disclosed on Schedule 3.04, no Asset is subject to any tax partnership agreement or provisions requiring a partnership income tax return to be filed under Subchapter K of Chapter 1 of Subtitle A of the Code or any similar state statute.

3.05 Legal Proceedings. Other than the Assumed Litigation and Retained Litigation, such Seller Party has not been served with any Proceeding, and, to such Seller Party's Knowledge, there is no pending or Threatened Proceeding against such Seller Party or any of its Affiliates, in each case, that (a) relates to such Seller Party's ownership or operation of any of the Assets, or (b) challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions.

3.06 Brokers. Neither such Seller Party nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are and will remain the sole responsibility of such Seller Party and its Affiliates.

Schedule 3.10 sets forth all Applicable Contracts with respect to such Seller Party of the type described below as of the Execution Date (collectively, the "Material Contracts"); *provided* that with respect to Applicable Contracts related solely to Assets that are not operated by any Seller Party, the entirety of this Section 3.10 is made to Seller Party's Knowledge:

(a) any Applicable Contract that is a Hydrocarbon purchase and sale, transportation, gathering, treating, processing, or similar Applicable Contract that is not terminable without penalty on sixty (60) days' or less notice, including any Contract that includes an acreage dedication or minimum volume commitment;

(b) any Applicable Contract that can reasonably be expected to result in aggregate payments by such Seller Party of more than One Hundred Thousand Dollars ($100,000) net to such Seller Party's interest during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) in the aggregate net to such Seller Party's interest over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(c) any Applicable Contract that is an indenture, mortgage, loan, credit agreement, sale-leaseback, guaranty of any obligation, bond, letter of credit, or similar financial Contract;

(e) any Applicable Contract that provides for a call upon, option to purchase or similar right under any agreements with respect to the Hydrocarbons from the Assets after the Effective Time;

Except as set forth in Schedule 3.10, and except for Material Contracts that have terminated in accordance with their terms and without violation of Seller's covenants in Section 5.02 prior to the Closing Date, each Material Contract set forth (or required to be set forth) in Schedule 3.10 is a legal, valid and binding obligation against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, is enforceable in accordance with its terms against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, and is in full force and effect, subject to any bankruptcy proceeding commenced after the date hereof or other Legal Requirements now or hereafter in effect. Neither such Seller Party, nor to the Knowledge of such Seller Party, any other party is in material breach of or in default under any Material Contract, and no event, occurrence, condition or act has occurred that, with the giving of notice, the lapse of time or the happening of any other event or condition, would become a material breach, default or event of default by such Seller Party or, to the Knowledge of such Seller Party, any other party thereto, in each case except as set forth in Schedule 3.10. Except as set forth in Schedule 3.10, such Seller Party has not received any notice from a Third Party alleging a violation or breach of any Material Contract by such Seller Party or its Affiliates. Except as set forth in Schedule 3.10, there are no Contracts with Affiliates of such Seller Party, Hedge Contracts or Debt Contracts that will be binding on the Assets after Closing. Prior to the Execution Date, Seller has delivered to Buyer true and complete copies of each Material Contract and any and all substantive amendments thereto or, in the case of marketing agreements described on Schedule 3.10 whose disclosure is prohibited under the terms of such marketing agreement, will be provided when such disclosure is permitted under the terms of the applicable marketing agreement.

3.11 Consents and Preferential Purchase Rights. To such Seller Party's Knowledge, except as set forth in Schedule 3.11, none of the Assets (and no portion of the Assets) is subject to any Preferential Purchase Rights or Consents required to be obtained by such Seller Party which may be applicable to the Contemplated Transactions, except for (a) Consents and approvals of Governmental Bodies that are customarily obtained after Closing, and (b) Contracts that are terminable upon not greater than thirty (30) days' notice without payment of any fee.

3.12 Permits. Except as set forth in Schedule 3.12, (a) with respect to Assets currently operated by such Seller Party or any of its Affiliates, such Seller Party or its Affiliate (as applicable) has acquired all Permits from appropriate Governmental Bodies to conduct operations on such Assets in material compliance with all applicable Legal Requirements; (b) all such Permits are in full force and effect and no Proceeding is pending or Threatened to suspend, revoke or terminate any such Permit or declare any such Permit invalid; and (c) such Seller Party is in compliance in all material respects with all such Permits. Except as set forth in Schedule 3.12, (a) with respect to Assets currently operated by Third Parties, to the Knowledge of Seller, the Third Party operator has acquired all Permits from appropriate Governmental Bodies to conduct

operations on such Assets in material compliance with all applicable Legal Requirements; (b) all such Permits are in full force and effect and no Proceeding is pending or Threatened to suspend, revoke or terminate any such Permit or declare any such Permit invalid; and (c) such Third Party operator is in compliance in all material respects with all such Permits.

3.13 Current Commitments. Schedule 3.13 sets forth, as of the Execution Date, all approved authorizations for expenditures and other approved capital commitments, individually equal to or greater than One Hundred Thousand Dollars ($100,000) (net to such Seller Party's interest) (the "AFEs"), and which are binding on the owner of the Assets following the Effective Time, relating to the Assets to drill, rework or conduct any other operation concerning any Wells or for other capital expenditures pursuant to any of the Material Contracts for which all of the activities anticipated in such AFEs have not been completed by the Effective Time.

3.14 Environmental Laws. Except as disclosed on Schedule 3.14, (a) there are no actions, suits or proceedings pending, or to such Seller Party's Knowledge, threatened in writing, before any Governmental Body with respect to the Assets alleging material violations of, or material liabilities under, Environmental Laws, or claiming remediation obligations, and (b) such Seller Party has received no notice from any Governmental Body or other Person of any alleged or actual material violation or non-compliance with, or material liability under, any Environmental Law or of material non-compliance with the terms or conditions of any environmental permits, arising from, based upon, associated with or related to the Assets or the ownership or operation of any thereof and (c) to such Seller Party's Knowledge, there is no uncured material violation (i) by such Seller Party of any Environmental Laws with respect to such Seller Party's ownership or operation of the Assets, or (ii) of any Environmental Laws with regard to operation of the Assets by Third Parties.

3.15 Wells. Except as disclosed on Schedule 3.15 (a) all Wells drilled and completed by such Seller Party as operator have been drilled and completed within the limits permitted by all applicable Leases and Contracts and at locations that comply with applicable Legal Requirements, (b) no Well is subject to material penalties on allowable production after the Effective Time because of any overproduction, and (c) there are no Wells (i) that such Seller Party is currently obligated by applicable Legal Requirements or contract to plug or abandon, (ii) that have been plugged, dismantled or abandoned by Seller or its Affiliates (or to Seller's Knowledge by any other Person) in a manner that does not comply in all material respects with Legal Requirements, or (iii) that are currently subject to exceptions to a requirement to plug or abandon issued by a Governmental Body. The Personal Property is free and clear of liens and encumbrances (other than Permitted Encumbrances), and is in an operable state of repair adequate to maintain normal operations in accordance with past practices, ordinary wear and tear excepted.

3.16 Employee Benefits.

(a) Schedule 3.16(a) contains a true and complete list of each "employee benefit plan," as defined in Section 3(3) of ERISA, and all other retirement, pension, deferred compensation, bonus, incentive, severance, executive life insurance, vacation, equity purchase, equity option, phantom equity, equity, employment, profit sharing, retention, stay bonus, change of control and other compensation or benefit plans, programs, agreements or arrangements maintained, sponsored or contributed to by such Seller Party or any of its ERISA Affiliates for the benefit of any Available Employee (collectively, such Seller Party's "Seller Benefit Plans").

(b) Neither the execution of this Agreement nor the consummation of the transactions contemplated hereby (whether alone or together with any other events) will (i) result in any material payment becoming due to any Available Employee, (ii) materially increase any benefits otherwise payable to any Available Employee, or (iii) result in the acceleration of the time of payment or vesting of any such benefits except as disclosed in Exhibit F.

3.17 Royalties. Except (a) for the Suspense Funds that are being held in compliance with applicable Legal Requirements and Leases and (b) as set forth in Schedule 3.17 and Schedule 3.05, such Seller Party has duly and properly paid, or caused to be duly and properly paid in all material respects, all Royalties due by such Seller Party during the period of such Seller Party's ownership of the Assets; *provided*, *however,* that no failure to comply with the foregoing that does not result in the termination of a Lease shall be considered a breach of this Section 3.17.

3.18 Non-Consent Operations. Except as disclosed on Schedule 3.18, no operations are being conducted or have been conducted on the Assets with respect to which such Seller Party has elected to be a non-consenting party under the applicable operating agreement or forced pooling statute and with respect to which such Seller Party's rights have not reverted prior to the Effective Time. Schedule 3.18 sets forth each Well subject to payout, along with the payout balances as of the date received from the applicable Third Party operator for each Well subject to payout, but only to the extent such balance has been provided by such Third Party operator.

3.19 Condemnation. As of the Execution Date, there is no actual or Threatened taking (whether permanent, temporary, whole or partial) of any part of the Assets by reason of condemnation or the threat of condemnation.

3.20 Drilling Obligations. Except as disclosed on Schedule 3.20, Seller does not have any unfulfilled drilling obligations under any Lease or otherwise affecting the Leases by virtue of a Contract relating to the Assets or the ownership or operation thereof.

3.21 Labor Matters. No Available Employee or other employee of any Seller Party or any of their respective Affiliates whose employment involves providing services with respect to the Assets is represented by a labor union. Except as set forth on Schedule 3.21, there is no Proceeding pending or, to any Seller Party's Knowledge, threatened, by or on behalf of any Available Employee or any other individual who has provided services with respect to the Assets against any Seller Party.

3.22 Guarantees. Schedule 3.22 is a complete and accurate list of all material bonds, letters of credit and guarantees posted or entered into by such Seller Party in connection with the ownership or operation of the Assets.

3.23 Leases. Since January 1, 2016, such Seller Party has not received any unresolved written notice from any lessor under any of the Leases seeking to terminate, cancel or rescind any Lease, and such Seller Party has not received any written notice from any lessor under any of the Leases alleging any unresolved material default under any Lease.

3.24 Knowledge Qualifier for Non-Operated Assets. To the extent that such Seller Party has made any representations or warranties in this Article 3 in connection with matters relating to Non-Operated Assets, each and every such representation and warranty shall be deemed to be qualified by the phrase, "To such Seller Party's Knowledge."

3.25 Disclosures with Multiple Applicability; Materiality. If any fact, condition, or matter disclosed in Seller's disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules to the extent reasonably apparent on the face of the Seller Parties' disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies, regardless of the section of Seller's disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on Seller's disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.01 Organization and Good Standing. Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 Authority; No Conflict.

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the requisite right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 Certain Proceedings. There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 Knowledgeable Investor. Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 Qualification. Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.03, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 Brokers. Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 Financial Ability. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 Securities Laws. The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 Due Diligence. Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's rights to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing, Buyer and its Representatives have (a) been permitted full and complete access to all materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING OR IMPAIRING ANY REPRESENTATION, WARRANTY, COVENANT OR AGREEMENT OF THE SELLER PARTIES CONTAINED IN THIS AGREEMENT AND THE SELLER'S CLOSING DOCUMENTS (INCLUDING THE SPECIAL WARRANTY OF DEFENSIBLE TITLE SET FORTH IN THE INSTRUMENTS OF CONVEYANCE), OR BUYER'S RIGHT TO RELY UPON EACH OF THE FOREGOING OR BUYER'S RIGHTS UNDER ARTICLE 11, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW BY STATUTE OR OTHERWISE.**

4.10 Basis of Buyer's Decision. By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES**

SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.

4.11 Business Use, Bargaining Position. Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 Bankruptcy. There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 Access and Investigation.

(a) Between the Execution Date and the Defect Notice Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller, Seller shall (i) afford Buyer and its Representatives access, by appointment only at such times as Buyer may reasonably request, during Seller's regular hours of business to reasonably appropriate Seller's personnel with knowledge of the Assets, any Seller operated Assets, contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data that are Excluded Assets or that cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets and (ii) promptly furnish Buyer, Buyer's Representatives and the Financing Sources, at Buyer's sole cost and expense, with existing electronic copies of all such Records, contracts, books and records, and other existing documents and data related to the Assets as Buyer, Buyer's Representatives and the Financing Sources may reasonably request, except for any such contracts, books and records, or other documents and data to the extent they are Excluded Assets or cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives similar access to the Assets

not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third Parties in order to obtain such consent unless Buyer agrees in writing to make such payments or fulfill such obligations); ***provided* that, except as expressly provided in this Agreement or in the Instruments of Conveyance, Seller makes no representation or warranty, and expressly disclaims all representations and warranties as to the accuracy or completeness of the documents, information, books, records, files, and other data that it may provide or disclose to Buyer**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that (to the extent practicable) minimizes interference with the operation of the business of Seller and any applicable Third Parties, and (ii) subject to Section 11.09, Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 Operation of the Assets. Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business with respect to its ownership and operation of the Assets in the ordinary course as a reasonably prudent operator and consistent with past practices, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms);

(c) not commence, propose, or agree to participate in any single operation with respect to the Wells or Leases with an anticipated cost in excess of One Hundred Thousand Dollars ($100,000) net to Seller's interest, except for any emergency operations;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease, or enter into a Contract that, if entered into on or prior to the Execution Date, would be required to be listed in a disclosure Schedule, other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on thirty (30) days' or shorter notice;

(e) not take, nor permit any of Seller's Affiliates (or authorize any investment banker, financial advisor, attorney, accountant or other Person retained by, acting for or on behalf of Seller or any such Affiliate) to take, directly or indirectly, any action to solicit, or negotiate, any offer from any Person concerning the direct or indirect acquisition of the Assets by any Person other than Buyer or its Affiliates, except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(f) not make any election (or fail to make an election, the result of which is) to go non-consent with respect to any of the Assets;

(g) use commercially reasonable efforts to maintain in full force and effect each Lease, and timely and properly pay all Lease renewals and extensions that become due after the date of this Agreement but prior to Closing in accordance with the terms of the applicable Lease;

(h) not waive, release, assign, settle or compromise any proceeding, material right or claim relating to the Assets, other than the Retained Liabilities or waivers, releases, assignments, settlements or compromises that involve only the payment of monetary damages not in excess of Fifty Thousand Dollars ($50,000) individually (excluding amounts to be paid under insurance policies);

(i) pay (or cause to be paid) any and all Asset Taxes that could result in an Encumbrance with respect to the Assets that become due and payable on or prior to the Closing Date;

(j) notify Buyer of any application for drilling permit by a Third Party affecting the Assets received by Seller;

(k) not, except as may be required by applicable Legal Requirements or pursuant to a Seller Benefit Plan in effect as of the Execution Date, or as contemplated by this Agreement, (A) grant any increases in the compensation, incentives or benefits payable or to become payable to any Available Employee, (B) except in the ordinary course of business or with respect to renewals for any Seller Benefit Plan for the 2018 plan year, enter into any new, terminate or amend any existing, employment, severance or termination agreement or other Seller Benefit Plan with any Available Employee, (C) establish or take any action that would result in Seller becoming obligated under any collective bargaining agreement or other Contract with a labor union or representative of Available Employees, or (D) subject to Seller's right to terminate the employment of Available Employees, transfer any Available Employee;

(l) use commercially reasonable efforts to keep Buyer apprised of any drilling, re-drilling or completion operations proposed or conducted by Seller with respect to the Assets; or

(m) not enter into any agreement with respect to any of the foregoing. Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller or its Affiliate has voted its interest in a manner that complies with the

provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days (unless a shorter time is reasonably required by the circumstances and such shorter time is specified in Seller's notice) after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. In the event of a conflict between requirements Section 5.02(c) and Section 5.02(f), Seller may respond using its reasonable business judgment to any Third Party operator proposal or authorization for expenditure if Buyer fails to respond within the time period provided in Seller's notice. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 Insurance. Seller shall maintain in force during the period from the Execution Date until the Closing, all of Seller's insurance policies (including self-insurance) pertaining to the Assets in the amounts and with the coverages currently maintained by Seller which may not be less than the insurance coverage shown in Schedule 6.03(a). The daily pro-rated annual premiums for insurance that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 Consent and Waivers. Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents unless Buyer agrees in writing to make such payments or fulfill such obligations. Buyer shall cooperate with Seller in seeking to obtain such Consents.

5.05 Amendment to Schedules. Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters first occurring subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02 prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement; *provided*, *however*, that if Closing occurs, then such supplements for matters first occurring after February 15, 2018 shall be incorporated into Seller's disclosure Schedules and any claim related to such matters disclosed in the supplements shall be deemed waived and Buyer shall not be entitled to make a claim thereon under this Agreement or otherwise with respect to such matters.

5.06 Successor Operator. While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing. Seller will provide information reasonably necessary to assist Buyer to obtain all necessary Permits in connection with Buyer's designation as operator as to the Assets Seller presently operates as of Closing.

5.07 Affiliate Contracts. Seller will terminate or cause its respective Affiliates to terminate, effective as of the Closing Date, any contracts or agreements between Seller and its Affiliates insofar and only insofar as such contracts or agreements relate to or bind the Assets.

5.08 Drilling Permits. ARTICLE 9
TERMINATION

9.01 Termination Events. This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied in full, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) all of Buyer's conditions to Closing have been satisfied or waived in writing by Buyer in full, then the refusal or willful or negligent delay by Seller to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied in full, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) all of Seller's conditions to Closing have been satisfied or waived in writing by Seller in full, then the refusal or willful or negligent delay by Buyer to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before March 31, 2018, (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable;

(f) by Seller if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date;

(g) by Seller if the Closing condition in Section 8.08 is not satisfied (or not possible of being satisfied) at Closing; or

(h) by Buyer if the Closing condition in Section 7.07 is not satisfied (or not possible of being satisfied) at Closing.

9.02 Effect of Termination; Distribution of the Deposit Amount.

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) except to the extent Seller has received the Deposit Amount as liquidated damages pursuant to Section 9.02(b), the termination of this Agreement shall not relieve any Party from liability for any breach or failure to perform or observe in any material respect any of its agreements or covenants contained herein (and the other Party shall be entitled to all remedies available at law or in equity with respect thereto) and (b) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Seller has the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein), then, in either case, Seller shall have the right, at its sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Seller does not seek and successfully enforce specific performance, terminate this Agreement and receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller elects to terminate this Agreement pursuant to this Section 9.02(b)(i) and receive the Deposit Amount as liquidated damages, (x) the Parties shall, within two (2) Business Days of Seller's election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Buyer could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein), then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to retention of the Deposit Amount) seek to recover its actual damages from Seller. If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek its actual damages, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages resulting from Seller's termination of this Agreement pursuant to Section 9.02(b)(i) would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable estimate of such damages.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

9.03 Return of Records Upon Termination. Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy (at Seller's option) all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) (with respect only to clauses (g) and (i) in the definition of Retained Liabilities) shall survive for the applicable statute of limitations plus sixty (60) days. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 Indemnification and Payment of Damages by Seller. Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10, Article 11, and Section 13.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions (other than with respect to Retained Liabilities for which the indemnities in Section 10.02(c) have expired prior to the expiration of the applicable statute of limitations plus sixty days for which the additional remedies against Seller described in this Section 10.02 below are permitted), including breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04(a)(iii); and, except for such exclusive remedies, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES. NOTHING IN THIS AGREEMENT OR OTHERWISE SHALL RELEASE OR RELIEVE SELLER FOR ACTUAL FRAUD**. Notwithstanding the foregoing provisions of this Section 10.02, with respect to any Retained Liabilities for which the indemnities in Section 10.02(c) have expired prior to the expiration of the applicable statute of limitations plus sixty days, Buyer Group shall have the right to seek any remedy available to Buyer Group against Seller, whether at law or in equity.

10.03 Indemnification and Payment of Damages by Buyer. Except as otherwise limited in this Article 10 and in Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's and its Representatives access hereunder to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.09, including Damages attributable to personal injury, illness or death, or property damage, except, in each case, to the extent such Damages result from Seller Group's gross negligence or willful misconduct; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, from and after the Closing, the remedies provided in this Article 10 and Section 13.17 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group; *provided* that Seller is entitled to any equitable remedies available under applicable Legal Requirements in connection with any Breach by Buyer of Article 13. Buyer shall have no obligation to indemnify any of Seller Group for any Damages for which Seller is obligated to indemnify the Buyer Group pursuant to Section 10.02.

10.04 Indemnity Net of Insurance. The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 Limitations on Liability. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (a) for any Damages with respect to any occurrence, claim, award or judgment with respect to that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (b) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, (i) in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price and (ii) the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under

Section 10.02 or Section 10.03, shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bring-down of such representation or warranty in any certificate delivered pursuant to this Agreement).

10.06 Procedure for Indemnification--Third Party Claims.

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10, except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. If reasonably requested by the indemnifying Party, the indemnified Party agrees to cooperate in contesting any Proceeding which the indemnifying Party elects to contest (at the expense of the indemnifying Party); *provided* that the indemnified Party shall not be required to pursue any cross-claim or counter-claim. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against

the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 Procedure for Indemnification – Other Claims. A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 Indemnification of Group Members. The indemnities in favor of Buyer and Seller provided in Section 10.02 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 Extent of Representations and Warranties.

(a) Notwithstanding anything to the contrary contained in this Agreement, except as and to the extent expressly set forth in this Agreement or in the Instruments of Conveyance, Seller makes no representations or warranties whatsoever, and disclaims all liability and responsibility for any representation, warranty, statement, or information made or communicated (orally or in writing) to Buyer (including any opinion, information, or advice that may have been provided to Buyer or its affiliates or representatives by any Affiliates or Representatives of Seller or by any investment bank or investment banking firm, any petroleum engineer or engineering firm, Seller's counsel, or any other agent, consultant, or Representative of Seller). Without limiting the generality of the foregoing, except as and to the extent expressly set forth in this Agreement or in the Instruments of Conveyance, Seller expressly disclaims and negates any representation or warranty, express, implied, at common law, by statute, or otherwise, relating to (a) the title to any of the Assets, (b) the condition of the Assets (including any implied or express warranty of merchantability, fitness for a particular purpose, or conformity to models or samples of materials), it being distinctly understood that the Assets are being sold "As Is," "Where Is," and "With All Faults As To All Matters," (c) any infringement by Seller of any patent or proprietary right of any Third Party, (d) any information, data, or other materials (written or oral) furnished to Buyer by or on behalf of Seller (including the existence or extent of Hydrocarbons or the mineral reserves, the recoverability of such reserves, any product pricing assumptions, and the ability to sell Hydrocarbon production after the Closing), and (e) the environmental condition and other condition of the Assets and any potential liability arising from or related to the Assets.

(b) Buyer acknowledges and affirms that it has made its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks

associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations, warranties, covenants and agreements of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 Compliance With Express Negligence Test. The Parties agree that any indemnity, defense, and/or release obligation arising under this Agreement shall apply without regard to the negligence, strict liability, or other fault of the indemnified party, whether active, passive, joint, concurrent, comparative, contributory or sole, or any pre-existing condition, any breach of contract or breach of warranty, or violation of any legal requirement, except to the extent such damages were occasioned by the gross negligence or willful misconduct of the indemnified party or any group member thereof, it being the Parties' intention that Damages to the extent arising from the gross negligence or willful misconduct of the indemnified party or any group member thereof not be covered by the release, defense, or indemnity obligations in this Agreement. The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 Limitations of Liability. Notwithstanding anything to the contrary contained in this Agreement, in no event shall Seller or Buyer ever be liable for, and each Party releases the other from, any consequential, special, indirect, exemplary, or punitive damages or claims relating to or arising out of the Contemplated Transactions or this Agreement; *provided, however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 No Duplication. Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 Disclaimer of Application of Anti-Indemnity Statutes. Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 Waiver of Right to Rescission. Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions.

As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

10.15 Joint and Several. Each Seller shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 Title Examination and Access. Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Defect Notice Date, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or copies (including electronic copies if available), of all of the files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller has relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 Preferential Purchase Rights. Seller shall as promptly as possible but no later than ten (10) Business Days after the Execution Date provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in accordance with Section 5.04. To the extent any such Preferential Purchase Rights are exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 Consents. Seller shall as soon as practicable but no later than ten (10) Business Days after the Execution Date provide all notices in compliance with the contractual provisions applicable thereto required to comply with or obtain all Consents required for the transfer of the Assets in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent and the Consent has not been denied in writing, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer, and Buyer shall defend, release, indemnify and hold harmless Seller Group from and against the same.

(ii) If the Consent is a Required Consent or the Consent has been denied in writing, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Required Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 Title Defects. Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on February 15, 2018 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Well or Section, and, if applicable, Lease or Fee Mineral (including by the currently producing formation or Target Formation, as applicable) affected by such alleged Title Defect (each such Well or Section, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, (d) Buyer's preferred manner of curing such Title Defect, and (e) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week; *provided*, that the failure to provide any such preliminary notice shall not affect Buyer's right to assert Title Defects at any time prior to the Defect Notice Date. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 Title Defect Value. The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect with respect to a Well represents a discrepancy between (i) Seller's Net Revenue Interest for a Well or Weighted Average Net Revenue Interests for a Section and (ii) the Net Revenue Interest set forth for such Well in Schedule 2.07(a) or the Weighted Average Net Revenue Interest set forth for such Section in Schedule 2.07(b), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest or Weighted Average Net Revenue Interest decrease, as applicable, and the denominator of which is the Net Revenue Interest or Weighted Average Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable; *provided*, that in the event that such Title Defect results in the Seller's Net Revenue Interest or Weighted Average Net Revenue Interest in the Title Defect Property being equal to or less than 70% (proportionately reduced based on Seller's Working Interest therein), the Title Defect Value for such Title Defect shall be determined pursuant to Section 11.05(d);

(d) if the Title Defect results from a discrepancy between (i) the actual Net Acres for a Section and (ii) the Net Acres set forth on Schedule 2.07(b) for such Section, then the Title Defect Value shall be the product of the Allocated Value of such Section multiplied by a fraction, the numerator of which is the Net Acre decrease and the denominator of which is the Net Acres set forth for such Section in Schedule 2.07(b); and

(e) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 Seller's Cure or Contest of Title Defects.

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a); provided, that absent an election by Seller to cure or dispute an asserted Title Defect prior to Closing pursuant to this Section 11.06, the Asset affected by such Title Defect shall be conveyed to Buyer at Closing and the Purchase Price adjusted downward in an amount equal to the Title Defect Value set forth in the Title Defect Notice for such Title Defect.

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Title Defect or the Title Defect Value by an Expert pursuant to Section 11.15 (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date or, if later, after the applicable Expert Decision date. If Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) convey the affected Asset to Buyer and Buyer shall pay the Title Defect Value attributable to the affected Asset to the Escrow Agent for deposit in the Escrow Account at the Closing; *provided*, *however* that if Seller is unable to Cure the Title Defect within the time provided in this Section 11.06, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time within ninety (90) days following Closing elect to submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, (i) the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing; (ii) the Purchase Price shall be adjusted downward in an amount equal to the Title Defect Value set forth in the Title Defect Notice for such contested Title Defect for such Asset (the "Disputed Title Amount"), which Disputed Title Amount shall be deposited into the Escrow Account at Closing pending final resolution of such Title Defect; and (iii) within two (2) Business Days following final resolution of such Title Defect in accordance with Section 11.15, Seller and Buyer shall execute and deliver a joint written instruction to the Escrow Agent to release the Disputed Title Amount to Seller or Buyer, as applicable.

11.07 Limitations on Adjustments for Title Defects. Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, other than with respect to the special warranty of Defensible Title to be provided in the Instruments of Conveyance, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Well, Lease or Fee Mineral is less than the De Minimis Title Defect Cost, such value shall not be considered in calculating the Aggregate Title Defect Value.

11.08 Title Benefits. If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest in any Well or Weighted Average Net Revenue Interest in any Section above that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, or (b) to decrease the Working Interest of Seller in any Well below that shown in Schedule 2.07(a), to the extent the same causes a decrease in Seller's Working Interest for such Well that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Schedule 2.07(a), or (c) to increase the Net Acres for a Section to an amount greater than the Net Acres for such Section in Schedule 2.07(b) (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected, the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity (the "Title Benefit Properties")) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Well or Weighted Average Net Revenue Interest for any Section and (B) the Net Revenue Interest set forth for such Well set forth in Schedule 2.07(b) or Weighted Average Net Revenue Interest for any Section set forth in Schedule 2.07(a) (without an increase in Seller's Working Interest in the Title Benefit Property), then the Title Benefit Value shall be the product of the Allocated Value of such Well or Section multiplied by a fraction, the numerator of which is the Net Revenue Interest or Weighted Average Net Revenue Interest increase and the denominator of which is the Net Revenue Interest or Weighted Average Net Revenue Interest set forth for such Well in Schedule 2.07(b) or Section in Schedule 2.07(a); (iii) if the Title Benefit represents an increase in Net Acres of a Section above that set forth in Schedule 2.07(b), then the Title Benefit Value shall be determined by multiplying the Net Acre increase with respect to such Section by Allocated Value for such Section; and (iv) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined

by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided, however,* if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 Buyer's Environmental Assessment. Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01. Notwithstanding anything in this Agreement to the contrary, if (a) Buyer is not granted access to any Asset to conduct its Phase I Environmental Site Assessment of the Assets or (b) Buyer determines in good faith that (based on the results of its Phase I Environmental Site Assessment) sampling or testing of environmental media or operation of equipment is recommended on an Asset and Buyer is not granted permission and access to conduct such activities, then Buyer may elect to exclude such Asset, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets

11.10 Environmental Defect Notice. Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Lease or Well(s) affected; (ii) a reasonably detailed description of the alleged Environmental Defect and the basis for such assertion under the

terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 Seller's Exclusion, Cure or Contest of Environmental Defects. Seller, in its sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a); *provided*, if the Environmental Defect Value asserted in the Environmental Defect Notice therefor is equal to or exceeds the Allocated Value of the affected Assets, then Buyer may elect, prior to Closing, to exclude such affected Assets from the Closing, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets; *provided further* that if Seller elects to contest the existence of such Environmental Defect or the Environmental Defect Value thereof and, the Parties thereafter agree or the Expert Decision thereafter provides that such Environmental Defect does not exist or the Environmental Defect Value thereof does not exceed the Allocated Value, then promptly after such agreement or such Expert Decision, as applicable, Seller will convey such Assets excluded from Closing to Buyer pursuant to an assignment substantially similar to the Assignment and Buyer will pay the Allocated Value therefor (subject to the applicable adjustments set forth in Section 2.05).

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date by giving written notice to Buyer to that effect prior to the Closing Date. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Assets shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing, unless either Party elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and the Purchase Price shall be reduced by an amount equal to the Environmental Defect Value for such Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time within ninety (90) days following Closing elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, unless either Party elects to exclude such Asset(s) in accordance with this Section 11.11, (i) the affected Assets (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing; (ii) the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect (the "Disputed Environmental Amount"), which Disputed Environmental Amount shall be deposited into the Escrow Account at Closing pending final resolution of such Environmental Defect; and (iii) within two (2) Business Days following final resolution of such Environmental Defect in accordance with Section 11.15, Seller and Buyer shall execute and deliver a joint written instruction to the Escrow Agent to release the Disputed Environmental Amount to Seller or Buyer, as applicable.

11.12 Limitations. Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made (excluding instances in which Seller elects to exclude the affected Assets in accordance with Section 11.11), unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 Exclusive Remedies. The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. Except as set forth in this Agreement, Buyer expressly waives, and releases Seller Group from, any and all other rights and remedies it may have under Environmental Laws against Seller regarding Environmental Conditions, whether for contribution, indemnity, or otherwise. The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 Casualty Loss and Condemnation. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed or damaged by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), then, subject to Section 7.07 and Section 8.08, this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Five Hundred Thousand Dollars ($500,000) net to Seller's interest, (a) Seller must elect by written notice to Buyer prior to Closing either to (x) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost prior to the Closing Date, or (y) reduce the Purchase Price by the amount of the Casualty Loss and (b) Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. With respect to all other Casualty Losses, Seller shall assign and subrogate to Buyer all rights to insurance and other claims with respect to such Casualty Losses.

11.15 Expert Proceedings.

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 10 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice."

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than ten (10) years' experience as a lawyer in the State where the Assets giving rise to the Disputed Matter are located with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. Further, if disputes exist with respect to Assets located in multiple states, the Parties may mutually agree to conduct separate arbitration proceedings with the disputes related to Assets located in each state being submitted to a separate Expert. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the local office of the AAA where the Assets giving rise to the Disputed Matter are located. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 13
GENERAL PROVISIONS

With respect to any original Records delivered to Buyer, (a) Seller, subject to Section 13.13, shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 Expenses.

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. If Buyer determines that this transaction qualifies for one or more Transfer Tax exemptions, Seller shall cooperate with Buyer to obtain the benefit of the exemption. Seller shall retain responsibility for, and shall bear, all Asset Taxes assessed with respect to the Assets for (i) any period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. If the Closing occurs, all Asset Taxes with respect to the Assets arising on or after the Effective Time (including the portion of any Straddle Period beginning at the Effective Time) shall be allocated to and borne by Buyer. For purposes of allocation between the Parties of Asset Taxes assessed with respect to the Assets for any Straddle Period, (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons shall be allocated based on severance or production occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); (B) Asset Taxes that are based upon or related to income or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A)) shall be allocated based on transactions giving rise to such Asset Taxes occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time (which shall be Seller's responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). For purposes of the preceding sentence, any exemption, deduction, credit or other item that is calculated on an annual basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time and the portion of the Straddle Period beginning at the Effective Time. To the extent the actual amount of any Asset Taxes described in this Section 13.02(b) is not determinable at Closing or the Final Settlement Date, Buyer and Seller shall utilize the most recent information available in estimating the amount of such Asset Taxes for purposes of Section 2.05. Upon determination of the actual amount of such Asset Taxes, timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(b). Any allocation of Asset Taxes between the Parties shall be in accordance with this Section 13.02(b).

(c) Except as required by applicable Legal Requirements, in respect of Asset Taxes, (i) Seller shall be responsible for timely remitting all Asset Taxes due prior to the Closing Date (subject, in each case, to Seller's right to reimbursement by Buyer under Section 13.02(b)), (ii) Buyer shall be responsible for timely remitting all (A) Asset Taxes due on or after the Closing Date (subject, in each case, to Buyer's right to reimbursement by Seller under Section 13.02(b)), in each case, to the applicable taxing authority, (iii) Seller shall prepare and timely file any Tax Return for Asset Taxes required to be filed for periods ending prior to the Closing Date, and (iv) Buyer shall prepare and timely file any (A) Tax Return for Asset Taxes required to be filed for periods ending on or after the Closing Date (including Tax Returns related to any Straddle Period). Each Party shall indemnify and hold the other Parties harmless for any failure to file such Tax Returns and to make such payments. Buyer shall prepare all such Tax Returns relating

to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any Tax Return relating to any Straddle Period for Seller's review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Seller provided to Buyer in advance of the due date for the filing of such Tax Return.

(d) Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

(e) Seller shall be entitled to any and all refunds of Asset Taxes allocated to Seller pursuant to Section 13.02(b), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 13.02(b). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 13.02(e), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

13.03 Notices. All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(d) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH**

PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.

(b) Notwithstanding anything herein to the contrary, each of the Parties agrees that it will not bring or support any action, cause of action, claim (other than cross-claims) or third-Person claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Sources (which, for such purposes, will include the Silverpeak Group) in any way relating to this Agreement or the Contemplated Transaction, including any Proceeding arising out of or relating in any way to the Debt Financing or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable Legal Requirements exclusive jurisdiction is vested in the federal courts for the United States District Court for the Southern District of New York (and appellate courts thereof). Each of the Parties irrevocably agrees to waive trial by jury in any action, cause of action, claim, cross-claim or third-Person claim referred to in this paragraph.

13.05 Further Assurances. The Parties agree (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 Waiver. The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal

Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 Entire Agreement and Modification. This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 Assignments, Successors, and No Third Party Rights. Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party); *provided* that Buyer (without the consent of Seller) may assign all or part of its rights under this Agreement (including its rights to receive the Assets) to one or more Affiliates (or to the Financing Sources for collateral purposes), and (a) any assignment (other than an assignment by Buyer to an Affiliate) made without such consent shall be void, and (b) in the event of such consent (or an assignment by Buyer to an Affiliate), such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement shall be construed to give any Person other than the Parties or any other agreement contemplated herein (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns. Notwithstanding the foregoing, the Financing Sources shall be deemed third-Person beneficiaries of Section 13.04(b), this Section 13.08, and Section 13.18 hereof, each of which shall be enforceable by each Financing Source and, to the extent enforced thereby, construed in accordance with, and governed by, the Laws of the State of New York without reference to the conflict of laws principles thereof, and none of which shall be amended or otherwise modified in any way that adversely affects the rights of any Financing Source without the prior written consent of the Financing Sources.

13.09 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

13.10 Article and Section Headings, Construction. The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 Counterparts. This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 Press Release. If any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for

review at least 24 hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof. Failure to provide comments back to the other Party within 24 hours of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion and will not be deemed to have been granted by a failure to respond).

13.13 Confidentiality. The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any

stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) to any Affiliate or Representative, (e) in the case of Buyer, to any potential purchaser of (or joint venture partner with respect) to all or any portion of the Assets and any direct and/or indirect (current or potential) investor or lender, and (f) to the extent that such Party must disclose the same in any Proceeding brought by or Threatened by or against it to enforce or defend its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. Additionally, from and after the Closing, Seller shall keep confidential and not use any of the Records other than for accounting, audit, responses to requests from any Governmental Body, tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 Name Change. As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 Preparation of Agreement. Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 Appendices, Exhibits and Schedules. All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. 2.01 **Assets.** Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 **Purchase Price; Deposit.** Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be One Hundred Nineteen Million Five Hundred Thousand Dollars ($119,500,000) (the "Purchase Price"). Within one (1) Business Day after the execution of this Agreement, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount.

The entire Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.05(a). Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

(vii) an executed counterpart of the Transition Services Agreement; and

2.05 **Allocations and Adjustments.** If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures, if any, conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Asset Taxes for 2018 shall be prorated in accordance with Section 13.02(b).

(c) The Purchase Price shall be, without duplication,

On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's books and records relating to the matters required to be accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred eighty (180) days after the Closing Date (the "Post-Closing Date"). The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 **Allocation of Purchase Price.** The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07(a) and Schedule 2.07(b) hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07(a) and Schedule 2.07(b) for purposes of Article 11 hereof. Seller and Buyer further agree that for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, the Purchase Price and any liabilities assumed by Buyer under this Agreement that are treated as consideration for Tax purposes shall be allocated among the Assets in a manner consistent with the Allocated Values, as set forth on Schedule 2.07(a) and Schedule 2.07(b) (the "Tax Allocation"). Seller and Buyer each agree to report, and to cause their respective Affiliates to report, the federal, state, and local income and other Tax consequences of the Contemplated Transactions, and in particular to report the information required by Section 1060(b) of the Code, and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any tax return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Party, or with such other Party's prior consent.

COVENANTS OF SELLER

5.01 **Access and Investigation.**

(A) Between the Execution Date and the Defect Notice Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller, Seller shall afford Buyer and its Representatives access, by appointment only, during Seller's regular hours of business to reasonably appropriate Seller's personnel, any Seller operated Assets, contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data that are Excluded Assets or that cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided that* Seller shall not be required to make payments or undertake obligations in favor of any Third parties in order to obtain such consent); and ***PROVIDED FURTHER*** **THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that minimizes interference with the operation of the business of Seller and any applicable Third Parties, and (ii) Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion, subject to the provisions of Section 11.09.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer,

including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets.** Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business with respect to its ownership and operation of the Assets in the ordinary course, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments, which shall, in each case, be at Seller's sole discretion);

(c) not commence, propose, or agree to participate in any single operation with respect to the Wells or Leases with an anticipated cost in excess of Two Hundred Thousand Dollars ($200,000) net to Seller's interest, except for any emergency operations;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on ninety (90) days' or shorter notice.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller or its Affiliate has voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days (unless a shorter time is reasonably required by the circumstances and such shorter time is specified in Seller's notice) after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this this Section 5.02, in the event of an emergency, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 **Insurance.** Seller shall maintain in force during the period from the Execution Date until the Closing, all of Seller's insurance policies pertaining to the Assets in

the amounts and with the coverages currently maintained by Seller. The daily pro-rated annual premiums for insurance that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 **Consent and Waivers.** Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall cooperate with Seller in seeking to obtain such Consents.

5.05 **Amendment to Schedules.** Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters occurring subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement; *provided*, *however*, that if Closing occurs, then such supplements shall be incorporated into Seller's disclosure Schedules and any claim related to such matters disclosed in the supplements shall be deemed waived and Buyer shall not be entitled to make a claim thereon under this Agreement or otherwise with respect to such matters.

5.06 **Successor Operator.** While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure.** Between the Execution Date and the Closing Date, Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtain Knowledge of any Breach, in any material respect, of the other Party's representations and warranties or covenants as of the Execution Date, or of an occurrence after the Execution Date that would cause or constitute a Breach, in any material respect, of any such representation and warranty or covenant had such representation and warranty or covenants been made as of the time of occurrence or discovery of such fact or condition. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and if such breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, by the date set forth in Section 9.01(d)), then such breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions.** Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 **Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.**

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer (and, as applicable, its Affiliate Scout Energy Management LLC, to the extent Buyer appoints Scout Energy Management LLC as its agent to operate any of the Assets) shall obtain, and deliver to Seller evidence of, all necessary replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals as may be necessary for Buyer to own and, with respect to Assets currently operated by Seller or its Affiliates, operate the Assets. Promptly following the Closing, Buyer shall obtain or cause to be obtained in the name of Buyer or, as applicable, its Affiliate Scout Energy Management LLC, such insurance covering the Assets as would be obtained by a reasonably prudent operator in a similar situation.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings. Buyer shall indemnify, defend, and hold harmless Seller Group from and against all Damages arising out of Buyer's holding of such title or operatorship of the Assets after the Closing and prior to the securing of any necessary Consents and approvals of the Contemplated Transactions from Governmental Bodies.

6.04 **Governmental Reviews.** Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal

Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.01 **Accuracy of Representations.** All of Seller's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

7.02 **Seller's Performance.** All of the covenants and obligations that Seller is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

7.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Seller, or against any of Seller's Affiliates, any Proceeding (other than any matter initiated by either Buyer or its Affiliates) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

7.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 **Closing Deliverables.** Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

7.07 **Title Defect Values, Environmental Defect Values, etc**. The sum of (i) all Title Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (ii) the Aggregate Environmental Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, exceeds twenty-five percent (25%) of the unadjusted Purchase Price.

ARTICLE 8
CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE

Seller's obligation to sell the Assets and to take the other actions required to be taken by Seller at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Seller, in whole or in part):

8.01 **Accuracy of Representations.** All of Buyer's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

8.02 **Buyer's Performance.** All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Buyer or against any of its Affiliates, any Proceeding (other than any matter initiated by Seller or an Affiliate of Seller) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

8.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

8.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

8.06 **Closing Deliverables.** Buyer shall have delivered (or be ready, willing and able to deliver at the Closing) to Seller the documents and other items required to be delivered by Buyer under Section 2.04(b).

8.07 **Title Defect Values, Environmental Defect Values, etc**. The sum of (i) all Title Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (ii) the Aggregate Environmental Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (v) the aggregate downward Purchase Price adjustments under Section 11.03, exceeds twenty-five percent (25%) of the unadjusted Purchase Price.

8.08 **Qualifications.** Buyer shall have obtained or, where applicable caused its Affiliate Scout Energy Management LLC to obtain, all authorizations, qualifications, and approvals required to be obtained prior to Closing under Section 6.03(a).

ARTICLE 9
TERMINATION

9.01 **Termination Events.** This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied or waived in full, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) all of Buyer's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Seller to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived in full, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) all of Seller's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Buyer to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before April 15, 2018 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and non-appealable;

(f) by Seller if the Closing condition in Section 8.07 is not satisfied (or not possible of being satisfied at Closing);

(g) by Buyer if the Closing condition in Section 7.07 is not satisfied (or not possible of being satisfied at Closing; or

(h) by Seller if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date.

9.02 **Effect of Termination; Distribution of the Deposit Amount.**

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other with respect to the Deposit Amount pursuant to Section 9.02(b), (b) except to the extent either Party has received the Deposit Amount (or, with respect to Buyer, damages in an amount up to the Deposit Amount) as liquidated damages pursuant to Section 9.02(b), the termination of this Agreement shall not relieve any Party from liability for any failure to perform or observe in any material respect any of its agreements or covenants contained herein which are to be performed or observed at or prior to Closing, (c) except to the extent either Party has received the Deposit Amount (or, with respect to Buyer, damages in an amount up to the Deposit Amount) as liquidated damages pursuant to Section 9.02(b), to the extent such termination results from the material Breach by a Party of any of its covenants or agreements hereunder, the other Party shall be entitled to all remedies available at law or in equity with respect to such Breach and shall be entitled to recover court costs and reasonable attorneys' fees in addition to any other relief to which such Party may be entitled, and (d) the following provisions shall survive the termination: Article 1 , Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Seller has the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein), then, in either case, Seller shall have the right, at its sole

discretion, to receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller elects to terminate this Agreement pursuant to this Section 9.02(b)(i) and receive the Deposit Amount as liquidated damages, (x) the Parties shall, within two (2) Business Days of Seller's election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein), then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to retention of the Deposit Amount) seek to recover damages from Seller in an amount up to, but not exceeding the Deposit Amount, as liquidated damages (and not as a penalty). If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount as liquidated damages, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for a Party's material Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

9.03 **Return of Records Upon Termination.** Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy (at Seller's option) all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10

10.01 **Survival.** The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for twenty-four (24) months after Closing, (d) all covenants and agreements of Seller to be performed at or following the Closing shall survive until fully performed, (e) all other representations, warranties, covenants and agreements of Seller shall survive for twelve (12) months after Closing, provided, that the covenants of Buyer and Seller set forth in Section 13.02 shall survive for the applicable statute of limitations plus sixty (60) days and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) shall continue for twenty-four (24) months following the Closing Date. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Seller.** Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements of the Parties

contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and except for the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES**. Seller shall have no obligation to indemnify any of the Buyer Group for any Damages for which Buyer is obligated to indemnify Seller Group pursuant to Section 10.03.

10.03 **Indemnification and Payment of Damages by Buyer.** Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's or its Affiliate's access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, and except for Seller's termination rights under Article 9 of this Agreement, the remedies provided in this Article 10 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group; *provided* that Seller is entitled to any equitable remedies available under applicable Legal Requirements in connection with any Breach by Buyer of Article 13.

10.04 **Indemnity Net of Insurance.** The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Liability.** Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (a) for any Damages with respect to any occurrence, claim, award or judgment with respect to that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (b) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

10.06 **Procedure for Indemnification--Third Party Claims.**

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10

for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C) if the indemnified party is Buyer and such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims.** A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 **Indemnification of Group Members.** The indemnities in favor of Buyer and Seller provided in Section 10.08 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties.**

(A) **EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS**

AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.

(b) Buyer acknowledges and affirms that it has made its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test. THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT, EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability.** Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED**

TRANSACTIONS OR THIS AGREEMENT; *provided, however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication.** Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes.** Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission.** Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access.** Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Defect Notice Date, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or, in Seller's sole discretion, copies (which copies may, at Seller's sole discretion, be in electronic format), of all of the files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller has relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights.** Seller shall provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in accordance with Section 5.04. To the extent any such Preferential Purchase Rights are exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase

Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 **Consents.** Seller shall initiate all procedures required to comply with or obtain all Consents required for the transfer of the Assets in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer, and Buyer shall defend, release, indemnify and hold harmless Seller Group from and against the same.

(ii) If the Consent is a Required Consent, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Required Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects.** Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on March 21, 2018 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Well or Tract (or Lease or Fee

Mineral) or portion thereof (including by the currently producing formation, Target Formation or Service Formation, as applicable) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, (d) Buyer's preferred manner of curing such Title Defect, and (e) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the special warranty of Defensible Title in the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value.** The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable, and there is also a proportionate reduction in Working Interest for such Title Defect Property, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07(a) or Schedule 2.07(b), as applicable; and

(d) if the Title Defect represents an Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 **Seller's Cure or Contest of Title Defects.**

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Closing Date or, if later, after the date of resolution of such Title Defect or the Title Defect Value by an Expert pursuant to Section 11.15 (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date or, if later, after the applicable Expert Decision date. If Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) convey the affected Asset to Buyer and Buyer shall pay for the affected Asset at the Closing; *provided*, *however* that if Seller is unable to Cure the Title Defect within the time provided in this Section 11.06, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided*, *however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects.** Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Well or Tract is less than the De Minimis Title Defect Cost (and the aggregate of all Title Defect Values for all Title Defects based upon a single matter creating such Title Defect is less than the De Minimis Title Defect Cost), such value shall not be considered in calculating the Aggregate Title Defect Value.

11.08 **Title Benefits.** If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest in any Tract or Well above that shown in Schedule 2.07(a) or Schedule 2.07(b), as applicable, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07(b), (b) to decrease the Working Interest of Seller in any Well below that shown in Schedule 2.07(b), to the extent the same causes a decrease in Seller's Working Interest for such Well that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Schedule 2.07(b), or (c) to increase the Net Acres for a Tract as to the applicable Target Formation to an amount greater than the Net Acres for such Tract in Schedule 2.07(a) (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected (the "Title Benefit Properties"), the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Well and (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(b), then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(b); (iii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Tract and (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a), then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property multiplied by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07(a); (iv) if the Title Benefit represents a decrease of (A) Seller's Working Interest for any Title Benefit Property below (B) the Working Interest set forth for such Title Benefit Property in Schedule 2.07(b), then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property, multiplied by a fraction, the numerator of which is the Working Interest decrease and the denominator of which is the Working

Interest set forth for such Title Benefit Property in Schedule 2.07(b); (v) if the Title Benefit represents an increase in Net Acres of a Tract set forth in Schedule 2.07(a), then the Title Benefit Amount shall be determined by multiplying the Net Acre increase with respect to such Tract by the per-Net Acre Allocated Value; and (vi) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller, and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided, however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment.** Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01. Notwithstanding anything in this Agreement to the contrary, if (a) Buyer is not granted access to any Asset to conduct its Phase I Environmental Site Assessment of the Assets or (b) Buyer determines in good faith that (based on the results of its Phase I Environmental Site Assessment) sampling or testing of environmental media or operation of equipment is recommended on an Asset and Buyer is not granted permission and access to conduct such activities, then Buyer may elect to exclude such Asset, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets).

11.10 **Environmental Defect Notice.** Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Well, Lease or Unit affected; (ii) a complete and detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Seller's Exclusion, Cure or Contest of Environmental Defects.** Seller, in its sole discretion, (x) may elect to (A) exclude at Closing any Asset affected by an asserted Environmental Defect together with any Assets whose ownership cannot be practically separated from the affected Asset (the "Integral Assets"), which excluded Assets and Integral Assets will become a Retained Asset) if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and the Allocated Value of the Integral Assets and (B) reduce the Purchase Price by the Allocated Value(s) of the affected Asset(s) and any Integral Asset(s), (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a).

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Environmental Defect or the Environmental Defect Value by an Expert (the "Environmental Defect Cure Period") by giving written notice to Buyer to that effect prior to the Closing Date or, if later, after the applicable Expert Decision date, together with Seller's proposed plan and timing for such remediation, and Seller shall remain liable for all Damages arising out of or in connection with such Environmental Defect until such time as such remediation or cure is completed. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing, unless Seller elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and Buyer shall pay for the affected Asset(s) at the Closing; *provided*, *however* that if Seller is unable to complete a Complete Remediation of the Environmental Defect within the time provided in this Section 11.11, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Environmental Defect Value for such Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, the affected Asset(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 **Limitations.** Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. Only Environmental Defect Values that are equal to or greater than the De Minimis Environmental Defect Cost with respect to any single Environmental Defect for a Well, Lease or Unit shall be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies.** The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation**. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds One Million Dollars ($1,000,000) net to Seller's interest, Seller must elect by written notice to Buyer prior to Closing either to (a) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost, as promptly as reasonably practicable (which work may extend after the Closing Date), or (b) indemnify Buyer under an indemnification agreement mutually acceptable to the Parties against any costs or expenses that Buyer reasonably incurs to repair or restore the Assets subject to such Casualty Loss. In each case, Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise

agree in writing. Seller shall have no other liability or responsibility to Buyer with respect to a condemnation or Casualty Loss, even if such Casualty Loss shall have resulted from or shall have arisen out of the sole or concurrent negligence, fault, or violation of a Legal Requirement of Seller or any member of Seller Group.

11.15 **Expert Proceedings.**

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than ten (10) years' experience as a lawyer in the State of Texas with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
EMPLOYMENT MATTERS

12.01 **Available Employees' Offers and Post-Employee Start Date Employment and Benefits**.

(a) Following the Execution Date, Seller shall provide Buyer reasonable access to the Available Employees.

(b) Within two (2) Business Days of the Execution Date, Seller will provide Buyer with a list that sets forth the name of each Available Employee, and for each such individual, his or her name, job title, annualized salary or hourly wage, bonus eligibility/target, long-term incentive eligibility/target, vacation eligibility, hire date/start date, leave status (including expected duration of any leave), details of any visa, and any vehicle described on Exhibit A-6 assigned to the Available Employee by Seller (the "Available Employee List").

(c) Beginning seven (7) Business Days following the Execution Date and ending on March 16, 2018, Buyer or its Affiliate will may make written offers of employment to each Available Employee, with such offers providing such Available Employees at least five (5) Business Days to either accept or reject such offers, with such offers conditioned upon the occurrence of the Closing and effective as of the Employee Start Date. Any such offers of employment to Available Employees shall be at a base salary/wage rate that is no less than that in effect as of immediately before Closing and at a location within fifty (50) miles of the primary

location at which such Available Employee worked immediately prior to Closing. Further, each Available Employee accepting such an offer shall be entitled to participate in Buyer's or its Affiliate's employee benefits on the same terms as similarly situated current employees of Buyer or its Affiliate. Buyer will provide Seller a list indicating which Available Employees accepted or rejected their respective offer of employment from Buyer or its Affiliate. Buyer shall supplement this list to include any Available Employee whom Buyer hires within six (6) months of the Employee Start Date within three (3) Business Days of such hiring. **BUYER SHALL INDEMNIFY AND HOLD HARMLESS SELLER AND ITS AFFILIATES WITH RESPECT TO ALL CLAIMS AND LIABILITIES RELATING TO OR ARISING OUT OF BUYER'S OR ITS AFFILIATE'S EMPLOYEE SELECTION AND EMPLOYMENT OFFER PROCESS DESCRIBED IN THIS SECTION 12.01 (INCLUDING ANY CLAIM OF DISCRIMINATION OR OTHER ILLEGALITY IN SUCH SELECTION AND OFFER PROCESS).**

12.02 **Responsibility for Employee Matters**. Subject to Section 12.04, Seller shall have sole responsibility for, and will indemnify Buyer and its Affiliate for, all obligations to Seller's employees arising during their employment with Seller or in connection with the termination of their employment with Seller, including as to any obligations or rights arising under Seller's benefits, severance or other plans for the benefit of employees. Seller retains the right to terminate the employment of any Available Employee for any reason or at any time prior to the Employee Start Date.

12.03 **WARN Act**. From the date of this Agreement until the Employee Start Date, Seller shall not and shall cause its Affiliates not to, terminate the employment of any Available Employees such that a "plant closing" or "mass layoff" (as those terms are defined in the WARN Act or any similar state Legal Requirement) occurs prior to the Employee Start Date without complying with the WARN Act. Buyer agrees to provide any notice to

each Continuing Employee required under the WARN Act or any similar state Legal Requirement with respect to any "plant closing" or "mass layoff" affecting such Continuing Employee that may occur on or after his or her Employee Start Date.

12.04 **Severance Obligation**. If any Available Employee is entitled to severance benefits under Seller's Severance Plan as a result of a Qualifying Termination caused by the failure of Buyer to give an offer of employment to such Available Employee or the failure of Buyer to give an offer of employment to the Available Employee that would avoid a Qualifying Termination, the Purchase Price will be increased by the amount of severance benefits payable to such Available Employee, *provided* such Available Employee's Qualifying Termination occurs within thirty (30) days after the Closing Date. For purpose of clarity, any Available Employee who declines an offer of employment with Buyer is not entitled to severance benefits under Seller's Severance Plan since such offer avoids any Qualifying Termination.

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records.** Seller, at Buyer's cost and expense, shall deliver (a) all electronic Records to Buyer as soon as practical on or following the Closing Date (and shall use commercially reasonable efforts to deliver such electronic Records no later than three (3) Business Days

following the Closing Date) and (b) originals of all Records to Buyer (FOB Seller's office) within thirty (30) days after the last day of the term of the Transition Services Agreement. With respect to any original Records delivered to Buyer, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 **Expenses.**

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. Seller shall retain responsibility for, and shall bear, all Asset Taxes assessed with respect to the Assets for (i) any period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. All Asset Taxes with respect to the Assets arising on or after the Effective Time (including the portion of any Straddle Period beginning at the Effective Time) shall be allocated to and borne by Buyer. For purposes of allocation between the Parties of Asset Taxes assessed with respect to the Assets for any Straddle Period, (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons shall be allocated based on severance or production occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); (B) Asset Taxes that are based upon or related to income or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A)) shall be allocated based on revenues from sales occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time (which shall be Seller's responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). For purposes of the preceding sentence, any exemption, deduction, credit or other item that is calculated on an annual basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time and the portion of the Straddle Period beginning at the Effective Time. To the extent the actual amount of any Asset Taxes described in this Section 13.02(b) is not determinable at Closing, Buyer and Seller shall utilize the most recent information available in estimating

the amount of such Asset Taxes for purposes of Section 2.05. Upon determination of the actual amount of such Asset Taxes, timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(b). Any allocation of Asset Taxes between the Parties shall be in accordance with this Section 13.02(b).

(c) Except as required by applicable Legal Requirements, in respect of Asset Taxes, (i) Seller shall be responsible for timely remitting all (A) Asset Taxes due (excluding Ad Valorem and Property Taxes) with respect to the Assets for periods ending prior to the Closing Date, (B) Ad Valorem and Property Taxes due with respect to the Assets for periods ending prior to the Effective Time (no matter when due), and (C) Ad Valorem and Property Taxes due with respect to the Assets due prior to the Closing Date (subject, in each case, to Seller's right to reimbursement by Buyer under Section 13.02(b)), (ii) Buyer shall be responsible for timely remitting all (A) Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets for periods ending on or after the Closing Date, and (B) all Ad Valorem and Property Taxes due on or after the Closing Date (subject, in each case, to Buyer's right to reimbursement by Seller under Section 13.02(b)), in each case, to the applicable taxing authority, (iii) Seller shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets required to be filed for periods ending prior to the Closing Date, and (B) Tax Return for Ad Valorem and Property Taxes with respect to the Assets due prior to the Closing Date, and (iv) Buyer shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding Ad Valorem and Property Taxes) with respect to the Assets required to be filed for periods ending on or after the Closing Date, and (B) Tax Return for Ad Valorem and Property Taxes in respect to the Assets required to be filed on or after the Closing Date (including Tax Returns related to any Straddle Period). Each Party shall indemnify and hold the other Party harmless for any failure to file such Tax Returns and to make such payments. Buyer shall prepare all such Tax Returns relating to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any Tax Return relating to any Straddle Period for Seller's review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Seller provided to Buyer in advance of the due date for the filing of such Tax Return.

(d) Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

13.03 **Notices.** All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (c) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(D) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO**

CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.

13.05 **Further Assurances.** The Parties agree (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 **Waiver.** The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal

Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 **Entire Agreement and Modification.** This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights.** Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement (as distinguished from an assignment of the Assets after Closing) without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party), and (a) any assignment made without such consent shall be void, and (b) in the event of such consent, such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement shall be construed to give any Person other than the Parties or any other agreement contemplated herein (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns.

13.09 **Severability.** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

13.10 **Article and Section Headings, Construction.** The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts.** This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release.** If any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least one (1) Business Day prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof. Failure to provide comments back to the other Party within one (1) Business Day of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof, so long as the reviewing Party's name is not included in the release or announcement. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. **Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).**

13.13 **Confidentiality.** The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) the Purchase Price, anticipated Closing Date and actual Closing Date, and the Assets, including the location of the Assets and any characteristics of the Assets or economics related to the Assets, and (e) to the extent that such Party must disclose the same in any Proceeding brought by it to enforce its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. The covenant set forth in this Section 13.13 shall terminate two (2) years after the Closing Date.

13.14 **Name Change.** As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement.** Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 **Appendices, Exhibits and Schedules.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

iii. As result, the Parties agree no reduction to the Initial Citizen Agreed Value will be made for Citizen Title Defects, and the designated Citizen Substitute Leases with a cumulative value of $18,275,170.67 will be treated as Citizen Leases (and not Citizen True-Up Leases or Citizen Cost-Credited Leases) for all purposes under the Contribution Agreement.

iv. No additional Citizen Lease Designation Notice is required for the Citizen Substitute Leases.

2. Agreed Adjustments to Initial Value.

a. The Parties will include as adjustments to the Initial Linn Agreed Value and Initial Citizen Agreed Value:

i. any upward or downward adjustments related to Linn Additional Leases or Citizen Additional Leases (as further described by Sections 3.2 and 3.3 of the Contribution Agreement), other than the Linn Cost Credited Asset Acquisition Costs and Citizen Cost Credited Asset Acquisition Costs; and

ii. the "JIB Held" amounts as of the Closing Date (based on good faith estimates by Linn and Citizen of their net interests associated with these JIB Held amounts).

b. The Parties will include any corrections to the JIB Held amounts, final suspense amounts, and cash call balances that are not otherwise included in the Post-Closing Linn Statement or Post-Closing Citizen Statement in the final Monthly Settlement Statement under the Citizen MSA or Linn MSA, as applicable.

3. Post-Closing Settlement Statements. Linn and Citizen each provided their draft Post-Closing Linn Statement or Post-Closing Citizen Statement, as the case may be, on January 29, 2018, each of which are attached hereto as Exhibits C-1 and C-2, respectively; provided, however, that notwithstanding the provisions of the Contribution Agreement, Linn's Post-Closing Linn Statement set forth the proposed final calculation of the proposed adjustment to the Preliminary Linn Adjustment Amount (not the Preliminary Citizen Adjustment Amount); and Citizen's Post-Closing Citizen Statement set forth the proposed final calculation of the proposed adjustment to the Preliminary Citizen Adjustment Amount (not the Preliminary Linn Adjustment Amount). The Parties agree that the Post-Closing Linn Statement and the Post-Closing Citizen Statement are deemed to have been prepared and delivered in compliance with the Contribution Agreement. Linn and Citizen have each adjusted their Post-Closing Linn Statement and Post-Closing Citizen Statement in accordance with Paragraphs 4 and 5 below each of which are attached hereto as Exhibits D-1 and D-2, respectively and have been accepted without objection by either Party. Adjustments set forth in the Post-Closing Linn Statement and the Post-Closing Citizen Statement to the Preliminary Linn Adjustment Amount and the Preliminary Citizen Adjustment Amount as shown on Exhibits D-1 and D-2 shall be deemed to be the Final Linn Adjustment Amount and the Final Citizen Adjustment Amount, respectively.

4. True-Up Leases. The Parties hereby agree (for purposes of *Section 3.2(b)(vi)* and *3.3(b)(vi)* of the Contribution Agreement): there is a Citizen Delta Value (meaning the Relevant Linn Value is greater than the Relevant Citizen Value**,** and such positive difference between the Relevant Linn Value *minus* the Relevant Citizen Value *equals* the Citizen Delta Value), equal to $2,229,082.00, and Citizen hereby designates the Citizen Additional Leases identified on Exhibit E as Citizen True-Up Leases, insofar as they are needed to offset the Citizen Delta Value. The designated Citizen True-Up Leases will be treated as Citizen Leases (and not Citizen Cost Credited Leases) for all purposes under the Contribution Agreement. No additional Citizen Lease Designation Notice is required for the Citizen True-Up Leases.

