Approximate date of commencement of proposed sale of the securities to the public:
As soon as practicable after the effective date of this Registration Statement.

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933, check the following box: ☐

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	☐	Accelerated filer	☐
Non-accelerated filer	☒ (Do not check if a smaller reporting company)	Smaller reporting company	☐
		Emerging growth company	☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of the Securities Act. ☐

CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount to be Registered (1)	Proposed Maximum Aggregate Offering Price per Share	Proposed Maximum Aggregate Offering Price (3)	Amount of Registration Fee (3)
Common stock, par value $0.01 per share	(2)	(2)	$1,361,272,000	$169,479

(1) This prospectus relates to an indeterminate number of shares of common stock, par value $0.01 per share, of Riviera Resources, Inc., which will be distributed pursuant to a spin-off transaction to the holders of Class A common stock, par value $0.001 per share, of Linn Energy, Inc.
(2) Not included pursuant to Rule 457 under the Securities Act of 1933.
(3) There is currently no market for the common stock. Estimated solely for the purpose of computing the amount of the registration fee pursuant to Rule 457 under the Securities Act of 1933, as amended.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until this Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. We may not issue these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED JUNE 27, 2018

PRELIMINARY PROSPECTUS

Riviera Resources, Inc.

Common Stock
(par value $0.01 per share)

This prospectus is being furnished to you in connection with the separation of Riviera Resources, Inc. from Linn Energy, Inc. (collectively with its consolidated subsidiaries, "LINN Energy"), following which Riviera Resources, Inc. will be an independent company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets (including Blue Mountain Midstream LLC), and returning capital to stockholders. Unless otherwise indicated or the context otherwise requires, references herein to "Riviera Resources, Inc.," "Riviera," "we," "our," "us," the "Company" and "our company" refer (i) prior to the consummation of our internal reorganization, to Linn Energy, Inc. and its consolidated subsidiaries, and (ii) after the consummation of such internal reorganization, to Riviera Resources, Inc. and its consolidated subsidiaries. In connection with the separation, LINN Energy will undergo an internal reorganization, and Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc. (the "conversion"). After the conversion, LINN Energy will complete the separation by distributing all of the outstanding shares of common stock, par value $0.01 per share, of Riviera (the "Riviera common stock" or "our common stock") to the holders of LINN Energy's Class A common stock, par value $0.001 per share ("LINN common stock") on a pro rata basis. We refer to this pro rata distribution as the "distribution" and we refer to the separation, including the internal reorganization, the conversion and the distribution, as the "spin-off." As discussed in greater detail below, the distribution will be a taxable distribution for U.S. federal income tax purposes, and the tax treatment to stockholders of Linn Energy, Inc. ("LINN stockholders") will depend on, among other things, the factors discussed in this prospectus. Each LINN stockholder will receive one share of our common stock for each share of LINN common stock held by such stockholder on , 2018 (the "record date"). The distribution of shares will be made by way of direct registration in book-entry form only.

The distribution will be effective as of 5:00 p.m., Eastern Time, on , 2018. Immediately after the distribution becomes effective, Riviera will be an independent reporting company, and eventually a publicly traded company.

No vote or other action of LINN stockholders is required in connection with the spin-off (except as provided herein). We are not asking you for a proxy and you should not send us a proxy. LINN stockholders will not be required to pay any consideration for the shares of Riviera common stock they receive in the spin-off, and they will not be required to surrender or exchange their shares of LINN common stock or take any other action, other than to provide any documentation that may be required as discussed under "Material U.S. Federal Income Tax Consequences of the Spin-Off," in connection with the spin-off.

Immediately prior to the distribution, all of the outstanding shares of Riviera common stock will be indirectly owned by Linn Energy, Inc. Accordingly, there is currently no public market for Riviera common stock. We anticipate, however, that our common stock will begin trading sometime after the distribution date, to be determined. We intend to have our common stock quoted for trading on the OTC Market, where we expect to qualify as a Securities and Exchange Commission ("SEC") reporting company, under the ticker symbol "RVRA".

In reviewing this prospectus, you should carefully consider the matters described in "Risk Factors" beginning on page 14 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

This prospectus is not an offer to sell, or a solicitation of an offer to buy, any securities.

The date of this prospectus is , 2018.

TABLE OF CONTENTS

BASIS OF PRESENTATION

Unless otherwise indicated or the context otherwise requires, references herein to "Riviera Resources, Inc.," "Riviera," "we," "our," "us," the "Company" and "our company" refer (i) prior to the consummation of our internal reorganization described under "The Spin-Off—Manner of Effecting the Spin-Off—Internal Reorganization," to Linn Energy, Inc. and its consolidated subsidiaries, and (ii) after the consummation of such internal reorganization, to Riviera Resources, Inc. and its consolidated subsidiaries. Unless otherwise indicated or the context otherwise requires, references herein to "LINN Energy" and "Parent" refer to Linn Energy, Inc. and its consolidated subsidiaries. References to "Successor" herein refer to the Company in periods subsequent to LINN Energy's emergence from bankruptcy and references to "Predecessor" herein refer to the Company in periods prior to LINN Energy's emergence from bankruptcy.

Riviera Resources, LLC (to be converted as described herein to a corporation named Riviera Resources, Inc.) is the registrant under the registration statement of which this prospectus forms a part and will be the financial reporting entity following the consummation of the spin-off. This prospectus includes certain historical consolidated and combined financial and other data for the Company. To effect the separation, Linn Energy, Inc. and certain of its direct and indirect subsidiaries will undertake an internal reorganization, following which Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan Resources LLC ("Roan"). Upon completion of the internal reorganization, Linn Energy, Inc. will complete the spin-off by distributing to the LINN stockholders all of the issued and outstanding Riviera common stock. See "The Spin-Off—Manner of Effecting the Spin-Off—Internal Reorganization."

We derived the selected historical statements of operations and cash flow data for the ten months ended December 31, 2017, for the two months ended February 28, 2017, and for the years ended December 31, 2016 and 2015, and the selected historical balance sheet data as of December 31, 2017 and 2016, from the audited consolidated and combined financial statements of Riviera included elsewhere in this prospectus. We derived the selected historical statements of operations and cash flow data for the three months ended March 31, 2018, and for the one month ended March 31, 2017, and the selected historical balance sheet data as of March 31, 2018 and 2017, from the unaudited condensed consolidated and combined financial statements of Riviera included elsewhere in this prospectus. We derived the selected historical statements of operations data for the years ended December 31, 2014 and 2013 and the selected historical balance sheet data as of December 31, 2015, 2014 and 2013, from the unaudited consolidated and combined financial statements of Riviera that are not included in this prospectus. We have prepared our unaudited condensed consolidated and combined financial statements on the same basis as our audited consolidated and combined financial statements and, in our opinion, have included all adjustments, which include only normal recurring adjustments, necessary to present fairly in all material respects our financial position and results of operations.

Our selected historical financial data is not necessarily indicative of our future performance and does not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy. For example, our historical consolidated and combined financial statements include certain costs that may not be representative of the future costs we will incur as an independent, public company. In addition, our historical consolidated and combined financial statements include our historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.

This prospectus also includes an unaudited pro forma condensed consolidated balance sheet as of March 31, 2018 and unaudited pro forma condensed consolidated and combined statement of operations for the three months ended March 31, 2018 and the year ended December 31, 2017, which present our consolidated and combined financial position and results of operations after giving effect to the spin-off, including the separation and the other transactions described under "Unaudited Pro Forma Condensed Consolidated and Combined

Financial Information." The unaudited pro forma condensed consolidated and combined financial data presented in this prospectus has been prepared for illustrative purposes only, is not necessarily indicative of our future performance and does not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy.

You should read the sections titled "Selected Historical Consolidated and Combined Financial Data" and "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information," each of which is qualified in its entirety by reference to the audited and unaudited consolidated and combined financial statements and related notes included elsewhere in this prospectus and the financial and other information appearing elsewhere in this prospectus, including in the sections titled "Risk Factors," "Capitalization" and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Unless otherwise indicated or the context otherwise requires, all information in this prospectus gives effect to the effectiveness of our certificate of incorporation and bylaws, the forms of which are filed as exhibits to the registration statement of which this prospectus forms a part.

Unless otherwise indicated or the context otherwise requires, all acreage, drilling location, well count, working interest and reserve information in this prospectus refers to the Company's assets as of December 31, 2017. Such operational data include amounts attributable to the assets sold by the Company in 2018 pursuant to the New Mexico Assets Sale, the Altamont Bluebell Assets Sale, the West Texas Assets Sale, and the Oklahoma and Texas Assets Sale (each as defined herein). In addition, equity method investments include the Company's share of Roan's reserves. The Company's historical 50% equity interest in Roan will be retained by LINN Energy following the spin-off. See "Summary—Recent Developments."

QUESTIONS AND ANSWERS ABOUT THE SPIN-OFF

The following provides only a summary of the terms of the spin-off. For a more detailed description of the matters described below, see "The Spin-Off."

Q: *What is the spin-off?*

A: The spin-off is the series of transactions by which we will separate from Linn Energy, Inc. In connection with the spin-off, LINN Energy will distribute to LINN stockholders all of the outstanding shares of Riviera common stock. We refer to this as the distribution. Following the spin-off, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company, and LINN Energy will not retain any ownership interest in Riviera.

Q: *What will I receive in the spin-off?*

A: As a holder of LINN common stock, you will retain your shares of LINN common stock and will receive one share of Riviera common stock for each share of LINN common stock you own as of the record date. Thus, no fractional shares of Riviera common stock will be issued pursuant to the distribution. The number of shares of LINN common stock you own and your proportionate interest in LINN Energy will not change as a result of the spin-off. See "The Spin-Off."

Q: *What is Riviera Resources, Inc., and why is LINN Energy separating Riviera Resources, Inc.'s business and distributing Riviera Resources, Inc. common stock?*

A: Immediately prior to the distribution, Riviera Resources, Inc. will be a direct, wholly owned subsidiary of Linn Energy, Inc. After the spin-off is completed, Riviera will be a new independent oil and natural gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets, and returning capital to stockholders. Riviera will own (i) LINN Energy's legacy properties located in the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain Midstream LLC ("Blue Mountain"), a midstream company centered in the core of the Merge play in the Anadarko Basin. The LINN Energy board of directors has determined that the spin-off is in the best interests of LINN Energy, LINN stockholders and other constituents because the spin-off will provide a number of benefits, including: (1) enhanced strategic and management focus on the core business and growth of each company; (2) more efficient capital allocation, direct access to capital and expanded growth opportunities for each company; (3) the ability to implement a tailored approach to recruiting and retaining employees at each company; (4) improved investor understanding of the business strategy and operating results of each company; and (5) enhanced investor choice by offering investment opportunities in separate entities. For a more detailed discussion of the reasons for the spin-off, see "The Spin-Off—Reasons for the Spin-Off."

Q: *Why is the spin-off of Riviera structured as a spin-off?*

A: LINN Energy believes that a spin-off offers the most efficient way to accomplish a separation of its legacy assets and midstream business from LINN Energy, a higher degree of certainty of completion in a timely manner and a lower risk of disruption to current business operations.

Q: *What are the conditions to the distribution?*

A: The distribution is subject to the satisfaction, or waiver by LINN Energy, of the following conditions:

- the final approval of the distribution by the LINN Energy board of directors, which approval may be given or withheld in its absolute and sole discretion;

- the separation and distribution agreement by and between LINN Energy and Riviera (the "Separation and Distribution Agreement") and the ancillary agreements contemplated by the Separation and Distribution Agreement shall have been executed by each party to those agreements;
- all conditions precedent to that certain second amendment (the "Credit Facility Amendment") to LINN Energy's senior secured reserve-based revolving loan facility (the "Revolving Credit Facility") necessary to effectuate the spin-off shall have been satisfied or waived in accordance with its terms;
- our Registration Statement on Form S-1, of which this prospectus forms a part, shall have been declared effective by the SEC, with no stop order in effect with respect thereto, and no proceedings to suspend the effectiveness thereof pending before or threatened by the SEC;
- prior to the distribution date, this prospectus shall have been mailed to the LINN stockholders as of the record date;
- all material governmental approvals and other consents necessary to consummate the spin-off or any portion thereof shall have been obtained and be in full force and effect; and
- no order, injunction or decree issued by any governmental entity of competent jurisdiction or other legal restraint or prohibition preventing the consummation of all or any portion of the spin-off shall be in effect, and no other event shall have occurred or failed to occur that prevents the consummation of all or any portion of the spin-off.

See "The Spin-Off—Conditions to the Distribution."

Q: *Can LINN Energy decide to not proceed with the distribution even if all of the conditions to the distribution have been met?*

A: Yes. Until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied.

Q: *What is being distributed in the spin-off?*

A: Approximately shares of Riviera common stock will be distributed in the spin-off, based on the number of shares of LINN common stock expected to be outstanding as of , 2018, the record date, and assuming each holder of LINN common stock will receive one share of Riviera common stock for each share of LINN common stock. The actual number of shares of Riviera common stock distributed will be calculated as of the record date. The shares of Riviera common stock distributed by Linn Energy, Inc. will constitute all of the issued and outstanding shares of Riviera common stock immediately prior to the distribution.

Q: *When is the record date for the distribution?*

A: The LINN Energy board of directors will designate the close of business as of 5:00 p.m., Eastern Time, on , 2018, which we refer to as the "record date," as the record ownership date for the distribution.

Q: *When will the distribution occur?*

A: The distribution date of the spin-off is , 2018. We expect that it will take the distribution agent, acting on behalf of LINN Energy, up to two weeks after the distribution date to fully distribute the shares of Riviera common stock to LINN stockholders.

Q: *What do I have to do to participate in the spin-off?*

A: You are not required to take any action other than to provide any documentation that may be required as discussed under "Material U.S. Federal Income Tax Consequences of the Spin-Off," including with respect to certain FIRPTA documentation that may be required by the applicable withholding agent. No stockholder

approval of the distribution is required or sought. You are not being asked for a proxy. Other than to provide any documentation that may be required as discussed herein, no action is required on your part to receive your shares of Riviera common stock. You will neither be required to pay anything for the shares of Rivera common stock nor be required to surrender any shares of LINN common stock to participate in the spin-off.

Q: *What if I hold my shares through a broker, bank or other nominee?*

A: Holders of LINN common stock who hold their shares through a broker, bank or other nominee will have their brokerage account credited with shares of Riviera common stock. For additional information, those stockholders are encouraged to contact their broker, bank or nominee directly.

Q: *Do I have appraisal rights in connection with the spin-off?*

A: No. Holders of LINN common stock are not entitled to appraisal rights in connection with the spin-off.

Q: *What are the U.S. federal income tax consequences of the spin-off?*

A: The spin-off will be a taxable distribution. The material U.S. federal income tax consequences of the distribution are described in more detail under "Material U.S. Federal Income Tax Consequences of the Spin-Off." Information regarding tax matters in this prospectus is for general information purposes only and does not constitute tax advice. **STOCKHOLDERS ARE ENCOURAGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE PARTICULAR TAX CONSEQUENCES OF THE SPIN-OFF TO THEM.**

Q: *How will Riviera common stock trade?*

A: There is currently no public market for Riviera common stock. We intend to have our common stock quoted for trading on the OTC Market, where we expect to qualify as an SEC-reporting company, under the ticker symbol "RVRA". We expect that our common stock will begin trading sometime after the distribution date, to be determined. We cannot predict the trading prices for our common stock when such trading begins.

Q: *Will my shares of LINN common stock continue to trade on the OTC Market?*

A: Yes. LINN common stock will continue to trade on the OTC Market under the symbol "LNGG."

Q: *If I sell, on or before the distribution date, shares of LINN common stock that I held as of the record date, am I still entitled to receive shares of Riviera common stock distributable with respect to the shares of LINN common stock I sold?*

A: We anticipate that, pursuant to Rule 11140 promulgated by the Financial Industry Regulatory Authority ("FINRA"), FINRA will set an "ex-distribution date" for our common stock as the first business day following the distribution date; however, we can provide no assurance as to the ex-distribution date that FINRA will ultimately set. If you hold shares of LINN common stock as of the record date for the distribution and choose to sell those shares after the record date for the distribution and on or before the distribution date, you will also be selling the right to receive the shares of Riviera common stock in connection with the spin-off (assuming that FINRA sets an ex-distribution date of the first business day following the distribution date). You are encouraged to consult with your broker or financial advisor regarding the specific implications of selling your LINN common stock prior to or on the distribution date.

Q: *Will the spin-off affect the trading price of my LINN common stock?*

A: Yes. The trading price of shares of LINN common stock immediately following the distribution is expected to be lower than immediately prior to the distribution because its trading price will no longer reflect the value of Riviera. However, we cannot predict the price at which the shares of LINN common stock will trade following the spin-off.

Q: *Who will form the senior management team and board of directors of Riviera after the spin-off?*

A: The executive officers and members of the board of directors of Riviera ("our board of directors") following the spin-off will include: David B. Rottino, who will serve as our President and Chief Executive Officer and a director; Daniel Furbee, who will serve as our Executive Vice President and Chief Operating Officer; James G. Frew, who will serve as our Executive Vice President and Chief Financial Officer; Darren Schluter, who will serve as our Executive Vice President, Finance, Administration and Chief Accounting Officer; Holly Anderson, who will serve as our Executive Vice President and General Counsel; and Matthew Bonanno, Philip Brown, C. Gregory Harper, Evan Lederman and Andrew Taylor, as directors. Mr. Harper will also serve as President and Chief Executive Officer of Blue Mountain. See "Management" for information on our executive officers and board of directors.

Q: *What will the relationship be between LINN Energy and Riviera after the spin-off?*

A: Following the spin-off, Riviera will be an independent reporting company, and eventually a publicly traded company, and LINN Energy will have no continuing stock ownership interest in Riviera. We will have entered into a Separation and Distribution Agreement and several other agreements with LINN Energy related to the spin-off. These agreements will govern the relationship between us and LINN Energy after completion of the spin-off and provide for the allocation between us and LINN Energy of various assets, liabilities, rights and obligations. These agreements will also include arrangements with respect to tax matters and transitional services to be provided by us to LINN Energy. In addition, certain members of our board of directors serve on the LINN Energy board of directors. See "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off" and "Management."

Q: *What will Riviera's dividend policy be after the spin-off?*

A: We do not intend, following the spin-off, to pay cash dividends on our common stock in the foreseeable future. We currently intend to retain any earnings for the future operation and development of our business, including exploration, development and acquisition activities. Any decision to declare and pay dividends will be made at the sole discretion of our board of directors and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our board of directors may deem relevant. There can be no assurance that a payment of a dividend will occur in the future. Any future payment of cash dividends would be subject to the restrictions in the Revolving Credit Facility. See "Dividend Policy."

Q: *What are the anti-takeover effects of the spin-off?*

A: Some provisions of Delaware law, certain of our agreements with LINN Energy, and the certificate of incorporation of Riviera and the bylaws of Riviera (as each will be in effect immediately following the spin-off) may have the effect of making it more difficult to acquire control of Riviera in a transaction not approved by our board of directors. For example, our certificate of incorporation and bylaws will, among other things, require advance notice for stockholder proposals and nominations, place limitations on convening stockholder meetings and authorize our board of directors to issue one or more series of preferred stock. These obligations may delay, deter or prevent a takeover attempt or a removal of Riviera's incumbent officers or directors that a Riviera stockholder might consider in his, her or its best interest. See "Description of Capital Stock—Anti-Takeover Effects of Our Certificate of Incorporation, Bylaws and Delaware Law" for more information.

Q: *What are the risks associated with the spin-off?*

A: There are a number of risks associated with the spin-off and ownership of Riviera common stock. These risks are discussed under "Risk Factors."

Q: *Who will be the distribution agent, transfer agent and registrar for Riviera common stock?*

A: The distribution agent, transfer agent and registrar for Riviera common stock will be American Stock Transfer & Trust Company, LLC. For questions relating to the transfer or mechanics of the stock distribution, you should contact American Stock Transfer & Trust Company, LLC toll-free at (800) 937-5449.

Q: *Where can I get more information?*

A: If you have any questions relating to the mechanics of the distribution, you should contact the distribution agent at:

American Stock Transfer & Trust Company, LLC
Operations Center
6201 15th Avenue, Brooklyn, NY 11219
Toll-Free Number: (800) 937-5449

Before the spin-off, if you have any questions relating to the spin-off, you should contact LINN Energy at:

Linn Energy, Inc.
Investor Relations
600 Travis Street
Houston, Texas 77002
Phone: (281) 840-4110
Email: ir@linnenergy.com
http://ir.linnenergy.com/

After the spin-off, if you have any questions relating to Riviera, you should contact Riviera at:

Riviera Resources, Inc.
Investor Relations
600 Travis Street
Houston, Texas 77002
Phone: (281) 840-4110
Email: .com
http:// .com

SUMMARY

This summary highlights information contained in this prospectus and provides an overview of Riviera Resources, Inc., our spin-off from Linn Energy, Inc. and the distribution of our common stock by LINN Energy to its stockholders. For a more complete understanding of our business and the spin-off, you should read this entire prospectus carefully, particularly the sections titled "Risk Factors" and "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information" and our audited and unaudited consolidated and combined financial statements and the notes thereto included in this prospectus.

Our Company

We are currently an indirect subsidiary of Linn Energy, Inc. After the spin-off is completed, we will be an independent oil and natural gas company with a strategic focus on efficiently operating our mature low-decline assets, developing our growth-oriented assets, and returning capital to stockholders. We will own (i) LINN Energy's legacy properties located in the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain, a midstream company centered in the core of the Merge play in the Anadarko Basin. LINN Energy will not retain any ownership interest in us following the spin-off.

Relationship with LINN Energy

Linn Energy, Inc. is an independent oil and natural gas company that was formed on February 14, 2017, in connection with the reorganization of its predecessor, Linn Energy, LLC. Linn Energy, LLC was publicly traded on the NASDAQ stock exchange from January 2006 to February 2017. In May 2016, following the steep decline in oil and natural gas prices between 2014 and 2016, and after wide ranging efforts to proactively improve its capital structure, Linn Energy, LLC (together with certain of its direct and indirect subsidiaries and affiliates, the "Debtors") filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of Texas ("Bankruptcy Court"). During the pendency of the Chapter 11 proceedings, the Debtors operated their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. Linn Energy, Inc. emerged from bankruptcy effective February 28, 2017.

Following the spin-off, we will have an ongoing relationship with LINN Energy, which owns a 50% equity interest in Roan. Under the Transition Services Agreement, we will provide transitional services to LINN Energy for, among other things, finance, information technology, human resources and other services, for a limited time to help ensure an orderly transition following the distribution. For a more detailed description, see "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off."

Certain members of our board of directors also serve on the LINN Energy board of directors. See "Management."

Operating Regions

Our properties are located in six operating regions in the United States:

- Hugoton Basin, which includes oil and natural gas properties, as well as the Jayhawk natural gas processing plant, located in Kansas;
- East Texas, which includes oil and natural gas properties producing primarily from the Cotton Valley and Bossier Sandstone;
- North Louisiana, which includes oil and natural gas properties producing primarily from the Cotton Valley Sandstones;

- Michigan/Illinois, which includes properties producing from the Antrim Shale formation located in northern Michigan and oil properties in southern Illinois;
- Uinta Basin, which includes non-operated properties located in the Dunkards Wash field in Utah (which was included in the Company's previous Rockies operating region); and
- Mid-Continent, which includes properties in the Northwest STACK in northwestern Oklahoma, the Arkoma STACK located in southeastern Oklahoma, and various other oil and natural gas producing properties throughout Oklahoma, as well as the Chisholm Trail midstream business located in the Merge/SCOOP/STACK play ("Chisholm Trail").

Our proved reserves at December 31, 2017, were approximately 1,968 Bcfe, of which approximately 70% were natural gas, 22% were natural gas liquids ("NGL") and 8% were oil. Approximately 97% were classified as proved developed, with a total standardized measure of discounted future net cash flows of approximately $1.05 billion. At December 31, 2017, we operated 10,545, or approximately 66%, of our 15,918 gross productive wells.

In July 2017, Blue Mountain entered into a definitive agreement with BCCK Engineering, Inc. ("BCCK") to construct the Chisholm Trail Cryogenic Gas Plant. Blue Mountain's assets include the Chisholm Trail midstream business located in Oklahoma. Chisholm Trail is located in the Merge/SCOOP/STACK play in the Mid-Continent region and has approximately 108 miles of existing natural gas gathering pipeline and approximately 60 MMcf/d of current refrigeration capacity. Infrastructure expansions are underway to add low pressure gathering pipelines, increase compression throughput and construct a new 225 MMcf/d cryogenic natural gas processing facility with a total capacity of 250 MMcf/d. The Chisholm Trail Cryogenic Gas Plant is expected to be commissioned by the end of the second quarter of 2018.

Recent Developments

Divestitures

Below are our completed divestitures in 2017 and 2018:

- On April 10, 2018, we completed the sale of our conventional properties located in New Mexico (the "New Mexico Assets Sale") and received cash proceeds of approximately $15 million.
- On April 4, 2018, we completed the sales of our interest in properties located in Altamont Bluebell Field in Utah (the "Altamont Bluebell Assets Sale") and received cash proceeds of approximately $129 million.
- On March 29, 2018, we completed the sale of our interest in conventional properties located in west Texas (the "West Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $108 million (including approximately $12 million of restricted cash released in April 2018), net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $53 million.
- On February 28, 2018, we completed the sale of our Oklahoma waterflood and Texas Panhandle properties (the "Oklahoma and Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $112 million (including a deposit of approximately $12 million received in 2017), net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $48 million.
- On November 30, 2017, we completed the sale of our interest in properties located in the Williston Basin. Cash proceeds received from the sale of these properties were approximately $255 million, net of costs to sell of approximately $3 million, and we recognized a net gain of approximately $116 million.

- On November 30, 2017, we completed the sale of our interest in properties located in Wyoming. Cash proceeds received from the sale of these properties were approximately $193 million, net of costs to sell of approximately $2 million, and we recognized a net gain of approximately $175 million.
- On September 12, 2017, August 1, 2017, and July 31, 2017, we completed the sale of our interest in certain properties located in south Texas. Combined cash proceeds received from the sales of these properties were approximately $48 million, net of costs to sell of approximately $1 million, and we recognized a combined net gain of approximately $14 million.
- On August 23, 2017, July 28, 2017, and May 9, 2017, we completed the sale of our interest in certain properties located in Texas and New Mexico. Combined cash proceeds received from the sale of these properties were approximately $31 million and we recognized a combined net gain of approximately $29 million.
- On July 31, 2017, we completed the sale of our interest in properties located in the San Joaquin Basin in California (the "San Joaquin Basin Sale"). Cash proceeds received from the sale of these properties were approximately $253 million, net of costs to sell of approximately $4 million, and we recognized a net gain of approximately $120 million.
- On July 21, 2017, we completed the sale of our interest in properties located in the Los Angeles Basin in California (the "Los Angeles Basin Sale"). Cash proceeds received from the sale of these properties were approximately $93 million, net of costs to sell of approximately $2 million, and we recognized a net gain of approximately $2 million. We will receive an additional $7 million contingent payment if certain operational requirements are satisfied within one year from the date of sale.
- On June 30, 2017, we completed the sale of our interest in properties located in the Salt Creek Field in Wyoming. Cash proceeds received from the sale of these properties were approximately $73 million, net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $30 million.
- On May 31, 2017, we completed the sale of our interest in properties located in western Wyoming. Cash proceeds received from the sale of these properties were approximately $559 million, net of costs to sell of approximately $6 million, and we recognized a net gain of approximately $277 million.

As a result of our strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), we classified the assets and liabilities, results of operations and cash flows of our California properties as discontinued operations on the consolidated and combined financial statements included elsewhere in this prospectus.

Internal Reorganization

As part of the spin-off, LINN Energy will effect an internal reorganization, and Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc. In connection with such conversion, all of the membership interests in our company will be converted into shares of common stock in Riviera Resources, Inc. Following the conversion, we will be subject to taxation at the company level.

Following the internal reorganization and conversion, Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan. Upon completion of the internal reorganization, LINN Energy will complete the spin-off by distributing to the LINN stockholders all of the issued and outstanding Riviera common stock. See "The Spin-Off—Manner of Effecting the Spin-Off—Internal Reorganization."

After completion of the spin-off:

- Riviera Resources, Inc. (OTC: RVRA) will be an independent oil and gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets, and returning capital to stockholders. Riviera will own (i) LINN Energy's legacy properties located in the

Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain, a midstream company centered in the core of the Merge play in the Anadarko Basin.

- Linn Energy, Inc. (OTCQB: LNGG) will continue to be an independent, publicly traded company and will own a 50% equity interest in Roan, which is focused on the accelerated development of the Merge/SCOOP/STACK play in Oklahoma.

Other Information

We were formed as a Delaware limited liability in April 2018. Our principal executive offices are located at 600 Travis Street, Houston, Texas 77002. The main telephone number is (281) 840-4000. Our website address is www. .com. Information contained on, or connected to, our website or LINN Energy's website does not and will not constitute a part of this prospectus or the registration statement on Form S-1 of which this prospectus is a part.

Summary of the Spin-Off	
Distributing Company	Linn Energy, Inc., a Delaware corporation, which holds all of our common stock prior to the distribution. After the distribution, LINN Energy will not own any shares of Riviera common stock.
Distributed Company	Riviera Resources, Inc., a Delaware corporation, and immediately prior to the spin-off, an indirect subsidiary of Linn Energy, Inc. After the spin-off, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company.
Distributed Securities	All of the outstanding shares of Riviera common stock.
Record Date	The record date for the distribution is 5:00 p.m., Eastern Time, on , 2018.
Distribution Date	The distribution date is expected to be , 2018.
Distribution Ratio	Each holder of LINN common stock will receive one share of Riviera common stock for each share of LINN common stock held at 5:00 p.m., Eastern Time, on , 2018. Immediately following the spin-off, Riviera Resources, Inc. expects to have approximately record holders of shares of common stock and approximately shares of common stock outstanding, based on the number of record holders and outstanding shares of LINN common stock on , 2018 and assuming each holder of LINN common stock will receive one share of Riviera common stock for each share of LINN common stock. The actual number of shares to be distributed will be determined as of the record date and will reflect any repurchases of shares of LINN common stock and issuances of shares of LINN common stock in respect of awards under Linn Energy, Inc. equity-based incentive plans between the date the LINN Energy board of directors declares the dividend for the distribution and the record date for the distribution.
The Distribution	On the distribution date, Linn Energy, Inc. will release the shares of Riviera common stock to the distribution agent to distribute to LINN stockholders. The distribution of shares will be made by way of direct registration in book-entry form only, meaning that no physical share certificates will be issued. It is expected that it will take the distribution agent up to two weeks to issue shares of Riviera common stock to you or to your bank or brokerage firm electronically on your behalf by way of direct registration in book-entry form. You will not be required to make any payment, surrender or exchange your shares of LINN common stock or take any other action, other than to provide any documentation that may be required as discussed under “Material U.S. Federal Income Tax Consequences of the Spin-Off,” including with respect to certain FIRPTA documentation that may be required by the applicable withholding agent, to receive your shares of Riviera common stock.

Conditions to the Distribution	We expect that the distribution will be effective as of 5:00 p.m., Eastern Time, on , 2018, the distribution date. The distribution is subject to the satisfaction, or waiver by LINN Energy, of the following conditions: • the final approval of the distribution by the LINN Energy board of directors, which approval may be given or withheld in its absolute and sole discretion; • the Separation and Distribution Agreement and the ancillary agreements contemplated by the Separation and Distribution Agreement shall have been executed by each party to those agreements; • all conditions precedent to the Credit Facility Amendment necessary to effectuate the spin-off shall have been satisfied or waived in accordance with its terms; • our Registration Statement on Form S-1, of which this prospectus forms a part, shall have been declared effective by the SEC, with no stop order in effect with respect thereto, and no proceedings to suspend the effectiveness thereof pending before or threatened by the SEC; • prior to the distribution date, this prospectus shall have been mailed to the LINN stockholders as of the record date; • all material governmental approvals and other consents necessary to consummate the spin-off or any portion thereof shall have been obtained and be in full force and effect; and • no order, injunction or decree issued by any governmental entity of competent jurisdiction or other legal restraint or prohibition preventing the consummation of all or any portion of the spin-off shall be in effect, and no other event shall have occurred or failed to occur that prevents the consummation of all or any portion of the spin-off. We are not aware of any material U.S. federal, non-U.S. or state regulatory requirements that must be complied with or any material approvals that must be obtained, other than compliance with the rules and regulations of the SEC, approval of our application to be quoted on the OTC Market by the Financial Industry Regulatory Authority (“FINRA”), and the declaration of effectiveness of the Registration Statement on Form S-1, of which this prospectus forms a part, by the SEC, in connection with the distribution. LINN Energy and Riviera cannot assure you that any or all of these conditions will be met and Linn Energy, Inc. may waive any of the conditions to the distribution. In addition, until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied. For more information, see “The Spin-Off—Conditions to the Distribution.”