5. Reimbursement for Cost Credited Assets:

a. The Parties agree that (i) attached hereto as Exhibit F are the Linn Cost Credited Asset Acquisition Costs (the "**Linn Total Costs**") for the remaining Linn Cost Credited Leases and associated Linn Additional Assets; and (ii) attached hereto as Exhibit G are the Citizen Cost Credited Asset Acquisition Costs (the "**Citizen Total Costs**") for the remaining Citizen Cost Credited Leases and associated Citizen Additional Assets.

b. Notwithstanding any contrary provisions of the Contribution Agreement, the Initial Linn Agreed Value and Initial Citizen Agreed Value will each be adjusted upward equally by the lesser amount of Linn Total Costs or Citizen Total Costs, which is an amount equal to $20,035,869.40 (the "**Equivalent Contribution Amount**") in lieu of any reimbursement from the Company (other than as described below), and without any obligation of either Linn or Citizen (nor any obligation of any member of the Company) to make any additional capital contributions to the Company (or any direct reimbursement) relative to such Linn Total Costs or Citizen Total Costs.

c. Notwithstanding any contrary provisions of the Contribution Agreement, the Parties further agree that (i) the Company will pay Linn (or its designee) a cash reimbursement equal to the Linn Total Costs less the Equivalent Contribution Amount, which equals $22,935,224.36 (the "**Full Reimbursement Amount**") on or before March 2, 2018; and (ii) neither Linn nor Citizen (nor any member of the Company) shall have any obligation to make any additional capital contributions to the Company (or any direct reimbursement) relative to such Full Reimbursement Amount.

d. This Section 5 of this Amendment sets forth the sole obligations and liabilities of the Parties (as well as any member of the Company) with regard to Linn Cost Credited Asset Acquisition Costs relating to any and all Linn Cost Credited Leases and associated Linn Additional Assets, and the Citizen Cost Credited Asset Acquisition Costs relating to any and all Citizen Cost Credited Leases and associated Citizen Additional Assets.

6. Conflict. To the extent any of the foregoing conflicts with the terms of the Contribution Agreement, the terms of this Letter Agreement will control.

7. Certain Provisions. The Parties acknowledge and agree that following Sections of the Contribution Agreement are incorporated herein by reference *mutatis mutandis*: Sections 1.2 (References and Rules of Construction), 17.1 (Governing Law), 17.2 (Conspicuous Language), 17.3 (Dispute Resolution), 17.4 (Counterparts), 17.5 (Notices), 17.6 (Expenses),17.7 (Waiver; Rights Cumulative), 17.10 (Parties in Interest), 17.11 (Binding Effect), 17.12 (Preparation of Agreement), 17.13 (Severability), 17.14 (Limitation on Damages), 17.15 (Assignment), and 17.9 (Amendment).

ARTICLE VI
CORPORATE GOVERNANCE

The following provisions are inserted for the management of the business and the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

In addition to the powers and authority expressly conferred upon them by statute or by this Certificate of Incorporation or the bylaws of the Corporation then in effect, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the DGCL, this Certificate of Incorporation, and the bylaws of the Corporation.

(2) The directors of the Corporation need not be stockholders of the Corporation, and need not be elected by written ballot unless the bylaws of the Corporation so provide.

(3) Special meetings of the stockholders, other than those required by statute, may be called at any time as set forth in the bylaws of the Corporation, and may be called upon the written request to the Secretary by one or more stockholders holding, in the aggregate, at least a majority of the voting power of the shares entitled to vote in the election of directors of the Corporation. Any such written request shall specify the time of such meeting and the general nature of the business proposed to be transacted and shall be delivered to the Secretary of the Corporation at the principal executive offices of the Corporation, and the Secretary shall, promptly following his or her receipt of such request, cause notice of such meeting to be given in accordance with the bylaws of the Corporation to each of the stockholders entitled to vote at such meeting.

(4) An annual meeting of stockholders, for the election of directors and for the transaction of such other business as may properly come before the meeting, shall be held at such place, on such date, and at such time as the Board of Directors shall fix.

At each annual meeting of stockholders, (i) directors shall be elected for a term of office to expire at the succeeding annual meeting of stockholders, with each director to hold office until his or her successor shall have been duly elected and qualified or, if earlier, until his or her death, resignation or removal; and (ii) directors may be elected to fill any vacancy on the Board of Directors, regardless of how such vacancy shall have been created. Vacancies on the Board of Directors may also be filled in the manner provided in the bylaws of the Corporation.

(2) Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the bylaws of the Corporation.

(3) Except as otherwise required by applicable law and subject to the rights of the holders of any series of Preferred Stock then outstanding, any one or more of the directors may be removed from office, with or without cause, by the affirmative vote or written consent of holders of a majority of the voting power of the shares entitled to vote generally in the election of directors of the Corporation, voting together as a single class.

The stockholders shall also have power to adopt, amend or repeal the bylaws of the Corporation, by the affirmative vote of the holders of at least a majority of the voting power of all of the then outstanding shares of the capital stock entitled to vote generally in the election of directors of the Corporation, voting together as a single class, provided, that any such adoption, amendment or repeal shall be subject to such additional restrictions (which may include, without limitation, supermajority stockholder approval to amend or repeal specifically enumerated provisions) if any, as are set forth in the bylaws of the Corporation as in effect at such time.

(2) As used herein, "Whole Board" shall mean, at any given time, the total number of directorships then authorized, whether or not any vacancies exist with respect to such directorships.

ARTICLE IX
SECTION 203 OF THE DGCL

The Corporation expressly elects not to be governed by Section 203 of the DGCL.

ARTICLE X
LIMITATION ON DIRECTOR LIABILITY

A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for any act or omission not in good faith or which involves intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. In the event that it is determined that Delaware law does not apply, the liability of a director of the Corporation to the company or its stockholders for monetary damages shall be eliminated to the fullest extent permissible under applicable law. Any repeal or modification of the foregoing paragraph shall not adversely affect any right or protection of a director of the Corporation existing at the time of such repeal or modification.

ARTICLE XI
INDEMNIFICATION OF DIRECTORS AND OFFICERS

(1) Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding"), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, manager, employee, agent or trustee of another corporation or of a limited liability company, partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter, a "Covered Person"), whether the basis of such proceeding is alleged action or inaction in an official capacity or in any other capacity while serving as a director, officer, manager, employee, agent or trustee, shall be indemnified and held harmless by the Corporation to the fullest extent permitted by Delaware law, as the same exists or may hereafter be amended from time to time (but in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all costs, charges, expenses, liabilities and losses (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such Covered Person in connection therewith, and that indemnification shall continue as to a Covered Person who has ceased to be a director, officer, manager, employee or agent and shall inure to the benefit of his or her heirs, executors, administrators and personal and legal representatives; *provided*, *however*, that, except as provided in Section 4 of this Article XI with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such Covered Person seeking indemnification in connection with a proceeding (or part thereof) initiated by that Covered Person, only if that proceeding (or part thereof) was authorized by the Board of Directors.

(2) Right to Advancement of Expenses. In addition to the right to indemnification conferred in Section 1 of this Article XI, a Covered Person shall also have the right to be paid by the Corporation the expenses (including attorney's fees) incurred in defending any such proceeding in advance of its final disposition (hereinafter an "advancement of expenses"); *provided*, *however*, that, if the DGCL requires, an advancement of expenses incurred by a Covered Person in his or her capacity as a director or an officer of the Corporation (and not in any other capacity in which service was or is rendered by such Covered Person, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an "undertaking"), by or on behalf of such Covered Person to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such Covered Person is not entitled to be indemnified for such expenses under this Section 2 of this Article XI or otherwise. No Covered Person will be required to post any bond or provide any other security with respect to any such undertaking.

(3) Primary Indemnitor. The Corporation hereby acknowledges that certain Covered Persons may have rights to indemnification and advancement of expenses (directly or through insurance obtained by any such entity) provided by one or more third parties (collectively, the "Other Indemnitors"), and which may include third parties for whom such Covered Person serves as a manager, member, officer, employee or agent. The Corporation hereby agrees and acknowledges that notwithstanding any such rights that a Covered Person may have with respect to any Other Indemnitor(s), (i) the Corporation is the indemnitor of first resort with respect to all Covered Persons and all obligations to indemnify and provide advancement of expenses to Covered Persons, (ii) the Corporation shall be required to indemnify and advance the full amount of expenses incurred by the Covered Persons, to the fullest extent required by law, the terms of this Certificate of Incorporation, the bylaws of the Corporation as in effect at such time, any agreement to which the Corporation is a party, any vote of the stockholders or the Board of Directors, or otherwise, without regard to any rights the Covered Persons may have against the Other Indemnitors and (iii) to the fullest extent permitted by law, the Corporation irrevocably waives, relinquishes and releases the Other Indemnitors from any and all claims for contribution, subrogation or any other recovery of any kind in respect thereof. The Corporation further agrees that no advancement or payment by the Other Indemnitors with respect to any claim for which the Covered Persons have sought indemnification from the Corporation shall affect the foregoing and the Other Indemnitors shall have a right of contribution and/or be subrogated to the extent of any such advancement or payment to all of the rights of recovery of the Covered Persons against the Corporation. These rights shall be a contract right, and the Other Indemnitors are express third party beneficiaries of the terms of this paragraph.

(4) Right of Claimant to Bring Suit. If a claim under this Article XI is not paid in full by the Corporation within 30 days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses in which case the applicable period shall be 20 days, the Covered Person may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. To the fullest extent permitted by law, if successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Covered Person shall also be entitled to be paid the expense of prosecuting or defending such suit. It shall be a defense to any suit brought by a Covered Person to enforce a right to indemnification hereunder (other than a suit brought to enforce a claim for advancement of expenses where the required undertaking, if any, has been tendered to the Corporation) that the Covered Person has failed to meet any applicable standard of conduct for indemnification set forth in the DGCL, but the burden of proving such defense shall be on the Corporation. In any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that the Covered Person has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its Board of Directors or a committee thereof, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Covered Person is permissible in the circumstances because he or she has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its Board of Directors or a committee thereof, independent legal counsel, or its stockholders) that the Covered Person has not met such applicable standard of conduct, shall be a defense to the suit or create a presumption that the Covered Person has not met the applicable standard of conduct or, in the case of such a suit brought by the Covered Person, be a defense to such suit). In any suit brought

by a Covered Person to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the Covered Person is not entitled to be indemnified, or to such advancement of expenses, under this Article XI or otherwise shall be on the Corporation.

(5) Non-Exclusivity of Rights. The right to indemnification and the advancement of expenses conferred in this Article XI shall not be exclusive of any other right that any person may have or hereafter acquire under any statute, any provision of this Certificate of Incorporation, the bylaws of the Corporation as in effect at such time, any agreement to which the Corporation is a party, any vote of the stockholders or the Board of Directors or otherwise.

(6) Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, manager, employee or agent of the Corporation or another corporation, limited liability company, partnership, joint venture, trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against that expense, liability or loss under Delaware law.

(7) Expenses as a Witness. To the extent any Covered Peron is by reason of the fact that he or she is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, manager, employee, agent or trustee of another corporation or of a limited liability company, partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan, a witness in any action, suit or proceeding, he or she shall be indemnified against all costs and expenses actually and reasonably incurred by him or her or on his or her behalf in connection therewith.

(8) Indemnification of Employees and Agents. The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the advancement of expenses incurred in defending any proceeding in advance of its final disposition, to any employee or agent of the Corporation to the fullest extent of the provisions of this Article XI with respect to the indemnification and advancement of expenses of directors and officers of the Corporation.

(9) Severability. If any provision or provisions of this Article XI shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (i) the validity, legality and enforceability of the remaining provisions of this Article XI (including, without limitation, each portion of any paragraph of this Article XI containing any such provision held to be invalid, illegal or unenforceable, that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby; and (ii) to the fullest extent possible, the provisions of this Article XI (including, without limitation, each such portion of any paragraph of this Article XI containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested by the provision held invalid, illegal or unenforceable.

(10) Nature of Rights; Amendments to this Article XI. The rights conferred upon Covered Person in this Article XI shall be contract rights and such rights shall continue as to a Covered Person who has ceased to be a director, officer, manager, employee, agent or trustee and shall inure to the benefit of the Covered Person’s heirs, executors and administrators. Any repeal,

amendment or modification of this Article XI or any of the provisions hereof that adversely affects any right of a Covered Person or its successors hereunder shall be prospective only and shall not limit, eliminate, impair or otherwise adversely affect any rights to indemnification and to the advancement of expenses of a Covered Person with respect to any proceeding involving any occurrence or alleged occurrence of any action or omission to act that took place prior to such repeal, amendment or modification.

ARTICLE XII
BUSINESS OPPORTUNITIES

(1) To the fullest extent permitted by Section 122(17) of the DGCL (or any successor provision) and except as may be otherwise expressly agreed in writing by the Corporation and any Dual Role Person (as defined below), the Corporation, on behalf of itself and its subsidiaries, renounces and waives any interest or expectancy of the Corporation and its subsidiaries in, or in being offered an opportunity to participate in, directly or indirectly, any potential transactions, matters or business opportunities (including, without limitation, any business activities or lines of business that are the same as or similar to those pursued by, or competitive with, the Corporation or any of its subsidiaries or any dealings with customers or clients of the Corporation or any of its subsidiaries) that are from time to time presented to any Dual Role Person, even if the transaction, matter or opportunity is one that the Corporation or its subsidiaries might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so and no such person shall be liable to the Corporation or any of its subsidiaries or Affiliates for breach of any fiduciary or other duty, as a director or officer or otherwise, by reason of the fact that such person pursues, acquires or participates in such business opportunity, directs such business opportunity to another person or fails to present such business opportunity, or information regarding such business opportunity, to the Corporation or its subsidiaries. Without limiting the foregoing renunciation, the Corporation acknowledges that certain of the stockholders are in the business of making investments in, and have investments in, other businesses similar to and that may compete with the Corporation's businesses ("Competing Businesses"), and agrees that each such stockholder shall have the right to make additional investments in or have relationships with other Competing Businesses independent of its investment in the Corporation. Any person purchasing or otherwise acquiring any interest in any shares of stock of the Corporation shall be deemed to have notice of and consented to the provisions of this paragraph. Neither the alteration, amendment or repeal of this paragraph, nor the adoption of any provision of this Certificate of Incorporation inconsistent with this paragraph, nor, to the fullest extent permitted by Delaware law, any modification of law, shall eliminate or reduce the effect of this paragraph in respect of any business opportunity first identified or any other matter occurring, or any cause of action, suit or claim that, but for this paragraph, would accrue or arise, prior to such alteration, amendment, repeal, adoption or modification. If any provision or provisions of this paragraph shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever: (a) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this paragraph (including, without limitation, each portion of any paragraph of this paragraph containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (b) to the fullest extent possible, the provisions of this paragraph (including, without limitation, each such portion of any paragraph of this paragraph containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the

Corporation to protect its directors, officers, employees and agents from personal liability in respect of their good faith service to or for the benefit of the Corporation to the fullest extent permitted by law. This paragraph shall not limit any protections or defenses available to, or indemnification or advancement rights of, any director or officer of the Corporation under this Certificate of Incorporation, the bylaws of the Corporation as in effect at such time, or applicable law.

(2) As used herein, (a) "Dual Role Person" shall mean any individual who is a director of the Corporation and is otherwise an employee, officer or a director of a stockholder, and (b) "Affiliate" shall mean with respect to any person, any other person directly or indirectly controlling, controlled by, or under common control with, such person as of the date on which, or at any time during the period for which, the determination of affiliation is being made (including any investment fund the primary investment manager or investment advisor to which is such person or its Affiliate); *provided* that for purposes of the definition of "Affiliate", (i) the term "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such person, whether through the ownership of voting securities, by contract or otherwise and (ii) the term "person" shall mean any individual, corporation, partnership, limited liability company, unincorporated association or other entity.

ARTICLE XIII
EXCLUSIVE FORUM

Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (the "Court of Chancery") shall be the sole and exclusive forum for any stockholder of the Corporation (including a beneficial owner of stock) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the DGCL or this Certificate of Incorporation or the bylaws of the Corporation, or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except as to each of (i) through (iv) above, for any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. If any provision or provisions of this Article XIII shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article XIII (including, without limitation, each portion of any sentence of this Article XIII containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

ARTICLE XIV
AMENDMENTS

The Corporation reserves the right to amend or repeal any provision contained in this Certificate of Incorporation in the manner prescribed by the laws of the State of Delaware and all rights conferred upon stockholders are granted subject to this reservation; *provided*, *however*, that, notwithstanding any other provision of this Certificate of Incorporation or any provision of law that might otherwise permit a lesser vote or no vote, but in addition to any vote of the holders of any class or series of the stock of this corporation required by law or by this Certificate of Incorporation, and the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all of the then outstanding shares of the capital stock of the Corporation entitled to vote thereon, voting together as a single class, shall be required to amend or repeal any provisions of this Article XIV, Section 3 of Article XI, or any of Articles VIII or XII.

Exhibit 3.2

FORM OF BYLAWS OF RIVIERA RESOURCES, INC.

As adopted on [ ], 2018

ARTICLE I - STOCKHOLDERS

Section 1. Annual Meeting.

(1) An annual meeting of the stockholders of Riviera Resources, Inc. (the "Corporation"), for the election of directors and for the transaction of such other business as may properly come before the meeting, shall be held at such place, on such date, and at such time as the Board of Directors (as defined below) shall fix.

(2) Nominations of persons for election to the Board of Directors and proposals of business to be transacted by the stockholders may be made at an annual meeting of stockholders (a) pursuant to the Corporation's proxy materials with respect to such meeting, (b) by or at the direction of the Board of Directors, or (c) by any stockholder of record of the Corporation (the "Record Stockholder") at the time of the giving of the Record Stockholder Notice (as defined below), who is entitled to vote at the meeting and who has complied with the notice procedures set forth in this Section 1 of Article I. For the avoidance of doubt, the foregoing clause (c) shall be the exclusive means for a stockholder to make nominations or propose business at an annual meeting of stockholders, other than, to the extent the Corporation is then subject to such Rule, business included in the Corporation's proxy materials pursuant to Rule 14a-8 under Securities Exchange Act of 1934, as amended (such act, and the rules and regulations promulgated thereunder, the "Exchange Act").

(3) For nominations of directors or proposals of business to be properly brought before an annual meeting by a Record Stockholder pursuant to clause (c) of the immediately preceding paragraph, (a) the Record Stockholder must have given timely notice thereof in writing ("Record Stockholder Notice") to the Secretary of the Corporation (the "Secretary") and (b) any such business must be a proper matter for stockholder action under Delaware law. To be timely, a Record Stockholder's notice shall be received by the Secretary at the principal executive offices of the Corporation not less than 45 nor more than 75 days prior to the one-year anniversary of the date on which the Corporation first mailed its proxy materials for the preceding year's annual meeting of stockholders; *provided*, *however*, that, (i) subject to the last sentence of this Section 1(3) of Article I, if the meeting is convened more than 30 days prior to or delayed by more than 30 days after the one-year anniversary of the preceding year's annual meeting, or if no annual meeting was held during the preceding year, notice by the Record Stockholder to be timely must be so received not later than the close of business on the later of (A) the 45th day before such annual meeting or (B) the 10th day following the date on which public announcement of the date

of such meeting is first made and (ii) in the event that the number of directors to be elected to the Board of Directors is increased and a public announcement naming all of the nominees for director or indicating the increase in the size of the Board of Directors is not made by the Corporation at least 10 days before the last day a Record Stockholder may timely deliver a notice of nomination in accordance with the foregoing provisions of this paragraph, a Record Stockholder Notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the date on which such public announcement is first made by the Corporation. Notwithstanding anything to the contrary in these Bylaws of the Corporation (these "Bylaws"), for the first annual meeting of the stockholders after the effective date of these Bylaws, to be timely, a Record Stockholder Notice shall be delivered to the Secretary at the principal executive offices of the Corporation no earlier than the close of business on the 75th day prior to the scheduled date of such annual meeting and not later than the close of business on the later of the date that is 45 days prior to the scheduled date of such annual meeting or 10 days following the date on which public announcement of the date of such meeting is first made by the Corporation. In no event shall an adjournment, or postponement of an annual meeting for which notice has been given, commence a new time period for the giving of a Record Stockholder Notice.

(4) Any Record Stockholder Notice shall set forth the following information:

(a) if such notice pertains to the nomination of directors, as to each person whom the Record Stockholder proposes to nominate for election or reelection as a director, all information relating to such person as would be required to be disclosed in a solicitation of proxies for the election of such nominee as a director pursuant to Regulation 14A under the Exchange Act, and such person's written consent to serve as a nominee and to serve as a director if elected;

(b) with respect to any other business that the Record Stockholder proposes to bring before the meeting, a brief description of such business, the reasons for conducting such business at the meeting, and any material interest that such Record Stockholder (and, if applicable, the beneficial owner on whose behalf the proposal is made) has in such business; and

(c) with respect to the Record Stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (each, a "party"):

(i) the name and address of each such party;

(ii)(A) the class, series, and number of shares of the Corporation that are owned, directly or indirectly, beneficially and of record by each such party, (B) any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of shares of the Corporation or with a value derived in whole or in part from the value of any class or series of shares of the Corporation, whether or not such instrument or right shall be subject to settlement in the underlying class or series of capital stock of the Corporation or otherwise (a

"Derivative Instrument") directly or indirectly owned beneficially by each such party, and any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of shares of the Corporation, (C) any proxy, contract, arrangement, understanding, or relationship pursuant to which each such party has a right to vote, directly or indirectly, any shares of any security of the Corporation, (D) any short interest in any security of the Corporation held by each such party (for purposes hereof, a person shall be deemed to have a short interest in a security if such person directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has the opportunity to profit or share in any profit derived from any decrease in the value of the subject security), (E) any rights to dividends on the shares of the Corporation owned beneficially directly or indirectly by each such party that are separated or separable from the underlying shares of the Corporation, (F) any proportionate interest in shares of the Corporation or Derivative Instruments held, directly or indirectly, by a general or limited partnership in which each such party is a general partner or, directly or indirectly, beneficially owns an interest in a general partner and (G) any performance-related fees (other than an asset-based fee) that each such party is directly or indirectly entitled to based on any increase or decrease in the value of shares of the Corporation or Derivative Instruments, if any, as of the date of such notice, and each such party shall supplement the information provided pursuant to the foregoing clauses (A) through (G), to the extent necessary, by the earlier of the 10th day after the record date for determining the stockholders entitled to vote at the meeting and the day prior to the meeting; and

(iii) any other information relating to each such party that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for, as applicable, the proposal and/or the election of directors in a contested election pursuant to Section 14 of the Exchange Act.

(5) A person shall not be eligible for election or re-election as a director at an annual meeting unless (i) the person is nominated by a Record Stockholder in accordance with Section 1(2)(c) of this Article I or (ii) the person is nominated by or at the direction of the Board of Directors. Only such business shall be conducted at an annual meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this Section 1 of Article I. The chairman of the meeting shall have the power and the duty to determine whether a nomination or any business proposed to be brought before the meeting has been made in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these Bylaws, to declare that such defectively proposed business or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

(6) As used in these Bylaws, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Sections 13, 14 or 15(d) of the Exchange Act.

(7) Notwithstanding the foregoing provisions of this Section 1 of Article I, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to matters set forth in this Section 1 of Article I. Nothing in this Section 1 of Article I shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act, to the extent applicable.

Section 2. Special Meetings.

(1) Special meetings of the stockholders, other than those required by statute, may be called at any time pursuant to a resolution adopted by the Board of Directors, or upon the written request to the Secretary by one or more stockholders holding, in the aggregate, at least a majority of the voting power of the shares entitled to vote in the election of directors of the Corporation. Any such written request shall specify the time of such meeting and the general nature of the business proposed to be transacted and shall be delivered to the Secretary at the principal executive offices of the Corporation, and the Secretary shall, promptly following his or her receipt of such request, cause notice of such meeting to be given in accordance with these Bylaws to each of the stockholders entitled to vote at such meeting. The Board of Directors may postpone or reschedule any previously scheduled special meeting called by the Board of Directors.

(2) The notice of a special meeting shall include the purpose for which such meeting is called. Only such business shall be conducted at a special meeting of stockholders as shall have been specified in the notice of such special meeting (or any supplement thereto).

(3) Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected, as follows: (a) by or at the direction of the Board of Directors or by any stockholder of record of the Corporation who is entitled to vote at such meeting and delivers (while it is a Record Stockholder) a written notice to the Secretary setting forth the information required by Sections 1(4)(a) and 1(4)(c) of Article I. Nominations by stockholders of persons for election to the Board of Directors may be made at such meeting only if the Record Stockholder's notice required by the immediately preceding sentence is received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the later of the 45th day prior to such special meeting and the 10th day following the date on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. In no event shall an adjournment, or postponement of a special meeting for which notice has been given, commence a new time period for the giving of a Record Stockholder's notice. A person shall not be eligible for election or reelection as a director at a special meeting of stockholders unless the person is nominated in accordance with this paragraph. Notwithstanding anything in this Section 2(3) of Article I or otherwise in these Bylaws to the contrary, this Section 2(3) of Article I shall not apply to any special meetings of the stockholders called at the request of stockholders to the extent permitted by Section 2(1) of Article I.

(4) Notwithstanding the foregoing provisions of this Section 2 of Article I, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to matters set forth in this Section 2 of Article I. Nothing in this Section 2 of Article I shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act, if the Corporation is then subject to such Rule.

Section 3. Notice of Meetings; Adjournment.

Notice of the place, date, and time of all meetings of the stockholders, the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, and the record date for determining the stockholders entitled to vote at the meeting, if such date is different from the record date for determining stockholders entitled to notice of the meeting, shall be given, not less than 10 days nor more than 60 days before the date on which the meeting is to be held, to each stockholder entitled to vote at such meeting as of the record date for determining the stockholders entitled to notice of the meeting, except as otherwise provided herein or required by law.

Any meeting of stockholders, whether annual or special, may be adjourned from time to time for any reason by either the chairman of the meeting, or by the vote of the holders of a majority in voting power of the shares present in person or represented by proxy and entitled to vote thereon, whether or not a quorum is present. When a meeting of stockholders is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place, if any, thereof, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting and the record date for determining the stockholders entitled to vote at the meeting (if such date is different from the record date for determining stockholders entitled to notice of the meeting) are announced at the meeting at which the adjournment is taken; *provided*, *however*, that if the date of any adjourned meeting is more than 30 days after the date for which the meeting was originally noticed, notice of the adjourned meeting shall be given to each stockholder in conformity herewith. If after the adjournment a new record date for stockholders entitled to vote at such meeting is fixed for the adjourned meeting, the Board of Directors shall fix a new record date for notice of such adjourned meeting, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors and, except as otherwise required by law, shall not be less than 10 nor more than 60 days before the date of such adjourned meeting, and shall give notice of the adjourned meeting to each Record Stockholder entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting. At any adjourned meeting, any business may be transacted which might have been transacted at the original meeting.

Section 4. Quorum.

At any meeting of the stockholders, the holders of a majority of the voting power of all of the shares of the stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for all purposes, unless or except to the extent that the presence of a larger number may be required by law or by the rules of any stock exchange upon which the Corporation’s securities are listed. Where a separate vote by a class or classes or series is required, a majority of the voting power of the shares of such class or classes or series present in person or represented by proxy shall constitute a quorum entitled to take action with respect to that vote on that matter.

If a quorum shall not be present or represented at any meeting of the stockholders, the chairman of the meeting or the stockholders entitled to vote thereon, by a majority in voting power thereof, present in person or represented by proxy, may adjourn the meeting in the manner provided in Section 3 of Article I, until a quorum shall be present or represented. A quorum, once established, shall not be broken by the withdrawal of enough stockholders to leave less than a quorum.

Section 5. Organization.

Such person as the Board of Directors may have designated or, in the absence of such a person, the Chairman of the Board or, in his or her absence, the Chief Executive Officer of the Corporation or, in his or her absence, such person as may be chosen by the holders of a majority of the voting power of the shares entitled to vote who are present, in person or by proxy, shall call to order any meeting of the stockholders and act as chairman of the meeting. In the absence of the Secretary, the secretary of the meeting shall be such person as the chairman of the meeting appoints.

Section 6. Conduct of Business.

The chairman of any meeting of stockholders shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him or her in order. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting.

Section 7. Proxies and Voting.

At any meeting of the stockholders, every stockholder entitled to vote may vote in person or by proxy authorized by an instrument in writing or by a transmission permitted by law filed in accordance with the procedure established for the meeting. Any copy, facsimile telecommunication or other reliable reproduction of the writing or transmission created pursuant to this paragraph may be substituted or used in lieu of the original writing or transmission for any and all purposes for which the original writing or transmission could be used, *provided*, that such copy, facsimile telecommunication or other reproduction shall be a complete reproduction of the entire original writing or transmission.

The Corporation may, and to the extent required by law, shall, in advance of any meeting of stockholders, appoint one or more inspectors to act at the meeting and make a written report thereof. The Corporation may designate one or more alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the person presiding at the meeting may, and to the extent required by law, shall, appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. Every vote taken by ballots shall be counted by a duly appointed inspector or inspectors.

All elections of directors of the Corporation shall be determined by a plurality of the votes cast, and except as otherwise required by law or the rules of any stock exchange upon which the Corporation's securities are listed or as otherwise provided in these Bylaws or the Certificate of Incorporation of the Corporation (the "Certificate of Incorporation"), all other matters shall be determined by a majority of the votes cast affirmatively or negatively, on such matter.

Section 8. Stockholder List.

The officer who has charge of the stock ledger of the Corporation shall, at least 10 days before every meeting of stockholders, prepare and make a complete list of stockholders entitled to vote at any meeting of stockholders, *provided*, *however*, if the record date for determining the stockholders entitled to vote is less than 10 days before the meeting date, the list shall reflect the stockholders entitled to vote as of the 10th day before the meeting date, arranged in alphabetical order and showing the address of each such stockholder and the number of shares registered in his or her name. Such list shall be open to the examination of any stockholder for a period of at least 10 days prior to the meeting in the manner provided by law.

A stock list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law. This list shall presumptively determine (a) the identity of the stockholders entitled to examine such stock list and to vote at the meeting and (b) the number of shares held by each of them.

ARTICLE II - BOARD OF DIRECTORS AND GOVERNANCE

Section 1. Number, Election and Term of Directors.

Subject to the rights of the holders of any series of preferred stock of the Corporation to elect additional directors under specified circumstances and except as provided otherwise in the Certificate of Incorporation, the total authorized number of directors shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by a majority of the Whole Board (as defined below). The directors, other than those who may be elected by the holders of any series of preferred stock under specified circumstances, shall be of one class and each director shall serve until his or her successor shall have been duly elected and qualified or, if earlier, until his or her death, resignation or removal. As used in these Bylaws, "Whole Board" shall mean, at any given time, the total number of directorships then authorized, whether or not any vacancies exist with respect to such directorships.

Section 2. Newly Created Directorships and Vacancies.

Subject to the rights of the holders of any series of preferred stock of the Corporation then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, disqualification, removal from office or other cause may be filled (a) by the stockholders at a special meeting or an annual meeting, or by the written consent of holders of a majority of the voting power of the shares entitled to vote in connection with the election of the directors of the Corporation, voting together as a single class or (b) by a majority vote of the directors then in office, though less than a quorum, or by a sole remaining director. Any director elected in accordance with this Section 2 of Article II shall hold office for the remainder of the term of the director for whom the vacancy was created or occurred and until such director's successor shall have been duly elected and qualified or, if earlier, such director's death, resignation or removal. No decrease in the authorized number of directors shall shorten the term of any incumbent director.

Section 3. Regular Meetings.

Regular meetings of the Board of Directors shall be held at such place or places, on such date or dates, and at such time or times as shall have been established by the Board of Directors and publicized among all directors. A notice of each regular meeting shall not be required.

Section 4. Special Meetings.

Special meetings of the Board of Directors may be called by the Chairman of the Board or the Chief Executive Officer, or by any two or more directors and shall be held on such date and at such place and time as the person(s) calling such meeting shall fix. At least 24 hours' notice of the place, date, and time of each such special meeting shall be given to each director by whom it is not waived and such notice will be effective (i) when received if given in a writing delivered by hand or courier, (ii) when given, if by telephone or in person, or (iii) when transmitted with transmission confirmed, if sent by e-mail or by facsimile to the director's residence or usual place of business, to an email address or facsimile number, as applicable to which the director has expressly consented to receive notice. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting.

Section 5. Quorum.

A majority of the Whole Board shall constitute a quorum for all purposes at any meeting of the Board of Directors (unless the Certificate of Incorporation provides for a vote on a particular matter by the Disinterested Directors (as defined in Section 6 of Article VIII), in which case a majority of the Disinterested Directors shall constitute a quorum for such matter). If a quorum shall fail to attend any meeting, a majority of those present may adjourn the meeting to another place, date, or time, without further notice or waiver thereof.

Section 6. Participation in Meetings by Conference Telephone.

Members of the Board of Directors, or of any committee thereof, may participate in a meeting of such Board of Directors or committee by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

Section 7. Conduct of Business.

At any meeting of the Board of Directors, business shall be transacted in such order and manner as the Board of Directors may from time to time determine, and, except as otherwise expressly required by law or the Certificate of Incorporation, all matters shall be determined by the affirmative vote of a majority of the directors present at any meeting at which a quorum is present. Action may be taken by the Board of Directors without a meeting if all members thereof consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 8. Resignations and Removal of Directors.

Any director of the Corporation may resign from the Board of Directors or any committee thereof at any time, by giving notice in writing to the Chairman of the Board, if there be one, or the Chief Executive Officer or the Secretary and, in the case of a committee, to the chairman of such committee, if there be one. Such resignation shall take effect at the time therein specified or, if no time is specified, immediately; and, unless otherwise specified in such notice, the acceptance of such resignation shall not be necessary to make it effective. Except as otherwise required by applicable law and subject to the rights of the holders of any series of preferred stock of the Corporation then outstanding, directors may be removed from office with or without cause by the affirmative vote of holders of a majority of the voting power of the shares entitled to vote in connection with the election of the directors of the Corporation, voting together as a single class. Any director serving on a committee of the Board of Directors may be removed from such committee at any time by the Board of Directors.

Section 9. Compensation of Directors.

Unless otherwise restricted by the Certificate of Incorporation, the Board of Directors shall have the authority to fix the compensation of the directors. The directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed sum for attendance at each meeting of the Board of Directors or paid a stated salary or paid other compensation as director. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Members of special or standing committees may be allowed compensation for attending committee meetings.

ARTICLE III - COMMITTEES

Section 1. Committees of the Board of Directors.

The Board of Directors may from time to time designate committees of the Board of Directors, with such lawfully delegable powers and duties as it thereby confers, to serve at the pleasure of the Board of Directors and shall, for those committees and any others provided for herein, elect a director or directors to serve as the member or members, designating, if it desires, other directors as alternate members who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of any member of any committee and any alternate member in his or her place, the member or members of the committee present at the meeting and not disqualified from voting, whether or not he or she or they constitute a quorum, may by unanimous vote appoint another member of the Board of Directors to act at the meeting in the place of the absent or disqualified member.

Section 2. Conduct of Business.

Each committee may determine the procedural rules for meeting and conducting its business and shall act in accordance therewith, except as otherwise provided herein or required by law. Adequate provision shall be made for notice to members of all meetings. The presence of at least a majority of the members of the committee shall constitute a quorum for the transaction of business. All matters shall be determined by a majority vote of the members present at any meeting at which a quorum is present. Action may be taken by any committee without a meeting if all members thereof consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of the proceedings of such committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

ARTICLE IV - OFFICERS

Section 1. Generally.

The Board of Directors, at its next meeting following each annual meeting of the stockholders, shall elect officers of the Corporation, including a Chief Executive Officer and a Secretary. The Board of Directors may also from time to time elect such other officers as it may deem proper or may delegate to any elected officer of the Corporation the power to appoint and remove any such other officers and to prescribe their respective terms of office, authorities and duties. Any Vice President may be designated Executive, Senior or Corporate, or may be given such other designation or combination of designations as the Board of Directors or the Chief Executive Officer may determine. Any two or more offices may be held by the same person. The Board may also elect or appoint a Chairman of the Board, who may or may not also be an officer of the Corporation.

Section 2. Terms of Office.

All officers of the Corporation elected by the Board of Directors shall hold office for such terms as may be determined by the Board or, except with respect to his or her own office, the Chief Executive Officer, or until their respective successors are chosen and qualified or until his or her earlier resignation or removal. Any officer may be removed from office at any time either with or without cause by affirmative vote of a majority of the members of the Board then in office, or, in the case of appointed officers, by any elected officer upon whom such power of removal shall have been conferred by the Board of Directors. A vacancy in any office because of death, resignation, removal, disqualification or otherwise shall be filled by the Board in the manner prescribed in these Bylaws for election or appointment to such office.

Section 3. Powers and Duties.

Each of the officers of the Corporation elected by the Board of Directors or appointed by an officer in accordance with these Bylaws shall have the powers and duties prescribed by law, by these Bylaws or by the Board and, in the case of appointed officers, the powers and duties prescribed by the appointing officer, and, unless otherwise prescribed by these Bylaws or by the Board of Directors or such appointing officer, shall have such further powers and duties as ordinarily pertain to that office. The Chief Executive Officer shall have authority over the general direction of the affairs of the Corporation.

Section 4. Delegation of Authority.

The Board of Directors may from time to time delegate the powers or duties of any officer to any other officers or agents, notwithstanding any provision hereof.

Section 5. Action with Respect to Securities of Other Corporations.

Unless otherwise directed by the Board of Directors, the President or any officer of the Corporation authorized by the President shall have power to vote and otherwise act on behalf of the Corporation, in person or by proxy, at any meeting of security holders of or with respect to any action of security holders of any other corporation or entity in which this Corporation may hold securities and otherwise to exercise any and all rights and powers which this Corporation may possess by reason of its ownership of securities in such other corporation or entity.

ARTICLE V - INFORMATION RIGHTS

Section 1. Financial Statements and Periodic Reports.

At all times when the Corporation is not obligated to file reports under Section 13 or Section 15(d) of the Exchange Act, the Corporation shall provide the following information to each holder of the Corporation's Common Stock, par value $0.01 per share (the "Common Stock" and each such holder, a "Common Stockholder"), and shall satisfy such obligation by timely posting all such information to its website and making such information accessible to the general public, or by timely and publicly filing all such information with the Securities and Exchange Commission on Form 10-K, Form 10-Q or Form 8-K, as applicable, as if the Corporation were required to file such reports under the Exchange Act:

(1) for each fiscal year of the Corporation ending on or after December 31, 2018, copies of an annual report on Form 10-K for such fiscal year, which report shall be delivered no later than ninety (90) days following the end of such fiscal year and shall include the same information and disclosures as the Corporation would be required to include in such report if it were a reporting company under the Exchange Act, including, without limitation, (a) consolidated financial statements of the Corporation and its subsidiaries as of the end of such fiscal year, which financial statements shall (i) include a comparison to the prior fiscal year results, (ii) be prepared in accordance with generally accepted accounting principles as in effect from time to time in the United States ("GAAP") and (iii) be audited by a nationally recognized accounting firm approved by the Board of Directors and accompanied by a report and opinion thereon by such accounting firm prepared in accordance with GAAP and (b) a management discussion and analysis of financial condition and results of operations with respect to such financial statements (an "MD&A");

(3) from time to time after the occurrence of any event that the Corporation would be required to report on a Form 8-K if it had been a reporting company under the Exchange Act, a current report on Form 8-K containing the same information as would be required to be contained in, and within the timing required by, a Current Report on Form 8-K under the Exchange Act;

(4) a complete transcript of each quarterly conference call hosted by the Corporation pursuant to Section 2 of this Article V, which transcript shall be provided no later than two Business Days after the date of such conference call; and

As used in these Bylaws, "Business Day" shall mean any day other than a Saturday, Sunday or day on which commercial banks in the State of Texas or the State of New York are authorized or required by law to close for business.

Section 2. Quarterly Conference Calls.

The Corporation shall host, and each Common Stockholder shall have access to, quarterly conference calls with senior officers of the Corporation to discuss the results of operations for the relevant reporting period, which calls shall (except as otherwise determined by the Board of Directors with respect to any particular reporting period) include a reasonable and customary question and answer session; *provided*, that such obligation with respect to quarterly conference calls shall commence in connection with the Corporation's results of operations for the three months ended June 30, 2018. Each such quarterly and annual call shall be hosted no later than thirty days after the Corporation provides the corresponding annual or quarterly financial statements to Common Stockholders in accordance with this Article V.

Section 3. Rule 144, 144A and Section 4(a)(7) Information.

With a view to making available to Common Stockholders the benefits of Section 4(a)(7), Rule 144A promulgated under the Securities Act (as may be amended from time to time, "Rule 144A") and Rule 144 promulgated under the Securities Act (as may be amended from time to time, "Rule 144") and other rules and regulations of the U.S. Securities and Exchange Commission that may at any time permit a Common Stockholder to sell shares of Common Stock to the public without registration, the Corporation shall use commercially reasonable efforts to (i) post to the Corporation's website in a timely manner all reports and other documents required, if any, to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted thereunder and (ii) make and keep publicly available all information necessary to comply with Section 4(a)(7), Rule 144A and Rule 144 with respect to resales of shares of Common Stock, to the extent required from time to time to enable Common Stockholders to sell shares of Common Stock without registration under the Securities Act within the limitation of the exemptions provided by (x) Section 4(a)(7), Rule 144A and Rule 144 or (y) any other rules or regulations now existing or hereafter adopted by the U.S. Securities and Exchange Commission. Upon the reasonable request of any Common Stockholder, the Corporation will deliver to such Common Stockholder a written statement as to whether it has complied with such information requirements, and, if not, the specific reasons for non-compliance.

ARTICLE VI - STOCK

Section 1. Certificates of Stock.

The shares of capital stock of the Corporation may be in certificated or uncertificated form at the discretion of the Board. Each holder of stock represented by certificates shall be entitled to a certificate signed by, or in the name of the Corporation by, the President or a Vice President, and by the Secretary or an Assistant Secretary, or the Treasurer or an Assistant Treasurer, certifying the number of shares owned by him or her. Any or all of the signatures on the certificate may be by facsimile. If an officer, transfer agent or registrar of the Corporation who has signed or whose facsimile signature has been placed upon a certificate is no longer serving in that capacity when the certificate is issued, it may be issued by the Corporation with the same effect as if that person were still serving in that capacity at the time of issue.

Section 2. Transfers of Stock.

Transfers of stock shall be made only upon the transfer books of the Corporation kept at an office of the Corporation or by transfer agents designated to transfer shares of the stock of the Corporation. Except where a certificate is issued in accordance with Section 4 of Article VI of these Bylaws, an outstanding certificate for the number of shares involved, if one has been issued, shall be surrendered for cancellation before a new certificate, if any, is issued therefor.

Section 3. Record Date.

In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board of Directors may, except as otherwise required by law, fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be less than 10 days nor more than 60 days before the date of such meeting. If the Board of Directors so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of and to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; *provided*, *however*, that the Board of Directors may fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance with the foregoing provisions of this Section 3 of Article VI at the adjourned meeting.

In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 4. Lost, Stolen or Destroyed Certificates.

In the event of the loss, theft or destruction of any certificate of stock, another may be issued in its place pursuant to such regulations as the Board of Directors may establish concerning proof of such loss, theft or destruction and concerning the giving of a satisfactory bond or bonds of indemnity.

Section 5. Registered Stockholders.

The Corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and to hold liable for calls and assessments a person registered on its books as the owner of shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of the State of Delaware.

Section 6. Additional Regulations.

The issue, transfer, conversion and registration of certificates of stock shall be governed by such other regulations as the Board of Directors may establish from time to time.

ARTICLE VII - NOTICES

Section 1. Notices.

If mailed, notice to stockholders shall be deemed given when deposited in the mail, postage prepaid, directed to the stockholder at such stockholder’s address as it appears on the records of the Corporation. Without limiting the manner by which notice otherwise may be given effectively to stockholders, any notice to stockholders may be given by electronic transmission in the manner provided in Section 232 of the General Corporation Law of the State of Delaware (the “DGCL”).

Section 2. Waivers.

A written waiver of any notice, signed by a stockholder or director, or waiver by electronic transmission by such person, whether given before or after the time of the event for which notice is to be given, shall be deemed equivalent to the notice required to be given to such person. Neither the business nor the purpose of any meeting need be specified in such a waiver. Attendance of a person at any meeting, present in person or represented by proxy, shall constitute waiver of notice except attendance for the express purpose of objecting at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened.

ARTICLE VIII - MISCELLANEOUS

Section 1. Facsimile Signatures.

In addition to the provisions for use of facsimile signatures elsewhere specifically authorized in these Bylaws, facsimile signatures of any officer or officers of the Corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

Section 2. Corporate Seal.

The Board of Directors may provide a suitable seal, containing the name of the Corporation, which seal shall be in the charge of the Secretary. If and when so directed by the Board of Directors or a committee thereof, duplicates of the seal may be kept and used by the Treasurer or by an Assistant Secretary or Assistant Treasurer.

Section 3. Reliance upon Books, Reports and Records.

Each director, each member of any committee designated by the Board of Directors, and each officer of the Corporation shall, in the performance of his or her duties, be fully protected in relying in good faith upon the books of account or other records of the Corporation and upon such information, opinions, reports or statements presented to the Corporation by any of its officers or employees, or committees of the Board of Directors so designated, or by any other person as to matters which such director, committee member or officer reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

Section 4. Fiscal Year.

The fiscal year of the Corporation shall be as fixed by the Board of Directors.

Section 5. Time Periods.

In applying any provision of these Bylaws which requires that an act be done or not be done a specified number of days prior to an event or that an act be done during a period of a specified number of days prior to an event, calendar days shall be used, the day of the doing of the act shall be excluded, and the day of the event shall be included.

Section 6. Affiliate Transactions; Certain Definitions.

The Corporation shall not, and shall not cause or permit any of its subsidiaries to, enter into, consummate, amend, modify (including by waiver) or terminate any Affiliate Transaction or any agreement with respect thereto, unless it (a) is on Arm's Length Terms and (b) is approved by a majority of the directors who were not appointed by, are not otherwise affiliated with, the Related Party to which the Affiliate Transaction relates or any Affiliate of such Related Party (such directors, the "Disinterested Directors").

As used in these Bylaws, the following terms shall have the meanings set forth below:

"Affiliate" shall mean, with respect to any person, any other person directly or indirectly controlling, controlled by, or under common control with, such person as of the date on which, or at any time during the period for which, the determination of affiliation is being made (including any investment fund the primary investment manager or investment advisor to which is such person or its Affiliate). For purposes of this definition, the term "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such person, whether through the ownership of voting securities, by contract or otherwise.

"Affiliate Transaction" shall mean any contract, agreement, transaction or other arrangement (whether written or unwritten) between the Corporation or any of its subsidiaries, on the one hand, and any Stockholder or any Affiliate (including any portfolio company or funds under management of such Stockholder or its Affiliates) of any stockholder of the Corporation, on the other hand; *provided*, that it shall not include any contract, agreement, transaction or other arrangement that is solely between the Corporation and/or any one or more of its wholly-owned subsidiaries.

"Arm's Length Terms" shall mean, with respect to any agreement or transaction, that the terms thereof are at least as favorable to the Corporation (or any subsidiary) as could reasonably be obtained from an independent third party (including with respect to prevailing market terms and pricing provisions).

"Majority Stockholder Approval" means, with respect to any matter, the affirmative vote or written consent of one or more stockholders then holding, in the aggregate, a majority of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

"Related Party" shall mean a stockholder of the Corporation who, collectively with its Affiliates (including any controlled portfolio companies and funds under management of such stockholder or its Affiliates), holds more than ten percent (10.0%) of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally in the election of directors of the Corporation.

"Supermajority Stockholder Approval" means, with respect to any matter, the affirmative vote or written consent of one or more stockholders then holding, in the aggregate, at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Section 7. Actions Requiring Stockholder Approval.

(1) Notwithstanding anything to the contrary contained in these Bylaws or that a lesser percentage vote or consent may be required under the DGCL or other applicable law, until the earlier of (i) the date the Common Stock is listed on a national securities exchange in the United States (a "Listing") or (ii) the consummation of the first public offering and sale of Common Stock (other than on Forms S-4 or S-8 or their equivalent), pursuant to an effective registration statement

under the Securities Act (an "IPO"), the Corporation shall not, and shall not permit or cause any of its subsidiaries to, cause or engage in any of the following transactions or take any of the following actions, without first obtaining (in addition to authorization by the Board of Directors) Majority Stockholder Approval, and any such transaction or action shall not be authorized unless and until such approval is obtained:

(a) any merger, consolidation, recapitalization, reorganization or other similar transaction involving the Corporation or any of its material subsidiaries in which the holders of the Common Stock (or equivalent securities of any subsidiary) immediately prior to such transaction hold in the aggregate less than a majority of the outstanding voting equity securities of the surviving entity immediately after such transaction (other than pursuant to any merger, consolidation, recapitalization, reorganization or similar transactions solely between wholly-owned subsidiaries of the Corporation);

(b) any sale, lease, conveyance or other disposition of all or substantially all of the assets of the Corporation and its subsidiaries on a consolidated basis, or of any of its material subsidiaries (other than pursuant to any sale, lease, conveyance or other disposition solely between wholly-owned subsidiaries of the Corporation);

(c) the liquidation, dissolution or winding up of any material subsidiary of the Corporation, or the taking of any action that results in the liquidation, dissolution or winding up of any material subsidiary of the Corporation; or

(d) the entering into of any contract, agreement, or binding arrangement or commitment to do or engage in any of the foregoing, unless such transaction or action is conditioned on such Majority Stockholder Approval.

(2) Notwithstanding anything to the contrary contained in these Bylaws or that a lesser percentage vote or consent may be required under the DGCL or other applicable law, until the earlier of a Listing or the consummation of an IPO, the Corporation shall not, and shall not permit or cause any of its subsidiaries to, cause or engage in any of the following transactions or take any of the following actions, without first obtaining (in addition to authorization by the Board of Directors) Supermajority Stockholder Approval, and any such transaction or action shall not be authorized unless and until such approval is obtained:

(a) the liquidation, dissolution or winding up of the Corporation on a going concern basis, or the taking of any action that results in the liquidation, dissolution or winding up of the Corporation on a going concern basis; or

(b) the entering into of any contract, agreement, or binding arrangement or commitment to do or engage in any of the foregoing, unless such transaction or action is conditioned on such Supermajority Stockholder Approval.

ARTICLE IX - AMENDMENTS

In furtherance and not in limitation of the powers conferred by law, the Board of Directors is expressly authorized to adopt, amend and repeal these Bylaws pursuant to a resolution adopted by a majority of the Whole Board, subject to the power of the holders of capital stock of the

Corporation to adopt, amend or repeal these Bylaws by Majority Stockholder Approval (in addition to any approval by the holders of any particular class or series of capital stock required by law or these Bylaws or the terms of any preferred stock of the Corporation). Notwithstanding the foregoing, until the earlier of a Listing and the consummation of an IPO, none of the provisions of Article V, Sections 6 or 7 of Article VIII, or this Article IX shall be repealed or amended in any manner that is materially adverse to any stockholder, unless such repeal or amendment shall have been approved by Supermajority Stockholder Approval.

ARTICLE X - CONFLICTS WITH CERTIFICATE OF INCORPORATION

Notwithstanding anything to the contrary contained in these Bylaws, to the extent that any provision set forth herein conflicts with or is inconsistent with any provision of the Certificate of Incorporation, the provision set forth in the Certificate of Incorporation shall take precedence and shall control, to the fullest extent permitted by applicable law.

If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

3.2 Grants of Awards. The Committee shall have full authority to grant, pursuant to the terms of the Plan, to Eligible Individuals: (i) Options; (ii) Restricted Units, (iii) Performance Awards; (iv) Other Unit-Based Awards; and (v) Other Cash-Based Awards. In particular, the Committee shall have the authority:

(a) to select the Eligible Individuals to whom Awards may from time to time be granted hereunder, subject, for the avoidance of doubt, to the limitations set forth in Section 4.1;

(b) to determine whether and to what extent Awards, or any combination thereof, are to be granted hereunder to one or more Eligible Individuals, subject, for the avoidance of doubt, to the limitations set forth in Section 4.1;

(c) to determine the number of Units to be covered by each Award granted hereunder;

(d) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder (including, but not limited to, the exercise or purchase price (if any), any restriction or limitation, any vesting schedule or acceleration thereof, or any forfeiture restrictions or waiver thereof, regarding any Award and the Units relating thereto, based on such factors, if any, as the Committee shall determine, in its sole discretion);

(e) to determine the amount of cash to be covered by each Award granted hereunder;

(f) to determine whether, to what extent and under what circumstances grants of Options and other Awards under the Plan are to operate on a tandem basis and/or in conjunction with or apart from other awards made by the Company outside of the Plan;

(g) to determine whether and under what circumstances an Option may be settled in cash, Units and/or Restricted Units under Section 6.3(d);

(h) to impose a “blackout” period during which Options may not be exercised;

(i) to determine whether to require a Participant, as a condition of the granting of any Award, to not sell or otherwise dispose of Units acquired pursuant to the exercise of an Award for a period of time as determined by the Committee, in its sole discretion, following the date of the acquisition of such Award;

(j) to modify, extend or renew an Award, subject to Article XII and Section 6.3(k), provided, however, that such action does not subject the Award to Section 409A of the Code without the consent of the Participant; and

(k) solely to the extent permitted by applicable law, to determine whether, to what extent and under what circumstances to provide loans (which may be on a recourse basis and shall bear interest at the rate the Committee shall provide) to Participants in order to exercise Options under the Plan.

For the sake of clarity and to the extent permitted by applicable law, the Board or the Committee may delegate to an officer of the Company the authority to make Awards hereunder.

3.3 Guidelines. Subject to Article XII hereof, the Committee shall have the authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan and perform all acts, including the delegation of its responsibilities (to the extent permitted by applicable law and applicable stock exchange rules), as it shall, from time to time, deem advisable; to construe and interpret the terms and provisions of the Plan and any Award issued under the Plan (and any Award Agreements relating thereto); and to otherwise supervise the administration of the Plan. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any agreement relating thereto in the manner and to the extent it shall deem necessary to effectuate the purpose and intent of the Plan. The Committee may adopt special guidelines and provisions for persons who are residing in or employed in, or subject to, the taxes of, any domestic or foreign jurisdictions to comply with applicable tax and securities laws of such domestic or foreign jurisdictions. Notwithstanding the foregoing, no action of the Committee under this Section 3.3 shall impair the rights of any Participant without the Participant's consent. To the extent applicable, the Plan is intended to comply with the applicable requirements of Rule 16b-3, and the Plan shall be limited, construed and interpreted in a manner so as to comply therewith.

3.4 Decisions Final. (b) The Committee may employ such legal counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant and any computation received from any such consultant or agent. Expenses incurred by the Committee or the Board in the engagement of any such counsel, consultant or agent shall be paid by the Company. The Committee, its members and any person designated or granted authority pursuant to sub-section (a) above shall not be liable for any action or determination made in good faith with respect to the Plan. To the maximum extent permitted by applicable law, no officer or employee of the Company or its Affiliates or member or former member of the Committee or of the Board shall be liable for any action or determination made in good faith with respect to the Plan or any Award granted under it.

ARTICLE IV
UNIT LIMITATION

4.1 Units. (a) The aggregate number of Units that may be issued or used for reference purposes or with respect to which Awards may be granted under the Plan shall not exceed Units (subject to any increase or decrease pursuant to Section 4.2) (the "Unit Reserve"), all of which may be either authorized and unissued Units or Units held in or acquired for the treasury of the Company or both.

(b) If any Option or Other Unit-Based Award granted under the Plan expires, terminates or is canceled for any reason without having been exercised in full, the number of Units underlying any unexercised Award shall again be available for the purpose of Awards under the Plan. If any Restricted Units, Performance Awards or Other Unit-Based Awards denominated in Units awarded under the Plan to a Participant are forfeited for any reason, the number of forfeited Restricted Units, Performance Awards or Other Unit-Based Awards denominated in Units shall again be available for purposes of Awards under the Plan. Any Award under the Plan settled in cash shall not be counted against the foregoing maximum Unit limitations.

4.2 Changes.

(a) The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the unitholders of the Company to make or authorize (i) any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, (ii) any merger or consolidation of the Company or any Affiliate, (iii) any issuance of bonds, debentures, preferred or prior preference units ahead of or affecting the Units, (iv) the dissolution or liquidation of the Company or any Affiliate, (v) any sale or transfer of all or part of the assets or business of the Company or any Affiliate or (vi) any other corporate act or proceeding.

(b) Subject to the provisions of Section 10.1:

(i) If the Company at any time subdivides (by any split, recapitalization or otherwise) the outstanding Units into a greater number of Units, or combines (by reverse split, combination or otherwise) its outstanding Units into a lesser number of Units, then the respective exercise prices for outstanding Awards that provide for a Participant elected exercise and the number of Units covered by outstanding Awards shall be appropriately adjusted by the Committee to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(ii) Excepting transactions covered by Section 4.2(b)(i), if the Company effects any merger, consolidation, statutory exchange, spin-off, reorganization, sale or transfer of all or substantially all the Company's assets or business, or other corporate transaction or event in such a manner that the Company's outstanding Units are converted into the right to receive (or the holders of Units are entitled to receive in exchange therefor), either immediately or upon liquidation of the Company, securities or other property of the Company or other entity (each, a **"Reorganization"**), then, subject to the provisions of Section 10.1, (A) the aggregate number or kind of securities that thereafter may be issued under the Plan, (B) the number or kind of securities or other property (including cash) to be issued pursuant to Awards granted under the Plan (including as a result of the assumption of the Plan and the obligations hereunder by a successor entity, as applicable), or (C) the purchase price thereof, shall be appropriately adjusted by the Committee to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(iii) If there shall occur any change in the capital structure of the Company other than those covered by Section 4.2(b)(i) or 4.2(b)(ii), including by reason of any extraordinary dividend (whether cash or equity), any conversion, any adjustment, any issuance of any class of securities convertible or exercisable into, or exercisable for, any class of equity securities of the Company, then the Committee shall equitably adjust all outstanding Awards and make such other adjustments to the Plan to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(iv) Any such adjustment determined by the Committee pursuant to this Section 4.2(b) shall be final, binding and conclusive on the Company and all Participants and their respective heirs, executors, administrators, successors and permitted assigns. Any adjustment to, or assumption or substitution of, an Award under this Section 4.2(b) shall be intended to comply with the requirements of Section 409A of the Code and Treasury Regulation §1.424-1 (and any amendments thereto), to the extent applicable. Except as expressly provided in this Section 4.2 or in the applicable Award Agreement, a Participant shall have no additional rights under the Plan by reason of any transaction or event described in this Section 4.2.

(v) Fractional Units resulting from any adjustment in Awards pursuant to Section 4.2(a) or this Section 4.2(b) shall be aggregated until, and eliminated at, the time of exercise or payment by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements shall be required with respect to fractional Units eliminated by rounding. Notice of any adjustment shall be given by the Committee to each Participant whose Award has been adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of the Plan.

4.3 Minimum Purchase Price. Notwithstanding any provision of the Plan to the contrary, if authorized but previously unissued Units are issued under the Plan, such Units shall not be issued for a consideration that is less than as permitted under applicable law.

ARTICLE V
ELIGIBILITY

5.1 General Eligibility. All current and prospective Eligible Individuals are eligible to be granted Awards. Eligibility for the grant of Awards and actual participation in the Plan shall be determined by the Committee in its sole discretion, subject to the terms of the Plan, including, without limitation, Section 4.1.

5.2 General Requirement. The vesting and exercise of Awards granted to a prospective Eligible Individual are conditioned upon such individual actually becoming an Eligible Employee or Consultant, respectively.

5.3 Company Repurchase Right. The Units acquired pursuant to an Award shall be subject to the repurchase rights set forth in the LLC Agreement.

ARTICLE VI
OPTIONS

6.1 General. Options may be granted alone or in addition to other Awards granted under the Plan.

6.2 Grants. The Committee shall have the authority to grant to any Eligible Individual one or more Options pursuant to an Award Agreement.

6.3 Terms of Options. Options granted under the Plan shall be subject to the following terms and conditions and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable, including those set forth in an Award Agreement:

(a) Exercise Price. The exercise price per Unit subject to an Option shall be determined by the Committee at the time of grant, provided that the per Unit exercise price of an Option shall not be less than 100% of the Fair Market Value of the Unit at the time of grant.

(b) Option Term. The term of each Option shall be fixed by the Committee, provided that no Option shall be exercisable more than 10 years after the date the Option is granted.

(c) Exercisability. Unless otherwise provided by the Committee in accordance with the provisions of this Section 6.3, Options granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant. If the Committee provides, in its discretion, that any Option is exercisable subject to certain limitations (including, without limitation, that such Option is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any time at or after the time of grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such Option may be exercised), based on such factors, if any, as the Committee shall determine, in its sole discretion.

(d) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under Section 6.3(c), to the extent vested, Options may be exercised in whole or in part at any time during the Option term, by giving written notice of exercise to the Company (or to its agent specifically designated for such purpose) specifying the number of Units to be purchased (which notice may be provided in an electronic form to the extent acceptable to the Committee and the Company). Such notice shall be accompanied by payment in full of the purchase price as follows: (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) solely to the extent permitted by applicable law, if the Units are traded on a national securities exchange, and the Committee authorizes, through a procedure whereby the Participant delivers irrevocable instructions to a broker reasonably acceptable to the Committee to deliver promptly to the Company Units with an aggregate Fair Market Value equal to the purchase price; (iii) by having the Company withhold Units issuable upon exercise of the Option; or (iv) on such other terms and conditions as may be acceptable to the Committee (including, without limitation, with the consent of the Committee, by payment in full or in part in the form of Units owned by the Participant, based on the Fair Market Value of the Units on the payment date as determined by the Committee). No Units shall be issued until payment therefor, as provided herein, has been made or provided for.

(e) Non-Transferability of Options. No Option shall be Transferable by the Participant other than by will or by the laws of descent and distribution, and all Options shall be exercisable, during the Participant's lifetime, only by the Participant. Notwithstanding the foregoing, the Committee may determine, in its sole discretion, at the time of grant or thereafter that an Option that is otherwise not Transferable pursuant to this Section is Transferable to a Family Member in whole or in part and in such circumstances, and under such conditions, as specified by the Committee. An Option that is Transferred to a Family Member pursuant to the preceding sentence (i) may not be subsequently Transferred other than by will or by the laws of descent and distribution; (ii) remains subject to the terms of the Plan and the applicable Award Agreement; and (iii) may be exercised by such Family Member. Any Units acquired upon the exercise of an Option by a permissible transferee of an Option or a permissible transferee pursuant to a Transfer after the exercise of the Option shall be subject to the terms of the Plan and the applicable Award Agreement.

(f) Termination by Death or Disability. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by reason of death or Disability, all Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant (or in the case of the Participant's death, by the legal representative of the Participant's estate) at any time within a period of one (1) year from the date of such Termination, but in no event beyond the expiration of the stated term of such Options; provided, however, that, in the event of a Participant's Termination by reason of Disability, if the Participant dies within such exercise period, all unexercised Options held by such Participant shall thereafter be exercisable, to the extent to which they were exercisable at the time of death, for a period of one (1) year from the date of such death, but in no event beyond the expiration of the stated term of such Options.

(g) Involuntary Termination Without Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by involuntary termination by the Company without Cause, all Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of ninety (90) days from the date of such Termination, but in no event beyond the expiration of the stated term of such Options.

(h) Voluntary Resignation. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is voluntary (other than a voluntary termination described in Section 6.3(i)(y) hereof), all Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of thirty (30) days from the date of such Termination, but in no event beyond the expiration of the stated term of such Options.

(i) Termination for Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination (A) is for Cause or (B) is a voluntary Termination (as provided in Section 6.3(h)) after the occurrence of an event that would be grounds for a Termination for Cause, all Options, whether vested or not vested, that are held by such Participant shall thereupon terminate and expire as of the date of such Termination.

(j) Unvested Options. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, Options that are not vested as of the date of a Participant's Termination for any reason shall terminate and expire as of the date of such Termination.

(k) Form, Modification, Extension and Renewal of Options. Subject to the terms and conditions and within the limitations of the Plan, including those set forth in the following sentence, Options shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may (i) modify, extend or renew outstanding Options granted under the Plan (provided that the rights of a Participant are not reduced without such Participant's consent and provided, further, that such action does not subject the Options to Section 409A of the Code without the consent of the Participant), and (ii) accept the surrender of outstanding Options (to the extent not theretofore exercised) and authorize the granting of new Options or other Awards in substitution therefor (to the extent not theretofore exercised). Notwithstanding the foregoing, except in connection with a corporate transaction involving the Company in accordance with Section 4.2 (including, without limitation, any unit dividend, unit split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of Units), an outstanding Option may not be modified to reduce the exercise price thereof nor may a new Option at a lower price be substituted for a surrendered Option, unless such action is approved by the unitholders of the Company.

(l) Early Exercise. The Committee may provide that an Option include a provision whereby the Participant may elect at any time before the Participant's Termination to exercise the Option as to any part or all of the Units subject to the Option prior to the full vesting of the Option, and such Units shall be subject to the provisions of Article VII and be treated as Restricted Units, which will remain subject to the original vesting schedule applicable to the predecessor Option. Unvested Units so purchased may be subject to a repurchase option in favor of the Company or to any other restriction the Committee determines to be appropriate.

(m) Other Terms and Conditions. The Committee may include a provision in an Award Agreement providing for the automatic exercise of an Option on a cashless basis on the last day of the term of such Option if the Participant has failed to exercise the Option as of such date, with respect to which the Fair Market Value of the Units underlying the Option exceeds the exercise price of such Option on the date of expiration of such Option, subject to Section 14.4. Options may contain such other provisions, which shall not be inconsistent with any of the terms of the Plan, as the Committee shall deem appropriate. The recipient of an Option under this Article VI shall not be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents in respect of the number of Units covered by the Option. The Company will evidence each Participant's ownership of Units issued upon exercise of an Option pursuant to a designated system, such as book entries by the transfer agent; if a unit certificate for such Units is issued, it will be substantially in the form set forth in Section 7.2(c).