Reasons for the Spin-Off	The LINN Energy board of directors and management believe the benefits of the spin-off will include: • enhanced strategic and management focus on the core business and growth of each company; • more efficient capital allocation, direct access to capital and expanded growth opportunities for each company; • the ability to implement a tailored approach to recruiting and retaining employees at each company; • improved investor understanding of the business strategy and operating results of each company; and • enhanced investor choice by offering investment opportunities in separate entities.
Trading Market and Symbol	We intend to have our common stock quoted for trading on the OTC Market, where we expect to qualify as an SEC-reporting company, under the ticker symbol “RVRA”. We do not expect that our common stock will trade on or before the distribution date. Trading of shares of our common stock is expected to begin on a date to be determined after the distribution date if and when our trading symbol application with FINRA is approved. We also anticipate that FINRA will set an “ex-distribution date” for our common stock as the first business day following the distribution date; however, we can provide no assurance as to the ex-distribution date that FINRA will ultimately set. If you hold shares of LINN common stock as of the record date for the distribution and choose to sell those shares after the record date for the distribution and on or before the distribution date, you will also be selling the right to receive the shares of Riviera common stock in connection with the spin-off (assuming that FINRA sets an ex-distribution date of the first business day following the distribution date).
Tax Consequences of the Spin-Off	The internal reorganization preceding the distribution should not result in any material U.S. federal income tax consequences to holders of LINN common stock. A U.S. Holder receiving our shares in the distribution will be treated as receiving a distribution to the extent of the fair market value of the shares received on the distribution date. That distribution will be treated as taxable dividend income to the extent of such U.S. Holder’s ratable share of LINN Energy’s current and accumulated earnings and profits, if any (including any additional earning and profits recognized by LINN Energy as a result of the distribution). Any amount that exceeds LINN Energy’s earnings and profits will be treated first as a tax-free return of capital to the extent of the U.S. Holder’s adjusted tax basis in its shares of LINN common stock (thus reducing such adjusted tax basis) with any remaining amounts being treated as capital gain. For a more detailed discussion see “Material

	U.S. Federal Income Tax Consequences of the Spin-Off," included elsewhere in this prospectus. A Non-U.S. Holder receiving our shares in the distribution may be subject to U.S. federal withholding tax unless the Non-U.S. Holder provides certain valid documentation certifying such holder's qualification for a reduced rate or exemption. In addition, a Non-U.S. Holder receiving our shares in the distribution may be subject U.S. federal income tax in certain other circumstances. In particular, a Non-U.S. Holder that owned, directly or indirectly, at any time since LINN Energy's formation more than 5% of the shares of LINN common stock and that is not eligible for any treaty exemption may be subject to U.S. federal income tax on any gain recognized by such Non-U.S. Holder on the distribution. For a more detailed discussion of the circumstances that could produce taxable gain for a Non-U.S. Holder in connection with the distribution, see "Material U.S. Federal Income Tax Consequences of the Spin-Off." **Each stockholder is urged to consult his, her or its tax advisor as to the specific tax consequences of the spin-off to such stockholder, including the effect of any state, local or non-U.S. tax laws and of changes in applicable tax laws.**
Relationship with LINN Energy after the Spin-Off	Before our spin-off from LINN Energy, we will enter into a Separation and Distribution Agreement and several other agreements with LINN Energy related to the spin-off. These agreements will govern the relationship between us and LINN Energy after completion of the spin-off and provide for the allocation between us and LINN Energy of various assets, liabilities, rights and obligations. These agreements include: • a Separation and Distribution Agreement with Linn Energy, Inc., which will provide for the allocation of assets and liabilities between us and LINN Energy and will establish the rights and obligations between the parties following the distribution; • a Transition Services Agreement with Linn Energy, Inc., pursuant to which we will provide certain services to Linn Energy, Inc. on an interim basis following the distribution; and • a Tax Matters Agreement with LINN Energy, regarding the sharing of tax liabilities incurred, and tax assets generated, before and after completion of the spin-off and certain indemnification rights with respect to tax matters. We describe these arrangements in greater detail under "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off," and describe some of the risks of these arrangements under "Risk Factors—Risks Relating to the Spin-Off." Certain members of our board of directors also serve on the LINN Energy board of directors. See "Management."

Dividend Policy	We do not intend, following the spin-off, to pay cash dividends on our common stock in the foreseeable future. We currently intend to retain any earnings for the future operation and development of our business, including exploration, development and acquisition activities. Any decision to declare and pay dividends will be made at the sole discretion of our board of directors and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our board of directors may deem relevant. There can be no assurance that a payment of a dividend will occur in the future. Any future payment of cash dividends would be subject to the restrictions in the Revolving Credit Facility. See “Dividend Policy.”
Transfer Agent	American Stock Transfer & Trust Company, LLC.
Risk Factors	We face both general and specific risks and uncertainties relating to our business, regulation, the spin-off and our common stock. We also are subject to risks relating to our relationship with LINN Energy and our being an independent company following the spin-off. You should carefully read the risk factors set forth in the section titled “Risk Factors” in this prospectus.

Summary Historical and Unaudited Pro Forma Condensed Consolidated and Combined Financial Data

The following table presents summary historical and unaudited pro forma condensed consolidated and combined financial data of Riviera. Following the spin-off, Riviera will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan. Riviera will be the financial reporting entity following the consummation of the spin-off.

We derived the summary historical statements of operations and cash flow data for the ten months ended December 31, 2017, for the two months ended February 28, 2017, and for the years ended December 31, 2016 and 2015, and the summary historical balance sheet data as of December 31, 2017 and 2016, from the audited consolidated and combined financial statements of Riviera included elsewhere in this prospectus. We derived the selected historical statements of operations and cash flow data for the three months ended March 31, 2018, and for the one month ended March 31, 2017, and the selected historical balance sheet data as of March 31, 2018 and 2017, from the unaudited condensed consolidated and combined financial statements of Riviera included elsewhere in this prospectus. This summary historical financial data is not necessarily indicative of our future performance and does not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy. For example, our historical consolidated and combined financial statements include certain costs that may not be representative of the future costs we will incur as an independent, public company. In addition, our historical consolidated and combined financial statements include our historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.

The summary unaudited pro forma condensed consolidated balance sheet as of March 31, 2018 and summary unaudited pro forma condensed consolidated and combined statements of operations for the three months ended March 31, 2018 and the year ended December 31, 2017 present our consolidated and combined financial position and results of operations after giving effect to the spin-off and related transactions as well as the other transactions described under "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information." The summary unaudited pro forma condensed consolidated balance sheet data as of March 31, 2018 has been prepared to reflect the spin-off and related transactions as if they had been completed as of March 31, 2018. The summary unaudited pro forma condensed consolidated and combined statement of operations data for the three months ended March 31, 2018 and the year ended December 31, 2017 has been prepared to reflect the spin-off and related transactions, as well as the other transactions described under "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information," as if they had been completed as of January 1, 2017. The summary unaudited pro forma financial data is presented for illustrative purposes only, is not necessarily indicative of our future performance and does not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy. The assumptions used and pro forma adjustments derived from such assumptions are based on currently available information, and we believe such assumptions are reasonable under the circumstances.

The summary historical and unaudited pro forma condensed consolidated and combined financial data below should be read together with the audited and unaudited consolidated and combined financial statements and related notes thereto, as well as the sections titled "Capitalization," "Selected Historical Consolidated and Combined Financial Data," "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Description of Material Indebtedness," and the other financial information included elsewhere in this prospectus.

NGL (MMBbls)	72	104	97
Total (Bcfe)	1,968	3,350	3,240
Proved reserves—Equity method investments: (1)			
Total (Bcfe)	694	—	—
Proved reserves—Discontinued operations:			
Total (Bcfe)	—	170	195

(1) Represents the Company's historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.

(2) Production of the Company's California properties reported as discontinued operations for 2017 is for the period from January 1, 2017 through July 31, 2017.

(3) In accordance with SEC regulations, reserves were estimated using the average price during the 12-month period, determined as an unweighted average of the first-day-of-the-month price for each month, excluding escalations based upon future conditions. The average price used to estimate reserves is held constant over the life of the reserves.

RISK FACTORS

You should carefully consider each of the following risk factors and all of the other information set forth in this prospectus. The risk factors generally have been separated into four groups: business risks, regulatory risks, risks relating to the spin-off and risks relating to our common stock. Based on the information currently known to us, we believe that the following information identifies the most significant risk factors affecting our company in each of these categories of risks. However, the risks and uncertainties we face are not limited to those set forth in the risk factors described below. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business. In addition, past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods.

If any of the following risks and uncertainties develops into actual events, these events could have a material adverse effect on our business, financial condition or results of operations. In such case, the trading price of our common stock could decline.

Risks Relating to Our Business

We may be subject to risks in connection with divestitures.

In 2017 and the first quarter of 2018, we completed divestitures of a significant portion of our assets, as discussed in "Summary—Recent Developments." In connection with these or other future transactions, we may sell our core or non-core assets in order to increase capital resources available for other core assets, create organizational and operational efficiencies or for other purposes. Various factors could materially affect our ability to dispose of such assets, including the approvals of governmental agencies or third parties and the availability of purchasers willing to acquire the assets with terms we deem acceptable. Though we continue to evaluate various options for the divestiture of such assets, there can be no assurance that this evaluation will result in any specific action.

Sellers often retain certain liabilities or agree to indemnify buyers for certain matters related to the sold assets. The magnitude of any such retained liability or of the indemnification obligation is difficult to quantify at the time of the transaction and ultimately could be material. Also, as is typical in divestiture transactions, third parties may be unwilling to release us from guarantees or other credit support provided prior to the sale of the divested assets. As a result, after a divestiture, we may remain secondarily liable for the obligations guaranteed or supported to the extent that the buyer of the assets fails to perform these obligations.

Commodity prices are volatile, and prolonged depressed prices or a further decline in prices would reduce our revenues, profitability and net cash provided by operating activities and would significantly affect our financial condition and results of operations.

Our revenues, profitability, cash flow and the carrying value of our properties depend on the prices of and demand for oil, natural gas and NGL. Historically, the oil, natural gas and NGL markets have been very volatile and are expected to continue to be volatile in the future, and prolonged depressed prices or a further decline in prices will significantly affect our financial results and impede our growth. Changes in oil, natural gas and NGL prices have a significant impact on the value of our reserves and on our net cash provided by operating activities. In addition, revenues from certain wells may exceed production costs and nevertheless not generate sufficient return on capital. Prices for these commodities may fluctuate widely in response to relatively minor changes in the supply of and demand for them, market uncertainty and a variety of additional factors that are beyond our control, such as:

- the domestic and foreign supply of and demand for oil, natural gas and NGL;
- the price and level of foreign imports;

- the level of consumer product demand;
- weather conditions;
- overall domestic and global economic conditions;
- political and economic conditions in oil and natural gas producing and consuming countries;
- the ability of members of the Organization of Petroleum Exporting Countries to agree to and maintain price and production controls;
- the impact of the U.S. dollar exchange rates on oil, natural gas and NGL prices;
- technological advances affecting energy consumption;
- domestic and foreign governmental regulations and taxation;
- the impact of energy conservation efforts;
- the proximity and capacity of pipelines and other transportation facilities; and
- the price and availability of alternative fuels.

Prolonged depressed prices or a further decline in prices would reduce our revenues, profitability and net cash provided by operating activities and would significantly affect our financial condition and results of operations.

Future declines in commodity prices, changes in expected capital development, increases in operating costs or adverse changes in well performance may result in write-downs of the carrying amounts of our assets, which could materially and adversely affect our results of operations in the period incurred.

We evaluate the impairment of our oil and natural gas properties on a field-by-field basis whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Future declines in oil, natural gas and NGL prices, changes in expected capital development, increases in operating costs or adverse changes in well performance, among other things, may result in us having to make material write-downs of the carrying amounts of our assets, which could materially and adversely affect our results of operations in the period incurred.

Disruptions in the capital and credit markets, continued low commodity prices and other factors may restrict our ability to raise capital on favorable terms, or at all.

Disruptions in the capital and credit markets, in particular with respect to companies in the energy sector, could limit our ability to access these markets or may significantly increase our cost to borrow. Continued low commodity prices, among other factors, have caused some lenders to increase interest rates, enact tighter lending standards which we may not satisfy, and in certain instances have reduced or ceased to provide funding to borrowers. If we are unable to access the capital and credit markets on favorable terms or at all, it could adversely affect our business and financial condition.

LINN Energy emerged from bankruptcy in February 2017, which could adversely affect our business and relationships.

It is possible that LINN Energy's having filed for bankruptcy and its emergence from bankruptcy could adversely affect our business and relationships with customers, vendors, royalty and working interest owners, employees, service providers and suppliers. Due to uncertainties, many risks exist, including the following:

- vendors or other contract counterparties could terminate their relationship or require financial assurances or enhanced performance;

- the ability to renew existing contracts and compete for new business may be adversely affected;
- the ability to attract, motivate and/or retain key executives and employees may be adversely affected;
- employees may be distracted from performance of their duties or more easily attracted to other employment opportunities; and
- competitors may take business away from us, and our ability to attract and retain customers may be negatively impacted.

The occurrence of one or more of these events could adversely affect our business, operations, financial condition and reputation. We cannot assure you that LINN Energy's having been subject to bankruptcy protection will not adversely affect our operations in the future.

Our financial information after the impact of fresh start accounting and numerous divestitures may not be meaningful to investors.

Upon LINN Energy's emergence from bankruptcy, we adopted fresh start accounting and, as a result, our assets and liabilities were recorded at fair value as of the fresh start reporting date, which differ materially from the recorded values of assets and liabilities on our historical consolidated and combined balance sheets. As a result of the adoption of fresh start accounting, along with the numerous divestitures of properties in 2017 and the first quarter of 2018, our historical results of operations and period-to-period comparisons of those results and certain other financial data may not be meaningful or indicative of future results. The lack of comparable historical financial information may discourage investors from purchasing our common stock.

We may not be able to obtain funding under the Revolving Credit Facility because of a decrease in our borrowing base, or obtain new financing, which could adversely affect our operations and financial condition.

On August 4, 2017, LINN Energy entered into the Revolving Credit Facility with $500 million in borrowing commitments and an initial borrowing base of $500 million. The maximum commitment amount was $390 million at March 31, 2018. As of March 31, 2018, there were no borrowings outstanding under the Revolving Credit Facility and there was approximately $343 million of available borrowing capacity (which includes a $47 million reduction for outstanding letters of credit). As of the date of this prospectus, a subsidiary of LINN Energy is the borrower under the Revolving Credit Facility. In connection with the Credit Facility Amendment, Riviera became a guarantor under the Revolving Credit Facility. Prior to the consummation of the spin-off, the borrower under the Revolving Credit Facility is expected to become a subsidiary of Riviera.

Redeterminations of the borrowing base under the Revolving Credit Facility are based primarily on reserve reports using lender commodity price expectations at such time. The borrowing base will be redetermined semi-annually, on April 1 and October 1. The next scheduled borrowing base redetermination will take place on October 1, 2018. Any reduction in the borrowing base will reduce our available liquidity, and, if the reduction results in the outstanding amount under the Revolving Credit Facility exceeding the borrowing base, we will be required to repay the deficiency. We may not have the financial resources in the future to make any mandatory deficiency principal prepayments required under the Revolving Credit Facility, which could result in an event of default.

In the future, we may not be able to access adequate funding under the Revolving Credit Facility as a result of (i) a decrease in our borrowing base due to the outcome of a borrowing base redetermination, or (ii) an unwillingness or inability on the part of our lending counterparties to meet their funding obligations. Since the process for determining the borrowing base under the Revolving Credit Facility involves evaluating the estimated value of some of our oil and natural gas properties using pricing models determined by the lenders at that time, a decline in those prices used, or further downward reductions of our reserves, likely will result in a

redetermination of our borrowing base and a decrease in the available borrowing amount at the time of the next scheduled redetermination. In such case, we would be required to repay any indebtedness in excess of the borrowing base.

The Revolving Credit Facility also restricts our ability to obtain new financing. If additional capital is needed, we may not be able to obtain debt or equity financing on terms favorable to us, or at all. If net cash provided by operating activities or cash available under the Revolving Credit Facility is not sufficient to meet our capital requirements, the failure to obtain such additional debt or equity financing could result in a curtailment of our development operations, which in turn could lead to a decline in our reserves.

We may be unable to maintain compliance with the covenants in the Revolving Credit Facility, which could result in an event of default under the Revolving Credit Facility that, if not cured or waived, would have a material adverse effect on our business and financial condition.

Under the Revolving Credit Facility, LINN Energy is required, and following the spin-off, we will be required, to maintain (i) a maximum total net debt to last twelve months EBITDA ratio of 4.0 to 1.0, and (ii) a minimum adjusted current ratio of 1.0 to 1.0, as well as various affirmative and negative covenants. If we were to violate any of the covenants under the Revolving Credit Facility and were unable to obtain a waiver or amendment, it would be considered a default after the expiration of any applicable grace period. If we were in default under the Revolving Credit Facility, then the lenders may exercise certain remedies including, among others, declaring all borrowings outstanding thereunder, if any, immediately due and payable. This could adversely affect our operations and our ability to satisfy our obligations as they come due.

Restrictive covenants in the Revolving Credit Facility could limit our growth and our ability to finance our operations, fund our capital needs, respond to changing conditions and engage in other business activities that may be in our best interests.

Restrictive covenants in the Revolving Credit Facility will impose significant operating and financial restrictions on us and our subsidiaries. These restrictions will limit our ability to, among other things:

- incur additional liens;
- incur additional indebtedness;
- merge, consolidate or sell our assets;
- pay dividends or make other distributions or repurchase or redeem our stock;
- make certain investments; and
- enter into transactions with our affiliates.

The Revolving Credit Facility will also require us to comply with certain financial maintenance covenants as discussed above. A breach of any of these covenants could result in a default under the Revolving Credit Facility. If a default occurs and remains uncured or unwaived, the administrative agent or majority lenders under the Revolving Credit Facility may elect to declare all borrowings outstanding thereunder, if any, together with accrued interest and other fees, to be immediately due and payable. The administrative agent or majority lenders under the Revolving Credit Facility would also have the right in these circumstances to terminate any commitments they have to provide further borrowings. If we are unable to repay our indebtedness when due or declared due, the administrative agent will also have the right to proceed against the collateral pledged to it to secure the indebtedness under the Revolving Credit Facility. If such indebtedness were to be accelerated, our assets may not be sufficient to repay in full our secured indebtedness.

We may be prevented from taking advantage of business opportunities that arise because of the limitations imposed on us by the restrictive covenants in the Revolving Credit Facility. The restrictions contained in the Revolving Credit Facility could:

- limit our ability to plan for, or react to, market conditions, to meet capital needs or otherwise restrict our activities or business plan; and
- adversely affect our ability to finance our operations, enter into acquisitions or to engage in other business activities that would be in our interest.

Our commodity derivative activities could result in financial losses or could reduce our income, which may adversely affect our net cash provided by operating activities, financial condition and results of operations.

To achieve more predictable net cash provided by operating activities and to reduce our exposure to adverse fluctuations in the prices of oil and natural gas, we have entered into commodity derivative contracts for a portion of our production. Commodity derivative arrangements expose us to the risk of financial loss in some circumstances, including situations when production is less than expected. If we experience a sustained material interruption in our production or if we are unable to perform our drilling activity as planned, we might be forced to satisfy all or a portion of our derivative obligations without the benefit of the sale of our underlying physical commodity, which may adversely affect our net cash provided by operating activities, financial condition and results of operations.

We may be unable to hedge anticipated production volumes on attractive terms or at all, which would subject us to further potential commodity price uncertainty and could adversely affect our net cash provided by operating activities, financial condition and results of operations.

While we have hedged a portion of our estimated production for 2018 and 2019, our anticipated production volumes remain mostly unhedged. Based on current expectations for future commodity prices, reduced hedging market liquidity and potential reduced counterparty willingness to enter into new hedges with us, we may be unable to hedge anticipated production volumes on attractive terms or at all, which would subject us to further potential commodity price uncertainty and could adversely affect our net cash provided by operating activities, financial condition and results of operations.

Counterparty failure may adversely affect our derivative positions.

We cannot be assured that our counterparties will be able to perform under our derivative contracts. If a counterparty fails to perform and the derivative arrangement is terminated, our net cash provided by operating activities, financial condition and results of operations would be adversely affected.

Unless we replace our reserves, our future reserves and production will decline, which would adversely affect our net cash provided by operating activities, financial condition and results of operations.

Producing oil, natural gas and NGL reservoirs are characterized by declining production rates that vary depending on reservoir characteristics and other factors. The overall rate of decline for our production will change if production from our existing wells declines in a different manner than we have estimated and may change when we drill additional wells, make acquisitions and under other circumstances. Thus, our future oil, natural gas and NGL reserves and production and, therefore, our cash flow and income, are highly dependent on our success in efficiently developing our current reserves and economically finding or acquiring additional recoverable reserves. We may not be able to develop, find or acquire additional reserves to replace our current and future production at acceptable costs, which would adversely affect our net cash provided by operating activities, financial condition and results of operations. In addition, given general market conditions, we may be unable to finance potential acquisitions of reserves on terms that are acceptable to us or at all. Our ability to make the necessary capital investment to maintain or expand our asset base of oil and natural gas reserves would be impaired to the extent cash flow from operations is reduced and external sources of capital become limited or unavailable.

Our estimated reserves are based on many assumptions that may prove to be inaccurate. Any material inaccuracies in these reserve estimates or underlying assumptions will materially affect the quantities and present value of our reserves.

No one can measure underground accumulations of oil, natural gas and NGL in an exact manner. Reserve engineering requires subjective estimates of underground accumulations of oil, natural gas and NGL and assumptions concerning future oil, natural gas and NGL prices, production levels and operating and development costs. As a result, estimated quantities of proved reserves and projections of future production rates and the timing of development expenditures may prove to be inaccurate. An independent petroleum engineering firm prepares estimates of our proved reserves. Some of our reserve estimates are made without the benefit of a lengthy production history, which are less reliable than estimates based on a lengthy production history. Also, we make certain assumptions regarding future oil, natural gas and NGL prices, production levels and operating and development costs that may prove incorrect. Any significant variance from these assumptions by actual amounts could greatly affect our estimates of reserves, the economically recoverable quantities of oil, natural gas and NGL attributable to any particular group of properties, the classifications of reserves based on risk of recovery and estimates of the future net cash flows. Decreases in commodity prices can result in a reduction of our estimated reserves if development of those reserves would not be economic at those lower prices. Numerous changes over time to the assumptions on which our reserve estimates are based, as described above, often result in the actual quantities of oil, natural gas and NGL we ultimately recover being different from our reserve estimates.

The present value of future net cash flows from our proved reserves is not necessarily the same as the current market value of our estimated oil, natural gas and NGL reserves. We base the estimated discounted future net cash flows from our proved reserves on an unweighted average of the first-day-of-the month price for each month during the 12-month calendar year and year-end costs. However, actual future net cash flows from our oil and natural gas properties also will be affected by factors such as:

- actual prices we receive for oil, natural gas and NGL;
- the amount and timing of actual production;
- capital and operating expenditures;
- the timing and success of development activities;
- supply of and demand for oil, natural gas and NGL; and
- changes in governmental regulations or taxation.

In addition, the 10% discount factor required to be used under the provisions of applicable accounting standards when calculating discounted future net cash flows, may not be the most appropriate discount factor based on interest rates in effect from time to time and risks associated with us or the oil and natural gas industry in general.

Our development operations require substantial capital expenditures. We may be unable to obtain needed capital or financing on satisfactory terms, which could adversely affect our ability to sustain our operations at current levels and could lead to a decline in our reserves.

The oil and natural gas industry is capital intensive. We make and expect to continue to make substantial capital expenditures in our business for the development and production of oil, natural gas and NGL reserves. These expenditures will reduce our cash available for other purposes. Our net cash provided by operating activities and access to capital are subject to a number of variables, including:

- our proved reserves;
- the level of oil, natural gas and NGL we are able to produce from existing wells;
- the prices at which we are able to sell our oil, natural gas and NGL;

- the level of operating expenses; and
- our ability to acquire, locate and produce new reserves.

If our net cash provided by operating activities decreases, we may have limited ability to obtain the capital or financing necessary to sustain our operations at current levels and could lead to a decline in our reserves.

We may decide not to drill some of the prospects we have identified, and locations that we decide to drill may not yield oil, natural gas and NGL in commercially viable quantities.

Our prospective drilling locations are in various stages of evaluation, ranging from a prospect that is ready to drill to a prospect that will require additional geological and engineering analysis. Based on a variety of factors, including future oil, natural gas and NGL prices, the generation of additional seismic or geological information, the current and future availability of drilling rigs and other factors, we may decide not to drill one or more of these prospects. In addition, the cost of drilling, completing and operating a well is often uncertain, and cost factors can adversely affect the economics of a well. Our efforts will be uneconomic if we drill dry holes or wells that are productive but do not produce enough oil, natural gas and NGL to be commercially viable after drilling, operating and other costs. As a result, we may not be able to increase or sustain our reserves or production, which in turn could have an adverse effect on our business, financial condition, results of operations and cash flows.

Drilling for and producing oil, natural gas and NGL are high risk activities with many uncertainties that could adversely affect our financial position, results of operations and cash flows.

Our drilling activities are subject to many risks, including the risk that we will not discover commercially productive reservoirs. Drilling for oil, natural gas and NGL can be uneconomic, not only from dry holes, but also from productive wells that do not produce sufficient revenues to be commercially viable. In addition, our drilling and producing operations may be curtailed, delayed or canceled as a result of other factors, including:

- the high cost, shortages or delivery delays of equipment and services;
- unexpected operational events;
- adverse weather conditions;
- facility or equipment malfunctions;
- title problems;
- pipeline ruptures or spills;
- compliance with environmental and other governmental requirements;
- unusual or unexpected geological formations;
- loss of drilling fluid circulation;
- formations with abnormal pressures;
- fires;
- blowouts, craterings and explosions; and
- uncontrollable flows of oil, natural gas and NGL or well fluids.

Any of these events can cause increased costs or restrict our ability to drill the wells and conduct the operations which we currently have planned. Any delay in the drilling program or significant increase in costs could adversely affect our financial position, results of operations and cash flows.

Our business relies on certain key personnel.

Our management believes that our continued success will depend to a significant extent upon the efforts and abilities of certain of our key personnel. The loss of the services of any of these key personnel could have a material adverse effect on our business. We do not maintain "key man" life insurance on any of our officers or other employees.

We have limited control over the activities on properties we do not operate.

Other companies operate some of the properties in which we have an interest. As of December 31, 2017, non-operated wells represented approximately 34% of our owned gross wells, or approximately 11% of our owned net wells. We have limited ability to influence or control the operation or future development of these non-operated properties, including timing of drilling and other scheduled operations activities, compliance with environmental, safety and other regulations, or the amount of capital expenditures that we are required to fund with respect to them. The failure of an operator of our wells to adequately perform operations, an operator's breach of the applicable agreements or an operator's failure to act in ways that are in our best interest could reduce our production and revenues, and lead to unexpected future costs.

Our business depends on gathering and transportation facilities. Any limitation in the availability of those facilities would interfere with our ability to market the oil, natural gas and NGL we produce, which could adversely affect our business, results of operations and cash flows.

The marketability of our oil, natural gas and NGL production depends in part on the availability, proximity and capacity of gathering systems and pipelines. The amount of oil, natural gas and NGL that can be produced and sold is subject to limitation in certain circumstances, such as pipeline interruptions due to scheduled and unscheduled maintenance, excessive pressure, physical damage to the gathering or transportation system, or lack of contracted capacity on such systems. The curtailments arising from these and similar circumstances may last from a few days to several months. In many cases, we are provided only with limited, if any, notice as to when these circumstances will arise and their duration. In addition, some of our wells are drilled in locations that are not serviced by gathering and transportation pipelines, or the gathering and transportation pipelines in the area may not have sufficient capacity to transport additional production. As a result, we may not be able to sell the oil, natural gas and NGL production from these wells until the necessary gathering and transportation systems are constructed. Any significant curtailment in gathering system or pipeline capacity, or significant delay in the construction of necessary gathering and transportation facilities, would interfere with our ability to market the oil, natural gas and NGL we produce, and could adversely affect our business, results of operations and cash flows.

Risks Relating to Regulation of Our Business

Because we handle oil, natural gas and NGL and other hydrocarbons, we may incur significant costs and liabilities in the future resulting from a failure to comply with new or existing environmental regulations or an accidental release of hazardous substances into the environment.

The operations of our wells, gathering systems, turbines, pipelines and other facilities are subject to stringent and complex federal, state and local environmental laws and regulations. Failure to comply with these laws and regulations may trigger a variety of administrative, civil and criminal enforcement measures, including the assessment of monetary penalties, the imposition of remedial requirements, and the issuance of orders enjoining future operations. There is an inherent risk that we may incur environmental costs and liabilities due to the nature of our business, the substances we handle and the ownership or operation of our properties. Certain environmental statutes, including the Resource Conservation and Recovery Act ("RCRA"), Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA") and analogous state laws and regulations, impose strict, joint and several liability for costs required to clean up and restore sites where hazardous substances have been disposed of or otherwise released. In addition, an accidental release from one of our wells or gathering pipelines could subject us to substantial liabilities arising from environmental cleanup and

restoration costs, claims made by neighboring landowners and other third parties for personal injury and property damage and fines or penalties for related violations of environmental laws or regulations.

Moreover, the possibility exists that stricter laws, regulations or enforcement policies could significantly increase our compliance costs and the cost of any remediation that may become necessary, and these costs may not be recoverable from insurance. For a more detailed discussion of environmental and regulatory matters impacting our business, see "Our Business—Government Regulation."

We are subject to complex and evolving federal, state, local and other laws and regulations that could adversely affect the cost, manner or feasibility of doing business.

Our operations are regulated extensively at the federal, state and local levels. Environmental and other governmental laws and regulations have resulted in delays and increased the costs to plan, design, drill, install, operate and abandon oil and natural gas wells. Under these laws and regulations, we could also be liable for personal injuries, property damage and other damages. Failure to comply with these laws and regulations may result in the suspension or termination of our operations and subject us to administrative, civil and criminal penalties. Moreover, public interest in environmental protection has increased in recent years, and environmental organizations have opposed, with some success, certain drilling projects.

Part of the regulatory environment in which we operate includes, in some cases, legal requirements for obtaining environmental assessments, environmental impact studies and/or plans of development before commencing drilling and production activities. In addition, our activities are subject to the regulations regarding conservation practices and protection of correlative rights. These regulations affect our operations and limit the quantity of oil, natural gas and NGL we may produce and sell. A major risk inherent in our drilling plans is the need to obtain drilling permits from state and local authorities. Delays in obtaining regulatory approvals or drilling permits, the failure to obtain a drilling permit for a well or the receipt of a permit with unreasonable conditions or costs could have a material adverse effect on our ability to develop our properties. Additionally, the regulatory environment could change in ways that might substantially increase the financial and managerial costs of compliance with these laws and regulations and, consequently, adversely affect our financial condition and results of operations. For a description of the laws and regulations that affect us, see "Our Business—Government Regulation."