ARTICLE VII
RESTRICTED UNITS

7.1 Awards of Restricted Units. Restricted Units may be issued either alone or in addition to other Awards granted under the Plan. The Committee shall determine the Eligible Individuals, to whom, and the time or times at which, grants of Restricted Units shall be made, the number of Units to be awarded, the price (if any) to be paid by the Participant (subject to Section 7.2), the time or times within which such Awards may be subject to forfeiture, the vesting schedule and rights to acceleration thereof, and all other terms and conditions of the Awards.

The Committee may condition the grant or vesting of Restricted Units upon the attainment of specified performance targets (including, the Performance Goals) or such other factor(s) as the Committee may determine in its sole discretion.

7.2 Awards and Certificates. If required by the Award Agreement, Eligible Individuals selected to receive Restricted Units shall not have any right with respect to such Award, unless and until such Participant has delivered a fully executed copy of the Award Agreement evidencing the Award to the Company, to the extent required by the Committee, and has otherwise complied with the applicable terms and conditions of such Award. Further, such Award shall be subject to the following conditions:

(a) Purchase Price. The purchase price of Restricted Units shall be fixed by the Committee. Subject to Section 4.3, the purchase price for the Restricted Units may be zero to the extent permitted by applicable law, and, to the extent not so permitted, such purchase price may not be less than par value.

(b) Acceptance. Awards of Restricted Units must be accepted within a period of sixty (60) days (or such shorter period as the Committee may specify at grant) after the grant date, by executing a Restricted Unit Award Agreement and by paying whatever price (if any) the Committee has designated thereunder.

(c) Legend. The Company will evidence each Participant's ownership of Restricted Units pursuant to a designated system, such as book entries by the transfer agent. If a unit certificate for such Restricted Units is issued, such certificate shall be registered in the name of such Participant, and shall, in addition to such legends required by applicable securities laws, bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

> "The anticipation, alienation, attachment, sale, transfer, assignment, pledge, encumbrance or charge of the Units represented hereby are subject to the terms and conditions (including forfeiture) of the Blue Mountain Midstream LLC (the "Company") 2018 Omnibus Incentive Plan (the "Plan") and an Agreement entered into between the registered owner and the Company dated _____. Copies of such Plan and Agreement are on file at the principal office of the Company."

(d) Custody. If unit certificates are issued in respect of Units, the Committee may require that any unit certificates evidencing such Units be held in custody by the Company until the restrictions thereon shall have lapsed, and that, as a condition of any grant of Restricted Units, the Participant shall have delivered a duly signed unit power or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate by the Company, which would permit transfer to the Company of all or a portion of the Restricted Units in the event that such Award is forfeited in whole or part or otherwise transferred to the Company.

7.3 Restrictions and Conditions. The Restricted Units awarded pursuant to the Plan shall be subject to the following restrictions and conditions:

(a) Restriction Period. The Participant shall not be permitted to Transfer Restricted Units awarded under the Plan during the period or periods set by the Committee (the "Restriction Period") commencing on the date of such Award, as set forth in the Restricted Unit Award Agreement and such agreement shall set forth a vesting schedule and any event that would accelerate vesting of the Restricted Units. Within these limits, based on service, attainment of Performance Goals and/or such other factors or criteria as the Committee may determine in its sole discretion, the Committee may condition the grant or provide for the lapse of such restrictions in installments in whole or in part, or may accelerate the vesting of all or any part of any Restricted Unit Award and/or waive the deferral limitations for all or any part of any Restricted Unit Award.

(b) Rights as a Unitholder. Except as provided in Section 7.3(a) and this Section 7.3(b) or as otherwise determined by the Committee in an Award Agreement, the Participant shall have, with respect to the Restricted Units, all of the rights of a holder of Units, including, without limitation, the right to receive dividends (the payment of which may be deferred until, and conditioned upon, the expiration of the applicable Restriction Period, as determined in the Committee's sole discretion), the right to vote such Units and, subject to and conditioned upon the full vesting of Restricted Units, the right to tender such Units.

(c) Termination. Unless otherwise determined by the Committee at grant or, if no rights of the Participant are reduced, thereafter, subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the relevant Restriction Period, all Restricted Units still subject to restrictions will be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

(d) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Units, such earned Units (and to the extent ownership of such shares is evidenced by unit certificates, the unit certificates for such Units) shall be delivered to the Participant. All legends shall be removed from said certificates at the time of delivery to the Participant, except as otherwise required by applicable law or other limitations imposed by the Committee.

ARTICLE VIII
PERFORMANCE AWARDS

8.1 Performance Awards. The Committee may grant a Performance Award to a Participant payable upon the attainment of specific Performance Goals. If the Performance Award is payable in Restricted Units, such Units shall be transferable to the Participant only upon attainment of the relevant Performance Goal in accordance with Article VII. If the Performance Award is payable in cash, it may be paid upon the attainment of the relevant Performance Goals either in cash or in Restricted Units (based on the then current Fair Market Value of such Units), as determined by the Committee, in its sole and absolute discretion. Each Performance Award shall be evidenced by an Award Agreement in such form that is not inconsistent with the Plan and that the Committee may from time to time approve.

8.2 Terms and Conditions. Performance Awards awarded pursuant to this Article VIII shall be subject to the following terms and conditions:

(a) Earning of Performance Award. At the expiration of the applicable Performance Period, the Committee shall determine the extent to which the applicable Performance Goals are achieved and the percentage of each Performance Award that has been earned. Such Performance Goals may incorporate provisions for disregarding (or adjusting for) changes in account methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances.

(b) Non-Transferability. Subject to the applicable provisions of the Award Agreement and the Plan, Performance Awards may not be Transferred during the Performance Period.

(c) Dividends. To the extent determined by the Committee, Participants shall be entitled to receive an amount equal to the dividends paid on the number of Units covered by the Performance Award; provided that the Committee may, in its sole discretion, provide for either of the following at the time of grant: (i) dividends or dividend equivalents will be paid as accrued but will be subject to the same vesting terms and conditions as the underlying Performance Award; or (ii) payment of dividends or dividend equivalents shall be deferred until, and conditioned upon, settlement of the underlying Performance Award.

(d) Payment. Following the Committee's determination in accordance with Section 8.2(a), the Company shall settle Performance Awards, in such form (including, without limitation, in Units or in cash) as determined by the Committee, in an amount equal to such Participant's earned Performance Awards. Notwithstanding the foregoing, the Committee may, in its sole discretion, award an amount less than the earned Performance Awards and/or subject the payment of all or part of any Performance Award to additional vesting, forfeiture and deferral conditions as it deems appropriate.

(e) Termination. Subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the Performance Period for a given Performance Award, the Performance Award in question will vest or be forfeited in accordance with the terms and conditions established by the Committee at grant.

(f) Accelerated Vesting. Based on service, performance and/or such other factors or criteria, if any, as the Committee may determine, the Committee may, at or after grant, accelerate the vesting of all or any part of any Performance Award.

ARTICLE IX
OTHER UNIT-BASED AND CASH-BASED AWARDS

9.1 Other Unit-Based Awards. The Committee is authorized to grant to Eligible Individuals Other Unit-Based Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Units, including but not limited to, Units awarded purely as a bonus and not subject to restrictions or conditions, Units in payment of the amounts due under an incentive or performance plan sponsored or maintained by the Company or an Affiliate, unit equivalents, restricted security units, and Awards valued by reference to book value of Units. Other Unit-Based Awards may be granted either alone or in addition to or in tandem with other Awards granted under the Plan.

Subject to the provisions of the Plan, the Committee shall have authority to determine the Eligible Individuals, to whom, and the time or times at which, such Awards shall be made, the number of Units to be awarded pursuant to such Awards, and all other conditions of the Awards. The Committee may also provide for the grant of Units under such Awards upon the completion of a specified Performance Period.

The Committee may condition the grant or vesting of Other Units-Based Awards upon the attainment of specified Performance Goals as the Committee may determine, in its sole discretion.

9.2 Terms and Conditions. Other Unit-Based Awards made pursuant to this Article IX shall be subject to the following terms and conditions:

(a) Non-Transferability. Subject to the applicable provisions of the Award Agreement and the Plan, Units subject to Awards made under this Article IX may not be Transferred prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

(b) Dividends; Dividend Equivalents. To the extent determined by the Committee, Participants shall be entitled to receive an amount equal to the dividends paid on the number of Units covered by Awards made under this Article IX; provided that the Committee may, in its sole discretion, provide for either of the following at the time of grant: (i) dividends or dividend equivalents will be paid as accrued but will be subject to the same vesting terms and conditions as the underlying Award; or (ii) payment of dividends or dividend equivalents shall be deferred until, and conditioned upon, settlement of the underlying Award.

(c) Vesting. Any Award under this Article IX and any Units covered by any such Award shall vest or be forfeited to the extent so provided in the Award Agreement, as determined by the Committee, in its sole discretion.

(d) Price. Units issued on a bonus basis under this Article IX may be issued for no cash consideration. Units purchased pursuant to a purchase right awarded under this Article IX shall be priced, as determined by the Committee in its sole discretion.

9.3 Other Cash-Based Awards. The Committee may from time to time grant Other Cash-Based Awards to Eligible Individuals in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by applicable law, as it shall determine in its sole discretion. Other Cash-Based Awards may be granted subject to the satisfaction of vesting conditions or may be awarded purely as a bonus and not subject to restrictions or conditions, and if subject to vesting conditions, the Committee may accelerate the vesting of such Awards at any time in its sole discretion. The grant of an Other Cash-Based Award shall not require a segregation of any of the Company's assets for satisfaction of the Company's payment obligation thereunder.

ARTICLE X
CHANGE IN CONTROL PROVISIONS

10.1 Benefits. In the event of a Change in Control of the Company (as defined below), and except as otherwise provided by the Committee in an Award Agreement, a Participant's unvested Awards shall not vest automatically and a Participant's Awards shall be treated in accordance with one or more of the following methods as determined by the Committee:

(a) Awards, whether or not then vested, shall be continued, assumed, or have new rights substituted therefor, as determined by the Committee in a manner consistent with the requirements of Section 409A of the Code, and restrictions to which Restricted Units or any other Award granted prior to the Change in Control are subject shall not lapse upon a Change in Control and the Restricted Unit or other Award shall, where appropriate in the sole discretion of the Committee, receive the same distribution as other Units on such terms as determined by the Committee; provided that the Committee may decide to award additional Restricted Units or other Awards in lieu of any cash distribution.

(b) The Committee, in its sole discretion, may provide for the purchase of any Awards by the Company or an Affiliate for an amount of cash equal to the excess (if any) of the Change in Control Price (as defined below) of the Units covered by such Awards, over the aggregate exercise price of such Awards. For purposes hereof, "Change in Control Price" shall mean the highest price per Unit paid in respect of the transaction that constitutes a Change in Control of the Company.

(c) The Committee may, in its sole discretion, terminate all outstanding and unexercised Options or any Other Unit-Based Award that provides for a Participant elected exercise, effective as of the date of the Change in Control, by delivering notice of termination to each Participant at least twenty (20) days prior to the date of consummation of the Change in Control, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Change in Control, each such Participant shall have the right to exercise in full all of such Participant's Awards that are then outstanding (without regard to any limitations on exercisability otherwise contained in the Award Agreements), but any such exercise shall be contingent on the occurrence of the Change in Control, and, provided that, if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise pursuant thereto shall be null and void.

(d) The Committee may, in its sole discretion, make any other determination as to the treatment of Awards in connection with such Change in Control as the Committee may determine. Any escrow, holdback, earnout or similar provisions in the definitive agreement(s) relating to such transaction may apply to any payment to the holders of Awards to the same extent and in the same manner as such provisions apply to the holders of Units.

Notwithstanding any other provision herein to the contrary, the Committee may, in its sole discretion, provide for accelerated vesting or lapse of restrictions, of an Award at any time.

10.2 Change in Control. Unless otherwise determined by the Committee in the applicable Award Agreement or other written agreement with a Participant approved by the Committee, a "Change in Control" shall be deemed to occur if:

(a) any "person," as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than (i) the Company, any trustee or other fiduciary holding securities under any employee benefit plan of the Company, (ii) any company owned, directly or indirectly, by the unitholders of the Company in substantially the same proportions as their ownership of units of the Company, or (iii) any company owned directly or indirectly by the direct or indirect beneficial owners (as defined in Rule 13d-3 under the Exchange Act) of at least 50% of the units of the Company), becoming the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than 75% of the combined voting power of the Company's then outstanding securities;

(b) consummation of a reorganization, merger, consolidation or other business combination (any of the foregoing, a "Business Combination") of the Company or any direct or indirect Subsidiary with any other corporation, in any case with respect to which the Company voting securities outstanding immediately prior to such Business Combination do not, immediately following such Business Combination, continue to represent (either by remaining outstanding or being converted into voting securities of the Company or any ultimate parent thereof) more than 25% of the then outstanding voting securities entitled to vote generally in the election of directors of the Company (or its successor) or any ultimate parent thereof after the Business Combination; or

(c) the consummation of a sale of all or substantially all of the assets of the Company and its Subsidiaries (on a consolidated basis) in one or a series of related transactions.

Notwithstanding the foregoing, with respect to any Award that is characterized as "nonqualified deferred compensation" within the meaning of Section 409A of the Code, an event shall not be considered to be a Change in Control under the Plan for purposes of payment of such Award unless such event is also a "change in ownership," a "change in effective control" or a "change in the ownership of a substantial portion of the assets" of the Company within the meaning of Section 409A of the Code.

ARTICLE XI
PRE-EMPTIVE RIGHTS

11.1 This Article XI shall apply to each Participant who would qualify as an Eligible Purchaser (as defined in the LLC Agreement) if he or she held the Units underlying his or her Award (each, a "Qualifying Participant"). Prior to the Company issuing, other than through an Excluded Unit Issuance (as defined in the LLC Agreement), any units of the Company or options or other rights to acquire units of the Company, whether through exchange, conversion or otherwise, including pursuant to a commitment or subscription to acquire units of the Company over time pursuant to capital calls or otherwise (collectively, the "New Interests") to a proposed purchaser (each, a "Proposed Purchaser"), each Qualifying Participant shall have the right to purchase the number of New Interests as provided in this Article XI.

11.2 The Company shall give each Qualifying Participant at least fifteen (15) days' prior notice (the "Pre-emptive Notice") of any proposed issuance of New Interests to a Proposed Purchaser, which notice shall set forth in reasonable detail the proposed terms and conditions thereof and shall offer to each Qualifying Participant the opportunity to purchase his or her Pre-Emptive Proportionate Share (which means, with respect to any Qualifying Participant, a fraction (expressed as a percentage), (i) the numerator of which equals the aggregate number of Units underlying such Qualifying Participant's outstanding Awards (excluding any Units that have been issued to and are held by such Qualifying Participant, which are subject to, and have the preemptive rights set forth in, the LLC Agreement), and (ii) the denominator of which equals (A) the aggregate number of issued and outstanding Units held by all Eligible Purchasers and Qualifying Participants, plus (B) the aggregate number of Units underlying outstanding Awards held by all Qualifying Participants), which Pre-Emptive Proportionate Share shall be calculated as of the date of such Pre-emptive Notice, of the New Interests at the same price, on the same terms and conditions and at the same time as the New Interests are proposed to be issued by the Company. If any Qualifying Participant wishes to exercise his or her pre-emptive rights, he or she must do so by delivering an irrevocable written notice to the Company within fifteen (15) days after delivery of the Pre-emptive Notice by the Company (the "Election Period"), which notice shall state the dollar amount of New Interests such Qualifying Participant (each, a "Requesting Participant") would like to purchase up to a maximum amount equal to such Qualifying Participant's Pre-Emptive Proportionate Share of the total offering amount, plus the additional dollar amount of New Interests such Requesting Participant would like to purchase in excess of his or her Pre-Emptive Proportionate Share (the "Over-Allotment Amount"), if any, if other Qualifying Participants and Eligible Purchasers do not elect to purchase their entire respective Pre-Emptive Proportionate Shares of the New Interests. The rights of each Requesting Participant to purchase a dollar amount of New Interests in excess of each such Requesting Participant's Pre-Emptive Proportionate Share of the New Interests shall be based on the relative Pre-Emptive Proportionate Shares of the New Interests of those Requesting Participants desiring Over-Allotment Amounts.

11.3 If not all of the New Interests are subscribed for by the Eligible Purchasers and the Qualifying Participants, the Company shall have the right, but shall not be required, to issue and sell the unsubscribed portion of the New Interests to the Proposed Purchaser at any time during the ninety (90) days following the termination of the Election Period pursuant to the terms and conditions set forth in the Pre-emptive Notice. The Board may, in its reasonable discretion, impose other reasonable and customary terms and procedures, such as setting a closing date, rounding the number of units covered by this Article XI to the nearest whole unit and requiring customary closing deliveries in connection with any pre-emptive rights offering. In the event any Qualifying Participant refuses to purchase offered New Interests for which he or she subscribed pursuant to the exercise of pre-emptive rights granted to him or her under this Article XI, in addition to any other rights the Company may be permitted to enforce at law or in equity, such Qualifying Participant and any permitted transferee of such Qualifying Participant shall not be considered a Qualifying Participant for any future rights granted under this Article XI, unless the Board expressly designates such Participant as a Qualifying Participant (which the Board, in its sole discretion, may do on an offer-by-offer basis or not at all).

11.4 Notwithstanding anything to the contrary in the Plan or the LLC Agreement, with Requisite Investor Approval (as defined in the LLC Agreement), the Company may, in order to expedite the issuance of the New Interests, issue all or a portion of such New Interests to any Proposed Purchaser approved by the Board without complying with the foregoing provisions of this Article XI; provided, however, that prior to such issuance, either (i) such Proposed Purchaser agrees to offer to sell to each Qualifying Participant such Qualifying Participant's respective Pre-Emptive Proportionate Share of such New Interests (before giving effect to the issuance of New Interests pursuant to this Section 11.4) on the same terms and conditions as issued to such Proposed Purchaser (other than the date any such Qualifying Participant may acquire such New Interests) in a manner which provides each such Qualifying Participant with rights substantially similar to the rights set forth in the foregoing provisions of this Article XI, or (ii) the Company shall agree to offer to sell an amount of New Interests to each such Qualifying Participant in an amount equal to such Qualifying Participant's respective Pre-Emptive Proportionate Share of such New Interests and in a manner which otherwise provides each such Qualifying Participant with rights substantially similar to the rights set forth in Section 11.2. Any such Proposed Purchaser or the Company, as applicable, shall offer, in writing, to sell such New Interests to each Qualifying Participant within forty-five (45) calendar days of the issuance of such New Interests to such Proposed Purchaser, and each Qualifying Participant will have fifteen (15) days after delivery of such a written offer to such Qualifying Participant to deliver an irrevocable written notice to such Proposed Purchaser or the Company, as applicable, which notice shall state the amount of such New Interests that such Qualifying Participant would like to purchase up to the maximum dollar amount equal to such Qualifying Participant's Pre-Emptive Proportionate Share of the total offering amount, plus any desired Over-Allotment Amount, if other Qualifying Participants do not elect to purchase their full Pre-Emptive Proportionate Shares of the New Interests. The rights of each Proposed Purchaser to purchase Over-Allotment Amounts shall be allocated in the same manner as described in Section 11.2.

11.5 Notwithstanding anything to the contrary in the Plan or the LLC Agreement, at any time after the six (6)-month anniversary of the delivery of the Pre-emptive Notice with respect to each proposed issuance of New Interests pursuant to this Article XI, the Board, with Requisite Investor Approval, shall be entitled to waive, on behalf of each Qualifying Participant, each former Qualifying Participant and each of their respective Affiliates, successors and assigns and the members, partners, stockholders, directors, managers, officers, liquidators and employees of each of the foregoing (collectively, the "Qualifying Participant Persons"), any and all claims such Qualifying Participant Persons have, had, may have, or may have had with respect to any non-compliance with or violation of this Article XI by any "person" with respect to such proposed issuance of New Interests (whether or not any units of the Company were issued or sold pursuant to this Article XI), other than any such claim that has been made in writing and delivered to the Company prior to the expiration of such six (6)-month anniversary.

ARTICLE XII
TERMINATION OR AMENDMENT OF PLAN

Notwithstanding any other provision of the Plan, the Board may at any time, and from time to time, amend, in whole or in part, any or all of the provisions of the Plan (including any amendment deemed necessary to ensure that the Company may comply with any regulatory requirement referred to in Article XIV or Section 409A of the Code), or suspend or terminate it entirely, retroactively or

otherwise; provided, however, that the rights of a Participant, with respect to all Awards granted prior to such amendment, suspension or termination, may not be impaired in any way without the express written consent of such Participant; and provided, further, the Company shall not be permitted to amend the LLC Agreement in a manner that adversely and disproportionately affects the Units underlying Awards hereunder, without the prior written consent of the Participants in the Plan holding Awards represents a majority of the Units underlying Awards then outstanding. Notwithstanding anything herein to the contrary, the Board may amend the Plan or any Award Agreement at any time without a Participant's consent only to comply with applicable law, including Section 409A of the Code. The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, but, except as otherwise specifically provided herein, no such amendment or other action by the Committee shall impair the rights of any holder in any way without the holder's express written consent.

ARTICLE XIII
UNFUNDED STATUS OF PLAN

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payment as to which a Participant has a fixed and vested interest but which are not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any right that is greater than those of a general unsecured creditor of the Company.

ARTICLE XIV
GENERAL PROVISIONS

14.1 Legend. The Committee may require each person receiving Units pursuant to an Option or other Award under the Plan to represent to and agree with the Company in writing that the Participant is acquiring the Units without a view to distribution thereof. In addition to any legend required by the Plan, the certificates for such Units (if any) may include any legend that the Committee deems appropriate to reflect any restrictions on Transfer. All certificates for Units (to the extent such Units are certificated) delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Units are then listed or any national securities exchange system or over-the-counter market upon whose system the Units are then quoted, any applicable federal or state securities law, and any applicable corporate law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

14.2 Other Plans. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to unitholder approval if such approval is required, and such arrangements may be either generally applicable or applicable only in specific cases.

14.3 No Right to Employment/Consultancy. Neither the Plan nor the grant of any Option or other Award hereunder shall give any Participant or other employee or Consultant any right with respect to continuance of employment or consultancy by the Company or any Affiliate, nor shall the Plan nor the grant of any Option or other Award hereunder limit in any way the right of the Company or any Affiliate by which an employee is employed or a Consultant is retained to terminate such employment or consultancy at any time.

14.4 Withholding of Taxes. As a condition to the settlement of any Award hereunder, a Participant shall be required to pay in cash, or to make other arrangements reasonably satisfactory to the Company (including, without limitation, authorizing withholding from payroll and any other amounts payable to the Participant), an amount sufficient to satisfy any federal, state, local and foreign taxes of any kind (including, but not limited to, the Participant's FICA and SDI obligations) which the Company, in its good faith discretion, deems necessary to comply with the Code and/or any other applicable law, rule or regulation with respect to the Award. Unless the tax withholding obligations of the Company are satisfied, the Company shall have no obligation to issue a certificate or book-entry transfer for such Units.

14.5 No Assignment of Benefits. No Award or other benefit payable under the Plan shall, except as otherwise specifically provided by law or permitted by the Committee, be Transferable in any manner, and any attempt to Transfer any such benefit shall be void, and any such benefit shall not in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such benefit, nor shall it be subject to attachment or legal process for or against such person.

14.6 Listing and Other Conditions.

(a) Unless otherwise determined by the Committee, as long as the Units are listed on a national securities exchange, system sponsored by a national securities association or recognized over-the-counter market, the issuance of Units pursuant to an Award shall be conditioned upon such Units being listed on such exchange, system or market. The Company shall have no obligation to issue such Units unless and until such Units are so listed, and the right to exercise any Option or other Award with respect to such Units shall be suspended until such listing has been effected.

(b) If at any time counsel to the Company shall be of the opinion that any sale or delivery of Units pursuant to an Option or other Award is or may in the circumstances be unlawful or result in the imposition of excise taxes on the Company under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act or otherwise, with respect to Units or Awards, and the right to exercise any Option or other Award shall be suspended until, in the opinion of said counsel, such sale or delivery shall be lawful or will not result in the imposition of excise taxes on the Company.

(c) Upon termination of any period of suspension under this Section 14.6, any Award affected by such suspension which shall not then have expired or terminated shall be reinstated as to all Units available before such suspension and as to Units which would otherwise have become available during the period of such suspension, but no such suspension shall extend the term of any Award.

(d) A Participant shall be required to supply the Company with certificates, representations and information that the Company requests and otherwise cooperate with the Company in obtaining any listing, registration, qualification, exemption, consent or approval the Company deems necessary or appropriate.

14.7 Governing Law. The Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Texas (regardless of the law that might otherwise govern under applicable Texas principles of conflict of laws).

14.8 Jurisdiction; Waiver of Jury Trial. Any suit, action or proceeding with respect to the Plan or any Award Agreement, or any judgment entered by any court of competent jurisdiction in respect of any thereof, shall be resolved only in the courts of the State of Texas or the United States District Court for the Southern District of Texas and the appellate courts having jurisdiction of appeals in such courts. In that context, and without limiting the generality of the foregoing, the Company and each Participant shall irrevocably and unconditionally (a) submit in any proceeding relating to the Plan or any Award Agreement, or for the recognition and enforcement of any judgment in respect thereof (a "Proceeding"), to the exclusive jurisdiction of the courts of the State of Texas, the court of the United States of America for the Southern District of Texas, and appellate courts having jurisdiction of appeals from any of the foregoing, and agree that Tax claims in respect of any such Proceeding shall be heard and determined in such Texas State court or, to the extent permitted by law, in such federal court, (b) consent that any such Proceeding may and shall be brought in such courts and waives any objection that the Company and each Participant may now or thereafter have to the venue or jurisdiction of any such Proceeding in any such court or that such Proceeding was brought in an inconvenient court and agree not to plead or claim the same, (c) waive all right to trial by jury in any Proceeding (whether based on contract, tort or otherwise) arising out of or relating to the Plan or any Award Agreement, (d) agree that service of process in any such Proceeding may be effected by mailing a copy of such process by registered or certified mail (or any substantially similar form of mail), postage prepaid, to such party, in the case of a Participant, at the Participant's address shown in the books and records of the Company or, in the case of the Company, at the Company's principal offices, attention General Counsel, and (e) agree that nothing in the Plan shall affect the right to effect service of process in any other manner permitted by the laws of the State of Texas.

14.9 Construction. Wherever any words are used in the Plan or an Award Agreement in the masculine gender they shall be construed as though they were also used in the feminine gender in all cases where they would so apply, and wherever words are used herein in the singular form they shall be construed as though they were also used in the plural form in all cases where they would so apply.

14.10 Other Benefits. No Award granted or paid out under the Plan shall be deemed compensation for purposes of computing benefits under any retirement plan of the Company or its Affiliates nor affect any benefit under any other benefit plan now or subsequently in effect under which the availability or amount of benefits is related to the level of compensation.

14.11 Costs. The Company shall bear all expenses associated with administering the Plan, including expenses of issuing Units pursuant to Awards hereunder.

14.12 No Right to Same Benefits. The provisions of Awards need not be the same with respect to each Participant, and such Awards to individual Participants need not be the same in subsequent years.

14.13 Death/Disability. The Committee may in its discretion require the transferee of a Participant to supply it with written notice of the Participant's death or Disability and to supply it with a copy of the will (in the case of the Participant's death) or such other evidence as the Committee deems necessary to establish the validity of the transfer of an Award. The Committee may also require that the agreement of the transferee to be bound by all of the terms and conditions of the Plan and the applicable Award Agreement.

14.14 Section 16(b) of the Exchange Act. All elections and transactions under the Plan by persons subject to Section 16 of the Exchange Act involving Units are intended to comply with any applicable exemptive condition under Rule 16b-3. The Committee may establish and adopt written administrative guidelines, designed to facilitate compliance with Section 16(b) of the Exchange Act, as it may deem necessary or proper for the administration and operation of the Plan and the transaction of business thereunder.

14.15 Section 409A of the Code. The Plan is intended to comply with the applicable requirements of Section 409A of the Code and shall be limited, construed and interpreted in accordance with such intent. To the extent that any Award is subject to Section 409A of the Code, it shall be paid in a manner that will comply with Section 409A of the Code, including proposed, temporary or final regulations or any other guidance issued by the Secretary of the Treasury and the Internal Revenue Service with respect thereto. Notwithstanding anything herein to the contrary, any provision in the Plan that is inconsistent with Section 409A of the Code shall be deemed to be amended to comply with Section 409A of the Code and to the extent such provision cannot be amended to comply therewith, such provision shall be null and void. The Company shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A of the Code is not so exempt or compliant or for any action taken by the Committee or the Company and, in the event that any amount or benefit under the Plan becomes subject to penalties under Section 409A of the Code, responsibility for payment of such penalties shall rest solely with the affected Participants and not with the Company. Notwithstanding any contrary provision in the Plan or Award Agreement, any payment(s) of "nonqualified deferred compensation" (within the meaning of Section 409A of the Code) that are otherwise required to be made under the Plan to a "specified employee" (as defined under Section 409A of the Code) as a result of such employee's separation from service (other than a payment that is not subject to Section 409A of the Code) shall be delayed for the first six (6) months following such separation from service (or, if earlier, the date of death of the specified employee) and shall instead be paid (in a manner set forth in the Award Agreement) upon expiration of such delay period.

14.16 Successors and Assigns. The Plan and any applicable Award Agreement(s) shall be binding on all successors and permitted assigns of a Participant, including, without limitation, the estate of such Participant and the executor, administrator or trustee of such estate.

14.17 Severability of Provisions. If any provision of the Plan or any Award Agreement shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions hereof, and the Plan and/or Award Agreement shall be construed and enforced as if such provisions had not been included.

14.18 Payments to Minors, Etc. Any benefit payable to or for the benefit of a minor, an incompetent person or other person incapable of receipt thereof shall be deemed paid when paid to such person's guardian or to the party providing or reasonably appearing to provide for the care of such person, and such payment shall fully discharge the Committee, the Board, the Company, its Affiliates and their officers, directors/managers, employees, agents and representatives with respect thereto.

14.19 Headings and Captions. The headings and captions herein are provided for reference and convenience only, shall not be considered part of the Plan, and shall not be employed in the construction of the Plan.

14.20 Company Recoupment of Awards. A Participant's rights with respect to any Award hereunder shall in all events be subject to any right or obligation that the Company may have regarding the clawback of "incentive-based compensation" under Section 10D of the Exchange Act and any applicable rules and regulations promulgated thereunder from time to time by the U.S. Securities and Exchange Commission.

WHEREAS, the Parties are entering into this Agreement in accordance with the Berry Consensual Plan and the LINN Consensual Plan in order to set forth the terms and conditions pursuant to which (i) LINN will continue to provide, or cause to be provided, administrative, management, operating, and other services and support to Berry during a transitional period following the Effective Date and (ii) LINN and Berry will separate their previously combined enterprise and transfer all Berry Related Assets (and any other Berry Assets held in the name of LINN) to Berry under the terms and conditions specified herein.

NOW, THEREFORE, in consideration of the premises set forth in the recitals above and the covenants set forth herein and the benefits to be derived hereunder, the Parties agree as follows.

Agreement

1. Transition Services. LINN shall provide, or cause to be provided, to Berry the services described in this Article 1 and Exhibit B (collectively, the "**Services**") during the Transition Period, and, with respect to the portion of the Services described in Sections 1.8, 1.11, 1.13, 1.14, 1.16 and 1.17 during the Accounting Period. Subject to Section 2.1, the Services shall be substantially the same as, and at the same level and manner as, those that have been provided with respect to the Berry Assets during the three month period immediately preceding the Effective Date (the "**Reference Period**"), and in addition shall include the provision of certain historical operating and financial data as provided herein. For the avoidance of doubt, LINN shall have the right to perform particular portions of the Services through (i) one or more of the LINN entities or (ii) to the extent previously performed by one or more Third Parties, such Third Party or Third Parties (or any other Third Parties determined by LINN to be reasonably equivalent; provided, however, that, if such other Third Parties are to perform material Third Party activities (such as drilling contractors), then such other Third Parties must be approved by Berry in advance for such portion of the Services); provided, however, that no such performance by a LINN entity or a Third Party of a portion of the Services shall

relieve LINN collectively from any liability under this Agreement with respect to such portion of the Services; provided, further, that if Berry does not approve a Third Party's provision of Services and such failure causes LINN to be unable to provide the Services on a commercially reasonable basis, LINN will be excused from performing such Services or portion thereof without penalty until an acceptable provider is approved by Berry.

1.1 Operator Services. LINN shall continue to be the operator of record for the Operated Berry Properties during the Transition Period of this Agreement. During the Transition Period, LINN shall (i) continue to perform, on Berry's behalf, Berry's duties as operator of the Operated Berry Properties and (ii) provide such additional operations services with respect to the Operated Berry Properties that are described in Section 1.1 of Exhibit B. For the avoidance of doubt, LINN's obligations under this Agreement relative to accounting and disbursement of production are limited to the production of Hydrocarbons prior to the end of the Transition Period, as further described in Sections 1.1, 1.6, and 1.11 of Exhibit B.

1.2 Non-Operator Services. During the Transition Period, LINN shall perform the administrative and management services with respect to the Non-Operated Berry Properties that are described in Section 1.2 of Exhibit B. LINN shall promptly provide Berry with customary details, and obtain prior written consent from Berry, for any authorizations for expenditure ("**AFE**") or other proposals submitted to LINN from any Third Party operator of the Non-Operated Berry Properties (in each case, to the extent any of the foregoing are provided by such Third Party operator), it being understood that LINN will request additional detail or information regarding such AFE or other proposal on behalf of Berry if requested by Berry. If Berry fails to respond in writing 24 hours in advance of the deadline provided by a Third Party or under the applicable contract with respect to such AFE or other proposal, then LINN may respond in the ordinary course of business using its business judgment to determine the response that, in LINN's reasonable belief based on the information available to LINN, would be in the best interest of Berry; provided, however, that LINN shall not owe, and nothing herein shall be deemed to impose, any fiduciary duties in favor of Berry. LINN shall promptly forward to Berry any AFE related to the Berry Properties that LINN receives subsequent to the end of the Transition Period.

1.3 Permits. LINN shall use reasonable best efforts to maintain all Berry Permits as described in Section 1.3 of Exhibit B during the Transition Period. With respect to the Berry Permits that are held in the name of LINN and are transferable or assignable, LINN shall transfer or assign such Berry Permits to Berry on or before the end of the Transition Period, as appropriate, and Berry shall accept such transfer or assignment if required under Applicable Law; provided, however, that any costs or expenses associated with such transfer or assignment shall be the sole responsibility of, and paid entirely by, Berry in accordance with and subject to the terms and conditions of Section 5.2(A). LINN shall have no obligation to secure the required bonding, insurance, registration, or approvals to do business in a

particular state or area on behalf of Berry to allow for such a Berry Permit transfer, and shall not be responsible to the extent it is not reasonably practicable to transfer or assign any Berry Permit to Berry at the end of the Transition Period or at all.

1.4 Transportation and Marketing. LINN shall provide, or cause to be provided, (i) midstream services, (ii) transportation and marketing services, (iii) gas control services, and (iv) other similar services to sell the Hydrocarbons produced from the Operated Berry Properties prior to the end of the Transition Period, as further described in Section 1.4 of Exhibit B. LINN shall maintain and administer the Berry Contracts and other contractual arrangements to sell the Hydrocarbons produced from the Berry Properties in its ordinary course of business through the end of the Transition Period. Subject to and in accordance with Section 2.10, LINN may negotiate new or replacement Berry contracts related to and as part of the Services described in this Section 1.4 on month-to-month terms; provided, however, that LINN will not provide any legal services related to such negotiation and any such contract will ultimately be executed by an authorized Berry officer or other authorized representative of Berry on behalf of Berry.

1.5 Well Maintenance. With respect to the Berry Wells included in the Operated Berry Properties, during the Transition Period, LINN shall provide supervision for remedial operations and well service operations, and establish and maintain well files, as further described in Section 1.5 of Exhibit B.

1.6 Payment Services. Subject to Article 5, during the Transition Period, LINN shall make payments associated with the ownership, operation, use, or maintenance of the Berry Properties as further described in Section 1.6 of Exhibit B; provided, however, that in no event will LINN be required to expend funds and other resources beyond levels projected in Berry's 2017 capital budget as of January 1, 2017.

1.7 Lease and Land Administration. During the Transition Period, LINN shall provide land, land administration, lease, and title services with respect to the Berry Properties, including those Services described in Section 1.7 of Exhibit B. For the avoidance of doubt, during the Transition Period, LINN shall provide assistance preparing any land attachment required for a mortgage filing, but the preparation of mortgages and filing of mortgages and related documents will be Berry's responsibility.

1.8 Regulatory Affairs. During the Accounting Period, but only with respect to the Hydrocarbons produced from and activities related to the Berry Properties prior to the end of the Transition Period, LINN shall provide the Services described in Section 1.8 of Exhibit B relating to regulatory requirements applicable to the Berry Properties. For the avoidance of doubt, LINN shall have no obligation to make regulatory filings required to qualify Berry as the operator of any of the Berry Properties, and such obligation shall be handled entirely by Berry prior to the end of the Transition Period. Notwithstanding anything to the contrary

contained herein, LINN shall have no responsibility for any information provided by Berry to LINN that may be included in any regulatory filing or undertaking, nor shall it be responsible to the extent of any investigation, inquiry or action taken by any Governmental Authority in relation to the Services, except to the extent resulting from or related to the gross negligence or willful misconduct of LINN.

1.9 Plugging and Abandonment. As described in Section 1.9 of Exhibit B, LINN (i) shall obtain necessary non-operating working interest owner approval and regulatory permits to abandon any Berry Wells included in the Operated Berry Properties when required under Applicable Law to be abandoned during the Transition Period, (ii) shall provide supervision for abandonment operations of such Berry Wells during the Transition Period, and (iii) shall file all necessary abandonment reports after completion of such operations. For the avoidance of doubt, all proposed abandonments must be approved by Berry prior to permitting or commencement of actual abandonment operations unless such abandonments are described in Schedule 9.

1.10 Environmental Compliance. If LINN discovers that any of the Berry Properties are not in compliance in all material respects with environmental, health, or safety laws, rules, or regulations during the Transition Period, then LINN shall notify Berry of such non-compliance, as described in Section 1.10 of Exhibit B. If such condition exists on an Operated Berry Property and either represents imminent danger or is required under Applicable Law to be remediated immediately, then LINN shall, unless otherwise instructed by Berry, remediate such condition at Berry's sole cost and expense, subject to the indemnity obligations described in this Agreement. Nothing in this Agreement shall obligate LINN to undertake a review, audit, or other query relating to environmental, health, or safety laws, rules, or regulations applicable to any of the Berry Properties except to the extent set out in Section 1.10 of Exhibit B.

1.11 Bookkeeping; Finance and Treasury; Accounting. During the Accounting Period, but only with respect to the Hydrocarbons produced from and activities related to the Berry Properties prior to the end of the Transition Period, LINN shall provide services for the bookkeeping, finance and treasury, and accounting functions as further described in Section 1.11 of Exhibit B. LINN shall perform services for revenue, joint interest accounting, production, and regulatory reporting functions attributable to the Berry Properties, and shall provide a statement with respect to each month (the "**Monthly Statement**") reflecting the same no later than the 15th day following such month. Except as otherwise provided herein, LINN's obligations under this Agreement relative to accounting and disbursement of production are limited to the Hydrocarbons produced from and activities related to the Berry Properties prior to the end of the Transition Period.

1.12 Real Estate; Facilities. During the Transition Period, LINN shall manage all Berry Facilities and the Hill Field Offices in connection with the operation of the Berry Properties (or as otherwise related to the Services), as further described in

Section 1.12 of Exhibit B. For the avoidance of doubt, LINN shall not secure new facilities or negotiate new facility leases on behalf of Berry without the prior written agreement of the Parties.

1.13 Information Technology Systems.

(A) General. To the extent LINN's information technology systems in existence as of the Effective Date and contracts with respect to such systems permit without incremental fees or other amounts payable by LINN (or with incremental fees or other amounts payable by LINN that are approved in advance by Berry as Reimbursement Expenses), LINN shall provide the information technology services described in Section 1.13(A) Part One of Exhibit B during the Transition Period and Section 1.13(A) Part Two of Exhibit B during the Accounting Period. During the Transition Period, LINN will provide reasonable assistance to Berry in (i) identifying software licenses and IT service agreements used in connection with or attributable to the Berry Properties and (ii) determining whether such licenses or agreements are transferable or assignable; provided, however, that LINN shall not be required to negotiate or enter into new software licenses or new IT services agreements on behalf of Berry without the Parties' prior written agreement (and at Berry's sole cost and expense in accordance with and subject to the terms and conditions of Section 5.2(A)), and LINN shall not be required to maintain any license that would only be used in providing the Services if any such license is required to be renewed during the Transition Period and cannot be cancelled or terminated, without penalty or without reimbursement of any license fee related to an unused period lasting longer than three months after the end of the Transition Period. Berry may designate one or more LINN employees in the Bakersfield office to negotiate (subject to and in accordance with Section 2.10) assignments of existing Berry Software and new or replacement Berry software license agreements on Berry's behalf; provided, however, that LINN will not provide any legal services related to such negotiation and any such contract will ultimately be executed by an authorized Berry officer or other authorized representative of Berry on behalf of Berry.

(B) Mirrored Licenses. Subject to the confirmation that Berry is in the process of obtaining and will obtain prior to the end of the Transition Period (whether by transfer or new license) the licenses described on Exhibit E (the "**Mirrored Licenses**"), LINN shall provide the Services described in Section 1.13(B) of Exhibit B during the Transition Period.

(C) Separation Period. To the extent LINN's information technology systems in existence as of the Effective Date and contracts therefor permit without incremental fees or other amounts payable by LINN (or with incremental fees or other amounts payable by LINN that are approved in advance by Berry as Reimbursement Expenses), during the Separation Period, LINN

shall provide continued use of its telephonic and networking systems, which may be modified to restrict access to LINN's network. During the Separation Period, Berry and LINN shall cooperate to allow (i) Berry to replace all network and telephonic systems related to the Berry Assets and (ii) the rerouting of networks connected to LINN's retained hardware and also connected to Transferred Hardware, in each case, at Berry's sole cost and expense in accordance with and subject to the terms and conditions of Section 5.2(A).

(D) Existing IT Systems and Services. For the avoidance of doubt, LINN's services will not extend to creating the design, configuration or creation of separate IT systems for Berry. Notwithstanding the language in Section 1, LINN may alter existing trust relationships between domains and servers to enable provision of the Services and, with the agreement of Berry or LINN employees designated by Berry within the Bakersfield office, may alter the manner of providing the Services described in this Section 1.13 from those provided during the Reference Period as needed to complete the transition and separation of Berry Assets as by this Agreement.

1.14 Tax. As described in Section 1.14 of Exhibit B, LINN shall assist with, and maintain proper documentation for, the collection and remittance of federal, state, and local sales, use, and ad valorem taxes to the extent related to the Berry Assets during the Accounting Period, but only with respect to the Hydrocarbons produced from and activities related to the Berry Properties prior to the end of the Transition Period. In addition, LINN shall prepare and distribute 1099 forms for owners for all activity for the time period LINN is responsible for the related distributions and disbursements, and Berry shall be responsible for 1099 forms for owners for all activity effective with Berry's assumption of administrative responsibilities of the related distributions and disbursements. Berry will prepare and file any corporate income tax filings due for Berry, even if due during the Term.

1.15 Corporate Contracts. As described in Section 1.15 of Exhibit B, during the Transition Period, LINN shall perform, administer, and maintain the Berry Contracts and other contractual arrangements existing as of the Effective Date with respect to the Berry Assets (or as otherwise related to the Services). LINN will not enter into new contracts on behalf of Berry without the prior written agreement of the Parties, other than as described in Section 3.2; provided, however, that LINN may negotiate marketing agreements on behalf of Berry on a month-to-month term during the Transition Period in its ordinary course of business pursuant to and in accordance with Section 1.4 and software license agreements pursuant to and in accordance with Section 1.13(A).

1.16 Records Retention. As described in Section 1.16 of Exhibit B and to the extent related to the Berry Assets or the Services, during the Accounting Period, LINN shall provide assistance in the storage and retrieval of the Berry Records and other documentation and backup information and the provision of certain historical

operating and financial data as requested by Berry. Berry shall be responsible for all costs and expenses associated with such storage and retrieval (including incremental costs and expenses incurred by LINN in providing assistance in accordance with this Section 1.16) in accordance with and subject to the terms and conditions of Section 5.2(A).

1.17 Assistance with Transitioning the Services. During the Separation Period, LINN shall provide assistance with transitioning the performance of the Services from LINN to Berry as further described in Section 1.17 of Exhibit B; provided, however, that in no event shall LINN be required to perform any custom formatting with respect to any data or information utilized and to be provided by LINN in connection with this Agreement.

1.18 HR; Employee Benefits; Payroll. LINN shall continue to perform administration and management of human resources, employee benefits programs, and payroll services for LINN's employees and independent contractors, including the Services described in Section 1.18 of Exhibit B. For the avoidance of doubt, LINN will not put into place new benefit plans for Berry or perform any human resources or payroll services for Berry in its capacity as a direct employer.

1.19 Registration Statement. LINN shall continue to cooperate with and provide commercially reasonable assistance to Berry in connection with the preparation and filing with the United States Securities and Exchange Commission of a Form S-1 Registration Statement under the Securities Act of 1933 with respect to the preferred and common stock or limited liability company units in Berry's holding company (as formed on or before the Effective Date) or any Form 10-K or 10-Q under the Securities Act of 1933 required to be filed with the United States Securities and Exchange Commission during the Transition Period; provided, however, that LINN will not provide any representation letters; provided, further, that LINN disclaims any and all representations or warranties as to the accuracy of the data set forth in such S-1 Registration Statement, Form 10-K and/or Form 10-Q, and Berry hereby agrees to release and fully, indemnify, defend and hold harmless the LINN Indemnified Parties from and against any Claims related thereto or arising therefrom except any such Claims related to or arising from the gross negligence or willful misconduct of LINN.

1.20 Additional Services. From time to time during the Term, Berry may request that LINN provide particular services required by Berry in addition to the Services. LINN shall provide such additional services to Berry if and to the extent that LINN is reasonably capable of providing such additional services and the Parties agree upon the service fee to be paid by Berry for such additional services.

1.21 Excluded Services. For the avoidance of doubt, LINN will not be obligated to procure insurance or obtain bonds on behalf of Berry or to provide legal services to Berry (as opposed to providing internal legal support within LINN in connection with LINN's performance of the Services).

2. General.

2.1 Standard of Performance; Disclaimer of Warranties. LINN shall conduct its activities under this Agreement in respect of the Services in a manner consistent with the ordinary course performance of such activities during the Reference Period, and otherwise LINN shall perform the Services for the benefit of Berry in a manner substantially consistent with the manner, quality, and timing in which LINN performs the same activities for LINN's own benefit; provided, however, that notwithstanding anything in this Agreement to the contrary LINN shall perform its obligations under this Agreement (i) in a good and workmanlike manner, (ii) as a reasonable and prudent operator, and (iii) in accordance with Applicable Law. EXCEPT AS SET FORTH IN THE IMMEDIATELY PRECEDING SENTENCE, LINN HEREBY DISCLAIMS ANY AND ALL WARRANTIES WITH RESPECT TO THE SERVICES OR LINN'S PERFORMANCE OF THE SERVICES, INCLUDING DISCLAIMING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

2.2 Notice of Accidents. LINN shall promptly provide Berry notice of any material accidents or emergencies that occur with respect to the Services or the Berry Assets.

2.3 Personnel and Access.

(A) Personnel. LINN shall provide personnel to staff and perform the Services, which may be accomplished to the extent necessary by (i) employees of LINN or Third Party contractors (subject to paragraph (A) of Section 5.2). All personnel engaged or directed by LINN to perform LINN's obligations under this Agreement shall be duly qualified, licensed, trained, and experienced to perform such obligations. LINN shall at all times require such personnel to comply with Applicable Law in the same manner as a reasonable and prudent operator. Notwithstanding anything to the contrary contained herein, in no event shall LINN be required to maintain the employment of, or any contractual relationship with, any particular individual or group, or to make available to Berry any particular individual or any individual at any particular time. Berry acknowledges the transitional nature of the Services and agrees that LINN may make changes from time-to-time in the personnel performing the Services if LINN is making similar changes in performing similar services for itself.

(B) Access. Berry shall have access to the Operated Berry Properties, the Berry Facilities, and the Berry Related Assets at all times during normal business hours. Should Berry desire access to Non-Operated Berry Properties during the Transition Period, LINN will use commercially reasonable efforts to coordinate access to the same with the relevant operator. LINN shall have sole authority to select, supervise, and direct all Representatives in the performance of the Services. Berry may consult

with LINN's Representatives who are providing the Services, and LINN shall make such Representatives reasonably available to Berry for such consultations during normal business hours, either directly or through one or more designated centralized point(s) of contact, in each case subject to the applicable individual's availability during normal business hours. In connection with Berry's access to the Operated Berry Properties or to any Berry Related Assets located on property owned by LINN, Berry must be accompanied by a LINN Representative at all times. Berry shall indemnify, defend, and hold harmless the LINN Indemnified Parties from and against any and all liability for injury to Berry's officers, employees, invitees, and/or agents, resulting from, or relating to, the presence of any such officers, employees, invitees, and/or agents at any Operated Berry Properties, any Non-Operated Berry Properties with respect to which LINN coordinated access for Berry, or any property owned by LINN, or from any such person's traveling to or from such property in a vehicle owned by LINN, in each case other than any such injury and resulting liability caused by the gross negligence or willful misconduct of LINN.

2.4 Consents. If any consents, approvals, or authorizations of any Person are identified as being required in connection with this Agreement, then LINN and Berry shall use commercially reasonable efforts to obtain as promptly as possible such consents, approvals, or authorizations; provided, however, that LINN shall be the primary point of contact with any such Person solely as it relates to the Services performed by LINN at that time. Berry shall be responsible for any costs and expenses incurred with Berry's prior written approval that are attributable to obtaining any consents, approvals, or authorizations required in connection with this Agreement. If the consent, approval, or authorization of any Person, if required, is not obtained within a reasonable time period after identification thereof, then LINN and Berry shall work together to develop and effect a commercially reasonable alternative in connection with the Services affected by such failure to obtain such consent, approval, or authorization.

2.5 Additional Records. Except as provided in this Agreement, nothing shall require LINN to provide records, financial information, or other information that, in each case, is not kept or reported by LINN in the ordinary course of business. For the avoidance of doubt, any reporting required of LINN during the pendency of its bankruptcy shall be deemed to be in LINN's ordinary course of business for purposes of this Section 2.5.

2.6 No Additional Systems. Nothing herein shall require LINN to install, expand, or modify any equipment, systems, or services at any location beyond the level provided by LINN during the Reference Period.

2.7 Information Necessary to Perform the Services. Berry shall promptly provide any information and assistance that is reasonably requested by LINN and necessary for LINN to perform or cause to be performed any portion of the Services. If Berry fails to provide, or delays in providing, such necessary information or

assistance, then LINN shall be relieved of its obligation to perform such portion of the Services to the extent prevented thereby; provided, however, that LINN shall use commercially reasonable efforts to mitigate, overcome, or work around such failure or delay in order to perform such portion of the Services; provided, further, that Berry will reimburse LINN for any reasonable and documented additional costs or expenses incurred by LINN that are attributable to mitigating, overcoming, or working around the effects of such failure or delay in accordance with and subject to the terms and conditions of paragraph (A) of Section 5.2.

2.8 Audit. At any time during the Term and during the period up to 180 days after the Final Settlement Statement is finalized under Section 5.8, Berry shall have the right to conduct one audit of the books and records of LINN insofar as they pertain to the Services, the Monthly Settlement Statements, the Monthly Statements, or the Final Settlement Statement. Such audit may be conducted by an accounting firm or other contractor retained by Berry. Berry is entitled to an adjustment of the amounts reflected in the Monthly Settlement Statements, the Monthly Statements, or the Final Settlement Statement when an error occurs. Any such audit must be completed and objections made within 60 days of its initiation. Any dispute that is not resolved between the Parties shall be resolved in accordance with the arbitration procedure set forth in Article 8.

2.9 Transition Period Extension. Berry shall use its reasonable best efforts to assume operatorship of all of the Operated Berry Properties on or before the last day of the un-extended Transition Period. Berry shall provide to LINN evidence reasonably satisfactory to LINN of Berry's satisfaction of the predicate requirements of Section 3.4 for delivery of the Change of Operator Forms no less than 14 days prior to the last day of the Transition Period, or the Transition Period will be extended for an additional calendar month (unless LINN, in its sole discretion, waives such compliance). In addition, if Berry determines that it requires all or any portion of the Services to continue beyond the end of the Transition Period, then Berry may elect to extend the Transition Period for an additional month by delivering to LINN written notice of such election no less than 15 days prior to the last day of the Transition Period; provided, however, that the Transition Period may only be extended once under this Section 2.9.

2.10 General Control and Consultation. The Parties acknowledge and agree that Berry shall at all times be the owner of the Berry Assets and that LINN is providing the Services solely as a service provider. Subject to Section 2.1, and to the extent not inconsistent with Section 9.9, the Services shall be provided by LINN to the extent of and substantially in the same manner as LINN has conducted its business during the Reference Period and, in all material respects consistent with Berry's 2017 capital budget as of January 1, 2017, under the general control of and subject to the reasonable direction of Berry; provided, however, that LINN shall control the manner and method of performing the Services, including all day-to-day Services provided for in Article 1. Without limiting the foregoing, LINN shall consult with the chief executive officer of Berry on a regular basis throughout the Term regarding the Services and shall act in accordance with the

written instructions, if any, provided by such chief executive officer or his designee with respect to particular aspects of the Services. Notwithstanding anything herein to the contrary, (i) in no event shall LINN be required to act in a manner inconsistent with its health, safety and environmental policies in effect as of the Execution Date and (ii) LINN may take any action it deems necessary in its reasonable belief and in good faith to prevent or avoid imminent risk to life or property.

3. Berry Separation.

3.1 Assets

(A) Representation. LINN represents and warrants that no real or personal property was transferred from Berry to LINN at any time between December 1, 2013 and the Effective Date. To the extent either Party discovers that the foregoing is inaccurate, the Parties will take all steps necessary pursuant to Section 3.7 to transfer such real or personal property back to Berry. The foregoing is the sole and exclusive remedy with respect to any breach of the representations and warranties set forth in this paragraph (A) of Section 3.1.

(B) Berry Assets. As used in this Agreement, the "**Berry Assets**" shall mean all real and personal properties, assets and interests that are part of the Berry Estate, including all real and personal properties, assets and interests described on the Berry Statement of Assets and Liabilities. Without limiting the foregoing, the "Berry Assets" shall include all of Berry's right, title and interest in, to or under the following (it being expressly understood that some of the following are interests in properties in which Berry is a joint interest owner with LINN and that all references to Schedules in this Section 3.1(B) are for information purposes only and shall not expand or diminish the property of the Berry Estate or the LINN Estate, as applicable):

(i) the Leasehold Interests and Mineral Interests summarized on the Berry Statement of Assets and Liabilities and as further described on Schedule 1, and Berry's interest in the Leases and lands included in any units with which such Leasehold Interests and Mineral Interests (or the lands covered thereby) may have been pooled, unitized, or communitized (collectively, the "**Berry Leasehold and Mineral Interests**");

(ii) the interests in oil, gas, water, disposal, observation, or injection wells located on or traversing the Berry Leases and Mineral Interests, whether producing, non-producing, plugged, unplugged, shut-in, or temporarily abandoned, as described on Schedule 2 (collectively, the "**Berry Wells**", and together with the Berry Leasehold and Mineral Interests, the "**Berry Properties**");

(iii) the Hydrocarbons in storage above a custody transfer point; and

(iv) the office leases, field offices, and storage yards described on the Berry Statement of Assets and Liabilities and as further described on Schedule 3 (collectively, the "**Berry Facilities**").

For the avoidance of doubt, the Parties acknowledge and agree that from and after the Effective Date, Berry shall continue to be responsible for all Liabilities attributable to or arising from the Berry Assets except as otherwise provided in this Agreement and except for any such Liabilities discharged or otherwise released pursuant to or in connection with the Berry Consensual Plan or the LINN Consensual Plan.

(C) Berry Related Assets. As used in this Agreement, the term "**Berry Related Assets**" means the following real and personal properties, assets and interests, whether part of the Berry Estate or part of the LINN Estate; provided, however, that where the following relate to both Berry Assets and real or personal property that is part of the LINN Estate, only the proportion of the same related to the Berry Assets shall be included in the definition of "Berry Related Assets":

(i) The real property described on Schedule 4 (together with the field offices located thereon, the **"Hill Field Offices**");

(ii) all of the equipment, machinery, fixtures and other tangible personal property and improvements located on or used or held for use in connection with the ownership or operation of the Berry Properties, including tanks, boilers, plants, injection facilities, saltwater disposal facilities, compressors and other compression facilities (whether installed or not), pumping units, flow lines, pipelines, gathering systems, Hydrocarbon treating or processing systems or facilities, meters, machinery, pumps, motors, gauges, valves, power and other utility lines, roads, computer and automation equipment, SCADA and measurement technology, the Transferred Hardware, field radio telemetry and associated frequencies and licenses, pressure transmitters, central processing equipment and other appurtenances, improvements and facilities (collectively, the "**Berry Equipment**");

(iii) all of the pipes, casing, tubing, tubulars, fittings, and other spare parts, supplies, tools, and materials located on, used, or held for use on or held as inventory in connection with the ownership or operation of the Berry Properties, Berry Facilities, Hill Field Offices, or Berry Equipment;

(iv) all of the governmental (whether federal, state, or local) permits, licenses, authorizations, franchises, grants, easements, variances, exceptions, consents, certificates, approvals, and related instruments or rights relating to the Berry Properties that are not held by LOI as operator of Operated Berry Properties (collectively, the "**Berry Permits**");

(v) all of the Contracts (including sales and purchase contracts, operating agreements, exploration agreements, development agreements, balancing agreements, farmout agreements, service agreements, transportation, processing, treatment and gathering agreements, equipment leases and other contracts, agreements and instruments), including the Contracts described in Schedule 5, (collectively, the "**Berry Contracts**") but subject to Section 3.2 and excluding any Master Service Agreement in the name of LINN, other than those described in Part D of Schedule 5;

(vi) all of the proprietary rights and non-proprietary rights to all seismic, geological, geochemical, or geophysical data (including all maps, studies, Third Party studies, reservoir and production engineering studies and simulations, and all field and acquisition records) related to or obtained in connection with the Berry Properties to the extent transferrable without a fee (or, in the event a transfer fee applies, to the extent Berry has agreed, in writing, to pay such transfer fee) (the "**Berry G&G Data**");

(vii) all of the Surface Rights;

(viii) all claims, refunds, abatements, variances, allocations, causes of action, claims for relief, choses in action, rights of recovery, rights of set-off, rights of indemnity, contribution or recoupment, counter-claims, cross-claims and defenses to the extent related to the Berry Assets;

(ix) all of the information, books, databases, files, records and data (other than the Excluded LINN Records and Data), whether in written or electronic format, relating to Berry or any of the other Berry Assets (collectively, the "**Berry Records**"), which Berry Records shall include all minute books, stock ledgers, corporate seals, and stock certificates of Berry; all reservoir, land, operation and production files and records, inclusive of lease records, well records, division order records, property ownership reports and files, contract files and records, well files, title records (including abstracts of title, title opinions and memoranda, and title curative documents), correspondence, production records, prospect files and other prospect information, supplier lists and files, customer lists and files; and all other data including proprietary and non-proprietary engineering, files and records in the actual possession or control of Berry (or, if applicable, LINN to the extent

transferable to Berry (i) without material restriction that is not overcome using commercially reasonable efforts (including a material restriction against assignment without prior consent if such consent is not obtained after commercially reasonable efforts) and (ii) without the payment of money or delivery of other consideration or unduly burdensome effect that Berry does not agree in writing to pay or bear), inclusive of maps, logs, core analysis, formation tests, cost estimates, studies, plans, prognoses, surveys and reports, and including raw data and any interpretive data or information relating to the foregoing, and any other proprietary data in the actual possession or control of Berry (or, if applicable, LINN to the extent transferable to Berry (i) without material restriction that is not overcome using commercially reasonable efforts (including a material restriction against assignment without prior consent if such consent is not obtained after commercially reasonable efforts) and (ii) without the payment of money or delivery of other consideration or unduly burdensome effect that Berry does not agree in writing to pay or bear) and relating to the ownership, operation, development, maintenance or repair of, or the production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from, the Berry Properties;

(x) all of the Berry Receivables, cash call pre-payments and other refunds due to Berry (or, if applicable, LINN) for royalty overpayments or future deductions as royalty offsets associated with any of the Berry Properties;

(xi) all of the trade credits, accounts receivable, note receivables, take or pay amounts receivable, and other receivables attributable to the Berry Assets or other Berry Related Assets;

(xii) any software licenses and IT service agreements used solely in connection with or wholly attributable to the Berry Properties, but only to the extent transferable without material restriction (the "**Berry Software**");

(xiii) all California greenhouse gas emissions credits and allowances and any other carbon dioxide allowances that are part of the Berry Estate or scheduled on Schedule 10; and

(xiv) all of the vehicles used by, assigned to or otherwise associated with any Berry Employee or solely with any of the other Berry Operated Assets (including any such vehicle that is part of the LINN Estate) (the "**Vehicles**").

3.2 Assignment of Contracts.

(A) General. Subject to paragraph (B) of this Section 3.2, as soon as practicable, but in any event prior to the end of the Transition Period, LINN will assign or cause to be assigned to Berry each Berry Contract to which LINN is party (whether in its own name or as agent for Berry), including marketing agreements, operating agreements, transportation agreements, equipment leases, electrical agreements, rights of way, surface use agreements and other agreements (such Berry Contracts that relate solely to Berry or the Berry Assets, including the Berry Contracts so identified in Part B of Schedule 5, are referred to in the Agreement collectively as the "**Berry Operating Contracts**"; and such Berry Contracts that relate both to Berry or the Berry Assets on the one hand and LINN or property that is part of the LINN Estate, on the other, including the Berry Contracts so identified in Part C of Schedule 5, are referred to in the Agreement collectively as the "**Berry Shared Contracts**"); provided, however, that LINN shall only assign such Berry Shared Contracts that are capable of being subdivided without penalty or any incremental cost or expense being paid by LINN and without requiring LINN or Berry to retain any liability for the other under such contract (and in such case shall only assign the portion of such Berry Shared Contract that applies to the Berry Assets); provided, further, that LINN shall use its commercially reasonable efforts to obtain from each Berry Shared Contract counterparty a separation of its Berry Shared Contract into separate contracts between such counterparty and each of LINN and Berry so long as the terms and conditions of the underlying agreement remain substantially the same. Berry shall take such actions as may be required to accept assignment of the Berry Operating Contracts and the Berry Shared Contracts. Notwithstanding the foregoing, if both Berry and LEH are parties to any Berry Shared Contract and such contract relates only to the ownership or operation of properties in which LEH and Berry have shared ownership, LINN may elect to take no action to partition the contracts during the Transition Period, which shall not prejudice either Party's ability to request or negotiate a partition or novation from the counterparty of such contract at a later date and shall not operate to create a joint and several liability under such contract.

(B) Consent Requirements. Notwithstanding anything to the contrary contained herein, LINN shall not assign any Berry Operating Contract or Berry Shared Contract if the terms of such contract prohibit such assignment, require a consent to such assignment that is not given after LINN has used all commercially reasonable efforts to obtain such consent, or require a fee for such assignment that Berry does not agree to bear, which Berry Operating Contracts and Berry Shared Contracts include those identified in Schedule 5.

(C) Assigned Operating Contract. Any contract assigned pursuant to this Section 3.2 shall be referred to herein as an "**Assigned Operating Contract**"; provided, however, that as to Berry Shared Contracts that are assigned, only the portion of the contract assigned to Berry shall be included in the term Assigned Operating Contract.

3.3 Certain Ancillary Agreements. LINN (as applicable) and Berry will execute the following agreements on the dates specified below:

(i) any change of operator forms required to designate Berry as the operator of the Operated Berry Properties (the "**Change of Operator Forms**") as soon as practical but in no event later than the final day of the Transition Period; and

(ii) letters in lieu of transfer or division orders directing all purchasers of production from the Berry Assets to make payment of proceeds attributable to such production to Berry from and after the Effective Date in a form reasonably satisfactory to both Parties (the "**Letters in Lieu**") as soon as practical but in no event later than the final day of the Transition Period.