We could also be affected by more stringent laws and regulations adopted in the future, including any related to climate change, engine emissions, greenhouse gases and hydraulic fracturing. Changes in environmental laws and regulations occur frequently, and any changes that result in delays or restrictions in permitting or development of projects or more stringent or costly construction, drilling, water management, or completion activities or waste handling, storage, transport, remediation or disposal, emission or discharge requirements could require significant expenditures by us or other operators of the properties to attain and maintain compliance and may otherwise have a material adverse effect on our results of operations or financial condition. Increased scrutiny of the oil and natural gas industry may occur as a result of the FY 2017-2019 National Enforcement Initiatives of the U.S. Environmental Protection Agency ("EPA"), through which the EPA will purportedly address incidences of noncompliance from natural gas extraction and production activities that may cause or contribute to significant harm to public health and/or the environment.

Legislation and regulation of hydraulic fracturing, including with respect to seismic activity allegedly related to hydraulic fracturing, could adversely affect our business.

Hydraulic fracturing is an important and common practice that is used to stimulate production of hydrocarbons from tight formations. The process involves the injection of water, sand and chemicals under pressure into formations to fracture the surrounding rock and stimulate production. For a description of the laws and regulations that affect us, including our hydraulic fracturing operations, see "Our Business—Government Regulation." If adopted, certain bills could result in additional permitting and disclosure requirements for

hydraulic fracturing operations as well as various restrictions on those operations. Any such added regulation could lead to operational delays, increased operating costs and additional regulatory burdens, and reduced production of oil and natural gas, which could adversely affect our business, financial position, results of operations and net cash provided by operating activities.

Hydraulic fracturing operations require the use of a significant amount of water. Our inability to locate sufficient amounts of water, or dispose of or recycle water used in our drilling and production operations, could adversely impact our operations. Moreover, new environmental initiatives and regulations could include restrictions on our ability to conduct certain operations such as hydraulic fracturing or disposal of waste, including, but not limited to, produced water, drilling fluids and other wastes associated with the development or production of natural gas.

Finally, in some instances, the operation of underground injection wells has been alleged to cause earthquakes in some of the states where we operate. Such issues have sometimes led to orders prohibiting continued injection or the suspension of drilling in certain wells identified as possible sources of seismic activity. Such concerns also have resulted in stricter regulatory requirements in some jurisdictions relating to the location and operation of underground injection wells. Future orders or regulations addressing concerns about seismic activity from well injection could affect us, either directly or indirectly, depending on the wells affected.

Legislation and regulation of greenhouse gases could adversely affect our business, and we are subject to risks associated with climate change.

In December 2009, the EPA determined that emissions of carbon dioxide, methane and other "greenhouse gases" ("GHG") present an endangerment to public health and the environment because emissions of such gases are, according to the EPA, contributing to warming of the earth's atmosphere and other climatic changes. Based on these findings, the EPA has adopted and implemented regulations to restrict emissions of GHGs under existing provisions of the Clean Air Act ("CAA"). In May 2016, the EPA finalized rules that set additional emissions limits for volatile organic compounds and established new controls for emissions of methane from new, modified or reconstructed sources in the oil and natural gas source category, including production, processing, transmission and storage activities. The rule includes first-time standards to address emissions of methane from equipment and processes across the source category, including hydraulically fractured oil and natural gas well completions. In June 2017, the EPA issued a proposal to stay certain of these requirements for two years and reconsider the entirety of the 2016 rules; however, the rules currently remain in effect. In addition, in April 2018, a coalition of states filed a lawsuit in the U.S. District Court for the District of Columbia aiming to force the EPA to establish guidelines for limiting methane emissions from existing sources in the oil and natural gas sector; that lawsuit is pending. The EPA has also adopted rules requiring the monitoring and reporting of GHG emissions from specified sources in the United States, including, among other things, certain onshore oil and natural gas production facilities, on an annual basis. In addition, in 2015, the United States participated in the United Nations Climate Change Conference, which led to the creation of the Paris Agreement. The Paris Agreement requires member countries to review and "represent a progression" in their intended nationally determined contributions, which set GHG emission reduction goals every five years beginning in 2020. In June 2017, the United States announced its withdrawal from the Paris Agreement, although the earliest possible effective date of withdrawal is November 2020. Despite the planned withdrawal, certain U.S. city and state governments have announced their intention to satisfy their proportionate obligations under the Paris Agreement. Legislation has from time to time been introduced in Congress that would establish measures restricting GHG emissions in the United States, and a number of states have begun taking actions to control and/or reduce emissions of GHGs. Any such additional regulation could lead to operational delays, increased operating costs and additional regulatory burdens, and reduced production of oil and natural gas, which could adversely affect our business, financial position, results of operations and net cash provided by operating activities.

In addition, some scientists have concluded that increasing concentrations of GHGs in the Earth's atmosphere may produce climate changes that have significant physical effects, such as increased frequency and

severity of storms, floods and other climatic events. If any such effects were to occur, they could adversely affect or delay demand for the oil or natural gas produced or cause us to incur significant costs in preparing for or responding to those effects.

Uncertainty regarding derivatives legislation could have an adverse impact on our ability to hedge risks associated with our business.

Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), enacted in 2010, expands federal oversight and regulation of the derivatives markets and entities, such as us, that participate in those markets. Those markets involve derivative transactions, which include certain instruments, such as interest rate swaps, forward contracts, option contracts, financial contracts and other contracts, used in our risk management activities. The Dodd-Frank Act requires that most swaps ultimately will be cleared through a registered clearing facility and that they be traded on a designated exchange or swap execution facility, with certain exceptions for entities that use swaps to hedge or mitigate commercial risk. The Dodd-Frank Act requirements relating to derivative transactions have not been fully implemented by the SEC and the Commodities Futures Trading Commission and the current presidential administration has indicated a desire to repeal and/or replace certain provisions of the Dodd-Frank Act. Uncertainty regarding the current law and any new regulations could increase the operational and transactional cost of derivatives contracts and affect the number and/or creditworthiness of available counterparties. In addition, we may transact with counterparties based in the European Union, Canada or other jurisdictions which are in the process of implementing regulations to regulate derivatives transactions, some of which are currently in effect and impose operational and transactional costs on our derivatives activities.

Certain U.S. federal income tax deductions currently available with respect to oil and natural gas exploration and production may be eliminated as a result of future legislation.

In past years, legislation has been proposed that would, if enacted into law, make significant changes to U.S. tax laws, including the elimination of certain key U.S. federal income tax incentives currently available to oil and natural gas exploration and production companies. These changes include, but are not limited to, (i) the repeal of the percentage depletion allowance for oil and natural gas properties, (ii) the elimination of current deductions for intangible drilling and development costs ("IDCs"), (iii) the elimination of the deduction for certain domestic production activities, and (iv) an extension of the amortization period for certain geological and geophysical expenditures. Although these provisions were largely unchanged in the Tax Cuts and Jobs Act of 2017 (which was signed on December 22, 2017), Congress could consider, and could include, some or all of these proposals as part of future tax reform legislation. It is unclear whether any of the foregoing or similar proposals will be considered and enacted as part of future tax reform legislation and if enacted, how soon any such changes could become effective. The passage of any legislation as a result of these proposals or any other similar changes in U.S. federal income tax laws could eliminate or postpone certain tax deductions that are currently available with respect to oil and natural gas exploration and development and any such change could have an adverse effect on our financial position, results of operations and cash flows.

Recent changes in United States federal income tax law may have an adverse effect on our cash flows, results of operations or financial condition overall.

The Tax Cuts and Jobs Act of 2017 may affect our cash flows, results of operations and financial condition. Among other items, the Tax Cuts and Jobs Act of 2017 repealed the deduction for certain U.S. production activities and provided for a new limitation on the deduction for interest expense. Given the scope of this law and the potential interdependency of its changes, it is difficult at this time to assess whether the overall effect of the Tax Cuts and Jobs Act of 2017 will be cumulatively positive or negative for our earnings and cash flow, but such changes may adversely impact our financial results.

Risks Relating to the Spin-Off

The distribution may not be completed on the terms or timeline currently contemplated, if at all.

While we are actively engaged in planning for the distribution, unanticipated developments could delay or negatively affect the distribution, including those related to the filing and effectiveness of appropriate filings with the SEC and receiving any required regulatory approvals. In addition, until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied. Therefore, the spin-off may not be completed on the terms or timeline currently contemplated, if at all.

We may be unable to achieve some or all of the benefits that we expect to achieve from our spin-off from LINN Energy.

By separating from LINN Energy, there is a risk that we may be more susceptible to market fluctuations and other adverse events than we would have been were we still a part of LINN Energy. If we fail to achieve some or all of the benefits that we expect to achieve as an independent company, or do not achieve them in the time we expect, our results of operations and financial condition could be materially adversely affected.

We may have received better terms from unaffiliated third parties than the terms we received in our agreements with LINN Energy entered into in connection with the spin-off.

The agreements related to the spin-off from LINN Energy were negotiated in the context of the spin-off from LINN Energy while we were still part of LINN Energy. Although these agreements are intended to be on an arm's-length basis, they may not reflect terms that would have resulted from arm's-length negotiations among unaffiliated third parties. The terms of the agreements being negotiated in the context of the separation are related to, among other things, allocations of assets and liabilities, rights and indemnification and other obligations between us and LINN Energy. To the extent that certain terms of those agreements provide for rights and obligations that could have been procured from third parties, we may have received better terms from third parties because third parties may have competed with each other to win our business. See "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off."

Certain directors who serve on our board of directors will serve as directors of the LINN Energy board of directors, and ownership of shares of LINN common stock or equity awards of Linn Energy, Inc. by directors and executive officers of Riviera Resources, Inc. may create conflicts of interest or the appearance of conflicts of interest.

Certain of our directors who serve on our board of directors will continue to serve on the LINN Energy board of directors. This could create, or appear to create, potential conflicts of interest when our or LINN Energy's management and directors face decisions that could have different implications for us and LINN Energy, including the resolution of any dispute regarding the terms of the agreements governing the spin-off and the relationship between us and LINN Energy after the spin-off, any commercial agreements entered into in the future between us and LINN Energy and the allocation of such directors' time between us and LINN Energy.

Because of their current or former positions with LINN Energy, substantially all of our executive officers and some of our non-employee directors will own shares of LINN common stock. The continued ownership of LINN common stock by Riviera Resources, Inc.'s directors' and executive officers' following the spin-off creates or may create the appearance of conflicts of interest when these directors and executive officers are faced with decisions that could have different implications for us and LINN Energy.

We may have meaningful liabilities under certain of the separation-related agreements, including the Tax Matters Agreement.

We have agreed to contractually assume many liabilities that could arguably otherwise be treated as liabilities of LINN Energy. This includes, among other things, any tax liabilities of LINN Energy arising as a

result of the Spin-Off as well as many other categories of potential tax liabilities with respect to LINN Energy's operations prior to the Spin-Off.

Risks Relating to Our Common Stock

There is no existing market for our common stock, and a trading market that will provide you with adequate liquidity may not develop for our common stock. In addition, once our common stock begins trading, the market price of shares of our common stock may fluctuate widely.

There is currently no public market for our common stock. We intend to apply to have our common stock quoted and traded on the OTC Market. In order to have our common stock quoted for public trading on the OTC Market, which is an over-the-counter market, not an exchange, we must have a market maker registered with FINRA to sponsor our application for a trading symbol for that over-the-counter market. There is no assurance that we will find a market maker to sponsor our application to FINRA or that our application will be approved by FINRA. No trading of our common stock is expected before or on the distribution date. The common stock is expected to commence public trading if and when FINRA approves our trading symbol application. An active trading market for our common stock may not develop as a result of the distribution or be sustained in the future. The lack of an active trading market may make it more difficult for you to sell your shares and could lead to our share price being depressed or more volatile.

We cannot predict the prices at which our common stock may trade after the distribution. The market price of our common stock may fluctuate widely, depending upon many factors, some of which may be beyond our control, including:

- our business profile and market capitalization may not fit the investment objectives of LINN stockholders that receive shares of our common stock in the spin-off, and as a result, LINN stockholders may sell our shares after the distribution;
- success or failure of our business strategies;
- failure to achieve our growth and performance objectives;
- fluctuations in our quarterly or annual earnings, or those of other companies in our industry;
- our ability to obtain financing as needed;
- changes in laws and regulations affecting our business;
- changes in accounting standards, policies, guidance, interpretations or principles;
- announcements by us or our competitors of significant acquisitions or dispositions;
- the failure of securities analysts to cover our common stock after the distribution or negative views about our common stock or our business expressed by securities analysts;
- changes in earnings estimates by securities analysts or our ability to meet those estimates;
- the operating and stock price performance of other comparable companies;
- overall market fluctuations;
- future sales of our common stock;
- general economic and industry conditions; and
- the other factors described in these "Risk Factors" and other parts of this prospectus.

For many reasons, including the risks identified in this prospectus, the market price of our common stock following the spin-off may be more volatile than the market price of LINN common stock before the spin-off. These factors may result in short-term or long-term negative pressure on the value of our common stock. Stock

markets in general have experienced volatility that has often been unrelated to the operating performance of a particular company. These broad market fluctuations may adversely affect the trading price of our common stock.

There may be circumstances in which the interests of our significant stockholders could be in conflict with the interests of our other stockholders.

Funds associated with Fir Tree Inc., York Capital Management Global Advisors, LLC, Elliott Management Corporation and P. Schoenfeld Asset Management LP collectively owned approximately 51.5% of the LINN common stock as of May 29, 2018, and following the spin-off, such funds will own a percentage of the Riviera common stock that corresponds to their then-current holdings of LINN common stock. Circumstances may arise in which these stockholders may have an interest in pursuing or preventing acquisitions, divestitures or other transactions that, in their judgment, could enhance their investment in Riviera. Such transactions might adversely affect us or other holders of the Riviera common stock.

Our significant concentration of share ownership may adversely affect the trading price of the Riviera common stock.

As of May 29, 2018, approximately 51.5% of the LINN common stock common stock was beneficially owned by four holders, and following the spin-off, such holders will own a percentage of the Riviera common stock that corresponds to their then-current holdings of LINN common stock. Each such holder has a representative on the Riviera board of directors. Our significant concentration of share ownership may adversely affect the trading price of the Riviera common stock because of the lack of trading volume in our common stock and because investors may perceive disadvantages in owning shares in companies with significant stockholders.

Your percentage ownership in Riviera may be diluted in the future.

Your percentage ownership in Riviera may be diluted in the future because of (i) equity awards that we expect will be issued to our directors, officers and employees and (ii) any future sales of stock by Riviera or any issuances thereof in connection with an acquisition.

Directors, officers and employees of LINN Energy currently hold restricted stock units with respect to LINN common stock. Upon completion of the spin-off, (i) holders of then-outstanding LINN Energy restricted stock units will receive one restricted stock unit with respect to our common stock in respect of each such outstanding LINN Energy restricted stock unit, and (ii) all outstanding but unvested LINN Energy restricted stock units will fully vest, without pro-ration, and be settled in LINN common stock. The Riviera restricted stock units will continue to vest subject to, and in accordance with, the terms applicable to the corresponding LINN Energy restricted stock units and are not subject to acceleration in connection with the spin-off.

Provisions in our certificate of incorporation, bylaws and Delaware law may prevent or delay an acquisition of Riviera, which could decrease the trading price of our common stock.

Our certificate of incorporation, bylaws and Delaware corporate law contain or will contain provisions that are intended to deter or delay coercive takeover practices and inadequate takeover bids. For example, our certificate of incorporation and bylaws will require advance notice for stockholder proposals to nominate directors or present matters at stockholder meetings, place limitations on convening stockholder meetings and authorize our board of directors to issue one or more series of preferred stock. These provisions could enable our board of directors to delay or prevent a transaction that some, or a majority, of our stockholders may believe to be in their best interests and, in that case, may discourage or prevent attempts to remove and replace incumbent directors. These provisions may also discourage or prevent any attempts by our stockholders to replace or remove our current management by making it more difficult for stockholders to replace members of our board of directors, which is responsible for appointing the members of our management. Further information on such provisions in the certificate of incorporation and bylaws can be found in the section titled “Description of Capital Stock.”

Our certificate of incorporation will designate the Court of Chancery of the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.

Our certificate of incorporation will provide that, subject to limited exceptions, the State of Delaware will be the sole and exclusive forum for derivative actions; claims related to a breach of a fiduciary duty, corporate law, our certificate of incorporation or our bylaws; or under the internal affairs doctrine. This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees, which may discourage such lawsuits against us and our directors, officers and employees.

We have no plans to pay dividends on our common stock, and you may not receive funds without selling your common stock.

We do not intend, following the spin-off, to pay cash dividends on our common stock in the foreseeable future. We currently intend to retain any earnings for the future operation and development of our business, including exploration, development and acquisition activities. Any decision to declare and pay dividends will be made at the sole discretion of our board of directors and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our board of directors may deem relevant. There can be no assurance that a payment of a dividend will occur in the future.

CAUTIONARY NOTE ABOUT FORWARD-LOOKING STATEMENTS

All statements contained in this prospectus, other than statements of historical fact, are “forward-looking” statements. Because such statements include risks, uncertainties and contingencies, actual results may differ materially from those expressed or implied by such forward-looking statements. You can identify our forward-looking statements by the words “anticipate,” “estimate,” “believe,” “budget,” “continue,” “could,” “intend,” “may,” “plan,” “potential,” “predict,” “seek,” “should,” “would,” “expect,” “objective,” “projection,” “forecast,” “goal,” “guidance,” “outlook,” “effort,” “target,” the negative of such terms and other comparable expressions. These risks, uncertainties and contingencies include, but are not limited to, Riviera’s:

- business strategy;
- acquisition and disposition strategy;
- financial strategy;
- the benefits resulting from the spin-off;
- ability to comply with covenants under the Revolving Credit Facility;
- risks and uncertainties related to LINN Energy’s 2017 emergence from bankruptcy;
- effects of legal proceedings;
- drilling locations;
- oil, natural gas and NGL reserves;
- realized oil, natural gas and NGL prices;
- production volumes;
- capital expenditures;
- economic and competitive advantages;
- credit and capital market conditions;
- regulatory changes;
- lease operating expenses, general and administrative expenses and development costs;
- future operating results;
- plans, objectives, expectations and intentions; and
- taxes.

The forward-looking statements contained in this prospectus are largely based on our expectations, which reflect estimates and assumptions made by our management. These estimates and assumptions reflect our management’s best judgment based on currently known market conditions and other factors. Although we believe such estimates and assumptions to be reasonable, they are inherently uncertain and involve a number of risks and uncertainties beyond its control. In addition, our management’s assumptions may prove to be inaccurate. We caution that the forward-looking statements contained in this prospectus are not guarantees of future performance, and we cannot assure any potential investor that such statements will be realized or the events will occur.

Actual results may differ materially from those anticipated or implied in forward-looking statements due to factors set forth in “Risk Factors” and elsewhere in this prospectus. Factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, market prices for oil, natural gas and NGL, production volumes, estimates of proved reserves, capital expenditures, economic and

competitive conditions, credit and capital market conditions, regulatory changes and other uncertainties, uncertainties that may delay or negatively impact the spin-off or cause the spin-off to not occur at all, uncertainties related to our ability to realize the anticipated benefits of the spin-off, unanticipated developments that delay or otherwise negatively affect the spin-off, unanticipated developments related to the impact of the spin-off on our relationships with our customers, vendors, royalty and working interest owners, employees, service providers and suppliers, LINN Energy and others with whom we have relationships, unanticipated developments resulting from possible disruption to our operations resulting from the spin-off, the potential impact of the spin-off and related transactions on our credit rating, as well as those factors set forth in “Risk Factors.” There may be other risks and uncertainties that we are unable to predict at this time or that we currently do not expect to have a material adverse effect on our business. Any such risks could cause our results to differ materially from those expressed in forward-looking statements.

The forward-looking statements speak only as of the date made and, other than as required by law, we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

THE SPIN-OFF

Background

In April 2018, LINN Energy announced its intention to separate Riviera from LINN Energy. Following the spin-off of Riviera from LINN Energy, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company.

As part of the spin-off, LINN Energy will effect an internal reorganization, and Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc. In connection with such conversion, all of the membership interests in our company will be converted into shares of common stock in Riviera Resources, Inc. Following the conversion, we will be subject to taxation at the company level.

Following the internal reorganization and conversion, Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan. See "—Manner of Effecting the Spin-Off—Internal Reorganization."

To complete the spin-off, LINN Energy will distribute to LINN stockholders all of the outstanding shares of Riviera common stock. The distribution will occur on the distribution date, which is expected to be , 2018. Each holder of LINN common stock will receive one share of our common stock for each share of LINN common stock held at 5:00 p.m., Eastern Time, on , 2018, the record date.

After completion of the spin-off:

- Riviera Resources, Inc. (OTC: RVRA) will be an independent oil and gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets, and returning capital to stockholders. Riviera will own (i) LINN Energy's legacy properties located in the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain, a midstream company centered in the core of the Merge play in the Anadarko Basin.
- Linn Energy, Inc. (OTCQB: LNGG) will continue to be an independent, publicly traded company and will own a 50% equity interest in Roan, which is focused on the accelerated development of the Merge/SCOOP/STACK play in Oklahoma.

Each holder of LINN common stock will continue to hold his, her or its shares in LINN Energy. No vote of LINN stockholders is required or is being sought in connection with the spin-off, including the internal reorganization, and LINN stockholders will not have any appraisal rights in connection with the spin-off.

The distribution is subject to the satisfaction or waiver of certain conditions. In addition, until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied. See "—Conditions to the Distribution."

Reasons for the Spin-Off

The LINN Energy board of directors believes that the spin-off is in the best interests of LINN Energy and LINN stockholders because the spin-off is expected to provide various benefits, including: (i) enhanced strategic and management focus for each company; (ii) more efficient capital allocation, direct access to capital and expanded growth opportunities for each company; (iii) the ability to implement a tailored approach to recruiting and retaining employees at each company; (iv) improved investor understanding of the business strategy and operating results of each company; and (v) enhanced investor choices by offering investment opportunities in separate entities.

Enhanced Strategic and Management Focus. The spin-off should permit each company to tailor its business strategies to best address market opportunities in its geographic regions. In addition, the spin-off should allow the management of each company to enhance its strategic vision and focus on the core business and growth of each company. The spin-off should provide each company with the flexibility needed to pursue its own goals and serve its own needs.

More Efficient Capital Allocation, Direct Access to Capital and Expanded Growth Opportunities. After the spin-off, each company should be able to access the capital markets directly to fund its growth strategy and to establish a capital structure tailored to its business needs. Each company should be able to allocate capital and make investments as its management determines in order to grow its business.

Tailored Approach to Recruiting and Retaining Employees. After the spin-off, each company should be able to recruit and retain employees with expertise directly applicable to its needs under compensation policies appropriate for its specific business. In particular, following the distribution, the value of equity-based incentive compensation arrangements reflected in each company's stock price should be more closely aligned with the performance of its business. Such equity-based compensation arrangements should also provide enhanced incentives for employee performance and improve the ability of each company to attract, retain and motivate qualified personnel, including management and key employees considered essential to that company's future success.

Improved Investor Understanding. After the spin-off, investors will receive disclosure about our operating results and LINN Energy's operating results on a stand-alone basis, which should enable them to better evaluate the financial performance of each company, as well as each company's strategy within the context of its industry, thereby increasing the likelihood that each company's common stock will be appropriately valued by the market.

Enhanced Investor Choices by Offering Investment Opportunities in Separate Entities. The LINN Energy board of directors believes that Riviera and LINN Energy appeal to different types of investors with different investment goals and risk profiles. After the spin-off, investors will be able to pursue investment goals in either or both companies. In addition, the management of each company will be able to establish goals, implement business strategies and evaluate growth opportunities in light of investor expectations specific to that company's respective business, without undue consideration of investor expectations for the other business. Each company will also be able to focus its public relations efforts on cultivating its own separate identity.

Manner of Effecting the Spin-Off

The general terms and conditions relating to the spin-off will be set forth in the Separation and Distribution Agreement between Riviera Resources, Inc. and Linn Energy, Inc.

Internal Reorganization

In advance of the spin-off, LINN Energy will effect an internal reorganization pursuant to which:

- Linn Energy, Inc. will form a new corporate subsidiary ("New Linn"), which will then form a new limited liability company subsidiary ("Merger Sub");
- Linn Energy, Inc. will merge with and into Merger Sub, with Linn Energy, Inc. disappearing and Merger Sub surviving the merger;
- the current public shareholders of LINN common stock will receive identical common stock in New Linn in the merger, and New Linn will be renamed Linn Energy, Inc.;
- through a series of distributions, Linn Energy, Inc.'s indirect 50% equity interest in Roan will ultimately become held directly by Linn Energy, Inc.;
- through a series of distributions, Linn Energy, Inc.'s indirect 100% equity interest in Riviera Resources, LLC will ultimately become held directly by Linn Energy, Inc.;

- Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc., and in connection with such conversion, all of the membership interests in our company will be converted into shares of common stock in Riviera Resources, Inc.; and
- we will enter into a contribution agreement with Linn Energy, Inc. and Merger Sub, pursuant to which Linn Energy, Inc. will contribute to us all of the membership interests in Merger Sub.

Immediately following the above-described internal reorganization, (i) Riviera Resources, Inc. will directly hold 100% of the equity interests in Merger Sub, which will hold all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan Resources LLC; and (ii) Linn Energy, Inc. will hold a 50% equity interest in Roan.

Distribution of Shares of Our Common Stock

Under the Separation and Distribution Agreement, the distribution will be effective as of 5:00 p.m., Eastern Time, on , 2018, the distribution date. As a result of the spin-off, on the distribution date, each holder of LINN common stock will receive one share of our common stock for each share of LINN common stock that he, she or it owns as of 5:00 p.m., Eastern Time, on , 2018, the record date. The actual number of shares to be distributed will be determined based on the number of shares of LINN common stock expected to be outstanding as of the record date. The actual number of shares of Riviera common stock to be distributed will be calculated as of the record date. The shares of Riviera common stock to be distributed by Linn Energy, Inc. will constitute all of the issued and outstanding shares of Riviera common stock immediately prior to the distribution.

On the distribution date, LINN Energy will release the shares of our common stock to our distribution agent to distribute to LINN stockholders. Our distribution agent will credit the shares of our common stock to the book-entry accounts of LINN stockholders established to hold their shares of our common stock. Our distribution agent will send these stockholders a statement reflecting their ownership of our common stock. Book-entry refers to a method of recording stock ownership in our records in which no physical certificates are issued. For stockholders who own LINN common stock through a broker or other nominee, their shares of our common stock will be credited to these stockholders' accounts by the broker or other nominee. It may take the distribution agent up to two weeks to distribute shares of our common stock to LINN stockholders or to their bank or brokerage firm electronically by way of direct registration in book-entry form.

LINN stockholders will not be required to make any payment or surrender or exchange their shares of LINN common stock or take any other action, other than to provide any documentation that may be required as discussed under "Material U.S. Federal Income Tax Consequences of the Spin-Off," to receive their shares of our common stock. No vote of LINN stockholders is required or sought in connection with the spin-off, including the internal reorganization, and LINN stockholders have no appraisal rights in connection with the spin-off.

LINN stockholders may be asked to provide documentation indicating that distributions to them are not subject to withholding under FIRPTA, as discussed below. In the event that LINN Energy and/or applicable distribution agents are unable to confirm that a distribution to a particular shareholder is not subject to withholding under FIRPTA, a number of shares may be withheld from distribution and sold, as necessary, to fund applicable withholding requirements. Similarly, LINN Energy and/or applicable distribution agents or brokers may withhold a number of shares from distribution and sell those shares to fund any other withholding requirements that are determined to apply.

Results of the Spin-Off

After the spin-off, we will be an independent reporting company, and eventually a publicly traded company. Immediately following the spin-off, we expect to have approximately record holders of shares of our common stock and approximately shares of our common stock outstanding, based on the number of

record holders and outstanding shares of LINN common stock on , 2018 and assuming each holder of LINN common stock will receive one share of Riviera common stock for each share of LINN common stock. The actual number of shares to be distributed will be determined as of the record date and will reflect any repurchases of shares of LINN common stock and issuances of shares of LINN common stock in respect of awards under Linn Energy, Inc.'s equity-based incentive plans between the date the LINN Energy board of directors declares the dividend for the distribution and the record date for the distribution.

Upon completion of the spin-off, (i) holders of then-outstanding LINN Energy restricted stock units will receive one restricted stock unit with respect to our common stock in respect of each such outstanding LINN Energy restricted stock unit, and (ii) all outstanding but unvested LINN Energy restricted stock units will fully vest, without pro-ration, and be settled in LINN common stock. The Riviera restricted stock units will continue to vest subject to, and in accordance with, the terms applicable to the corresponding LINN Energy restricted stock units and are not subject to acceleration in connection with the spin-off. For information regarding the treatment of equity awards of directors and executive officers of Riviera Resources, Inc., see "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off—Issuance and Grant of Riviera Restricted Stock Units to Certain Related Persons."

Before the spin-off, we will enter into several agreements with LINN Energy to effect the spin-off and provide a framework for our relationship with LINN Energy after the spin-off. These agreements will govern the relationship between us and LINN Energy after completion of the spin-off and provide for the allocation between us and LINN Energy of the assets, liabilities, rights and obligations of LINN Energy. See "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off."

Trading in Riviera Common Stock

There is currently no public market for Riviera common stock. We intend to have our common stock quoted for trading on the OTC Market, where we expect to qualify as an SEC-reporting company, under the ticker symbol "RVRA". We do not expect that our common stock will trade on or before the distribution date. Trading of shares of our common stock is expected to begin on a date to be determined after the distribution date if and when our trading symbol application with FINRA is approved. We cannot predict the trading prices for our common stock when trading begins.

Trading On or Prior to the Distribution Date

We also anticipate that FINRA will set an "ex-distribution date" for our common stock as the first business day following the distribution date; however, we can provide no assurance as to the ex-distribution date that FINRA will ultimately set. If you hold shares of LINN common stock as of the record date for the distribution and choose to sell those shares after the record date for the distribution and on or before the distribution date, you will also be selling the right to receive the shares of Riviera common stock in connection with the spin-off (assuming that FINRA sets an ex-distribution date of the first business day following the distribution date).

Conditions to the Distribution

We expect that the distribution will be effective as of 5:00 p.m., Eastern Time, on , 2018, the distribution date. The distribution is subject to the satisfaction, or waiver by Linn Energy, Inc., of the following conditions:

- the final approval of the distribution by the LINN Energy board of directors, which approval may be given or withheld in its absolute and sole discretion;
- the Separation and Distribution Agreement and the ancillary agreements contemplated by the Separation and Distribution Agreement shall have been executed by each party to those agreements;
- all conditions precedent to the Credit Facility Amendment necessary to effectuate the spin-off shall have been satisfied or waived in accordance with its terms;

- our Registration Statement on Form S-1, of which this prospectus forms a part, shall have been declared effective by the SEC, with no stop order in effect with respect thereto, and no proceedings to suspend the effectiveness thereof pending before or threatened by the SEC;
- prior to the distribution date, this prospectus shall have been mailed to the LINN stockholders as of the record date;
- all material governmental approvals and other consents necessary to consummate the spin-off or any portion thereof shall have been obtained and be in full force and effect; and
- no order, injunction or decree issued by any governmental entity of competent jurisdiction or other legal restraint or prohibition preventing the consummation of all or any portion of the spin-off shall be in effect, and no other event shall have occurred or failed to occur that prevents the consummation of all or any portion of the spin-off.

We are not aware of any material U.S. federal, non-U.S. or state regulatory requirements that must be complied with or any material approvals that must be obtained, other than compliance with the rules and regulations of the SEC, approval of our application to be quoted on the OTC Market by FINRA, and the declaration of effectiveness of the Registration Statement on Form S-1, of which this prospectus forms a part, by the SEC, in connection with the distribution. LINN Energy and Riviera cannot assure you that any or all of these conditions will be met and Linn Energy, Inc. may waive any of the conditions to the distribution. In addition, until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied. In the event that the LINN Energy board of directors determines to waive a material condition to the distribution, to modify a material term of the distribution or not to proceed with the distribution, LINN Energy intends to promptly issue a press release or other public announcement and file a Current Report on Form 8-K to report such event.