In connection with the ancillary agreements described above in this Section 3.3, the Parties agree that Berry shall be the recognized operator of the Hill field and LINN shall be the recognized operator of the Hugoton field.

3.4 Delivery of Documents.

(A) Change of Operator Forms. On or before the end of the last day of the Transition Period (or otherwise in accordance with applicable state requirements), LINN will submit the Change of Operator Forms to the required parties; provided, however, that Berry must have secured the necessary bonding, insurance and regulatory approvals to release LINN of any ongoing liability for Berry's operatorship.

(B) Letters in Lieu. On or before the first day of the last month of the Transition Period, LINN will submit the Letters in Lieu to the appropriate counterparties.

(C) Documents Related to Joint Use Agreement. On or before April 1, 2017, LINN will deliver to Berry the following documents related to that certain Joint Use Agreement of even date herewith, by and between LEH and Berry (the "**Joint Use Agreement**"): (i) a projected budget for the "Gathering Facilities" for the remainder of calendar year 2017, which will include an itemized summary of projected "Capital Expenditures," "Operating Expenses" and planned nonrecurring maintenance items, and shall list each charge or expense that will be payable to an "Affiliate" of LEH (excluding charges and expenses related to LOI's employees and third party charges and expenses passed through by LOI to LEH without

markup) (as each such term is defined in the Joint Use Agreement); and (ii) an amended and restated Exhibit D to the Joint Use Agreement containing a detailed description of all real and personal property comprising the "Gathering Facilities" (as defined in the Joint Use Agreement) based on information in LINN's files and records, including a reasonably detailed description of each right-of-way and other real property interest included therein and a reasonably detailed description, with specifications, of each segment of pipe and other component thereof.

3.5 Assignment of Operating Property.

(A) Inventory. During the first 30 days of the Term, LINN will inventory all (i) Berry Equipment that is part of the LINN Estate (the "**Berry Operating Equipment**"), (ii) pipes, casing, tubing, tubulars, fittings, and other spare parts, supplies, tools, and materials located on, used or held for use on or held as inventory in connection with the ownership or operation of the Berry Assets that are part of the LINN Estate (the "**Berry Operating Yard Equipment**"), (iii) Transferred Hardware, and (iv) Vehicles (together with the Berry Operating Equipment, Berry Operating Yard Equipment and the Transferred Hardware, the "**Berry Operating Property**").

(B) Valuation. On or before the 45th day of the Term, LINN will provide Berry with a list of the Berry Operating Property, together with an estimated fair market value (taking into account normal annual depreciation) of the portion of the Berry Operating Property that is not part of the Berry Estate. Berry will notify LINN within ten days if Berry disagrees with any valuation for such portion of the Berry Operating Property, in which case, Berry and LINN will work in good faith to resolve their disagreement on before the 75th day of the Term. If the Parties are unable to agree to a value for a Vehicle prior to such date, then such Vehicle will not be included in the term "Berry Operating Property" for the purpose of paragraph (C) of this Section 3.5 or the term "Berry Related Assets" and will be retained without further obligation by LINN. If the Parties are unable to agree to a value for any portion of the Berry Operating Equipment or the Berry Yard Equipment that is not part of the Berry Estate, then LINN will hire a Third Party appraiser to determine the amount of such value, the expense for such appraiser to be shared equally between the Parties.

(C) Conveyance. Once the Parties have agreed to the fair market value (taking into account normal annual depreciation) for the portion of the Berry Operating Property that is not part of the Berry Estate (or the appraiser has determined such value in accordance with paragraph (B) of this Section 3.5, in either case the aggregate amount to be referred to herein as the "**Operating Property Amount**"), LINN will convey the Berry Operating Property and the Transferred Hardware to Berry using a Bill of Sale in a

form substantially similar to Exhibit F. In addition, LINN will take any additional steps necessary under applicable state or local law to transfer any title held by LINN to the Berry Operating Property to Berry. Berry will reimburse LINN for the Operating Property Amount in accordance with Section 5.4. Prior to the end of the Transition Period, LINN will convey the Hill Field Offices to Berry using a Special Warranty Deed in a form substantially similar to Exhibit G.

(D) Berry Records. Throughout the Transition Period (and, with regard to records created during the Accounting Period, throughout the Accounting Period), LINN will deliver the Berry Records to Berry, at Berry's expense, (to the extent not already delivered) in their current form and format; provided, however, that LINN shall not be required to conduct processing, conversion, compiling or any other further work with respect to delivery of the Berry Records; provided, however, further, that LINN may retain a copy of any Berry Records related to accounting or the Hill assets (and may copy, at Berry's expense, Berry Records related to the Hugoton assets and retain the original, delivering the copy as the Berry Record). Berry agrees to maintain the Berry Records for a period of five years following the expiration of the Term, and, during such time, to (i) provide copies of any Berry Records that relate to the accounting, to the Hill and Hugoton assets, or are needed to respond to any legal proceeding or claim by a Third Party or by Berry, to LINN, at LINN's sole expense and upon reasonable advance notice, and (ii) give 90 days' prior written notice to LINN before destroying any Berry Record, in which event LINN may, at its option and expense, upon prior written notice given within such 90 day period to Berry, take possession of such Berry Records within 180 days after the date of such notice.

(E) Hugoton Field Offices. LINN agrees that if Berry (or its successor in interest) becomes the operator of the Hugoton properties under or pursuant to the applicable Joint Operating Agreement between Linn and Berry dated of even date herewith, then LINN or its successor in interest will convey the Hugoton Field Offices to Berry (or such successor in interest) for $1 using a Special Warranty Deed in a form substantially similar to Exhibit G.

3.6 Assignment of Berry Related Assets. Without limiting the provisions set forth in Section 1.3 regarding the transfer or assignment of the Berry Permits, Section 3.2 regarding the assignment of the Berry Contracts, and Section 3.5 regarding the conveyance of the Berry Operating Property, prior to the end of the Transition Period, LINN shall transfer, assign, and convey or cause to be transferred, assigned, and conveyed to Berry all other Berry Related Assets that are held in the LINN Estate. Such transfers, assignments, and conveyances shall be in form reasonably satisfactory to the Parties.

3.7 Further Assurances. For a period of one year from the Effective Date, each of LINN and Berry shall (i) furnish upon request to the other Party such further information, (ii) execute, acknowledge and deliver to such other Party such other documents, and (iii) do such other acts and things, as such other Party may reasonably request for the purpose of carrying out the intent of this Agreement or the Berry Consensual Plan or the Linn Consensual Plan. In addition, LINN shall use commercially reasonable efforts to continue to assist Berry in connection with the resolution of claims against Berry and Linn Acquisition Company, LLC relating to the Chapter 11 Cases (as defined in the Berry Consensual Plan); provided, however, that LINN will not be required to provide such assistance after the Term of this Agreement absent mutual agreement of the Parties, including agreement as to the additional compensation to LINN for such assistance.

4. Employment.

4.1 Access Period. During the period from the Effective Date until the date that is 15 days prior to the end of the Transition Period (the "**Access Period**"), LINN shall provide to Berry or its designated representatives reasonable access to any LINN employee on the Available Employee List attached as Schedule 6. At any time prior to the date that is 20 days prior to the end of the Accounting Period, LINN may designate additional employees to be made available to Berry, such designation to be made in writing, in which case such individuals will be treated as Berry-LINN Employees for the purpose of Section 4.2 but not Section 4.3.

4.2 Employment Offers. All Berry Employees shall be extended offers of employment by Berry during the Transition Period in accordance with an offer process determined by Berry in consultation with LINN. In addition, either Party may extend employment offers to any of the Berry-LINN Employees during the period beginning on the date that is 15 days prior to the end of the Transition Period and ending on the date that is 15 days prior to the end of the Accounting Period (the "**Offer Period**"). Any employment offer will require acceptance of the same within ten days and will be effective on the first day following the end of the Transition Period (or, if appropriate for a Berry-Linn Employee, on the first day following the end of the Accounting Period). Each Party will share the responses to employment offers made under this Section 4.2 promptly upon receipt with the other Party; provided, however, that neither Party shall be required to disclose the terms of any offer except to the extent necessary to establish any severance fees or obligations under Section 4.3.

4.3 Severance Amounts. At the conclusion of the Offer Period, Berry shall provide a list of all Available Employees to whom Berry submitted an offer. For each Berry Employee (i) who is not made an offer of employment that would avoid a Qualifying Termination for such employee (as such term is defined in LINN's Severance Plan, attached hereto as Schedule 7) and (ii) whose employment is terminated by LINN on or prior to the end of the Term, Berry will be charged 100 percent of any severance fees and obligations

associated with such termination. For each Berry-LINN Employee (x) who is not made an offer of employment that would avoid a Qualifying Termination for such employee and (y) whose employment is terminated by LINN on or prior to the end of the Term, Berry will be charged 30 percent of any severance fees and obligations associated with such termination (the aggregate amount payable by Berry under this Section 4.3 is referred to herein as **"Berry Severance Fees**"). LINN shall retain responsibility for (A) 70 percent of any severance fees and obligations associated with the termination on or prior to the end of the Term of any Berry-LINN Employee, and (B) 100 percent of any severance fees and obligations associated with the termination of any LINN employee who is not an Available Employee or whose employment is not terminated on or before the end of the Term (even if such employee provides Services under this Agreement).

4.4 Non-Solicitation of Certain Employees. During the Transition Period, LINN shall not solicit any Berry Employee to remain as an employee of LINN or otherwise encourage or induce such Berry Employee not to accept employment with Berry; provided, however, that nothing in the foregoing will prohibit LINN from making such solicitation after the end of the Transition Period to any Berry Employee who did not accept Berry's offer of employment under Section 4.2, subject to the following sentence. In addition to the immediately preceding sentence, and except as specifically described in Sections 4.1 and 4.2, for a period of two years from the Effective Date, neither LINN nor Berry or either of their respective Affiliates will, directly or indirectly, (i) solicit for employment, offer employment or employ any employee of the other Party or its respective Affiliates, (ii) otherwise divert or induce any such employee to terminate or materially alter his or her employment or contractual relationship with the other Party or its respective Affiliates, or (iii) agree to do any of the foregoing; provided, however, that neither Party shall be considered to have breached the provisions of this sentence solely because any such employee responds to a general advertisement or a Third Party search firm that has not directed its search specifically at such employees of the other Party or its respective Affiliates. Each Party shall be liable for the compliance of its Affiliates and its and their respective agents and representatives with the terms of this Section 4.4. Each Party acknowledges and agrees that if such Party violates (or threatens to violate) any of the terms of this Section 4.4, then the other Party will not have an adequate remedy at law and in such event such other Party shall have the right, in addition to all other rights available at law or in equity, to obtain injunctive relief to restrain any breach or threatened breach of the terms of this Section 4.4.

5. Term and Termination; Service Fees; Monthly Settlement.

5.1 Term and Termination.

(A) Term. This Agreement shall be effective as of the Effective Date, and shall continue in effect until the end of the Accounting Period, unless terminated earlier in accordance with this Section 5.1 (the "**Term**"). Except as otherwise provided herein, upon expiration of the Term or

earlier termination of this Agreement, LINN shall no longer be responsible for the performance of the Services, and all rights and obligations under this Agreement shall cease except for (i) rights or obligations that are expressly stated to survive the expiration or termination of this Agreement, (ii) the provisions set forth in the last sentence of paragraph (B) of Section 2.3, in paragraph (A) of Section 3.1, in paragraph (D) of Section 3.5 in paragraph (E) of Section 3.5, in paragraph (D) of this Section 5.1, in Sections 3.7, 4.4, 5.2, 5.4 and 5.5, and in Articles 6, 8, and 9, which shall continue in accordance with their terms, and (iii) the last sentence in paragraph (E) of this Section 5.1, which will survive the expiration or termination of this Agreement indefinitely, and (iv) liabilities and obligations that have accrued prior to such expiration or termination, including the obligation to pay any amounts that have become due and payable prior to such expiration or termination.

(B) Termination by Berry. Berry may, without cause and in accordance with the terms and conditions hereunder, (i) request the discontinuation of one or more portions of the Services, or (ii) request the discontinuation of all of the Services and terminate this Agreement prior to the expiration of the Term, in each case, by giving LINN not less than 15 days' prior written notice; provided, however, that (a) the effective date of such termination must be the first or last day of a calendar month, (b) the discontinuation of less than all of the Services will require LINN's consent (which consent shall not be unreasonable delayed or withheld), (c) Berry must have satisfied the condition precedent of paragraph (A) of Section 3.4 prior to terminating the Services described in Section 1.1 or all of the Services, and (d) Berry shall be liable to LINN for all fees and expenses accrued with respect to the provision of the discontinued Services as of the date of discontinuation, including any amounts that LINN remains obligated to pay under any contract entered into in accordance with this Agreement solely in order to provide the Services.

(C) Termination for Material Breach. Either Party may terminate this Agreement if the other Party is in material breach of this Agreement and such other Party fails to cure such breach within five Business Days following receipt of written notice thereof from the non-breaching Party; provided, however, that (i) LINN may not terminate this Agreement and withdraw from providing the Services if such breach is not capable of being cured and Berry continues to pay the Service Fees, and (ii) subject to Berry using all reasonable efforts to obtain a qualified and financially responsible replacement for LINN reasonably acceptable to Berry and Berry's continued payment of the Service Fees, LINN may not terminate this Agreement and withdraw from providing the Services until a qualified and financially responsible replacement for LINN reasonably acceptable to Berry has agreed to take over as LINN and assume responsibility for the Services under this Agreement on terms and conditions reasonably acceptable to Berry.

(D) Obligations of LINN upon Termination. Without limiting the second sentence of paragraph (A) of this Section 5.1, upon termination of this Agreement, LINN shall assign, transfer, and deliver to Berry (or to such other Person as Berry shall direct) (i) title to all Berry Related Assets that are part of the LINN Estate (in accordance with the provisions of Sections 3.2, 3.5, and 3.6 and subject to Berry's requirement to reimburse LINN for the same) and (ii) possession and control of all operations hereunder and all of the Berry Assets in the possession or control of LINN or any subcontractor of LINN, but only to the extent Berry has complied or does comply with the conditions precedent described in Section 3.4(A). Without limiting the foregoing, upon the effective date of termination, LINN shall assign and deliver to, and relinquish custody in favor of, Berry (or such other Person selected by Berry) all of Berry's funds held or controlled by LINN, and all Suspense Funds, and all books, accounts, records and inventories relating to the Berry Assets, facilities and/or the operations hereunder.

(E) Obligations of Berry upon Termination. Effective upon termination of this Agreement, Berry assumes and agrees to discharge when due any and all Liabilities attributable to or arising from the Berry Related Assets except as otherwise provided in this Agreement and except for any such Liabilities discharged or otherwise released pursuant to or in connection with the Berry Consensual Plan or the LINN Consensual Plan. Notwithstanding anything herein to the contrary, Berry hereby agrees to release and fully indemnify, defend, and hold harmless the LINN Indemnified Parties from each and every Claim related to such assumed Liabilities.

5.2 Service Fees and Employee Expenses.

(A) Reimbursement Expenses. Berry shall pay and reimburse LINN for any and all reasonable Third Party out-of-pocket costs and expenses without mark-up (including operating costs, capital expenditures, drilling and construction overhead charges, Third Party administrative overhead charges, joint interest billing, lease, lease operating, lease rental, bonus and shut-in payment, royalty, overriding royalty, net profits interest expenses, and records and data transfer expenses) and reasonable and necessary travel expenses actually incurred by LINN to the extent documented and incurred in connection with providing the Services during the Term (the "**Reimbursement Expenses**"); provided, however, that Reimbursement Expenses will not include Third Party contractors engaged by LINN after the Effective Date to provide portions of the Services where such portions of the Services were performed by LINN employees prior to the Effective Date unless expressly agreed to in writing by the Parties.

(B) Management Fee. In addition to the foregoing Reimbursement Expenses, Berry shall pay to LINN $6,000,000 per month (prorated for partial months) during the Transition Period (the "**Full Management Fee**") and $2,700,000 per month (prorated for partial months) during the Separation Period (the "**Limited Management Fee**" and together with the Full Management Fee, the "**Management Fee**"). The Management Fee, together with the Reimbursement Expenses, are referred to collectively herein as the "**Service Fees**."

5.3 Cash Call.

(A) Cash Calls. It is not the intent of this Agreement for LINN to advance any of its own funds. If there are lease operating expenses or capital expenditures that would otherwise be paid by LINN pursuant to this Agreement, LINN shall provide a written cash call ("**Cash Call**") to Berry detailing the amount of such expenses, the proposed use thereof, and the date such funds are required, together with supporting documentation, for approval by Berry in advance of LINN incurring the same. Berry shall, within five Business Days of receipt of such Cash Call, render a decision to provide such amount to LINN for payment (in whole or in part) or to decline such payment (in which event LINN will be relieved of any obligation to conduct the associated activity). Berry reserves the right to approve any or all detail amounts included in any Cash Call.

(B) Emergencies. Notwithstanding anything to the contrary in this Agreement, the Parties agree that in the event LINN reasonably believes there is an emergency involving actual or imminent loss of life, material damage to any of the Berry Assets or the environment, or substantial and immediate financial loss, LINN shall advance its own funds for any expense or expenditure that LINN determines is necessary under the circumstances as a reasonable and prudent operator to address such emergency (but only to the extent necessary to stabilize the situation and alleviate the imminent threat) without the need to make a Cash Call. If LINN takes any action pursuant to the immediately preceding sentence, then LINN shall promptly (but within any event within 48 hours) notify Berry of the taking of such action and deliver an invoice to Berry reflecting (i) the expenditures already incurred by LINN to address such emergency and (ii) LINN's reasonable projection of expenditures to be incurred by LINN over the subsequent seven days to further address such emergency, and Berry shall promptly (and in no event later than 48 hours following receipt of such notice) reimburse and advance to LINN all such expenditures set forth such invoice.

5.4 Monthly Settlement Statement. On the date any amounts are to be transferred pursuant to Section 5.5, LINN shall submit to Berry a "**Monthly Settlement Statement**" prepared substantially in the form of Exhibit C, calculating the Current Month Settlement, to the extent any such amount has not previously been accounted for in a prior Current Month Settlement or under this Agreement or otherwise accounted for prior to the Effective Date between the Parties. The

"**Current Month Settlement**" shall be calculated (without duplication) as follows in this Section 5.4:

(i) the net revenue interest share of all revenues (less severance and production taxes allocable to Berry under this Agreement and paid by or on behalf of LINN) attributable to the sale of production from the Berry Properties and received by LINN;

(ii) less the working interest share of all direct operating expenses incurred by LINN for Berry's account (exclusive of any expenses prepaid by Berry) (with respect to the Non-Operated Berry Properties, such direct operating expenses shall include overhead charges based on the applicable COPAS accounting procedures);

(iii) plus COPAS and administrative overhead credits received by LINN from other owners for the Operated Berry Properties (excluding Berry) for operations subsequent to the Effective Date;

(iv) less the working interest share of all capital expenditures incurred by LINN for Berry's account related to the Berry Properties for operations;

(v) less the working interest share of all bonuses, lease rentals, shut-in payments, and other charges paid by LINN on behalf of Berry;

(vi) less the Reimbursement Expenses as stipulated in paragraph (A) of Section 5.2;

(vii) less the Management Fee as stipulated in paragraph (B) of Section 5.2;

(viii) less any amounts due under Section 5.2 that remain unpaid;

(ix) less the Operating Property Amount due under Section 3.5;

(x) less any Berry Severance Fees due under Section 4.3; and

(xi) plus or less, as applicable, such other amounts as may be agreed to by the Parties.

Other than the Reimbursement Expenses, Management Fee and any Berry Severance Fees, Berry shall not be charged hereunder for any internal overhead, COPAS, non-billable charges of LINN allocated by LINN to any of the Berry Properties, or COPAS overhead charges attributable to the Operated Berry Properties.

5.5 Transfer of Cash. On the 15th day of each calendar month during the Term and for the three calendar months following the end of the Term, (i) if the Current Month Settlement is a positive number, then LINN shall pay to Berry via wire transfer into a Berry-owned account the Current Month Settlement and (ii) if the Current Month Settlement is a negative number, then Berry shall pay to LINN via wire transfer from a Berry-owned account into a LINN owned account the Current Month Settlement.

5.6 Third Party Joint Interest Billings. During the Accounting Period, LINN shall provide to Berry monthly aged accounts receivable reports detailing any uncollected joint interest billings issued to Third Parties for operations conducted on the Operated Berry Properties not otherwise accounted for prior to the Effective Date between the Parties. LINN shall use commercially reasonable efforts to collect all joint interest billings so billed. At the end of the Accounting Period, Berry shall reimburse LINN for the then outstanding amount of joint billings attributable to operations on the Operated Berry Properties not otherwise accounted for prior to the Effective Date by the Parties (the "**Transition JIB Balance**"). After Berry reimburses LINN, Berry shall have the right to retain all amounts it collects relative to the Transition JIB Balance, and LINN shall promptly remit to Berry any amounts received relative to the Transition JIB Balance. For the avoidance of doubt nothing in this Section 5.6 is intended to, or does, require Berry to reimburse LINN for joint interest billings for which (i) LINN did not perform the associated operations or (ii) Berry has already reimbursed LINN.

5.7 No Duplication of Payments to LINN. Notwithstanding anything contained herein to the contrary, in no event shall there be a duplication of payments to LINN under this Agreement for any matters, charges or costs of any kind which are covered by, or related to, Reimbursement Expenses, the Management Fee, and/or Cash Calls.

5.8 Final Settlement. On or before 60 days after the end of the Accounting Period, LINN will prepare and deliver to Berry a settlement statement setting forth the cumulative amounts charged and credited under Section 5.4, the cumulative cash transfers under Section 5.5, and any other accounting transfer that is required to be made under this Agreement, including but not limited to the transfer of Suspense Funds (the "**Final Settlement Statement**"). As soon as reasonably practicable but not later than the 30th day following receipt of Berry's statement hereunder, Berry shall deliver to LINN a written report containing any changes that Berry proposes be made to such statement, if any. LINN may deliver a written report to Berry during this same period reflecting any changes that LINN proposes to be made to such statement as a result of additional information received after the statement was prepared. The Parties shall undertake to agree on the Final Settlement Statement no later than 120 days after the end of the Accounting Period. If the Parties are unable to reach an agreement at such time, then either Party may submit the remaining matters in dispute to an Independent Expert for resolution pursuant to Section 8.3. Within ten days after the earlier of (a) the expiration of Berry's 60-day review period without delivery of any written report or (b) the date on which the Parties finally agree on the Final Settlement

Statement or the Independent Expert resolves the disputed matters, as applicable, (x) if the net amount of all entries in the Final Settlement Statement shows a balance owed to Berry, then LINN shall pay to Berry via wire transfer into a Berry-owned account such net amount due and (ii) if the net amount of all entries in the Final Settlement Statement shows a balance owed to LINN, then Berry shall pay to LINN via wire transfer into a LINN-owned account such net amount due.

6. Indemnification; Limitation and Exclusion of Damages.

6.1 Indemnity and Release by Berry.

(A) Subject to Section 6.3 and Section 6.4, and the proviso to the last sentence of this Section 6.1(A), LINN shall have no liability to Berry for, and Berry hereby releases, and shall indemnify, defend, and hold harmless, the LINN Indemnified Parties from, each and every Claim attributable to, or arising out of, any act or omission by LINN involving or related to the Services (or Berry's use thereof), including, but not limited to, LINN's failure to pay or to collect sums due, erroneous or improper payment, late payment, preparation of erroneous payment statement, administration of the Suspense Funds (including any escheatment obligations related thereto), or any other such cause, EVEN IF SUCH CLAIMS ARISE OUT OF THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF LINN OR THE LINN INDEMNIFIED PARTIES, except for any such Claim that may result from (and only to the extent it results from) LINN's gross negligence or willful misconduct. The foregoing release and indemnity shall expressly survive any expiration or termination of this Agreement and shall apply notwithstanding anything to the contrary contained in this Agreement (including under this Article 6); provided, however, that Berry shall have no indemnity or defense obligations to the LINN Indemnified Parties (and shall not be deemed to have released the LINN Indemnified Parties) with respect to any Claim for which LINN is required to indemnify or defend the Berry Indemnified Parties pursuant to Section 6.2.

(B) BERRY SPECIFICALLY AGREES TO FULLY DEFEND, INDEMNIFY AND HOLD HARMLESS ANY LINN INDEMNIFIED PARTY REGARDING ANY CLAIMS ARISING FROM, OR IN CONNECTION WITH, BERRY'S OR ITS SUBCONTRACTORS' EMPLOYEES' ACTIVITIES ON OPERATED BERRY PROPERTIES OR LINN-OWNED PROPERTY, INCLUDING, BUT NOT LIMITED TO, ALL CLAIMS FOR BODILY INJURY, PERSONAL INJURY, ILLNESS, OR DEATH BROUGHT BY BERRY'S OR BERRY'S SUBCONTRACTOR'S EMPLOYEES AGAINST ANY LINN INDEMNIFIED PARTY, SOLELY TO THE EXTENT SUCH CLAIM RESULTS FROM OR IS ATTRIBUTABLE TO THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY OF BERRY'S OR ITS SUBCONTRACTORS' EMPLOYEES, EXCEPT FOR ANY

SUCH CLAIM THAT MAY ARISE OUT OF THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY LINN INDEMNIFIED PARTY. THIS PROVISION CONTROLS OVER ANY CONFLICTING PROVISION IN THIS AGREEMENT.

6.2 Indemnity by LINN.

(A) Subject to Section 6.3 and Section 6.4, LINN shall indemnify, defend, and hold harmless Berry and its Affiliates, and their respective directors, officers, employees, agents, managers, shareholders and representatives (together with Berry, the "**Berry Indemnified Parties**") from and against any and all Claims suffered by the Berry Indemnified Parties as a result of, caused by, or arising out of (i) any breach of any covenant of LINN under this Agreement, or (ii) the sole, joint or concurrent negligence, gross negligence or willful misconduct of LINN or its Affiliate in its performance or failure to perform under this Agreement; PROVIDED, HOWEVER, THAT LINN SHALL HAVE NO OBLIGATION TO INDEMNIFY THE BERRY INDEMNIFIED PARTIES UNDER THIS SECTION 6.2(A) WITH RESPECT TO ANY CLAIM ATTRIBUTABLE TO LINN'S PERFORMANCE OF ITS OBLIGATIONS UNDER SECTION 1.1 AND SECTION 1.10 UNLESS SUCH CLAIM IS A RESULT OF, IS CAUSED BY, OR ARISES OUT OF LINN'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

(B) LINN SPECIFICALLY AGREES TO FULLY DEFEND, INDEMNIFY AND HOLD HARMLESS ANY BERRY INDEMNIFIED PARTY REGARDING ANY CLAIMS ARISING FROM, OR IN CONNECTION WITH, LINN'S OR ITS SUBCONTRACTOR'S EMPLOYEES' ACTIVITIES RELATED TO THE BERRY ASSETS, INCLUDING, BUT NOT LIMITED TO, ALL CLAIMS FOR BODILY INJURY, PERSONAL INJURY, ILLNESS, OR DEATH BROUGHT BY LINN'S OR ITS SUBCONTRACTOR'S EMPLOYEES AGAINST ANY BERRY INDEMNIFIED PARTY, EXCEPT FOR ANY SUCH CLAIM THAT MAY ARISE OUT OF THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY BERRY INDEMNIFIED PARTY REGARDLESS OF WHETHER SUCH INJURY OR DEATH IS OR IS ALLEGED TO BE CAUSED BY THE SOLE, PARTIAL OR CONCURRENT NEGLIGENCE OR STRICT LIABILITY OF SUCH BERRY INDEMNIFIED PARTY. THIS PROVISION CONTROLS OVER ANY CONFLICTING PROVISION IN THIS AGREEMENT.

6.3 Limitation of Liability. The total and cumulative liability of LINN arising out of, relating to, or in connection with, any performance or lack of performance of the Services, including for indemnification obligations and damages pursuant to this Article 6 (whether a claim therefor is based on warranty, contract, tort (including negligence or strict liability), statute, or otherwise) shall not exceed the aggregate Service Fees paid to LINN by Berry under this Agreement; provided, however, that this Section 6.3 shall not apply to any liability of LINN arising out of, relating to, or in connection with LINN's gross negligence or willful misconduct.

6.4 Exclusion of Certain Damages. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR CLAIMS ARISING OUT OF, RELATING TO, OR IN CONNECTION WITH, ANY PERFORMANCE OR LACK OF PERFORMANCE UNDER THIS AGREEMENT FOR INCIDENTAL, INDIRECT, PUNITIVE, EXEMPLARY, CONSEQUENTIAL, OR SPECIAL DAMAGES (INCLUDING DAMAGES FOR LOST PROFITS, LOSS OF USE, LOST REVENUE, LOST SAVINGS, LOSS OF DATA, OR LOSS BY REASON OF COST OF CAPITAL), EVEN IF SUCH DAMAGES WERE FORESEEABLE OR THE PARTY SOUGHT TO BE HELD LIABLE WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND REGARDLESS OF WHETHER A CLAIM THEREFOR IS BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), OR ANY OTHER LEGAL OR EQUITABLE PRINCIPLE, SAVE AND EXCEPT ANY SUCH DAMAGES PAYABLE WITH RESPECT TO THIRD PARTY CLAIMS. NOTWITHSTANDING ANYTHING IN THIS SECTION 6.4 TO THE CONTRARY, NEITHER PARTY'S RECOVERY FOR LOST PROFITS, LOSS OF USE, LOST REVENUE, LOST SAVINGS, LOSS OF DATA, OR LOSS BY REASON OF COST OF CAPITAL SHALL BE LIMITED TO THE EXTENT CONSTITUTING DIRECT DAMAGES. EACH PARTY AGREES AND ACKNOWLEDGES THAT THE RISK ALLOCATION AND LIMITATIONS OF LIABILITY SET FORTH IN THIS AGREEMENT ARE FUNDAMENTAL TO EACH PARTY'S BENEFIT OF THE BARGAIN UNDER THIS AGREEMENT. NEITHER PARTY SHALL ALLEGE THAT ANY REMEDY OR ANY PROVISION OF THIS AGREEMENT FAILS OF ITS ESSENTIAL PURPOSE AND THE LIMITATIONS IN THIS ARTICLE 6 WILL APPLY NOTWITHSTANDING THE FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY IN THIS AGREEMENT.

7. Insurance. In support of its indemnity obligations under this Agreement, but as a separate and independent obligation, Berry shall obtain and maintain in force throughout the Term insurance coverage from insurance providers with A.M. Best ratings of A-, VII or better, in the amounts and types as further described on Exhibit D. All deductibles shall be for the account of Berry and to the extent of the indemnities and liabilities contractually assumed by Berry under this Agreement, Berry shall cause the LINN Indemnified Parties to be added as insureds with respect to all insurance policies (excluding Worker's Compensation and Employer's Liability). Berry shall further cause its insurers to waive, and Berry hereby does waive, any rights of subrogation or recovery against any LINN Indemnified Parties; all such insurance required of Berry hereunder shall be primary coverage to any insurance maintained by any LINN Indemnified Parties. Berry, upon LINN's request, shall provide certificates evidencing the insurance coverages required under this Agreement. The obligations of Berry, with respect to the maintenance of insurance under this Agreement, are in support of, but separate and apart from, Berry's indemnification obligations under this Agreement. To the extent applicable, for the

purposes of Title 6, Chapter 127 of the Texas Civil Practice and Remedies Code, commonly known as the Texas Oilfield Anti-Indemnity Act, the indemnity and insurance provisions of this Agreement applicable to property damage and the indemnity and insurance provisions applicable to personal injury, bodily injury, and death shall be deemed separate for interpretation, enforcement, and other purposes. The Parties agree that in order to be in compliance with the Texas Oilfield Anti-Indemnity Act regarding mutually assumed indemnification for the other Party's sole or concurrent negligence, each Party shall carry supporting insurance in equal amounts of the types and in the minimum amounts as specified in the insurance requirements hereunder. All indemnities in this Agreement shall only be effective to the maximum extent permitted by Applicable Law. The Parties hereby incorporate Title 6, Chapter 127 of the Texas Civil Practice and Remedies Code as part of this Agreement and agree to the limits of that statute. If LINN does not carry insurance in the minimum amounts as specified in the insurance requirements in regard to mutual indemnity obligations, then it is agreed that LINN has approved self-insurance as stated in the Texas Oilfield Anti-Indemnity Act and the mutual indemnification amount shall be the maximum amount carried by LINN.

8. Arbitration.

8.1 General. Any and all claims, disputes, controversies or other matters in question arising out of or relating to an audit dispute under Section 2.8, a disagreement on the list of Berry Operating Property under paragraph (B) of Section 3.5, calculation of the Monthly Settlement Statement under Section 5.4, or calculation of the Final Settlement Statement under Section 5.8, or any amounts therein or revisions thereto (all of which are referred to herein as "**Disputes**," which term shall not include any other claims, disputes, controversies or other matters in question arising under this Agreement) shall be resolved in the manner prescribed by this Article 8.

8.2 Senior Management. If a Dispute occurs that the senior representatives of the Parties responsible for this Agreement have been unable to settle or agree upon within a period of 15 days after such Dispute arose, then each Party shall nominate and commit one of its senior officers to meet at a mutually agreed time and place not later than 30 days after such Dispute arose to attempt to resolve same. If such senior management have been unable to resolve such Dispute within a period of 15 days after such meeting, or if such meeting has not occurred within 45 days after such Dispute arose, then either Party to such Dispute shall have the right, by written notice to the other Party to such Dispute, to resolve such Dispute through the relevant Independent Expert pursuant to Section 8.3.

8.3 Dispute Resolution by Independent Expert.

(A) Each Party shall have the right to submit each Dispute to an independent expert appointed in accordance with this Section 8.3 (each, an "**Independent Expert**"), who shall serve as sole arbitrator. The Independent Expert shall be appointed by mutual agreement of the Parties from among candidates with experience and expertise in the area that is

the subject of such Dispute, and failing such agreement, such Independent Expert for such Dispute shall be selected in accordance with the rules of the Commercial Arbitration Rules and Mediation Procedures (the "**Rules**") of the AAA.

(B) Each Dispute to be resolved by an Independent Expert shall be resolved in accordance with mutually agreed procedures and rules, including with regard to written discovery, depositions, summary judgment motions, prehearing procedures, and date, time, location and length of the hearing, and failing such agreement, in accordance with the Rules to the extent such Rules do not conflict with the provisions of this Agreement. The Independent Expert shall be instructed by the Parties to resolve such Dispute as soon as reasonably practicable in light of the circumstances, but in no case later than 30 days after conclusion of the arbitration hearing. The Independent Expert shall support the decision and award with a reasoned, written opinion. The decision and award of the Independent Expert shall be binding upon the Parties as an award under the Federal Arbitration Act and final and non-appealable to the maximum extent permitted by Applicable Law, and judgment thereon may be entered in a court of competent jurisdiction and enforced by any Party as a final judgment of such court.

(C) The charges and expenses of the arbitrator shall be shared one-half by Berry and one-half by LINN.

8.4 Limitation on Arbitration. ALL OTHER DISAGREEMENTS, DIFFERENCES, OR DISPUTES ARISING BETWEEN THE PARTIES UNDER THE TERMS OF THIS AGREEMENT (AND NOT COVERED BY THE DEFINITION OF "DISPUTES" SET FORTH IN SECTION 8.1) SHALL NOT BE SUBJECT TO ARBITRATION AND SHALL BE DETERMINED BY THE UNITED STATES BANKRUPTCY COURT FOR THE SOUTHERN DISTRICT OF TEXAS UNLESS THE PARTIES OTHERWISE MUTUALLY AGREE.

9. Miscellaneous.

9.1 Successors and Assigns. This Agreement shall inure to the benefit of, and shall be binding upon, the Parties and their respective successors and assigns; provided, however, that this Agreement and all rights and obligations hereunder cannot be assigned by either Party (by operation of law or otherwise) without the prior written consent of the other Party, such consent to be at such other Parties' sole discretion.

9.2 Entire Agreement. Except for and without limiting either Party's rights under the Berry Consensual Plan, this Agreement constitutes the entire agreement and understanding between the Parties with respect to the subject matter of this Agreement (including the Services). Notwithstanding the foregoing, in the event of a conflict between the provisions of this Agreement and the Berry Consensual

Plan, the terms of the Berry Consensual Plan shall prevail. For the avoidance of doubt, the Agency Agreement and Power of Attorney dated March 5, 2014, executed by Berry and LOI has been terminated and is of no further force or effect.

9.3 Amendment. This Agreement may be amended or modified only by written instrument executed by the authorized representatives of LINN and Berry, respectively.

9.4 Choice of Law. The provisions of this Agreement shall be governed by, and construed in accordance with, the laws of the State of Texas, without regard to the conflicts of laws principles thereof. Subject to Article 8, each Party hereby irrevocably and unconditionally submits to the exclusive jurisdiction of the United States Bankruptcy Court for the Southern District of Texas over any suit, action, or proceeding arising out of or relating to this Agreement.

9.5 No Recourse. All Claims that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement, may be made only against the Persons that are expressly identified as Parties (*i.e.*, LINN or Berry). No Person who is not a named party to this Agreement, including any past, present or future direct or indirect director, officer, employee, incorporator, member, manager, partner, equity holder, Affiliate, agent, attorney or representative of any named Party to this Agreement ("**Non-Party Affiliates**"), shall have any liability (whether in contract or in tort or otherwise, or based upon any theory that seeks to impose liability of an entity party against its owners or Affiliates) for any obligations or liabilities arising under, in connection with or related to this Agreement or for any claim based on, in respect of, or by reason of this Agreement or its negotiation or execution, and each Party waives and releases all such liabilities, claims and obligations against any such Non-Party Affiliates. Non-Party Affiliates are expressly intended as third-party beneficiaries of this provision of this Agreement.

9.6 Unenforceable Provisions. Any provision in this Agreement that might otherwise be invalid or unenforceable because of the contravention of any Applicable Law shall be deemed to be amended to the extent necessary to remove the cause of such invalidation or unenforceability, and such provision, as amended, shall remain in full force and effect.

9.7 No Set-Off. Except as mutually agreed to in writing by LINN and Berry, neither Party shall have any right of set-off or other similar rights with respect to (i) any amounts received pursuant to this Agreement or (ii) any other amounts claimed to be owed to the other Party arising out of this Agreement or any other agreement between the Parties.

9.8 Notices.

(A) All notices, consents, waivers and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by email (with read receipt requested, with the receiving Party being obligated to respond affirmatively to any read receipt requests delivered by the other Party), (c) received by the addressee, if sent by a delivery service (prepaid, receipt requested) or (d) received by the addressee, if sent by registered or certified mail (postage prepaid, return receipt requested), in each case to the appropriate addresses and representatives (if applicable) set forth below, except as provided in paragraph (B) of this Section 9.8, (or to such other addresses and representatives as a Party may designate by notice to the other Party):

9.9 Independent Contractor. LINN shall act solely as independent contractors, and nothing herein shall at any time be construed to create the relationship of employer and employee, partnership, principal and agent, broker or finder, or joint venturers as between Berry and LINN. Except as expressly provided herein, neither Party shall have any right or authority, and shall not attempt to enter into any contract, commitment, or agreement or to incur any debt or liability of any nature, in the name of or on behalf of the other Party.

9.10 No Third Party Beneficiaries. Except as expressly provided herein, nothing in this Agreement shall entitle any Person other than the Parties, the LINN Indemnified Parties, and the Berry Indemnified Parties, or their respective successors and assigns, to any claim, cause of action, remedy, or right of any kind under this Agreement.

9.11 Execution in Counterparts. This Agreement may be executed simultaneously in two or more counterparts (including by means of facsimile or email of a portable document format (pdf) of the signature pages), each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same instrument.

9.12 No Strict Construction. Berry and LINN participated jointly in the negotiation and drafting of this Agreement, and, in the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as jointly drafted by Berry and LINN, and no presumption or burden of proof shall arise favoring or disfavoring either Party by virtue of the authorship of any provision of this Agreement. Without limitation as to the foregoing, no rule of strict construction construing ambiguities against the draftsperson shall be applied against either Party with respect to this Agreement.

9.13 Force Majeure. Continued performance of a portion of the Services may be suspended immediately to the extent such performance is prevented by any event or condition beyond the reasonable control of LINN, including acts of God, fire, labor strike or trade disturbance, war, terrorism, civil commotion, inability to procure labor, unavailability of equipment, compliance in good faith with any Applicable Law (whether or not it later proves to be invalid), or any other cause, whether of the kind specifically enumerated above or otherwise, which is not reasonably within the control of LINN (a "**Force Majeure Event**"). Upon the occurrence of a Force Majeure Event, LINN shall (i) use all reasonable efforts to

mitigate the effect of such Force Majeure Event, (ii) give notice to Berry of the occurrence of the Force Majeure Event giving rise to the suspension and of its nature and anticipated duration, and (iii) during such Force Majeure Event, shall keep Berry reasonably advised of its efforts to overcome such Force Majeure Event.

9.14 Interpretation. Unless otherwise expressly provided in this Agreement, for purposes of this Agreement, the following rules of interpretation shall apply:

(i) Calculation of Time Period. When calculating the period of time before which, within which, or following which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period shall be excluded, and if the last day of such period is a day other than a Business Day, then the period in question shall end on the next succeeding Business Day;

(ii) Dollars. Any reference in this Agreement to $ means United States dollars;

(iii) Exhibits and Schedules. All Exhibits and Schedules attached or annexed hereto or referred to herein are hereby incorporated in and made a part of this Agreement as if set forth in full herein, and any capitalized terms used in any Exhibit or Schedule but not otherwise defined therein shall be defined as set forth in this Agreement;

(iv) Gender and Number. Any reference in this Agreement to gender includes all genders, and words imparting the singular number only include the plural and vice versa;

(v) Headings. The division of this Agreement into Articles, Sections, and other subdivisions and the insertion of headings are for convenience of reference only and shall not affect or be utilized in the construction or interpretation of this Agreement, and all references in this Agreement to any “Section” or “Article” are to the corresponding Section or Article of this Agreement unless otherwise specified;

(vi) Herein. Words such as “herein,” “hereof,” and “hereunder” refer to this Agreement as a whole and not merely to a subdivision in which such words appear, unless the context otherwise requires;

(vii) Including. The word “including” or any variation thereof means “including, without limitation,” and shall not be construed to limit any general statement that it follows to the specific or similar items or matters immediately following it; and

(viii) Statute. Unless otherwise specified, references to a statute means such statute as amended from time to time and includes any successor legislation thereto and any rules or regulations promulgated thereunder.

9.15 Specific Performance. The Parties agree that irreparable damage would occur if any provision of this Agreement is not performed in accordance with the terms hereof, including if LINN fails to perform the Services or to take any other action required of it hereunder, and that the Parties shall be entitled to an injunction or injunctions without proof of damages or posting a bond or other security to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions hereof, in addition to any other remedy to which they are entitled under Applicable Law or in equity. Unless otherwise expressly stated in this Agreement, no right or remedy described or provided in this Agreement is intended to be exclusive or to preclude a Party from pursuing other rights and remedies to the extent available under this Agreement, under Applicable Law or in equity. The right of specific performance and other equitable relief is an integral part of the transactions contemplated by this Agreement and without that right, neither LINN nor Berry would have entered into this Agreement.

9.16 Confidentiality. The terms of this Agreement and any information obtained pursuant to this Agreement shall be kept confidential by the Parties, except (i) disclosure of matters that become a matter of public record as a result of the bankruptcy case referenced in the Recitals and the filings related thereto, (ii) to the extent required by Applicable Law, (iii) to the extent that this Agreement is the subject of an action for enforcement of its terms or for the breach thereof, or (iv) to the extent that disclosure of this Agreement is required by a court of law. In the event that disclosure as described in the preceding clause (iv) is sought, the Party from whom it is sought shall immediately notify the other Party, and shall diligently pursue protection of the confidentiality of the information sought to be disclosed through objections to disclosure, motions for protective orders and other protections provided by rule of Applicable Law.

9.17 Joint and Several Liability. Each of LOI, LM, Linn Energy, LC, LEF, LEH, LE&PM, LEM, LME, MC-I, MC-II, MCH-I and MCH-II shall be collectively responsible for, and shall have joint and several liability under this Agreement with respect to, the obligations of LINN under this Agreement.

9.18 Expenses. Other than as expressly set forth in this Agreement, the Parties shall bear their own respective expenses (including all compensation and expenses of counsel, financial advisors, consultants, actuaries and independent accountants) incurred in connection with this Agreement and the transactions contemplated hereby.

Unless changed by other provisions of this agreement, all costs and liabilities incurred in operations under this agreement shall be borne and paid, and all equipment and materials acquired in operations on the Contract Area shall be owned, by the parties as their interests are set forth in Exhibit "A." In the same manner, the parties shall also own all production of Oil and Gas from the Contract Area as their interests are set forth in Exhibit "A", subject, however, to the payment of royalties and other burdens on production as described hereafter.

Regardless of which party has contributed any Oil and Gas Lease or Oil and Gas Interest on which royalty or other burdens may be payable and except as otherwise expressly provided in this agreement, each party shall pay or deliver, or cause to be paid or delivered, all burdens on its share of the production from the Contract Area as of the date of this agreement ~~up to, but not in excess of,~~ and shall indemnify, defend and hold the other parties free from any liability therefor. ~~Except as otherwise expressly provided in this agreement, if any party has contributed hereto any Lease or Interest which is burdened with any royalty, overriding royalty, production payment or other burden on production in excess of the amounts stipulated above, such party so burdened shall assume and alone bear all such excess obligations and shall indemnify, defend and hold the other parties hereto harmless from any and all claims attributable to such excess burden. However, so long as the Drilling Unit for the productive Zone(s) is identical with the Contract Area, each party shall pay or deliver, or cause to be paid or delivered, all burdens on production from the Contract Area due under the terms of the Oil and Gas Lease(s) which such party has contributed to this agreement, and shall indemnify, defend and hold the other parties free from any liability therefor.~~

No party shall ever be responsible, ~~on a price basis higher than the price received by such party,~~ to any other party's lessor or royalty owner for the other party's royalty or other burden on production, and if such other party's lessor or royalty owner should demand and receive settlement ~~on a higher price basis~~ for such burden, the party contributing the affected Lease shall bear the ~~additional~~ royalty or other burden attributable to such settlement ~~higher price~~.

Nothing contained in this Article III.B. shall be deemed an assignment or cross-assignment of interests covered hereby, and in the event two or more parties contribute to this agreement jointly owned Leases, the parties' undivided interests in said Leaseholds shall be deemed separate leasehold interests for the purposes of this agreement.

C. Subsequently Created Interests: See also Article XVI.A.

If any party has contributed hereto a Lease or Interest that is burdened with an assignment of production given as security for the payment of money, or if, after the date of this agreement, any party creates an overriding royalty, production payment, net profits interest, assignment of production or other burden payable out of production attributable to its working interest hereunder, such burden shall be deemed a "Subsequently Created Interest." Further, if any party has contributed hereto a Lease or Interest burdened with an overriding royalty, production payment, net profits interests, or other burden payable out of production created prior to the date of this agreement, and such burden is not shown on Exhibit "A," such burden also shall be deemed a Subsequently Created Interest ~~to the extent such burden causes the burdens on such party's Lease or Interest to exceed the amount stipulated in Article III.B. above~~.

The party whose interest is burdened with the Subsequently Created Interest (the "Burdened Party") shall assume and alone bear, pay and discharge the Subsequently Created Interest and shall indemnify, defend and hold harmless the other parties from and against any liability therefor. Further, if the Burdened Party fails to pay, when due, its share of expenses chargeable hereunder, all provisions of Article VII.B. shall be enforceable against the Subsequently Created Interest in the same manner as they are enforceable against the working interest of the Burdened Party. If the Burdened Party is required under this agreement to assign or relinquish to any other party, or parties, all or a portion of its working interest and/or the production attributable thereto, said other party, or parties, shall receive said assignment and/or production free and clear of said Subsequently Created Interest, and the Burdened Party shall indemnify, defend and hold harmless said other party, or parties, from any and all claims and demands for payment asserted by owners of the Subsequently Created Interest.

ARTICLE IV.
TITLES

A. Title Examination:

Title examination (which may include title opinion and/or run sheets, in accordance with past practice) shall be made on the Drillsite of any proposed well prior to commencement of drilling operations in accordance with this Article IV.A. and, if ~~a majority in interest of the Drilling Parties so request or~~ Operator so elects, title examination (which may include title opinions and/or run sheets, in accordance with past practice) shall be made on the entire Drilling Unit or any portion thereof, or maximum anticipated Drilling Unit or any portion thereof, of the well. The opinion (or run sheet, as applicable) will include the ownership of the working interest, minerals, royalty, overriding royalty and production payments under the applicable Leases. Each party contributing Leases and/or Oil and Gas Interests to be included in the Drillsite or Drilling Unit, if appropriate, shall furnish to Operator all abstracts (including federal lease status reports), title opinions, title papers and curative material in its possession free of charge. All such information not in the possession of or made available to Operator by the parties, but necessary for the examination of the title, shall be obtained by Operator. Operator shall cause title to be examined by attorneys on its staff or by outside attorneys and field landmen. Copies of all title opinions shall be furnished to each Drilling Party. Costs incurred by Operator in procuring abstracts, fees paid outside attorneys and field landmen for title examination (including preliminary, supplemental, shut-in royalty opinions and division order title opinions) and other direct charges as provided in Exhibit "C" shall be borne by the Drilling Parties in the proportion

that the interest of each Drilling Party bears to the total interest of all Drilling Parties as such interests appear in Exhibit "A." Operator shall make no charge for services rendered by its staff attorneys or other personnel in the performance of the above functions.

Each party shall be responsible for securing curative matter and pooling amendments or agreements required in connection with Leases or Oil and Gas Interests contributed by such party, provided that Non-Operator shall use its reasonable efforts to cooperate with Operator in obtaining any consent necessary (including any lessor's consent) to obtain an approval order for the formation of an alternate tract unit. Operator shall be responsible for the preparation and recording of pooling designations or declarations and communitization agreements as well as the conduct of hearings before governmental agencies for the securing of spacing or pooling orders or any other orders or approvals necessary or appropriate to the conduct of operations hereunder. This shall not prevent any party from appearing on its own behalf at such hearings. Costs incurred by Operator, including fees paid to outside attorneys, which are associated with hearings before governmental agencies, and which costs are necessary and proper for the activities contemplated under this agreement, shall be direct charges to the joint account and shall not be covered by the administrative overhead charges as provided in Exhibit "C." Operator shall make no charge for services rendered by its staff attorneys or other personnel in the performance of the above functions.

No well shall be drilled on the Contract Area until after (1) the title to the Drillsite or Drilling Unit, if appropriate, has been examined as above provided, and (2) the title has been approved by Operator ~~the examining attorney or title has been accepted by all of the Drilling Parties in such well.~~

B. Loss or Failure of Title:

1. ~~Failure of Title: Should any Oil and Gas Interest or Oil and Gas Lease be lost through failure of title, which results in a reduction of interest from that shown on Exhibit "A," the party credited with contributing the affected Lease or Interest (including, if applicable, a successor in interest to such party) shall have ninety (90) days from final determination of title failure to acquire a new lease or other instrument curing the entirety of the title failure, which acquisition will not be subject to Article VIII.B., and failing to do so, this agreement, nevertheless, shall continue in force as to all remaining Oil and Gas Leases and Interests; and,~~

~~(a) The party credited with contributing the Oil and Gas Lease or Interest affected by the title failure (including, if applicable, a successor in interest to such party) shall bear alone the entire loss and it shall not be entitled to recover from Operator or the other parties any development or operating costs which it may have previously paid or incurred, but there shall be no additional liability on its part to the other parties hereto by reason of such title failure;~~

~~(b) There shall be no retroactive adjustment of expenses incurred or revenues received from the operation of the Lease or Interest which has failed, but the interests of the parties contained on Exhibit "A"shall be revised on an acreage basis, as of the time it is determined finally that title failure has occurred, so that the interest of the party whose Lease or Interest is affected by the title failure will thereafter be reduced in the Contract Area by the amount of the Lease or Interest failed;~~

~~(c) If the proportionate interest of the other parties hereto in any producing well previously drilled on the Contract Area is increased by reason of the title failure, the party who bore the costs incurred in connection with such well attributable to the Lease or Interest which has failed shall receive the proceeds attributable to the increase in such interest (less costs and burdens attributable thereto) until it has been reimbursed for unrecovered costs paid by it in connection with such well attributable to such failed Lease or Interest;~~

~~(d) Should any person not a party to this agreement, who is determined to be the owner of any Lease or Interest which has failed, pay in any manner any part of the cost of operation, development, or equipment, such amount shall be paid to the party or parties who bore the costs which are so refunded;~~

~~(e) Any liability to account to a person not a party to this agreement for prior production of Oil and Gas which arises by reason of title failure shall be borne severally by each party (including a predecessor to a current party) who received production for which such accounting is required based on the amount of such production received, and each such party shall severally indemnify, defend and hold harmless all other parties hereto for any such liability to account;~~

~~(f) No charge shall be made to the joint account for legal expenses, fees or salaries in connection with the defense of the Lease or Interest claimed to have failed, but if the party contributing such Lease or Interest hereto elects to defend its title it shall bear all expenses in connection therewith; and~~

~~(g) If any party is given credit on Exhibit "A"to a Lease or Interest which is limited solely to ownership of an interest in the wellbore of any well or wells and the production therefrom, such party's absence of interest in the remainder of the Contract Area shall be considered a Failure of Title as to such remaining Contract Area unless that absence of interest is reflected on Exhibit "A."~~

~~2. Loss by Non-Payment or Erroneous Payment of Amount Due: If, through mistake or oversight, any rental, shut-in well payment, minimum royalty or royalty payment, or other payment necessary to maintain all or a portion of an Oil and Gas Lease or interest is not paid or is erroneously paid, and as a result a Lease or Interest terminates, there shall be no monetary liability against the party who failed to make such payment. Unless the party who failed to make the required payment secures a new Lease or Interest covering the same interest within ninety (90) days from the discovery of the failure to make proper payment, which acquisition will not be subject to Article VIII.B., the interests of the parties reflected on Exhibit "A" shall be revised on an acreage basis, effective as of the date of termination of the Lease or Interest involved, and the party who failed to make proper payment will no longer be credited with an interest in the Contract Area on account of ownership of the Lease or Interest which has terminated. If the party who failed to make the required payment shall not have been fully reimbursed, at the time of the loss, from the proceeds of the sale of Oil and Gas attributable to the lost Lease or Interest, calculated on an acreage basis, for the development and operating costs previously paid on account of such Lease or Interest, it shall be reimbursed for unrecovered actual costs previously paid by it (but not for its share of the cost of any dry hole previously drilled or wells previously abandoned) from so much of the following as is necessary to effect reimbursement:~~

~~(a) Proceeds of Oil and Gas produced prior to termination of the Lease or Interest, less operating expenses and lease burdens chargeable hereunder to the person who failed to make payment, previously accrued to the credit of the lost Lease or Interest, on an acreage basis, up to the amount of unrecovered costs;~~

~~(b) Proceeds of Oil and Gas, less operating expenses and lease burdens chargeable hereunder to the person who failed to make payment, up to the amount of unrecovered costs attributable to that portion of Oil and Gas thereafter produced and marketed (excluding production from any wells thereafter drilled) which, in the absence of such Lease or Interest termination, would be attributable to the lost Lease or Interest on an acreage basis and which as a result of such Lease or Interest termination is credited to other parties, the proceeds of said portion of the Oil and Gas to be contributed by the other parties in proportion to their respective interests reflected on Exhibit "A"; and,~~

~~(c) Any monies, up to the amount of unrecovered costs, that may be paid by any party who is, or becomes, the owner of the Lease or Interest lost, for the privilege of participating in the Contract Area or becoming a party to this agreement.~~

3. ~~Other~~ Losses: All losses of Leases or Interests committed to this agreement~~, other than those set forth in Articles IV.B.1. and IV.B.2. above,~~ shall be joint losses and shall be borne by all parties in proportion to their respective interests shown on Exhibit "A." ~~This~~ Such joint losses shall include but not be limited to the loss of any Lease or Interest through failure to develop or because express or implied covenants have not been performed (other than performance which requires only the payment of money), and the loss of any Lease by expiration at the end of its primary term if it is not renewed or extended. There shall be no readjustment of interests in the remaining portion of the Contract Area on account of any joint loss.

4. Curing Title: In the event of a Failure of Title under Article IV.B.1. or a loss of title under Article IV.B.2. above, any Lease or Interest acquired by any party hereto (other than the party whose interest has failed or was lost) during the ninety (90) day period provided by Article IV.B.1. and Article IV.B.2. above covering all or a portion of the interest that has failed or was lost shall be offered at cost to the party whose interest has failed or was lost, and the provisions of Article VIII.B. shall not apply to such acquisition.

ARTICLE V.
OPERATOR

A. Designation and Responsibilities of Operator:

Linn Operating, Inc. shall be the Operator of the Contract Area, and shall conduct and direct and have full control of all operations on the Contract Area as permitted and required by, and within the limits of this agreement. In its performance of services hereunder for the Non-Operators, Operator shall be an independent contractor not subject to the control or direction of the Non-Operators except as to the type of operation to be undertaken in accordance with the election procedures contained in this agreement. Operator shall not be deemed, or hold itself out as, the agent of the Non-Operators with authority to bind them to any obligation or liability assumed or incurred by Operator as to any third party. Operator shall conduct its activities under this agreement as a reasonable prudent operator, in a good and workmanlike manner, with due diligence and dispatch, in accordance with good oilfield practice, and in compliance with applicable law and regulation, but in no event shall it have any liability as Operator to the other parties or any of their respective officers, employees, or agents for any claims, whether or not due to the negligence of Operator ~~for losses sustained or liabilities incurred~~ except such as may result from gross negligence or willful misconduct of the Operator. See also Article XVI.B.

B. Resignation or Removal of Operator and Selection of Successor:

1. Resignation or Removal of Operator: Operator may resign at any time by giving written notice thereof to Non-Operators. If Operator terminates its legal existence, or Operator or one of its affiliates, no longer owns an interest hereunder in the Contract Area, or is no longer reasonably capable of serving as Operator, Operator shall be deemed to have resigned without any action by Non-Operators, except the selection of a successor. Operator may be removed only for good cause by the affirmative vote of Non-Operators owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding the voting interest of Operator; such vote shall not be deemed effective until a written notice has been delivered to the Operator by a Non-Operator detailing the alleged default and Operator has failed to cure the default within thirty (30) days from its receipt of the notice or, if the default concerns an operation then being conducted, within forty-eight (48) hours of its receipt of the notice. For purposes hereof, "good cause" shall mean not only gross negligence or willful misconduct but also the material breach of or inability to meet the standards of operation contained in Article V.A. or material failure or inability to perform its obligations under this agreement.

~~Subject to Article VII.D.1., s~~Such resignation or removal shall not become effective until 7:00 o'clock A.M. on the first day of the calendar month following the expiration of ninety (90) days after the giving of notice of resignation by Operator or action by the Non-Operators to remove Operator, unless a successor Operator has been selected and assumes the duties of Operator at an earlier date. Operator, after the effective date of resignation or removal, shall be bound by the terms hereof as a Non-Operator. A change of a corporate name or structure of Operator or transfer of Operator's interest to any single affiliate, subsidiary, parent or successor corporation shall not be the basis for removal of Operator. See also Article XVI.S.

2. Selection of Successor Operator: Upon the resignation or removal of Operator under any provision of this agreement, a successor Operator shall be selected by the parties. The successor Operator shall be selected ~~from~~ by the parties owning an interest in the Contract Area at the time such successor Operator is selected. The successor Operator shall be selected by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A"; provided, however, if an Operator which has been removed or is deemed to have resigned fails to vote or votes only to succeed itself, the successor Operator shall be selected by the affirmative vote of the party or parties owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding ~~the~~ any remaining voting interest of the Operator that was removed or resigned and the interest of its affiliates; and provided further that the requirement of two (2) or more parties shall not apply in the event that only one (1) party is entitled to vote. The former Operator shall promptly deliver to the successor Operator all records and data relating to the operations conducted by the former Operator to the extent such records and data are not already in the possession of the successor operator. Any cost of obtaining or copying the former Operator's records and data shall be charged to the joint account.

3. Effect of Bankruptcy: If Operator becomes insolvent, bankrupt or is placed in receivership, it shall be deemed to have resigned without any action by Non-Operators, except the selection of a successor. If a petition for relief under the federal bankruptcy laws is filed by or against Operator, and the removal of Operator is prevented by the federal bankruptcy court, all Non-Operators and Operator shall comprise an interim operating committee to serve until Operator has elected to reject or assume this agreement pursuant to the Bankruptcy Code, and an election to reject this agreement by Operator as a debtor in possession, or by a trustee in bankruptcy, shall be deemed a resignation as Operator without any action by Non-Operators, except the selection of a successor. During the period of time the operating committee controls operations, all actions shall require the approval of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A." In the event there are only two (2) parties to this agreement, during the period of time the operating committee controls operations, a third party acceptable to Operator, Non-Operator and the federal bankruptcy court shall be selected as a member of the operating committee, and all actions shall require the approval of two (2) members of the operating committee without regard for their interest in the Contract Area based on Exhibit "A."

C. Employees and Contractors:

The number of employees or contractors used by Operator in conducting operations hereunder, their selection, and the hours of labor and the compensation for services performed shall be determined by Operator, and all such employees or contractors shall be the employees or contractors of Operator.

D. Rights and Duties of Operator:

1. Competitive Rates and Use of Affiliates: All ~~wells drilled on~~ operations conducted in the Contract Area shall be ~~drilled~~ conducted on a competitive contract basis at the usual rates prevailing in the area. If it so desires, Operator may employ its own tools and equipment in ~~the drilling of wells~~ conducting such operations, but its charges therefor shall not exceed the prevailing rates in the area and the rate of such charges shall be agreed upon by the parties in writing before drilling operations are commenced, and such work shall be performed by Operator under the ~~same~~ terms and conditions as are customary, competitive and usual in the area in contracts of independent contractors who are doing work of a similar nature. All work performed or materials supplied by affiliates or related parties of Operator shall be performed or supplied at customary and competitive rates, pursuant to written agreement, and in accordance with customs and standards prevailing in the industry.

2. Discharge of Joint Account Obligations: Except as herein otherwise specifically provided, Operator shall promptly pay and discharge expenses incurred in the development and operation of the Contract Area pursuant to this agreement and shall charge each of the parties hereto with their respective

proportionate shares upon the expense basis provided in Exhibit “C.” Operator shall keep an accurate record of the joint account hereunder, showing expenses incurred and charges and credits made and received.

3. Protection from Liens: Operator shall pay, or cause to be paid, as and when they become due and payable, all accounts of contractors and suppliers and wages and salaries for services rendered or performed, and for materials supplied on, to or in respect of the Contract Area or any operations for the joint account thereof, and shall keep the Contract Area free from liens and encumbrances resulting therefrom except for those resulting from a bona fide dispute as to services rendered or materials supplied.

4. Custody of Funds: Operator shall hold for the account of the Non-Operators any funds of the Non-Operators advanced or paid to the Operator, either for the conduct of operations hereunder or as a result of the sale of production from the Contract Area, and such funds shall remain the funds of the Non-Operators on whose account they are advanced or paid until used for their intended purpose or otherwise delivered to the Non-Operators or applied toward the payment of debts as provided in Article VII.B. Nothing in this paragraph shall be construed to establish a fiduciary relationship between Operator and Non-Operators for any purpose other than to account for Non-Operator funds as herein specifically provided. Nothing in this paragraph shall require the maintenance by Operator of separate accounts for the funds of Non-Operators unless the parties otherwise specifically agree.

5. Access to Contract Area and Records: Operator shall, except as otherwise provided herein, permit each Non-Operator or its duly authorized representative, at the Non-Operator's sole risk and cost, full and free access at all reasonable times to all operations of every kind and character being conducted for the joint account on the Contract Area and to the records of operations conducted thereon or production therefrom, including Operator's books and records relating thereto. Such access rights shall not be exercised in a manner interfering with Operator's conduct of an operation hereunder and shall not obligate Operator to furnish any geologic or geophysical data of an interpretive nature unless the cost of preparation of such interpretive data was charged to the joint account. Operator will furnish to each Non-Operator upon request copies of any and all reports and information obtained by Operator in connection with production and related items, including, without limitation, meter and chart reports, production purchaser statements, run tickets and monthly gauge reports, but excluding purchase contracts and pricing information to the extent not applicable to the production of the Non-Operator seeking the information. Any audit of Operator's records relating to amounts expended and the appropriateness of such expenditures shall be conducted in accordance with the audit protocol specified in Exhibit "C."

6. Filing and Furnishing Governmental Reports: Operator will file, and upon written request promptly furnish copies to each requesting Non-Operator not in default of its payment obligations, all operational notices, reports or applications required to be filed by local, State, Federal or Indian agencies or authorities having jurisdiction over operations hereunder. Each Non-Operator shall provide to Operator on a timely basis all information necessary to Operator to make such filings.