Reasons for Filing this Prospectus

This prospectus is being filed solely to provide information to LINN stockholders that are entitled to receive shares of Riviera common stock in the spin-off. This prospectus is not, and is not to be construed as, an inducement or encouragement to buy, hold or sell any of our securities or any securities of LINN Energy. We believe that the information in this prospectus is accurate as of the date set forth on the cover. Changes may occur after that date and neither LINN Energy nor we undertake any obligation to update the information except in the normal course of our respective public disclosure obligations.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE SPIN-OFF

The following is a summary of the material U.S. federal income tax consequences to the holders of shares of LINN common stock in connection with the spin-off. This summary is based on the Internal Revenue Code of 1986 (the "Code"), the regulations of the U.S. Department of the Treasury ("Treasury regulations") promulgated thereunder, and judicial and administrative interpretations thereof, all as in effect as of the date of this prospectus, and all of which are subject to differing interpretations and may change at any time, possibly with retroactive effect. Any such change could affect the tax consequences described below. This summary assumes that the spin-off will be consummated in accordance with the Separation and Distribution Agreement and as described in this prospectus.

For purposes of this summary, a "U.S. Holder" is a beneficial owner of LINN common stock that is, for U.S. federal income tax purposes:

- an individual who is a citizen or a resident of the United States;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust (i) with respect to which a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or (ii) that has a valid election in place under applicable Treasury regulations to be treated as a U.S. person.

For purposes of this summary, a "Non-U.S. Holder" means a beneficial owner of shares of LINN common stock that is neither a U.S. Holder nor a partnership (or other entity treated as a partnership) for U.S. federal income tax purposes.

This summary does not discuss all tax considerations that may be relevant to LINN stockholders in light of their particular circumstances, nor does it address the consequences to LINN stockholders subject to special treatment under the U.S. federal income tax laws, such as:

- persons acting as nominees or otherwise not as beneficial owners;
- dealers or traders in securities or currencies;
- broker-dealers;
- traders in securities that elect to use the mark-to-market method of accounting;
- tax-exempt entities;
- cooperatives;
- banks, trusts, financial institutions or insurance companies;
- persons who acquired shares of LINN common stock pursuant to the exercise of employee stock options or otherwise as compensation;
- stockholders who own, or are deemed to own, at least 10% or more, by voting power or value, of Linn Energy, Inc. equity;
- holders owning LINN common stock as part of a position in a straddle or as part of a hedging, conversion, constructive sale, synthetic security, integrated investment, or other risk reduction transaction for U.S. federal income tax purposes;
- regulated investment companies;

- REITs;
- former citizens or former long-term residents of the United States or entities subject to Section 7874 of the Code;
- holders who are subject to the alternative minimum tax; or
- pass-through entities (such as entities treated as partnerships for U.S. federal income tax purposes).

This summary does not address the U.S. federal income tax consequences to LINN stockholders who do not hold shares of LINN common stock as a capital asset within the meaning of Section 1221 of the Code. Moreover, this summary does not address any state, local or non-U.S. tax consequences, or any federal tax other than U.S. federal income tax consequences (such as estate or gift tax consequences or the Medicare tax on certain investment income).

If a partnership (or any other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of LINN common stock, the tax treatment of a partner in that partnership generally will depend on the status of the partner and the activities of the partner and the partnership. Such a partner or partnership is urged to consult its tax advisor as to the U.S. federal income tax consequences of the spin-off.

WE URGE YOU TO CONSULT WITH YOUR TAX ADVISOR AS TO THE SPECIFIC U.S. FEDERAL, STATE AND LOCAL, AND NON-U.S. TAX CONSEQUENCES OF THE SPIN-OFF IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES.

Treatment of the Distribution

The receipt of our common stock by holders of LINN common stock is expected to be taxable for U.S. federal income tax purposes.

Consequences to U.S. Holders

A U.S. Holder receiving our shares in the distribution will be treated as receiving a distribution to the extent of the fair market value of the shares received on the distribution date. That distribution will be treated as taxable dividend income to the extent of such U.S. Holder's ratable share of LINN Energy's current and accumulated earnings and profits, if any (including any additional earnings and profits recognized by LINN Energy as a result of the distribution). Any amount that exceeds LINN Energy's earnings and profits will be treated first as a tax-free return of capital to the extent of the U.S. Holder's adjusted tax basis in its shares of LINN common stock (thus reducing such adjusted tax basis) with any remaining amounts being treated as capital gain. Such capital gain will be long term capital gain if the holder's holding period for the shares of LINN common stock exceeded one year at the distribution date. Any such taxable dividend income and capital gain should be included in the U.S. Holder's income in the taxable year in which the distribution is received.

A U.S. holder's tax basis in shares of our common stock received in the distribution generally will equal the fair market value of such shares on the distribution date, and the holding period for such shares will begin the day after the distribution date. The holding period for the holder's shares of LINN common stock will not be affected by the fact that the distribution was taxable, and the adjusted tax basis in such shares will be affected to the extent described in the preceding paragraph. Corporate U.S. Holders may be entitled to a dividends-received deduction with respect to the distribution for U.S. federal income tax purposes, subject to limitations and requirements. Corporate U.S. Holders should be aware that under certain circumstances, a corporation that receives an "extraordinary dividend" (as defined in Section 1059 of the Code) is required to (i) reduce its tax basis (but not below zero) by the portion of such dividend that is not taxed because of the dividends received deduction and (ii) treat the non-taxed portion of such dividend as gain from the sale or exchange of LINN common stock for the taxable year in which such dividend is received (to the extent that the non-taxed portion of such dividend exceeds such holder's tax basis).

Individual and certain other non-corporate U.S. holders may qualify for preferential rates of taxation with respect to their taxable dividend income, provided that a minimum holding period and other requirements are satisfied. Such U.S. holders who receive an "extraordinary dividend" will be required to treat any losses on the sale of LINN common stock as long-term capital losses to the extent such taxable dividend income received by them qualifies for preferential rates of taxation.

U.S. holders should consult their tax advisors with respect to the potential application of the extraordinary dividend rules to the distribution of shares of our common stock.

Consequences to Non-U.S. Holders

Each Non-U.S. Holder will be treated as receiving a taxable distribution in an amount equal to the fair market value on the date of the distribution of our common stock received. This distribution generally would be treated first as a taxable dividend to the extent of the Non-U.S. Holder's pro rata share of LINN Energy's current and accumulated earnings and profits (as determined for U.S. federal income tax purposes), then as a non-taxable return of capital to the extent of the Non-U.S. Holder's basis in the LINN common stock, and finally as capital gain from the sale or exchange of LINN common stock with respect to any remaining value.

Ordinary Dividends

Even if a Non-U.S. Holder is eligible for a lower treaty rate, dividend payments will generally be subject to withholding at a 30% rate (rather than the lower treaty rate) unless the Non-U.S. Holder provides a valid IRS Form W-8BEN or W-8BEN-E (or applicable successor form) certifying such holder's qualification for the reduced rate. If a Non-U.S. Holder holds the stock through a financial institution or other intermediary, the Non-U.S. Holder will be required to provide appropriate documentation to the intermediary, which then will be required to provide certification to the applicable withholding agent, either directly or through other intermediaries. Non-U.S. Holders who do not timely provide the applicable withholding agent with the required certification, but who qualify for a reduced treaty rate, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

Subject to the discussions below regarding backup withholding, if the common stock distributed to a Non-U.S. Holder in the distribution is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such dividends are attributable), the Non-U.S. Holder will be exempt from U.S. federal withholding tax. To claim the exemption, the Non-U.S. Holder must furnish to the applicable withholding agent a valid IRS Form W-8ECI (or applicable successor form), certifying that the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States. If the common stock received by a Non-U.S. Holder in the distribution is effectively connected with the Non-U.S. Holder's U.S. trade or business (and, if required by an applicable income tax treaty, attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States), the fair market value on the date of the distribution of the common stock distributed (including any common stock withheld in respect of U.S. federal withholding tax) generally will be subject to U.S. federal income tax on a net income basis in the same manner as if such holder were a U.S. Holder. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) of all or a portion of its effectively connected earnings and profits for the taxable year.

Any withholding tax with respect to the distribution must be remitted in cash to the IRS. A Non-U.S. Holder's broker or other applicable withholding agent may obtain the funds necessary to remit such withholding tax by selling (on the Non-U.S. Holder's behalf) shares of our common stock that such Non-U.S. Holder would otherwise receive in the distribution. Such holder may bear brokerage or other costs for this withholding procedure. A Non-U.S. Holder may seek a refund from the IRS of any amounts withheld if it is subsequently determined that the amounts withheld exceeded the holder's U.S. tax liability for the year in which the distribution occurred.

Non-Dividend Distributions

To the extent that the distribution is treated as capital gain from the sale or exchange of LINN common stock, such gain generally will not be subject to U.S. federal income tax unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business in the United States (and, if an income tax treaty applies, the gain is generally attributable to the U.S. permanent establishment maintained by such Non-U.S. Holder), (ii) in the case of gain realized by a Non-U.S. Holder that is an individual, such Non-U.S. Holder is present in the United States for 183 days or more in the taxable year of the sale and certain other conditions are met or (iii) LINN Energy is or has been a United States real property holding corporation ("USRPHC") for U.S. federal income tax purposes and, if the shares are "regularly traded on an established securities market," such Non-U.S. Holder owned, directly or indirectly, at any time during the five-year period ending on the date of the distribution, more than 5% of the shares of LINN common stock and such Non-U.S. Holder is not eligible for any treaty exemption. The shares will be considered "regularly traded" if they are traded on an established securities market located in the United States and are regularly quoted by brokers or dealers making a market in the Shares.

With respect to item (iii) above, LINN Energy believes it has been, is, and at the time of the distribution will be, a United States real property holding corporation for U.S. federal income tax purposes. In addition, although not free from doubt, we believe that our shares currently should be considered to be regularly traded. Assuming such treatment is respected, the Non-U.S. Holder will be taxable on gain recognized on the distribution only if the Non-U.S. Holder directly or indirectly holds or has held more than 5% of the shares of LINN Energy at any time during the applicable period described in item (iii) above and such Non-U.S. Holder is not eligible for any treaty exemption.

If LINN Energy is a USRPHC, the portion of the distribution that is in excess of of the sum of (1) the Non-U.S. Holder's proportionate share of LINN Energy's earnings and profits, plus (2) the Non-U.S. Holder's basis in its LINN Energy stock, will be taxed under the Foreign Investment in Real Property Tax Act of 1980 ("FIRPTA"). Any gain or loss on the distribution of the shares would be taken into account as if it were effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States, and any such gain generally would be taxable to the Non-U.S. Holder at U.S. federal income tax rates applicable to capital gains. The collection of the tax would be enforced by a withholding at a rate of 15% of the amount by which the distribution exceeds the stockholder's share of LINN Energy's earnings and profits. We expect this withholding requirement to be satisfied by the applicable withholding agent's (which may be LINN Energy or another party) sale of a sufficient number of shares of our common stock to fund such withholding. Additionally, in order to ensure compliance with the FIRPTA withholding requirements, prior to releasing our stock to any Holder, the applicable withholding agent may require each Holder to confirm that they are not subject to FIRPTA withholding, either because they are not a Non-U.S. Holder or because they are a Non-U.S. Holder that is not subject to FIRPTA withholding because they own 5% or less of LINN Energy's stock and have never owned more than 5% of LINN Energy's stock during a specified period of time.

A Non-U.S. Holder should consult its tax advisor regarding its entitlement to benefits and the various rules under applicable tax treaties.

Tax Consequences to LINN Energy

Any corporate-level income tax incurred on the distribution will be the joint and several liability of LINN Energy and us. Under the terms of the Tax Matters Agreement, we will be obligated to indemnify LINN Energy with respect to such liability. Pursuant to the terms of the Tax Matters Agreement, a Section 336(e) election may be made with respect to the distribution.

Information Reporting and Backup Withholding

In general, the fair market value of our common stock received by U.S. Holders in the distribution will be reported to the IRS unless the holder is an exempt recipient. Backup withholding, at a rate of 28% may apply unless the U.S. Holder (1) is an exempt receipt or (2) provides a certificate (generally on an IRS Form W-9)

containing the holder's name, address, correct federal taxpayer identification number and statement that the holder is a U.S. person and is not subject to backup withholding.

Any backup withholding tax with respect to the distribution must be remitted in cash to the IRS. A U.S. Holder's broker or other applicable withholding agent may obtain the funds necessary to remit such withholding tax by selling (on the U.S. Holder's behalf) shares of our common stock that such U.S. Holder would otherwise receive in the distribution. Such holder may bear brokerage or other costs for this withholding procedure. A Non-U.S. Holder will not be subject to backup withholding with respect to the common stock received in the distribution, provided the holder certifies its non-U.S. status, such as by providing a valid IRS Form W-8BEN or W-8ECI or W-8BEN-E, or otherwise establishes an exemption. However, information returns will be filed with the IRS in connection with the common stock received by a non-U.S. Holder in the distribution, regardless of whether any tax was actually withheld. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or credit against a holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

Withholding taxes may also apply to certain types of payments made to "foreign financial institutions" (as defined in the Code) and certain other non-U.S. entities (including payments to U.S. stockholders that hold shares of our common stock through such a foreign financial institution or non-U.S. entity). Specifically, a 30% withholding tax may be imposed on dividends on, and gross proceeds from the sale or other disposition of, stock paid to a foreign financial institution or to a non-financial foreign entity, unless (i) the foreign financial institution undertakes certain diligence and reporting, (ii) the non-financial foreign entity either certifies it does not have any substantial U.S. owners or furnishes identifying information regarding each substantial U.S. owner, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in clause (i) above, in order to avoid the imposition of such withholding, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain U.S. persons or U.S.-owned foreign entities, annually report certain information about such accounts to the IRS (or, in some cases, local tax authorities), and withhold 30% on payments it makes to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing these provisions may be subject to different rules. Under the applicable Treasury Regulations and IRS guidance, the withholding provisions described above generally (i) apply to payments of dividends, and (ii) will apply to payments of gross proceeds from a sale or other disposition of our capital stock on or after January 1, 2019. You should consult your tax advisor regarding these withholding provisions.

THE FOREGOING IS A SUMMARY OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE DISTRIBUTION TO HOLDERS OF LINN COMMON STOCK UNDER CURRENT LAW. THE FOREGOING DOES NOT PURPORT TO ADDRESS ALL U.S. FEDERAL INCOME TAX CONSEQUENCES OR TAX CONSEQUENCES THAT MAY ARISE UNDER THE TAX LAWS OR THAT MAY APPLY TO PARTICULAR CATEGORIES OF HOLDERS. EACH HOLDER OF LINN COMMON STOCK SHOULD CONSULT ITS OWN TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES OF THE DISTRIBUTION TO SUCH HOLDER, INCLUDING THE APPLICATION OF U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS, AND THE EFFECT OF POSSIBLE CHANGES IN TAX LAWS THAT MAY AFFECT THE TAX CONSEQUENCES DESCRIBED ABOVE.

USE OF PROCEEDS

We will not receive any proceeds from the distribution of our common stock in the spin-off.

DETERMINATION OF OFFERING PRICE

No consideration will be paid for the shares of our common stock in the spin-off.

DIVIDEND POLICY

We do not intend, following the spin-off, to pay cash dividends on our common stock in the foreseeable future. We currently intend to retain any earnings for the future operation and development of our business, including exploration, development and acquisition activities. Any decision to declare and pay dividends will be made at the sole discretion of our board of directors and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our board of directors may deem relevant. There can be no assurance that a payment of a dividend will occur in the future. Any future payment of cash dividends would be subject to the restrictions in the Revolving Credit Facility.

CAPITALIZATION

The following table sets forth the cash, cash equivalents and capitalization of Riviera as of March 31, 2018 on a historical basis and on a pro forma basis to give effect to the spin-off and the related transactions, as if they occurred on March 31, 2018. Explanation of the pro forma adjustments made to the audited and unaudited consolidated and combined financial statements can be found under the section titled "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information." The following table should be reviewed in conjunction with the sections titled "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our audited and unaudited consolidated and combined financial statements and related notes thereto included elsewhere in this prospectus.

	March 31, 2018	
(in thousands, except per share amount)	**Actual**	**Pro Forma (1)**
Cash and cash equivalents	$ 227,196	$ 227,196

Common stock, $0.01 par value; shares authorized, shares issued and outstanding, pro forma	—	789
Additional paid in capital	—	1,507,425
Total Capitalization	$ 2,001,892	$ 1,508,214

(1) See the section titled "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information."

SELECTED HISTORICAL CONSOLIDATED AND COMBINED FINANCIAL DATA

The following table presents selected historical financial data of Riviera. Following the spin-off, Riviera will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan. Riviera will be the financial reporting entity following the consummation of the spin-off.

We derived the selected historical statements of operations data for the ten months ended December 31, 2017, for the two months ended February 28, 2017, and for the years ended December 31, 2016 and 2015, and the selected historical balance sheet data as of December 31, 2017 and 2016, from the audited consolidated and combined financial statements of Riviera included elsewhere in this prospectus. We derived the selected historical statements of operations and cash flow data for the three months ended March 31, 2018, and for the one month ended March 31, 2017, and the selected historical balance sheet data as of March 31, 2018, from the unaudited condensed consolidated and combined financial statements of Riviera included elsewhere in this prospectus. We derived the selected historical statements of operations data for the years ended December 31, 2014 and 2013 and the selected historical balance sheet data as of December 31, 2015, 2014 and 2013 from the unaudited consolidated and combined financial statements of Riviera that are not included in this prospectus. We have prepared our unaudited condensed consolidated and combined financial statements on the same basis as our audited consolidated and combined financial statements and, in our opinion, have included all adjustments, which include only normal recurring adjustments, necessary to present fairly in all material respects our financial position and results of operations.

This selected historical consolidated and combined financial data is not necessarily indicative of our future performance and does not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy. For example, our historical consolidated and combined financial statements include certain costs that may not be representative of the future costs we will incur as an independent, public company. In addition, our historical consolidated and combined financial statements include our historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.

The selected historical consolidated and combined financial data below should be read together with the audited and unaudited consolidated and combined financial statements of Riviera, including the notes thereto, and the sections titled "Capitalization," "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Description of Material Indebtedness" and the other financial information included elsewhere in this prospectus included elsewhere in this prospectus.

(1) Represents the Company's historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.
(2) Production of the Company's California properties reported as discontinued operations for 2017 is for the period from January 1, 2017 through July 31, 2017.

(3) In accordance with Securities and Exchange Commission regulations, reserves were estimated using the average price during the 12-month period, determined as an unweighted average of the first-day-of-the-month price for each month, excluding escalations based upon future conditions. The average price used to estimate reserves is held constant over the life of the reserves.

In presenting the financial data above in conformity with U.S. generally accepted accounting principles "(U.S. GAAP"), we are required to make estimates and assumptions that affect the amounts reported. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies," for a detailed discussion of the accounting policies that we believe require subjective and complex judgments that could potentially affect reported results.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED AND COMBINED FINANCIAL INFORMATION

Unless otherwise indicated or the context otherwise requires, references herein to "Riviera Resources, Inc.," "Riviera," "we," "our," "us," the "Company" and "our company" refer (i) prior to the consummation of our internal reorganization described under "The Spin-Off—Manner of Effecting the Spin-Off—Internal Reorganization," to Linn Energy, Inc. and its consolidated subsidiaries, and (ii) after the consummation of such internal reorganization, to Riviera Resources, Inc. and its consolidated subsidiaries. Unless otherwise indicated or the context otherwise requires, references herein to "LINN Energy" and "Parent" refer to Linn Energy, Inc. and its consolidated subsidiaries. References to "Successor" herein refer to the Company in periods subsequent to LINN Energy's emergence from bankruptcy and references to "Predecessor" herein refer to the Company in periods prior to LINN Energy's emergence from bankruptcy.

In April 2018, Linn Energy announced its intention to separate Riviera from LINN Energy. To effect the separation, Linn Energy, Inc. and certain of its direct and indirect subsidiaries will undertake an internal reorganization, following which Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan Resources LLC ("Roan"). Upon completion of the internal reorganization, Linn Energy, Inc. will complete the spin-off by distributing to the LINN Energy stockholders all of the issued and outstanding Riviera common stock. Following the spin-off, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company, and LINN Energy will not retain any ownership interest in Riviera.

The pro forma financial information gives effect to the following:

- ***Separation from LINN Energy***: See "The Spin-Off—Manner of Effecting the Spin-Off" for a description of the transactions that will take place to effect the spin-off of Riviera from LINN Energy. The pro forma condensed consolidated and combined financial statements reflect the spin-off and related transactions, including the elimination of the Company's equity interest in the net assets of Roan.
- ***Roan Contribution***: On August 31, 2017, LINN Energy, through certain of its subsidiaries, completed the transaction in which LINN Energy and Citizen Energy II, LLC ("Citizen") each contributed certain upstream assets located in Oklahoma to a newly formed company, Roan (the "Roan Contribution"). In exchange for their respective contributions, LINN Energy and Citizen each received a 50% equity interest in Roan. The pro forma condensed consolidated and combined statement of operations reflects pro forma adjustments for the disposition of LINN Energy's contributed net assets.
- ***Jonah Assets Sale***: On May 31, 2017, LINN Energy completed the sale of its interest in properties located in western Wyoming to Jonah Energy LLC (the "Jonah Assets Sale"). LINN Energy used the net cash proceeds received of approximately $559 million to repay in full its approximate $294 million term loan as well as repay a portion of the borrowings outstanding under its revolving loan.
- ***Reorganization and Fresh Start Accounting***: On May 11, 2016, Linn Energy, LLC and certain of its direct and indirect subsidiaries (collectively, the "Debtors") filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the Southern District of Texas. The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040. LINN Energy emerged from bankruptcy effective February 28, 2017 (the "Effective Date"). Upon emergence from bankruptcy on February 28, 2017, LINN Energy adopted fresh start accounting which resulted in it becoming a new entity for financial reporting purposes.

The unaudited pro forma condensed consolidated balance sheet gives effect to the spin-off as if it had been completed as of March 31, 2018. The unaudited pro forma condensed consolidated and combined statements of operations gives effect to (i) the spin-off, (ii) the Roan Contribution, (iii) the Jonah Assets Sale, and (iv) LINN Energy's plan of reorganization and fresh start accounting, as if each had been completed as of January 1, 2017.

The unaudited pro forma condensed consolidated and combined financial statements are for informational and illustrative purposes only, are not necessarily indicative of our future performance and do not necessarily reflect what our financial position and results of operations would have been had we been operating as an independent, publicly traded company during the periods presented, including changes that will occur in our operations and capitalization as a result of the spin-off from LINN Energy. The assumptions used and pro forma adjustments derived from such assumptions are based on currently available information, and we believe such assumptions are reasonable under the circumstances. A number of factors may affect our results. See “Risk Factors” and “Cautionary Note About Forward-Looking Statements.”

The assumptions and estimates underlying the adjustments to the unaudited pro forma condensed consolidated and combined financial statements are described in the accompanying notes. The unaudited pro forma condensed consolidated and combined financial information should also be read in conjunction with the sections titled “Capitalization,” “Selected Historical Consolidated and Combined Financial Data,” “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” as well as our audited and unaudited consolidated and combined financial statements and notes thereto, which are included elsewhere in this prospectus.

The accompanying notes are an integral part of these pro forma condensed consolidated and combined financial statements.

Note 1—Basis of Presentation

The unaudited pro forma condensed consolidated balance sheet as of March 31, 2018, is derived from the historical condensed consolidated balance sheet of Riviera, with adjustments to reflect the spin-off.

The unaudited pro forma condensed consolidated statement of operations for the three months ended March 31, 2018 is derived from the historical condensed consolidated statement of operations for Riviera with adjustments to reflect the spin-off.

The unaudited pro forma condensed consolidated and combined statement of operations for the year ended December 31, 2017, is derived from:

- the historical consolidated and combined statements of operations of Riviera;
- adjustments to reflect the spin-off;
- adjustments to reflect the Roan Contribution;
- adjustments to reflect the Jonah Assets Sale; and
- adjustments to reflect LINN Energy's plan of reorganization and fresh start accounting.

The unaudited pro forma condensed consolidated balance sheet gives effect to the spin-off as if it had been completed as of March 31, 2018. The unaudited pro forma condensed consolidated and combined statements of operations gives effect to (i) the spin-off, (ii) the Roan Contribution, (iii) the Jonah Assets Sale, and (iv) LINN Energy's plan of reorganization and fresh start accounting, as if each had been completed as of January 1, 2017. The transactions and events as well as the related adjustments are described below. In the opinion of Riviera's management, all adjustments have been made that are necessary to present fairly, in accordance with Regulation S-X, the unaudited pro forma condensed consolidated and combined financial statements.

As a result of the application of fresh start accounting and the effects of the implementation of the plan of reorganization, the condensed consolidated and combined financial statements on or after February 28, 2017, are not comparable with the condensed consolidated and combined financial statements prior to that date.

The historical consolidated and combined financial statements have been adjusted in the unaudited pro forma condensed consolidated and combined financial statements to give effect to pro forma events that are (1) directly attributable to the transactions and events, (2) factually supportable and (3) with respect to the unaudited pro forma condensed consolidated and combined statements of operations, expected to have a continuing impact on the results following the transactions and events.

Note 2—Description of Transactions

See above for a description of the transactions. The results of operations of the properties contributed to Roan were included in the historical financial statements of Riviera until the date of contribution, August 31, 2017, and subsequent earnings from LINN Energy's equity interest in the net assets of Roan were included in the historical financial statements of Riviera from the date of contribution through December 31, 2017. Results of operations of the properties sold in the Jonah Assets Sale were included in the historical financial statements of Riviera until the date of the sale, May 31, 2017.

Note 3—Pro Forma Adjustments

(a) Reflects a reduction of deferred income taxes, based on an estimated tax rate of approximately 24.2%, and the elimination of the equity method investment in Roan as a result of the spin-off.

(b) Reflects the pro forma recapitalization of equity. As of the distribution date, the net parent investment will be redesignated as stockholders' equity and will be allocated between common stock and additional paid-in

capital. Each holder of LINN common stock will receive one share of Riviera common stock for each share of LINN common stock. Common stock is estimated based on the number of shares of LINN common stock outstanding at May 31, 2018. The actual number of shares of Riviera common stock will be dependent upon the number of shares of LINN common stock outstanding upon distribution.

(c) Reflects the elimination of the equity earnings from Roan recorded subsequent to the Roan Contribution. Following the internal reorganization, Riviera will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan.

(d) Reflects the adjustments to income tax expense based on an estimated tax rate of approximately 24.2% applied to the related pre-tax pro forma adjustment.

(e) Reflects the number of shares of our common stock used to compute the pro forma basic earnings per share for the three months ended March 31, 2018 and the year ended December 31, 2017, respectively, assuming a distribution ratio of one share of our common stock for every share of LINN common stock outstanding. The number of shares of LINN common stock used to determine the assumed distribution reflects shares of LINN common stock outstanding as May 31, 2018. The actual number of shares of Riviera common stock will be dependent upon the number of shares of LINN common stock outstanding upon distribution.

(f) The number of shares of Riviera common stock used to compute diluted earnings per share is based on LINN Energy's weighted average number of dilutive shares for the three months ended March 31, 2018. The actual number of diluted shares of Riviera common stock will be dependent upon the number of shares of LINN common stock outstanding on the record date as well as the equity awards issued upon distribution.

(g) Reflects the elimination of Effective Date share-based compensation expenses of approximately $50 million, which represent nonrecurring amounts directly attributable to the plan of reorganization and are not expected to have a continuing impact, partially offset by the recognition of approximately $8 million in additional recurring share-based compensation expenses.

(h) Reflects a reduction of depreciation, depletion and amortization expense based on new asset values and useful lives as a result of adopting fresh start accounting as of the Effective Date.

(i) Reflects a reduction of interest expense as a result of the plan of reorganization. As of the Effective Date, borrowings under the Successor's credit facility included a term loan of $300 million and a revolving loan of $600 million, which incurred interest at rates of 8.33% and 4.33% per annum, respectively. The pro forma adjustment to interest expense was calculated as follows:

	Year Ended December 31, 2017
	(in thousands)
Reversal of Predecessor's credit facility and term loan interest expense	$ 15,265
Reversal of amortization of debt costs on Predecessor's credit facility	1,338
Reversal of Predecessor's capitalized interest and other	122
Pro forma term loan interest expense on drawn amounts	(2,484)
Pro forma revolving loan interest expense on drawn amounts	(4,330)
Pro forma adjustments to decrease interest expense	$ 9,911

(j) Reflects the elimination of nonrecurring reorganization items that were directly attributable to the Chapter 11 bankruptcy, which consist of the following:

(in thousands)	Predecessor Two Months Ended February 28, 2017	Successor Ten Months Ended December 31, 2017
Loss on settlement of liabilities subject to compromise	$ 3,914,964	$ —
Recognition of an additional claim for the Predecessor's second lien notes settlement	(1,000,000)	
Fresh start valuation adjustments	(591,525)	—
Income tax benefit related to implementation of the plan of reorganization	264,889	—
Legal and other professional fees	(46,961)	(8,584)
Terminated contracts	(6,915)	—
Other	(13,315)	51
Reorganization items, net	$ 2,521,137	$ (8,533)

(k) The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. As such, with the exception of the state of Texas and certain subsidiaries, the Predecessor did not directly pay federal and state income taxes and recognition was not given to federal and state income taxes for the operations of the Predecessor.

The pro forma adjustments to income tax expense (benefit) reflect the results of the Successor as a C corporation based on an estimated tax rate of 37.6% for the year ended December 31, 2017. As a result of the decrease in the federal statutory tax rate, a tax rate of approximately 24.2% is expected to be applied in future periods.

(l) Reflects the elimination of the revenues and direct operating expenses associated with the Jonah Assets Sale and the Roan Contribution.

(m) Reflects a reduction of depreciation, depletion and amortization expense as a result of the Jonah Assets Sale and the Roan Contribution.

(n) Reflects the net gain of approximately $277 million, net of costs to sell of approximately $6 million, associated with the Jonah Assets Sale and advisory fees of approximately $17 million associated with the Roan Contribution included in the historical statement of operations for the ten months ended December 31, 2017. The net gain and advisory fees are excluded from the pro forma statement of operations as they reflect nonrecurring charges not expected to have a continuing impact.

(o) Reflects a reduction of interest expense as a result of the repayment of debt of approximately $559 million from the net cash proceeds received from the Jonah Assets Sale.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the financial condition and results of operations of Riviera should be read in conjunction with "Summary —Summary Historical and Unaudited Pro Forma Condensed Consolidated and Combined Financial Data," "Selected Historical Consolidated and Combined Financial Data" and our audited and unaudited consolidated and combined financial statements and related notes that appear elsewhere in this prospectus. In addition to historical consolidated and combined financial information, the following discussion contains forward-looking statements based on expectations, estimates and assumptions. Actual results may differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, market prices for oil, natural gas and NGL, production volumes, estimates of proved reserves, capital expenditures, economic and competitive conditions, credit and capital market conditions, regulatory changes and other uncertainties, as well as those factors set forth in "Cautionary Note About Forward-Looking Statements" and "Risk Factors."

Unless otherwise indicated or the context otherwise requires, references herein to "Riviera Resources, Inc.," "Riviera," "we," "our," "us," the "Company" and "our company" refer (i) prior to the consummation of our internal reorganization described under "The Spin-Off—Manner of Effecting the Spin-Off—Internal Reorganization," to Linn Energy, Inc. and its consolidated subsidiaries, and (ii) after the consummation of such internal reorganization, to Riviera Resources, Inc. and its consolidated subsidiaries. Unless otherwise indicated or the context otherwise requires, references herein to "LINN Energy" and "Parent" refer to Linn Energy, Inc. and its consolidated subsidiaries. References to "Successor" herein refer to the Company in periods subsequent to LINN Energy's emergence from bankruptcy and references to "Predecessor" herein refer to the Company in periods prior to LINN Energy's emergence from bankruptcy.

Following the spin-off, Riviera Resources, Inc. will be a new independent oil and natural gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets (including Blue Mountain) and returning capital to stockholders. As part of the spin-off, LINN Energy will effect an internal reorganization, and Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc. In connection with such conversion, all of the membership interests in our company will be converted into shares of common stock in Riviera Resources, Inc. Following the conversion, we will be subject to taxation at the company level.