7. Drilling and Testing Operations: The following provisions shall apply to each well drilled, Sidetracked, Deepened, Completed, Recompleted or Plugged Back hereunder, ~~including but not limited to the Initial Well~~:

(a) Operator will promptly advise Non-Operators of the date on which the well is spudded, or the date on which drilling operations are commenced.

(b) Operator will send to Non-Operators such reports, test results and notices regarding the progress of operations on the well as the Non-Operators shall reasonably request, including, but not limited to, daily drilling reports, completion reports, and well logs.

(c) Operator shall adequately test the objective Zone and may test any other ~~all~~ Zones encountered within the Contract Area which may reasonably be expected to be capable of producing Oil and Gas in paying quantities as a result of examination of the electric log or any other logs or cores or tests conducted hereunder.

8. Cost Estimates: Upon request of any Consenting Party, Operator shall furnish estimates of current and cumulative costs incurred for the joint account at reasonable intervals during the conduct of any operation pursuant to this agreement. Operator shall not be held liable for errors in such estimates so long as the estimates are made in good faith.

9. Insurance: At all times while operations are conducted hereunder, Operator shall comply with the workers compensation law of the state where the operations are being conducted; provided, however, that Operator may be a self- insurer for liability under said compensation laws in which event the only charge that shall be made to the joint account shall be as provided in Exhibit "C." Operator shall also carry or provide insurance for the benefit of the joint account of the parties as outlined in Exhibit "D" attached hereto and made a part hereof. Operator shall require all contractors (and shall use commercially reasonable efforts to require their subcontractors) engaged in work on or for the Contract Area to comply with the workers compensation law of the state where the operations are being conducted and to maintain such other insurance as Operator may require.

In the event automobile liability insurance is specified in said Exhibit "D," or subsequently receives the approval of the parties, no direct charge shall be made by Operator for premiums paid for such insurance for Operator's automotive equipment.

ARTICLE VI.
DRILLING AND DEVELOPMENT

A. ~~Initial Well:~~

~~On or before the day of , , Operator shall commence the drilling of the Initial Well at the following location: and shall thereafter continue the drilling of the well with due diligence to The drilling of the Initial Well and the participation therein by all parties is obligatory, subject to Article VI.C.1. as to participation in Completion operations and Article VI.F. as to termination of operations and Article XI as to occurrence of force majeure.~~

B. Subsequent Operations:

1. Proposed Operations: If any party hereto should desire to drill any well on the Contract Area ~~other than the Initial Well~~, or if ~~any~~ such party should desire to Rework, Sidetrack, Deepen, Recomplete or Plug Back a dry hole or a well no longer capable of producing in paying quantities in which such party has not otherwise relinquished its interest in the proposed objective Zone under this agreement, the party desiring to drill, Rework, Sidetrack, Deepen, Recomplete or Plug Back such a well shall give written notice of the proposed operation to the parties who have not otherwise relinquished their interest in such objective Zone

under this agreement and to all other parties in the case of a proposal for Sidetracking or Deepening, specifying the work to be performed, the location, proposed depth, objective Zone and the estimated drilling, completion and equipping cost of the operation. The parties to whom such a notice is delivered shall have thirty (30) days after receipt of the notice within which to notify the party proposing to do the work whether they elect to participate in the cost of the proposed operation. If a drilling rig is on location, notice of a proposal to Rework, Sidetrack, Recomplete, Plug Back or Deepen may be given by telephone, email or facsimilie and the response period shall be limited to forty-eight (48) hours, exclusive of Saturday, Sunday and legal holidays. Failure of a party to whom such notice is delivered to reply within the period above fixed shall constitute an election by that party not to participate in the cost of the proposed operation. Any proposal by a party to conduct an operation conflicting with the operation initially proposed shall be delivered to all parties within the time and in the manner provided in Article VI.B.6. See also Article XVI.G.

If all parties to whom such notice is delivered elect to participate in such a proposed operation, the parties shall be contractually committed to participate therein provided such operations are commenced within the time period hereafter set forth, and Operator shall, no later than ninety (90) days after expiration of the notice period of thirty (30) days (or as promptly as practicable after the expiration of the forty-eight (48) hour period when a drilling rig is on location, as the case may be), actually commence the proposed operation and thereafter complete it with due diligence at the risk and expense of the parties participating therein; provided, however, that, except in cases where a drilling rig is on location, said commencement date may be extended upon written notice of same by Operator to the other parties, for a period of up to thirty (30) additional days if, in the sole opinion of Operator, such additional time is reasonably necessary to obtain permits from governmental authorities, surface rights (including rights-of- way) or appropriate drilling equipment, or to complete title examination or curative matter required for title approval or acceptance. If the actual operation has not been commenced within the time provided (including any extension thereof as specifically permitted herein or in the force majeure provisions of Article XI) and if any party hereto still desires to conduct said operation, written notice proposing same must be resubmitted to the other parties in accordance herewith as if no prior proposal had been made. Those parties that did not participate in the drilling of a well for which a proposal to Deepen or Sidetrack is made hereunder shall, if such parties desire to participate in the proposed Deepening or Sidetracking operation, reimburse the Drilling Parties in accordance with Article VI.B.4. in the event of a Deepening operation and in accordance with Article VI.B.5. in the event of a Sidetracking operation.

2. Operations by Less Than All Parties:

(a) Determination of Participation. If any party to whom such notice is delivered as provided in Article VI.B.1. or VI.C.1. (Option No. 2) elects not to participate in the proposed operation, then, in order to be entitled to the benefits of this Article, the party or parties giving the notice and such other parties as shall elect to participate in the operation shall, no later than ninety (90) days after the expiration of the notice period of thirty (30) days (or as promptly as practicable after the expiration of the forty-eight (48) hour period when a drilling rig is on location, as the case may be) actually commence the proposed operation and complete it with due diligence. Operator shall perform all work for the account of the Consenting Parties; provided, however, if no drilling rig or other equipment is on location, and if Operator is a Non-Consenting Party, the Consenting Parties shall either: (i) request Operator to perform the work required by such proposed operation for the account of the Consenting Parties, or (ii) designate one of the Consenting Parties as Operator to perform such work. The rights and duties granted to and imposed upon the Operator under this agreement are granted to and imposed upon the party designated as Operator for an operation in which the original Operator is a Non-Consenting Party. Consenting Parties, when conducting operations on the Contract Area pursuant to this Article VI.B.2., shall comply with all terms and conditions of this agreement.

If less than all parties approve any proposed operation, the proposing party, immediately after the expiration of the applicable notice period, shall advise all Parties of the total interest of the parties approving such operation and its recommendation as to whether the Consenting Parties should proceed with the operation as proposed. Each Consenting Party, within forty-eight (48) hours (exclusive of Saturday, Sunday, and legal holidays) after delivery of such notice, shall advise the proposing party of its desire to (i) limit participation to such party's interest as shown on Exhibit "A" or (ii) carry only its proportionate part (determined by dividing such party's interest in the Contract Area by the interests of all Consenting Parties in the Contract Area) of Non-Consenting Parties' interests, or (iii) carry its proportionate part (determined as provided in (ii)) of Non-Consenting Parties' interests together with all or a portion of its proportionate part of any Non-Consenting Parties' interests that any Consenting Party did not elect to take. Any interest of Non-Consenting Parties that is not carried by a Consenting Party shall be deemed to be carried by the party proposing the operation if such party does not withdraw its proposal. Failure to advise the proposing party within the time required shall be deemed an election under (i) of this paragraph. In the event a drilling rig is on location, notice may be given by telephone, and the time permitted for such a response shall not exceed a total of forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays). The proposing party, at its election, may withdraw such proposal if there is less than 100% participation and shall notify all parties of such decision within ten (10) days, or within twenty-four (24) hours if a drilling rig is on location, following expiration of the applicable response period. If 100% subscription to the proposed operation is obtained, the proposing party shall promptly notify the Consenting Parties of their proportionate interests in the operation and the party serving as Operator shall commence such operation within the period provided in Article VI.B.1., subject to the same extension right as provided therein.

(b) Relinquishment of Interest for Non-Participation. The entire cost and risk of conducting such operations shall be borne by the Consenting Parties in the proportions they have elected to bear same under the terms of the preceding paragraph. Consenting Parties shall keep the leasehold estates involved in such operations free and clear of all liens and encumbrances of every kind created by or arising from the operations of the Consenting Parties. If such an operation results in a dry hole, then subject to Articles VI.B.6. and VI.E.3., the Consenting Parties shall plug and abandon the well and restore the surface location at their sole cost, risk and expense; provided, however, that those Non-Consenting Parties that participated in the earlier drilling, Deepening or Sidetracking of the well shall remain liable for, and shall pay, their proportionate shares of the cost of plugging and abandoning the well and restoring the surface location insofar only as those costs were not increased by the subsequent operations of the Consenting Parties. If any well drilled, Reworked, Sidetracked, Deepened, Recompleted or Plugged Back under the provisions of this Article results in a well capable of producing Oil and/or Gas in paying quantities, the Consenting Parties shall Complete and equip the well to produce at their sole cost and risk, and the well shall then be turned over to Operator (if the Operator did not conduct the operation) and shall be operated by it at the expense and for the account of the Consenting Parties. Upon commencement of operations for the drilling, Reworking, Sidetracking, Recompleting, Deepening or Plugging Back of any such well by Consenting Parties in accordance with the provisions of this Article, each Non-Consenting Party shall be deemed to have relinquished to Consenting Parties, and the Consenting Parties shall own and be entitled to receive, in proportion to their respective interests, all of such Non-Consenting Party's interest in the well and share of production therefrom or, in the case of a Reworking, Sidetracking,

Deepening, Recompleting or Plugging Back, or a Completion pursuant to Article VI.C.1. Option No. 2, all of such Non- Consenting Party's interest in the production obtained from the operation in which the Non-Consenting Party did not elect to participate. Such relinquishment shall be effective until the proceeds of the sale of such share, calculated at the well, or market value thereof if such share is not sold (after deducting applicable ad valorem, production, severance, and excise taxes, royalty, overriding royalty and other interests not excepted by Article III.C. payable out of or measured by the production from such well accruing with respect to such interest until it reverts), shall equal the total of the following:

(i) 100 % of each such Non-Consenting Party's share of the cost of any newly acquired surface equipment beyond the wellhead connections (including but not limited to stock tanks, separators, treaters, pumping equipment and piping), plus 100% of each such Non-Consenting Party's share of the cost of operation of the well commencing with first production and continuing until each such Non-Consenting Party's relinquished interest shall revert to it under other provisions of this Article, it being agreed that each Non-Consenting Party's share of such costs and equipment will be that interest which would have been chargeable to such Non-Consenting Party had it participated in the well from the beginning of the operations; and

(ii) 300 % of (a) that portion of the costs and expenses of drilling, Reworking, Sidetracking, Deepening, Plugging Back, testing, Completing, and Recompleting, after deducting any cash contributions received under Article VIII.C., and of (b) that portion of the cost of newly acquired equipment in the well (to and including the wellhead connections), which would have been chargeable to such Non-Consenting Party if it had participated therein.

Notwithstanding anything to the contrary in this Article VI.B., if the well does not reach the deepest objective Zone described in the notice proposing the well for reasons other than the encountering of granite or practically impenetrable substance or other condition in the hole rendering further operations impracticable, Operator shall give notice thereof to each Non-Consenting Party who (a) submitted or voted for an alternative proposal under Article VI.B.6. to drill the well to a shallower Zone than the deepest objective Zone proposed in the notice under which the well was drilled, and (b) owns an interest in such shallower Zone, and each such Non-Consenting Party shall have the option to participate in the initial proposed Completion of the well by paying its share of the cost of drilling the well to its actual depth, calculated in the manner provided in Article VI.B.4. (a). If any such Non- Consenting Party does not elect to participate in the first Completion proposed for such well, the relinquishment provisions of this Article VI.B.2. (b) shall apply to such party's interest.

(c) Reworking, Recompleting or Plugging Back. An election not to participate in the drilling, Sidetracking or Deepening of a well shall be deemed an election not to participate in any Reworking or Plugging Back operation proposed in such a well, or portion thereof, to which the initial non-consent election applied that is conducted at any time prior to full recovery by the Consenting Parties of the Non-Consenting Party's recoupment amount. Similarly, an election not to participate in the Completing or Recompleting of a well shall be deemed an election not to participate in any Reworking operation proposed in such a well, or portion thereof, to which the initial non-consent election applied that is conducted at any time prior to full recovery by the Consenting Parties of the Non-Consenting Party's recoupment amount. Any such Reworking, Recompleting or Plugging Back operation conducted during the recoupment period shall be deemed part of the cost of operation of said well and there shall be added to the sums to be recouped by the Consenting Parties 300% of that portion of the costs of the Reworking, Recompleting or Plugging Back operation which would have been chargeable to such Non-Consenting Party had it participated therein. If such a Reworking, Recompleting or Plugging Back operation is proposed during such recoupment period, the provisions of this Article VI.B. shall be applicable as between said Consenting Parties in said well or portion thereof.

(d) Recoupment Matters. During the period of time Consenting Parties are entitled to receive Non-Consenting Party's share of production, or the proceeds therefrom, Consenting Parties shall be responsible for the payment of all ad valorem, production, severance, excise, gathering and other taxes, and all royalty, overriding royalty and other burdens on production applicable to Non-Consenting Party's share of production not excepted by Article III.C.

In the case of any Reworking, Sidetracking, Plugging Back, Recompleting or Deepening operation, the Consenting Parties shall be permitted to use, free of cost, all casing, tubing and other equipment in the well, but the ownership of all such equipment shall remain unchanged; and upon abandonment of a well after such Reworking, Sidetracking, Plugging Back, Recompleting or Deepening, the Consenting Parties shall account for all such equipment to the owners thereof, with each party receiving its proportionate part in kind or in value, less cost of salvage.

Within ninety (90) days after the completion of any operation under this Article, the party conducting the operations for the Consenting Parties shall furnish each Non-Consenting Party with an inventory of the equipment in and connected to the well, and an itemized statement of the cost of drilling, Sidetracking, Deepening, Plugging Back, testing, Completing, Recompleting, and equipping the well for production; or, at its option, the operating party, in lieu of an itemized statement of such costs of operation, may submit a detailed statement of monthly billings. Each month thereafter, during the time the Consenting Parties are being reimbursed as provided above, the party conducting the operations for the Consenting Parties shall furnish the Non-Consenting Parties with an itemized statement of all costs and liabilities incurred in the operation of the well, together with a statement of the quantity of Oil and Gas produced from it and the amount of proceeds realized from the sale of the well's working interest production during the preceding month. In determining the quantity of Oil and Gas produced during any month, Consenting Parties shall use industry accepted methods such as but not limited to metering or periodic well tests. Any amount realized from the sale or other disposition of equipment newly acquired in connection with any such operation which would have been owned by a Non-Consenting Party had it participated therein shall be credited against the total unreturned costs of the work done and of the equipment purchased in determining when the interest of such Non-Consenting Party shall revert to it as above provided; and if there is a credit balance, it shall be paid to such Non- Consenting Party.

If and when the Consenting Parties recover from a Non-Consenting Party's relinquished interest the amounts provided for above, the relinquished interests of such Non-Consenting Party shall automatically revert to it as of 7:00 a.m. on the day following the day on which such recoupment occurs, and, from and after such reversion, such Non-Consenting Party shall own the same interest in such well, the material and equipment in or pertaining thereto, and the production therefrom as such Non-Consenting Party would have been entitled to had it participated in the drilling, Sidetracking, Reworking, Deepening, Recompleting or Plugging Back of said well. Thereafter, such Non-Consenting Party shall be charged with and shall pay its proportionate part of the further costs of the operation of said well, including plugging, abandonment and surface restoration costs, in accordance with the terms of this agreement and Exhibit "C" attached hereto.

3. Stand-By Costs: When a well which has been drilled or Deepened has reached its authorized depth and all tests have been completed and the results thereof furnished to the parties, or when operations on the well have been otherwise terminated pursuant to Article VI.F., stand-by costs incurred pending response to a party's notice proposing a Reworking,

Sidetracking, Deepening, Recompleting, Plugging Back or Completing operation in such a well (including the period required under Article VI.B.6. to resolve competing proposals) shall be charged and borne as part of the drilling or Deepening operation just completed. Stand-by costs subsequent to all parties responding, or expiration of the response time permitted, whichever first occurs, and prior to agreement as to the participating interests of all Consenting Parties pursuant to the terms of the second grammatical paragraph of Article VI.B.2. (a), shall be charged to and borne as part of the proposed operation, but if the proposal is subsequently withdrawn because of insufficient participation, such stand-by costs shall be allocated between the Consenting Parties in the proportion each Consenting Party's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all Consenting Parties.

In the event that notice for a Sidetracking or Deepening operation is given while the drilling rig to be utilized is on location, any party may request and receive up to five (5) additional days after expiration of the forty-eight hour response period specified in Article VI.B.1. within which to respond by paying for all stand-by costs and other costs incurred during such extended response period; Operator may require such party to pay the estimated stand-by time in advance as a condition to extending the response period. If more than one party elects to take such additional time to respond to the notice, standby costs shall be allocated between the parties taking additional time to respond on a day-to-day basis in the proportion each electing party's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all the electing parties.

4. Deepening: If less than all parties elect to participate in a drilling, Sidetracking, or Deepening operation proposed pursuant to Article VI.B.1., the interest relinquished by the Non-Consenting Parties to the Consenting Parties under Article VI.B.2. shall relate only and be limited to the lesser of (i) the total depth actually drilled or (ii) the objective depth or Zone of which the parties were given notice under Article VI.B.1. ("Initial Objective"). Such well shall not be Deepened beyond the Initial Objective without first complying with this Article to afford the Non-Consenting Parties the opportunity to participate in the Deepening operation.

In the event any Consenting Party desires to drill or Deepen a Non-Consent Well to a depth below the Initial Objective, such party shall give notice thereof, complying with the requirements of Article VI.B.1., to all parties (including Non- Consenting Parties). Thereupon, Articles VI.B.1. and 2. shall apply and all parties receiving such notice shall have the right to participate or not participate in the Deepening of such well pursuant to said Articles VI.B.1. and 2. If a Deepening operation is approved pursuant to such provisions, and if any Non-Consenting Party elects to participate in the Deepening operation, such Non-Consenting party shall pay or make reimbursement (as the case may be) of the following costs and expenses (to the extent not already paid or reimbursed (as the case may be) by the Non-Consenting Party for previous operations in the respective wellbore).

(a) If the proposal to Deepen is made prior to the Completion of such well as a well capable of producing in paying quantities, such Non-Consenting Party shall pay (or reimburse Consenting Parties for, as the case may be) that share of costs and expenses incurred in connection with the drilling of said well from the surface to the Initial Objective which Non- Consenting Party would have paid had such Non-Consenting Party agreed to participate therein, plus the Non-Consenting Party's share of the cost of Deepening and of participating in any further operations on the well in accordance with the other provisions of this Agreement; provided, however, all costs for testing and Completion or attempted Completion of the well incurred by Consenting Parties prior to the point of actual operations to Deepen beyond the Initial Objective shall be for the sole account of Consenting Parties.

(b) If the proposal is made for a Non-Consent Well that has been previously Completed as a well capable of producing in paying quantities, but is no longer capable of producing in paying quantities, such Non-Consenting Party shall pay (or reimburse Consenting Parties for, as the case may be) its proportionate share of all costs of drilling, Completing, and equipping said well from the surface to the Initial Objective, calculated in the manner provided in paragraph (a) above, less those costs recouped by the Consenting Parties from the sale of production from the well. The Non-Consenting Party shall also pay its proportionate share of all costs of re-entering said well. The Non-Consenting Parties' proportionate part (based on the percentage of such well Non-Consenting Party would have owned had it previously participated in such Non-Consent Well) of the costs of salvable materials and equipment remaining in the hole and salvable surface equipment used in connection with such well shall be determined in accordance with Exhibit "C." If the Consenting Parties have recouped the cost of drilling, Completing, and equipping the well at the time such Deepening operation is conducted, then a Non- Consenting Party may participate in the Deepening of the well with no payment for costs incurred prior to re-entering the well for Deepening

The foregoing shall not imply a right of any Consenting Party to propose any Deepening for a Non-Consent Well prior to the drilling of such well to its Initial Objective without the consent of the other Consenting Parties as provided in Article VI.F.

5. Sidetracking: Any party having the right to participate in a proposed Sidetracking operation that does not own an interest in the affected wellbore at the time of the notice shall, upon electing to participate, tender to the wellbore owners its proportionate share (equal to its interest in the Sidetracking operation) of the value of that portion of the existing wellbore to be utilized as follows:

(a) If the proposal is for Sidetracking an existing dry hole, reimbursement shall be on the basis of the actual costs incurred in the initial drilling of the well down to the depth at which the Sidetracking operation is initiated.

(b) If the proposal is for Sidetracking a well which has previously produced, reimbursement shall be on the basis of such party's proportionate share of drilling and equipping costs incurred in the initial drilling of the well down to the depth at which the Sidetracking operation is conducted, calculated in the manner described in Article VI.B.4(b) above. Such party's proportionate share of the cost of the well's salvable materials and equipment down to the depth at which the Sidetracking operation is initiated shall be determined in accordance with the provisions of Exhibit "C."

6. Order of Preference of Operations. Except as otherwise specifically provided in this agreement, if any party desires to propose ~~the conduct of~~ an operation that conflicts with and is inconsistent or incompatible with any operation that is then being conducted or proposed, ~~a proposal that has been made by a party under this Article VI,~~ such party shall have fifteen (15) days from delivery of the initial proposal, in the case of a proposal to drill a well or to perform an operation on a well where no drilling rig is on location, or twenty-four (24) hours, exclusive of Saturday, Sunday and legal holidays, from delivery of the initial proposal, if a drilling rig is on location for the well on which such operation is to be conducted, to deliver to all parties entitled to participate in the proposed operation such party's alternative proposal, such alternate proposal to contain the same information required to be included in the initial proposal. Each party receiving such proposals shall elect by delivery of notice to Operator within five (5) days after expiration of the proposal period, or within twenty-four (24) hours (exclusive of Saturday, Sunday and legal holidays) if a drilling rig is on location for the well that is the subject of the proposals, to participate in one of the competing proposals. Any party not electing within the time required shall be deemed not to have voted. The proposal receiving the vote of parties owning the largest aggregate percentage interest of the parties voting shall have priority over all other competing proposals; in the case of a tie vote, the

initial proposal shall prevail. Operator shall deliver notice of such result to all parties entitled to participate in the operation within five (5) days after expiration of the election period (or within twenty-four (24) hours, exclusive of Saturday, Sunday and legal holidays, if a drilling rig is on location). Each party shall then have two (2) days (or twenty-four (24) hours if a rig is on location) exclusive of Saturday, Sunday and legal holidays from receipt of such notice to elect by delivery of notice to Operator to participate in such operation or to relinquish interest in the affected well pursuant to the provisions of Article VI.B.2.; failure by a party to deliver notice within such period shall be deemed an election not to participate in the prevailing proposal. See also Articles XVI.F & XVI.G.

7. Conformity to Spacing Pattern. Notwithstanding ~~the provisions of this Article VI.B.2.~~ any other provisions herein to the contrary, it is agreed that no wells shall be ~~proposed to be~~ drilled to or Completed in or produced from a Zone from which a well located elsewhere on the Contract Area is producing without the consent of all parties participating in such producing well, unless such well conforms to ~~the then-existing~~ any applicable well spacing pattern for such Zone (unless a valid exception is obtained).

8. Paying Wells. No party shall conduct any Reworking, Deepening, Plugging Back, Completion, Recompletion, or Sidetracking operation under this agreement with respect to any well then capable of producing in paying quantities except with the consent of all parties that have not relinquished interests in the well at the time of such operation.

C. Completion of Wells; Reworking and Plugging Back:

1. Completion: Without the consent of all parties, no well shall be drilled, Deepened or Sidetracked, except any well drilled, Deepened or Sidetracked pursuant to the provisions of Article VI.B.2. of this agreement. Consent to the drilling, Deepening or Sidetracking shall include:

☑ ~~☐~~ Option No. 1: With respect to horizontal wells, all ~~All~~ necessary expenditures for the drilling, Deepening or Sidetracking, testing, Completing and equipping of the well, including necessary tankage and/or surface facilities.

☑ Option No. 2: With respect to vertical wells, all ~~All~~ necessary expenditures for the drilling, Deepening or Sidetracking and testing of the well. When such well has reached its authorized depth, and all logs, cores and other tests have been completed, and the results thereof ~~furnished~~ made available to the parties, Operator shall give immediate notice to the Non-Operators having the right to participate in a Completion attempt whether or not Operator recommends attempting to Complete the well, together with Operator's AFE for Completion costs if not previously provided. The parties receiving such notice shall have forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) in which to elect by delivery of notice to Operator to participate in a recommended Completion attempt or to make a Completion proposal with an accompanying AFE. Operator shall deliver any such Completion proposal, or any Completion proposal conflicting with Operator's proposal, to the other parties entitled to participate in such Completion in accordance with the procedures specified in Article VI.B.6. Election to participate in a Completion attempt shall include consent to all necessary expenditures for the Completing and equipping of such well, including necessary tankage and/or surface facilities but excluding any stimulation operation not contained on the Completion AFE. Failure of any party receiving such notice to reply within the period above fixed shall constitute an election by that party not to participate in the cost of the Completion attempt; provided, that Article VI.B.6. shall control in the case of conflicting Completion proposals. If one or more, but less than all of the parties, elect to attempt a Completion, the provision of Article VI.B.2. hereof (the phrase "Reworking, Sidetracking, Deepening, Recompleting or Plugging Back" as contained in Article VI.B.2. shall be deemed to include "Completing") shall apply to the operations thereafter conducted by less than all parties; provided, however, that Article VI.B.2. shall apply separately to each separate Completion or Recompletion attempt undertaken hereunder, and an election to become a Non-Consenting Party as to one Completion or Recompletion attempt shall not prevent a party from becoming a Consenting Party in subsequent Completion or Recompletion attempts regardless whether the Consenting Parties as to earlier Completions or Recompletion have recouped their costs pursuant to Article VI.B.2.; provided further, that any recoupment of costs by a Consenting Party shall be made solely from the production attributable to the Zone in which the Completion attempt is made. Election by a previous Non-Consenting party to participate in a subsequent Completion or Recompletion attempt shall require such party to pay its proportionate share of the cost of salvable materials and equipment installed in the well pursuant to the previous Completion or Recompletion attempt, insofar and only insofar as such materials and equipment benefit the Zone in which such party participates in a Completion attempt.

2. Rework, Recomplete or Plug Back: No well shall be Reworked, Recompleted or Plugged Back except a well Reworked, Recompleted, or Plugged Back pursuant to the provisions of Article VI.B.2. of this agreement. Consent to the Reworking, Recompleting or Plugging Back of a well shall include all necessary expenditures in conducting such operations and Completing and equipping of said well, including necessary tankage and/or surface facilities.

D. Other Operations:

Operator shall not undertake any single project reasonably estimated to require an expenditure in excess of Twenty-Five Thousand Dollars ($ 25,000) except in connection with the drilling, Sidetracking, Reworking, Deepening, Completing, Recompleting or Plugging Back of a well that has been previously authorized by or pursuant to this agreement; provided, however, that, in case of explosion, fire, flood or other sudden emergency, whether of the same or different nature, Operator may take such steps and incur such expenses as in its opinion are required to deal with the emergency to safeguard life and property but Operator, as promptly as possible, shall report the emergency to the other parties. If Operator prepares an AFE for its own use, Operator shall furnish any Non-Operator so requesting an information copy thereof for any single project costing in excess of Twenty-Five Thousand Dollars ($ 25,000). Any party who has not relinquished its interest in a well shall have the right to propose that Operator perform repair work or undertake the installation of artificial lift equipment or ancillary production facilities such as salt water disposal wells or to conduct additional work with respect to a well drilled hereunder or other similar project (but not including the installation of gathering lines or other transportation or marketing facilities, the installation of which shall be governed by separate agreement between the parties) reasonably estimated to require an expenditure in excess of the amount first set forth above in this Article VI.D. (except in connection with an operation required to be proposed under Articles VI.B.1. or VI.C.1. Option No. 2, which shall be governed exclusively be those Articles). Operator shall deliver such proposal to all parties entitled to participate therein. If within thirty (30) days thereof Operator secures the written consent of any party or if there are more than two (2) parties, any two (2) unaffiliated parties owning at least 65% of the interests of the parties entitled to participate in such operation, each party having the right to participate in such project shall be bound by the terms of such proposal and shall be obligated to pay its proportionate share of the costs of the proposed project as if it had consented to such project pursuant to the terms of the proposal.

E. Abandonment of Wells:

1. Abandonment of Dry Holes: Except for any well drilled, Sidetracked or Deepened pursuant to Article VI.B.2., any well which has been drilled, Sidetracked or Deepened under the terms of this agreement and is proposed to be completed as a dry hole shall not be

plugged and abandoned without the consent of all parties. Should Operator, after diligent effort, be unable to contact any party, or should any party fail to reply within forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) after delivery of notice of the proposal to plug and abandon such well, such party shall be deemed to have consented to the proposed abandonment. All such wells shall be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense of the parties who participated in the cost of drilling, Sidetracking or Deepening such well. Any party who objects to plugging and abandoning such well by notice delivered to Operator within forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) after delivery of notice of the proposed plugging shall take over the well as of the end of such forty-eight (48) hour notice period and conduct further operations in search of Oil and/or Gas subject to the provisions of Article VI.B.; failure of such party to provide proof reasonably satisfactory to Operator of its financial and technical capability to (a) conduct such operations or to take over the well within such period ~~or~~ and (b) thereafter to conduct operations on such well or plug and abandon such well shall entitle Operator to retain or take possession of the well and plug and abandon the well. The non-abandoning party taking over the well shall indemnify Operator (if Operator is an abandoning party) and the other abandoning parties against liability for any further operations conducted on such well except for the costs of plugging and abandoning the well and restoring the surface (insofar as those costs were not increased by the subsequent operations of the non-abandoning parties), for which the abandoning parties shall remain proportionately liable.

2. Abandonment of Wells That Have Produced: Except for any well in which a Non-Consent operation has been conducted hereunder for which the Consenting Parties have not been fully reimbursed as herein provided, any well which has been completed as a producer shall not be plugged and abandoned without the consent of all parties who own a working interest in the well. If all parties who own a working interest in such well consent to such abandonment, the well shall be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense of all the parties hereto. Failure of a party to reply within sixty (60) days of delivery of notice of proposed abandonment shall be deemed an election to consent to the proposal. If, within sixty (60) days after delivery of notice of the proposed abandonment of any well, all parties who own a working interest in such well do not agree to the abandonment of such well, those wishing to continue its operation from the Zone then open to production shall be obligated to take over the well as of the expiration of the applicable notice period and shall indemnify Operator (if Operator is an abandoning party) and the other abandoning parties against liability for any further operations with respect to the well, including costs of plugging and abandoning the well and restoring the surface ~~on the well conducted by such parties~~. Failure of such party or parties to provide proof reasonably satisfactory to Operator of their financial and technical capability to conduct such operations or to take over the well within the required period ~~or~~ and thereafter to conduct operations on such well shall entitle ~~o~~Operator to retain or take possession of such well and plug and abandon the well.

Parties taking over a well as provided in this Article VI.E. ~~herein~~ shall tender to each of the other parties its proportionate share of the value of the well's salvable material and equipment, determined in accordance with the provisions of Exhibit "C," less the estimated cost of salvaging and the estimated cost of plugging and abandoning and restoring the surface; provided, however, that in the event the estimated plugging and abandoning and surface restoration costs and the estimated cost of salvaging are higher than the value of the well's salvable material and equipment, each of the abandoning parties shall tender to the parties continuing operations their proportionate shares of the estimated excess cost. Each abandoning party shall assign to the non-abandoning parties, without warranty, express or implied, as to title or as to quantity, or fitness for use of the equipment and material, all of its interest in the wellbore of the well and related equipment, together with its interest in the Leasehold insofar and only insofar as such Leasehold covers the right to obtain production from that wellbore in the Zone then open to production. If the interest of the abandoning party is or includes an~~d~~ Oil and Gas Interest, such party shall execute and deliver to the non- abandoning party or parties an oil and gas lease, limited to the wellbore and the Zone then open to production, for a term of one (1) year and so long thereafter as Oil and/or Gas is produced from the Zone covered thereby, such lease to be on a mutually agreed form.~~the form attached as Exhibit "B."~~ The assignments or leases so limited shall encompass the Drilling Unit upon which the well is located. The payments by, and the assignments or leases to, the assignees shall be in a ratio based upon the relationship of their respective percentage of participation in the Contract Area to the aggregate of the percentages of participation in the Contract Area of all assignees. There shall be no readjustment of interests in the remaining portions of the Contract Area.

Thereafter, abandoning parties shall have no further responsibility, liability, or interest in the operation of or production from the well in the Zone then open other than the royalties retained in any lease made under the terms of this Article. Upon request, Operator shall continue to operate the assigned well for the account of the non-abandoning parties at the rates and charges contemplated by this agreement, plus any additional cost and charges which may arise as the result of the separate ownership of the assigned well. Upon proposed abandonment of the producing Zone assigned or leased, the assignor or lessor shall then have the option to repurchase its prior interest in the well (using the same valuation formula) and participate in further operations therein subject to the provisions hereof.

3. Abandonment of Non-Consent Operations: The provisions of Article VI.E.1. or VI.E.2. above shall be applicable as between Consenting Parties in the event of the proposed abandonment of any well excepted from said Articles; provided, however, no well shall be permanently plugged and abandoned unless and until all parties having the right to conduct further operations therein have been notified of the proposed abandonment and afforded the opportunity to elect to take over the well in accordance with the provisions of this Article VI.E.; and provided further, that Non-Consenting Parties who elect to take over ~~own an interest in a portion of~~ the well shall ~~pay~~ become liable for their proportionate shares of abandonment and surface restoration cost for such well as provided in Article VI.B.2.(b), insofar as those costs were not increased by the subsequent operations of the non-abandoning parties. If Operator does not receive a written response from any Non-Operator within sixty (60) days after delivering notice of a proposed abandonment to such Non-Operator, then such Non-Operator shall be deemed to have consented to the proposal.

F. Termination of Operations:

Upon the commencement of an operation for the drilling, Reworking, Sidetracking, Plugging Back, Deepening, testing, Completion or plugging of a well, ~~including but not limited to the Initial Well,~~ such operation shall not be terminated without consent of two (2) unaffiliated parties bearing at least 65% of the costs of such operation; provided, however, that in the event granite or other practically impenetrable substance or condition in the hole is encountered which renders further operations impractical, Operator may discontinue operations and give notice of such condition in the manner provided in Article VI.B.1, and the provisions of Article VI.B. or VI.E. shall thereafter apply to such operation, as appropriate.

G. Taking Production in Kind:

☑ **Option No. 1: Gas Balancing Agreement Attached**

Each party shall have the right to take in kind or separately dispose of its proportionate share of all Oil and Gas produced from the Contract Area, exclusive of (a) production which may be used in development and producing operations and in preparing and treating Oil and Gas for marketing purposes and (b) production unavoidably lost. Any extra expenditure incurred in the taking in kind or separate disposition by any party of its proportionate share of the production shall be borne by such party. Any party taking its share of production in kind shall be required to pay for only its proportionate share of such part of Operator's surface facilities which it uses, to the extent such party has not paid its proportionate share of the costs to build such facilities.

Each party shall execute such division orders and contracts as may be necessary for the sale of its interest in production from the Contract Area, and, except as provided in Article VII.B., shall be entitled to receive payment directly from the purchaser thereof for its share of all production.

If any party fails to make the arrangements necessary to take in kind or separately dispose of its proportionate share of the Oil or Gas produced from the Contract Area, Operator shall have the right, subject to the revocation at will by the party owning it, but not the obligation, to purchase such Oil or Gas or sell it to others at any time and from time to time, for the account of the non-taking party. Any such purchase or sale by Operator may be terminated by Operator upon at least ~~ten~~ thirty (~~1~~ 30) days written notice to the owner of said production and shall be subject always to the right of the owner of the production upon at least ~~ten~~ thirty (~~1~~ 30) days written notice to Operator to exercise at any time its right to take in kind, or separately dispose of, its share of all Oil or Gas not previously delivered to a purchaser. Any purchase or sale by Operator of any other party's share of Oil or Gas shall be only for such reasonable periods of time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one (1) year.

Any such sale by Operator shall be in a manner commercially reasonable under the circumstances but Operator shall have no duty to share any existing market or to obtain a price equal to that received under any existing market. The sale or delivery by Operator of a non-taking party's share of Oil or Gas under the terms of any existing contract of Operator shall not give the non-taking party any interest in or make the non-taking party a party to said contract. No purchase shall be made by Operator without first giving the non-taking party at least ~~ten~~ thirty (3~~1~~0) days written notice of such intended purchase and the price to be paid or the pricing basis to be used.

All parties shall give timely written notice to Operator of their Oil and Gas marketing arrangements for the following month, excluding price, and shall notify Operator immediately in the event of a change in such arrangements. Operator shall maintain records of all marketing arrangements, and of volumes actually sold or transported, which records shall be made available to Non-Operators upon reasonable request.

In the event one or more parties' separate disposition of its share of the Gas causes split-stream deliveries to separate pipelines and/or deliveries which on a day-to-day basis for any reason are not exactly equal to a party's respective proportion- ate share of total Gas sales to be allocated to it, the balancing or accounting between the parties shall be in accordance with any Gas balancing agreement between the parties hereto, ~~whether such an agreement is~~ attached as Exhibit "E" ~~or is a separate agreement~~ hereto. Operator shall give notice to all parties of the first sales of Gas from any well under this agreement.

~~☐~~ **Option No. 2:** ~~**No Gas Balancing Agreement:**~~

~~Each party shall take in kind or separately dispose of its proportionate share of all Oil and Gas produced from the Contract Area, exclusive of production which may be used in development and producing operations and in preparing and treating Oil and Gas for marketing purposes and production unavoidably lost. Any extra expenditures incurred in the taking in kind or separate disposition by any party of its proportionate share of the production shall be borne by such party. Any party taking its share of production in kind shall be required to pay for only its proportionate share of such part of Operator's surface facilities which it uses.~~

~~Each party shall execute such division orders and contracts as may be necessary for the sale of its interest in production from the Contract Area, and, except as provided in Article VII.B., shall be entitled to receive payment directly from the purchaser thereof for its share of all production.~~

~~If any party fails to make the arrangements necessary to take in kind or separately dispose of its proportionate share of the Oil and/or Gas produced from the Contract Area, Operator shall have the right, subject to the revocation at will by the party owning it, but not the obligation, to purchase such Oil and/or Gas or sell it to others at any time and from time to time, for the account of the non-taking party. Any such purchase or sale by Operator may be terminated by Operator upon at least ten (10) days written notice to the owner of said production and shall be subject always to the right of the owner of the production upon at least ten (10) days written notice to Operator to exercise its right to take in kind, or separately dispose of, its share of all Oil and/or Gas not previously delivered to a purchaser; provided, however, that the effective date of any such revocation may be deferred at Operator's election for a period not to exceed ninety (90) days if Operator has committed such production to a purchase contract having a term extending beyond such ten (10) - day period. Any purchase or sale by Operator of any other~~ party's share of Oil and/or Gas shall be only for such reasonable periods of time as are consistent with the ~~minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one (1) year.~~

~~Any such sale by Operator shall be in a manner commercially reasonable under the circumstances, but Operator shall have no duty to share any existing market or transportation arrangement or to obtain a price or transportation fee equal to that received under any existing market or transportation arrangement. The sale or delivery by Operator of a non-taking party's share of production under the terms of any existing contract of Operator shall not give the non-taking party any interest in or make the non-taking party a party to said contract. No purchase of Oil and Gas and no sale of Gas shall be made by Operator without first giving the non-taking party ten days written notice of such intended purchase or sale and the price to be paid or the pricing basis to be used. Operator shall give notice to all parties of the first sale of Gas from any well under this Agreement.~~

~~All parties shall give timely written notice to Operator of their Gas marketing arrangements for the following month, excluding price, and shall notify Operator immediately in the event of a change in such arrangements. Operator shall maintain records of all marketing arrangements, and of volumes actually sold or transported, which records shall be made available to Non-Operators upon reasonable request.~~

ARTICLE VII.
EXPENDITURES AND LIABILITY OF PARTIES

A. Liability of Parties: See also ArticleXVI.B, XVI.E. and XVI.M.

The liability of the parties shall be several, not joint or collective. Each party shall be responsible only for its obligations, and shall be liable only for its proportionate share of the costs of developing and operating the Contract Area. Accordingly, the liens granted among the parties in Article VII.B. are given to secure only the debts of each severally, and no party shall have any liability to third parties hereunder to satisfy the default of any other party in the payment of any expense or obligation hereunder. It is not the intention of the parties to create, nor shall this agreement be construed as creating, a mining or other partnership, joint venture, agency relationship or association, or to render the parties liable as partners, co-venturers, or principals. In their relations with each other under this agreement, the parties shall not be considered fiduciaries or to have established a confidential relationship but rather shall be free to act on an arm's-length basis in accordance with their own respective self-interest, subject, however, to the obligation of the parties to act in good faith in their dealings with each other with respect to activities hereunder.

B. Liens and Security Interests:

Each party grants to the other parties hereto a lien upon any interest it now owns or hereafter acquires in Oil and Gas Leases and Oil and Gas Interests in the Contract Area, and a security interest and/or purchase money security interest in any interest it now owns or hereafter acquires in the personal property and fixtures on or used or obtained for use in connection therewith, to secure performance of all of its obligations under this agreement including but not limited to payment of expense, interest and fees, the proper disbursement of all monies paid hereunder, the assignment or relinquishment of interest in Oil and Gas Leases as required hereunder, and the proper performance of operations hereunder. Such lien and security interest granted by each party hereto shall include such party's leasehold interests, working interests, operating rights, and royalty and overriding royalty interests in the Contract Area now owned or hereafter acquired and in lands pooled or unitized therewith or otherwise becoming subject to this agreement, the Oil and Gas when extracted therefrom and equipment situated thereon or used or obtained for use in connection therewith (including, without limitation, all wells, tools, and tubular goods), and accounts (including, without limitation, accounts arising from gas imbalances or from the sale of Oil and/or Gas at the wellhead), contract rights, inventory and general intangibles relating thereto or arising therefrom, and all proceeds and products of the foregoing.

To perfect the lien and security agreement provided herein, each party hereto shall execute and acknowledge the recording supplement and/or any financing statement prepared and submitted by any party hereto in conjunction herewith or at any time following execution hereof, and Operator is authorized to file this agreement or the recording supplement executed herewith as a lien or mortgage in the applicable real estate records and as a financing statement with the proper officer under the Uniform Commercial Code in the state in which the Contract Area is situated and such other states as Operator shall deem appropriate to perfect the security interest granted hereunder. Any party may file this agreement, the recording supplement executed herewith, or such other documents as it deems necessary as a lien or mortgage in the applicable real estate records and/or a financing statement with the proper officer under the Uniform Commercial Code.

Each party represents and warrants to the other parties hereto that the lien and security interest granted by such party to the other parties shall be a first and prior lien, and each party hereby agrees to maintain the priority of said lien and security interest against all persons acquiring an interest in Oil and Gas Leases and Interests covered by this agreement by, through or under such party. All parties acquiring an interest in Oil and Gas Leases and Oil and Gas Interests covered by this agreement, whether by assignment, merger, mortgage, operation of law, or otherwise, shall be deemed to have taken subject to the lien and security interest granted by this Article VII.B. as to all obligations attributable to such interest hereunder whether or not such obligations arise before or after such interest is acquired.

To the extent that parties have a security interest under the Uniform Commercial Code of the state in which the Contract Area is situated, they shall be entitled to exercise the rights and remedies of a secured party under the Code. The bringing of a suit and the obtaining of judgment by a party for the secured indebtedness shall not be deemed an election of remedies or otherwise affect the lien rights or security interest as security for the payment thereof. In addition, upon default by any party in the payment of its share of expenses, interests or fees, or upon the improper use of funds by the Operator, the other parties shall have the right, without prejudice to other rights or remedies, to collect from the purchaser the proceeds from the sale of such defaulting party's share of Oil and Gas until the amount owed by such party, plus interest as provided in "Exhibit C," has been received, and shall have the right to offset the amount owed against the proceeds from the sale of such defaulting party's share of Oil and Gas. All purchasers of production may rely on a notification of default from the non-defaulting party or parties stating the amount due as a result of the default, and all parties waive any recourse available against purchasers for releasing production proceeds as provided in this paragraph.

If any party fails to pay its share of cost within one hundred twenty (120) days after rendition of a statement therefor by Operator, the non-defaulting parties, including Operator, shall upon request by Operator, pay the unpaid amount in the proportion that the interest of each such party bears to the interest of all such parties. The amount paid by each party so paying its share of the unpaid amount shall be secured by the liens and security rights described in Article VII.B., and each paying party may independently pursue any remedy available hereunder or otherwise.

If any party does not perform all of its obligations hereunder, and the failure to perform subjects such party to foreclosure or execution proceedings pursuant to the provisions of this agreement, to the extent allowed by governing law, the defaulting party waives any available right of redemption from and after the date of judgment, any required valuation or appraisement of the mortgaged or secured property prior to sale, any available right to stay execution or to require a marshaling of assets and any required bond in the event a receiver is appointed. In addition, to the extent permitted by applicable law, each party hereby grants to the other parties a power of sale as to any property that is subject to the lien and security rights granted hereunder, such power to be exercised in the manner provided by applicable law or otherwise in a commercially reasonable manner and upon reasonable notice.

Each party agrees that the other parties shall be entitled to utilize the provisions of Oil and Gas lien law or other lien law of any state in which the Contract Area is situated to enforce the obligations of each party hereunder. Without limiting the generality of the foregoing, to the extent permitted by applicable law, Non-Operators agree that Operator may invoke or utilize the mechanics' or materialmen's lien law of the state in which the Contract Area is situated in order to secure the payment to Operator of any sum due hereunder for services performed or materials supplied by Operator.

C. Advances:

Operator, at its election, shall have the right from time to time to demand and receive from one or more of the other parties payment in advance of their respective shares of the estimated amount of the expense to be incurred in operations hereunder during the next succeeding month, which right may be exercised only by submission to each such party of an itemized statement of such estimated expense, together with an invoice for its share thereof. Each such statement and invoice for the payment in advance of estimated expense shall be submitted on or before the 20th day of the next preceding month. Each party shall pay to Operator its proportionate share of such estimate within fifteen (15) days after such estimate and invoice is received. If any party fails to pay its share of said estimate within said time, then such party shall be subject to Article VII.D. and any other remedies provided for in this agreement, and the amount due shall bear interest as provided in Exhibit "C" until paid. Proper adjustment shall be made monthly between advances and actual expense to the end that each party shall bear and pay its proportionate share of actual expenses incurred, and no more.

D. Defaults and Remedies:

If any party fails to discharge any financial obligation under this agreement, including without limitation the failure to make any advance under the preceding Article VII.C. or any other provision of this agreement, within the period required for such payment hereunder, then in addition to the remedies provided in Article VII.B. or elsewhere in this agreement, the remedies specified below shall be applicable. For purposes of this Article VII.D., all notices and elections shall be delivered

only by Operator, except that Operator shall deliver any such notice and election requested by a non-defaulting Non-Operator, and when Operator is the party in default, the applicable notices and elections can be delivered by any Non-Operator. Election of any one or more of the following remedies shall not preclude the subsequent use of any other remedy specified below or otherwise available to a non-defaulting party. No party shall be in default to the extent it is exercising its rights under Article I.3B of Exhibit C to this agreement.

1. Suspension of Rights: Any party may deliver to the party in default a Notice of Default, which shall specify the default, specify the action to be taken to cure the default, and specify that failure to take such action will result in the exercise of one or more of the remedies provided in this Article. If the default is not cured within thirty (30) days of the delivery of such Notice of Default, all of the rights of the defaulting party granted by this agreement may upon notice be suspended until the default is cured, without prejudice to the right of the non-defaulting party or parties to continue to enforce the obligations of the defaulting party previously accrued or thereafter accruing under this agreement. If Operator is the party in default, the Non-Operators shall have in addition the right, by vote of Non-Operators owning a majority in interest in the Contract Area after excluding the voting interest of Operator, to appoint a new Operator effective immediately. The rights of a defaulting party that may be suspended hereunder at the election of the non-defaulting parties shall include, without limitation, the right to receive information as to any operation conducted hereunder during the period of such default, the right to elect to participate in an operation proposed under Article VI.B. of this agreement, the right to participate in an operation being conducted under this agreement even if the party has previously elected to participate in such operation, and the right to receive proceeds of production from any well subject to this agreement.

2. Suit for Damages: Non-defaulting parties or Operator for the benefit of non-defaulting parties may sue (at joint account expense) to collect the amounts in default, plus interest accruing on the amounts recovered from the date of default until the date of collection at the rate specified in Exhibit "C" attached hereto. Nothing herein shall prevent any party from suing any defaulting party to collect consequential damages accruing to such party as a result of the default.

3. Deemed Non-Consent: The non-defaulting party may deliver a written Notice of Non-Consent Election to the defaulting party at any time after the expiration of the thirty-day cure period following delivery of the Notice of Default, in which event if the billing is for the drilling a new well or the Plugging Back, Sidetracking, Reworking or Deepening of a well which is to be or has been plugged as a dry hole, or for the Completion or Recompletion of any well, the defaulting party will be conclusively deemed to have elected not to participate in the operation and to be a Non-Consenting Party with respect thereto under Article VI.B. or VI.C., as the case may be, to the extent of the costs unpaid by such party, notwithstanding any election to participate theretofore made. If election is made to proceed under this provision, then the non-defaulting parties may not elect to sue for the unpaid amount pursuant to Article VII.D.2.

Until the delivery of such Notice of Non-Consent Election to the defaulting party, such party shall have the right to cure its default by paying its unpaid share of costs plus interest at the rate set forth in Exhibit "C," provided, however, such payment shall not prejudice the rights of the non-defaulting parties to pursue remedies for damages incurred by the non- defaulting parties as a result of the default. Any interest relinquished pursuant to this Article VII.D.3. shall be offered to the non-defaulting parties in proportion to their interests, and the non-defaulting parties electing to participate in the ownership of such interest shall be required to contribute their shares of the defaulted amount upon their election to participate therein.

4. Advance Payment: If a default is not cured within thirty (30) days of the delivery of a Notice of Default, Operator, or Non-Operators if Operator is the defaulting party, may thereafter require advance payment from the defaulting party of such defaulting party's anticipated share of any item of expense for which Operator, or Non-Operators, as the case may be, would be entitled to reimbursement under any provision of this agreement, whether or not such expense was the subject of the previous default. Such right includes, but is not limited to, the right to require advance payment for the estimated costs of drilling a well or Completion of a well as to which an election to participate in drilling or Completion has been made. If the defaulting party fails to pay the required advance payment, the non-defaulting parties may pursue any of the remedies provided in the Article VII.D. or any other default remedy provided elsewhere in this agreement. Any excess of funds advanced remaining when the operation is completed and all costs have been paid shall be promptly returned to the advancing party.

5. Costs and Attorneys' Fees: In the event any party is required to bring legal proceedings to enforce any financial obligation of a party hereunder, the prevailing party in such action shall be entitled to recover all court costs, costs of collection, and a reasonable attorney's fee, which the lien provided for herein shall also secure.

E. Rentals, Shut-in Well Payments and Minimum Royalties:

Rentals, shut-in well payments and minimum royalties which may be required under the terms of any lease shall be paid by the party or parties who subjected such lease to this agreement at its or their expense. In the event two or more parties own and have contributed interests in the same lease to this agreement, such parties may designate one of such parties to make said payments for and on behalf of all such parties. Any party may request, and shall be entitled to receive, proper evidence of all such payments. In the event of failure to make proper payment of any rental, shut-in well payment or minimum royalty through mistake or oversight where such payment is required to continue the lease in force, any loss which results from such non-payment shall be borne in accordance with the provisions of Article IV.B.3~~2~~.

Operator shall notify Non-Operators of the anticipated completion of a shut-in well, or the shutting in or return to production of a producing well, at least five (5) days (excluding Saturday, Sunday, and legal holidays) prior to taking such action, or at the earliest opportunity permitted by circumstances, but assumes no liability for failure to do so. In the event of failure by Operator to so notify Non-Operators, the loss of any lease contributed hereto by Non-Operators for failure to make timely payments of any shut-in well payment shall be borne jointly by the parties hereto under the provisions of Article IV.B.3.

F. Taxes:

Beginning with the first calendar year after the effective date hereof, Operator shall render for ad valorem taxation all property subject to this agreement which by law should be rendered for such taxes, and it shall pay all such taxes assessed thereon before they become delinquent. Prior to the rendition date, each Non-Operator shall furnish Operator information as to burdens (to include, but not be limited to, royalties, overriding royalties and production payments) on Leases and Oil and Gas Interests contributed by such Non-Operator. If the assessed valuation of any Lease is reduced by reason of its being subject to outstanding excess royalties, overriding royalties or production payments, the reduction in ad valorem taxes resulting therefrom shall inure to the benefit of the owner or owners of such Lease, and Operator shall adjust the charge to such owner or owners so as to reflect the benefit of such reduction. If the ad valorem taxes are based in whole or in part upon separate valuations of each party's working interest, then notwithstanding anything to the contrary herein, charges to the joint account shall be made and paid by the parties hereto in accordance with the tax value generated by each party's working interest. Operator shall bill the other parties for their proportionate shares of all tax payments in the manner provided in Exhibit "C."

If Operator considers any tax assessment improper, Operator may, at its discretion, protest within the time and manner prescribed by law, and prosecute the protest to a final determination, unless all parties agree to abandon the protest prior to final determination. During the pendency of administrative or judicial proceedings, Operator may elect to pay, under protest, all such taxes and any interest and penalty. When any such protested assessment shall have been finally determined, Operator shall pay the tax for the joint account, together with any interest and penalty accrued, and the total cost shall then be assessed against the parties, and be paid by them, as provided in Exhibit "C."

Each party shall pay or cause to be paid all production, severance, excise, gathering and other taxes imposed upon or with respect to the production or handling of such party's share of Oil and Gas produced under the terms of this agreement.

ARTICLE VIII.
ACQUISITION, MAINTENANCE OR TRANSFER OF INTEREST

A. Surrender of Leases:

The Leases covered by this agreement, insofar as they embrace acreage in the Contract Area, shall not be surrendered in whole or in part unless all parties consent thereto.

However, should any party desire to surrender its interest in any Lease or in any portion thereof, such party shall give written notice of the proposed surrender to all parties, and the parties to whom such notice is delivered shall have thirty (30) days after delivery of the notice within which to notify the party proposing the surrender whether they elect to consent thereto. Failure of a party to whom such notice is delivered to reply within said 30-day period shall constitute a consent to the surrender of the Leases described in the notice. If all parties do not agree or consent thereto, the party desiring to surrender shall assign, without express or implied warranty of title, all of its interest in such Lease, or portion thereof, and any well, material and equipment which may be located thereon and any rights in production thereafter secured, to the parties not consenting to such surrender. If the interest of the assigning party is or includes an Oil and Gas Interest, the assigning party shall execute and deliver to the party or parties not consenting to such surrender an oil and gas lease covering such Oil and Gas Interest for a term of one (1) year and so long thereafter as Oil and/or Gas is produced from the land covered thereby, such lease to be on a mutually acceptable ~~the~~ form~~, attached hereto as Exhibit "B."~~ Upon such assignment or lease, the assigning party shall be relieved from all obligations thereafter accruing, but not theretofore accrued, with respect to the interest assigned or leased and the operation of any well attributable thereto, and the assigning party shall have no further interest in the assigned or leased premises and its equipment and production other than the royalties retained in any lease made under the terms of this Article. The party assignee or lessee shall pay to the party assignor or lessor the reasonable salvage value of the latter's interest in any well's salvable materials and equipment attributable to the assigned or leased acreage. The value of all salvable materials and equipment shall be determined in accordance with the provisions of Exhibit "C," less the estimated cost of salvaging and the estimated cost of plugging and abandoning and restoring the surface. If such value is less than such costs, then the party assignor or lessor shall pay to the party assignee or lessee the amount of such deficit. If the assignment or lease is in favor of more than one party, the interest shall be shared by such parties in the proportions that the interest of each bears to the total interest of all such parties. If the interest of the parties to whom the assignment is to be made varies according to depth, then the interest assigned shall similarly reflect such variances.

Any assignment, lease or surrender made under this provision shall not reduce or change the assignor's, lessor's or surrendering party's interest as it was immediately before the assignment, lease or surrender in the balance of the Contract Area; and the acreage assigned, leased or surrendered, and subsequent operations thereon, shall not thereafter be subject to the terms and provisions of this agreement but shall be deemed subject to an Operating Agreement identical to ~~in the form of~~ this agreement and modified only to reflect the ownership of the acquiring parties and their respective interests.

B. Renewal or Extension of Leases:

If any party secures a renewal or replacement of an Oil and Gas Lease or Interest subject to this agreement, then all other parties shall be notified promptly upon such acquisition or, in the case of a replacement Lease taken before expiration of an existing Lease, promptly upon expiration of the existing Lease. The parties notified shall have the right for a period of thirty (30) days following delivery of such notice in which to elect to participate in the ownership of the renewal or replacement Lease, insofar as such Lease affects lands within the Contract Area, by paying to the party who acquired it their proportionate shares of the acquisition cost allocated to that part of such Lease within the Contract Area, which shall be in proportion to the interest held at that time by the parties in the Contract Area. Each party who participates in the purchase of a renewal or replacement Lease shall be given an assignment of its proportionate interest therein by the acquiring party, without warranty of title, except as to acts by, through or under the acquiring party.~~.~~

If some, but less than all, of the parties elect to participate in the purchase of a renewal or replacement Lease, it shall be owned by the parties who elect to participate therein, in a ratio based upon the relationship of their respective percentage of participation in the Contract Area to the aggregate of the percentages of participation in the Contract Area of all parties participating in the purchase of such renewal or replacement Lease. The acquisition of a renewal or replacement Lease by any or all of the parties hereto shall not cause a readjustment of the interests of the parties stated in Exhibit "A," but any renewal or replacement Lease in which less than all parties elect to participate shall not be subject to this agreement but shall be deemed subject to a separate Operating Agreement identical to ~~in the form of~~ this agreement and modified only to reflect the ownership of the acquiring party and their respective interests.

If the interests of the parties in the Contract Area vary according to depth, then their right to participate proportionately in renewal or replacement Leases and their right to receive an assignment of interest shall also reflect such depth variances.

The provisions of this Article shall apply to renewal or replacement Leases whether they are for the entire interest covered by the expiring Lease or cover only a portion of its area or an interest therein. Any renewal or replacement Lease taken before the expiration of its predecessor Lease, or taken or contracted for or becoming effective within six (6) months after the expiration of the existing Lease, shall be subject to this provision so long as this agreement is in effect at the time of such acquisition or at the time the renewal or replacement Lease becomes effective; but any Lease taken or contracted for more than six (6) months after the expiration of an existing Lease shall not be deemed a renewal or replacement Lease and shall not be subject to the provisions of this agreement.

The provisions in this Article shall also be applicable to extensions of Oil and Gas Leases.

C. Acreage or Cash Contributions:

While this agreement is in force, if any party ~~contracts for~~ receives a contribution of cash towards the drilling of a well or any other operation on the Contract Area, such contribution shall be paid to the party who conducted the drilling or other operation and shall be applied by it against the cost of such drilling or other operation. If the contribution be in the form of acreage, the party to whom the contribution is made shall promptly tender an assignment of the acreage, without warranty of title, to the Drilling Parties in the proportions said Drilling Parties shared the cost of drilling the well. Such acreage shall become a separate Contract Area and, to the extent possible, be governed by provisions identical to this agreement. Each party shall promptly notify all other parties of any acreage or cash contributions it may obtain in support of any well or any other operation on the Contract Area. The above provisions shall also be applicable to optional rights to earn acreage outside the Contract Area which are in support of well drilled inside the Contract Area.

If any party contracts for any consideration relating to disposition of such party's share of substances produced hereunder, such consideration shall not be deemed a contribution as contemplated in this Article VIII.C.

D. Assignment~~; Maintenance of Uniform Interest~~: See also Articles XVI.S & XVI.W.

~~For the purpose of maintaining uniformity of ownership in the Contract Area in the Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production covered by this agreement no party shall sell, encumber, transfer or make other disposition of its interest in the Oil and Gas Leases and Oil and Gas Interests embraced within the Contract Area or in wells, equipment and production unless such disposition covers either:~~

~~1. the entire interest of the party in all Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production; or~~

~~2. an equal undivided percent of the party's present interest in all Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production in the Contract Area.~~

Every sale, encumbrance, transfer or other disposition made by any party shall be made expressly subject to this agreement and shall be made without prejudice to the right of the other parties, and any transferee of an ownership interest in any Oil and Gas Lease or Interest shall be deemed a party to this agreement as to the interest conveyed from and after the effective date of the transfer of ownership; provided, however, that the other parties shall not be required to recognize any such sale, encumbrance, transfer or other disposition for any purpose hereunder until thirty (30) days after they have received a copy of the instrument of transfer or other satisfactory evidence thereof in writing from the transferor or transferee. No assignment or other disposition of interest by a party shall relieve such party of obligations previously incurred by such party hereunder with respect to the interest transferred, including without limitation the obligation of a party to pay all costs attributable to an operation conducted hereunder in which such party has agreed to participate prior to making such assignment, and the lien and security interest granted by Article VII.B. shall continue to burden the interest transferred to secure payment of any such obligations.

If, at any time the interest of any party is divided among and owned by four or more co-owners, Operator, at its discretion, may require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such party's interest within the scope of the operations embraced in this agreement; however, all such co-owners shall have the right to enter into and execute all contracts or agreements for the disposition of their respective shares of the Oil and Gas produced from the Contract Area and they shall have the right to receive, separately, payment of the sale proceeds thereof.

E. Waiver of Rights to Partition:

If permitted by the laws of the state or states in which the property covered hereby is located, each party hereto owning an undivided interest in the Contract Area waives any and all rights it may have to partition and have set aside to it in severalty its undivided interest therein.

~~F. Preferential Right to Purchase:~~

~~☐ (Optional; Check if applicable.)~~

~~Should any party desire to sell all or any part of its interests under this agreement, or its rights and interests in the Contract Area, it shall promptly give written notice to the other parties, with full information concerning its proposed disposition, which shall include the name and address of the prospective transferee (who must be ready, willing and able to purchase), the purchase price, a legal description sufficient to identify the property, and all other terms of the offer. The other parties shall then have an optional prior right, for a period of ten (10) days after the notice is delivered, to purchase for the stated consideration on the same terms and conditions the interest which the other party proposes to sell; and, if this optional right is exercised, the purchasing parties shall share the purchased interest in the proportions that the interest of each bears to the total interest of all purchasing parties. However, there shall be no preferential right to purchase in those cases where any party wishes to mortgage its interests, or to transfer title to its interests to its mortgagee in lieu of or pursuant to foreclosure of a mortgage of its interests, or to dispose of its interests by merger, reorganization, consolidation, or by sale of all or substantially all of its Oil and Gas assets to any party, or by transfer of its interests to a subsidiary or parent company or to a subsidiary of a parent company, or to any company in which such party owns a majority of the stock.~~

ARTICLE IX.
INTERNAL REVENUE CODE ELECTION

If, for federal income tax purposes, this agreement and the operations hereunder are regarded as a partnership, and if the parties have not otherwise agreed to form a tax partnership pursuant to Exhibit "G" or other agreement between them, each party thereby affected elects to be excluded from the application of all of the provisions of Subchapter "K," Chapter 1, Subtitle "A," of the Internal Revenue Code of 1986, as amended ("Code"), as permitted and authorized by Section 761 of the Code and the regulations promulgated thereunder. Operator is authorized and directed to execute on behalf of each party hereby affected such evidence of this election as may be required by the Secretary of the Treasury of the United States or the Federal Internal Revenue Service, including specifically, but not by way of limitation, all of the returns, statements, and the data required by Treasury Regulation §1.761. Should there be any requirement that each party hereby affected give further evidence of this election, each such party shall execute such documents and furnish such other evidence as may be required by the Federal Internal Revenue Service or as may be necessary to evidence this election. No such party shall give any notices or take any other action inconsistent with the election made hereby. If any present or future income tax laws of the state or states in which the Contract Area is located or any future income tax laws of the United States contain provisions similar to those in Subchapter "K," Chapter 1, Subtitle "A," of the Code, under which an election similar to that provided by Section 761 of the Code is permitted, each party hereby affected shall make such election as may be permitted or required by such laws. In making the foregoing election, each such party states that the income derived by such party from operations hereunder can be adequately determined without the computation of partnership taxable income.