Following the internal reorganization and conversion, Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan. Riviera will be the financial reporting entity following the consummation of the spin-off.

Linn Energy, Inc. (formerly known as Linn Energy, LLC) is a successor issuer of Linn Energy, LLC pursuant to Rule 15d-5 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). As discussed further in Note 2 of the audited consolidated and combined financial statements included elsewhere in this prospectus, on May 11, 2016 (the "Petition Date"), Linn Energy, LLC and certain of its direct and indirect subsidiaries including subsidiaries of Linn Energy, LLC (collectively, the "Debtors") filed voluntary petitions ("Bankruptcy Petitions") for relief under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of Texas ("Bankruptcy Court"). The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040. During the pendency of the Chapter 11 proceedings, the Debtors operated their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. LINN Energy emerged from bankruptcy effective February 28, 2017.

The reference to a "Note" herein refers to the accompanying Notes to Consolidated and Combined Financial Statements contained elsewhere in this prospectus.

Executive Overview

We are currently an indirect subsidiary of LINN Energy. After the spin-off is completed, we will be an independent oil and natural gas company with a strategic focus on efficiently operating our mature low-decline assets, developing our growth-oriented assets, and returning capital to stockholders. We will own (i) LINN Energy's legacy properties located in the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain, a midstream company centered in the core of the Merge play in the Anadarko Basin. LINN Energy will not retain any ownership interest in us following the spin-off.

Our properties are located in six operating regions in the United States:

- Hugoton Basin, which includes oil and natural gas properties, as well as the Jayhawk natural gas processing plant, located in Kansas;
- East Texas, which includes oil and natural gas properties producing primarily from the Cotton Valley and Bossier Sandstone;
- North Louisiana, which includes oil and natural gas properties producing primarily from the Cotton Valley Sandstones;
- Michigan/Illinois, which includes properties producing from the Antrim Shale formation located in northern Michigan and oil properties in southern Illinois;
- Uinta Basin, which includes non-operated properties located in the Dunkards Wash field in Utah (which was included in the Company's previous Rockies operating region); and
- Mid-Continent, which includes properties in the Northwest STACK in northwestern Oklahoma, the Arkoma STACK located in southeastern Oklahoma, and various other oil and natural gas producing properties throughout Oklahoma, as well as the Chisholm Trail midstream business located in the Merge/SCOOP/STACK play.

For a discussion of our operating regions, see "Business."

For the three months ended March 31, 2018, our results included the following:

- oil, natural gas and NGL sales of approximately $137 million compared to $80 million and $189 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively;
- average daily production of approximately 401 MMcfe/d compared to 759 MMcfe/d and 745 MMcfe/d for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively;
- net income of approximately $71 million compared to a net loss of approximately $6 million and net income of approximately $2.6 billion for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively;
- net cash provided by operating activities from continuing operations of approximately $51 million compared to approximately $15 million and $144 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively;
- capital expenditures of approximately $67 million compared to approximately $19 million and $46 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively; and
- five wells drilled (all successful) compared to 27 wells drilled (all successful) for the three months ended March 31, 2017.

For the year ended December 31, 2017, our results included the following:

- oil, natural gas and NGL sales of approximately $709 million and $189 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to $874 million for 2016;
- average daily production of approximately 616 MMcfe/d and 745 MMcfe/d for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to 796 MMcfe/d for 2016;
- net income of approximately $435 million and $2.6 billion for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to net loss of approximately $362 million for 2016;
- net cash provided by operating activities from continuing operations of approximately $215 million and $144 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to net cash provided by operating activities of approximately $832 million for 2016;
- capital expenditures of approximately $299 million and $46 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to $172 million for 2016; and
- 90 wells drilled (all successful) compared to 212 wells drilled (211 successful) for 2016.

Factors Affecting Comparability of Results of Operations

Predecessor and Successor Reporting

As a result of the application of fresh start accounting (see Note 3 to the audited consolidated and combined financial statements and Note 2 to the unaudited condensed consolidated and combined financial statements), our consolidated and combined financial statements and certain note presentations are separated into two distinct periods, the period before February 28, 2017 (the “Effective Date”) (labeled Predecessor) and the period after that date (labeled Successor), to indicate the application of a different basis of accounting between the periods presented. Despite this separate presentation, there was continuity of our operations.

Chapter 11 Proceedings

On the Petition Date, the Debtors filed Bankruptcy Petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Debtors’ Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040.

On December 3, 2016, the Debtors filed the Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other Than Linn Acquisition Company, LLC (“LAC”) and Berry Petroleum Company, LLC (the “Plan”). The Debtors subsequently filed amended versions of the Plan with the Bankruptcy Court.

On December 13, 2016, LAC and Berry filed the Amended Joint Chapter 11 Plan of Reorganization of Linn Acquisition Company, LLC and Berry Petroleum Company, LLC (the “Berry Plan” and together with the Plan, the “Plans”). LAC and Berry subsequently filed amended versions of the Berry Plan with the Bankruptcy Court.

On January 27, 2017, the Bankruptcy Court entered an order approving and confirming the Plans (the “Confirmation Order”). On the Effective Date, the Debtors satisfied the conditions to effectiveness of the respective Plans, the Plans became effective in accordance with their respective terms and LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

Plan of Reorganization

In accordance with the Plan, on the Effective Date:

- The Predecessor transferred all of its assets, including equity interests in its subsidiaries, other than LAC and Berry, to Linn Energy Holdco II, LLC ("Holdco II"), a newly formed wholly owned subsidiary of the Predecessor and the borrower under the credit agreement (as amended, the "Successor Credit Facility") entered into in connection with the reorganization, in exchange for equity interests in Holdco II and the issuance of interests in the Successor Credit Facility to certain of the Predecessor's creditors in partial satisfaction of their claims (the "Contribution"). Immediately following the Contribution, the Predecessor transferred equity interests in Holdco II to the Successor in exchange for approximately $530 million in cash, an amount of equity securities in the Successor not to exceed 49.90% of the outstanding equity interests of the Successor, which the Predecessor distributed to certain of its creditors in satisfaction of their claims, and the Successor's agreement to honor certain obligations of the Predecessor under the Plan. In connection with this transfer, certain entities composing the Successor guaranteed the Successor Credit Facility. Contemporaneously with the reorganization transactions and pursuant to the Plan, (i) LAC assigned all of its rights, title and interest in the membership interests of Berry to Berry Petroleum Corporation, (ii) all of the equity interests in LAC and the Predecessor were canceled and (iii) LAC and the Predecessor commenced liquidation, which is expected to be completed following the resolution of the respective companies' outstanding claims.
- The holders of claims under the Predecessor's Sixth Amended and Restated Credit Agreement ("Predecessor Credit Facility") received a full recovery, consisting of a cash paydown and their pro rata share of the $1.7 billion Successor Credit Facility. As a result, all outstanding obligations under the Predecessor Credit Facility were canceled.
- Holdco II, as borrower, entered into the Successor Credit Facility with the holders of claims under the Predecessor Credit Facility, as lenders, and Wells Fargo Bank, National Association, as administrative agent, providing for a new reserve-based revolving loan with up to $1.4 billion in borrowing commitments and a new term loan in an original principal amount of $300 million.
- The holders of the Company's 12.00% senior secured second lien notes due December 2020 (the "Second Lien Notes") received their pro rata share of (i) 17,678,889 shares of LINN common stock; (ii) certain rights to purchase shares of LINN common stock in the rights offerings, as described below; and (iii) $30 million in cash. The holders of the Company's 6.50% senior notes due May 2019, 6.25% senior notes due November 2019, 8.625% senior notes due 2020, 7.75% senior notes due February 2021 and 6.50% senior notes due September 2021 (collectively, the "Unsecured Notes") received their pro rata share of (i) 26,724,396 shares of LINN common stock; and (ii) certain rights to purchase shares of LINN common stock in the rights offerings, as described below. As a result, all outstanding obligations under the Second Lien Notes and the Unsecured Notes and the indentures governing such obligations were canceled.
- The holders of general unsecured claims (other than claims relating to the Second Lien Notes and the Unsecured Notes) against the LINN Debtors (the "LINN Unsecured Claims") received their pro rata share of cash from two cash distribution pools totaling $40 million, as divided between a $2.3 million cash distribution pool for the payment in full of allowed LINN Unsecured Claims in an amount equal to $2,500 or less (and larger claims for which the holders irrevocably agreed to reduce such claims to $2,500), and a $37.7 million cash distribution pool for pro rata distributions to all remaining allowed general LINN Unsecured Claims. As a result, all outstanding LINN Unsecured Claims were fully satisfied, settled, released and discharged as of the Effective Date.
- All units of the Predecessor that were issued and outstanding immediately prior to the Effective Date were extinguished without recovery. On the Effective Date, the Successor issued in the aggregate 89,229,892 shares of LINN common stock. No cash was raised from the issuance of the LINN common stock on account of claims held by the Predecessor's creditors.

- The Successor entered into a registration rights agreement with certain parties, pursuant to which the Company agreed to, among other things, file a registration statement with the SEC within 60 days of the Effective Date covering the offer and resale of "Registrable Securities" (as defined therein).
- By operation of the Plan and the Confirmation Order, the terms of the Predecessor's board of directors expired as of the Effective Date. The Successor formed a new board of directors, consisting of the Chief Executive Officer of the Predecessor, one director selected by the Successor and five directors selected by a six-person selection committee.

Divestitures

Below are our completed divestitures in 2017 and 2018:

- On April 10, 2018, we completed the sale of our conventional properties located in New Mexico (the "New Mexico Assets Sale") related to a definitive purchase and sale agreement entered into in March 2018 and received cash proceeds of approximately $15 million.
- On April 4, 2018, we completed the sales of our interest in properties located in Altamont Bluebell Field in Utah (the "Altamont Bluebell Assets Sale") related to a definitive purchase and sale agreement entered into in January 2018 and received cash proceeds of approximately $129 million.
- On March 29, 2018, we completed the sale of our interest in conventional properties located in west Texas (the "West Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $108 million (including approximately $12 million of restricted cash released in April 2018), net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $53 million.
- On February 28, 2018, we completed the sale of our Oklahoma waterflood and Texas Panhandle properties the "Oklahoma and Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $112 million (including a deposit of approximately $12 million received in 2017), net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $48 million.
- On November 30, 2017, we completed the sale of our interest in properties located in the Williston Basin (the "Williston Assets Sale"). Cash proceeds received from the sale of these properties were approximately $255 million, net of costs to sell of approximately $3 million, and we recognized a net gain of approximately $116 million.
- On November 30, 2017, we completed the sale of our interest in properties located in Wyoming (the "Washakie Assets Sale"). Cash proceeds received from the sale of these properties were approximately $193 million, net of costs to sell of approximately $2 million, and we recognized a net gain of approximately $175 million.
- On September 12, 2017, August 1, 2017, and July 31, 2017, we completed the sale of our interest in certain properties located in south Texas (the "South Texas Assets Sales"). Combined cash proceeds received from the sales of these properties were approximately $48 million, net of costs to sell of approximately $1 million, and we recognized a combined net gain of approximately $14 million.
- On August 23, 2017, July 28, 2017, and May 9, 2017, we completed the sale of our interest in certain properties located in Texas and New Mexico (the "Permian Assets Sales"). Combined cash proceeds received from the sale of these properties were approximately $31 million and we recognized a combined net gain of approximately $29 million.
- On July 31, 2017, we completed the sale of our interest in properties located in the San Joaquin Basin in California (the "San Joaquin Basin Sale"). Cash proceeds received from the sale of these properties were approximately $253 million, net of costs to sell of approximately $4 million, and we recognized a net gain of approximately $120 million.

- On July 21, 2017, we completed the sale of our interest in properties located in the Los Angeles Basin in California (the "Los Angeles Basin Sale"). Cash proceeds received from the sale of these properties were approximately $93 million, net of costs to sell of approximately $2 million, and we recognized a net gain of approximately $2 million. We will receive an additional $7 million contingent payment if certain operational requirements are satisfied within one year from the date of sale.
- On June 30, 2017, we completed the sale of our interest in properties located in the Salt Creek Field in Wyoming (the "Salt Creek Assets Sale"). Cash proceeds received from the sale of these properties were approximately $73 million, net of costs to sell of approximately $1 million, and we recognized a net gain of approximately $30 million.
- On May 31, 2017, we completed the sale of our interest in properties located in western Wyoming (the "Jonah Assets Sale"). Cash proceeds received from the sale of these properties were approximately $559 million, net of costs to sell of approximately $6 million, and we recognized a net gain of approximately $277 million.

As a result of our strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), we classified the assets and liabilities, results of operations and cash flows of our California properties as discontinued operations on the consolidated and combined financial statements included elsewhere in this prospectus.

Roan Resources LLC

Historically, a subsidiary of the Company also owned a 50% equity interest in Roan, which is focused on the accelerated development of the Merge/SCOOP/STACK play in Oklahoma. The Company's equity earnings (losses), consisting of its share of Roan's earnings or losses, are included in the consolidated and combined financial statements. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with the Company. As such, equity earnings (losses) in Roan will not be included in the Company's consolidated and combined financial statements in periods subsequent to the spin-off.

Construction of Cryogenic Plant

In July 2017, Blue Mountain entered into a definitive agreement with BCCK to construct the Chisholm Trail Cryogenic Gas Plant. Blue Mountain's assets include the Chisholm Trail midstream business located in Oklahoma. Chisholm Trail is located in the Merge/SCOOP/STACK play in the Mid-Continent region and has approximately 108 miles of existing natural gas gathering pipeline and approximately 60 MMcf/d of current refrigeration capacity. Infrastructure expansions are underway to add low pressure gathering pipelines, increase compression throughput and construct a new 225 MMcf/d cryogenic natural gas processing facility with a total capacity of 250 MMcf/d. The Chisholm Trail Cryogenic Gas Plant is expected to be commissioned by the end of the second quarter of 2018.

Financing Activities

Credit Facility

On April 30, 2018, we entered into the Credit Facility Amendment which, among other things, modified the borrowing base and maximum borrowing commitment amount to $425 million.

Commodity Derivatives

In April 2018, in connection with the closing of the Altamont Bluebell Assets Sale, we canceled our oil collars for 2018 and 2019. We paid net cash settlements of approximately $20 million for the cancellations.

Results of Operations

Three Months Ended March 31, 2018 (Successor), One Month Ended March 31, 2017 (Successor) and Two Months Ended February 28, 2017 (Predecessor)

The following table reflects the Company's results of operations for each of the Successor and Predecessor periods presented:

(in thousands)	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Revenues and other:			
Natural gas sales	$ 63,328	$ 38,070	$ 99,561
Oil sales	45,696	30,238	58,560
NGL sales	27,852	12,017	30,764
Total oil, natural gas and NGL sales	136,876	80,325	188,885
Gains (losses) on oil and natural gas derivatives	(15,030)	(11,959)	92,691
Marketing and other revenues (1)	52,161	4,942	16,551
	174,007	73,308	298,127
Expenses:			
Lease operating expenses	47,884	24,630	49,665
Transportation expenses	19,094	13,723	25,972
Marketing expenses	41,755	2,539	4,820
General and administrative expenses (2)	44,779	10,408	71,745
Exploration costs	1,202	55	93
Depreciation, depletion and amortization	28,465	17,847	47,155
Taxes, other than income taxes	8,452	7,077	14,877
(Gains) losses on sale of assets and other, net	(106,075)	484	829
	85,556	76,763	215,156
Other income and (expenses)	24,771	(4,549)	(16,717)
Reorganization items, net	(1,951)	(2,565)	2,521,137
Income (loss) from continuing operations before income taxes	111,271	(10,569)	2,587,391
Income tax expense (benefit)	40,332	(4,446)	(166)
Income (loss) from continuing operations	70,939	(6,123)	2,587,557
Income (loss) from discontinued operations, net of income taxes	—	457	(548)
Net income (loss)	$ 70,939	$ (5,666)	$2,587,009

(1) Marketing and other revenues for the two months ended February 28, 2017, include approximately $6 million of management fee revenues recognized by the Company from Berry. Management fee revenues are included in "other revenues" on the condensed consolidated and combined statement of operations.

(2) General and administrative expenses for the three months ended March 31, 2018, the one month ended March 31, 2017, and the two months ended February 28, 2017, include approximately $17 million, $4 million and $50 million, respectively, of noncash share-based compensation expenses. In addition, general and administrative expenses for the two months ended February 28, 2017, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Average daily production:			
Natural gas (MMcf/d)	266	496	495
Oil (MBbls/d)	8.5	20.8	20.2
NGL (MBbls/d)	14.1	23.1	21.4
Total (MMcfe/d)	401	759	745
Average daily production—Equity method investments: (1)			
Total (MMcfe/d)	113	—	—
Weighted average prices: (2)			
Natural gas (Mcf)	$ 2.65	$ 2.48	$ 3.41
Oil (Bbl)	$ 59.87	$ 46.90	$ 49.16

Average NYMEX prices:			
Natural gas (MMBtu)	$ 3.00	$ 2.63	$ 3.66
Oil (Bbl)	$ 62.87	$ 49.67	$ 53.04
Costs per Mcfe of production:			
Lease operating expenses	$ 1.33	$ 1.05	$ 1.13
Transportation expenses	$ 0.53	$ 0.58	$ 0.59
General and administrative expenses (3)	$ 1.24	$ 0.44	$ 1.63
Depreciation, depletion and amortization	$ 0.79	$ 0.76	$ 1.07
Taxes, other than income taxes	$ 0.23	$ 0.30	$ 0.34
Average daily production—Discontinued operations:			
Total (MMcfe/d)	—	29	30

(1) Represents the Company's historical 50% equity interest in Roan.

(2) Does not include the effect of gains (losses) on derivatives.

(3) General and administrative expenses for the three months ended March 31, 2018, the one month ended March 31, 2017, and the two months ended February 28, 2017, include approximately $17 million, $4 million and $50 million, respectively, of noncash share-based compensation expenses. In addition, general and administrative expenses for the two months ended February 28, 2017, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

Revenues and Other

Oil, Natural Gas and NGL Sales

Oil, natural gas and NGL sales decreased by approximately $132 million or 49% to approximately $137 million for the three months ended March 31, 2018, from approximately $80 million and $189 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively, due to lower production volumes as a result of divestitures completed in 2017 and 2018 and lower commodity prices. Lower natural gas prices resulted in a decrease in revenues of approximately $9 million. Higher oil prices resulted in an increase in revenues of approximately $9 million. In addition, revenues decreased by approximately $1 million due to the impact of the new accounting standard related to revenues from contracts with customers, adopted on January 1, 2018. As of January 1, 2017, revenue is recognized net of transportation expenses if the processor is the customer and there is no redelivery of commodities to the Company. See Note 1 to the unaudited condensed consolidated and combined financial statements for additional details of the revenue accounting standard.

Average daily production volumes decreased to approximately 401 MMcfe/d for the three months ended March 31, 2018, from approximately 759 MMcfe/d and 745 MMcfe/d for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. Lower natural gas, oil and NGL production volumes resulted in a decrease in revenues of approximately $64 million, $52 million and $15 million, respectively.

The following table sets forth average daily production by region:

	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Average daily production (MMcfe/d):			
Hugoton Basin	158	168	158
Mid-Continent	57	128	110
East Texas	56	51	52
Permian Basin	39	46	49
Rockies	36	287	294
Michigan/Illinois	28	29	29
North Louisiana	27	26	28
South Texas	—	24	25
	401	759	745
Equity method investments	113	—	—

The increase in average daily production volumes in the East Texas region primarily reflect increased development capital spending in the region. The decrease in average daily production volumes in the Mid-Continent region primarily reflects lower production volumes as a result of the Roan Contribution on August 31, 2017, partially offset by increased development capital spending in the region. The decreases in average daily production volumes in the Rockies, Permian Basin and South Texas regions primarily reflect lower production volumes as a result of divestitures completed during 2017. See Note 4 to the unaudited condensed consolidated and combined financial statements for additional information of divestitures. In addition, the decreases in average daily production volumes in these and the remaining regions reflect lower production volumes as a result of reduced development capital spending driven by continued low commodity prices. Equity method investments represents the Company's historical 50% equity interest in Roan.

Gains (Losses) on Oil and Natural Gas Derivatives

Losses on oil and natural gas derivatives were approximately $15 million for the three months ended March 31, 2018, compared to losses of approximately $12 million for the one month ended March 31, 2017, and gains of approximately $93 million for the two months ended February 28, 2017, representing a variance of approximately $96 million. Gains and losses on oil and natural gas derivatives were primarily due to changes in fair value of the derivative contracts. The fair value on unsettled derivative contracts changes as future commodity price expectations change compared to the contract prices on the derivatives. If the expected future commodity prices increase compared to the contract prices on the derivatives, losses are recognized; and if the expected future commodity prices decrease compared to the contract prices on the derivatives, gains are recognized.

We determine the fair value of our oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. See "—Quantitative and Qualitative Disclosures About Market Risk" and Note 8 and Note 9 to the unaudited condensed consolidated and combined financial statements for additional details about our commodity derivatives. For information about the Company's credit risk related to derivative contracts, see "—Liquidity and Capital Resources—Counterparty Credit Risk" below.

Marketing and Other Revenues

Marketing revenues represent third-party activities associated with company-owned gathering systems, plants and facilities. Other revenues primarily include management fee revenues recognized by the Company from Berry (in the Predecessor period) and helium sales revenue. Marketing and other revenues increased by approximately $30 million or 143% to approximately $52 million for the three months ended March 31, 2018, from approximately $5 million and $17 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The increase was primarily due to the impact of the new accounting standard related to revenues from contracts with customers, adopted on January 1, 2018, and higher revenues generated by the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms, partially offset by management fee revenues from Berry included in the Predecessor period. As of January 1, 2018, the Company recognizes revenues for commodities received as noncash consideration in exchange for services provided by its midstream operations and revenues and associated cost of product for the subsequent sale of those same commodities. This recognition results in an increase to revenues and expenses with no impact on net income. See Note 1 to the unaudited condensed consolidated and combined financial statements for additional details of the revenue accounting standard.

Expenses

Lease Operating Expenses

Lease operating expenses include expenses such as labor, field office, vehicle, supervision, maintenance, tools and supplies, and workover expenses. Lease operating expenses decreased by approximately $27 million or 36% to approximately $48 million for the three months ended March 31, 2018, from approximately $25 million and $50 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was primarily due to reduced labor costs for field operations as a result of cost savings initiatives and the divestitures completed in 2017 and 2018. Lease operating expenses per Mcfe increased to $1.33 per Mcfe for the three months ended March 31, 2018, from $1.05 per Mcfe and $1.13 per Mcfe for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively.

Transportation Expenses

Transportation expenses decreased by approximately $21 million or 52% to approximately $19 million for the three months ended March 31, 2018, from approximately $14 million and $26 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was due to reduced costs as a result of lower production volumes primarily as a result of the divestitures completed in 2017 and 2018 and due to the impact of the new accounting standard related to revenues from contracts with customers, adopted on January 1, 2018. As of January 1, 2018, revenue is recognized net of transportation expenses if the processor is the customer and there is no redelivery of commodities to the Company. See Note 1 to the unaudited condensed consolidated and combined financial statements for additional details of the revenue accounting standard. Transportation expenses per Mcfe decreased to $0.53 per Mcfe for the three months ended March 31, 2018, from $0.58 per Mcfe and $0.59 per Mcfe for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively.

Marketing Expenses

Marketing expenses represent third-party activities associated with company-owned gathering systems, plants and facilities. Marketing expenses increased by approximately $34 million to approximately $42 million for the three months ended March 31, 2018, from approximately $3 million and $5 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The increase was primarily due to the impact of the new accounting standard related to revenues from contracts with customers, adopted on January 1, 2018, and higher expenses associated with the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms. As of January 1, 2018, the Company recognizes revenues for

commodities received as noncash consideration in exchange for services provided by its midstream operations and revenues and associated cost of product for the subsequent sale of those same commodities. This recognition results in an increase to revenues and expenses with no impact on net income. See Note 1 to the unaudited condensed consolidated and combined financial statements for additional details of the revenue accounting standard.

General and Administrative Expenses

General and administrative expenses are costs not directly associated with field operations and reflect the costs of employees including executive officers, related benefits, office leases and professional fees. In addition, general and administrative expenses in the Predecessor period includes costs incurred by LINN Energy associated with the operations of Berry. General and administrative expenses decreased by approximately $37 million or 45% to approximately $45 million for the three months ended March 31, 2018, from approximately $10 million and $72 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was primarily due to lower noncash share-based compensation expenses principally driven by the immediate vesting of certain awards during the Predecessor period, lower salaries and benefits related expenses, the costs associated with the operations of Berry in the Predecessor period, lower various other administrative expenses including insurance and rent, partially offset by higher professional services expenses. General and administrative expenses per Mcfe were $1.24 per Mcfe for the three months ended March 31, 2018, compared to $0.44 per Mcfe and $1.63 per Mcfe for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. For professional services expenses related to the Chapter 11 proceedings, see "—Reorganization Items, Net."

Exploration Costs

Exploration costs increased by approximately $1 million to approximately $1 million for the three months ended March 31, 2018, from approximately $55,000 and $93,000 for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The increase was primarily due to higher seismic data expenses.

Depreciation, Depletion and Amortization

Depreciation, depletion and amortization decreased by approximately $37 million or 56% to approximately $28 million for the three months ended March 31, 2018, from approximately $18 million and $47 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was primarily due to lower rates as a result of the application of fresh start accounting, as well as lower total production volumes. Depreciation, depletion and amortization per Mcfe was $0.79 per Mcfe for the three months ended March 31, 2018, compared to $0.76 per Mcfe and $1.07 per Mcfe for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively.

Taxes, Other Than Income Taxes

	Successor		Predecessor
(in thousands)	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Severance taxes	$ 4,406	$ 3,863	$ 9,107
Ad valorem taxes	3,957	3,168	5,744
Other	89	46	26
	$ 8,452	$ 7,077	$ 14,877

Severance taxes, which are a function of revenues generated from production, decreased primarily due to lower production volumes and lower commodity prices. Ad valorem taxes, which are based on the value of

reserves and production equipment and vary by location, decreased primarily due to divestitures completed in 2017 and 2018 and lower estimated valuations on certain of the Company's properties.

(Gains) Losses on Sale of Assets and Other, Net

During the three months ended March 31, 2018, the Company recorded the following amounts related to divestitures (see Note 4 to the unaudited condensed consolidated and combined financial statements):

- Net gain of approximately $53 million, including costs to sell of approximately $1 million, on the West Texas Assets Sale; and
- Net gain of approximately $48 million, including costs to sell of approximately $1 million, on the Oklahoma and Texas Assets Sale.

Other Income and (Expenses)

(in thousands)	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Interest expense, net of amounts capitalized	$ (404)	$ (4,200)	$ (16,725)
Earnings from equity method investments	25,345	39	157
Other, net	(170)	(388)	(149)
	$ 24,771	$ (4,549)	$ (16,717)

Interest expense decreased primarily due to no outstanding debt during 2018, and lower amortization of financing fees. For the two months ended February 28, 2017, contractual interest, which was not recorded, on the Predecessor's senior notes was approximately $37 million. For the three months ended March 31, 2018, interest expense is related to amortization of financing fees. See "—Liquidity and Capital Resources—Debt" below for additional details.

Equity method investments primarily include the Company's historical 50% equity interest in Roan. The Company's equity earnings consists of its share of Roan's earnings and the amortization of the difference between the Company's investment in Roan and Roan's underlying net assets attributable to certain assets. See Note 6 to the unaudited condensed consolidated and combined financial statements for additional information.

Reorganization Items, Net

The Company incurred significant costs and recognized significant gains associated with the reorganization. Reorganization items represent costs and income directly associated with the Chapter 11 proceedings since the Petition Date, and also include adjustments to reflect the carrying value of certain liabilities subject to compromise at their estimated allowed claim amounts, as such adjustments were determined.

The following table summarizes the components of reorganization items included on the condensed consolidated statements of operations:

(in thousands)	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Gain on settlement of liabilities subject to compromise	$ —	$ —	$ 3,914,964
Recognition of an additional claim for the Predecessor's second lien notes settlement	—	—	(1,000,000)
Fresh start valuation adjustments	—	—	(591,525)
Income tax benefit related to implementation of the Plan	—	—	264,889
Legal and other professional fees	(1,952)	(2,570)	(46,961)
Terminated contracts	—	—	(6,915)
Other	1	5	(13,315)
Reorganization items, net	$ (1,951)	$ (2,565)	$ 2,521,137

Income Tax Expense (Benefit)

The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. The Company recognized income tax expense of approximately $40 million for the three months ended March 31, 2018, compared to an income tax benefit of approximately $4 million and $166,000 for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively.

Income (Loss) from Discontinued Operations, Net of Income Taxes

As a result of the Company's strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), the Company has classified the results of operations of its California properties as discontinued operations. Income from discontinued operations, net of income taxes was approximately $457,000 for the one month ended March 31, 2017, and losses of approximately $548,000 for the two months ended February 28, 2017. See Note 4 to the unaudited condensed consolidated and combined financial statements for additional information.

Net Income (Loss)

Net income decreased by approximately $2.5 billion to approximately $71 million for the three months ended March 31, 2018, from a net loss of approximately $6 million and net income of approximately $2.6 billion for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was primarily due to gains included in reorganization items in the Predecessor period, lower production revenue and losses compared to gains on commodity derivatives, partially offset by gains on sales of assets and lower expenses. See discussion above for explanations of variances.

Ten Months Ended December 31, 2017 (Successor), Two Months Ended February 28, 2017 (Predecessor) and Year Ended December 31, 2016 (Predecessor)

The following table reflects the Company's results of operations for each of the Successor and Predecessor periods presented:

(in thousands)	Successor: Ten Months Ended December 31, 2017	Predecessor: Two Months Ended February 28, 2017	Predecessor: Year Ended December 31, 2016
Revenues and other:			
Natural gas sales	$ 317,529	$ 99,561	$ 426,307
Oil sales	258,055	58,560	315,472
NGL sales	133,779	30,764	132,382
Total oil, natural gas and NGL sales	709,363	188,885	874,161
Gains (losses) on oil and natural gas derivatives	13,533	92,691	(164,330)
Marketing and other revenues (1)	103,782	16,551	129,813
	826,678	298,127	839,644
Expenses:

Income (loss) from continuing operations before income taxes	742,114	2,587,391	(332,433)
Income tax expense (benefit)	389,914	(166)	11,300
Income (loss) from continuing operations	352,200	2,587,557	(343,733)
Income (loss) from discontinued operations, net of income taxes	82,995	(548)	(18,354)
Net income (loss)	$ 435,195	$2,587,009	$ (362,087)

(1) Marketing and other revenues for the two months ended February 28, 2017, and the year ended December 31, 2016, include approximately $6 million and $69 million, respectively, of management fee revenues recognized by the Company from Berry. Management fee revenues are included in "other revenues" on the consolidated and combined statements of operations.

(2) General and administrative expenses for the ten months ended December 31, 2017, the two months ended February 28, 2017, and the year ended December 31, 2016, include approximately $41 million, $50 million and $34 million, respectively, of noncash share-based compensation expenses. In addition, general and administrative expenses for the two months ended February 28, 2017, and the year ended December 31, 2016, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

	Successor	Predecessor	
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Average daily production:			
Natural gas (MMcf/d)	386	495	511
Oil (MBbls/d)	17.8	20.2	22.1
NGL (MBbls/d)	20.5	21.4	25.4
Total (MMcfe/d)	616	745	796
Average daily production—Equity method investments: (1)			
Total (MMcfe/d)	30	—	—
Weighted average prices: (2)			
Natural gas (Mcf)	$ 2.69	$ 3.41	$ 2.28
Oil (Bbl)	$ 47.42	$ 49.16	$ 39.00
NGL (Bbl)	$ 21.28	$ 24.37	$ 14.26
Average NYMEX prices:			
Natural gas (MMBtu)	$ 3.00	$ 3.66	$ 2.46
Oil (Bbl)	$ 50.53	$ 53.04	$ 43.32
Costs per Mcfe of production:			
Lease operating expenses	$ 1.11	$ 1.13	$ 1.02
Transportation expenses	$ 0.60	$ 0.59	$ 0.55
General and administrative expenses (3)	$ 0.62	$ 1.63	$ 0.82
Depreciation, depletion and amortization	$ 0.71	$ 1.07	$ 1.18
Taxes, other than income taxes	$ 0.25	$ 0.34	$ 0.23
Average daily production—Discontinued operations: (4)			
Total (MMcfe/d)	14	30	32

(1) Represents the Company's historical 50% equity interest in Roan. Production of Roan for 2017 is for the period from September 1, 2017 through December 31, 2017.

(2) Does not include the effect of gains (losses) on derivatives.

(3) General and administrative expenses for the ten months ended December 31, 2017, the two months ended February 28, 2017, and the year ended December 31, 2016, include approximately $41 million, $50 million and $34 million, respectively, of noncash share-based compensation expenses. In addition, general and administrative expenses for the two months ended February 28, 2017, and the year ended December 31, 2016, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

(4) Production of the Company's California properties reported as discontinued operations for 2017 is for the period from January 1, 2017 through July 31, 2017.

Revenues and Other

Oil, Natural Gas and NGL Sales

Oil, natural gas and NGL sales increased by approximately $24 million or 3% to approximately $709 million and $189 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $874 million for the year ended December 31, 2016, due to higher commodity prices, partially offset by lower production volumes. Higher natural gas, oil and NGL prices resulted in an increase in revenues of approximately $81 million, $58 million and $57 million, respectively.

Average daily production volumes decreased to approximately 616 MMcfe/d and 745 MMcfe/d for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from

approximately 796 MMcfe/d for the year ended December 31, 2016. Lower natural gas, oil and NGL production volumes resulted in a decrease in revenues of approximately $91 million, $56 million and $25 million, respectively.

The following table sets forth average daily production by region:

	Successor	Predecessor	
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Average daily production (MMcfe/d):			
Rockies	184	294	330
Hugoton Basin	167	159	180
Mid-Continent	97	109	101
East Texas	53	52	57
Permian Basin	44	49	56
North Louisiana	29	28	15
Michigan/Illinois	29	29	30
South Texas	13	25	27
	616	745	796
Equity method investments	30	—	—

The increase from 2016 in average daily production volumes in the North Louisiana region primarily reflects increased development capital spending in the region. The decrease from 2016 in average daily production volumes in the Mid-Continent region primarily reflects lower production volumes as a result of the Roan Contribution on August 31, 2017, partially offset by increased development capital spending in the region. The decreases in average daily production volumes in the Rockies, Permian Basin and South Texas regions primarily reflect lower production volumes as a result of divestitures completed during 2017. See Note 4 to the audited consolidated and combined financial statements for additional information of divestitures. In addition, the decreases in average daily production volumes in these and the remaining regions reflect lower production volumes as a result of reduced development capital spending, as well as marginal well shut-ins, driven by continued low commodity prices. Equity method investments represents the Company's historical 50% equity interest in Roan. Production of Roan for 2017 is for the period from September 1, 2017 through December 31, 2017.

Gains (Losses) on Oil and Natural Gas Derivatives

Gains on oil and natural gas derivatives were approximately $14 million and $93 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to losses on oil and natural gas derivatives of approximately $164 million for the year ended December 31, 2016, representing a variance of approximately $271 million. Gains on oil and natural gas derivatives were primarily due to changes in fair value of the derivative contracts. The fair value on unsettled derivative contracts changes as future commodity price expectations change compared to the contract prices on the derivatives. If the expected future commodity prices increase compared to the contract prices on the derivatives, losses are recognized; and if the expected future commodity prices decrease compared to the contract prices on the derivatives, gains are recognized.

We determine the fair value of our oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. See "—Quantitative and Qualitative Disclosures About Market Risk" and Note 7 and Note 8 to the audited consolidated and combined financial statements for additional details about our commodity derivatives. For information about our credit risk related to derivative contracts, see "—Liquidity and Capital Resources—Counterparty Credit Risk" below.

Marketing and Other Revenues

Marketing revenues represent third-party activities associated with company-owned gathering systems, plants and facilities. Other revenues primarily include management fee revenues recognized by the Company from Berry (in the Predecessor periods) and helium sales revenue. Marketing and other revenues decreased by approximately $9 million or 7% to approximately $104 million and $17 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $130 million for the year ended December 31, 2016. The decrease was primarily due to the management fee revenues from Berry included in the Predecessor periods, partially offset by higher revenues generated by the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms.

Expenses

Lease Operating Expenses

Lease operating expenses include expenses such as labor, field office, vehicle, supervision, maintenance, tools and supplies, and workover expenses. Lease operating expenses decreased by approximately $39 million or 13% to approximately $208 million and $50 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $297 million for the year ended December 31, 2016. The decrease was primarily due to reduced labor costs for field operations as a result of cost savings initiatives and the divestitures completed in 2017. Lease operating expenses per Mcfe increased to $1.11 per Mcfe and $1.13 per Mcfe for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to $1.02 per Mcfe for the year ended December 31, 2016.

Transportation Expenses

Transportation expenses decreased by approximately $23 million or 14% to approximately $113 million and $26 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $162 million for the year ended December 31, 2016. The decrease was primarily due to reduced costs as a result of lower production volumes and as a result of the divestitures completed in 2017. Transportation expenses per Mcfe increased to $0.60 per Mcfe and $0.59 per Mcfe for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to $0.55 per Mcfe for the year ended December 31, 2016.

Marketing Expenses

Marketing expenses represent third-party activities associated with company-owned gathering systems, plants and facilities. Marketing expenses increased by approximately $44 million or 148% to approximately $69 million and $5 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $30 million for the year ended December 31, 2016. The increase was primarily due to higher expenses associated with the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms.

General and Administrative Expenses

General and administrative expenses are costs not directly associated with field operations and reflect the costs of employees including executive officers, related benefits, office leases and professional fees. In addition, general and administrative expenses in the Predecessor periods include costs incurred by LINN Energy associated with the operations of Berry. General and administrative expenses decreased by approximately $49 million or 20% to approximately $117 million and $72 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $238 million for the year ended December 31, 2016. The decrease was primarily due to lower salaries and benefits related expenses, the costs associated with the operations of Berry in the Predecessor periods, lower various other administrative expenses

including insurance and rent, and lower professional services expenses, partially offset by higher noncash share-based compensation expenses principally driven by the immediate vesting of certain awards on the Effective Date. General and administrative expenses per Mcfe were $0.62 per Mcfe and $1.63 per Mcfe for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to $0.82 per Mcfe for the year ended December 31, 2016. For professional services expenses related to the Chapter 11 proceedings that were incurred since the Petition Date, see "—Reorganization Items, Net."

Exploration Costs

Exploration costs decreased by approximately $1 million to approximately $3 million and $93,000 for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $4 million for the year ended December 31, 2016. The decrease was primarily due to lower seismic data expenses.

Depreciation, Depletion and Amortization

Depreciation, depletion and amortization decreased by approximately $162 million or 47% to approximately $134 million and $47 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from approximately $343 million for the year ended December 31, 2016. The decrease was primarily due to lower rates as a result of the application of fresh start accounting, as well as lower total production volumes. Depreciation, depletion and amortization per Mcfe also decreased to $0.71 per Mcfe and $1.07 per Mcfe for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from $1.18 per Mcfe for the year ended December 31, 2016.

Impairment of Long-Lived Assets

The Company recorded no impairment charges for the ten months ended December 31, 2017, or the two months ended February 28, 2017. During the year ended December 31, 2016, the Company recorded an impairment charge of approximately $165 million associated with proved oil and natural gas properties in the Mid-Continent and Rockies regions due to a decline in commodity prices, changes in expected capital development and a decline in the Company's estimates of proved reserves.

Taxes, Other Than Income Taxes

	Successor	Predecessor	
(in thousands)	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Severance taxes	$ 30,074	$ 9,107	$ 38,166
Ad valorem taxes	17,337	5,744	28,450
Other	142	26	1,028
	$ 47,553	$ 14,877	$ 67,644

Severance taxes, which are a function of revenues generated from production, increased primarily due to higher commodity prices, partially offset by lower production volumes. Ad valorem taxes, which are based on the value of reserves and production equipment and vary by location, decreased primarily due to divestitures completed in 2017 and lower estimated valuations on certain of the Company's properties.

(Gains) Losses on Sale of Assets and Other, Net

During the ten months ended December 31, 2017, the Company recorded the following amounts related to divestitures (see Note 4 to the audited consolidated and combined financial statements):

- Net gain of approximately $277 million, including costs to sell of approximately $6 million, on the Jonah Assets Sale;
- Net gain of approximately $175 million, including costs to sell of approximately $2 million, on the Washakie Assets Sale;
- Net gain of approximately $116 million, including costs to sell of approximately $3 million, on the Williston Assets Sale;
- Net gain of approximately $30 million, including costs to sell of approximately $1 million, on the Salt Creek Assets Sale;
- Net gain of approximately $29 million on the Permian Assets Sales;
- Advisory fees of approximately $17 million associated with the Roan Contribution; and
- Net gain of approximately $14 million, including costs to sell of approximately $1 million, on the South Texas Assets Sales.

Other Income and (Expenses)

	Successor	Predecessor	
(in thousands)	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Interest expense, net of amounts capitalized	$ (12,380)	$ (16,725)	$ (184,870)
Earnings from equity method investments	11,840	157	699
Other, net	(6,233)	(149)	(2,345)
	$ (6,773)	$ (16,717)	$ (186,516)

Interest expense decreased primarily due to lower outstanding debt during 2017, the Company's discontinuation of interest expense recognition on the senior notes for the two months ended February 28, 2017, as a result of the Chapter 11 proceedings, and lower amortization of discounts and financing fees. For the two months ended February 28, 2017, and the period from May 12, 2016 through December 31, 2016, contractual interest, which was not recorded, on the senior notes was approximately $37 million and $143 million, respectively. See "—Liquidity and Capital Resources—Debt" below for additional details.

The Second Lien Notes were accounted for as a troubled debt restructuring which requires that interest payments on the Second Lien Notes reduce the carrying value of the debt with no interest expense recognized. For the two months ended February 28, 2017, and the period from May 12, 2016 through December 31, 2016, unrecorded contractual interest on the Second Lien Notes was approximately $20 million and $76 million, respectively.

Equity method investments primarily include the Company's historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off. The Company's equity earnings consists of its share of Roan's earnings and the amortization of the difference between the Company's investment in Roan and Roan's underlying net assets attributable to certain assets. See Note 4 to the audited consolidated and combined financial statements for additional information.

Reorganization Items, Net

The Company incurred significant costs and recognized significant gains associated with the reorganization. Reorganization items represent costs and income directly associated with the Chapter 11 proceedings since the Petition Date, and also include adjustments to reflect the carrying value of certain liabilities subject to compromise at their estimated allowed claim amounts, as such adjustments were determined.

The following table summarizes the components of reorganization items included on the consolidated and combined statements of operations:

	Successor	Predecessor	
(in thousands)	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Gain on settlement of liabilities subject to compromise	$ —	$ 3,914,964	$ —
Recognition of an additional claim for the Predecessor's Second Lien Notes settlement	—	(1,000,000)	—
Fresh start valuation adjustments	—	(591,525)	—
Income tax benefit related to implementation of the Plan	—	264,889	—
Legal and other professional fees	(8,584)	(46,961)	(56,656)
Unamortized deferred financing fees, discounts and premiums	—	—	(52,045)
Gains related to interest payable on Predecessor's Second Lien Notes	—	—	551,000
Terminated contracts	—	(6,915)	(66,052)
Other	51	(13,315)	(40,127)
Reorganization items, net	$ (8,533)	$ 2,521,137	$ 336,120

Income Tax Expense (Benefit)

The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. The Company recognized income tax expense of approximately $390 million and an income tax benefit of approximately $166,000 for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to an income tax expense of approximately $11 million for the year ended December 31, 2016.

Income (Loss) from Discontinued Operations, Net of Income Taxes

As a result of the Company's strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), the Company has classified the results of operations of its California properties as discontinued operations. Income from discontinued operations, net of income taxes was approximately $83 million for the ten months ended December 31, 2017, compared to losses of approximately $548,000 and $18 million for the two months ended February 28, 2017, and the year ended December 31, 2016, respectively. See Note 4 to the audited consolidated and combined financial statements for additional information.

Net Income (Loss)

Net income increased by approximately $3.4 billion to net income of approximately $435 million and $2.6 billion for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, from a net loss of approximately $362 million for the year ended December 31, 2016. The increase was primarily due to higher gains included in reorganization items, gains on the divestitures completed in 2017, gains compared to losses on commodity derivatives, lower expenses, lower impairment charges, income compared to losses from discontinued operations and higher production revenues. See discussion above for explanations of variances.

Net loss	$ (362,087)	$(3,802,830)	$ 3,440,743

(1) Marketing and other revenues for the years ended December 31, 2016, and December 31, 2015 include approximately $69 million and $78 million, respectively, of management fee revenues recognized by the

Company from Berry. Management fee revenues are included in "other revenues" on the consolidated and combined statements of operations.

(2) General and administrative expenses for the years ended December 31, 2016, and December 31, 2015, include approximately $34 million and $47 million, respectively, of noncash unit-based compensation expenses. In addition, general and administrative expenses for the years ended December 31, 2016, and December 31, 2015, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

	Predecessor Year Ended December 31, 2016	2015	Variance

Total (MMcfe/d)	32	30	7%

(1) Does not include the effect of gains (losses) on derivatives.

(2) General and administrative expenses for the years ended December 31, 2016, and December 31, 2015, include approximately $34 million and $47 million, respectively, of noncash unit-based compensation expenses. In addition, general and administrative expenses for the years ended December 31, 2016, and December 31, 2015, include expenses incurred by Linn associated with the operations of Berry. On February 28, 2017, Linn and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

Revenues and Other

Oil, Natural Gas and NGL Sales

Oil, natural gas and NGL sales decreased by approximately $192 million or 18% to approximately $874 million for the year ended December 31, 2016, from approximately $1.1 billion for the year ended December 31, 2015, due to lower natural gas and oil prices, and lower production volumes, partially offset by higher NGL prices. Lower natural gas and oil prices resulted in a decrease in revenues of approximately $52 million and $36 million, respectively. Higher NGL prices resulted in an increase in revenues of approximately $15 million.

Average daily production volumes decreased to approximately 796 MMcfe/d for the year ended December 31, 2016, from approximately 867 MMcfe/d for the year ended December 31, 2015. Lower oil, natural gas and NGL production volumes resulted in a decrease in revenues of approximately $84 million, $34 million and $1 million, respectively.

The following table sets forth average daily production by region:

	Predecessor Year Ended December 31,		Variance	
	2016	2015		
Average daily production (MMcfe/d):				
Rockies	330	359	(29)	(8)%
Hugoton Basin	180	193	(13)	(7)%
Mid-Continent	101	100	1	2%
East Texas	57	61	(4)	(8)%
Permian Basin	56	80	(24)	(30)%
Michigan/Illinois	30	31	(1)	(3)%
South Texas	27	32	(5)	(14)%
North Louisiana	15	11	4	39%
	796	867	(71)	(8)%

The decreases in average daily production volumes primarily reflect reduced development capital spending throughout the Company's various operating regions, as well as marginal well shut-ins, driven by continued low commodity prices. The decrease in average daily production volumes in the Permian Basin region also reflects lower production volumes as a result of the sale of its remaining position in Howard County in the Permian Basis (the "Howard County Assets Sale") on August 31, 2015.

Gains (Losses) on Oil and Natural Gas Derivatives

Losses on oil and natural gas derivatives were approximately $164 million for the year ended December 31, 2016, compared to gains of approximately $1.0 billion for the year ended December 31, 2015, representing a variance of approximately $1.2 billion. Losses on oil and natural gas derivatives were primarily due to changes in fair value of the derivative contracts and the impact of the declining maturity schedule from period to period of the Company's hedges. The fair value on unsettled derivative contracts changes as future commodity price expectations change compared to the contract prices on the derivatives. If the expected future commodity prices increase compared to the contract prices on the derivatives, losses are recognized; and if the expected future commodity prices decrease compared to the contract prices on the derivatives, gains are recognized.

The Company determines the fair value of our oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. See "—Quantitative and Qualitative Disclosures About Market Risk" and Note 7 and Note 8 for additional details about our commodity derivatives. For information about our credit risk related to derivative contracts, see "—Liquidity and Capital Resources—Counterparty Credit Risk" below.

Marketing and Other Revenues

Marketing revenues represent third-party activities associated with company-owned gathering systems, plants and facilities. Other revenues primarily include management fee revenues recognized by the Company from Berry and helium sales revenue. Marketing and other revenues decreased by approximately $12 million or 8% to approximately $130 million for the year ended December 31, 2016, from approximately $142 million for the year ended December 31, 2015. The decrease was primarily due to lower management fee revenues from

Berry, principally driven by reduced salaries and benefits related expenses at the Company, as well as lower revenues generated by the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms, partially offset by higher helium sales revenue in the Hugoton Basin.

Expenses

Lease Operating Expenses

Lease operating expenses include expenses such as labor, field office, vehicle, supervision, maintenance, tools and supplies, and workover expenses. Lease operating expenses decreased by approximately $55 million or 16% to approximately $297 million for the year ended December 31, 2016, from approximately $352 million for the year ended December 31, 2015. The decrease was primarily due to cost savings initiatives and lower workover activities. Lease operating expenses per Mcfe also decreased to $1.02 per Mcfe for the year ended December 31, 2016, from $1.11 per Mcfe for the year ended December 31, 2015.

Transportation Expenses

Transportation expenses decreased by approximately $5 million or 3% to approximately $162 million for the year ended December 31, 2016, from approximately $167 million for the year ended December 31, 2015. The decrease was primarily due to reduced costs as a result of lower production volumes, partially offset by higher costs from non-operated properties in the Rockies region. Transportation expenses per Mcfe increased to $0.55 per Mcfe for the year ended December 31, 2016, from $0.53 per Mcfe for the year ended December 31, 2015.

Marketing Expenses

Marketing expenses represent third-party activities associated with company-owned gathering systems, plants and facilities. Marketing expenses decreased by approximately $5 million or 16% to approximately $30 million for the year ended December 31, 2016, from approximately $35 million for the year ended December 31, 2015. The decrease was primarily due to lower expenses associated with the Jayhawk natural gas processing plant in Kansas, principally driven by a change in contract terms.

General and Administrative Expenses

General and administrative expenses are costs not directly associated with field operations and reflect the costs of employees including executive officers, related benefits, office leases and professional fees. In addition, general and administrative expenses for the years ended December 31, 2016, and December 31, 2015, include costs incurred by LINN Energy associated with the operations of Berry. General and administrative expenses decreased by approximately $48 million or 17% to approximately $238 million for the year ended December 31, 2016, from approximately $286 million for the year ended December 31, 2015. The decrease was primarily due to lower professional services expenses, lower acquisition expenses, lower salaries and benefits related expenses and lower various other administrative expenses including rent. General and administrative expenses for the year ended December 31, 2015, was impacted by advisory fees related to alliance agreements entered into with certain private capital investors. General and administrative expenses per Mcfe also decreased to $0.82 per Mcfe for the year ended December 31, 2016, from $0.90 per Mcfe for the year ended December 31, 2015.

For professional services expenses related to the Chapter 11 proceedings that were incurred since the Petition Date, see “—Reorganization Items, Net.”

Exploration Costs

Exploration costs decreased by approximately $5 million to approximately $4 million for the year ended December 31, 2016, from approximately $9 million for the year ended December 31, 2015. The decrease was primarily due to lower dry hole costs and lower leasehold impairment expenses on unproved properties.

Depreciation, Depletion and Amortization

Depreciation, depletion and amortization decreased by approximately $171 million or 33% to approximately $343 million for the year ended December 31, 2016, from approximately $514 million for the year ended December 31, 2015. The decrease was primarily due to lower rates as a result of the impairments recorded in 2015 and 2016, as well as lower total production volumes. Depreciation, depletion and amortization per Mcfe also decreased to $1.18 per Mcfe for the year ended December 31, 2016, from $1.62 per Mcfe for the year ended December 31, 2015.

Impairment of Long-Lived Assets

The Company recorded the following noncash impairment charges associated with proved and unproved oil and natural gas properties:

	Predecessor	
	Year Ended December 31,	
	2016	2015
	(in thousands)	
Mid-Continent region	$ 141,902	$ 405,370
Rockies region	23,142	1,592,256
Hugoton Basin region	—	1,667,768
East Texas	—	361,373
Permian Basin region	—	71,990
North Louisiana region	—	55,849
South Texas region	—	42,433
Proved oil and natural gas properties	165,044	4,197,039
North Louisiana region	—	416,846
Permian Basin region	—	226,922
Rockies region	—	184,137
Unproved oil and natural gas properties	—	827,905
Impairment of long-lived assets	$ 165,044	$ 5,024,944

The impairment charges in 2016 and 2015 were due to a decline in commodity prices, changes in expected capital development and a decline in the Company's estimates of proved reserves.

(Gains) Losses on Sale of Assets and Other, Net

During the year ended December 31, 2016, the Company had no significant gains or losses from the sale of assets. During the year ended December 31, 2015, the Company recorded a net gain of approximately $177 million, including costs to sell of approximately $1 million, on the Howard County Assets Sale. See Note 4 to the audited consolidated and combined financial statements for additional details of divestitures and exchanges of properties.

Taxes, Other Than Income Taxes

	Predecessor Year Ended December 31, 2016	2015	Variance
		(in thousands)	
Severance taxes	$ 38,166	$ 53,016	$(14,850)
Ad valorem taxes	28,450	44,716	(16,266)
Other	1,028	(49)	1,077
	$ 67,644	$ 97,683	$(30,039)

Taxes, other than income taxes decreased by approximately $30 million or 31% for the year ended December 31, 2016, compared to the year ended December 31, 2015. Severance taxes, which are a function of revenues generated from production, decreased primarily due to lower natural gas and oil prices and lower production volumes. Ad valorem taxes, which are based on the value of reserves and production equipment and vary by location, decreased primarily due to lower estimated valuations on certain of the Company's properties.

Other Income and (Expenses)

	Predecessor Year Ended December 31, 2016	2015	Variance
		(in thousands)	
Interest expense, net of amounts capitalized	$(184,870)	$(456,749)	$ 271,879
Gain on extinguishment of debt	—	708,050	(708,050)
Earnings from equity method investments	699	685	14
Other, net	(2,345)	(13,988)	11,643
	$(186,516)	$ 237,998	$(424,514)

Other income and (expenses) decreased by approximately $425 million for the year ended December 31, 2016, compared to the year ended December 31, 2015. Interest expense decreased primarily due to the Company's discontinuation of interest expense recognition on the senior notes for the period from May 12, 2016 through December 31, 2016, as a result of the Chapter 11 proceedings, lower outstanding debt during the period principally as a result of the senior notes repurchased and exchanged during 2015, and lower amortization of discounts and financing fees. For the period from May 12, 2016 through December 31, 2016, contractual interest, which was not recorded, on the senior notes was approximately $143 million. For the year ended December 31, 2015, the Company recorded a gain on extinguishment of debt of approximately $708 million as a result of the repurchases of a portion of its senior notes. Other expenses decreased primarily due to lower write-offs of deferred financing fees related to the Revolving Credit Facility and lower bank fees. See "—Liquidity and Capital Resources—Debt" below for additional details.

The $1.0 billion in aggregate principal amount of Second Lien Notes issued in November 2015 were accounted for as a troubled debt restructuring which requires that interest payments on the Second Lien Notes reduce the carrying value of the debt with no interest expense recognized. For the period from May 12, 2016 through December 31, 2016, unrecorded contractual interest on the Second Lien Notes was approximately $76 million.

Reorganization Items, Net

The Company incurred significant costs and recognized significant gains associated with the reorganization. Reorganization items represent costs and income directly associated with the Chapter 11 proceedings since the

Petition Date, and also include adjustments to reflect the carrying value of certain liabilities subject to compromise at their estimated allowed claim amounts, as such adjustments were determined.

The following table summarizes the components of reorganization items included on the consolidated and combined statement of operations:

	Predecessor Year Ended December 31, 2016
	(in thousands)
Legal and other professional fees	$ (56,656)
Unamortized deferred financing fees, discounts and premiums	(52,045)
Gain related to interest payable on Predecessor's Second Lien Notes	551,000
Terminated contracts	(66,052)
Other	(40,127)
Reorganization items, net	$ 336,120

Income Tax Expense (Benefit)

The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. The Company recognized income tax expense of approximately $11 million for the year ended December 31, 2016, compared to an income tax benefit of approximately $6 million for the year ended December 31, 2015. The increased income tax expense is primarily due to additional expense recognized related to unit-based compensation in 2016 for which there was no windfall benefit offset as in 2015.

Loss from Discontinued Operations, Net of Income Taxes

As a result of the Company's strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), the Company has classified the results of operations of its California properties as discontinued operations. Loss from discontinued operations, net of income taxes was approximately $18 million compared to income of $10 million for the years ended December 31, 2016, and December 31, 2015, respectively. See Note 4 to the audited consolidated and combined financial statements for additional information.

Net Loss

Net loss decreased by approximately $3.4 billion to approximately $362 million for the year ended December 31, 2016, from approximately $3.8 billion for the year ended December 31, 2015. The decrease was primarily due to lower impairment charges and lower expenses, including interest, partially offset by losses compared to gains on oil and natural gas derivatives for the comparative period, from discontinued operations, the gain on extinguishment of debt in 2015, lower production revenues and losses compared to gains. See discussion above for explanations of variances.

Liquidity and Capital Resources

The Company's sources of cash have primarily consisted of proceeds from its 2017 and 2018 divestitures of oil and natural gas properties and net cash provided by operating activities. As a result of divesting certain oil and natural gas properties in 2017 and the first quarter of 2018, the Company received over $1.5 billion in net cash

proceeds in 2017 and approximately $232 million in net cash proceeds during the three months ended March 31, 2018. The Company repaid all of its outstanding debt as of July 31, 2017. The Company has also used its cash to fund capital expenditures, principally for the development of its oil and natural gas properties, and plant and pipeline construction, as well as repurchases of LINN common stock. Based on current expectations, the Company believes its liquidity and capital resources will be sufficient to conduct its business and operations.

See below for details regarding capital expenditures for the periods presented:

	Successor			Predecessor		
(in thousands)	Three Months Ended March 31, 2018	Ten Months Ended December 31, 2017	One Month Ended March 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Oil and natural gas	$ 10,064	$ 199,866	$ 16,992	$ 39,409	$ 126,876	$ 286,028
Plant and pipeline	56,861	93,318	1,413	4,990	36,433	2,539
Other	3	5,626	129	1,243	8,315	45,387
Capital expenditures, excluding acquisitions	$ 66,928	$ 298,810	$ 18,534	$ 45,642	$ 171,624	$ 333,954
Capital expenditures, excluding acquisitions—discontinued operations	$ —	$ 2,033	$ 876	$ 436	$ 1,109	$ 32,152

The increase in capital expenditures in 2017 and the three months ended March 31, 2018 was primarily due to oil and natural gas development activities in the Merge/SCOOP/STACK and plant and pipeline construction activities associated with the Chisholm Trail Cryogenic Gas Plant. For 2018, the Company estimates its total capital expenditures, excluding acquisitions, will be approximately $160 million, including approximately $35 million related to its oil and natural gas capital program and approximately $120 million related to Blue Mountain. This estimate is under continuous review and subject to ongoing adjustments.

Statements of Cash Flows

The following is a comparative cash flow summary:

	Successor			Predecessor		
(in thousands)	Three Months Ended March 31, 2018	Ten Months Ended December 31, 2017	One Month Ended March 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Net cash:						
Provided by operating activities	$ 50,866	$ 231,021	$ 17,763	$ 152,714	$ 875,306	$ 1,127,700
Provided by (used in) investing activities	160,260	1,257,352	(22,384)	(58,756)	(230,438)	(276,023)
Used in financing activities	(427,589)	(1,111,473)	(48,595)	(437,730)	(164,150)	(850,886)
Net increase (decrease) in cash, cash equivalents and restricted cash	$ (216,463)	$ 376,900	$ (53,216)	$ (343,772)	$ 480,718	$ 791

Operating Activities

Cash provided by operating activities was approximately $51 million compared to approximately $18 million and $153 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. The decrease was primarily due to lower production related revenues principally due to lower production volumes.

Cash provided by operating activities was approximately $231 million and $153 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to approximately $875 million for the year ended December 31, 2016. The decrease was primarily due to lower cash settlements on derivatives, partially offset by higher production related revenues principally due to higher commodity prices.

Cash provided by operating activities for the year ended December 31, 2016 was approximately $875 million, compared to approximately $1.1 billion for the year ended December 31, 2015. The decrease was primarily due to lower cash settlements on derivatives and lower production related revenues principally due to lower commodity prices and lower production volumes, partially offset by lower expenses.

Investing Activities

The following provides a comparative summary of cash flow from investing activities:

	Successor			Predecessor		
(in thousands)	Three Months Ended March 31, 2018	Ten Months Ended December 31, 2017	One Month Ended March 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Cash flow from investing activities:						
Capital expenditures	$ (72,134)	$ (260,316)	$ (22,245)	$ (58,006)	$ (215,857)	$ (599,050)
Proceeds from sale of properties and equipment and other	232,394	1,172,025	326	(166)	(4,690)	349,200
Net cash provided by (used in) investing activities—continuing operations	160,260	911,709	(21,919)	(58,172)	(220,547)	(249,850)
Net cash provided by (used in) investing activities—discontinued operations	—	345,643	(465)	(584)	(9,891)	(26,173)
Net cash provided by (used in) investing activities	$ 160,260	$ 1,257,352	$ (22,384)	$ (58,756)	$ (230,438)	$ (276,023)

The primary use of cash in investing activities is for the development of the Company's oil and natural gas properties. Capital expenditures decreased in the three months ending March 31, 2018 compared to the one month ended March 31, 2017 and the two months ended February 28, 2017 primarily due to lower oil and natural gas capital spending, partially offset by higher spending on plant and pipeline construction related to the Chisholm Trail Cryogenic Gas Plant. Capital expenditures increased in 2017 primarily due to higher spending on development activities in the Company's Mid-Continent, Rockies, East Texas and North Louisiana regions. Capital expenditures decreased during 2016 and 2015 primarily due to lower spending on development activities throughout the Company's various operating regions as a result of continued low commodity prices. The Company made no acquisitions of properties during the three months ended March 31, 2018, or during 2017, 2016 or 2015. The Company has classified the cash flows of its California properties as discontinued operations.

Proceeds from sale of properties and equipment and other for the three months ended March 31, 2018, include cash proceeds received of approximately $109 million from the West Texas Assets Sale, approximately $101 million (excluding a deposit of approximately $12 million received in 2017) from the Oklahoma and Texas Assets Sale and deposits of approximately $18 million related to the Altamont Bluebell Assets Sale and the New Mexico Assets Sale. See Note 4 to the unaudited condensed consolidated and combined financial statements for additional details of divestitures.

Proceeds from sale of properties and equipment and other for the ten months ended December 31, 2017, include cash proceeds received of approximately $258 million from the Williston Assets Sale, $195 million from the Washakie Assets Sale, approximately $49 million from the South Texas Assets Sales, approximately $31 million from the Permian Basin Assets Sales, approximately $74 million from the Salt Creek Assets Sale and approximately $565 million from the Jonah Assets Sale. In addition, $3 million received from the 2017 divestitures and approximately $12 million received from divestitures that closed in 2018 were in escrow and classified as restricted cash. See Note 4 to the audited consolidated and combined financial statements and Note 4 to the unaudited condensed consolidated and combined financial statements for additional details of divestitures. Proceeds from the sale of properties and equipment and other for the year ended December 31, 2015, include approximately $276 million in net cash proceeds received from the Howard County Assets Sale in August 2015.

Financing Activities

Cash used in financing activities was approximately $428 million for the three months ended March 31, 2018, compared to approximately $49 million and $438 million for the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. During the three months ended March 31, 2018, the primary use of cash in financing activities was for repurchases of LINN common stock and settlement of restricted stock units under the Company's liquidity program (see Note 12 to the unaudited condensed consolidated and combined financial statements). During the one month ended March 31, 2017, and the two months ended February 28, 2017, the primary use of cash in financing activities was for repayments of debt.