ARTICLE X.
CLAIMS AND LAWSUITS

Operator may settle any single uninsured third party damage claim or suit arising from operations hereunder if the expenditure does not exceed Fifty Thousand Dollars ($ 50,000) and if the payment is in complete settlement of such claim or suit. If the amount required for settlement exceeds the above amount, the parties hereto shall assume and take over the further handling of the claim or suit, unless such authority is delegated to Operator by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A"(or if there are only two (2) parties, on the affirmative vote of the party owning a majority interest as shown on Exhibit "A"(which, for this purpose shall be calculated to include the interest of a party's affiliate)). All costs and expenses of handling settling, or otherwise discharging such claim or suit shall be at the joint expense of the parties participating in the operation from which the claim or suit arises. If a claim is made against any party or if any party is sued on account of any matter arising from operations hereunder over which such individual has no control because of the rights given Operator by this agreement, such party shall immediately notify all other parties, and the claim or suit shall be treated as any other claim or suit involving operations hereunder. Operator shall notify all parties hereto of any material claims or suits initiated by or threatened in writing by a third party for which the parties hereto may be reasonably expected to collectively incur expenditures in excess of Fifty Thousand Dollars ($50,000).

ARTICLE XI.
FORCE MAJEURE

If any party is rendered unable, wholly or in part, by force majeure to carry out its obligations under this agreement, other than the obligation to indemnify or make money payments or furnish security, that party shall give to all other parties prompt written notice of the force majeure with reasonably full particulars concerning it; thereupon, the obligations of the party giving the notice, so far as they are affected by the force majeure, shall be suspended during, but no longer than, the continuance of the force majeure. The term "force majeure," as here employed, shall mean an act of God, strike, lockout, or other industrial disturbance, act of the public enemy, war, blockade, public riot, lightening, fire, storm, flood or other act of nature, explosion, governmental action, governmental delay restraint or inaction by a governmental authority to the extent not resulting from Operator's action or inaction, acts of terrorism, changes in law, any hydraulic fracturing or drilling moratorium, restraint or inaction, unavailability of equipment, and any other cause, whether of the kind specifically enumerated above or otherwise, which is not reasonably within the control of the party claiming suspension, provided, however, that a lack of funds shall not constitute "force majeure".

The affected party shall use all reasonable diligence to remove the force majeure situation as quickly as practicable. The requirement that any force majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts, or other labor difficulty by the party involved, contrary to its wishes; how all such difficulties shall be handled shall be entirely within the discretion of the party concerned.

ARTICLE XII.
NOTICES

TERM OF AGREEMENT

Unless terminated by mutual consent of the parties, this ~~This~~ agreement shall remain in full force and effect as to the Oil and Gas Leases and/or Oil and Gas Interests subject hereto for the period of time selected below; provided, however, no party hereto shall ever be construed as having any right, title or interest in or to any Lease or Oil and Gas Interest contributed by any other party beyond the term of this agreement.

☑~~☐~~ Option No. 1: So long as any of the Oil and Gas Leases subject to this agreement remain or are continued in force as to any part of the Contract Area, whether by production, extension, renewal or otherwise.

~~☑Option No. 2: In the event the well described in Article VI.A., or any subsequent well drilled under any provision of this agreement, results in the Completion of a well as a well capable of production of Oil and/or Gas in paying quantities, this agreement shall continue in force so long as any such well is capable of production, and for an additional period of days thereafter; provided, however, if, prior to the expiration of such additional period, one or more of the parties hereto are engaged in drilling, Reworking, Deepening, Sidetracking, Plugging Back, testing or attempting to Complete or Re-complete a well or wells hereunder, this agreement shall continue in force until such operations have been completed and if production results therefrom, this agreement shall continue in force as provided herein. In the event the well described in Article VI.A., or any subsequent well drilled hereunder, results in a dry hole, and no other well is capable of producing Oil and/or Gas from the Contract Area, this agreement shall terminate unless drilling, Deepening, Sidetracking, Completing, Re- completing, Plugging Back or Reworking operations are commenced within days from the date of abandonment of said well. "Abandonment"for such purposes shall mean either (i) a decision by all parties not to conduct any further operations on the well or (ii) the elapse of 180 days from the conduct of any operations on the well, whichever first occurs.~~

The termination of this agreement shall not relieve any party hereto from any expense, liability or other obligation or any remedy therefor which has accrued or attached prior to the date of such termination.

Upon termination of this agreement and the satisfaction of all obligations hereunder, in the event a memorandum of this Operating Agreement has been filed of record, Operator is authorized to file of record in all necessary recording offices a notice of termination, and each party hereto agrees to execute such a notice of termination as to Operator's interest, upon request of Operator, if Operator has satisfied all its financial obligations.

ARTICLE XIV.
COMPLIANCE WITH LAWS AND REGULATIONS

A. Laws, Regulations and Orders:

This agreement shall be subject to the applicable laws of the state in which the Contract Area is located, to the valid rules, regulations, and orders of any duly constituted regulatory body of said state; and to all other applicable federal, state, and local laws, ordinances, rules, regulations and orders.

B. Governing Law:

This agreement and all matters pertaining hereto, including but not limited to matters of performance, non- performance, breach, remedies, procedures, rights, duties, and interpretation or construction, shall be governed and determined by the law of the state in which the Contract Area is located. If the Contract Area is in two or more states, the law of the state of Kansas shall govern.

C. Regulatory Agencies:

Nothing herein contained shall grant, or be construed to grant, Operator the right or authority to waive or release any rights, privileges, or obligations which Non-Operators may have under federal or state laws or under rules, regulations or orders promulgated under such laws in reference to oil, gas and mineral operations, including the location, operation, or production of wells, on tracts offsetting or adjacent to the Contract Area.

With respect to the operations hereunder, Non-Operators agree to release Operator from any and all losses, damages, injuries, claims and causes of action arising out of, incident to or resulting directly or indirectly from Operator's interpretation or application of rules, rulings, regulations or orders of any governmental authority having jurisdiction, including the Environmental Protection Agency, ~~of~~ the Department of Energy or Federal Energy Regulatory Commission or predecessor or successor agencies to the extent such interpretation or application was made in good faith and does not constitute gross negligence. Each Non-Operator further agrees to reimburse Operator for such Non-Operator's share of production or any refund, fine, levy or other governmental sanction that Operator may be required to pay as a result of such an incorrect interpretation or application, together with interest and penalties thereon owing by Operator as a result of such incorrect interpretation or application.

ARTICLE XV.
MISCELLANEOUS

A. Execution:

This agreement shall be binding upon each Non-Operator when this agreement or a counterpart thereof has been executed by such Non-Operator and Operator notwithstanding that this agreement is not then or thereafter executed by all of the parties to which it is tendered or which are listed on Exhibit "A" as owning an interest in the Contract Area or which own, in fact, an interest in the Contract Area. ~~Operator may, however, by written notice to all Non-Operators who have become bound by this agreement as aforesaid, given at any time prior to the actual spud date of the Initial Well but in no event later than five days prior to the date specified in Article VI.A. for commencement of the Initial Well, terminate this agreement if Operator in its sole discretion determines that there is insufficient participation to justify commencement of drilling operations. In the event of such a termination by Operator, all further obligations of the parties hereunder shall cease as of such termination. In the event any Non-Operator has advanced or prepaid any share of drilling or other costs hereunder, all sums so advanced shall be returned to such Non-Operator without interest. In the event Operator proceeds with drilling operations for the Initial Well without the execution hereof by all persons listed on Exhibit "A" as having a current working interest in such well, Operator shall indemnify Non-Operators with respect to all costs incurred for the Initial Well which would have been charged to such person under this agreement if such person had executed the same and Operator shall receive all revenues which would have been received by such person under this agreement if such person had executed the same.~~

B. Successors and Assigns:

This agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, devisees, legal representatives, successors and assigns, and the terms hereof shall be deemed to run with the Leases or Interests included within the Contract Area.

C. Counterparts:

This instrument may be executed in any number of counterparts, each of which shall be considered an original for all purposes.

D. Severability:

For the purposes of assuming or rejecting this agreement as an executory contract pursuant to federal bankruptcy laws, this agreement shall not be severable, but rather must be assumed or rejected in its entirety, and the failure of any party to this agreement to comply with all of its financial obligations provided herein shall be a material default.

ARTICLE XVI.
OTHER PROVISIONS

A. Subsequently Created Interests:

If a Burdened Party elects to abandon any well under the provisions of Article VI.E. or elects to surrender a Lease (or any portion thereof or undivided interest therein) under the provisions of Article VIII.A. and, as a result thereof, becomes obligated to assign all or a portion of such Lease, or any undivided interest therein, to one or more of the other parties, then the interest assigned shall be free and clear of any such Subsequently Created Interest created by the Burdened Party and such Burdened Party shall indemnify, defend and hold harmless the assignees and their respective successors in interest from any and all claims and demands for payment asserted by the owners of the Subsequently Created Interest created by the Burdened Party.

B. Operator Liability:

Notwithstanding anything herein to the contrary and subject to Operator being removed in accordance with Article V.B. and Article XVI.S, in no event shall Operator have any liability as operator for any claim, damage, loss or liability sustained or incurred in connection with any operation or any other operation or activity prescribed or permitted hereunder or any breach of any provision regarding the standard of performance of an operator in performing operations under this agreement, EVEN IF SUCH CLAIM, DAMAGE, LOSS OR LIABILITY AROSE IN WHOLE OR IN PART FROM THE ACTIVE, PASSIVE, SOLE OR CONCURRENT NEGLIGENCE, STRICT LIABILITY OR OTHER FAULT OF OPERATOR OR ANY AFFILIATE OF OPERATOR OR ANY OFFICER, PARTNER, MEMBER, DIRECTOR, AGENT OR EMPLOYEE OF OPERATOR OR ANY AFFILIATE OF OPERATOR, OTHER THAN IF SUCH CLAIM, DAMAGE, LOSS OR LIABILITY AROSE FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF OPERATOR OR ANY AFFILIATE OF OPERATOR; it being understood by each party that any such claim, damage, loss or liability (other than that caused by the gross negligence or willful misconduct of Operator or any affiliate of Operator), shall be borne severally by the parties (including Operator) in proportion to their interests in the operations or activities giving rise to such claim, damage, loss or liability. Operator shall bear sole responsibility on behalf of the other parties to this agreement for any claim, damage, loss or liability to the extent any such claim, damage, loss or liability is caused by or arises out of the gross negligence or willful misconduct of Operator or any affiliate of Operator.

C. Confidentiality:

1. Except as otherwise specifically provided in this Article XVI.C., all information obtained pursuant to this agreement, including all geophysical, geological, and engineering data, well information, and all other records and reports pertaining to the Contract Area or the operations thereon (collectively, the "Confidential Information") shall be the sole and confidential property of the parties receiving it pursuant to this agreement, and the parties agree, and do hereby bind themselves, their successors and assigns, to accept and keep the Confidential Information confidential and for the exclusive use of the parties concerned for the term of this agreement. If any portion of the Confidential Information becomes generally available to the public while this agreement is still in force, and such availability is not a result of a breach of this agreement, then at that time the confidentiality provisions of this Article XVI.C. shall cease to apply to that portion of the Confidential Information that has become generally available to the public.

2. Any party may disclose Confidential Information, without the consent of any other party, (a) to any governmental authority when lawfully required by such governmental authority, (b) to potential and actual lenders, investors, co-investors and financial institutions, (c) to bona fide consultants and accredited engineering firms for the purpose of evaluation on a confidential basis, (d) to third parties with whom a party is engaged in a bona fide effort to sell all or part of its interest in the Contract Area in accordance with this agreement, (e) to third parties with whom a party is engaged in a bona fide effort to (i) effect a merger or consolidation, (ii) sell all or a controlling part of its stock or other equity capital, or (iii) sell all or substantially all of its assets or (f) to an affiliate, director, owner, auditor, employee, member, partner or officer of a party; provided that any third

party who is permitted access to Confidential Information pursuant to provisions (b), (c), (d) or (e) of this paragraph (collectively, the "Permitted Third Parties"), shall agree in writing prior to that access not to communicate such information to anyone and to make no use of such information adverse to the parties hereto during the period of time such information remains confidential hereunder.

3. Except as expressly provided hereunder, Operator makes no representations or warranties, express, statutory or implied, as to the accuracy, quality, or completeness of the Confidential Information. Operator shall not be liable to any other party or to any Permitted Third Party in contract, tort, securities laws or otherwise as a result of such other party's (or such Permitted Third Party's) use or disclosure of the Confidential Information, or errors therein or omissions therefrom. Each party accepts the Confidential Information "as is, where is, with all faults", and agrees that neither it nor any of its affiliates, representatives, owners, successors, or assigns shall rely upon the Confidential Information without first satisfying itself as to, and making independent verification of, the accuracy and completeness of such Confidential Information.

D. Regulatory Filings:

Operator shall use its reasonable efforts to obtain any governmental approvals or permits necessary to carry out operations under this agreement and shall prepare and file, in material compliance with law and other applicable requirements, the notices, reports and applications referred to in Article V.D.6. However, in no event shall Operator have any liability to any Non-Operator in obtaining, making or prosecuting (or failing to obtain, make or prosecute) any such approval, permit, or filing or in rendering (or failing to render) any notice, report or application, absent Operator's gross negligence or willful misconduct. Any penalties incurred as a result of any incorrect filing, notice, report or application shall, in the absence of Operator's gross negligence or willful misconduct, be charged to the parties owning the production to which the penalty pertains in proportion to such ownership.

E. Non-Operator Liability for Site Visits:

Each Non-Operator shall indemnify, defend and hold harmless Operator from and against any and all liability in excess of insurance coverage carried for the joint account for injury to such Non-Operator's officers, employees, invitees and/or agents, resulting from or relating to the presence of any such officers, employees, invitees and/or agents at any well location or production facility on the Contract Area or from any such person's traveling to or from such location or facility, other than any such injury and resulting liability caused by the gross negligence or willful misconduct of Operator.

F. Priority of Operations:

When a well has been authorized under the terms of this agreement and there is more than one operation proposed in connection with said well and all the parties participating in the well cannot agree upon the sequence and timing of further operations regarding the well, the following elections shall control in the order enumerated, as follows:

1. Prior to reaching the objective depth:

   a. drilling a well to its objective depth shall have first priority over all other operations and proposals; and

   b. in the event that impenetrable or other conditions or mechanical difficulties prevent reaching the objective depth, a proposal to Sidetrack in an effort to reach the objective depth shall have priority over a proposal to attempt a Completion in a Zone already reached.

2. After the objective depth has been reached:

   a. an election to do additional logging, coring or testing;

   b. an election to attempt to Complete the well at either the objective depth or objective Zone;

   c. an election to Deepen said well, in ascending order;

   d. an election to Plug Back and attempt to Complete said well, in ascending order;

e. an election to Sidetrack the well; and

f. an election to plug and abandon.

G. Proposing and Participating in Operations:

No party may elect to participate in only part of a proposed operation. When an operation is proposed pursuant to Article VI.B, each non-proposing party must elect either to participate in the entire proposed operation or to go non-consent with respect to the entire proposed operation.

H. Controlling Language:

In the event of any conflict between any provision of this Article XVI. and any other provision of this agreement, the provisions of this Article XVI. shall control and prevail.

I. Preparation of Operating Agreement:

Each Party hereto and its respective counsel participated in the preparation of this agreement. In the event of any ambiguity in this agreement, no presumption shall arise based on the identity of the draftsman of this agreement.

J. Headings for Convenience Only:

The headings and titles in this agreement are for guidance and convenience of reference only and do not limit or otherwise affect or interpret the provisions of this agreement.

K. References:

Each reference made in this agreement to an Article refers to the applicable Article in this agreement, unless the context clearly indicates otherwise. The words “this Article”, refers only to the Article hereof in which those words occur. Each reference made in this agreement to an Exhibit or Schedule refers to the applicable Exhibit or Schedule attached hereto, unless the context clearly indicates otherwise. Each Exhibit and Schedule attached hereto is made a part hereof.

L. Related Definitional Matters:

As used in this agreement, (a) any pronoun in masculine, feminine or neuter gender shall be construed to include all other genders, (b) the term “including” shall be construed to be expansive rather than limiting in nature and to mean “including without limitation”, except where the context expressly otherwise requires, (c) each term defined in this agreement in the singular shall include the plural of that term, and each term defined in this agreement in the plural shall include the singular of that term, and (d) the words “this agreement”, “herein”, “hereby”, “hereunder”, and ‘“hereof”, and words of similar import refer to this agreement as a whole and not to any particular part of this agreement unless the context clearly or expressly provides or indicates otherwise.

M. Consequential Damages:

None of the parties shall be entitled to recover from any other party, or such parties’ respective affiliates (as defined in Exhibit “C”), any indirect, consequential, punitive or exemplary damages arising under or in connection with this agreement or the transactions contemplated hereby, except to the extent any such party suffers such damages (including costs of defense and reasonable attorneys’ fees incurred in connection with defending such damages) to a third party, which damages (including costs of defense and reasonable attorneys’ fees incurred in connection with defending against such damages) shall not be excluded by this provision as to recovery hereunder. Subject to the preceding sentence, each party, on behalf of itself and each of its affiliates (as defined in Exhibit “C”), waives any right to recover punitive, special, exemplary and consequential damages arising in connection with or with respect to this agreement or the transactions contemplated hereby. Notwithstanding anything herein to the contrary, nothing in this agreement shall be construed to limit a party’s recovery of lost profits to the extent such lost profits constitute direct damages. Further, the parties each agree not to assert any claims against the other party for any of the foregoing damages.

N. Severability:

If any term or other provision of this agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any adverse manner to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties shall negotiate in good faith to modify this agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

O. Amendment:

This agreement may be amended only by an instrument in writing executed by all of the parties hereto and expressly identified as an amendment or modification. Notwithstanding the foregoing, the Operator is hereby authorized to revise, modify or supplement Exhibit “A” to this Agreement to evidence any changes in or additions to the Contract Area or the Oil and Gas Interests and/or Oil and Gas Leases forming a part of or covered by the Contract Area (to the extent Operator provides supporting documentation evidencing such changes) and to correct any ministerial errors that the Operator may find from time to time in Exhibit “A”. The provisions of this agreement shall constitute a covenant running with the land and shall remain in full force and effect and be binding upon and inure to the benefit of the parties and their respective permitted successors and assigns, in each case, until this agreement terminates.

P. Memorandum of Operating Agreement:

The parties agree that upon execution of this agreement, the parties will also execute the applicable Memorandum of Operating Agreement in the form set forth in Exhibit “H” hereto for recordation by either party in the ordinary course of business, in the county or counties and the state in which the Contract Area is located.

Q. Adjustments to Contract Area:

In the event any Interest or Lease is assigned pursuant to this agreement, the interests of the parties reflected on Exhibit “A” shall be revised on an acreage basis, effective as of the date of such assignment, to reflect the assignment.

R. Joint Use Agreement:

The parties acknowledge that the parties hereto are also parties to that certain Joint Use Agreement by and among Linn, Berry Petroleum Company, LLC, XTO Energy, Inc., ExxonMobil Oil Corporation, Mobil E&P U.S. Development Corporation, and Exxon Mobil Corporation, effective August 15, 2014 (the “JUA”). The JUA contains certain rights, remedies and obligations of the parties with respect to the Oil and Gas Leases and/or Interests comprising the Contract Area which supplement or modify its rights and obligations hereunder. The parties’ rights and obligations hereunder shall be subject to the JUA, which shall control in the event of conflict between the provisions of the JUA and the provisions of this agreement.

S. Transfer of Operatorship:

1. From and after March 31, 2018, Berry Petroleum Company, LLC (“Berry”) shall have the right to request for itself, an affiliate of Berry or a third party to become Operator for all purposes of this agreement by delivering written notice of such request to Linn Operating, Inc. or Linn Energy Holdings, LLC (“Linn”), which notice shall, (i) to the extent the proposed Operator is a third party, include a certification that such third party is reasonably qualified to operate and develop the Contract Area, and (ii) be delivered not less than 90 days prior to the date on which Berry is proposing the change of Operator to occur. If Berry proposes that it or its affiliate shall become Operator, Linn will be deemed to have approved such request and the relevant entity shall become Operator on the date specified in the written notice. Should Berry propose to appoint a third party as Operator, Linn shall have a period of 15 days to review and approve such request. If Linn approves such request within such 15 day period, or fails to deliver a written notice of disapproval of such request within such 15 day period (in which case Linn shall be deemed to approve such request), then, on the date that is specified in the notice, such third party shall become Operator for all purposes of this agreement without the need for any vote.

During such 90 day period, Linn shall use commercially reasonable efforts to assist in the transition of Berry, its affiliate or the relevant third party to the role of Operator. Linn shall not unreasonably withhold its approval of any request made by Berry for a change of Operator pursuant to this Article XVI.S.1.

2. Notwithstanding any other provision of this agreement to the contrary, if Linn Operating, Inc. or Linn Energy Holdings, LLC sells or transfers (including as part of a Change of Control with respect to Linn) all of its interests under this agreement and/or all of its rights and interests in and to the Contract Area to a third party (any such sale or transfer, a "Linn Exit Event"), then, contemporaneously with such Linn Exit Event, Berry (or its affiliate) shall automatically become Operator hereunder and shall succeed Linn Operating, Inc. (or its assignee or successor, if applicable) as Operator for all purposes of this agreement, without requirement of any vote or further action by the parties. Linn shall deliver written notice to Berry promptly after the execution of any definitive documentation pursuant to which a Linn Exit Event may occur, and the closing of such Linn Exit Event shall not occur less than 30 days after the date that such notice is delivered.

3. Notwithstanding any other provision of this agreement to the contrary, if Berry sells or transfers (including as part of a Change of Control with respect to Berry) all of its interests under this agreement and/or all of its rights and interests in and to the Contract Area to a third party (any such sale or transfer, a "Berry Exit Event"), then, contemporaneously with such Berry Exit Event, Berry's transferee (or such transferee's affiliate) shall automatically become Operator hereunder and shall succeed Linn Operating, Inc. (or its assignee or successor, if applicable) as Operator for all purposes of this agreement, without requirement of any vote or further action by the parties. Berry shall deliver written notice to Linn promptly after the execution of any definitive documentation pursuant to which a Berry Exit Event may occur, and the closing of such Berry Exit Event shall not occur less than 30 days after the date that such notice is delivered.

T. Metering of Production

If a diversity of the working interest ownership in production from the Contract Area occurs as a result of operations by less than all parties pursuant to any provision of this agreement, it is agreed that the oil and other hydrocarbons produced from the well or wells completed by the Consenting Party or Parties shall be separately measured by standard metering equipment to be properly tested periodically for accuracy, and the setting of a separate battery tank will not be required.

U. Additional Definitions:

The term "affiliate" shall mean, with respect to any party, any other person that directly, or indirectly through one or more intermediaries, Controls, is Controlled by, or is under common Control with, such person. outstanding equity interests of the transferee immediately after the transaction; or (c) such party consolidates with, or merges with or into, any third party or any third party consolidates with, or merges with or into, such party, in either case, pursuant to a transaction in which any of such party's outstanding equity interests or the equity interests of such third party is converted into or exchanged for cash, securities or other property (other than pursuant to a transaction in which a party's equity interests outstanding immediately prior to the transaction constitute, or are converted into or exchanged for, a majority of the equity securities of the surviving person immediately after giving effect to such transaction); provided, that for the avoidance of doubt, neither an IPO nor reorganization of a party or any of such party's subsidiaries shall constitute a Change of Control.

V. Operator:

Operator shall carry out all duties and responsibilities under the terms and provisions of this agreement. Each Non-Operator hereby authorizes Operator to carry on its duties as Operator under the terms and provisions of this agreement. Each party hereto covenants and agrees for itself, its successors and assigns, that any sale, assignment, sublease, mortgage, pledge or other instrument affecting the leases and lands subject to this instrument (whether of an operating or non-operating interest or a mortgage, pledge or other security interest) will be made and accepted subject to this instrument. Should a party assign all or part of its interest in the Contract Area subject to this agreement, at such time as the selling party has paid all of its share of joint interest billing costs in accordance with Exhibit "C" current to the effective date of such sale, it shall be deemed that the selling party shall be released from any responsibility for costs thereafter incurred relative to the undivided interest sold; provided, however, to the extent a party retains an undivided interest such party shall continue to be bound by all of the terms and conditions of this agreement applicable to the retained undivided interest. The party acquiring the interest shall be furnished a copy of this agreement and any amendments thereto, and shall expressly agree in writing to be bound by all of its terms and provisions. Any mortgagee, pledgee or person holding only a security interest shall not incur any obligations under this agreement although its rights may be affected or limited hereby, unless and until such mortgagee, pledgee or person holding a security interest acquires legal title to any interests subject to this agreement. In the event of the foreclosure of the mortgage or security interest, any sale will be expressly made and accepted subject to all of the terms and provisions of this agreement.

ARTICLE III.
INTERESTS OF PARTIES

~~A. Oil and Gas Interests:~~

~~If any party owns an Oil and Gas Interest in the Contract Area, that Interest shall be treated for all purposes of this agreement and during the term hereof as if it were covered by the form of Oil and Gas Lease attached hereto as Exhibit "B," and the owner thereof shall be deemed to own both royalty interest in such lease and the interest of the lessee thereunder.~~

B. Interests of Parties in Costs and Production:

Unless changed by other provisions of this agreement, all costs and liabilities incurred in operations under this agreement shall be borne and paid, and all equipment and materials acquired in operations on the Contract Area shall be owned, by the parties as their interests are set forth in Exhibit "A." In the same manner, the parties shall also own all production of Oil and Gas from the Contract Area as their interests are set forth in Exhibit "A" subject, however, to the payment of royalties and other burdens on production as described hereafter.

Regardless of which party has contributed any Oil and Gas Lease or Oil and Gas Interest on which royalty or other burdens may be payable and except as otherwise expressly provided in this agreement, each party shall pay or deliver, or cause to be paid or delivered, all burdens on its share of the production from the Contract Area as of the date of this agreement ~~up to, but not in excess of,~~ and shall indemnify, defend and hold the other parties free from any liability therefor. ~~Except as otherwise expressly provided in this agreement, if any party has contributed hereto any Lease or Interest which is burdened with any royalty, overriding royalty, production payment or other burden on production in excess of the amounts stipulated above, such party so burdened shall assume and alone bear all such excess obligations and shall indemnify, defend and hold the other parties hereto harmless from any and all claims attributable to such excess burden. However, so long as the Drilling Unit for the productive Zone(s) is identical with the Contract Area, each party shall pay or deliver, or cause to be paid or delivered, all burdens on production from the Contract Area due under the terms of the Oil and Gas Lease(s) which such party has contributed to this agreement, and shall indemnify, defend and hold the other parties free from any liability therefor.~~

No party shall ever be responsible, ~~on a price basis higher than the price received by such party,~~ to any other party's lessor or royalty owner for the other party's royalty or other burden on production, and if such other party's lessor or royalty owner should demand and receive settlement ~~on a higher price basis~~ for such burden, the party contributing the affected Lease shall bear the ~~additional~~ royalty or other burden attributable to such settlement ~~higher price~~.

Nothing contained in this Article III.B. shall be deemed an assignment or cross-assignment of interests covered hereby, and in the event two or more parties contribute to this agreement jointly owned Leases, the parties' undivided interests in said Leaseholds shall be deemed separate leasehold interests for the purposes of this agreement.

C. Subsequently Created Interests: See also Article XVI.A.

If any party has contributed hereto a Lease or Interest that is burdened with an assignment of production given as security for the payment of money, or if, after the date of this agreement, any party creates an overriding royalty, production payment, net profits interest, assignment of production or other burden payable out of production attributable to its working interest hereunder, such burden shall be deemed a "Subsequently Created Interest." Further, if any party has contributed hereto a Lease or Interest burdened with an overriding royalty, production payment, net profits interests, or other burden payable out of production created prior to the date of this agreement, and such burden is not shown on Exhibit "A," such burden also shall be deemed a Subsequently Created Interest ~~to the extent such burden causes the burdens on such party's Lease or Interest to exceed the amount stipulated in Article III.B. above~~.

The party whose interest is burdened with the Subsequently Created Interest (the "Burdened Party") shall assume and alone bear, pay and discharge the Subsequently Created Interest and shall indemnify, defend and hold harmless the other parties from and against any liability therefor. Further, if the Burdened Party fails to pay, when due, its share of expenses chargeable hereunder, all provisions of Article VII.B. shall be enforceable against the Subsequently Created Interest in the same manner as they are enforceable against the working interest of the Burdened Party. If the Burdened Party is required under this agreement to assign or relinquish to any other party, or parties, all or a portion of its working interest and/or the production attributable thereto, said other party, or parties, shall receive said assignment and/or production free and clear of said Subsequently Created Interest, and the Burdened Party shall indemnify, defend and hold harmless said other party, or parties, from any and all claims and demands for payment asserted by owners of the Subsequently Created Interest.

ARTICLE IV.
TITLES

A. Title Examination:

Title examination (which may include title opinions and/or run sheets, in accordance with past practice) shall be made on the Drillsite of any proposed well prior to commencement of drilling operations in accordance with this Article IV.A. and, if ~~a majority in interest of the Drilling Parties so request or~~ Operator so elects, title examination (which may include title opinions and/or run sheets, in accordance with past practice) shall be made on the entire Drilling Unit or any portion thereof, or maximum anticipated Drilling Unit or any portion thereof, of the well. The opinion (or run sheet, as applicable) will include the ownership of the working interest, minerals, royalty, overriding royalty and production payments under the applicable Leases. Each party contributing Leases and/or Oil and Gas Interests to be included in the Drillsite or Drilling Unit, if appropriate, shall furnish to Operator all abstracts (including federal lease status reports), title opinions, title papers and curative material in its possession free of charge. All such information not in the possession of or made available to Operator by the parties, but necessary for the examination of the title, shall be obtained by Operator. Operator shall cause title to be examined by attorneys on its staff or by outside attorneys and field landmen. Copies of all title opinions (or run sheets, if applicable) shall be furnished to each Drilling Party. Costs incurred by Operator in procuring abstracts, fees paid outside attorneys and field landmen for title examination (including preliminary, supplemental, shut-in royalty opinions and division order title opinions) and other direct charges as provided in Exhibit "C" shall be borne by the Drilling Parties in the proportion that the interest of each Drilling Party bears to the total interest of all Drilling Parties as such interests appear in Exhibit "A." Operator shall make no charge for services rendered by its staff attorneys or other personnel in the performance of the above functions.

Each party shall be responsible for securing curative matter and pooling amendments or agreements required in connection with Leases or Oil and Gas Interests contributed by such party. Operator shall be responsible for the preparation and recording of pooling designations or declarations and communitization agreements as well as the conduct of hearings before governmental agencies for the securing of spacing or pooling orders or any other orders or approvals necessary or appropriate to the conduct of operations hereunder. This shall not prevent any party from appearing on its own behalf at such hearings. Costs incurred by Operator, including fees paid to outside attorneys, which are associated with hearings before governmental agencies, and which costs are necessary and proper for the activities contemplated under this agreement, shall be direct charges to the joint account and shall not be covered by the administrative overhead charges as provided in Exhibit "C."

Operator shall make no charge for services rendered by its staff attorneys or other personnel in the performance of the above functions.

No well shall be drilled on the Contract Area until after (1) the title to the Drillsite or Drilling Unit, if appropriate, has been examined as above provided, and (2) the title has been approved by Operator ~~the examining attorney or title has been accepted by all of the Drilling Parties in such well~~.

B. Loss or Failure of Title:

~~1. Failure of Title: Should any Oil and Gas Interest or Oil and Gas Lease be lost through failure of title, which results in a reduction of interest from that shown on Exhibit "A," the party credited with contributing the affected Lease or Interest (including, if applicable, a successor in interest to such party) shall have ninety (90) days from final determination of title failure to acquire a new lease or other instrument curing the entirety of the title failure, which acquisition will not be subject to Article VIII.B., and failing to do so, this agreement, nevertheless, shall continue in force as to all remaining Oil and Gas Leases and Interests; and,~~

~~(a) The party credited with contributing the Oil and Gas Lease or Interest affected by the title failure (including, if applicable, a successor in interest to such party) shall bear alone the entire loss and it shall not be entitled to recover from Operator or the other parties any development or operating costs which it may have previously paid or incurred, but there shall be no additional liability on its part to the other parties hereto by reason of such title failure;~~

~~(b) There shall be no retroactive adjustment of expenses incurred or revenues received from the operation of the Lease or Interest which has failed, but the interests of the parties contained on Exhibit "A" shall be revised on an acreage basis, as of the time it is determined finally that title failure has occurred, so that the interest of the party whose Lease or Interest is affected by the title failure will thereafter be reduced in the Contract Area by the amount of the Lease or Interest failed;~~

(c) If the proportionate interest of the other parties hereto in any producing well previously drilled on the Contract Area is increased by reason of the title failure, the party who bore the costs incurred in connection with such well attributable to the Lease or Interest which has failed shall receive the proceeds attributable to the increase in such interest (less costs and burdens attributable thereto) until it has been reimbursed for unrecovered costs paid by it in connection with such well attributable to such failed Lease or Interest;

(d) Should any person not a party to this agreement, who is determined to be the owner of any Lease or Interest which has failed, pay in any manner any part of the cost of operation, development, or equipment, such amount shall be paid to the party or parties who bore the costs which are so refunded;

(e) Any liability to account to a person not a party to this agreement for prior production of Oil and Gas which arises by reason of title failure shall be borne severally by each party (including a predecessor to a current party) who received production for which such accounting is required based on the amount of such production received, and each such party shall severally indemnify, defend and hold harmless all other parties hereto for any such liability to account;

(f) No charge shall be made to the joint account for legal expenses, fees or salaries in connection with the defense of the Lease or Interest claimed to have failed, but if the party contributing such Lease or Interest hereto elects to defend its title it shall bear all expenses in connection therewith; and

(g) If any party is given credit on Exhibit "A" to a Lease or Interest which is limited solely to ownership of an interest in the wellbore of any well or wells and the production therefrom, such party's absence of interest in the remainder of the Contract Area shall be considered a Failure of Title as to such remaining Contract Area unless that absence of interest is reflected on Exhibit "A."

2. Loss by Non-Payment or Erroneous Payment of Amount Due: If, through mistake or oversight, any rental, shut-in well payment, minimum royalty or royalty payment, or other payment necessary to maintain all or a portion of an Oil and Gas Lease or interest is not paid or is erroneously paid, and as a result a Lease or Interest terminates, there shall be no monetary liability against the party who failed to make such payment. Unless the party who failed to make the required payment secures a new Lease or Interest covering the same interest within ninety (90) days from the discovery of the failure to make proper payment, which acquisition will not be subject to Article VIII.B., the interests of the parties reflected on Exhibit "A" shall be revised on an acreage basis, effective as of the date of termination of the Lease or Interest involved, and the party who failed to make proper payment will no longer be credited with an interest in the Contract Area on account of ownership of the Lease or Interest which has terminated. If the party who failed to make the required payment shall not have been fully reimbursed, at the time of the loss, from the proceeds of the sale of Oil and Gas attributable to the lost Lease or Interest, calculated on an acreage basis, for the development and operating costs previously paid on account of such Lease or Interest, it shall be reimbursed for unrecovered actual costs previously paid by it (but not for its share of the cost of any dry hole previously drilled or wells previously abandoned) from so much of the following as is necessary to effect reimbursement:

(a) Proceeds of Oil and Gas produced prior to termination of the Lease or Interest, less operating expenses and lease burdens chargeable hereunder to the person who failed to make payment, previously accrued to the credit of the lost Lease or Interest, on an acreage basis, up to the amount of unrecovered costs;

(b) Proceeds of Oil and Gas, less operating expenses and lease burdens chargeable hereunder to the person who failed to make payment, up to the amount of unrecovered costs attributable to that portion of Oil and Gas thereafter produced and marketed (excluding production from any wells thereafter drilled) which, in the absence of such Lease or Interest termination, would be attributable to the lost Lease or Interest on an acreage basis and which as a result of such Lease or Interest termination is credited to other parties, the proceeds of said portion of the Oil and Gas to be contributed by the other parties in proportion to their respective interests reflected on Exhibit "A"; and,

(c) Any monies, up to the amount of unrecovered costs, that may be paid by any party who is, or becomes, the owner of the Lease or Interest lost, for the privilege of participating in the Contract Area or becoming a party to this agreement.

3. Other Losses: All losses of Leases or Interests committed to this agreement, other than those set forth in Articles IV.B.1. and IV.B.2. above, shall be joint losses and shall be borne by all parties in proportion to their respective interests shown on Exhibit "A." This Such joint losses shall include but not be limited to the loss of any Lease or Interest through failure to develop or because express or implied covenants have not been performed (other than performance which requires only the payment of money), and the loss of any Lease by expiration at the end of its primary term if it is not renewed or extended. There shall be no readjustment of interests in the remaining portion of the Contract Area on account of any joint loss.

4. Curing Title: In the event of a Failure of Title under Article IV.B.1. or a loss of title under Article IV.B.2. above, any Lease or Interest acquired by any party hereto (other than the party whose interest has failed or was lost) during the ninety (90) day period provided by Article IV.B.1. and Article IV.B.2. above covering all or a portion of the interest that has failed or was lost shall be offered at cost to the party whose interest has failed or was lost, and the provisions of Article VIII.B. shall not apply to such acquisition.

ARTICLE V.
OPERATOR

A. Designation and Responsibilities of Operator:

Berry Petroleum Company, LLC shall be the Operator of the Contract Area, and shall conduct and direct and have full control of all operations on the Contract Area as permitted and required by, and within the limits of this agreement. In its performance of services hereunder for the Non-Operators, Operator shall be an independent contractor not subject to the control or direction of the Non-Operators except as to the type of operation to be undertaken in accordance with the election procedures contained in this agreement. Operator shall not be deemed, or hold itself out as, the agent of the Non-Operators with authority to bind them to any obligation or liability assumed or incurred by Operator as to any third party. Operator shall conduct its activities under this agreement as a reasonable prudent operator, in a good and workmanlike manner, with due diligence and dispatch, in accordance with good oilfield practice, and in compliance with applicable law and regulation, but in no event shall it have any liability as Operator to the other parties or any of their respective officers, employees, or agents for any claims, whether or not due to the negligence of Operator ~~for losses sustained or liabilities incurred~~ except such as may result from gross negligence or willful misconduct of the Operator .. See also Article XVI.B.

B. Resignation or Removal of Operator and Selection of Successor: See also Article XVI.S

1. Resignation or Removal of Operator: Operator may resign at any time by giving written notice thereof to Non-Operators. If Operator terminates its legal existence, or Operator or one of its affiliates, ~~no~~ no longer owns an interest hereunder in the Contract Area, or is no longer reasonably capable of serving as Operator, Operator shall be deemed to have resigned without any action by Non-Operators, except the selection of a successor. Operator may be removed only for good cause by the affirmative vote of Non-Operators owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding the voting interest of Operator; such vote shall not be deemed effective until a written notice has been delivered to the Operator by a Non-Operator detailing the alleged default and Operator has failed to cure the default within thirty (30) days from its receipt of the notice or, if the default concerns an operation then being conducted, within forty-eight (48) hours of its receipt of the notice. For purposes hereof, "good cause" shall mean not only gross negligence or willful misconduct but also the material breach of or inability to meet the standards of operation contained in Article V.A. or material failure or inability to perform its obligations under this agreement.

~~Subject to Article VII.D.1., s~~Such resignation or removal shall not become effective until 7:00 o'clock A.M. on the first day of the calendar month following the expiration of ninety (90) days after the giving of notice of resignation by Operator or action by the Non-Operators to remove Operator, unless a successor Operator has been selected and assumes the duties of Operator at an earlier date. Operator, after the effective date of resignation or removal, shall be bound by the terms hereof as a Non-Operator. A change of a corporate name or structure of Operator or transfer of Operator's interest to any single affiliate, subsidiary, parent or successor corporation shall not be the basis for removal of Operator.

2. Selection of Successor Operator: Upon the resignation or removal of Operator under any provision of this agreement, a successor Operator shall be selected by the parties. The successor Operator shall be selected from the parties owning an interest in the Contract Area at the time such successor Operator is selected. The successor Operator shall be selected by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A"; provided, however, if an Operator which has been removed or is deemed to have resigned fails to vote or votes only to succeed itself, the successor Operator shall be selected by the affirmative vote of the party or parties owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding ~~the~~ any remaining voting interest of the Operator that was removed or resigned and the interest of its affiliates; and provided further that the requirement of two (2) or more parties shall not apply in the event that only one (1) party is entitled to vote. The former Operator shall promptly deliver to the successor Operator all records and data relating to the operations conducted by the former Operator to the extent such records and data are not already in the possession of the successor operator. Any cost of obtaining or copying the former Operator's records and data shall be charged to the joint account.

3. Effect of Bankruptcy: If Operator becomes insolvent, bankrupt or is placed in receivership, it shall be deemed to have resigned without any action by Non-Operators, except the selection of a successor. If a petition for relief under the federal bankruptcy laws is filed by or against Operator, and the removal of Operator is prevented by the federal bankruptcy court, all Non-Operators and Operator shall comprise an interim operating committee to serve until Operator has elected to reject or assume this agreement pursuant to the Bankruptcy Code, and an election to reject this agreement by Operator as a debtor in possession, or by a trustee in bankruptcy, shall be deemed a resignation as Operator without any action by Non-Operators, except the selection of a successor. ~~During the period of time the operating committee controls operations, all actions shall require the approval of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A." In the event there are only two (2) parties to this agreement, during the period of time the operating committee controls operations, a third party acceptable to Operator, Non-Operator and the federal bankruptcy court shall be selected as a member of the operating committee, and all actions shall require the approval of two (2) members of the operating committee without regard for their interest in the Contract Area based on Exhibit "A."~~

C. Employees and Contractors:

The number of employees or contractors used by Operator in conducting operations hereunder, their selection, and the hours of labor and the compensation for services performed shall be determined by Operator, and all such employees or contractors shall be the employees or contractors of Operator.

D. Rights and Duties of Operator:

1. Competitive Rates and Use of Affiliates: All ~~wells drilled on~~ operations conducted in the Contract Area shall be ~~drilled~~ conducted on a competitive contract basis at the usual rates prevailing in the area. If it so desires, Operator may employ its own tools and equipment in ~~the drilling of wells~~ conducting such operations, but its charges therefor shall not exceed the prevailing rates in the area and the rate of such charges shall be agreed upon by the parties in writing before drilling operations are commenced, and such work shall be performed by Operator under the ~~same~~ terms and conditions as are customary , competitive and usual in the area in contracts of independent contractors who are doing work of a similar nature. 2. Discharge of Joint Account Obligations: Except as herein otherwise specifically provided, Operator shall promptly pay and discharge expenses incurred in the development and operation of the Contract Area pursuant to this agreement and shall charge each of the parties hereto with their respective

3. Protection from Liens: Operator shall pay, or cause to be paid, as and when they become due and payable, all accounts of contractors and suppliers and wages and salaries for services rendered or performed, and for materials supplied on, to or in respect of the Contract Area or any operations for the joint account thereof, and shall keep the Contract Area free from liens and encumbrances resulting therefrom except for those resulting from a bona fide dispute as to services rendered or materials supplied.

4. Custody of Funds: Operator shall hold for the account of the Non-Operators any funds of the Non-Operators advanced or paid to the Operator, either for the conduct of operations hereunder or as a result of the sale of production from the Contract Area, and such funds shall remain the funds of the Non-Operators on whose account they are advanced or paid until used for their intended purpose or otherwise delivered to the Non-Operators or applied toward the payment of debts as provided in Article VII.B. Nothing in this paragraph shall be construed to establish a fiduciary relationship between Operator and Non-Operators for any purpose other than to account for Non-Operator funds as herein specifically provided. Nothing in this paragraph shall require the maintenance by Operator of separate accounts for the funds of Non-Operators unless the parties otherwise specifically agree.

5. Access to Contract Area and Records: Operator shall, except as otherwise provided herein, permit each Non-Operator or its duly authorized representative, at the Non-Operator's sole risk and cost, full and free access at all reasonable times to all operations of every kind and character being conducted for the joint account on the Contract Area and to the records of operations conducted thereon or production therefrom, including Operator's books and records relating thereto. Such access rights shall not be exercised in a manner interfering with Operator's conduct of an operation hereunder and shall not obligate Operator to furnish any geologic or geophysical data of an interpretive nature unless the cost of preparation of such interpretive data was charged to the joint account. Operator will furnish to each Non-Operator upon request copies of any and all reports and information obtained by Operator in connection with production and related items, including, without limitation, meter and chart reports, production purchaser statements, run tickets and monthly gauge reports, but excluding purchase contracts and pricing information to the extent not applicable to the production of the Non-Operator seeking the information. Any audit of Operator's records relating to amounts expended and the appropriateness of such expenditures shall be conducted in accordance with the audit protocol specified in Exhibit "C."

6. Filing and Furnishing Governmental Reports: Operator will file, and upon written request promptly furnish copies to each requesting Non-Operator not in default of its payment obligations, all operational notices, reports or applications required to be filed by local, State, Federal or Indian agencies or authorities having jurisdiction over operations hereunder. Each Non-Operator shall provide to Operator on a timely basis all information necessary to Operator to make such filings.

7. Drilling and Testing Operations: The following provisions shall apply to each well drilled, Sidetracked, Deepened, Completed, Recompleted or Plugged Back hereunder~~, including but not limited to the Initial Well~~:

(a) Operator will promptly advise Non-Operators of the date on which the well is spudded, or the date on which drilling operations are commenced.

(b) Operator will send to Non-Operators such reports, test results and notices regarding the progress of operations on the well ~~as the Non-Operators shall reasonably request~~, including, but not limited to, daily drilling reports, completion reports, and well logs.

(c) Operator shall adequately test the objective Zone and may test any other ~~all~~ Zones encountered within the Contract Area which may reasonably be expected to be capable of producing Oil and Gas in paying quantities as a result of examination of the electric log or any other logs or cores or tests conducted hereunder.

8. Cost Estimates: Upon request of any ~~Consenting Party~~Non-Operator, Operator shall furnish estimates of current and cumulative costs incurred for the joint account at reasonable intervals during the conduct of any operation pursuant to this agreement. Operator shall not be held liable for errors in such estimates so long as the estimates are made in good faith.

9. Insurance: At all times while operations are conducted hereunder, Operator shall comply with the workers compensation law of the state where the operations are being conducted; provided, however, that Operator may be a self- insurer for liability under said compensation laws in which event the only charge that shall be made to the joint account shall be as provided in Exhibit "C." Operator shall also carry or provide insurance for the benefit of the joint account of the parties as outlined in Exhibit "D" attached hereto and made a part hereof. Operator shall require all contractors (and shall use commercially reasonable efforts to require their subcontractors) engaged in work on or for the Contract Area to comply with the workers compensation law of the state where the operations are being conducted and to maintain such other insurance as Operator may require.

In the event automobile liability insurance is specified in said Exhibit "D," or subsequently receives the approval of the parties, no direct charge shall be made by Operator for premiums paid for such insurance for Operator's automotive equipment.

ARTICLE VI.
DRILLING AND DEVELOPMENT

A. Initial Well:

a. Save and to the extent amended pursuant to paragraphs (b) **to** (d) below, attached hereto as Annex I is the agreed development plan and budget for all operations to be conducted by Operator in the Contract Area between the date of this agreement and May 31, 2018 (the "Initial Well and Facility Program").

b. To the extent the Spot Price of WTI crude:

i. falls below US $45 per barrel; or

ii. rises above US $65 per barrel,

in either case, for a continuous period of thirty (30) or more days during the effective period of the Initial Well and Facility Program, any party may request a meeting of the Operating Committee (as defined in paragraph (c) below) by giving not less than ten (10) days' written notice to the other parties hereto, which notice shall include such proposed amendments to the Initial Well and Facility Program as such party deems reasonable taking into account the relevant deviations in pricing. Upon receipt of such request, Operator shall call a meeting of the Operating Committee for a date not less than ten (10) days nor more than fifteen (15) days after receipt of such request. "Spot Price", with respect to any day, shall mean the average of the highest and lowest daily quotations for WTI crude oil published with respect to such day in Platts. "Platts" means the Crude Oil Marketwire published by McGraw-Hill Companies on a daily basis.

c. Following receipt of notice contemplated by paragraph (b) above, each party shall appoint one representative and one alternate representative to serve on an operating committee, which shall be formed solely for the purpose of agreeing amendments to the Initial Well and Facility Program (the "Operating Committee"). Each party shall appoint its initial representative and alternate representative by written notice to the other party prior to the first meeting of the Operating Committee. All actions of a party taken with respect to the Operating Committee shall be taken through such party's representative or alternate representative, as applicable. Each party shall have the right to change its representative and alternate representative at any time by delivering written notice of such change to the other party. The representative of a party (or, in his absence, his alternate representative) is hereby authorized to represent and bind such party with respect to agreeing any amendments to the Initial Well and Facility Program properly brought before the Operating Committee. In addition to its representative and alternate representative, each party may bring to any Operating Committee meeting such advisors as it may deem appropriate. Each Operating Committee meeting may be held by teleconference or videoconference or at such other location as the parties mutually agree in advance of such meeting.

d. At any meeting called in relation to the Initial Well and Facility Program, the Operating Committee shall negotiate in good faith to unanimously agree on any amendments to be made to the Initial Well and Facility Program to govern operations on the Contract Area until May 31, 2018, *provided* that if no such amendments are unanimously approved, then the then-applicable Initial Well and Facility Program shall continue to apply for such period. Should the Operating Committee unanimously approve amendments thereto, the Initial Well and Facility Program (as amended) shall apply to all operations on the Contract Area from the date designated in such amendment until May 31, 2018.

~~On or before the _____ day of _____, _____, Operator shall commence the drilling of the Initial Well at the following location:~~

~~and shall thereafter continue the drilling of the well with due diligence to~~

~~The drilling of the Initial Well and the participation therein by all parties is obligatory, subject to Article VI.C.1. as to participation in Completion operations and Article VI.F. as to termination of operations and Article XI as to occurrence of force majeure.~~

B. Subsequent Operations: See also Articles XVI.F. & XVI.Q.

1. Proposed Operations: If Designated Operator ~~any party hereto~~ should desire to conduct any Subsequent Well and Facility Program ~~drill any well~~ on the Contract Area ~~other than the Initial Well~~, or ~~if~~ after the expiration of the Initial Well and Facility Program, if Designated Operator ~~any party~~ should desire to Rework, Sidetrack, Deepen, Recomplete or Plug Back ~~a dry hole or~~ a well no longer capable of producing in paying quantities ~~in which such party has not otherwise relinquished its interest in the proposed objective Zone under this agreement, the party desiring to drill, Rework, Sidetrack, Deepen, Recomplete or Plug Back such a well~~ Designated Operator shall give ~~written~~ a written Subsequent Well and Facility Program to the other parties or, in the case of a proposed operation to Rework, Sidetrack, Deepen, Recomplete or Plug Back a well, notice of the proposed operation to the parties who have not otherwise relinquished their interest in ~~such~~ the applicable objective Zone

~~under this agreement and to all other parties in the case of a proposal for Sidetracking or Deepening,~~ specifying the work to be performed, the location, proposed depth, objective Zone and the estimated cost of the operation. The parties to whom such a notice is delivered shall have thirty (30) days after receipt of the notice within which to notify Designated Operator ~~the party proposing to do the work~~ whether they elect to participate in the cost of the proposed operation. If a drilling rig is on location, notice of a proposal to Rework, Sidetrack, Recomplete, Plug Back or Deepen may be given by telephone and the response period shall be limited to forty- eight (48) hours, exclusive of Saturday, Sunday and legal holidays. Failure of a party to whom such notice is delivered to reply within the period above fixed shall constitute an election by that party not to participate in the cost of the proposed operation. ~~Any proposal by a party to conduct an operation conflicting with the operation initially proposed shall be delivered to all parties within the time and in the manner provided in Article VI.B.6.~~

If all parties to whom such notice is delivered elect to participate in such a proposed operation, the parties shall be contractually committed to participate therein provided such operations are commenced within the time period hereafter set forth, and Operator shall, no later than ninety (90) days after expiration of the notice period of thirty (30) days (or as promptly as practicable after the expiration of the forty-eight (48) hour period when a drilling rig is on location, as the case may be), actually commence the proposed operation and thereafter complete it with due diligence at the risk and expense of the parties participating therein; provided, however that, except in cases where a drilling rig is on location, said commencement date may be extended upon written notice of same by Designated Operator to the other parties, for a period of up to thirty (30) additional days if, in the sole opinion of Designated Operator, such additional time is reasonably necessary to obtain permits from governmental authorities, surface rights (including rights-of- way) or appropriate drilling equipment, or to complete title examination or curative matter required for title approval or acceptance. If the actual operation has not been commenced within the time provided (including any extension thereof as specifically permitted herein or in the force majeure provisions of Article XI) and if Designated Operator ~~if any party hereto~~ still desires to conduct said operation, written notice proposing same must be resubmitted to the other parties in accordance herewith as if no prior proposal had been made. ~~Those parties that did not participate in the drilling of a well for which a proposal to Deepen or Sidetrack is made hereunder shall, if such parties desire to participate in the proposed Deepening or Sidetracking operation, reimburse the Drilling Parties in accordance with Article VI.B.4. in the event of a Deepening operation and in accordance with Article VI.B.5. in the event of a Sidetracking operation.~~

2. Operations by Less Than All Parties:

(a) Determination of Participation. If any party to whom such notice is delivered as provided in Article VI.B.1. ~~or VI.C.1. (Option No. 2)~~ elects not to participate in the proposed operation, then, in order to be entitled to the benefits of this Article, ~~the party or parties giving the notice~~ Operator and such other parties as shall elect to participate in the operation shall, no later than ninety (90) days after the expiration of the notice period of thirty (30) days (or as promptly as practicable after the expiration of the forty-eight (48) hour period when a drilling rig is on location, as the case may be) actually commence the proposed operation and complete it with due diligence. Operator shall perform all work for the account of the Consenting Parties~~; provided, however, if no drilling rig or other equipment is on location, and if Operator is a Non-Consenting Party, the Consenting Parties shall either: (i) request Operator to perform the work required by such proposed operation for the account of the Consenting Parties, or (ii) designate one of the Consenting Parties as Operator to perform such work. The rights and duties granted to and imposed upon the Operator under this agreement are granted to and imposed upon the party designated as Operator for an operation in which the original Operator is a Non-Consenting Party. Consenting Parties, when conducting operations on the Contract Area pursuant to this Article VI.B.2., shall comply with all terms and conditions of this agreement~~.

If less than all parties approve any proposed operation, Designated Operator ~~the proposing party~~, immediately after the expiration of the applicable notice period, shall advise all Parties of the total interest of the parties approving such operation and its recommendation as to whether the Consenting Parties should proceed with the operation as proposed. Each Consenting Party, within forty-eight (48) hours (exclusive of Saturday, Sunday, and legal holidays) after delivery of such notice, shall advise Designated Operator ~~the proposing party~~ of its desire to (i) limit participation to such party's interest as shown on Exhibit "A" or (ii) carry only its proportionate part (determined by dividing such party's interest in the Contract Area by the interests of all Consenting Parties in the Contract Area) of Non-Consenting Parties' interests, or (iii) carry its proportionate part (determined as provided in (ii)) of Non-Consenting Parties' interests together with all or a portion of its proportionate part of any Non-Consenting Parties' interests that any Consenting Party did not elect to take. Any interest of Non-Consenting Parties that is not carried by a Consenting Party shall be deemed to be carried by Designated Operator ~~the party proposing the operation~~ if Designated Operator ~~such party~~ does not withdraw its proposal. Failure to advise ~~the proposing party~~ Designated Operator within the time required shall be deemed an election under (i) of this paragraph. In the event a drilling rig is on location, notice may be given by telephone, and the time permitted for such a response shall not exceed a total of forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays). Designated Operator ~~The proposing party~~, at its election, may withdraw such proposal if there is less than 100% participation and shall notify all parties of such decision within ten (10) days, or within twenty-four (24) hours if a drilling rig is on location, following expiration of the applicable response period. If 100% subscription to the proposed operation is obtained, Designated Operator ~~the proposing party~~ shall promptly notify the Consenting Parties of their proportionate interests in the operation and ~~the party serving as~~ Operator shall commence such operation within the period provided in Article VI.B.1., subject to the same extension right as provided therein.

(b) Relinquishment of Interest for Non-Participation. The entire cost and risk of conducting such operations shall be borne by the Consenting Parties in the proportions they have elected to bear same under the terms of the preceding paragraph. Consenting Parties shall keep the leasehold estates involved in such operations free and clear of all liens and encumbrances of every kind created by or arising from the operations of the Consenting Parties. If such an operation results in a dry hole, then subject to Article~~s VI.B.6. and~~ VI.E.3., the Consenting Parties shall plug and abandon the well and restore the surface location at their sole cost, risk and expense; provided, however, that those Non-Consenting Parties that participated in the drilling, Deepening or Sidetracking of the well shall remain liable for, and shall pay, their proportionate shares of the cost of plugging and abandoning the well and restoring the surface location insofar only as those costs were not increased by the subsequent operations of the Consenting Parties. If any well drilled, Reworked, Sidetracked, Deepened, Recompleted or Plugged Back under the provisions of this Article results in a well capable of producing Oil and/or Gas in paying quantities, the Consenting Parties shall Complete and equip the well to produce at their sole cost and risk, and the well ~~shall then be turned over to Operator (if the Operator did not conduct the operation) and~~ shall be operated by Operator ~~it~~ at the expense and for the account of the Consenting Parties. Upon commencement of operations under a Subsequent Well and Facility Program or for the drilling, Reworking, Sidetracking, Recompleting, Deepening or Plugging Back of any such well by Consenting Parties in accordance with the provisions of this Article, each Non-Consenting Party shall be deemed to have relinquished to Consenting Parties, and the Consenting Parties shall own and be entitled to receive, in proportion to their respective interests, all of such Non-Consenting Party's interest in each well included in the Subsequent Well and Facility Program ~~the well~~ and share of production therefrom ~~or, in the case of a Reworking, Sidetracking,~~

~~Deepening, Recompleting or Plugging Back, or a Completion pursuant to Article VI.C.1. Option No. 2, all of such Non- Consenting Party's interest in the production obtained from the operation in which the Non-Consenting Party did not elect to participate~~. Such relinquishment shall be effective until the proceeds of the sale of such share, calculated at the well, or market value thereof if such share is not sold (after deducting applicable ad valorem, production, severance, and excise taxes, royalty, overriding royalty and other interests not excepted by Article III.C. payable out of or measured by the production from each well included in the Subsequent Well and Facility Program ~~such well~~ accruing with respect to such interest until it reverts), shall equal the total of the following:

(i) 300 % of each such Non-Consenting Party's share of the cost of any newly acquired surface equipment beyond the wellhead connections (including but not limited to stock tanks, separators, treaters, pumping equipment and piping), plus 100% of each such Non-Consenting Party's share of the cost of operation of the wells included in the Subsequent Well and Facility Program ~~well~~ commencing with first production and continuing until each such Non-Consenting Party's relinquished interest shall revert to it under other provisions of this Article, it being agreed that each Non-Consenting Party's share of such costs and equipment will be that interest which would have been chargeable to such Non-Consenting Party had it participated in the Subsequent Well and Facility Program ~~well~~ from the beginning of the operations; and

(ii) 500 % of (a) that portion of the costs and expenses of drilling, Reworking, Sidetracking, Deepening, Plugging Back, testing, Completing, and Recompleting, after deducting any cash contributions received under Article VIII.C., and of (b) that portion of the cost of newly acquired equipment in the wells included in the Subsequent Well and Facility Program ~~well~~ (to and including the wellhead connections), which would have been chargeable to such Non-Consenting Party if it had participated therein.

~~Notwithstanding anything to the contrary in this Article VI.B., if the well does not reach the deepest objective Zone described in the notice proposing the well for reasons other than the encountering of granite or practically impenetrable substance or other condition in the hole rendering further operations impracticable, Operator shall give notice thereof to each Non-Consenting Party who submitted or voted for an alternative proposal under Article VI.B.6. to drill the well to a shallower Zone than the deepest objective Zone proposed in the notice under which the well was drilled, and each such Non-Consenting Party shall have the option to participate in the initial proposed Completion of the well by paying its share of the cost of drilling the well to its actual depth, calculated in the manner provided in Article VI.B.4. (a). If any such Non- Consenting Party does not elect to participate in the first Completion proposed for such well, the relinquishment provisions of this Article VI.B.2. (b) shall apply to such party's interest.~~

(c) Reworking, Recompleting or Plugging Back. An election not to participate in a Subsequent Well and Facility Program ~~the drilling, Sidetracking or Deepening of a well~~ shall be deemed an election not to participate in any Reworking or Plugging Back operation proposed in ~~such a~~ any well drilled under such Subsequent Well and Facility Program, or portion thereof, to which the initial non-consent election applied that is conducted at any time prior to full recovery by the Consenting Parties of the Non-Consenting Party's recoupment amount. Similarly, an election not to participate in the ~~Completing or~~ Recompleting of a well drilled under a Subsequent Well and Facility Program shall be deemed an election not to participate in any Reworking operation proposed in such a well, or portion thereof, to which the initial non-consent election applied that is conducted at any time prior to full recovery by the Consenting Parties of the Non-Consenting Party's recoupment amount. Any such Reworking, Recompleting or Plugging Back operation conducted during the recoupment period shall be deemed part of the cost of operation of said well and there shall be added to the sums to be recouped by the Consenting Parties 300% of that portion of the costs of the Reworking, Recompleting or Plugging Back operation which would have been chargeable to such Non-Consenting Party had it participated therein. If such a Reworking, Recompleting or Plugging Back operation is proposed during such recoupment period, the provisions of this Article VI.B. shall be applicable as between said Consenting Parties in said well.

(d) Recoupment Matters. During the period of time Consenting Parties are entitled to receive Non-Consenting Party's share of production, or the proceeds therefrom, Consenting Parties shall be responsible for the payment of all ad valorem, production, severance, excise, gathering and other taxes, and all royalty, overriding royalty and other burdens applicable to Non-Consenting Party's share of production not excepted by Article III.C.

In the case of any Reworking, Sidetracking, Plugging Back, Recompleting or Deepening operation, the Consenting Parties shall be permitted to use, free of cost, all casing, tubing and other equipment in the well, but the ownership of all such equipment shall remain unchanged; and upon abandonment of a well after such Reworking, Sidetracking, Plugging Back, Recompleting or Deepening, the Consenting Parties shall account for all such equipment to the owners thereof, with each party receiving its proportionate part in kind or in value, less cost of salvage.

Within ninety (90) days after the completion of any operation under this Article, Operator ~~the party conducting the operations for the Consenting Parties~~ shall furnish each Non-Consenting Party with an inventory of the equipment in and connected to the well(s), and an itemized statement of the cost of drilling, Sidetracking, Deepening, Plugging Back, testing, Completing, Recompleting, and equipping the well(s) for production; or, at its option, the operating party, in lieu of an itemized statement of such costs of operation, may submit a detailed statement of monthly billings. Each month thereafter, during the time the Consenting Parties are being reimbursed as provided above, Operator ~~the party conducting the operations for the Consenting Parties~~ shall furnish the Non-Consenting Parties with an itemized statement of all costs and liabilities incurred in the operation of the well(s), together with a statement of the quantity of Oil and Gas produced from it and the amount of proceeds realized from the sale of the well's working interest production during the preceding month. In determining the quantity of Oil and Gas produced during any month, Consenting Parties shall use industry accepted methods such as but not limited to metering or periodic well tests. Any amount realized from the sale or other disposition of equipment newly acquired in connection with any such operation which would have been owned by a Non-Consenting Party had it participated therein shall be credited against the total unreturned costs of the work done and of the equipment purchased in determining when the interest of such Non-Consenting Party shall revert to it as above provided; and if there is a credit balance, it shall be paid to such Non-Consenting Party.

If and when the Consenting Parties recover from a Non-Consenting Party's relinquished interest the amounts provided for above, the relinquished interests of such Non-Consenting Party shall automatically revert to it as of 7:00 a.m. on the day following the day on which such recoupment occurs, and, from and after such reversion, such Non-Consenting Party shall own the same interest in such well(s), the material and equipment in or pertaining thereto, and the production therefrom as such Non-Consenting Party would have been entitled to had it participated in the drilling, Sidetracking, Reworking, Deepening, Recompleting or Plugging Back of said well(s). Thereafter, such Non-Consenting Party shall be charged with and shall pay its proportionate part of the further costs of the operation of said well(s) in accordance with the terms of this agreement and Exhibit "C" attached hereto.

3. Stand-By Costs: When a well which has been drilled or Deepened has reached its authorized depth and all tests have been completed and the results thereof furnished to the parties, or when operations on the well have been otherwise terminated pursuant to Article VI.F., stand-by costs incurred pending response to a party's notice proposing a Reworking,

Sidetracking, Deepening, Recompleting, Plugging Back or Completing operation in such a well ~~(including the period required under Article VI.B.6. to resolve competing proposals)~~ shall be charged and borne as part of the drilling or Deepening operation just completed. Stand-by costs subsequent to all parties responding, or expiration of the response time permitted, whichever first occurs, and prior to agreement as to the participating interests of all Consenting Parties pursuant to the terms of the second grammatical paragraph of Article VI.B.2. (a), shall be charged to and borne as part of the proposed operation, but if the proposal is subsequently withdrawn because of insufficient participation, such stand-by costs shall be allocated between the Consenting Parties in the proportion each Consenting Party's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all Consenting Parties.