Cash used in financing activities was approximately $1.1 billion and $438 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively, compared to cash provided by financing activities of approximately $164 million for the year ended December 31, 2016. During the year ended December 31, 2015, cash used in financing activities was approximately $851 million. In 2017, the primary use of cash in financing activities was for repayments of debt. During the year ended December 31, 2016, the Company borrowed approximately $979 million under its credit facility, including approximately $919 million in February 2016 which represented the remaining undrawn amount that was available. In addition, during the year ended December 31, 2016, the Company repaid approximately $913 million under its credit facility and term loan, primarily using the net cash proceeds from canceled derivative contracts (see Note 7 to the audited consolidated and combined financial statements and Note 8 to the unaudited condensed consolidated and combined financial statements).

The following provides a comparative summary of proceeds from borrowings and repayments of debt:

(in thousands)	Successor		Predecessor		
	Ten Months Ended December 31, 2017	One Month Ended March 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Proceeds from borrowings:					
Successor Credit Facility	$ 190,000	$ 30,000	$ —	$ —	$ —
Predecessor Credit Facility	—	—	—	978,500	1,445,000
	$ 190,000	$ 30,000	$ —	$ 978,500	$ 1,445,000
Repayments of debt:					
Successor Credit Facility	$ (790,000)	$ (96,250)	$ —	$ —	$ —
Successor Term Loan	(300,000)	—	—	—	—
Predecessor Credit Facility	—	—	(1,038,986)	(814,298)	(1,275,000)
Predecessor senior notes	—	—	—	—	(553,461)
Predecessor bridge loan and term loan	—	—	—	(98,911)	—
	$ (1,090,000)	$ (96,250)	$ (1,038,986)	$ (913,209)	$ (1,828,461)

On February 28, 2017, the Company canceled its obligations under the Predecessor Credit Facility and entered into the Successor Credit Facility, which was a net transaction and is reflected as such on the consolidated and combined statement of cash flows. In addition, in February 2017, the Company made a $30 million payment to holders of claims under the Second Lien Notes. See Note 15 to the audited consolidated and combined financial statements for details about the Company's borrowings and repayments of debt that were reflected as noncash transactions.

Debt

The following summarizes the Company's outstanding debt:

(in thousands, except percentages)	Successor December 31, 2017	Predecessor December 31, 2016
Revolving credit facility	$ —	$ —
Predecessor credit facility	—	1,654,745
Predecessor term loan	—	284,241
6.50% senior notes due May 2019	—	562,234
6.25% senior notes due November 2019	—	581,402
8.625% senior notes due April 2020	—	718,596
12.00% senior secured second lien notes due December 2020	—	1,000,000
7.75% senior notes due February 2021	—	779,474
6.50% senior notes due September 2021	—	381,423
Net unamortized deferred financing fees	—	(1,257)
Total debt, net	—	5,960,858
Less current portion, net (1)	—	(1,937,729)
Less liabilities subject to compromise (2)	—	(4,023,129)
Long-term debt	$ —	$ —

(1) Due to covenant violations, the Predecessor's credit facility and term loan were classified as current at December 31, 2016.

(2) The Predecessor's senior notes and Second Lien Notes were classified as liabilities subject to compromise at December 31, 2016. On the Effective Date, pursuant to the terms of the Plan, all outstanding amounts under these debt instruments were canceled.

As of March 31, 2018, there were no borrowings outstanding under the Revolving Credit Facility and there was approximately $343 million of available borrowing capacity (which includes a $47 million reduction for outstanding letters of credit).

In connection with the entry into the Revolving Credit Facility in August 2017, the Successor Credit Facility was terminated and repaid in full. On the Effective Date, pursuant to the terms of the Plan, all outstanding obligations under the Predecessor's credit facility, Second Lien Notes and senior notes were canceled.

During the year ended December 31, 2015, the Company repurchased, through privately negotiated transactions and on the open market, approximately $927 million of its outstanding senior notes as follows:

- 6.50% senior notes due May 2019—$53 million;
- 6.25% senior notes due November 2019—$395 million;
- 8.625% senior notes due April 2020—$295 million;
- 7.75% senior notes due February 2021—$36 million; and
- 6.50% senior notes due September 2021—$148 million.

In connection, with the repurchases, the Company paid approximately $553 million in cash.

For additional information related to the Company's outstanding debt, see Note 6 to the audited consolidated and combined financial statements and Note 7 to the unaudited condensed consolidated and combined financial statements.

2018 Oil and Natural Gas Capital Budget

For 2018, we estimate our total capital expenditures, excluding acquisitions, will be approximately $160 million, including approximately $35 million related to its oil and natural gas capital program and approximately $120 million related to Blue Mountain. This estimate is under continuous review and subject to ongoing adjustments.

Counterparty Credit Risk

The Company accounts for its commodity derivatives at fair value. The Company's counterparties are participants in the Revolving Credit Facility. The Revolving Credit Facility is secured by certain of the Company's and its subsidiaries' oil, natural gas and NGL reserves and personal property; therefore, the Company is not required to post any collateral. The Company does not receive collateral from its counterparties. The Company minimizes the credit risk in derivative instruments by: (i) limiting its exposure to any single counterparty; (ii) entering into derivative instruments only with counterparties that meet the Company's minimum credit quality standard, or have a guarantee from an affiliate that meets the Company's minimum credit quality standard; and (iii) monitoring the creditworthiness of the Company's counterparties on an ongoing basis. In accordance with the Company's standard practice, its commodity derivatives are subject to counterparty netting under agreements governing such derivatives and therefore the risk of loss due to counterparty nonperformance is somewhat mitigated.

Off-Balance Sheet Arrangements

The Company enters into certain off-balance sheet arrangements and transactions, including operating lease arrangements and undrawn letters of credit. In addition, the Company enters into other contractual agreements in

the normal course of business for processing and transportation as well as for other oil and natural gas activities. Other than the items discussed above, there are no other arrangements, transactions or other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect the Company's liquidity or capital resource positions.

Commitments and Contractual Obligations

The following is a summary of our commitments and contractual obligations as of December 31, 2017:

	Payments Due				
Contractual Obligations	Total	2018	2019 – 2020	2021 – 2022	2023 and Beyond
	(in thousands)				
Operating lease obligations:					
Office, property and equipment leases	$ 5,292	$ 2,812	$ 2,468	$ 12	$ —
Other:					
Commodity derivatives	12,952	10,103	2,849	—	—
Asset retirement obligations	164,553	3,926	8,613	7,731	144,283
Capital commitments	36,035	36,020	10	5	—
	$218,832	$52,861	$13,940	$7,748	$144,283

During the three months ended March 31, 2018, the Company paid approximately $19 million of its capital commitments. There have been no other significant changes to the Company's contractual obligations since December 31, 2017.

Critical Accounting Policies and Estimates

The discussion and analysis of the Company's financial condition and results of operations is based on the consolidated and combined financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles. The preparation of these financial statements requires management of the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors that are believed to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. Actual results may differ from these estimates and assumptions used in the preparation of the financial statements.

Below are expanded discussions of the Company's more significant accounting policies, estimates and judgments, i.e., those that reflect more significant estimates and assumptions used in the preparation of its financial statements. See Note 1 to the audited consolidated and combined financial statements and Note 1 to the unaudited condensed consolidated and combined financial statements for details about additional accounting policies and estimates made by Company management.

Recently Issued Accounting Standards

For a discussion of recently issued accounting standards, see Note 1 to the audited consolidated and combined financial statements and Note 1 to the unaudited condensed consolidated and combined financial statements.

Fresh Start Accounting

Upon LINN Energy's emergence from Chapter 11 bankruptcy, it adopted fresh start accounting in accordance with the provisions of ASC 852 which resulted in the Company becoming a new entity for financial

reporting purposes. In accordance with ASC 852, the Company was required to adopt fresh start accounting upon its emergence from Chapter 11 because (i) the holders of existing voting ownership interests of the Predecessor received less than 50% of the voting shares of the Successor and (ii) the reorganization value of the Company's assets immediately prior to confirmation of the Plan was less than the total of all post-petition liabilities and allowed claims.

Upon adoption of fresh start accounting, the reorganization value derived from the enterprise value as disclosed in the Plan was allocated to the Company's assets and liabilities based on their fair values (except for deferred income taxes) in accordance with ASC 805 "Business Combinations" ("ASC 805"). The amount of deferred income taxes recorded was determined in accordance with ASC 740 "Income Taxes" ("ASC 740"). The Effective Date fair values of the Company's assets and liabilities differed materially from their recorded values as reflected on the historical balance sheet. The effects of the Plan and the application of fresh start accounting were reflected on the consolidated and combined balance sheet as of February 28, 2017, and the related adjustments thereto were recorded on the consolidated and combined statement of operations for the two months ended February 28, 2017. As a result of the application of fresh start accounting and the effects of the implementation of the plan of reorganization, the consolidated and combined financial statements on or after February 28, 2017, are not comparable with the consolidated and combined financial statements prior to that date. See Note 3 to the audited consolidated and combined financial statements and Note 2 to the unaudited condensed consolidated and combined financial statements for additional information.

Oil and Natural Gas Reserves

Proved reserves are based on the quantities of oil, natural gas and NGL that by analysis of geoscience and engineering data can be estimated with reasonable certainty to be economically producible from a given date forward, from known reservoirs, and under existing economic conditions, operating methods and government regulations prior to the time at which contracts providing the right to operate expire, unless evidence indicates that renewal is reasonably certain. The independent engineering firm, DeGolyer and MacNaughton, prepared a reserve and economic evaluation of all of the Company properties on a well-by-well basis as of December 31, 2017, and the reserve estimates reported herein were prepared by DeGolyer and MacNaughton. The reserve estimates were reviewed and approved by the Company's senior engineering staff and management, with final approval by its Executive Vice President and Chief Operating Officer.

Reserves and their relation to estimated future net cash flows impact the Company's depletion and impairment calculations as well as the Company's application of fresh start accounting. As a result, adjustments to depletion and impairment are made concurrently with changes to reserve estimates. The process performed by the independent engineers to prepare reserve amounts included their estimation of reserve quantities, future production rates, future net revenue and the present value of such future net revenue, based in part on data provided by the Company. The estimates of reserves conform to the guidelines of the SEC, including the criteria of "reasonable certainty," as it pertains to expectations about the recoverability of reserves in future years.

The accuracy of reserve estimates is a function of many factors including the following: the quality and quantity of available data, the interpretation of that data, the accuracy of various economic assumptions and the judgments of the individuals preparing the estimates. In addition, reserve estimates are a function of many assumptions, all of which could deviate significantly from actual results. As such, reserve estimates may materially vary from the ultimate quantities of oil, natural gas and NGL eventually recovered. For additional information regarding estimates of reserves, including the standardized measure of discounted future net cash flows, see "Supplemental Oil and Natural Gas Data (Unaudited)" in the Consolidated and Combined Financial Statements.

Oil and Natural Gas Properties

Proved Properties

The Company accounts for oil and natural gas properties in accordance with the successful efforts method. In accordance with this method, all leasehold and development costs of proved properties are capitalized and amortized on a unit-of-production basis over the remaining life of the proved reserves and proved developed reserves, respectively. Costs of retired, sold or abandoned properties that constitute a part of an amortization base are charged or credited, net of proceeds, to accumulated depreciation, depletion and amortization unless doing so significantly affects the unit-of-production amortization rate, in which case a gain or loss is recognized currently. Gains or losses from the disposal of other properties are recognized currently. Expenditures for maintenance and repairs necessary to maintain properties in operating condition are expensed as incurred. Estimated dismantlement and abandonment costs are capitalized, net of salvage, at their estimated net present value and amortized on a unit-of-production basis over the remaining life of the related proved developed reserves. The Company capitalizes interest on borrowed funds related to its share of costs associated with the drilling and completion of new oil and natural gas wells. Interest is capitalized only during the periods in which these assets are brought to their intended use.

The Company evaluates the impairment of its proved oil and natural gas properties on a field-by-field basis whenever events or changes in circumstances indicate that the carrying value may not be recoverable. The carrying values of proved properties are reduced to fair value when the expected undiscounted future cash flows of proved and risk-adjusted probable and possible reserves are less than net book value. The fair values of proved properties are measured using valuation techniques consistent with the income approach, converting future cash flows to a single discounted amount. Significant inputs used to determine the fair values of proved properties include estimates of: (i) reserves; (ii) future operating and development costs; (iii) future commodity prices; and (iv) a market-based weighted average cost of capital rate. These inputs require significant judgments and estimates by the Company's management at the time of the valuation and are the most sensitive and subject to change. The underlying commodity prices embedded in the Company's estimated cash flows are the product of a process that begins with New York Mercantile Exchange forward curve pricing, adjusted for estimated location and quality differentials, as well as other factors that Company management believes will impact realizable prices.

The Company recorded no impairment charges associated with proved oil and natural gas properties during 2017. Based on the analysis described above, for the years ended December 31, 2016, and December 31, 2015, the Company recorded noncash impairment charges of approximately $165 million and $4.2 billion, respectively, associated with proved oil and natural gas properties. The carrying values of the impaired proved properties were reduced to fair value, estimated using inputs characteristic of a Level 3 fair value measurement. The impairment charges are included in "impairment of long-lived assets" on the consolidated and combined statements of operations.

Unproved Properties

Costs related to unproved properties include costs incurred to acquire unproved reserves. Because these reserves do not meet the definition of proved reserves, the related costs are not classified as proved properties. Unproved leasehold costs are capitalized and amortized on a composite basis if individually insignificant, based on past success, experience and average lease-term lives. Individually significant leases are reclassified to proved properties if successful and expensed on a lease by lease basis if unsuccessful or the lease term expires. Unamortized leasehold costs related to successful exploratory drilling are reclassified to proved properties and depleted on a unit-of-production basis.

The Company evaluates the impairment of its unproved oil and natural gas properties whenever events or changes in circumstances indicate that the carrying value may not be recoverable. The carrying values of unproved properties are reduced to fair value based on management's experience in similar situations and other

factors such as the lease terms of the properties and the relative proportion of such properties on which proved reserves have been found in the past.

The Company recorded no impairment charges associated with unproved properties for the years ended December 31, 2017 or 2016. Based on the analysis described above, for the year ended December 31, 2015, the Company recorded noncash impairment charges of approximately $828 million associated with unproved oil and natural gas properties. The carrying values of the impaired unproved properties were reduced to fair value, estimated using inputs characteristic of a Level 3 fair value measurement. The impairment charges are included in “impairment of long-lived assets” on the consolidated and combined statements of operations.

Accounting for Investment in Roan Resources LLC

The Company uses the equity method of accounting for its investment in Roan. The Company’s equity earnings (losses) consists of its share of Roan’s earnings or losses and the amortization of the difference between the Company’s investment in Roan and Roan’s underlying net assets attributable to certain assets. Impairment testing on the Company’s investment in Roan is performed when events or circumstances warrant such testing and considers whether there is an inability to recover the carrying value of the investment that is other than temporary. See Note 5 to the audited consolidated and combined financial statements and Note 6 to the unaudited condensed consolidated and combined financial statements for additional details about the Company’s investment in Roan.

As discussed above, historically, a subsidiary of the Company owned the equity interest in Roan. However, in connection with the separation, the Company will undergo an internal reorganization resulting in the equity interest in Roan being retained by Linn Energy, Inc. and no longer being affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera’s consolidated and combined financial statements in periods subsequent to the spin-off.

Quantitative and Qualitative Disclosures About Market Risk

The Company’s primary market risks are attributable to fluctuations in commodity prices and interest rates. These risks can affect the Company’s business, financial condition, operating results and cash flows. See below for quantitative and qualitative information about these risks.

The following should be read in conjunction with the financial statements and related notes included elsewhere in this prospectus. The reference to a “Note” herein refers to the accompanying Notes to Consolidated and Combined Financial Statements contained elsewhere in this prospectus.

Commodity Price Risk

The Company’s most significant market risk relates to prices of oil, natural gas and NGL. The Company expects commodity prices to remain volatile and unpredictable. As commodity prices decline or rise significantly, revenues and cash flows are likewise affected. In addition, future declines in commodity prices may result in noncash write-downs of the Company’s carrying amounts of its assets.

Historically, the Company has hedged a portion of its forecasted production to reduce exposure to fluctuations in oil and natural gas prices and provide long-term cash flow predictability to manage its business. The Company does not enter into derivative contracts for trading purposes. The appropriate level of production to be hedged is an ongoing consideration based on a variety of factors, including among other things, current and future expected commodity market prices, the Company’s overall risk profile, including leverage and size and scale considerations, as well as any requirements for or restrictions on levels of hedging contained in any credit facility or other debt instrument applicable at the time. In addition, when commodity prices are depressed and forward commodity price curves are flat or in backwardation, the Company may determine that the benefit of hedging its anticipated production at these levels is outweighed by its resultant inability to obtain higher revenues for its production if commodity prices recover during the duration of the contracts. As a result, the appropriate percentage of production volumes to be hedged may change over time.

At March 31, 2018, the fair value of fixed price swaps and collars was a net liability of approximately $14 million. A 10% increase in the index oil and natural gas prices above the March 31, 2018, prices would result in a net liability of approximately $51 million, which represents a decrease in the fair value of approximately $37 million; conversely, a 10% decrease in the index oil and natural gas prices below the March 31, 2018, prices would result in a net asset of approximately $22 million, which represents an increase in the fair value of approximately $36 million.

At December 31, 2017, the fair value of fixed price swaps and collars was a net liability of approximately $2 million. A 10% increase in the index oil and natural gas prices above the December 31, 2017, prices would result in a net liability of approximately $45 million, which represents a decrease in the fair value of approximately $43 million; conversely, a 10% decrease in the index oil and natural gas prices below the December 31, 2017, prices would result in a net asset of approximately $38 million, which represents an increase in the fair value of approximately $40 million.

At December 31, 2016, the fair value of fixed price swaps and collars was a net liability of approximately $85 million. A 10% increase in the index oil and natural gas prices above the December 31, 2016, prices would result in a net liability of approximately $183 million, which represents a decrease in the fair value of approximately $98 million; conversely, a 10% decrease in the index oil and natural gas prices below the December 31, 2016, prices would result in a net asset of approximately $13 million, which represents an increase in the fair value of approximately $98 million.

The Company determines the fair value of its oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. Inputs to the pricing models include publicly available prices and forward price curves generated from a compilation of data gathered from third parties. Company management validates the data provided by third parties by understanding the pricing models used, obtaining market values from other pricing sources, analyzing pricing data in certain situations and confirming that those instruments trade in active markets.

The prices of oil, natural gas and NGL have been extremely volatile, and the Company expects this volatility to continue. Prices for these commodities may fluctuate widely in response to relatively minor changes in the supply of and demand for such commodities, market uncertainty and a variety of additional factors that are beyond its control. Actual gains or losses recognized related to the Company’s derivative contracts depend exclusively on the price of the commodities on the specified settlement dates provided by the derivative contracts. Additionally, the Company cannot be assured that its counterparties will be able to perform under its derivative contracts. If a counterparty fails to perform and the derivative arrangement is terminated, the Company’s cash flows could be impacted.

Interest Rate Risk

At March 31, 2018 and December 31, 2017, the Company had no debt outstanding under the Revolving Credit Facility. At December 31, 2016, the Company had debt outstanding under the Predecessor Credit Facility of approximately $1.9 billion which incurred interest at floating rates. A 1% increase in the respective market rates would result in an estimated $19 million increase in annual interest expense.

OUR BUSINESS

This summary highlights information contained in this prospectus and provides an overview of Riviera, our spin-off from LINN Energy and the distribution of our common stock by LINN Energy to its stockholders. For a more complete understanding of our business and the spin-off, you should read this entire prospectus carefully, particularly the sections titled "Risk Factors" and "Unaudited Pro Forma Condensed Consolidated and Combined Financial Information" and our audited and unaudited consolidated and combined financial statements and the notes thereto included in this prospectus.

Our Company

We are currently an indirect subsidiary of Linn Energy, Inc. After the spin-off is completed, we will be an independent oil and natural gas company with a strategic focus on efficiently operating our mature low-decline assets, developing our growth-oriented assets, and returning capital to stockholders. We will own (i) LINN Energy's legacy properties located in the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and Mid-Continent regions, and (ii) Blue Mountain, a midstream company centered in the core of the Merge play in the Anadarko Basin. LINN Energy will not retain any ownership interest in us following the spin-off.

Relationship with LINN Energy

Linn Energy, Inc. is an independent oil and natural gas company that was formed on February 14, 2017, in connection with the reorganization of its predecessor, Linn Energy, LLC. Linn Energy, LLC was publicly traded on the NASDAQ stock exchange from January 2006 to February 2017. In May 2016, following the steep decline in oil and natural gas prices between 2014 and 2016, and after wide ranging efforts to proactively improve its capital structure, Linn Energy, LLC (together with certain of its direct and indirect subsidiaries and affiliates, the "Debtors") filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of Texas ("Bankruptcy Court"). During the pendency of the Chapter 11 proceedings, the Debtors operated their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. Linn Energy, Inc. emerged from bankruptcy effective February 28, 2017.

Following the spin-off, we will have an ongoing relationship with LINN Energy, which owns a 50% equity interest in Roan. Under the Transition Services Agreement, we will provide transitional services to LINN Energy for, among other things, finance, information technology, human resources and other services, for a limited time to help ensure an orderly transition following the distribution. For a more detailed description, see "Certain Relationships and Related Party Transactions—Agreements with LINN Energy Related to the Spin-Off."

Certain members of our board of directors also serve on the LINN Energy board of directors. See "Management."

Operating Regions

Our properties are located in six operating regions in the United States:

- Hugoton Basin, which includes oil and natural gas properties, as well as the Jayhawk natural gas processing plant, located in Kansas;
- East Texas, which includes oil and natural gas properties producing primarily from the Cotton Valley and Bossier Sandstone;
- North Louisiana, which includes oil and natural gas properties producing primarily from the Cotton Valley Sandstones;

- Michigan/Illinois, which includes properties producing from the Antrim Shale formation located in northern Michigan and oil properties in southern Illinois;
- Uinta Basin, which includes non-operated properties located in the Dunkards Wash field in Utah (which was included in the Company's previous Rockies operating region); and
- Mid-Continent, which includes properties in the Northwest STACK in northwestern Oklahoma, the Arkoma STACK located in southeastern Oklahoma, and various other oil and natural gas producing properties throughout Oklahoma, as well as the Chisholm Trail midstream business located in the Merge/SCOOP/STACK play.

Hugoton Basin

The Hugoton Basin is a large oil and natural gas producing area located in southwest Kansas extending through the Oklahoma Panhandle into the central portion of the Texas Panhandle. Our Kansas and Oklahoma Panhandle properties primarily produce from the Council Grove and Chase formations at depths ranging from 2,200 feet to 3,100 feet. Our properties in this region are primarily mature, low-decline natural gas wells.

We also own and operate the Jayhawk natural gas processing plant in southwest Kansas with a capacity of approximately 450 MMcf/d, allowing it to receive maximum value from the liquids-rich natural gas produced in the area. Our production in the area is delivered to the plant via a system of approximately 3,840 miles of pipeline and related facilities operated by us, of which approximately 1,165 miles of pipeline are owned by us.

Hugoton Basin proved reserves represented approximately 47% of total proved reserves at December 31, 2017, all of which were classified as proved developed. This region produced approximately 166 MMcfe/d of our 2017 average daily production. During 2017, we invested approximately $1 million for plant and pipeline construction activities and approximately $1 million to develop the properties in this region.

East Texas

The East Texas region consists of properties located in east Texas primarily produces natural gas from the Cotton Valley, Travis Peak and Bossier Sand formations at depths ranging from 7,000 feet to 12,500 feet. Our properties in this region are primarily mature, low-decline natural gas wells. To more efficiently transport its natural gas in east Texas to market, we own and operate a network of natural gas gathering systems comprised of approximately 585 miles of pipeline and associated compression and metering facilities that connect to numerous sales outlets in the area.

East Texas proved reserves represented approximately 15% of total proved reserves at December 31, 2017, of which 88% were classified as proved developed. This region produced approximately 53 MMcfe/d of our 2017 average daily production. During 2017, we invested approximately $22 million to develop the properties in this region and approximately $1 million in exploration activity.

North Louisiana

The North Louisiana region consists of properties located in north Louisiana and primarily produces natural gas from the Cotton Valley, Travis Peak and Bossier Sand formations at depths ranging from 7,000 feet to 12,500 feet. Our properties in this region are primarily mature, low-decline natural gas wells.

North Louisiana proved reserves represented approximately 4% of total proved reserves at December 31, 2017, of which 72% were classified as proved developed. This region produced approximately 29 MMcfe/d of our 2017 average daily production. During 2017, we invested approximately $9 million to develop the properties in this region and approximately $7 million in exploration activity.

Michigan/Illinois

The Michigan/Illinois region consists primarily of natural gas properties in the Antrim Shale formation in north Michigan and oil properties in south Illinois. These wells produce at depths ranging from 500 feet to 4,000 feet. To more efficiently transport its natural gas in Michigan to market, we own and operate a network of natural gas gathering systems comprised of approximately 1,480 miles of pipeline and associated compression and metering facilities that connect to numerous sales outlets in the area.

Michigan/Illinois proved reserves represented approximately 12% of total proved reserves at December 31, 2017, all of which were classified as proved developed. This region produced approximately 29 MMcfe/d of our 2017 average daily production. During 2017, we invested approximately $1 million to develop the properties in this region.

Uinta Basin

The Uinta Basin region consists of non-operated properties located in the Drunkards Wash field in Utah. The Uinta Basin properties were included in the Company's previous Rockies operating region. During 2017 and 2018, the Company divested its Rockies region properties located in Wyoming (Green River, Washakie and Powder River basins), North Dakota (Williston Basin) and certain Utah properties (Altamont Bluebell Field in the Uinta Basin). Uinta Basin proved reserves represented approximately 4% of total proved reserves at December 31, 2017, all of which were classified as proved developed. The Rockies region produced approximately 202 MMcfe/d of the Company's 2017 average daily production. During 2017, the Company invested approximately $48 million to develop the properties in the Rockies region.

Mid-Continent

The Mid-Continent region consists of properties located in the Northwest STACK and Arkoma STACK, as well as other Oklahoma properties. Our properties in this diverse region produce from both oil and natural gas reservoirs at depths ranging from 3,500 feet to 19,000 feet. Our properties in this region are primarily mature, low-decline oil and natural gas wells.

Mid-Continent proved reserves represented approximately 12% of total proved reserves at December 31, 2017, all of which were classified as proved developed. This region produced approximately 98 MMcfe/d of our 2017 average daily production. During 2017, we invested approximately $97 million for plant and pipeline construction activities primarily associated with the Chisholm Trail Cryogenic Gas Plant, approximately $37 million to develop the properties in this region and approximately $111 million in exploration activity.

In July 2017, Blue Mountain entered into a definitive agreement with BCCK to construct the Chisholm Trail Cryogenic Gas Plant. Blue Mountain's assets include the Chisholm Trail midstream business located in Oklahoma. Chisholm Trail is located in the Merge/SCOOP/STACK play in the Mid-Continent region and has approximately 108 miles of existing natural gas gathering pipeline and approximately 60 MMcf/d of current refrigeration capacity. Infrastructure expansions are underway to add low pressure gathering pipelines, increase compression throughput and construct a new 225 MMcf/d cryogenic natural gas processing facility with a total capacity of 250 MMcf/d. The Chisholm Trail Cryogenic Gas Plant is expected to be commissioned by the end of the second quarter of 2018.

Drilling and Acreage

The following table sets forth the wells drilled during the years indicated:

	Year Ended December 31,		
	2017	2016	2015
Gross wells:			
Productive	90	211	388
Dry	—	1	5
	90	212	393
Net development wells:			
Productive	12	26	139
Dry	—	—	1
	12	26	140
Net exploratory wells:			
Productive	9	7	1
Dry	—	—	1
	9	7	2

The total wells above exclude 38 gross wells (32 net wells) drilled by the Company in California during the year ended December 31, 2015. There were no wells drilled by the Company in California during the years ended December 31, 2017 or December 31, 2016.

There were no lateral segments added to existing vertical wellbores during the years ended December 31, 2017 or December 31, 2016. There were two lateral segments added to existing vertical wellbores during the year ended December 31, 2015. As of June 22, 2018, the Company had 14 gross (1.5 net) wells in progress, and no wells were temporarily suspended.

This information should not be considered indicative of future performance, nor should it be assumed that there is necessarily any correlation between the number of productive wells drilled and the quantities or economic value of reserves found. Productive wells are those that produce commercial quantities of oil, natural gas or NGL, regardless of whether they generate a reasonable rate of return.

The following table sets forth information about our drilling locations and net acres of leasehold interests as of December 31, 2017:

	Total (1)
Proved undeveloped	8
Other locations (2)	4,202
Total drilling locations	4,210
Leasehold interests—net acres (in thousands)	2,254

(1) Does not include optimization projects.
(2) Includes approximately 500 locations divested during 2018.

As shown in the table above, as of December 31, 2017, we had eight proved undeveloped drilling locations (specific drilling locations as to which the independent engineering firm, DeGolyer and MacNaughton, assigned proved undeveloped reserves as of such date) and we had identified 4,202 additional unproved drilling locations (specific drilling locations as to which DeGolyer and MacNaughton has not assigned any proved reserves) on

acreage that we have under existing leases. Successful development wells frequently result in the reclassification of adjacent lease acreage from unproved to proved. The number of unproved drilling locations that will be reclassified as proved drilling locations will depend on our drilling program, its commitment to capital and commodity prices.

Productive Wells

The following table sets forth information relating to the productive wells in which we owned a working interest as of December 31, 2017. Productive wells consist of producing wells and wells capable of production, including wells awaiting pipeline or other connections to commence deliveries. The number of wells below does not include approximately 2,204 gross productive wells in which we own a royalty interest only.

	Natural Gas Wells		Oil Wells		Total Wells (1)	
	Gross	Net	Gross	Net	Gross	Net
Operated (2)	7,232	6,399	3,313	3,093	10,545	9,492
Non-operated (3)	4,438	1,064	935	98	5,373	1,162
	11,670	7,463	4,248	3,191	15,918	10,654

(1) Includes approximately 4,000 gross and 3,000 net wells divested in 2018.
(2) We had five operated wells with multiple completions at December 31, 2017.
(3) We had one non-operated wells with multiple completions at December 31, 2017.

Developed and Undeveloped Acreage

The following table sets forth information relating to leasehold acreage as of December 31, 2017:

	Developed Acreage		Undeveloped Acreage		Total Acreage (1)	
	Gross	Net	Gross	Net	Gross	Net
			(in thousands)			
Leasehold acreage	3,621	2,245	26	9	3,647	2,254

(1) Includes approximately 400,000 gross and 300,000 net acres divested in 2018.

Future Acreage Expirations

Our investment in developed and undeveloped acreage comprises numerous leases. The terms and conditions under which we maintain exploration or production rights to the acreage are property-specific, contractually defined and vary significantly from property to property. If production is not established or we take no other action to extend the terms of the related leases, undeveloped acreage will expire. We currently have no material undeveloped acreage due to expire during the next three years.

Programs are designed to ensure that the exploration potential of any property is fully evaluated before expiration. In some instances, we may elect to relinquish acreage in advance of the contractual expiration date if the evaluation process is complete and there is not a business basis for extension. In cases where additional time may be required to fully evaluate acreage, we have generally been successful in obtaining extensions. We utilize various methods to manage the expiration of leases, including drilling the acreage prior to lease expiration or extending lease terms.