In the event that notice for a Sidetracking operation is given while the drilling rig to be utilized is on location, any party may request and receive up to five (5) additional days after expiration of the forty-eight hour response period specified in Article VI.B.1. within which to respond by paying for all stand-by costs and other costs incurred during such extended response period; Operator may require such party to pay the estimated stand-by time in advance as a condition to extending the response period. If more than one party elects to take such additional time to respond to the notice, standby costs shall be allocated between the parties taking additional time to respond on a day-to-day basis in the proportion each electing party's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all the electing parties.

~~4. Deepening: If less than all parties elect to participate in a drilling, Sidetracking, or Deepening operation proposed pursuant to Article VI.B.1., the interest relinquished by the Non-Consenting Parties to the Consenting Parties under Article VI.B.2. shall relate only and be limited to the lesser of (i) the total depth actually drilled or (ii) the objective depth or Zone of which the parties were given notice under Article VI.B.1. ("Initial Objective"). Such well shall not be Deepened beyond the Initial Objective without first complying with this Article to afford the Non-Consenting Parties the opportunity to participate in the Deepening operation.~~

~~In the event any Consenting Party desires to drill or Deepen a Non-Consent Well to a depth below the Initial Objective, such party shall give notice thereof, complying with the requirements of Article VI.B.1., to all parties (including Non- Consenting Parties). Thereupon, Articles VI.B.1. and 2. shall apply and all parties receiving such notice shall have the right to participate or not participate in the Deepening of such well pursuant to said Articles VI.B.1. and 2. If a Deepening operation is approved pursuant to such provisions, and if any Non-Consenting Party elects to participate in the Deepening operation, such Non-Consenting party shall pay or make reimbursement (as the case may be) of the following costs and expenses.~~

~~(a) If the proposal to Deepen is made prior to the Completion of such well as a well capable of producing in paying quantities, such Non-Consenting Party shall pay (or reimburse Consenting Parties for, as the case may be) that share of costs and expenses incurred in connection with the drilling of said well from the surface to the Initial Objective which Non- Consenting Party would have paid had such Non-Consenting Party agreed to participate therein, plus the Non-Consenting Party's share of the cost of Deepening and of participating in any further operations on the well in accordance with the other provisions of this Agreement; provided, however, all costs for testing and Completion or attempted Completion of the well incurred by Consenting Parties prior to the point of actual operations to Deepen beyond the Initial Objective shall be for the sole account of Consenting Parties.~~

~~(b) If the proposal is made for a Non-Consent Well that has been previously Completed as a well capable of producing in paying quantities, but is no longer capable of producing in paying quantities, such Non-Consenting Party shall pay (or reimburse Consenting Parties for, as the case may be) its proportionate share of all costs of drilling, Completing, and equipping said well from the surface to the Initial Objective, calculated in the manner provided in paragraph (a) above, less those costs recouped by the Consenting Parties from the sale of production from the well. The Non-Consenting Party shall also pay its proportionate share of all costs of re-entering said well. The Non-Consenting Parties' proportionate part (based on the percentage of such well Non-Consenting Party would have owned had it previously participated in such Non-Consent Well) of the costs of salvable materials and equipment remaining in the hole and salvable surface equipment used in connection with such well shall be determined in accordance with Exhibit "C." If the Consenting Parties have recouped the cost of drilling, Completing, and equipping the well at the time such Deepening operation is conducted, then a Non- Consenting Party may participate in the Deepening of the well with no payment for costs incurred prior to re-entering the well for Deepening~~

~~The foregoing shall not imply a right of any Consenting Party to propose any Deepening for a Non-Consent Well prior to the drilling of such well to its Initial Objective without the consent of the other Consenting Parties as provided in Article VI.F.~~

5. Sidetracking: Any party having the right to participate in a proposed Sidetracking operation that does not own an interest in the affected wellbore at the time of the notice shall, upon electing to participate, tender to the wellbore owners its proportionate share (equal to its interest in the Sidetracking operation) of the value of that portion of the existing wellbore to be utilized as follows:

(a) If the proposal is for Sidetracking an existing dry hole, reimbursement shall be on the basis of the actual costs incurred in the initial drilling of the well down to the depth at which the Sidetracking operation is initiated.

(b) If the proposal is for Sidetracking a well which has previously produced, reimbursement shall be on the basis of such party's proportionate share of drilling and equipping costs incurred in the initial drilling of the well down to the depth at which the Sidetracking operation is conducted, calculated in the manner described in Article VI.B.4(b) above. Such party's proportionate share of the cost of the well's salvable materials and equipment down to the depth at which the Sidetracking operation is initiated shall be determined in accordance with the provisions of Exhibit "C."

6. Order of Preference of Operations. Except as otherwise specifically provided in this agreement, if any party desires to propose the conduct of an operation that conflicts with a proposal that has been made by a party under this Article VI, such party shall have fifteen (15) days from delivery of the initial proposal, in the case of a proposal to drill a well or to perform an operation on a well where no drilling rig is on location, or twenty-four (24) hours, exclusive of Saturday, Sunday and legal holidays, from delivery of the initial proposal, if a drilling rig is on location for the well on which such operation is to be conducted, to deliver to all parties entitled to participate in the proposed operation such party's alternative proposal, such alternate proposal to contain the same information required to be included in the initial proposal. Each party receiving such proposals shall elect by delivery of notice to Operator within five (5) days after expiration of the proposal period, or within twenty-four (24) hours (exclusive of Saturday, Sunday and legal holidays) if a drilling rig is on location for the well that is the subject of the proposals, to participate in one of the competing proposals. Any party not electing within the time required shall be deemed not to have voted. The proposal receiving the vote of parties owning the largest aggregate percentage interest of the parties voting shall have priority over all other competing proposals; in the case of a tie vote, the

~~initial proposal shall prevail. Operator shall deliver notice of such result to all parties entitled to participate in the operation within five (5) days after expiration of the election period (or within twenty-four (24) hours, exclusive of Saturday, Sunday and legal holidays, if a drilling rig is on location). Each party shall then have two (2) days (or twenty-four (24) hours if a rig is on location) from receipt of such notice to elect by delivery of notice to Operator to participate in such operation or to relinquish interest in the affected well pursuant to the provisions of Article VI.B.2.; failure by a party to deliver notice within such period shall be deemed an election not to participate in the prevailing proposal.~~

~~7. Conformity to Spacing Pattern. Notwithstanding the provisions of this Article VI.B.2., it is agreed that no wells shall be proposed to be drilled to or Completed in or produced from a Zone from which a well located elsewhere on the Contract Area is producing, unless such well conforms to the then-existing well spacing pattern for such Zone.~~

8. Paying Wells. No party shall conduct any Reworking, Deepening, Plugging Back, Completion, Recompletion, or Sidetracking operation under this agreement with respect to any well then capable of producing in paying quantities except with the consent of all parties that have not relinquished interests in the well at the time of such operation.

C. Completion of Wells; Reworking and Plugging Back:

1. Completion: Without the consent of all parties, no well shall be drilled, Deepened or Sidetracked, except any well drilled, Deepened or Sidetracked pursuant to the provisions of Article VI.B.2. or Article XVI.Q of this agreement. Consent to the drilling, Deepening or Sidetracking shall include:

☑ Option No. 1: All necessary expenditures for the drilling, Deepening or Sidetracking, testing, Completing and equipping of the well, including necessary tankage and/or surface facilities.

~~☐ Option No. 2: All necessary expenditures for the drilling, Deepening or Sidetracking and testing of the well. When such well has reached its authorized depth, and all logs, cores and other tests have been completed, and the results thereof furnished to the parties, Operator shall give immediate notice to the Non-Operators having the right to participate in a Completion attempt whether or not Operator recommends attempting to Complete the well, together with Operator's AFE for Completion costs if not previously provided. The parties receiving such notice shall have forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) in which to elect by delivery of notice to Operator to participate in a recommended Completion attempt or to make a Completion proposal with an accompanying AFE. Operator shall deliver any such Completion proposal, or any Completion proposal conflicting with Operator's proposal, to the other parties entitled to participate in such Completion in accordance with the procedures specified in Article VI.B.6. Election to participate in a Completion attempt shall include consent to all necessary expenditures for the Completing and equipping of such well, including necessary tankage and/or surface facilities but excluding any stimulation operation not contained on the Completion AFE. Failure of any party receiving such notice to reply within the period above fixed shall constitute an election by that party not to participate in the cost of the Completion attempt; provided, that Article VI.B.6. shall control in the case of conflicting Completion proposals. If one or more, but less than all of the parties, elect to attempt a Completion, the provision of Article VI.B.2. hereof (the phrase "Reworking, Sidetracking, Deepening, Recompleting or Plugging Back" as contained in Article VI.B.2. shall be deemed to include "Completing") shall apply to the operations thereafter conducted by less than all parties; provided, however, that Article VI.B.2. shall apply separately to each separate Completion or Recompletion attempt undertaken hereunder, and an election to become a Non-Consenting Party as to one Completion or Recompletion attempt shall not prevent a party from becoming a Consenting Party in subsequent Completion or Recompletion attempts regardless whether the Consenting Parties as to earlier Completions or Recompletion have recouped their costs pursuant to Article VI.B.2.; provided further, that any recoupment of costs by a Consenting Party shall be made solely from the production attributable to the Zone in which the Completion attempt is made. Election by a previous Non-Consenting party to participate in a subsequent Completion or Recompletion attempt shall require such party to pay its proportionate share of the cost of salvable materials and equipment installed in the well pursuant to the previous Completion or Recompletion attempt, insofar and only insofar as such materials and equipment benefit the Zone in which such party participates in a Completion attempt.~~

2. Rework, Recomplete or Plug Back: No well shall be Reworked, Recompleted or Plugged Back except a well Reworked, Recompleted, or Plugged Back pursuant to the provisions of Article VI.B. and Article XVI.Q. ~~2~~. of this agreement. Consent to the Reworking, Recompleting or Plugging Back of a well shall include all necessary expenditures in conducting such operations and Completing and equipping of said well, including necessary tankage and/or surface facilities.

~~**D. Other Operations:**~~

~~Operator shall not undertake any single project reasonably estimated to require an expenditure in excess of Dollars ($) except in connection with the drilling, Sidetracking, Reworking, Deepening, Completing, Recompleting or Plugging Back of a well that has been previously authorized by or pursuant to this agreement; provided, however, that, in case of explosion, fire, flood or other sudden emergency, whether of the same or different nature, Operator may take such steps and incur such expenses as in its opinion are required to deal with the emergency to safeguard life and property but Operator, as promptly as possible, shall report the emergency to the other parties. If Operator prepares an AFE for its own use, Operator shall furnish any Non-Operator so requesting an information copy thereof for any single project costing in excess of Dollars ($). Any party who has not relinquished its interest in a well shall have the right to propose that Operator perform repair work or undertake the installation of artificial lift equipment or ancillary production facilities such as salt water disposal wells or to conduct additional work with respect to a well drilled hereunder or other similar project (but not including the installation of gathering lines or other transportation or marketing facilities, the installation of which shall be governed by separate agreement between the parties) reasonably estimated to require an expenditure in excess of the amount first set forth above in this Article VI.D. (except in connection with an operation required to be proposed under Articles VI.B.1. or VI.C.1. Option No. 2, which shall be governed exclusively be those Articles). Operator shall deliver such proposal to all parties entitled to participate therein. If within thirty (30) days thereof Operator secures the written consent of any party or parties owning at least % of the interests of the parties entitled to participate in such operation, each party having the right to participate in such project shall be bound by the terms of such proposal and shall be obligated to pay its proportionate share of the costs of the proposed project as if it had consented to such project pursuant to the terms of the proposal.~~

E. Abandonment of Wells:

1. Abandonment of Dry Holes: Except for any well drilled Sidetracked, or Deepened pursuant to Article VI.B.2. or Article XVI.Q , any well which has been drilled Sidetracked or Deepened under the terms of this agreement and is proposed to be completed as a dry hole shall not be plugged and abandoned without the consent of all parties. Should Operator, after diligent effort, be unable to contact any party, or should any party fail to reply within forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) after delivery of notice of the proposal to plug and abandon such well, such party shall be deemed to have consented to the proposed abandonment. All such wells shall be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense of the parties who participated in the cost of drilling, Sidetracking or Deepening such well. Any party who objects to plugging and abandoning such well by notice delivered to Operator within forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) after delivery of notice of the proposed plugging shall take over the well as of the end of such forty-eight (48) hour notice period and conduct further operations in search of Oil and/or Gas subject to the provisions of Article VI.B or Article XVI.Q.; failure of such party to provide proof reasonably satisfactory to Operator of its financial and technical capability to (a) conduct such operations or to take over the well within such period ~~or~~ and (b) thereafter to conduct operations on such well or plug and abandon such well in a manner that is not disruptive to any ongoing operations shall entitle Operator to retain or take possession of the well and plug and abandon the well. The non-abandoning party taking over the well shall indemnify Operator (if Operator is an abandoning party) and the other abandoning parties against liability for any further operations conducted on such well except for the costs of plugging and abandoning the well and restoring the surface (insofar as those costs were not increased by the subsequent operations of the non-abandoning parties), for which the abandoning parties shall remain proportionately liable.

2. Abandonment of Wells That Have Produced: Except for any well in which a Non-Consent operation has been conducted hereunder for which the Consenting Parties have not been fully reimbursed as herein provided, any well which has been completed as a producer shall not be plugged and abandoned without the consent of all parties. If all parties consent to such abandonment, the well shall be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense of all the parties hereto. Failure of a party to reply within sixty (60) days of delivery of notice of proposed abandonment shall be deemed an election to consent to the proposal. If, within sixty (60) days after delivery of notice of the proposed abandonment of any well, all parties do not agree to the abandonment of such well, those wishing to continue its operation from the Zone then open to production shall be obligated to take over the well as of the expiration of the applicable notice period and shall indemnify Operator (if Operator is an abandoning party) and the other abandoning parties against liability for any further operations on the well conducted by such parties including costs of plugging and abandoning the well and restoring the surface . Failure of such party or parties to provide proof reasonably satisfactory to Operator of their financial and technical capability to (a) conduct such operations or to take over the well within the required period and (b)~~or~~ thereafter to conduct operations on such well in a manner that is not disruptive to any ongoing operations shall entitle ~~operator~~ Operator to retain or take possession of such well and plug and abandon the well.

Parties taking over a well as provided in this Article VI.E ~~herein~~ shall tender to each of the other parties its proportionate share of the value of the well's salvable material and equipment, determined in accordance with the provisions of Exhibit "C," less the estimated cost of salvaging and the estimated cost of plugging and abandoning and restoring the surface; provided, however, that in the event the estimated plugging and abandoning and surface restoration costs and the estimated cost of salvaging are higher than the value of the well's salvable material and equipment, each of the abandoning parties shall tender to the parties continuing operations their proportionate shares of the estimated excess cost. Each abandoning party shall assign to the non-abandoning parties, without warranty, express or implied, as to title or as to quantity, or fitness for use of the equipment and material, all of its interest in the wellbore of the well and related equipment, together with its interest in the Leasehold insofar and only insofar as such Leasehold covers the right to obtain production from that wellbore in the Zone then open to production. If the interest of the abandoning party is or includes an~~d~~ Oil and Gas Interest, such party shall execute and deliver to the non-abandoning party or parties an oil and gas lease, limited to the wellbore and the Zone then open to production, for a term of one (1) year and so long thereafter as Oil and/or Gas is produced from the Zone covered thereby, such lease to be on a mutually agreed form. ~~the form attached as Exhibit "B."~~ The assignments or leases so limited shall encompass the Drilling Unit upon which the well is located. The payments by, and the assignments or leases to, the assignees shall be in a ratio based upon the relationship of their respective percentage of participation in the Contract Area to the aggregate of the percentages of participation in the Contract Area of all assignees. There shall be no readjustment of interests in the remaining portions of the Contract Area. Further, to the extent a party or parties taking over a well pursuant to this Article VI.E will require use of Operator's facilities, Operator and any such party shall enter into a facilities use agreement on a mutually agreed form governing the terms of such use.

Thereafter, abandoning parties shall have no further responsibility, liability, or interest in the operation of or production from the well in the Zone then open other than the royalties retained in any lease made under the terms of this Article. Upon request, Operator shall continue to operate the assigned well for the account of the non-abandoning parties at the rates and charges contemplated by this agreement, plus any additional cost and charges which may arise as the result of the separate ownership of the assigned well. Upon proposed abandonment of the producing Zone assigned or leased, the assignor or lessor shall then have the option to repurchase its prior interest in the well (using the same valuation formula) and participate in further operations therein subject to the provisions hereof.

3. Abandonment of Non-Consent Operations: The provisions of Article VI.E.1. or VI.E.2. above shall be applicable as between Consenting Parties in the event of the proposed abandonment of any well excepted from said Articles; provided, however, no well shall be permanently plugged and abandoned unless and until all parties having the right to conduct further operations therein have been notified of the proposed abandonment and afforded the opportunity to elect to take over the well in accordance with the provisions of this Article VI.E.; and provided further, that Non-Consenting Parties who own an interest in a portion of the well shall pay their proportionate shares of abandonment and surface restoration cost for such well as provided in Article VI.B.2.(b).

F. Termination of Operations:

Upon the commencement of an operation for the drilling, Reworking, Sidetracking, Plugging Back, Deepening, testing, Completion or plugging of a well, ~~including but not limited to the Initial Well,~~ such operation shall not be terminated without consent of parties bearing 100% of the costs of such operation; provided, however, that in the event granite or other practically impenetrable substance or condition in the hole is encountered which renders further operations impractical, Operator may discontinue operations and give notice of such condition in the manner provided in Article VI.B.1, and the provisions of Article VI.B. or VI.E. shall thereafter apply to such operation, as appropriate.

G. Takng Production in Kind:

☑☐ **Option No. 1: Gas Balancing Agreement Attached**

Each party shall have the right to take in kind or separately dispose of its proportionate share of all Oil and Gas produced from the Contract Area, exclusive of (a) production which may be used in development and producing operations and in preparing and treating Oil and Gas for marketing purposes and (b) production unavoidably lost. Any extra expenditure incurred in the taking in kind or separate disposition by any party

of its proportionate share of the production shall be borne by such party. Any party taking its share of production in kind shall be required to pay for only its proportionate share of such part of Operator's surface facilities which it uses.

Each party shall execute such division orders and contracts as may be necessary for the sale of its interest in production from the Contract Area, and, except as provided in Article VII.B., shall be entitled to receive payment directly from the purchaser thereof for its share of all production.

If any party fails to make the arrangements necessary to take in kind or separately dispose of its proportionate share of the Oil or Gas produced from the Contract Area, Operator shall have the right, subject to the revocation at will by the party owning it, but not the obligation, to purchase such Oil or Gas or sell it to others at any time and from time to time, for the account of the non-taking party. Any such purchase or sale by Operator may be terminated by Operator upon at least thirty (30) ~~ten (10)~~ days written notice to the owner of said production and shall be subject always to the right of the owner of the production upon at least thirty (30) ~~ten (10)~~ days written notice to Operator to exercise at any time its right to take in kind, or separately dispose of, its share of all Oil or Gas not previously delivered to a purchaser. Any purchase or sale by Operator of any other party's share of Oil or Gas shall be only for such reasonable periods of time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one (1) year.

Any such sale by Operator shall be in a manner commercially reasonable under the circumstances but Operator shall have no duty to share any existing market or to obtain a price equal to that received under any existing market. The sale or delivery by Operator of a non-taking party's share of Oil or Gas under the terms of any existing contract of Operator shall not give the non-taking party any interest in or make the non-taking party a party to said contract. No purchase shall be made by Operator without first giving the non-taking party at least thirty (30) ~~ten (10)~~ days written notice of such intended purchase and the price to be paid or the pricing basis to be used.

All parties shall give timely written notice to Operator of their Oil and Gas marketing arrangements for the following month, excluding price, and shall notify Operator immediately in the event of a change in such arrangements. Operator shall maintain records of all marketing arrangements, and of volumes actually sold or transported, which records shall be made available to Non-Operators upon reasonable request.

In the event one or more parties' separate disposition of its share of the Gas causes split-stream deliveries to separate pipelines and/or deliveries which on a day-to-day basis for any reason are not exactly equal to a party's respective proportion- ate share of total Gas sales to be allocated to it, the balancing or accounting between the parties shall be in accordance with any Gas balancing agreement between the parties hereto, ~~whether such an agreement is~~ attached as Exhibit "E" hereto ~~or is a separate agreement~~. Operator shall give notice to all parties of the first sales of Gas from any well under this agreement.

~~☐ Option No. 2: No Gas Balancing Agreement:~~

~~Each party shall take in kind or separately dispose of its proportionate share of all Oil and Gas produced from the Contract Area, exclusive of production which may be used in development and producing operations and in preparing and treating Oil and Gas for marketing purposes and production unavoidably lost. Any extra expenditures incurred in the taking in kind or separate disposition by any party of its proportionate share of the production shall be borne by such party. Any party taking its share of production in kind shall be required to pay for only its proportionate share of such part of Operator's surface facilities which it uses.~~

~~Each party shall execute such division orders and contracts as may be necessary for the sale of its interest in production from the Contract Area, and, except as provided in Article VII.B., shall be entitled to receive payment directly from the purchaser thereof for its share of all production.~~

~~If any party fails to make the arrangements necessary to take in kind or separately dispose of its proportionate share of the Oil and/or Gas produced from the Contract Area, Operator shall have the right, subject to the revocation at will by the party owning it, but not the obligation, to purchase such Oil and/or Gas or sell it to others at any time and from time to time, for the account of the non-taking party. Any such purchase or sale by Operator may be terminated by Operator upon at least ten (10) days written notice to the owner of said production and shall be subject always to the right of the owner of the production upon at least ten (10) days written notice to Operator to exercise its right to take in kind, or separately dispose of, its share of all Oil and/or Gas not previously delivered to a purchaser; provided, however, that the effective date of any such revocation may be deferred at Operator's election for a period not to exceed ninety (90) days if Operator has committed such production to a purchase contract having a term extending beyond such ten (10) -day period. Any purchase or sale by Operator of any other party's share of Oil and/or Gas shall be only for such reasonable periods of time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one (1) year.~~

~~Any such sale by Operator shall be in a manner commercially reasonable under the circumstances, but Operator shall have no duty to share any existing market or transportation arrangement or to obtain a price or transportation fee equal to that received under any existing market or transportation arrangement. The sale or delivery by Operator of a non-taking party's share of production under the terms of any existing contract of Operator shall not give the non-taking party any interest in or make the non-taking party a party to said contract. No purchase of Oil and Gas and no sale of Gas shall be made by Operator without first giving the non-taking party ten days written notice of such intended purchase or sale and the price to be paid or the pricing basis to be used. Operator shall give notice to all parties of the first sale of Gas from any well under this Agreement.~~

~~All parties shall give timely written notice to Operator of their Gas marketing arrangements for the following month, excluding price, and shall notify Operator immediately in the event of a change in such arrangements. Operator shall maintain records of all marketing arrangements, and of volumes actually sold or transported, which records shall be made available to Non-Operators upon reasonable request.~~

ARTICLE VII.
EXPENDITURES AND LIABILITY OF PARTIES

A. Liability of Parties: See also Articles XVI.B., XVI.E. and XVI.L.

The liability of the parties shall be several, not joint or collective. Each party shall be responsible only for its obligations, and shall be liable only for its proportionate share of the costs of developing and operating the Contract Area. Accordingly, the liens granted among the parties in Article VII.B. are given to secure only the debts of each severally, and no party shall have any liability to third parties hereunder to satisfy the default of any other party in the payment of any expense or obligation hereunder. It is not the intention of the parties to create, nor shall this agreement be construed as creating, a mining or other partnership, joint venture, agency relationship or association, or to render the parties liable as partners, co-venturers, or principals. In their relations with each other under this agreement, the parties shall not be considered fiduciaries or to have established a confidential relationship but rather shall be free to act on an arm's-length basis in accordance with their own respective self-interest, subject, however, to the obligation of the parties to act in good faith in their dealings with each other with respect to activities hereunder.

B. Liens and Security Interests:

Each party grants to the other parties hereto a lien upon any interest it now owns or hereafter acquires in Oil and Gas Leases and Oil and Gas Interests in the Contract Area, and a security interest and/or purchase money security interest in any interest it now owns or hereafter acquires in the personal property and fixtures on or used or obtained for use in connection therewith, to secure performance of all of its obligations under this agreement including but not limited to payment of expense, interest and fees, the proper disbursement of all monies paid hereunder, the assignment or relinquishment of interest in Oil and Gas Leases as required hereunder, and the proper performance of operations hereunder. Such lien and security interest granted by each party hereto shall include such party's leasehold interests, working interests, operating rights, and royalty and overriding royalty interests in the Contract Area now owned or hereafter acquired and in lands pooled or unitized therewith or otherwise becoming subject to this agreement, the Oil and Gas when extracted therefrom and equipment situated thereon or used or obtained for use in connection therewith (including, without limitation, all wells, tools, and tubular goods), and accounts (including, without limitation, accounts arising from gas imbalances or from the sale of Oil and/or Gas at the wellhead), contract rights, inventory and general intangibles relating thereto or arising therefrom, and all proceeds and products of the foregoing.

To perfect the lien and security agreement provided herein, each party hereto shall execute and acknowledge the recording supplement and/or any financing statement prepared and submitted by any party hereto in conjunction herewith or at any time following execution hereof, and Operator is authorized to file this agreement or the recording supplement executed herewith as a lien or mortgage in the applicable real estate records and as a financing statement with the proper officer under the Uniform Commercial Code in the state in which the Contract Area is situated and such other states as Operator shall deem appropriate to perfect the security interest granted hereunder. Any party may file this agreement, the recording supplement executed herewith, or such other documents as it deems necessary as a lien or mortgage in the applicable real estate records and/or a financing statement with the proper officer under the Uniform Commercial Code.

Each party represents and warrants to the other parties hereto that the lien and security interest granted by such party to the other parties shall be a first and prior lien, and each party hereby agrees to maintain the priority of said lien and security interest against all persons acquiring an interest in Oil and Gas Leases and Interests covered by this agreement by, through or under such party. All parties acquiring an interest in Oil and Gas Leases and Oil and Gas Interests covered by this agreement, whether by assignment, merger, mortgage, operation of law, or otherwise, shall be deemed to have taken subject to the lien and security interest granted by this Article VII.B. as to all obligations attributable to such interest hereunder whether or not such obligations arise before or after such interest is acquired.

To the extent that parties have a security interest under the Uniform Commercial Code of the state in which the Contract Area is situated, they shall be entitled to exercise the rights and remedies of a secured party under the Code. The bringing of a suit and the obtaining of judgment by a party for the secured indebtedness shall not be deemed an election of remedies or otherwise affect the lien rights or security interest as security for the payment thereof. In addition, upon default by any party in the payment of its share of expenses, interests or fees, or upon the improper use of funds by the Operator, the other parties shall have the right, without prejudice to other rights or remedies, to collect from the purchaser the proceeds from the sale of such defaulting party's share of Oil and Gas until the amount owed by such party, plus interest as provided in "Exhibit C," has been received, and shall have the right to offset the amount owed against the proceeds from the sale of such defaulting party's share of Oil and Gas. All purchasers of production may rely on a notification of default from the non-defaulting party or parties stating the amount due as a result of the default, and all parties waive any recourse available against purchasers for releasing production proceeds as provided in this paragraph.

If any party fails to pay its share of cost within one hundred twenty (120) days after rendition of a statement therefor by Operator, the non-defaulting parties, including Operator, shall upon request by Operator, pay the unpaid amount in the proportion that the interest of each such party bears to the interest of all such parties. The amount paid by each party so paying its share of the unpaid amount shall be secured by the liens and security rights described in Article VII.B., and each paying party may independently pursue any remedy available hereunder or otherwise.

If any party does not perform all of its obligations hereunder, and the failure to perform subjects such party to foreclosure or execution proceedings pursuant to the provisions of this agreement, to the extent allowed by governing law, the defaulting party waives any available right of redemption from and after the date of judgment, any required valuation or appraisement of the mortgaged or secured property prior to sale, any available right to stay execution or to require a marshaling of assets and any required bond in the event a receiver is appointed. In addition, to the extent permitted by applicable law, each party hereby grants to the other parties a power of sale as to any property that is subject to the lien and security rights granted hereunder, such power to be exercised in the manner provided by applicable law or otherwise in a commercially reasonable manner and upon reasonable notice.

Each party agrees that the other parties shall be entitled to utilize the provisions of Oil and Gas lien law or other lien law of any state in which the Contract Area is situated to enforce the obligations of each party hereunder. Without limiting the generality of the foregoing, to the extent permitted by applicable law, Non-Operators agree that Operator may invoke or utilize the mechanics' or materialmen's lien law of the state in which the Contract Area is situated in order to secure the payment to Operator of any sum due hereunder for services performed or materials supplied by Operator.

C. Advances:

Operator, at its election, shall have the right from time to time to demand and receive from one or more of the other parties payment in advance of their respective shares of the estimated amount of the expense to be incurred in operations hereunder during the next succeeding month, which right may be exercised only by submission to each such party of an itemized statement of such estimated expense, together with an invoice for its share thereof. Each such statement and invoice for the payment in advance of estimated expense shall be submitted on or before the 20th day of the next preceding month. Each party shall pay to Operator its proportionate share of such estimate within fifteen (15) days after such estimate and invoice is received. If any party fails to pay its share of said estimate within said time, then such party shall be subject to Article VII.D. and any other remedies provided for in this agreement, and the amount due shall bear interest as provided in Exhibit "C" until paid. Proper adjustment shall be made monthly between advances and actual expense to the end that each party shall bear and pay its proportionate share of actual expenses incurred, and no more.

D. Defaults and Remedies:

If any party fails to discharge any financial obligation under this agreement, including without limitation the failure to make any advance under the preceding Article VII.C. or any other provision of this agreement, within the period required for such payment hereunder, then in addition to the remedies provided in Article VII.B. or elsewhere in this agreement, the remedies specified below shall be applicable. For purposes of this Article VII.D., all notices and elections shall be delivered

only by Operator, except that Operator shall deliver any such notice and election requested by a non-defaulting Non-Operator, and when Operator is the party in default, the applicable notices and elections can be delivered by any Non-Operator. Election of any one or more of the following remedies shall not preclude the subsequent use of any other remedy specified below or otherwise available to a non-defaulting party. No party shall be in default to the extent it is exercising its rights under Article I.3B of Exhibit C to this agreement.

1. Suspension of Rights: Any party may deliver to the party in default a Notice of Default, which shall specify the default, specify the action to be taken to cure the default, and specify that failure to take such action will result in the exercise of one or more of the remedies provided in this Article. If the default is not cured within thirty (30) days of the delivery of such Notice of Default, all of the rights of the defaulting party granted by this agreement may upon notice be suspended until the default is cured, without prejudice to the right of the non-defaulting party or parties to continue to enforce the obligations of the defaulting party previously accrued or thereafter accruing under this agreement. If Operator is the party in default, the Non-Operators shall have in addition the right, by vote of Non-Operators owning a majority in interest in the Contract Area after excluding the voting interest of Operator, to appoint a new Operator effective immediately. The rights of a defaulting party that may be suspended hereunder at the election of the non-defaulting parties shall include, without limitation, the right to receive information as to any operation conducted hereunder during the period of such default, the right to elect to participate in an operation proposed under Article VI.B. of this agreement, the right to participate in an operation being conducted under this agreement even if the party has previously elected to participate in such operation, and the right to receive proceeds of production from any well subject to this agreement.

2. Suit for Damages: Non-defaulting parties or Operator for the benefit of non-defaulting parties may sue (at joint account expense) to collect the amounts in default, plus interest accruing on the amounts recovered from the date of default until the date of collection at the rate specified in Exhibit "C" attached hereto. Nothing herein shall prevent any party from suing any defaulting party to collect consequential damages accruing to such party as a result of the default.

3. Deemed Non-Consent: The non-defaulting party may deliver a written Notice of non-consent election ~~Non-Consent Election~~ to the defaulting party at any time after the expiration of the thirty-day cure period following delivery of the Notice of Default, in which event if the billing is for the drilling a new well or the Plugging Back, Sidetracking, Reworking or Deepening of a well which is to be or has been plugged as a dry hole, or for the Completion or Recompletion of any well, the defaulting party will be conclusively deemed to have elected not to participate in the operation and shall permanently relinquish its interest in such well. ~~to be a Non-Consenting Party with respect thereto under Article VI.B. or VI.C., as the case may be, to the extent of the costs unpaid by such party, notwithstanding any election to participate theretofore made.~~ If election is made to proceed under this provision, then the non-defaulting parties may not elect to sue for the unpaid amount pursuant to Article VII.D.2.

Until the delivery of such Notice of non-consent election ~~Non-Consent Election~~ to the defaulting party, such party shall have the right to cure its default by paying its unpaid share of costs plus interest at the rate set forth in Exhibit "C," provided, however, such payment shall not prejudice the rights of the non-defaulting parties to pursue remedies for damages incurred by the non-defaulting parties as a result of the default. Any interest relinquished pursuant to this Article VII.D.3. shall be offered to the non-defaulting parties in proportion to their interests, and the non-defaulting parties electing to participate in the ownership of such interest shall be required to contribute their shares of the defaulted amount upon their election to participate therein.

4. Advance Payment: If a default is not cured within thirty (30) days of the delivery of a Notice of Default, Operator, or Non-Operators if Operator is the defaulting party, may thereafter require advance payment from the defaulting party of such defaulting party's anticipated share of any item of expense for which Operator, or Non-Operators, as the case may be, would be entitled to reimbursement under any provision of this agreement, whether or not such expense was the subject of the previous default. Such right includes, but is not limited to, the right to require advance payment for the estimated costs of drilling a well or Completion of a well as to which an election to participate in drilling or Completion has been made. If the defaulting party fails to pay the required advance payment, the non-defaulting parties may pursue any of the remedies provided in the Article VII.D. or any other default remedy provided elsewhere in this agreement. Any excess of funds advanced remaining when the operation is completed and all costs have been paid shall be promptly returned to the advancing party.

5. Costs and Attorneys' Fees: In the event any party is required to bring legal proceedings to enforce any financial obligation of a party hereunder, the prevailing party in such action shall be entitled to recover all court costs, costs of collection, and a reasonable attorney's fee, which the lien provided for herein shall also secure.

E. Rentals, Shut-in Well Payments and Minimum Royalties:

Rentals, shut-in well payments and minimum royalties which may be required under the terms of any lease shall be paid by the party or parties who subjected such lease to this agreement at its or their expense. In the event two or more parties own and have contributed interests in the same lease to this agreement, such parties may designate one of such parties to make said payments for and on behalf of all such parties. Any party may request, and shall be entitled to receive, proper evidence of all such payments. In the event of failure to make proper payment of any rental, shut-in well payment or minimum royalty through mistake or oversight where such payment is required to continue the lease in force, any loss which results from such non-payment shall be borne in accordance with the provisions of Article IV.B.3~~2~~.

Operator shall notify Non-Operators of the anticipated completion of a shut-in well, or the shutting in or return to production of a producing well, at least five (5) days (excluding Saturday, Sunday, and legal holidays) prior to taking such action, or at the earliest opportunity permitted by circumstances, but assumes no liability for failure to do so. In the event of failure by Operator to so notify Non-Operators, the loss of any lease contributed hereto by Non-Operators for failure to make timely payments of any shut-in well payment shall be borne jointly by the parties hereto under the provisions of Article IV.B.3.

F. Taxes:

Beginning with the first calendar year after the effective date hereof, Operator shall render for ad valorem taxation all property subject to this agreement which by law should be rendered for such taxes, and it shall pay all such taxes assessed thereon before they become delinquent. Prior to the rendition date, each Non-Operator shall furnish Operator information as to burdens (to include, but not be limited to, royalties, overriding royalties and production payments) on Leases and Oil and Gas Interests contributed by such Non-Operator. If the assessed valuation of any Lease is reduced by reason of its being subject to outstanding excess royalties, overriding royalties or production payments, the reduction in ad valorem taxes resulting therefrom shall inure to the benefit of the owner or owners of such Lease, and Operator shall adjust the charge to such owner or owners so as to reflect the benefit of such reduction. If the ad valorem taxes are based in whole or in part upon separate valuations of each party's working interest, then notwithstanding anything to the contrary herein, charges to the joint account shall be made and paid by the parties hereto in accordance with the tax value generated by each party's working interest. Operator shall bill the other parties for their proportionate shares of all tax payments in the manner provided in Exhibit "C."

If Operator considers any tax assessment improper, Operator may, at its discretion, protest within the time and manner prescribed by law, and prosecute the protest to a final determination, unless all parties agree to abandon the protest prior to final determination. During the pendency of administrative or judicial proceedings, Operator may elect to pay, under protest, all such taxes and any interest and penalty. When any such protested assessment shall have been finally determined, Operator shall pay the tax for the joint account, together with any interest and penalty accrued, and the total cost shall then be assessed against the parties, and be paid by them, as provided in Exhibit "C."

Each party shall pay or cause to be paid all production, severance, excise, gathering and other taxes imposed upon or with respect to the production or handling of such party's share of Oil and Gas produced under the terms of this agreement.

ARTICLE VIII.
ACQUISITION, MAINTENANCE OR TRANSFER OF INTEREST

A. Surrender of Leases:

The Leases covered by this agreement, insofar as they embrace acreage in the Contract Area, shall not be surrendered in whole or in part unless all parties consent thereto.

However, should any party desire to surrender its interest in any Lease or in any portion thereof, such party shall give written notice of the proposed surrender to all parties, and the parties to whom such notice is delivered shall have thirty (30) days after delivery of the notice within which to notify the party proposing the surrender whether they elect to consent thereto. Failure of a party to whom such notice is delivered to reply within said 30-day period shall constitute a consent to the surrender of the Leases described in the notice. If all parties do not agree or consent thereto, the party desiring to surrender shall assign, without express or implied warranty of title, all of its interest in such Lease, or portion thereof, and any well, material and equipment which may be located thereon and any rights in production thereafter secured, to the parties not consenting to such surrender. If the interest of the assigning party is or includes an Oil and Gas Interest, the assigning party shall execute and deliver to the party or parties not consenting to such surrender an oil and gas lease covering such Oil and Gas Interest for a term of one (1) year and so long thereafter as Oil and/or Gas is produced from the land covered thereby, such lease to be on a mutually acceptable ~~the~~ form. ~~attached hereto as Exhibit "B."~~ Upon such assignment or lease, the assigning party shall be relieved from all obligations thereafter accruing, but not theretofore accrued, with respect to the interest assigned or leased and the operation of any well attributable thereto, and the assigning party shall have no further interest in the assigned or leased premises and its equipment and production other than the royalties retained in any lease made under the terms of this Article. The party assignee or lessee shall pay to the party assignor or lessor the reasonable salvage value of the latter's interest in any well's salvable materials and equipment attributable to the assigned or leased acreage. The value of all salvable materials and equipment shall be determined in accordance with the provisions of Exhibit "C," less the estimated cost of salvaging and the estimated cost of plugging and abandoning and restoring the surface. If such value is less than such costs, then the party assignor or lessor shall pay to the party assignee or lessee the amount of such deficit. If the assignment or lease is in favor of more than one party, the interest shall be shared by such parties in the proportions that the interest of each bears to the total interest of all such parties. If the interest of the parties to whom the assignment is to be made varies according to depth, then the interest assigned shall similarly reflect such variances.

Any assignment, lease or surrender made under this provision shall not reduce or change the assignor's, lessor's or surrendering party's interest as it was immediately before the assignment, lease or surrender in the balance of the Contract Area; and the acreage assigned, leased or surrendered, and subsequent operations thereon, shall not thereafter be subject to the terms and provisions of this agreement but shall be deemed subject to an Operating Agreement identical to ~~in the form of~~ this agreement and modified only to reflect the ownership of the acquiring parties and their respective interests.

B. Renewal or Extension of Leases:

If any party secures a renewal or replacement of an Oil and Gas Lease or Interest subject to this agreement, then all other parties shall be notified promptly upon such acquisition or, in the case of a replacement Lease taken before expiration of an existing Lease, promptly upon expiration of the existing Lease. The parties notified shall have the right for a period of thirty (30) days following delivery of such notice in which to elect to participate in the ownership of the renewal or replacement Lease, insofar as such Lease affects lands within the Contract Area, by paying to the party who acquired it their proportionate shares of the acquisition cost allocated to that part of such Lease within the Contract Area, which shall be in proportion to the interest held at that time by the parties in the Contract Area. Each party who participates in the purchase of a renewal or replacement Lease shall be given an assignment of its proportionate interest therein by the acquiring party, without warranty of title, except as to acts by, through or under the acquiring party.

If some, but less than all, of the parties elect to participate in the purchase of a renewal or replacement Lease, it shall be owned by the parties who elect to participate therein, in a ratio based upon the relationship of their respective percentage of participation in the Contract Area to the aggregate of the percentages of participation in the Contract Area of all parties participating in the purchase of such renewal or replacement Lease. The acquisition of a renewal or replacement Lease by any or all of the parties hereto shall not cause a readjustment of the interests of the parties stated in Exhibit "A," but any renewal or replacement Lease in which less than all parties elect to participate shall not be subject to this agreement but shall be deemed subject to a separate Operating Agreement identical to ~~in the form of~~ this agreement and modified only to reflect the ownership of the acquiring parties and their respective interests.

If the interests of the parties in the Contract Area vary according to depth, then their right to participate proportionately in renewal or replacement Leases and their right to receive an assignment of interest shall also reflect such depth variances.

The provisions of this Article shall apply to renewal or replacement Leases whether they are for the entire interest covered by the expiring Lease or cover only a portion of its area or an interest therein. Any renewal or replacement Lease taken before the expiration of its predecessor Lease, or taken or contracted for or becoming effective within six (6) months after the expiration of the existing Lease, shall be subject to this provision so long as this agreement is in effect at the time of such acquisition or at the time the renewal or replacement Lease becomes effective; but any Lease taken or contracted for more than six (6) months after the expiration of an existing Lease shall not be deemed a renewal or replacement Lease and shall not be subject to the provisions of this agreement.

The provisions in this Article shall also be applicable to extensions of Oil and Gas Leases.

C. Acreage or Cash Contributions:

While this agreement is in force, if any party ~~contracts for~~ receives a contribution of cash towards the drilling of a well or any other operation on the Contract Area, such contribution shall be paid to the party who conducted the drilling or other operation and shall be applied by it against the cost of such drilling or other operation. If the contribution be in the form of acreage, the party to whom the contribution is made shall promptly tender an assignment of the acreage, without warranty of title, to the Drilling Parties in the proportions said Drilling Parties shared the cost of drilling the well. Such acreage shall become a separate Contract Area and, to the extent possible, be governed by provisions identical to this agreement. Each party shall promptly notify all other parties of any acreage or cash contributions it may obtain in support of any well or any other operation on the Contract Area. The above provisions shall also be applicable to optional rights to earn acreage outside the Contract Area which are in support of well drilled inside the Contract Area.

If any party contracts for any consideration relating to disposition of such party's share of substances produced hereunder, such consideration shall not be deemed a contribution as contemplated in this Article VIII.C.

D. Assignment; Maintenance of Uniform Interest: See also Articles XVI.R., XVI.S. & XVI.V.

For the purpose of maintaining uniformity of ownership in the Contract Area in the Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production covered by this agreement no party shall sell, encumber, transfer or make other disposition of its interest in the Oil and Gas Leases and Oil and Gas Interests embraced within the Contract Area or in wells, equipment and production unless such disposition covers either:

1. the entire interest of the party in all Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production; or

2. an equal undivided percent of the party's present interest in all Oil and Gas Leases, Oil and Gas Interests, wells, equipment and production in the Contract Area.

Every sale, encumbrance, transfer or other disposition made by any party shall be made expressly subject to this agreement and shall be made without prejudice to the right of the other parties, and any transferee of an ownership interest in any Oil and Gas Lease or Interest shall be deemed a party to this agreement as to the interest conveyed from and after the effective date of the transfer of ownership; provided, however, that the other parties shall not be required to recognize any such sale, encumbrance, transfer or other disposition for any purpose hereunder until thirty (30) days after they have received a copy of the instrument of transfer or other satisfactory evidence thereof in writing from the transferor or transferee. No assignment or other disposition of interest by a party shall relieve such party of obligations previously incurred by such party hereunder with respect to the interest transferred, including without limitation the obligation of a party to pay all costs attributable to an operation conducted hereunder in which such party has agreed to participate prior to making such assignment, and the lien and security interest granted by Article VII.B. shall continue to burden the interest transferred to secure payment of any such obligations.

If, at any time the interest of any party is divided among and owned by four or more co-owners, Operator, at its discretion, may require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such party's interest within the scope of the operations embraced in this agreement; however, all such co- owners shall have the right to enter into and execute all contracts or agreements for the disposition of their respective shares of the Oil and Gas produced from the Contract Area and they shall have the right to receive, separately, payment of the sale proceeds thereof.

E. Waiver of Rights to Partition:

If permitted by the laws of the state or states in which the property covered hereby is located, each party hereto owning an undivided interest in the Contract Area waives any and all rights it may have to partition and have set aside to it in severalty its undivided interest therein.

~~**F. Preferential Right to Purchase:**~~

☑ ~~(Optional; Check if applicable.)~~

~~Should any party desire to sell all or any part of its interests under this agreement, or its rights and interests in the Contract Area, it shall promptly give written notice to the other parties, with full information concerning its proposed disposition, which shall include the name and address of the prospective transferee (who must be ready, willing and able to purchase), the purchase price, a legal description sufficient to identify the property, and all other terms of the offer. The other parties shall then have an optional prior right, for a period of ten (10) days after the notice is delivered, to purchase for the stated consideration on the same terms and conditions the interest which the other party proposes to sell; and, if this optional right is exercised, the purchasing parties shall share the purchased interest in the proportions that the interest of each bears to the total interest of all purchasing parties. However, there shall be no preferential right to purchase in those cases where any party wishes to mortgage its interests, or to transfer title to its interests to its mortgagee in lieu of or pursuant to foreclosure of a mortgage of its interests, or to dispose of its interests by merger, reorganization, consolidation, or by sale of all or substantially all of its Oil and Gas assets to any party, or by transfer of its interests to a subsidiary or parent company or to a subsidiary of a parent company, or to any company in which such party owns a majority of the stock.~~ See Article XVI.R.

ARTICLE IX.
INTERNAL REVENUE CODE ELECTION

If, for federal income tax purposes, this agreement and the operations hereunder are regarded as a partnership, and if the parties have not otherwise agreed to form a tax partnership pursuant to Exhibit "G" or other agreement between them, each party thereby affected elects to be excluded from the application of all of the provisions of Subchapter "K," Chapter 1, Subtitle "A," of the Internal Revenue Code of 1986, as amended ("Code"), as permitted and authorized by Section 761 of the Code and the regulations promulgated thereunder. Operator is authorized and directed to execute on behalf of each party hereby affected such evidence of this election as may be required by the Secretary of the Treasury of the United States or the Federal Internal Revenue Service, including specifically, but not by way of limitation, all of the returns, statements, and the data required by Treasury Regulation §1.761. Should there be any requirement that each party hereby affected give further evidence of this election, each such party shall execute such documents and furnish such other evidence as may be required by the Federal Internal Revenue Service or as may be necessary to evidence this election. No such party shall give any notices or take any other action inconsistent with the election made hereby. If any present or future income tax laws of the state or states in which the Contract Area is located or any future income tax laws of the United States contain provisions similar to those in Subchapter "K," Chapter 1, Subtitle "A," of the Code, under which an election similar to that provided by Section 761 of the Code is permitted, each party hereby affected shall make such election as may be permitted or required by such laws. In making the foregoing election, each such party states that the income derived by such party from operations hereunder can be adequately determined without the computation of partnership taxable income.

ARTICLE X.
CLAIMS AND LAWSUITS

Operator may settle any single uninsured third party damage claim or suit arising from operations hereunder if the expenditure does not exceed Fifty Thousand Dollars ($ 50,000) and if the payment is in complete settlement of such claim or suit. If the amount required for settlement exceeds the above amount, the parties hereto shall assume and take over the further handling of the claim or suit, unless such authority is delegated to Operator by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A" (or if there are only two (2) parties, on the affirmative vote of the party owning a majority interest as shown on Exhibit "A" (which, for this purpose shall be calculated to include the interest of a party's affiliate)). All costs and expenses of handling settling, or otherwise discharging such claim or suit shall be at the joint expense of the parties participating in the operation from which the claim or suit arises. If a claim is made against any party or if any party is sued on account of any matter arising from operations hereunder over which such individual has no control because of the rights given Operator by this agreement, such party shall immediately notify all other parties, and the claim or suit shall be treated as any other claim or suit involving operations hereunder. Operator shall notify all parties hereto of any material claims or suits initiated by or threatened in writing by a third party for which the parties hereto may reasonably be expected to collectively incur expenditures in excess of Fifty Thousand Dollars ($50,000).

ARTICLE XI.
FORCE MAJEURE

If any party is rendered unable, wholly or in part, by force majeure to carry out its obligations under this agreement, other than the obligation to indemnify or make money payments or furnish security, that party shall give to all other parties prompt written notice of the force majeure with reasonably full particulars concerning it; thereupon, the obligations of the party giving the notice, so far as they are affected by the force majeure, shall be suspended during, but no longer than, the continuance of the force majeure. The term "force majeure," as here employed, shall mean an act of God, strike, lockout, or other industrial disturbance, act of the public enemy, war, blockade, public riot, lightening, fire, storm, flood or other act of nature, explosion, governmental action, governmental delay restraint or inaction by a governmental authority to the extent not resulting from Operator's action or inaction, acts of terrorism, changes in law, any hydraulic fracturing or drilling moratorium, restraint or inaction, unavailability of equipment, and any other cause, whether of the kind specifically enumerated above or otherwise, which is not reasonably within the control of the party claiming suspension, provided, however, that a lack of funds shall not constitute "force majeure".

The affected party shall use all reasonable diligence to remove the force majeure situation as quickly as practicable. The requirement that any force majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts, or other labor difficulty by the party involved, contrary to its wishes; how all such difficulties shall be handled shall be entirely within the discretion of the party concerned.

ARTICLE XII.
NOTICES

All notices authorized or required between the parties by any of the provisions of this agreement, unless otherwise specifically provided, shall be in writing and delivered in person or by United States mail, courier service, by email attachment in PDF format (an "Email Notice"), ~~telegram, telex, telecopier~~ or any other form of facsimile, postage or charges prepaid (as applicable), and addressed to such parties at the addresses listed on Exhibit "A." All telephone or oral notices permitted by this agreement shall be confirmed immediately thereafter by written notice. The originating notice given under any provision hereof shall be deemed delivered only when received by the party to whom such notice is directed, and the time for such party to deliver any notice in response thereto shall run from the date the originating notice is received. "Receipt" for purposes of this agreement with respect to written notice delivered hereunder shall be actual delivery of the notice to the address of the party to be notified specified in accordance with this agreement, or to the ~~telecopy,~~ facsimile ~~or telex~~ machine of such party. The second or any responsive notice shall be deemed delivered when deposited in the United States mail or at the office of the courier ~~or telegraph service,~~ or upon transmittal by ~~telex, telecopy or~~ facsimile, or when personally delivered to the party to be notified, provided, that when response is required within 24 or 48 hours, such response shall be given orally or by telephone, telex, telecopy or other facsimile within such period. Each party shall have the right to change its address at any time, and from time to time, by giving written notice thereof to all other parties. If a party is not available to receive notice orally or by telephone when a party attempts to deliver a notice required to be delivered within 24 or 48 hours, the notice may be delivered in writing by any other method specified herein and shall be deemed delivered in the same manner provided above for any responsive notice. Each Email Notice shall clearly state it is a notice or response to a notice under this agreement. An Email Notice shall be deemed received on the day following delivery of such Email Notice (exclusive of Saturday, Sunday and legal holidays) if no acknowledgment of the Email Notice is received prior to the following day (exclusive of Saturday, Sunday and legal holidays). Automatic delivery receipts issued, without direct acknowledgment of the email, are not evidence of a receipt for purposes of this agreement.

ARTICLE XIII.
TERM OF AGREEMENT

Unless terminated by mutual consent of the parties, this ~~This~~ agreement shall remain in full force and effect as to the Oil and Gas Leases and/or Oil and Gas Interests subject hereto for the period of time selected below; provided, however, no party hereto shall ever be construed as having any right, title or interest in or to any Lease or Oil and Gas Interest contributed by any other party beyond the term of this agreement.

☑ ~~☐~~ Option No. 1: So long as any of the Oil and Gas Leases subject to this agreement remain or are continued in force as to any part of the Contract Area, whether by production, extension, renewal or otherwise.

☐ ~~☑~~ ~~Option No. 2: In the event the well described in Article VI.A., or any subsequent well drilled under any provision of this agreement, results in the Completion of a well as a well capable of production of Oil and/or Gas in paying quantities, this agreement shall continue in force so long as any such well is capable of production, and for an additional period of _____ days thereafter; provided, however, if, prior to the expiration of such additional period, one or more of the parties hereto are engaged in drilling, Reworking, Deepening, Sidetracking, Plugging Back, testing or attempting to Complete or Re-complete a well or wells hereunder, this agreement shall continue in force until such operations have been completed and if production results therefrom, this agreement shall continue in force as provided herein. In the event the well described in Article VI.A., or any subsequent well drilled hereunder, results in a dry hole, and no other well is capable of producing Oil and/or Gas from the Contract Area, this agreement shall terminate unless drilling, Deepening, Sidetracking, Completing, Re-completing, Plugging Back or Reworking operations are commenced within _____ days from the date of abandonment of said well. "Abandonment" for such purposes shall mean either (i) a decision by all parties not to conduct any further operations on the well or (ii) the elapse of 180 days from the conduct of any operations on the well, whichever first occurs.~~

The termination of this agreement shall not relieve any party hereto from any expense, liability or other obligation or any remedy therefor which has accrued or attached prior to the date of such termination.

Upon termination of this agreement and the satisfaction of all obligations hereunder, in the event a memorandum of this Operating Agreement has been filed of record, Operator is authorized to file of record in all necessary recording offices a notice of termination, and each party hereto agrees to execute such a notice of termination as to Operator's interest, upon request of Operator, if Operator has satisfied all its financial obligations.

ARTICLE XIV.
COMPLIANCE WITH LAWS AND REGULATIONS

A. Laws, Regulations and Orders:

This agreement shall be subject to the applicable laws of the state in which the Contract Area is located, to the valid rules, regulations, and orders of any duly constituted regulatory body of said state; and to all other applicable federal, state, and local laws, ordinances, rules, regulations and orders.

B. Governing Law:

This agreement and all matters pertaining hereto, including but not limited to matters of performance, non- performance, breach, remedies, procedures, rights, duties, and interpretation or construction, shall be governed and determined by the law of the state in which the Contract Area is located. If the Contract Area is in two or more states, the law of the state of California shall govern.

C. Regulatory Agencies:

Nothing herein contained shall grant, or be construed to grant, Operator the right or authority to waive or release any rights, privileges, or obligations which Non-Operators may have under federal or state laws or under rules, regulations or orders promulgated under such laws in reference to oil, gas and mineral operations, including the location, operation, or production of wells, on tracts offsetting or adjacent to the Contract Area.

With respect to the operations hereunder, Non-Operators agree to release Operator from any and all losses, damages, injuries, claims and causes of action arising out of, incident to or resulting directly or indirectly from Operator's interpretation or application of rules, rulings, regulations or orders of any governmental authority having jurisdiction, including the Environmental Protection Agency; the California Department of Fish and Wildlife; the California department of Conservation, Division of Oil, Gas and Geothermal Resource; the California Air Resources Board; the California Water Resources Control Board; the San Joaquin Valley Air Pollution Control District; the Department of Energy or Federal Energy Regulatory Commission or predecessor or successor agencies to the extent such interpretation or application was made in good faith and does not constitute gross negligence. Each Non-Operator further agrees to reimburse Operator for such Non-Operator's share of production or any refund, fine, levy or other governmental sanction that Operator may be required to pay as a result of such an incorrect interpretation or application, together with interest and penalties thereon owing by Operator as a result of such incorrect interpretation or application.

ARTICLE XV.
MISCELLANEOUS

A. Execution:

This agreement shall be binding upon each Non-Operator when this agreement or a counterpart thereof has been executed by such Non-Operator and Operator notwithstanding that this agreement is not then or thereafter executed by all of the parties to which it is tendered or which are listed on Exhibit "A" as owning an interest in the Contract Area or which own, in fact, an interest in the Contract Area. ~~Operator may, however, by written notice to all Non-Operators who have become bound by this agreement as aforesaid, given at any time prior to the actual spud date of the Initial Well but in no event later than five days prior to the date specified in Article VI.A. for commencement of the Initial Well, terminate this agreement if Operator in its sole discretion determines that there is insufficient participation to justify commencement of drilling operations. In the event of such a termination by Operator, all further obligations of the parties hereunder shall cease as of such termination. In the event any Non-Operator has advanced or prepaid any share of drilling or other costs hereunder, all sums so advanced shall be returned to such Non-Operator without interest. In the event Operator proceeds with drilling operations for the Initial Well without the execution hereof by all persons listed on Exhibit "A" as having a current working interest in such well, Operator shall indemnify Non-Operators with respect to all costs incurred for the Initial Well which would have been charged to such person under this agreement if such person had executed the same and Operator shall receive all revenues which would have been received by such person under this agreement if such person had executed the same.~~

B. Successors and Assigns:

This agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, devisees, legal representatives, successors and assigns, and the terms hereof shall be deemed to run with the Leases or Interests included within the Contract Area.

C. Counterparts:

This instrument may be executed in any number of counterparts, each of which shall be considered an original for all purposes.

D. Severability:

For the purposes of assuming or rejecting this agreement as an executory contract pursuant to federal bankruptcy laws, this agreement shall not be severable, but rather must be assumed or rejected in its entirety, and the failure of any party to this agreement to comply with all of its financial obligations provided herein shall be a material default.

ARTICLE XVI.
OTHER PROVISIONS

A. Subsequently Created Interests:

If a Burdened Party elects to abandon any well under the provisions of Article VI.E. or elects to surrender a Lease (or any portion thereof or undivided interest therein) under the provisions of Article VIII.A. and, as a result thereof, becomes obligated to assign all or a portion of such Lease, or any undivided interest therein, to one or more of the other parties, then the interest assigned shall be free and clear of any such Subsequently Created Interest created by the Burdened Party and such Burdened Party shall indemnify, defend and hold harmless the assignees and their respective successors in interest from any and all claims and demands for payment asserted by the owners of the Subsequently Created Interest created by the Burdened Party.

B. Operator Liability:

Notwithstanding anything herein to the contrary and subject to Operator being removed in accordance with Article V.B. and Article XVI.S, in no event shall Operator have any liability as operator for any claim, damage, loss or liability sustained or incurred in connection with any operation or any other operation or activity prescribed or permitted hereunder or any breach of any provision regarding the standard of performance of an operator in performing operations under this agreement, EVEN IF SUCH CLAIM, DAMAGE, LOSS OR LIABILITY AROSE IN WHOLE OR IN PART FROM THE ACTIVE, PASSIVE, SOLE OR CONCURRENT NEGLIGENCE, STRICT LIABILITY OR OTHER FAULT OF OPERATOR OR ANY AFFILIATE OF OPERATOR OR ANY OFFICER, PARTNER, MEMBER, DIRECTOR, AGENT OR EMPLOYEE OF OPERATOR OR ANY AFFILIATE OF OPERATOR, OTHER THAN IF SUCH CLAIM, DAMAGE, LOSS OR LIABILITY AROSE FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF OPERATOR OR ANY AFFILIATE OF OPERATOR; it being understood by each party that any such claim, damage, loss or liability (other than that caused by the gross negligence or willful misconduct of Operator or any affiliate of Operator), shall be borne severally by the parties (including Operator) in proportion to their interests in the operations or activities giving rise to such claim, damage, loss or liability. Operator shall bear sole responsibility on behalf of the other parties to this agreement for any claim, damage, loss or liability to the extent any such claim, damage, loss or liability is caused by or arises out of the gross negligence or willful misconduct of Operator or any affiliate of Operator.

C. Confidentiality:

1. Except as otherwise specifically provided in this Article XVI.C., all information obtained pursuant to this agreement, including all geophysical, geological, and engineering data, well information, and any other marketing and sales information obtained pursuant to Article XVI.R.2, all other records and reports pertaining to the Contract Area or the operations thereon (collectively, the "Confidential Information") shall be the sole and confidential property of the parties receiving it pursuant to this agreement, and the parties agree, and do hereby bind themselves, their successors and assigns, to accept and keep the Confidential Information confidential and for the exclusive use of the parties concerned for the term of this agreement. If any portion of the Confidential Information becomes generally available to the public while this agreement is still in force, and such availability is not a result of a breach of this agreement, then at that time the confidentiality provisions of this Article XVI.C. shall cease to apply to that portion of the Confidential Information that has become generally available to the public.

2. Subject to Article XVI.R.2, any party may disclose Confidential Information, without the consent of any other party, (a) to any governmental authority when lawfully required by such governmental authority, (b) to potential and actual lenders, investors, co-investors and financial institutions, (c) to bona fide consultants and accredited engineering firms for the purpose of evaluation on a confidential basis, (d) to third parties with whom a party is engaged in a bona fide effort to sell all or part of its interest in the Contract Area in accordance with this agreement, (e) to third parties with whom a party is engaged in a bona fide effort to (i) effect a merger or consolidation, (ii) sell all or a controlling part of

its stock or other equity capital, or (iii) sell all or substantially all of its assets or (f) to an affiliate, director, owner, auditor, employee, member, partner or officer of a party; provided that any third party who is permitted access to Confidential Information pursuant to provisions (b), (c), (d) or (e) of this paragraph (collectively, the "Permitted Third Parties"), shall agree in writing prior to that access not to communicate such information to anyone and to make no use of such information adverse to the parties hereto during the period of time such information remains confidential hereunder.

3. Except as expressly provided hereunder, Operator makes no representations or warranties, express, statutory or implied, as to the accuracy, quality, or completeness of the Confidential Information. Operator shall not be liable to any other party or to any Permitted Third Party in contract, tort, securities laws or otherwise as a result of such other party's (or such Permitted Third Party's) use or disclosure of the Confidential Information, or errors therein or omissions therefrom. Each party accepts the Confidential Information "as is, where is, with all faults", and agrees that neither it nor any of its affiliates, representatives, owners, successors, or assigns shall rely upon the Confidential Information without first satisfying itself as to, and making independent verification of, the accuracy and completeness of such Confidential Information.

D. Regulatory Filings:

Operator shall use its reasonable efforts to obtain any governmental approvals or permits necessary to carry out operations under this agreement and shall prepare and file, in material compliance with law and other applicable requirements, the notices, reports and applications referred to in Article V.D.6. However, in no event shall Operator have any liability to any Non-Operator in obtaining, making or prosecuting (or failing to obtain, make or prosecute) any such approval, permit, or filing or in rendering (or failing to render) any notice, report or application, absent Operator's gross negligence or willful misconduct. Any penalties incurred as a result of any incorrect filing, notice, report or application shall, in the absence of Operator's gross negligence or willful misconduct, be charged to the parties owning the production to which the penalty pertains in proportion to such ownership.

E. Non-Operator Liability for Site Visits:

Each Non-Operator shall indemnify, defend and hold harmless Operator from and against any and all liability in excess of insurance coverage carried for the joint account for injury to such Non-Operator's officers, employees, invitees and/or agents, resulting from or relating to the presence of any such officers, employees, invitees and/or agents at any well location or production facility on the Contract Area or from any such person's traveling to or from such location or facility, other than any such injury and resulting liability caused by the gross negligence or willful misconduct of Operator.

F. Proposing and Participating in Operations:

No party may elect to participate in only part of a proposed Subsequent Well and Facility Program. When a Subsequent Well and Facility Program is proposed pursuant to Article VI, each non-proposing party must elect either to participate in the entire proposed Subsequent Well and Facility Program or to go non-consent with respect to the entire proposed Subsequent Well and Facility Program.

G. Controlling Language:

In the event of any conflict between any provision of this Article XVI. and any other provision of this agreement, the provisions of this Article XVI. shall control and prevail.

H. Preparation of Operating Agreement:

Each Party hereto and its respective counsel participated in the preparation of this agreement. In the event of any ambiguity in this agreement, no presumption shall arise based on the identity of the draftsman of this agreement.

I. Headings for Convenience Only:

The headings and titles in this agreement are for guidance and convenience of reference only and do not limit or otherwise affect or interpret the provisions of this agreement.

J. References:

Each reference made in this agreement to an Article refers to the applicable Article in this agreement, unless the context clearly indicates otherwise. The words “this Article”, refers only to the Article hereof in which those words occur. Each reference made in this agreement to an Exhibit or Schedule refers to the applicable Exhibit or Schedule attached hereto, unless the context clearly indicates otherwise. Each Exhibit and Schedule attached hereto is made a part hereof.

K. Related Definitional Matters:

As used in this agreement, (a) any pronoun in masculine, feminine or neuter gender shall be construed to include all other genders, (b) the term “including” shall be construed to be expansive rather than limiting in nature and to mean “including without limitation”, except where the context expressly otherwise requires, (c) each term defined in this agreement in the singular shall include the plural of that term, and each term defined in this agreement in the plural shall include the singular of that term, and (d) the words “this agreement”, “herein”, “hereby”, “hereunder”, and “hereof”, and words of similar import refer to this agreement as a whole and not to any particular part of this agreement unless the context clearly or expressly provides or indicates otherwise.

L. Consequential Damages:

None of the parties shall be entitled to recover from any other party, or such parties’ respective affiliates (as defined in Exhibit “C”), any indirect, consequential, punitive or exemplary damages arising under or in connection with this agreement or the transactions contemplated hereby, except to the extent any such party suffers such damages (including costs of defense and reasonable attorneys’ fees incurred in connection with defending such damages) to a third party, which damages (including costs of defense and reasonable attorneys’ fees incurred in connection with defending against such damages) shall not be excluded by this provision as to recovery hereunder. Subject to the preceding sentence, each party, on behalf of itself and each of its affiliates (as defined in Exhibit “C”), waives any right to recover punitive, special, exemplary and consequential damages arising in connection with or with respect to this agreement or the transactions contemplated hereby. Notwithstanding anything herein to the contrary, nothing in this agreement shall be construed to limit a party’s recovery of lost profits to the extent such lost profits constitute direct damages. Further, the parties each agree not to assert any claims against the other party for any of the foregoing damages.

M. Severability:

If any term or other provision of this agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any adverse manner to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties shall negotiate in good faith to modify this agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

N. Amendment:

This agreement may be amended only by an instrument in writing executed by all of the parties hereto and expressly identified as an amendment or modification. Notwithstanding the foregoing, the Operator is hereby authorized to revise, modify or supplement Exhibit “A” to this Agreement to evidence any changes in or additions to the Contract Area or the Oil and Gas Interests and/or Oil and Gas Leases forming a part of or covered by the Contract Area (to the extent Operator provides supporting documentation evidencing such changes) and to correct any ministerial errors that the Operator may find from time to time in Exhibit “A”. The provisions of this agreement shall constitute a covenant running with the land and shall remain in full force and effect and be binding upon and inure to the benefit of the parties and their respective permitted successors and assigns, in each case, until this agreement terminates.

O. Memorandum of Operating Agreement:

The parties agree that upon execution of this agreement, the parties will also execute the applicable Memorandum of Operating Agreement in the form set forth in Exhibit "H" hereto for recordation by either party in the ordinary course of business, in the county or counties and the state in which the Contract Area is located.

P. Adjustments to Contract Area:

In the event any Interest or Lease is assigned pursuant to this agreement, the interests of the parties reflected on Exhibit "A" shall be revised on an acreage basis, effective as of the date of such assignment, to reflect the assignment.

Q. Development of Contract Area:

1. "Designated Operator" shall mean, as of any date with respect to any Subsequent Well and Facility Program, the entity designated as of such date pursuant to the terms of this agreement to act as Operator during the effective period of such Subsequent Well and Facility Program; provided that Berry shall not be deemed to be the Designated Operator with respect to any Subsequent Well and Facility Program unless Linn has (i) failed to exercise its right for Linn or an affiliate of Linn to assume operatorship pursuant to Article XVI.S.1 and has failed to propose a third party operator to assume operatorship pursuant to Article XVI.S.1 on or before the date occurring sixty (60) days prior to the commencement of the effective period of such Subsequent Well and Facility Program; (ii) been removed for cause, resigned from its role as Operator in accordance with Article V.B.1, or been deemed to have resigned from its role as Operator under Article V.B.3; or (iii) transferred its interests to Berry in accordance with Article XVI.R or failed to comply with any of Linn's obligations under Article XVI.R.

2. Each well drilled on the Contract Area after the Initial Well and Facility Program shall be drilled as part of a Subsequent Well and Facility Program that is proposed by the Designated Operator for the period during the effective period of such Subsequent Well and Facility Program. A "Subsequent Well and Facility Program" means an operation consisting of (a) the drilling of a series of wells or a single well in a portion of the Contract Area to be specified in the proposal for such Subsequent Well and Facility Program, (b) all water flood and steam flood operations in connection with such well or wells, (c) the construction or upgrade of all infrastructure that will service such well or wells, including water pumps, steam generators, upgraded pumps and generators, and other surface equipment, (d) the conversion of any previously producing wells to injection wells that will benefit such well or wells, (e) all operations necessary for the drilling and Completion of such well or wells, and (f) all other operations necessary to cause such well or wells and infrastructure to be completed. Each Subsequent Well and Facility Program shall include all wells that will be included in a particular water flood or steam flood operation and that will be serviced by a specified set of infrastructure, including water pumps, steam generators, upgraded pumps and generators, and other surface equipment. Designated Operator shall include an AFE with such proposal, which AFE shall include all costs and expenses reasonably estimated to be necessary to be incurred to complete such Subsequent Well and Facility Program. If a party elects not to participate in a Subsequent Well and Facility Program, then such party shall not be entitled to participate in any future operations relating to the wells or any infrastructure construction or infrastructure upgrade related to such Subsequent Well and Facility Program, including an operation to Rework, Sidetrack, Deepen, Recomplete or Plug Back such wells, until any relinquishment under this agreement relating to such Subsequent Well and Facility Program is no longer effective.

3.

   a. Subject to Article XVI.Q.3b, on or prior to December 1 of each year, beginning on December 1, 2018, Designated Operator shall deliver a non-binding plan for the following year setting forth each Subsequent Well and Facility Program that Designated Operator expects to be proposed during such following year, and a preliminary budget that Designated Operator expects to be required for operations relating to each such Subsequent Well and Facility Program during such following year.

b. R. Transfers; Limited Right of First Refusal:

1. If Linn Operating, Inc. (or its affiliate) or Linn Energy Holdings, LLC (or its affiliate) ("Linn") proposes or desires to sell or transfer its (a) interests under this agreement, (b) rights and interests in the Contract Area, or (c) interest in the Leases or wells within the Contract Area (such rights and interests of a party are referred to herein as such party's "Interests") to any third Person (including a Quantum Related Party) (such third Person, a "Transferee", and such proposed sale or transfer, a "Transfer"), then Linn shall promptly deliver written notice of such proposed sale or transfer to Berry Petroleum Company, LLC ("Berry"), Linn shall only sell all and not part of the Linn Interests and any such Transfer shall include all of the Interests of both Linn and Berry; provided that Berry shall alternatively be entitled to submit a bid for the Linn Interests as a potential purchaser and Linn shall not discriminate against Berry in Linn's evaluation of any bids submitted as part of any marketing or sales process or evaluation of offers. In the event that Berry does not purchase the Linn Interests, Berry shall consent to any Transfer and sell the Berry Interests on the same terms and conditions as Linn has agreed to with the Transferee with respect to such Transfer in accordance with Article XVI.R.3. Any instrument documenting a Transfer shall include a representation, to Linn and Berry, by the relevant proposed purchaser stating that such purchaser is not (i) an affiliate of Quantum Energy Partners, (ii) a Person in which Quantum Energy Partners or any affiliate of Quantum Energy Partners directly or indirectly (including through one or more subsidiaries) holds an economic interest equal to or greater than twenty-five percent (25%), or (iii) a Person from which a Person described in clause (i) or (ii) of this sentence has a contractual right on the proposed date of sale of Linn's Interests to purchase such Interests, save to the extent that Linn has provided an Offer Notice to Berry pursuant to Articles XVI.R.7 and Berry has not exercised its rights in relation to the Offered Interests within the prescribed period set out in Articles XVI.R.6 to 9.

2. If at any stage during a marketing or sales process, Berry notifies Linn that Berry does not intend to participate as a potential purchaser in the marketing and sale of the Interests under such marketing or sales process, then Berry shall be entitled to participate as an observer of such process and obtain from Linn all such information as may reasonably be requested by Berry, and Berry shall provide such assistance with potential purchasers as may reasonably be requested by Linn. Upon delivery of such notice, Berry shall be deemed to have waived all of its rights under Articles XVI.R. 6 to 9 with respect to such marketing or sales process and any information so received by Berry shall not be disclosed to any other Person save with the prior consent of Linn.

3. If Linn receives an offer for the Transfer of its Interests or otherwise finalizes the terms and conditions of the Transfer of its Interests (whether pursuant to a marketing or sales process or otherwise), then Linn shall, within three (3) days after the final terms and conditions of such Transfer have been fully negotiated, deliver a written notice (a "Transfer Notice") to Berry informing Berry of such Transfer and disclosing all of the final terms and conditions of the Transfer, including: (a) the name of the Person that has offered to purchase the Interests; (b) the price and the other terms and conditions of the proposed Transfer; (c) a copy of all documentation and instruments establishing such terms; and (d) the proposed date, time and location of the closing of the proposed Transfer, which shall not be less than 30 days from the date of the Notice. Unless Berry purchases the Linn Interests pursuant to the provisions of Articles XVI.R.6 to 9, Berry shall consent to, join in and participate in such Transfer with respect to all of its Interests on the same terms and conditions as Linn has agreed to with the Transferee with respect to all of Linn's Interests. Berry shall raise no objections against and shall not impede or delay such Transfer and will take or cause to be taken all other actions reasonably necessary or desirable to cause the consummation of such Transfer (and any related transactions) on the terms proposed by Linn, including, without limitation, executing any

applicable agreements and transaction documents negotiated by Linn in connection with such Transfer. Berry agrees that (a) it shall make the same representations and warranties, covenants and indemnities as Linn agrees to make in connection with the Transfer; (b) neither Linn nor Berry shall be liable for the breach of any covenants of the other party in connection with the Transfer; (c) neither Linn nor Berry shall be required to make any representations or warranties or provide indemnities with respect to the other party or such other party's undivided working interest in the Interests; (d) any liability relating to representations or warranties (and related indemnities) or other indemnification obligations regarding the Interests shall be shared on a several (but not joint) basis by Linn and Berry in proportion to such party's undivided working interest in the Interests; and (e) neither Linn nor Berry shall be responsible to the other party for any liabilities or indemnities in connection with such Transfer in excess of the proceeds received by such party in such Transfer.

4. Unless otherwise agreed, each of Linn and Berry will bear (a) its own costs of any transfer of its Interests pursuant to a Transfer to a third party Transferee and (b) its proportionate share of any costs arising pursuant to a Transfer to a third party Transferee to the extent such costs are incurred for the benefit of all parties participating in such Transfer and are not otherwise paid by the Transferee.

5. Notwithstanding anything contained in this Article XVI.R., but subject to compliance with the terms of Articles XVI.R.6 to 9, neither Linn nor any of its affiliates shall have any liability or obligation if Linn determines, for any reason, not to consummate a Transfer, and Linn shall be permitted to discontinue at any time any Transfer without any liability or obligation to Berry or its affiliates therefor.

6. Notwithstanding anything to the contrary contained in this agreement, unless such right has been waived pursuant to Article XVI.R.2, if Linn receives an offer (whether pursuant to a marketing or sales process or otherwise and whether solicited or unsolicited) from a Quantum Related Party for the purchase of Linn's Interests that Linn desires to accept, or Linn otherwise negotiates the terms and conditions (including the purchase price) of a sale to a Quantum Related Party of Linn's Interests, then Berry shall have a right of first refusal to purchase Linn's Interests (the "Offered Interests") in accordance with Articles XVI.R.7 to 9.

7. Linn shall, within three days of receipt of the offer from or the finalization of such terms and conditions with the Quantum Related Party, give written notice (the "Offer Notice") to Berry stating that Linn has received a bona fide offer from or has otherwise finalized such terms and conditions with a Quantum Related Party and specifying: (a) the name of the Person that has offered to purchase the Offered Interests or to which the Offered Interests are otherwise contemplated to be sold; (b) the price and the other terms and conditions of the proposed transaction; (c) a copy of the applicable offer letter and any other instruments establishing such terms, including any draft purchase and sale agreement; and (d) the proposed date, time and location of the closing of the proposed transaction. The Offer Notice shall constitute Linn's offer to transfer the Offered Interests to Berry which may be accepted by Berry pursuant to the terms of Article XVI.R.8 below at any time within two (2) days of the date of delivery of such Offer Notice; provided that such two (2) day period shall be extended to thirty (30) days with respect to any proposed Transfer to a Quantum Related Party other than pursuant to a marketing and sales process in which Berry had a right (whether waived or not) to participate as a potential purchaser (the "ROFR Notice Period").

8. Upon receipt of the Offer Notice, Berry shall have the right to elect to purchase all (but not less than all) of the Offered Interests by delivering a written notice (a "ROFR Offer Notice") to Linn stating that Berry elects to purchase the Offered Interests on the terms specified in the Offer Notice on or prior to the last day of the ROFR Notice Period. Any ROFR Offer Notice shall be binding upon delivery and irrevocable by Berry. If Berry delivers a ROFR Offer Notice during the ROFR Notice Period, then, within ten (10) days after the delivery of such ROFR Offer Notice, Berry and Linn shall execute a purchase and sale agreement for the sale and purchase of the Offered Interests and shall consummate and close such sale and purchase within fifty-five (55) days after the delivery of such ROFR Offer Notice on the same terms and conditions as those set forth in the Offer Notice. If Berry does not deliver a ROFR Offer Notice during the ROFR

Notice Period, execute a purchase and sale agreement or consummate and close such purchase within the applicable deadlines set forth in the immediately preceding sentence, then Berry shall be deemed to have waived all of its rights to purchase the Offered Interests under the terms of Articles XVI.R.6 to 9, but the other terms and conditions of this Article XVI.R shall continue to apply.

9. If such Transfer to the Quantum Related Party is not closed during the sixty (60) day period immediately following the date Berry is deemed to have waived its rights pursuant to Article XVI.R.8 above, the rights provided under Articles XVI.R.6 to 9 shall be deemed to be revived, subject always to Article XVI.R.2, and such Interests shall not be transferred to the Quantum Related Party unless Linn sends a new Offer Notice in accordance with, and otherwise complies with, Article XVI.R.6.

10. In the event any Transfer includes any of Linn's assets other than the Interests, or if the transaction is structured as a Change of Control, including if sold pursuant to Articles XVI.R.6 to 9, then the purchase price attributable to the Interests shall be determined based on the value allocated to Linn's Interests in good faith by Linn and the relevant Transferee; provided, however, that, with respect to any proposed Transfer to a Quantum Related Party under which Berry exercises its right under Article XVI.R.8, if Linn and such Quantum Related Party have not yet allocated value to Linn's Interests at the time of such exercise by Berry, then the value allocated to Linn's Interests shall be jointly determined by Linn and Berry in good faith.

S. Transfer of Operatorship

1. Linn shall have the right to request for itself, an affiliate or a third party to become, at any time after March 31, 2018, Operator for all purposes of this agreement by delivering written notice of such request to Berry, which notice shall, (i) to the extent the proposed Operator is a third party, include a certification that such third party is reasonably qualified to operate and develop the Contract Area, and (ii) be delivered not less than 60 days prior to the date on which Linn is proposing the change of Operator to occur. If Linn proposes that it or its affiliate shall become Operator, Berry will be deemed to have approved such request and the relevant entity shall become Operator on the date specified in the written notice. Should Linn propose to appoint a third party as Operator, Berry shall have a period of 15 days to review and approve such request. If Berry approves such request within such 15 day period, or fails to deliver a written notice of disapproval of such request within such 15 day period (in which case Berry shall be deemed to approve such request), then, on the date that is specified in the notice, such third party shall become Operator for all purposes of this agreement without the need for any vote. During such 60 day period, Berry shall use commercially reasonable efforts to assist in the transition of Linn, its affiliate or the relevant third party to the role of Operator. Berry shall not unreasonably withhold its approval of any request made by Linn for a change of Operator pursuant to this Article XVI.S.1, it being agreed that in no event shall a Quantum Related Party be permitted to serve as Operator under this Agreement.

2. Notwithstanding any other provision of this agreement to the contrary, if Linn sells or transfers (including as part of a Change of Control with respect to Linn) all of its interests under this agreement and/or all of its rights and interests in and to the Contract Area to a third party in accordance with this agreement (any such sale or transfer, a "Linn Exit Event"), then, contemporaneously with such Linn Exit Event, Linn's transferee (or such transferee's affiliate) shall automatically become Operator of the Contract Area.

3. Notwithstanding any other provision of this agreement to the contrary, if Berry sells or transfers (including as part of a Change of Control with respect to Berry) all of its interests under this agreement and/or all of its rights and interests in and to the Contract Area to a third party (any such sale or transfer, a "Berry Exit Event"), then, contemporaneously with such Berry Exit Event, Linn (or its affiliate) shall automatically become Operator hereunder and shall succeed Berry (or its assignee or successor, if applicable) as Operator for all purposes of this agreement, without requirement of any vote or further action by the parties. Berry shall deliver written notice to Linn promptly after the execution of any definitive documentation pursuant to which a Berry Exit Event may occur, and the closing of such Berry Exit Event shall not occur less than 30 days after the date that such notice is delivered.

T. Audit Rights:

Notwithstanding the termination of this agreement, with respect to any operation undertaken in the Contract Area hereunder, the access rights set forth in Article V.D.5. shall survive for a period of three years after the completion of such operation.

If such conditions cause an increase or decrease in BCCK's cost of, or time required for, performance of any part of the Work, BCCK (with respect to an increase) and Linn (with respect to a decrease) shall be entitled to an equitable adjustment in the Contract Price or Target Completion Date, or both. Upon receipt of notice from BCCK, Linn will promptly investigate such conditions and BCCK and Linn shall negotiate in good faith to determine whether an adjustment(s) is appropriate, and if so, the amount of such adjustment(s) and to execute a Change Order evidencing the adjustment(s).

The report as a minimum shall specify whether the Project is on schedule, and if not, the reasons therefor and all steps BCCK is taking to recover its timely progress. BCCK shall hold weekly progress meetings (which shall be at the Job Site as necessary, but at least monthly, with other by video conference) or at such other time and frequency as are acceptable to Linn. Progress of the Work shall be reported in detail with reference to the construction schedule. Whenever it becomes apparent from the updated construction schedule (as adjusted for Excusable Delay) that any Milestone date may not be met, BCCK shall take any or all actions, including but not limited to the actions immediately following this paragraph, to return the Project to schedule, with no increase to the Contract Price or Target Completion Date. If BCCK fails to commence any of these actions within seventy-two (72) hours after receiving notice (excluding Saturdays and Sundays) from Linn, then Linn may (i) take action to attempt to return the Project to schedule and (ii) deduct the cost of such actions from the monies due or to become due to BCCK.

a. Increase construction manpower to substantially eliminate the back-log of work and return the Project to schedule;

b. Increase the number of working hours per shift, shifts per day or the amount of construction equipment or any combination of the foregoing which will substantially eliminate the back-log of work and return the Project to schedule; and/or

c. Reschedule activities to concurrently accomplish activities, to the maximum degree practicable.

xvii. BCCK shall maintain at the Job Site, and shall make available to Linn, one (1) record copy of the construction drawings (the "***Record Drawings***") in good order. The Record Drawings shall be prepared and updated during the prosecution of the Work. BCCK shall maintain the Record Drawings in good condition and shall mark the Record Drawings in a legible manner to show: (1) deviations from the construction drawings made during construction; (2) details in the Work not previously shown; (3) changes to existing conditions or existing conditions found to differ from those shown on any existing drawings; and (4) the actual installed position of all components of the Work, including, without limitation, equipment, piping, conduits, electric fixtures, circuiting, ducts, duct banks, foundations, underground piping, junction boxes, access panels, valves, control valves, drains, openings, and stub-outs. At the completion of the Work, BCCK shall deliver all Record Drawings to Linn. Final payment and any retainage shall not be due and owing to BCCK until the final Record Drawings marked by BCCK as required above are delivered to Linn.

xviii. BCCK shall ensure that the Work, at all times, is performed in a manner that affords reasonable access, both vehicular and pedestrian, to the Job Site and all adjacent areas. The Work shall be performed, to the fullest extent reasonably possible, in such a manner that public areas adjacent to the Job Site shall be free from all debris, building materials and equipment likely to cause hazardous conditions.

xix. BCCK shall provide Linn with access to the Work in preparation and progress wherever located. Linn shall not unreasonably interfere with the progress or performance of the Work in the exercise of such access rights.

xx. BCCK shall (a) comply with all Environmental Laws, (b) handle, store, and utilize all Hazardous Substances originated or brought to the Job Site by BCCK or BCCK's Personnel or BCCK's Subcontractors in accordance with all Legal Requirements, (c) prevent such Hazardous Substances from being released on or about the Job Site, and (d) immediately notify Linn of each release of any Hazardous Substance on or about the Job Site. In no event shall BCCK have any responsibility or liability to Linn or others for any Hazardous Substances located at the Job Site on or prior to the Effective Date or now or hereafter released at the Job Site by Linn or others, except for releases knowingly caused by BCCK, any of BCCK's Personnel, or any of BCCK's Subcontractors.

Certain designated provisions of this Agreement will survive the completion of the Agreement including, but not limited to **Article 11** "Indemnities", **Article 12** "Title", **Article 18** "Limited Warranty", and **Article 20** "Patents, Trade Secrets, and Confidential Information", whether the termination is due to completion of the Work or for other cause.

5 Inspection and Acceptance

Linn and its authorized representative(s) shall have the right at all times during the progress of Work, but not the obligation, to examine, inspect, or witness any portion of or all Work and materials furnished by BCCK hereunder. If any portion of the Work or any materials furnished by BCCK are defective or do not conform to this Agreement or the Drawings, Plans, and Specifications, then BCCK shall, at BCCK's expense, immediately repair or replace such defective portion of the Work or materials. However, no inspection and no expressed, implied or tacit approval by Linn's authorized representative of BCCK's performance or any portion of the Work shall constitute Mechanical Completion thereof by BCCK nor shall it constitute Successful Achievement of the Performance Specifications thereof by BCCK nor shall it relieve BCCK of its obligations under this Agreement, including its obligations under **Article 18** entitled "Limited Warranty". BCCK shall cooperate fully with Linn in all inspections under this **Article 5**. Linn shall not unreasonably interfere with the progress or performance of the Work in the exercise of its rights under this **Article 5**.

5.1 Mechanical Completion

Pursuant to clause iii below, BCCK shall give Linn written notice when BCCK believes that Mechanical Completion of the Linn Chisholm Trail Cryogenic Gas Plant is accomplished. Mechanical Completion of the Linn Chisholm Trail Cryogenic Gas Plant shall occur pursuant to the following procedures:

i. BCCK has completed all construction and installation activities including the Mechanical Integrity Testing of the Linn Chisholm Trail Cryogenic Gas Plant. The construction of the Linn Chisholm Trail Cryogenic Gas Plant is complete in accordance with the Drawings, Plans, and Specifications, applicable Legal Requirements, and Industry Standards, the Operating Manuals have been issued, and the Linn Chisholm Trail Cryogenic Gas Plant is ready for operation.

ii. All inspections required by state, federal or local regulatory agencies with respect to the Work shall have been performed. BCCK shall arrange and pay for such inspections (other than the Operational Permit from ODEQ which is to be obtained by Linn). Any required inspections shall be completed prior to BCCK issuing Notice of Mechanical Completion.

iii. Upon completion of the activities described in **Section 5.1i** and **ii**, BCCK will issue a notice of Mechanical Completion stating that the Linn Chisholm Trail Cryogenic Gas Plant is complete and ready to begin final Commissioning activities.

iv. Linn shall complete any physical inspections, if required, within ten (10) Days of receipt of BCCK's Notice of Mechanical Completion, or the Linn Chisholm Trail Cryogenic Gas Plant shall be deemed to be Mechanical Complete on the eleventh (11th) Day after Linn's receipt of such Notice; provided that Linn may notify BCCK that Linn needs additional time to complete its inspections and the ten (10) day period shall be extended as

reasonably needed for Linn to complete the inspections and issue its response to BCCK. This date shall be known as the Mechanical Completion Date. If Linn advises BCCK of any Work to be completed or redone for any part of the Linn Chisholm Trail Cryogenic Gas Plant or that any other requirements for Mechanical Completion are insufficient, then, after the repairs (or other requirements) are complete, BCCK will again give a notice of Mechanical Completion under clause iii above and subject to Linn's inspection rights under this clause iv..

Except as otherwise provided herein; Linn shall take possession of the Linn Chisholm Trail Cryogenic Gas Plant on the Mechanical Completion Date. At this point in time, BCCK shall no longer have responsibility for the care, custody, supervision and control of the Linn Chisholm Trail Cryogenic Gas Plant and any and all persons or property in the Linn Chisholm Trail Cryogenic Gas Plant, except for BCCK's Personnel. However, BCCK shall keep its liability and worker's compensation insurance in effect while BCCK's Personnel are on the Job Site. Natural gas will not be introduced into the Linn Chisholm Trail Cryogenic Gas Plant for the purpose of initiating plant start-up (but can be introduced for initial Commissioning) until Mechanical Completion is achieved and Notice of Mechanical Completion has been issued by BCCK.

5.2 Successful Achievement of the Performance Specifications

Successful Achievement of the Performance Specifications of the Linn Chisholm Trail Cryogenic Gas Plant shall occur pursuant to the following procedures:

i. The Mechanical Completion Date has occurred and all construction is complete except for minor punch-list items which BCCK shall complete within sixty (60) days after the date of Successful Achievement of the Performance Specifications.

ii. BCCK shall have furnished to Linn (a) written notice that BCCK believes that the Linn Chisholm Trail Cryogenic Gas Plant is operating to the **Schedule "D"** Specifications, (b) an unconditional release and waiver of M&M liens in the form attached to this Agreement as **Schedule "H"** from BCCK for prior Work for which payment has been made by Linn, (c) an all bills paid affidavit in form attached to this Agreement as **Schedule "I"** with respect to BCCK's Subcontractors, (d) a copy of all licenses and permits for the Work required to be obtained by BCCK, (e) a copy of all manufacturer's warranties and manuals and other information for the equipment (including the Procured Equipment, but not the equipment otherwise provided by Linn) installed at the Linn Chisholm Trail Cryogenic Gas Plant, and (f) unless included on the punch-list, the Record Drawings, the As-Built Drawings, the Operating Manual, and the Job Book. If any Subcontractor connected with the Project refuses to furnish such release of liens, BCCK may furnish Linn with a bond duly issued by a bonding company authorized to do business in the State of Oklahoma in a form sufficient under Oklahoma law (or other security acceptable to Linn) indemnifying Linn against any such lien, which bond or other security shall remain in full force and effect until such lien is discharged of record or otherwise satisfied, or in the case of a mechanical lien can no longer be obtained.

iii. After completion of the activities described in **Section 5.2i** and **ii**, Linn shall give BCCK written notice of whether the Linn Chisholm Trail Cryogenic Gas Plant is operating to the **Schedule "D"** Specifications. If Linn advises BCCK of any Work to be completed or redone for any part of the Linn Chisholm Trail Cryogenic Gas Plant or that any other requirements for the Linn Chisholm Trail Cryogenic Gas Plant to operate to the **Schedule "D"** Specifications are insufficient, then, after the repairs (or other requirements) are complete, BCCK will again give a notice of BCCK's belief that the Linn Chisholm Trail Cryogenic Gas Plant is operating to the **Schedule "D"** Specifications under clause ii above subject to Linn's inspection rights under this clause iii. BCCK shall have the right to have the Linn Chisholm Trail Cryogenic Gas Plant shut down for a reasonable amount of time to complete such repairs (or requirements).

iv. In connection with Linn's determination of whether Successful Achievement of the Performance Specifications has occurred, it shall prepare a punch-list of items that still need to be completed. Linn shall provide a copy of the punch-list to BCCK, which shall agree to complete the punch-list within sixty (60) days as a condition precedent to Successful Achievement of the Performance Specifications.

v. If due to Owner Delay the **Schedule "D"** performance testing is not conducted within ninety (90) days after the Mechanical Completion Date, then, Successful Achievement of the Performance Specifications of the Linn Chisholm Trail Cryogenic Gas Plant shall be deemed to have occurred on the ninety-first (91st) day after the Mechanical Completion Date. Additionally, if due to Force Majeure the **Schedule "D"** performance testing is not conducted within one-hundred eighty (180) days after the Mechanical Completion Date, then, Successful Achievement of the Performance Specifications of the Linn Chisholm Trail Cryogenic Gas Plant shall be deemed to have occurred on the one-hundred eighty-first (181st) day after the Mechanical Completion Date.

vi. Upon BCCKs completion of the punch-list work, BCCK shall (A) execute and deliver to Linn a conditional release and waiver of M&M liens in the form attached to this Agreement as **Schedule "G"** to release any right of BCCK to claim mechanical liens and (B) to the extent not previously delivered, deliver to Linn a conditional release and waiver of M&M liens in form attached as **Schedule "G"** from all Major Subcontractors to release any right of a Major Subcontractor to claim mechanical or material man liens.

6 Taxes

Sales and other taxes have not been included in the Contract Price. Linn will be responsible for Oklahoma gross receipts, compensating, and property taxes reasonably related to and incurred by BCCK as a result of performance of the services described in this Agreement; subject to the requirements of this **Article 6**. Linn shall not be responsible for federal or Oklahoma income or withholding tax assessed on BCCK or others or for Texas or other states' taxes levied on the income of BCCK or others.

BCCK shall, and shall cause BCCK's Affiliates to, use their respective re-seller's certificate (or similar certificate) when purchasing any and all equipment, supplies, and other taxable items for the Linn Chisholm Trail Cryogenic Gas Plant, so that BCCK and BCCK's Affiliates shall not pay any sales, use, or other similar tax for which Linn would be responsible to reimburse BCCK under this Agreement to the extent such re-seller's certificate permits such equipment, supplies or other items to be exempt for sales or other taxes under applicable Legal Requirements. Linn has applied for and will provide to BCCK upon receipt a manufacturer's certificate for Oklahoma, and BCCK shall not charge or invoice Linn for any taxes with respect to any equipment, supplies, or other items that are exempt from taxation under the manufacturer's certificate. Subject to the previous provisions of this **Article 6** Linn will reimburse BCCK, with each invoice, for any sales, use, and property taxes now or hereafter imposed by any governmental body or agency upon the Linn Chisholm Trail Cryogenic Gas Plant related to the possession, operation, use or purchases of equipment, supplies or materials hereunder that are paid by BCCK that are not subject to Linn's manufacturer's certificate or exempt from sales, use or other taxes by virtue of BCCK's reseller's certificate. BCCK will remit tax payments to the applicable governmental bodies or agencies having jurisdiction over such taxes on Linn's behalf and reconcile the tax account at the end of the Project. Balancing of this account will be based on actual tax liability and any shortfalls in tax liability shall be paid by Linn. Any amounts Linn submits in excess of the tax liability BCCK pays to the applicable governmental bodies or agencies will be remitted to Linn by BCCK.

7 Maintenance and Repair

Except as otherwise provided herein to achieve Successful Achievement of the Performance Specifications, provide Start-up Assistance, and provide the Limited Warranty, BCCK shall not have any obligation after Mechanical Completion of the Linn Chisholm Trail Cryogenic Gas Plant to Linn to test, adjust, maintain, repair, or service the Linn Chisholm Trail Cryogenic Gas Plant under this Agreement, other than the assistance with performance testing pursuant to **Schedule "D"**. After such Mechanical Completion, Linn, at its own cost and expense will:

i. Pay all charges in connection with the start-up, including third party technicians, other than Start-up Assistance provided by BCCK per **Schedule "C"** of this Agreement, and operation of the Linn Chisholm Trail Cryogenic Gas Plant;

ii. Provide any required metering for custody transfer and any associated line taps, as may be required to deliver the NGL's to market;

iii. Make all repairs and replacements necessary to maintain, preserve, and keep the Linn Chisholm Trail Cryogenic Gas Plant in good operating condition and working order and pay for ordinary maintenance and for consumable replacement parts as well as replace any equipment or parts which fail due to lack of maintenance or negligence of Linn;

iv. If within the warranty period, secure the written consent of BCCK prior to making any alterations, additions, or improvements to the Linn Chisholm Trail Cryogenic Gas Plant that would reasonably be expected to have a material adverse effect as to performance of the Linn Chisholm Trail Cryogenic Gas Plant within the limited warranty period provided for in **Article 18** of this Agreement. BCCK's sole remedy for failure of Linn to secure such consent shall be termination of such limited warranty insofar only as any such alterations, additions or improvements have a material adverse effect on the performance of the Linn Chisholm Trail Cryogenic Gas Plant as built or thereafter modified by BCCK. Any request by Linn for such written consent shall be promptly considered by BCCK within five (5) days, and such written consent shall be withheld only if such proposed alterations, additions or improvements will have a material adverse effect on the performance or safe operation of the Linn Chisholm Trail Cryogenic Gas Plant as built or thereafter modified by BCCK within the warranty period. Failure by BCCK to notify Linn in writing whether consent is given or withheld within such five (5) day period, shall be deemed to be consent by BCCK.

8 Care and Use

During the Construction Phase, it shall be Linn's responsibility to maintain all perimeter fencing and during non-construction hours security devices and security personnel as shall be necessary to restrict access to the Job Site and to prohibit non-authorized persons from having access to all or any portion of the Job Site. As agreed by the parties, it shall be BCCK's responsibility for security personnel and to prohibit non-authorized persons from having access to all or any portion of the Job Site during construction hours. During the Construction Phase, BCCK shall be responsible for noise abatement, Project health and safety, and containment procedures as shall be necessary to prevent a nuisance, damage or injury to adjacent property owners, BCCK's or Linn's agents, employees, invitees or Subcontractors or any environmental hazard or pollution risk.

9 Insurance

9.1 Bonds

Within fourteen (14) days after the Effective Date, BCCK shall provide to Linn a payment and performance bond in an amount determined by Linn (and communicated to BCCK within seven (7) days after the Effective Date) guaranteeing to Linn the timely payment of all Subcontractors and the timely performance by BCCK of all of its obligations under this Agreement. The cost of this payment and performance bond is not included in the Contract Price and BCCK's cost therefor will be added to the Contract Price by Change Order once the cost is determined. Notwithstanding anything to the contrary contained in this Agreement Linn's obligation to pay BCCK is subject to the requirements, if any, of the bond and the bonding company with respect to payments.

Such insurance shall be for an amount that shall not be less than $1,000,000 combined single limit.

iv. Workers Compensation Insurance as required by the statutory limits of the worker’s compensation laws of the State of Oklahoma (but even if not carrying workers compensation insurance is acceptable, it must be carried). All insurance which BCCK or a Subcontractor is required to carry pursuant to the terms of this Agreement shall name Linn as an additional insured with respect to liability arising out of BCCK's performance under this Agreement, which additional insured endorsement shall not exclude or restrict coverage based upon any act or omission or alleged or actual negligence of the additional insured and shall provide that the coverage may not be canceled, lapsed, or materially changed in any way without the insurer giving at least thirty (30) days prior written notice to Linn. Within fourteen (14) days after the Effective Date and before commencing any Work, BCCK shall provide Linn with Certificates of Insurance evidencing the insurance required to be carried by BCCK under this Agreement.

Pursuant to the Equipment Supply Agreement BCCK shall insure for its full replacement cost, whether directly or through Subcontractors, all Procured Equipment (i.e., Linn Chisholm Trail Cryogenic Gas Plant) during fabrication and assembly by Subcontractors in designated fabrication yards and during their transport to the Job Site.

BCCK may take out additional insurance that BCCK considers necessary, or desirable. Such additional insurance shall be at no expense to Linn.

9.3 Builder's All Risk Insurance

Linn shall provide and maintain Builder's All Risk Insurance in the amount of not less than replacement cost, naming BCCK an additional insured, covering all claims for damages, equipment, construction materials and other property located at the Job Site at off-site storage, and in transit (except for the Procured Equipment during its fabrication and transportation to the Job Site which shall be insured by BCCK under the Equipment Supply Agreement), including without limitation, damages caused by Acts of God, theft, floods, (or other weather events), vandalism, and malicious mischief, occurring during the Construction Phase. Linn shall have responsibility for obtaining property insurance covering the Linn Chisholm Trail Cryogenic Gas Plant after Mechanical Completion.

The insurance policy shall name BCCK as an additional insured and shall provide that the coverage may not be canceled, lapsed, or materially changed in any way without the insurer giving at least thirty (30) days prior written notice to BCCK. Within fourteen (14) days after the Effective Date and before commencing any Work, Linn shall deliver to BCCK Certificates of Insurance evidencing the insurance required to be carried by Linn under this Agreement.

10 Risk of Loss

In the event of loss or damage to the Linn Chisholm Trail Cryogenic Gas Plant or any component thereof or to any other portion of the Work during the Construction Phase, BCCK shall pay the cost and expense of replacing the loss or repairing the damage, including, without limitation, all materials, equipment, supplies, and maintenance equipment (including temporary materials, equipment, and supplies) which are purchased for permanent installation in or for use during construction of the Linn Chisholm Trail Cryogenic Gas Plant and supplied or owned by BCCK or a BCCK Subcontractor. Unless otherwise provided in this Agreement, BCCK shall bear this responsibility during the Construction Phase or during any extended period of coverage if agreed in writing with Linn. If insurance proceeds are paid under BCCK's policies or under the Builder's Risk Policy to Linn and not to BCCK with respect to any such loss or damage, so long as BCCK is not in default under this Agreement, Linn shall arrange for such proceeds (except for those applicable to Linn's equipment other than the Procured Equipment) to be paid to BCCK as repair or replacement work is performed by BCCK to the reasonable satisfaction of Linn. So long as BCCK is not in default under this Agreement, Linn shall pay the Builder's Risk policy deductible to BCCK as repair or replacement work is performed by BCCK to the reasonable satisfaction of Linn.

Title to the Procured Equipment shall transfer in accordance with the Equipment Supply Agreement. Title to all other materials, equipment and supplies shall be automatically transferred to Linn when Linn pays therefor or, if applicable, in the event of a Termination for Cause, whichever occurs first. BCCK shall retain care and custody of materials, equipment, and supplies for which title has not been transferred to Linn and exercise due care with respect thereto until transfer of title to Linn as provided in this Agreement. Said transfer of title shall in no way affect Linn's rights or BCCK's obligations as set forth in any

other provision of this Agreement. BCCK shall sign over to Linn all certificates of title, manufacturer's certificates, and other evidences of title promptly when title to each item (including the Procured Equipment) is transferred to Linn. Transfer of ownership (including the signing and filing as applicable by BCCK) for all prior materials, equipment, and supplies paid for by Linn shall be a condition precedent to all subsequent payments to BCCK.

BCCK is the owner of all drawings, documents, engineering calculations and other data furnished by BCCK or that BCCK causes to be furnished by others in performing the Work ("***BCCK Work Product***"). BCCK hereby grants and conveys to Linn a fully paid, perpetual, non-cancellable and non-terminable right and license to use all BCCK Work Product for use by Linn for any purpose relating to the Linn Chisholm Trail Cryogenic Gas Plant, including the operation, maintenance and repair thereof. Should Linn make physical alterations to the Linn Chisholm Trail Cryogenic Gas Plant other than normal operational set point changes and maintenance, without the prior written consent of BCCK, and if such alteration is determined to have a material adverse effect on the performance of the Linn Chisholm Trail Cryogenic Gas Plant, the warranty or guaranty provided by BCCK within this Agreement will be inapplicable to such adversely affected performance.

On the Mechanical Completion Date, Linn shall take complete possession and control of the Linn Chisholm Trail Cryogenic Gas Plant and assume responsibility for the daily operation of the Linn Chisholm Trail Cryogenic Gas Plant.

13 Licenses; Permits

BCCK and BCCK's employees and Subcontractors shall remain licensed to perform all services hereunder for which a license is required and shall provide Linn with a copy of such licenses at Linn's request or as otherwise required in this Agreement. Linn shall not be responsible for the costs of maintaining licensure. BCCK shall obtain all licenses and permits required for construction and Mechanical Integrity Testing of the Linn Chisholm Trail Cryogenic Gas Plant, including any transportation or road use permits. In some cases, these permits or licenses may be required to be in the name of Linn. In such circumstances, BCCK shall notify Linn and assist Linn in acquiring such license or permit. Notwithstanding the foregoing, BCCK is not responsible for any permit required by ODEQ.

14 Compliance with Law

Linn as operator of the Linn Chisholm Trail Cryogenic Gas Plant shall, at its sole expense, comply fully with all existing Legal Requirements applicable to Linn's operation of the Linn Chisholm Trail Cryogenic Gas Plant and Linn's performance under this Agreement, including the securing of all applicable permits and access easements as required for the operations of the Linn Chisholm Trail Cryogenic Gas Plant, except only those applicable to BCCK, its Subcontractors and BCCK's Personnel or otherwise expressly identified as the responsibility of BCCK under this Agreement. BCCK shall comply with all Legal Requirements that may be applicable to BCCK's profession and to the Work to be performed under this Agreement. 15 Limitations of Liability and Liquidated Damages and Bonus

IN NO EVENT SHALL A PARTY BE LIABLE TO THE OTHER PARTY FOR LOSS OF PRODUCT, LOSS OF REVENUES, PROFITS OR INCOME, OR FOR INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES WHETHER SUCH DAMAGES ARE CLAIMED UNDER BREACH OF WARRANTY, BREACH OF CONTRACT, TORT, OR ANY OTHER CAUSE OF ACTION IN LAW OR IN EQUITY, EXCEPT IN THE EVENT OF THE FIRST PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT AND EXCEPT FOR LIQUIDATED DAMAGES AS SET FORTH IN THIS SECTION 15.

NOTWITHSTANDING ANY PROVISION OF THIS AGREEMENT TO THE CONTRARY, BUT EXCLUDING LIABILITY OF BCCK UNDER SECTIONS 11.3 AND 11.6 OF THIS AGREEMENT AND SECTION 9.3 OF THE EQUIPMENT SUPPLY AGREEMENT, BCCK'S MAXIMUM AGGREGATE LIABILITY TO LINN ARISING OUT OF OR RELATED TO THIS AGREEMENT AND THE EQUIPMENT SUPPLY AGREEMENT AND THE EQUIPMENT AND ANY WORK PROVIDED IN CONNECTION WITH THE JOB SITE OR THE PROJECT, AND THE PERFORMANCE, NONPERFORMANCE AND/OR DEFECTIVE PERFORMANCE HEREUNDER OR UNDER THE EQUIPMENT SUPPLY AGREEMENT WITH RESPECT THERETO SHALL NOT EXCEED THE MAXIMUM LIABILITY AMOUNT, INCLUDING, WITHOUT LIMITATION, LIABILITY FOR WARRANTY OBLIGATIONS, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY), AND BREACH OF CONTRACT (INCLUDING ANY BREACH RESULTING IN TERMINATION), LEGAL COSTS AND ATTORNEY'S FEES, AND ANY AND ALL OTHER LIABILITIES BASED ON ANY LEGAL OR EQUITABLE THEORY OR BASIS OF RECOVERY.

Since actual delay damages would be difficult or impossible to calculate due to the nature and complexity of the Work, the Parties agree that if BCCK shall fail to cause the Mechanical Completion Date to occur on or before the Target Completion Date as adjusted for Excusable Delay pursuant to the terms of this Agreement, then BCCK shall pay Linn as liquidated damages (and not as a penalty) a sum as specified in the table below for each day after the Target Completion Date until the occurrence of the Mechanical Completion Date.

Number of Days Late	Per Diem Amount of Liquidated Damages
1-10 calendar days late	$0 per day
11-30 calendar days late	$30,000 per day
31-60 calendar days late	$40,000 per day
61-90 calendar days late	$60,000 per day
91+ calendar days late	$75,000 per day

BCCK shall be entitled to an increase in the Contract Price as specified in the table below for each day that BCCK causes the Mechanical Completion Date to occur prior to the Target Completion Date, as adjusted for Excusable Delay.

Number of Days Early	Per Diem Amount of Bonus
1-10 calendar days early	$0 per day
11-30 calendar days early	$30,000 per day
31-60 calendar days early	$20,000 per day
61-90 calendar days early	$10,000 per day

Notwithstanding anything to the contrary set forth in this Agreement, Linn's receipt of delay liquidated damages as set forth above is Linn's sole and exclusive remedy on account of any unexcused delay by BCCK in achieving the Mechanical Completion Date and BCCK's maximum aggregate liability hereunder for payment of delay liquidated damages shall not exceed Five Million, Five Hundred Thousand and No/100 Dollars ($5,500,000). For purposes of clarification, the liquidated damages set forth in this **Section 15** is only for unexcused delay in achieving the Mechanical Completion Date and does not prohibit Linn from collecting, subject to any limitations on damages and liability expressly set forth in this Agreement, any other damages, whether for breach of contract, warranty or otherwise, in addition to such liquidated damages.

16 Assignment by BCCK

Neither this Agreement nor BCCK's rights hereunder shall be assignable by BCCK prior to the expiration of the limited warranty period in **Article 18** except with Linn's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed. The conditions hereof shall bind any permitted successors and assigns of BCCK.

17 Assignment by Linn

Prior to payment in full of the Contract Price by Linn, neither this Agreement nor Linn's rights hereunder shall be assignable by Linn (except to an affiliate) without BCCK's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed. The conditions hereof shall bind any permitted successors and assigns of Linn.

18 Limited Warranty

BCCK represents and warrants:

i. (1) That upon the Mechanical Completion Date, the Linn Chisholm Trail Cryogenic Gas Plant will be constructed in a good and workmanlike manner, in accordance with this Agreement and be in good working condition free from defects in materials and workmanship, except to the extent such defects are a result of (a) ordinary wear and tear, (b) normal corrosion, (c) operation or maintenance by Linn not in compliance with

the Operating Manuals, (d) the gas flow exceeds 225 MMSCFD, (e) the quality of the processed gas is outside the parameters specified in the section "Quality of Gas to be Processed" in **Schedule "D"**, or (f) operating outside the Project Specifications set forth in **Schedule "D"**, and (2) that if during the eighteen (18) month period from the Mechanical Completion Date or twelve (12) months from the Start-up Date, whichever occurs first, all or any portion of the materials incorporated into the Work or equipment provided by or through BCCK (including the Procured Equipment) is found to be defective or improperly configured, and notice thereof is delivered to BCCK within a reasonable time period not to exceed thirty (30) Days after the defect is discovered (However, such failure to so notify shall not void the warranty, but BCCK shall not be responsible to the extent that it is prejudiced by such failure), BCCK will replace or repair such materials and equipment at BCCK's sole cost and expense. After notice of a warranty claim, BCCK shall have the right to inspect the defect and the related operating data to determine the cause of the defect. Transportation fees associated with defective equipment and any and all labor, and associated costs, to install/replace equipment under this warranty will be the responsibility of BCCK. BCCK shall inspect each warranty claim within forty-eight (48) hours and promptly and diligently complete the warranty work. BCCK agrees to negotiate warranties with third party vendors that are consistent with Industry Standards. BCCK will communicate the details and terms of said third party vendor warranties to Linn within thirty (30) days of negotiation. In addition, after giving notice, which may be telephonic, to BCCK of a potential warranty claim, Linn shall have the right to use a third party to perform the repair/replacement work; provided that either (X) BCCK refers such third party to Linn when Linn notifies BCCK of the potential warranty claim or (Y) if no third party is referred to Linn, Linn reasonably believes that such third party is capable of handling the repair/replacement in a timely manner for a reasonable cost, and in either case BCCK shall reimburse Linn within ten (10) days after Linn's reimbursement request, if the repair/replacement work is covered by BCCK's warranty.

ii. That it has all necessary rights to grant the licenses and perform the Work provided for herein.

iii. BCCK will transfer all manufacturer and other warranties to Linn promptly upon the earlier of installation of the applicable equipment into the Linn Chisholm Trail Cryogenic Gas Plant or the payment for such equipment, and in any event as a condition precedent to the Mechanical Completion Date.

THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IN CONNECTION WITH THE WORK OR THE LINN CHISHOLM TRAIL CRYOGENIC GAS PLANT, WHICH EXTEND BEYOND THE EXPRESSED WARRANTIES AS STATED IN THIS **ARTICLE 18** "LIMITED WARRANTY" OF THIS AGREEMENT.

19 Enforceability

If any part hereof is contrary to, prohibited by or deemed invalid under applicable Legal Requirements, such provision shall be inapplicable and deemed omitted but shall not invalidate the remaining provisions hereof. THIS AGREEMENT IS IRREVOCABLE FOR THE FULL TERM HEREOF, except as otherwise specifically provided herein.

iii. Subsequently comes into the public domain, otherwise than through Linn's violation of this Agreement, and then only after said later date; or

iv. Is independently developed by or for Linn without resort to the BCCK Confidential Information provided hereunder.

As used herein, "***BCCK Confidential Information***" includes, by way of example and without limitation, and however disclosed, all financial, cost or pricing information, inventions, processes, diagrams, designs, formulae, methods, data, know-how, techniques, apparatus, listings, discs, diskettes, screens, graphic representations, and any improvements or derivations thereof, whether or not copyright, trademark or patent applications are filed or pending thereon, and all customer lists or other information, accounting and control procedures, business methods and the like.

All rights, title, and interest (in including, without limitation, all patents, trade secrets, trademarks, inventions, discoveries and copyrightable matter) relating to the BCCK Confidential Information and all improvements, enhancements and refinements thereto, (collectively, the "***IP Rights***") developed by BCCK in performing the Work which relates to the Linn Chisholm Trail Cryogenic Gas Plant shall be the property of BCCK; provided that the IP Rights do not include any rights to any intellectual property based on or arising out of the ideas or efforts of Linn and provided further that the IP Rights are subject to the right and license to use the BCCK Work Product granted to Linn in **Article 12**. Subject to **Article 12**, BCCK shall enjoy full rights without obligation to Linn for the use of the IP Rights.

Subject to the license granted to Linn with respect to the BCCK Work Product as set forth in **Article 12**, Linn agrees that BCCK will retain all rights, title, and interest in and to all inventions, discoveries and copyrightable subject matter arising out of Work done by BCCK which relates to subject matter (i.e. Linn Chisholm Trail Cryogenic Gas Plant Process), other than anything arising from the ideas or efforts of Linn, all of which shall be owned by Linn.

This Paragraph also governs the disclosure of certain Linn Confidential Information. The Linn Confidential Information includes, but is not limited, to (a) the Natural Gas to be delivered to and processed by the Linn Chisholm Trail Cryogenic Gas Plant, including without limitation, the volumes and constituent parts thereof; (b) the wells and property from which such Natural Gas is produced; (c) the facilities by which such Natural Gas is produced and transported to the Linn Chisholm Trail Cryogenic Gas Plant; and (d) marketing of Natural Gas and Natural Gas Liquids, any of which may be disclosed to BCCK in connection with the design and construction of the Linn Chisholm Trail Cryogenic Gas Plant. BCCK agrees not to use such Linn Confidential Information for its own benefit except as permitted under this Agreement, either singularly or collectively, and further agrees not to disclose such Linn Confidential Information to others without receiving the express prior written permission of Linn, except as to information that is:

i. Otherwise legally acquired by BCCK subsequent to the Effective Date of this Agreement, and then only as of the date of such acquisition; or

ii. In the public domain as of the date of disclosure by Linn; or

iii. Subsequently comes into the public domain, otherwise than through BCCK’s violation of this Agreement, and then only after said later date; or

iv. Is fully documented as having been independently developed by or for BCCK without resort to the Linn Confidential Information provided hereunder.

However, nothing herein shall limit the right of either party to provide any information regarding the other party, or any of its Subcontractors and any vendors to any governmental authority having jurisdiction and asserting a right to such information or in any Court or arbitration proceeding taken in connection with this Agreement.

21 Changes in Scope

The parties anticipate that, from time to time, Linn may desire changes in the scope of Work as indicated in this Agreement. These changes may affect the cost of or the time required for completion of the Work. Such changes may include without limitation:

i. Linn Chisholm Trail Cryogenic Gas Plant design changes above Industry Standards.

ii. Increase in scope of Work to include work not originally included in this Agreement.

iii. Decrease in scope of Work.

If Linn desires a change in the scope of the Work, it shall identify the change and ask BCCK to determine the cost of the change. BCCK shall promptly upon receipt of the request determine the estimated cost of the material and amount of labor and the effect the change would have on the scheduled time to complete the Work and submit a proposal to Linn which identifies the estimated time and material cost and the change in schedule, if any, and may, if desired by BCCK, include a lump sum price proposal for such change. After discussion by BCCK and Linn, if both parties agree to the proposal, including BCCK's lump sum proposal, if applicable, then BCCK shall prepare and sign a Change Order for Linn's approval and signature.

If Linn and BCCK cannot agree on the estimated time and materials cost and change in schedule, or BCCK's lump sum proposal, if applicable, then Linn may issue a directive (a "***Change Directive***") to BCCK to proceed with the change on a time and materials basis, irrespective of their difference on the estimated cost and effect on the schedule. Once the change is complete, BCCK shall advise Linn of the actual time and materials cost and actual effect on the schedule, if any. BCCK shall then prepare and sign a Change Order for Linn's approval and signature, subject to Linn's audit rights.

No adjustment to the Contract Price shall be made, except by approval by both parties of a Change Order document. Each Change Order shall set forth the change in the scope of the Work, schedule and to the Contract Price. Each Change Order shall also set forth the basis on which BCCK will be compensated for the change to the amount due. Change Orders are not valid until signed by both Linn and BCCK. This Agreement shall be deemed to be amended by validly issued Change Orders once signed by both parties. BCCK will communicate to Linn all significant changes in the final design, from that set forth in this Agreement by revising the appropriate documents to reflect the change. BCCK's standard rates for such work are set forth in **Schedule "B"**.

Notwithstanding anything to the contrary set forth in this Agreement, in the event of any Excusable Delay, BCCK shall be entitled to an adjustment in the Contract Price or Target Completion Date, or both, to the extent of the Excusable Delay or additional cost of the Work directly caused by the Excusable Delay. Such change in the Contract Price shall be on a time and materials basis in accordance with **Schedule "B"**. Upon receipt of notice from BCCK of any such Excusable Delay, BCCK and Linn shall negotiate in good faith to determine such adjustments and to execute a Change Order evidencing the same

22 Delivery

22.1 General Delivery

BCCK shall commence the prosecution of the Work as soon as reasonably possible following execution of this Agreement and shall diligently pursue the Work and use its best efforts to achieve the Linn Chisholm Trail Cryogenic Gas Plant Mechanical Completion within forty-eight (48) weeks after the Effective Date, subject to extensions as set forth in Change Orders and as expressly provided for under this Agreement (the "**Target Completion Date**"). **Schedule "E"** provides a preliminary Project implementation outline.

22.2 Force Majeure

For the purposes hereof, Force Majeure will be any event, occurrence, happening or condition beyond the reasonable control of the party affected and that is not due to the fault or negligence of the party affected and for which the affected party is unable to prevent or protect against by the exercise of reasonable diligence, including, but not limited to, the following: acts of God or the public enemy; compliance with any order, rule, regulation, decree or request of any governmental authority or agency or person purporting to act therefore; acts of war, public disorder, rebellion, terrorism or sabotage; floods, hurricanes, tornados, named storms or other Adverse Weather Conditions (as defined below); strikes (other than by BCCK's Personnel, or BCCK's Subcontractors or their respective employees or third party contractors), labor disputes (other than with or involving BCCK's Personnel or BCCK's Subcontractors or their respective employees or third party contractors); inability to obtain equipment or materials or unforeseeable breakage of same or accidents involving same while in transit; or any other cause, whether or not of the class or kind specifically named or referred to herein, not within the reasonable control of the party affected. For the purposes hereof, Force Majeure will not include (i) financial distress of either party; (ii) Linn's notifying BCCK to temporarily cease work because of a default by or on behalf of BCCK or for any other reason permitted under this Agreement; (iii) failure by Linn, its partners, agents or third party to provide the Linn Chisholm Trail Cryogenic Gas Plant with produced Gas of a reasonably sufficient quality and quantity for start-up of the Linn Chisholm Trail Cryogenic Gas Plant on or near the Mechanical Completion Date; or (iv) delays occasioned by Adverse Weather Conditions until the aggregate number of days of delays due to Adverse Weather Conditions exceeds twenty (20) days, it being understand that up to twenty (20) days of delay due to Adverse Weather Conditions have been included in determining the Target Completion Date. For purposes hereof, an "***Adverse Weather Condition***" means any weather condition which reasonably prevents BCCK from being able to perform on any day four (4) or more hours of Work on a critical path item in BCCK's construction schedule).

A delay of either party will not constitute a default hereunder or be the basis for, or give rise to, any claim for damages, if and to the extent such delay is caused by Force Majeure and to the extent the other provisions of this **Section 22.2** are satisfied.

In the event of Force Majeure, the time for performance of an obligation of Linn and the time for performance of an obligation of BCCK, including any specific date for completion of all or any part of the Work, will be extended for a period equal to the delay in obtaining Mechanical Completion occasioned by Force Majeure, except that the time for the obligation of Linn to pay for the cost of Work (or portion thereof that is due) will be made as soon as possible, but in no event later than fifteen (15) days after cessation of the event of Force Majeure.

As a condition to claiming a delay caused by Force Majeure, the party who is prevented from performing by Force Majeure (i) will be obligated, within a reasonable period not to exceed five (5) Days after the occurrence or detection of any such event, to give notice to the other party setting forth in reasonable detail the nature thereof and the anticipated extent of the delay, and (ii) will use all reasonable efforts to remedy such cause as soon as reasonably possible. If any Force Majeure event prevents, hinders, or delays performance by BCCK hereunder for more than one hundred twenty (120) consecutive days for reasons other than the following:

a. Any and all delays lasting more than thirty (30) days caused by existing plant access beyond the control of BCCK which would limit construction access to the proposed area, including road and bridge access coming into the facility and any and all other plant, power or construction related issues as may delay completion of facility construction;

b. Any and all delays lasting more than thirty (30) days caused by permitting issues or compliance with any order, rule, regulation, decree or request of any governmental authority or agency or person purporting to act therefore beyond the control of BCCK which would limit or stop the construction activities as required by the Agreement;

c. Any and all delays lasting more than thirty (30) days caused by terrorism or sabotage beyond the control of BCCK which would limit or stop the construction activities as required by the Agreement;

d. Any and all substantive delays caused by errors or omissions by Linn or Linn personnel which would limit or stop the construction activities as required by the Agreement and;

e. Any event of Force Majeure that would also prevent a third party competitor of BCCK from completing the construction of the Linn Chisholm Trail Cryogenic Gas Plant pursuant to the terms of this Agreement;

then, Linn may elect to terminate this Agreement pursuant to **Section 25.1** of this Agreement.

If the parties are unable to resolve the Dispute within the fifteen (15) Day period, BCCK and Linn may exercise their respective rights under this Agreement in any manner permitted by Legal Requirements.

25 Termination

25.1 Termination

i. Linn may terminate this Agreement for any reason. If Linn elects to terminate this Agreement, it, shall notify BCCK in writing, and termination will become effective as of the date of such notice unless otherwise agreed by the parties hereto.

ii. Following any termination by Linn pursuant to this **Section 25.1** other than a Termination for Cause:

a. The calculation of the Contract Price will be converted from a lump sum basis to a time and materials basis for the costs actually incurred and paid by BCCK between the Effective Date and the date notice is given of termination of this Agreement (including uncancellable commitments, man-hours charges, cancellation fees, demobilization of Subcontractors, overhead cost and expenses but only to the extent of increases in such costs and expenses caused by the termination of the Project, and any other charges directly related to the Linn Chisholm Trail Cryogenic Gas Plant), provided that BCCK shall provide Linn proof of such payment.

b. Subject to the foregoing provisions of this **Section 25.1**, the Contract Price shall be equal to the sum of:

1. The cost for Work performed by BCCK and BCCK's Affiliates shall be based on the applicable rate sheet set forth in **Schedule "B"**;

2. The cost for Work performed by persons and entities other than BCCK and BCCK's Affiliates shall be the actual net cost (after deducting credits, rebates, refunds and other similar amounts) paid by BCCK for such Work plus the lesser of (X) seven and one-half percent (7.5%) of the costs under this item 2 and (Y) an amount equal to $500,000 plus $150,000 for each month after the fourth month following the Effective Date, e.g. if the Effective Date is June 15, 2017 and Linn terminates between November 15, 2017 and December14, 2017, then the amount under clause (Y) would be $800,000, being $500,000 plus two (2) times $150,000.

c. BCCK may offset any part or the entire amount owed to BCCK by Linn as the result of any such early termination against any unused portion of Milestone payments received by BCCK, with the balance of such Milestone payments, if any, to be promptly refunded to Linn. If the unused portion of the Milestone payments is not sufficient to pay BCCK for the amount due, then the shortfall shall be promptly paid by Linn to BCCK. Further, title to equipment, materials, and supplies shall be promptly delivered to Linn or the amount paid by Linn for said equipment credited against the amount owed to BCCK.

iii. In the event of a Termination for Cause, Linn shall pay to (or receive from) BCCK the amount Linn is obligated to pay or receive by law, as applicable.

iv. In the event of a termination of this Agreement, BCCK shall promptly after such termination, provide Linn with any and all back-up and support documentation to calculate the amount due under this Agreement, and Linn shall have audit rights as specified in **Section 3.3**.

v. The term "***Termination for Cause***" means a termination of this Agreement by Linn (a) pursuant to **Section 25.2** below, (b) as a result of BCCK's failure, within two (2) days after Linn's request, to develop and implement a recovery plan (acceptable to Linn) to bring the prosecution of the Work back on schedule and to reasonably assure the occurrence of the Mechanical Completion Date on or before the Target Completion Date (as adjusted for Excusable Delay) and to thereafter diligently prosecute the Work and keep on schedule, (c) as a result of a breach by BCCK of any of its obligations under this Agreement, (d) as a result of BCCK's repetitive failure to design or construct any portion of the Project in accordance with applicable Legal Requirements, the Drawings, Plans, and Specifications, or in a good and workmanlike manner with new materials and in accordance with Industry Standards, or (e) following the knowingly release of any Hazardous Substances at the Project Site by BCCK, its Subcontractors, or any of BCCK's Personnel, which is reasonably believed by Linn to cost in excess of the Maximum Liability Amount to remediate in accordance with Legal Requirements.

25.2 Termination for Bankruptcy or Insolvency

Either party may terminate this Agreement immediately upon written notice given to the other party in the event of:

i. The entry against such other party of a decree or unstayed order by a court of competent jurisdiction for relief under Title 11 of the United States Code or any other applicable federal or state bankruptcy, insolvency or other similar law, or the appointment of a receiver, liquidator, assignee, trustee, sequestrator or other similar official or the imposition of an order to wind up or liquidate affairs and the continuance of any such decree or order unstayed and in effect for a period of thirty (30) consecutive days; or

ii. The filing by such other party under Title 11 of the United States Code or any other applicable Federal or State bankruptcy, insolvency or other similar law of a petition for relief, or the filing under Title 11 of the United States Code or any other applicable Federal or State bankruptcy, insolvency or other similar law of an involuntary petition which remains undismissed or unstayed for a period of thirty (30) consecutive days, or the consent by either party to the filing of such a petition or the appointment of a receiver, liquidator, assignee, trustee, sequestrator or similar official or the making of an assignment for the benefit of creditors,

or either party generally not paying its debts as they become due, or the admission by either party in writing of its inability to pay its debts generally as they become due, or the taking of corporate action by either party in furtherance of any such action, or the suspension or discontinuance of operations of either party, whether or not in the normal course of business.

26 Assignment of Subcontracts upon Termination

In the event of any termination of this Agreement (other than a termination by BCCK due to a default by Linn), BCCK hereby irrevocably assigns to Linn all of BCCK's interest (including BCCK's right to any deposits or pre-payments) in any and all subcontracts and purchase orders now existing or hereinafter entered into by BCCK for performance of any part of the Work which assignment will be effective upon acceptance by Linn in writing and only as to those subcontracts and purchase orders which Linn designates in writing from time to time. BCCK shall use reasonable efforts to include provisions in all subcontracts and purchase orders which provide that such subcontracts and purchase orders are freely assignable by BCCK to Linn who shall only be liable for work done or materials supplied after the date that Linn notifies the applicable Subcontractor (including suppliers) of Linn's acceptance of assignment thereof and agreement to assume all obligations of BCCK thereunder from and after the date of assignment.

27 Miscellaneous

a. BCCK shall be an independent contractor with respect to all Work, and neither BCCK nor any of BCCK's Personnel shall be deemed for any purpose to be the employee, agent, servant or representative of Linn. All responsibilities undertaken by BCCK in connection with the Work, including those concerning BCCK's Personnel, shall be undertaken in the name of BCCK and not in the name or for the account of Linn. Furthermore, neither BCCK nor anyone used or employed by BCCK will have any authority to bind Linn to any third parties without specific written authority from Linn. Neither BCCK nor anyone used or employed by BCCK will have any right to any pension or welfare plans, including, without limitation, savings, retirement, medical, dental, insurance, or vacation plans sponsored by Linn.