Production, Price and Cost History

Our natural gas production is primarily sold under short-term market-sensitive contracts that are typically priced at a differential to the published natural gas index price for the producing area due to the natural gas

quality and the proximity to major consuming markets. In certain circumstances, we have entered into natural gas processing contracts whereby the residue natural gas is sold under short-term contracts but the related NGL are sold under long-term contracts. In all such cases, the residue natural gas and NGL are sold at market-sensitive index prices. As of December 31, 2017, we had natural gas delivery commitments under a long-term contract of approximately 12 Bcf to be delivered in 2018, approximately 16 Bcf to be delivered each year from 2019 through 2025 and approximately 4 Bcf to be delivered in 2026. We expect to fulfill these delivery commitments with existing proved developed reserves dedicated to our Blue Mountain midstream business. If production is not sufficient to meet contractual delivery commitments, we may be subject to shortfall penalties. As of December 31, 2017, we had no NGL delivery commitments under long-term contracts.

Our natural gas production is sold to purchasers under spot price contracts, percentage-of-index contracts or percentage-of-proceeds contracts. Under percentage-of-index contracts, we receive a price for natural gas and NGL based on indexes published for the producing area. Under percentage-of-proceeds contracts, we receive a percentage of the resale price received by the purchaser for sales of residue natural gas and NGL recovered after transportation and processing of natural gas. These purchasers sell the residue natural gas and NGL based primarily on spot market prices.

Our natural gas is transported through our own and third-party gathering systems and pipelines. We incur processing, gathering and transportation expenses to move its natural gas from the wellhead to a purchaser-specified delivery point. These expenses vary based on the volume, distance shipped and the fee charged by the third-party processor or transporter.

Our oil production is primarily sold under short-term market-sensitive contracts that are typically priced at a differential to the New York Mercantile Exchange (“NYMEX”) price or at purchaser posted prices for the producing area. As of December 31, 2017, we had no oil delivery commitments under long-term contracts.

The following table sets forth information regarding total production, average daily production, average prices and average costs for each of the periods indicated:

	Successor	Predecessor		
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Total production:				
Natural gas (MMcf)	118,110	29,223	187,068	200,488
Oil (MBbls)	5,442	1,191	8,088	10,018
NGL (MBbls)	6,287	1,263	9,281	9,347
Total (MMcfe)	188,481	43,945	291,285	316,677
Total production—Equity method investments: (1)				
Total (MMcfe)	9,235	—	—	—
Average daily production:				
Natural gas (MMcf/d)	386	495	511	549
Oil (MBbls/d)	17.8	20.2	22.1	27.4
NGL (MBbls/d)	20.5	21.4	25.4	25.6
Total (MMcfe/d)	616	745	796	867
Average daily production—Equity method investments: (1)				
Total (MMcfe/d)	30	—	—	—
Weighted average prices: (2)				
Natural gas (Mcf)	$ 2.69	$ 3.41	$ 2.28	$ 2.56
Oil (Bbl)	$ 47.42	$ 49.16	$ 39.00	$ 43.42
NGL (Bbl)	$ 21.28	$ 24.37	$ 14.26	$ 12.66
Average NYMEX prices:				
Natural gas (MMBtu)	$ 3.00	$ 3.66	$ 2.46	$ 2.66
Oil (Bbl)	$ 50.53	$ 53.04	$ 43.32	$ 48.80
Costs per Mcfe of production:				
Lease operating expenses	$ 1.11	$ 1.13	$ 1.02	$ 1.11
Transportation expenses	$ 0.60	$ 0.59	$ 0.55	$ 0.53
General and administrative expenses (3)	$ 0.62	$ 1.63	$ 0.82	$ 0.90
Depreciation, depletion and amortization	$ 0.71	$ 1.07	$ 1.18	$ 1.62
Taxes, other than income taxes	$ 0.25	$ 0.34	$ 0.23	$ 0.31
Total production—Discontinued operations: (4)				
Total (MMcfe)	4,326	1,755	11,849	10,910

(1) Represents the Company's historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off. Production of Roan for 2017 is for the period from September 1, 2017 through December 31, 2017.

(2) Does not include the effect of gains (losses) on derivatives.

(3) General and administrative expenses for the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, include approximately $41 million, $50 million, $34 million and $47 million, respectively, of noncash unit-based compensation expenses. In addition, general and administrative expenses for the two months ended February 28, 2017, and the years ended December 31, 2016 and December 31, 2015, include expenses incurred by LINN Energy associated with the operations of Berry. On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as stand-alone, unaffiliated entities.

(4) Total production of the Company's California properties reported as discontinued operations for 2017 is for the period from January 1, 2017 through July 31, 2017.

The following table sets forth information regarding production volumes for fields with greater than 15% of our total proved reserves for each of the years indicated:

	Year Ended December 31,		
	2017	2016	2015
Total production:			
Hugoton Basin Field:			
Natural gas (MMcf)	34,363	38,501	41,294
Oil (MBbls)	45	27	21
NGL (MBbls)	2,968	2,983	3,061
Total (MMcfe)	52,437	56,566	59,787
Green River Basin Field:			
Natural gas (MMcf)	*	44,668	*
Oil (MBbls)	*	477	*
NGL (MBbls)	*	1,349	*
Total (MMcfe)	*	55,625	*

* Represented less than 15% of the Company's total proved reserves for the year indicated. The Company sold its properties in the Green River Basin Field in May 2017.

Reserve Data

Proved Reserves

The following table sets forth estimated proved oil, natural gas and NGL reserves and the standardized measure of discounted future net cash flows at December 31, 2017, based on reserve reports prepared by independent engineers, DeGolyer and MacNaughton:

	Proved Reserves			
	Natural Gas (Bcf)	Oil (MMBbls)	NGL (MMBbls)	Total (Bcfe)
Proved reserves—LINN Energy:				
Proved developed reserves	1,323	27.0	70.5	1,908
Proved undeveloped reserves	54	0.1	1.0	60
Total proved reserves	1,377	27.1	71.5	1,968
Proved reserves—Equity method investments: (1)				
Proved developed reserves	130	6.2	12.0	239
Proved undeveloped reserves	213	12.5	27.8	455
Total proved reserves	343	18.7	39.8	694

Standardized measure of discounted future net cash flows (in millions): (2)	
LINN Energy	$1,045
Equity Method Investments (1)	$ 598
Representative NYMEX prices: (3)	
Natural gas (MMBtu)	$ 2.98
Oil (Bbl)	$51.34

(1) Represents the Company's historical 50% equity interest in Roan, which will be retained by LINN Energy following the spin-off.
(2) This measure is not intended to represent the market value of estimated reserves.
(3) In accordance with SEC regulations, reserves were estimated using the average price during the 12-month period, determined as an unweighted average of the first-day-of-the-month price for each month, excluding

escalations based upon future conditions. The average price used to estimate reserves is held constant over the life of the reserves.

During the year ended December 31, 2017, our PUDs decreased to 60 Bcfe from 266 at December 31, 2016, representing a decrease of approximately 206 Bcfe. The decrease was primarily due to the sale of approximately 243 Bcfe of PUDs related to the 2017 divestitures and the development of approximately 15 Bcfe of PUDs during 2017, partially offset by approximately 52 Bcfe of PUDs added as a result of our drilling activities. During the year ended December 31, 2017, we incurred approximately $10 million in capital expenditures to convert 52 Bcfe of reserves that were classified as PUDs at December 31, 2016 to proved developed reserves.

Based on the December 31, 2017 reserve reports, the amounts of capital expenditures estimated to be incurred in 2018, 2019 and 2020 to develop our PUDs are approximately $23 million, $14 million and $14 million, respectively. The amount and timing of these expenditures will depend on a number of factors, including actual drilling results, service costs and product prices. None of the 60 Bcfe of PUDs at December 31, 2017, has remained undeveloped for five years or more. All PUD properties are included in our current five-year development plan.

Reserve engineering is inherently a subjective process of estimating underground accumulations of oil, natural gas and NGL that cannot be measured exactly. The accuracy of any reserve estimate is a function of the quality of available data and engineering and geological interpretation and judgment. Accordingly, reserve estimates may vary from the quantities of oil, natural gas and NGL that are ultimately recovered. Future prices received for production may vary, perhaps significantly, from the prices assumed for the purposes of estimating the standardized measure of discounted future net cash flows. The standardized measure of discounted future net cash flows should not be construed as the market value of the reserves at the dates shown. The 10% discount factor required to be used under the provisions of applicable accounting standards may not be the most appropriate discount factor based on interest rates in effect from time to time and risks associated with us or the oil and natural gas industry. The standardized measure of discounted future net cash flows is materially affected by assumptions regarding the timing of future production, which may prove to be inaccurate.

The reserve estimates reported herein were prepared by independent engineers, DeGolyer and MacNaughton. The process performed by the independent engineers to prepare reserve amounts included their estimation of reserve quantities, future production rates, future net revenue and the present value of such future net revenue, based in part on data provided by us. When preparing the reserve estimates, the independent engineering firm did not independently verify the accuracy and completeness of the information and data furnished by us with respect to ownership interests, production, well test data, historical costs of operation and development, product prices, or any agreements relating to current and future operations of the properties and sales of production. However, if in the course of their work, something came to their attention that brought into question the validity or sufficiency of any such information or data, they did not rely on such information or data until they had satisfactorily resolved their questions relating thereto. The estimates of reserves conform to the guidelines of the SEC, including the criteria of “reasonable certainty,” as it pertains to expectations about the recoverability of reserves in future years. The independent engineering firm also prepared estimates with respect to reserve categorization, using the definitions of proved reserves set forth in Regulation S-X Rule 4-10(a) and subsequent SEC staff interpretations and guidance.

Our internal control over the preparation of reserve estimates is a process designed to provide reasonable assurance regarding the reliability of our reserve estimates in accordance with SEC regulations. The preparation of reserve estimates was overseen by our Corporate Reserves Manager, who has Master of Petroleum Engineering and Master of Business Administration degrees and more than 30 years of oil and natural gas industry experience. The reserve estimates were reviewed and approved by our senior engineering staff and management, with final approval by its Executive Vice President and Chief Operating Officer. For additional information regarding estimates of reserves, including the standardized measure of discounted future net cash flows, see the audited and unaudited consolidated and combined financial statements included elsewhere in this prospectus. We have not filed reserve estimates with any federal authority or agency, with the exception of the SEC.

Operational Overview

General

We generally seek to be the operator of our properties so that we can develop drilling programs and optimization projects intended to not only replace production, but also to add value through reserve and production growth and future operational synergies. Many of our wells are completed in multiple producing zones with commingled production and long economic lives.

Principal Customers

For the year ended December 31, 2017, no individual customer exceeded 10% of our sales of oil, natural gas and NGL. If we were to lose any one of its major oil and natural gas purchasers, the loss could temporarily cease or delay production and sale of its oil and natural gas in that particular purchaser's service area. If we were to lose a purchaser, we believe we could identify a substitute purchaser. However, if one or more of the large purchasers ceased purchasing oil and natural gas altogether, it could have a detrimental effect on the oil and natural gas market in general and on the prices and volumes of oil, natural gas and NGL that we are able to sell.

Competition

The oil and natural gas industry is highly competitive. We encounter strong competition from other independent operators in contracting for drilling and other related services, as well as hiring trained personnel. We are also affected by competition for drilling rigs and the availability of related equipment. In the past, the oil and natural gas industry has experienced shortages of drilling rigs, equipment, pipe and personnel, which has delayed development drilling and has caused significant price increases. We are unable to predict when, or if, such shortages may occur or how they would affect our drilling program.

Operating Hazards and Insurance

The oil and natural gas industry involves a variety of operating hazards and risks that could result in substantial losses from, among other things, injury or loss of life, severe damage to or destruction of property, natural resources and equipment, pollution or other environmental damage, cleanup responsibilities, regulatory investigation and penalties, and suspension of operations. We may be liable for environmental damages caused by previous owners of property we purchase and lease. As a result, we may incur substantial liabilities to third parties or governmental entities, the payment of which could reduce or eliminate funds otherwise available, or result in the loss of properties. In addition, we participate in wells on a non-operated basis, and therefore may be limited in our ability to control the risks associated with the operation of such wells.

In accordance with customary industry practices, we maintain insurance against some, but not all, potential losses. We cannot provide assurance that any insurance we obtain will be adequate to cover any losses or liabilities. We have elected to self-insure for certain items for which we have determined that the cost of available insurance is excessive relative to the risks presented. In addition, pollution and environmental risks generally are not fully insurable. The occurrence of an event not fully covered by insurance could have a material adverse effect on our financial position, results of operations and cash flows. For more information about potential risks that could affect us, see "Risk Factors."

Title to Properties

Prior to the commencement of drilling operations, we conduct a title examination and performs curative work with respect to significant defects. To the extent title opinions or other investigations reflect title defects on those properties, we are typically responsible for curing any title defects at its expense prior to commencing drilling operations. Prior to completing an acquisition of producing leases, we perform title reviews on the most significant leases and, depending on the materiality of properties, we may obtain a title opinion or review

previously obtained title opinions. As a result, we have obtained title opinions on a significant portion of its properties and believes that it has satisfactory title to its producing properties in accordance with standards generally accepted in the industry.

Seasonality and Cyclicality

Seasonal weather conditions and lease stipulations can limit the drilling and producing activities and other operations in regions of the U.S. in which we operate. These seasonal conditions can pose challenges for meeting the well drilling objectives and increase competition for equipment, supplies and personnel, which could lead to shortages and increase costs or delay operations. For example, our operations may be impacted by ice and snow in the winter and by electrical storms and high temperatures in the spring and summer, as well as by wild fires in the fall.

The demand for natural gas typically decreases during the summer months and increases during the winter months. Seasonal anomalies sometimes lessen this fluctuation. In addition, certain natural gas consumers utilize natural gas storage facilities and purchase some of their anticipated winter requirements during the summer, which can also lessen seasonal demand fluctuations.

Government Regulation

Our operations are subject to stringent federal, state and local laws and regulations governing the discharge of materials into the environment or otherwise relating to environmental protection. Our operations are subject to the same environmental laws and regulations as other companies in the oil and natural gas industry. These laws and regulations may:

- require the acquisition of various permits before drilling commences;
- require notice to stakeholders of proposed and ongoing operations;
- require the installation of expensive pollution control equipment;
- restrict the types, quantities and concentration of various substances that can be released into the environment in connection with drilling and production activities;
- limit or prohibit drilling activities on lands located within wilderness, wetlands, areas inhabited by endangered species and other protected areas;
- require remedial measures to prevent pollution from former operations, such as pit closure, reclamation and plugging and abandonment of wells;
- impose substantial liabilities for pollution resulting from operations; and
- require preparation of a Resource Management Plan, an Environmental Assessment, and/or an Environmental Impact Statement with respect to operations affecting federal lands or leases.

These laws and regulations may also restrict the production rate of oil, natural gas and NGL below the rate that would otherwise be possible. The regulatory burden on the industry increases the cost of doing business and consequently affects profitability. Failure to comply with these laws and regulations may trigger a variety of administrative, civil and criminal enforcement measures, including the assessment of monetary fines or penalties, the imposition of investigatory or remedial requirements, and the issuance of orders enjoining future operations. Moreover, accidental releases or spills may occur in the course of our operations, which may result in significant costs and liabilities, including third-party claims for damage to property, natural resources or persons. Additionally, Congress and federal and state agencies frequently revise environmental laws and regulations, and any changes that result in more stringent and costly requirements for the oil and natural gas industry could have a significant impact on operating costs.

The environmental laws and regulations applicable to us and our operations include, among others, the following U.S. federal laws and regulations:

- Clean Air Act, which governs air emissions;
- Clean Water Act ("CWA"), which governs discharges to and excavations within the waters of the United States;
- Comprehensive Environmental Response, Compensation and Liability Act, which imposes liability where hazardous releases have occurred or are threatened to occur (commonly known as "Superfund");
- The Oil Pollution Act of 1990, which amends and augments the CWA and imposes certain duties and liabilities related to the prevention of oil spills and damages resulting from such spills;
- Energy Independence and Security Act of 2007, which prescribes new fuel economy standards and other energy saving measures;
- National Environmental Policy Act ("NEPA"), which governs oil and natural gas production activities on federal lands;
- Resource Conservation and Recovery Act, which governs the management of solid waste;
- Safe Drinking Water Act ("SDWA"), which governs the underground injection and disposal of wastewater;
- Endangered Species Act ("ESA"), which restricts activities that may affect endangered and threatened species or their habitats; and
- U.S. Department of Interior regulations, which impose liability for pollution cleanup and damages.

Various states regulate the drilling for, and the production, gathering and sale of, oil, natural gas and NGL, including imposing production taxes and requirements for obtaining drilling permits. States also regulate the method of developing new fields, the spacing and operation of wells and the prevention of waste of resources. States may regulate rates of production and may establish maximum daily production allowables from wells based on market demand or resource conservation, or both. States do not regulate wellhead prices or engage in other similar direct economic regulations, but there can be no assurance that they will not do so in the future. The effect of these regulations may be to limit the amounts of oil, natural gas and NGL that may be produced from our wells and to limit the number of wells or locations it can drill. The oil and natural gas industry is also subject to compliance with various other federal, state and local regulations and laws. Some of those laws relate to occupational safety, resource conservation and equal opportunity employment.

We believe that we substantially comply with all current applicable environmental laws and regulations and that continued compliance with existing requirements will not have a material adverse impact on our business, financial condition, results of operations or cash flows. Future regulatory issues that could impact us include new rules or legislation relating to the items discussed below.

Climate Change

In December 2009, the EPA determined that emissions of carbon dioxide, methane and other GHGs present an endangerment to public health and the environment because emissions of such gases are, according to the EPA, contributing to warming of the earth's atmosphere and other climatic changes. Based on these findings, the EPA has adopted and implemented regulations to restrict emissions of GHGs under existing provisions of the CAA. In May 2016, the EPA finalized rules that set additional emissions limits for volatile organic compounds and established new controls for emissions of methane from new, modified or reconstructed sources in the oil and natural gas source category, including production, processing, transmission and storage activities. The rules include first-time standards to address emissions of methane from equipment and processes across the source category, including hydraulically fractured oil and natural gas well completions. In June 2017, the EPA issued a

proposal to stay certain of these requirements for two years and reconsider the entirety of the 2016 rules; however, the rules currently remain in effect. In addition, in April 2018, a coalition of states filed a lawsuit in the U.S. District Court for the District of Columbia aiming to force the EPA to establish guidelines for limiting methane emissions from existing sources in the oil and natural gas sector; that lawsuit is pending. The EPA has also adopted rules requiring the monitoring and reporting of GHG emissions from specified sources in the United States including, among other things, certain onshore oil and natural gas production facilities, on an annual basis. In addition, in 2015, the United States participated in the United Nations Climate Change Conference, which led to the creation of the Paris Agreement. The Paris Agreement requires member countries to review and "represent a progression" in their intended nationally determined contributions, which set GHG emission reduction goals every five years beginning in 2020. In June 2017, the United States announced its withdrawal from the Paris Agreement, although the earliest possible effective date of withdrawal is November 2020. Despite the planned withdrawal, certain U.S. city and state governments have announced their intention to satisfy their proportionate obligations under the Paris Agreement. Legislation has from time to time been introduced in Congress that would establish measures restricting GHG emissions in the United States, and a number of states have begun taking actions to control and/or reduce emissions of GHGs.

Some scientists have concluded that increasing concentrations of GHGs in the Earth's atmosphere may produce climate changes that have significant physical effects, such as increased frequency and severity of storms, floods and other climatic events. If any such effects were to occur, they could adversely affect or delay demand for the oil or natural gas produced or cause us to incur significant costs in preparing for or responding to those effects.

Hydraulic Fracturing

Hydraulic fracturing is an important and common practice that is used to stimulate production of hydrocarbons from tight formations. The process involves the injection of water, sand and chemicals under pressure into formations to fracture the surrounding rock and stimulate production. We perform hydraulic fracturing as part of our operations. Hydraulic fracturing operations have historically been overseen by state regulators as part of their oil and natural gas regulatory programs. However, in February 2014, the EPA published permitting guidance under the SDWA addressing the use of diesel in fracturing hydraulic operations, and in May 2014, the EPA issued an advance notice of proposed rulemaking under the Toxic Substances Control Act ("TSCA") relating to chemical substances and mixtures used in oil and natural gas exploration or production. Further, in March 2015, the Department of the Interior's Bureau of Land Management ("BLM") adopted a rule requiring, among other things, public disclosure to the BLM of chemicals used in hydraulic fracturing operations after fracturing operations have been completed and strengthening standards for well-bore integrity and management of fluids that return to the surface during and after fracturing operations on federal and Indian lands. Following years of litigation, the BLM rescinded the rule in December 2017. However, in January 2018, California and several environmental groups filed lawsuits challenging the BLM's rescission of the rule; those lawsuits are pending in the U.S. District Court for the Northern District of California. In addition, from time to time legislation has been introduced before Congress that would provide for federal regulation of hydraulic fracturing and would require disclosure of the chemicals used in the fracturing process. If enacted, these or similar bills could result in additional permitting requirements for hydraulic fracturing operations as well as various restrictions on those operations. These permitting requirements and restrictions could result in delays in operations at well sites and also increased costs to make wells productive.

There may be other attempts to further regulate hydraulic fracturing under the SDWA, TSCA and/or other statutory or regulatory mechanisms. In December 2016, the EPA released its final report on the potential impacts of hydraulic fracturing on drinking water resources, concluding that "water cycle" activities associated with hydraulic fracturing may impact drinking water resources under certain circumstances. Moreover, some states and local governments have adopted, and other states and local governments are considering adopting, regulations that could restrict hydraulic fracturing in certain circumstances. For example, many states in which we operate have adopted disclosure regulations requiring varying degrees of disclosure of the constituents in

hydraulic fracturing fluids. In addition, the regulation or prohibition of hydraulic fracturing is the subject of significant political activity in a number of jurisdictions, some of which have resulted in tighter regulation, bans, and/or recognition of local government authority to implement such restrictions. In many instances, litigation has ensued, some of which remains pending. If new laws or regulations that significantly restrict hydraulic fracturing are adopted, such laws could make it more difficult or costly for us to perform fracturing to stimulate production from tight formations. In addition, any such additional regulation could lead to operational delays, increased operating costs and additional regulatory burdens, and reduced production of oil and natural gas, which could adversely affect our revenues, results of operations and net cash provided by operating activities.

Hydraulic fracturing operations require the use of a significant amount of water. Our inability to locate sufficient amounts of water, or dispose of or recycle water used in our drilling and production operations, could adversely impact our operations. Moreover, new environmental initiatives and regulations could include restrictions on the our ability to conduct certain operations such as hydraulic fracturing or disposal of waste, including, but not limited to, produced water, drilling fluids and other wastes associated with the development or production of natural gas.

Finally, in some instances, the operation of underground injection wells has been alleged to cause earthquakes in some of the states where we operate. Such issues have sometimes led to orders prohibiting continued injection or the suspension of drilling in certain wells identified as possible sources of seismic activity. Such concerns also have resulted in stricter regulatory requirements in some jurisdictions relating to the location and operation of underground injection wells. Future orders or regulations addressing concerns about seismic activity from well injection could affect us, either directly or indirectly, depending on the wells affected.

Solid and Hazardous Waste

Although oil and natural gas wastes generally are exempt from regulation as hazardous wastes under RCRA and some comparable state statutes, it is possible some wastes we generate presently or in the future may be subject to regulation under RCRA or other applicable statutes. The EPA and various state agencies have limited the disposal options for certain wastes, including hazardous wastes, and there is no guarantee that the EPA or the states will not adopt more stringent requirements in the future. For example, in December 2016, the EPA and several environmental groups entered into a consent decree to address the EPA's alleged failure to timely assess its regulations exempting certain exploration and production related oil and gas wastes from regulation as hazardous wastes under RCRA. The consent decree requires the EPA to propose a rulemaking no later than March 15, 2019, for revision of certain regulations pertaining to oil and gas wastes or to sign a determination that revision of the regulations is not necessary. If the EPA proposes revised oil and gas regulations, the consent decree requires that the EPA take final action following notice and comment rulemaking no later than July 15, 2021. Furthermore, certain wastes generated by our oil and natural gas operations that are currently exempt from designation as hazardous wastes may in the future be designated as hazardous wastes under RCRA or other applicable statutes, and therefore be subject to more rigorous and costly operating and disposal requirements.

In addition, CERCLA, also known as the Superfund law, imposes cleanup obligations, without regard to fault or the legality of the original conduct, on certain classes of persons that are considered to be responsible for the release of a "hazardous substance" into the environment. These persons include the owner or operator of the disposal site or sites where the release occurred and companies that transported or disposed of or arranged for the transport or disposal of the hazardous substances found at the site. Persons who are or were responsible for releases of hazardous substances under CERCLA and any state analogs may be subject to joint and several liability for the costs of cleaning up the hazardous substances that have been released into the environment and for damages to natural resources, and it is not uncommon for neighboring landowners and other third parties to file corresponding common law claims for personal injury and property damage allegedly caused by the hazardous substances released into the environment. While petroleum and crude oil fractions are not included in the definition of hazardous substances under CERCLA and some of its state analogs because of the so-called "petroleum exclusion," adulterated petroleum products containing other hazardous substances have been treated as hazardous substances under CERCLA in the past.

Endangered Species Act

Some of our operations may be located in areas that are designated as habitats for endangered or threatened species under the ESA. In February 2016, the U.S. Fish and Wildlife Service published a final policy which alters how it identifies critical habitat for endangered and threatened species. A critical habitat designation could result in further material restrictions to federal and private land use and could delay or prohibit land access or development. Moreover, the U.S. Fish and Wildlife Service continues to make listing decisions and critical habitat designations where necessary, including for over 250 species as required under a 2011 settlement approved by the U.S. District Court for the District of Columbia, and many hundreds of additional anticipated listing decisions have already been identified beyond those recognized in the 2011 settlement. We believe that we are currently in substantial compliance with the ESA. However, the designation of previously unprotected species as being endangered or threatened, if located in the areas of our operations, could cause us to incur additional costs or become subject to operating restrictions in areas where the species are known to exist.

Air Emissions

In August 2012, the EPA issued final rules that subject oil and natural gas production, processing, transmission and storage operations to regulation under the New Source Performance Standards ("NSPS") and National Emission Standards for Hazardous Air Pollutants ("NESHAP") programs. The EPA rules include NSPS standards for completions of hydraulically fractured natural gas wells. These standards require operators to capture the gas from natural gas well completions and make it available for use or sale, which can be done through the use of green completions. The standards are applicable to newly fractured wells and existing wells that are refractured. Further, the rules also establish specific requirements for emissions from compressors, controllers, dehydrators, storage tanks, gas processing plants and certain other equipment. The EPA amended these rules in December 2014 to specify requirements for different flowback stages and to expand the rules to cover more storage vessels, among other changes. These rules may require changes to our operations, including the installation of new equipment to control emissions.

Our costs for environmental compliance may increase in the future based on new environmental regulations. In November 2016, the BLM issued final rules to reduce methane emissions from venting, flaring, and leaks during oil and gas operations on public lands. In December 2017, the BLM finalized a suspension of certain requirements of the rules until 2019, and in February 2018, the BLM published a proposal to revise or rescind the rules. California, New Mexico, and several environmental groups filed lawsuits challenging the BLM's suspension of the rules, which resulted in the U.S. District Court for the Northern District of California issuing a February 2018 preliminary injunction enjoining the suspension of the rules. However, in April 2018, the U.S. District Court for the District of Wyoming, in a separate pending lawsuit brought by Wyoming, Montana, and industry groups, stayed implementation of the rules until the BLM completes the rulemaking process for revising or rescinding the rules. Several states are pursuing similar measures to regulate emissions of methane from new and existing sources within the oil and natural gas source category. In addition, in May 2016, the EPA finalized rules regarding criteria for aggregating multiple small surface sites into a single source for air-quality permitting purposes applicable to the oil and gas industry. This rule could cause small facilities, on an aggregate basis, to be deemed a major source, thereby triggering more stringent air permitting requirements. The EPA has also adopted new rules under the CAA that require the reduction of volatile organic compound emissions from certain fractured and refractured natural gas wells for which well completion operations are conducted and further require that most wells use reduced emission completions, also known as "green completions." These regulations also establish specific new requirements regarding emissions from production-related wet seal and reciprocating compressors, and from pneumatic controllers and storage vessels. Further, the EPA lowered the National Ambient Air Quality Standard ("NAAQS") for ozone from 75 to 70 parts per billion in October 2015. Pursuant to an order issued by the U.S. District Court for the Northern District of California in lawsuits brought by a coalition of states and environmental groups against the EPA for failing to complete initial area designations under the standard by the October 2017 statutory deadline, the EPA was required to complete all remaining initial area designations by April 30, 2018, except for designations for certain areas in Texas, which must be

completed by July 17, 2018. State implementation of the revised NAAQS could result in stricter permitting requirements or delay, or limit our ability to obtain permits, and result in increased expenditures for pollution control equipment. Compliance with these and other air pollution control and permitting requirements has the potential to delay the development of oil and natural gas projects and increase our costs of development, which costs could be significant.

Water Resources

The CWA and analogous state laws restrict the discharge of pollutants, including produced waters and other oil and natural gas wastes, into waters of the United States, a term broadly defined to include, among other things, certain wetlands. Under the CWA, permits must be obtained for the discharge of pollutants into waters of the United States. The CWA provides for administrative, civil and criminal penalties for unauthorized discharges, both routine and accidental, of pollutants and of oil and hazardous substances. It imposes substantial potential liability for the costs of removal or remediation associated with discharges of oil or hazardous substances. State laws governing discharges to water also provide varying civil, criminal and administrative penalties and impose liabilities in the case of a discharge of petroleum or its derivatives, or other hazardous substances, into state waters. In addition, the EPA has promulgated regulations that may require permits to discharge storm water runoff, including discharges associated with construction activities. The CWA also prohibits the discharge of fill materials to regulated waters including wetlands without a permit. In addition, the EPA and the Army Corps of Engineers ("Corps") released a rule to revise the definition of "waters of the United States" ("WOTUS") for all CWA programs, which went into effect in August 2015. In October 2015, the U.S. Court of Appeals for the Sixth Circuit stayed the rule revising the WOTUS definition nationwide pending further action of the court. In response to this decision, the EPA and the Corps resumed nationwide use of the agencies' prior regulations defining the term "waters of the United States." However, in January 2018, the U.S. Supreme Court ruled that the rule revising the WOTUS definition must be reviewed first in the federal district courts, which resulted in a withdrawal of the stay by the Sixth Circuit. In addition, the EPA has proposed to repeal the rule revising the WOTUS definition, and in January 2018, the EPA released a final rule that delays implementation of the rule revising the WOTUS definition until 2020 to allow time for the EPA to reconsider the definition of "waters of the United States." Several states and environmental groups have since filed lawsuits challenging the delay rule. To the extent the rule revising the WOTUS definition is implemented, it could significantly expand federal control of land and water resources across the United States, triggering substantial additional permitting and regulatory requirements.

Also, in June 2016, the EPA finalized wastewater pretreatment standards that prohibit onshore unconventional oil and natural gas extraction facilities from sending wastewater to publicly-owned treatment works; for certain facilities, compliance is required by August 29, 2019. This pending restriction of disposal options for hydraulic fracturing waste and other changes to CWA requirements may result in increased costs.

Natural Gas Sales and Transportation

Section 1(b) of the Natural Gas Act ("NGA") exempts natural gas gathering facilities from regulation by the Federal Energy Regulatory Commission ("FERC") as a natural gas company under the NGA. We believe that the natural gas pipelines in our gathering systems meet the traditional tests FERC has used to establish a pipeline's status as a gatherer not subject to regulation as a natural gas company, but the status of these lines has never been challenged before FERC. The distinction between FERC-regulated transmission services and federally unregulated gathering services is subject to change based on future determinations by FERC, the courts, or Congress, and application of existing FERC policies to individual factual circumstances. Accordingly, the classification and regulation of some of our natural gas gathering facilities may be subject to challenge before FERC or subject to change based on future determinations by FERC, the courts, or Congress. In the event our gathering facilities are reclassified to FERC-regulated transmission services, we may be required to charge lower rates and its revenues could thereby be reduced.

FERC requires certain participants in the natural gas market, including natural gas gatherers and marketers which engage in a minimum level of natural gas sales or purchases, to submit annual reports regarding those transactions to FERC. Should we fail to comply with this requirement or any other applicable FERC-administered statute, rule, regulation or order, it could be subject to substantial penalties and fines.

Pipeline Safety Regulations

The U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration ("PHMSA") regulates safety of oil and natural gas pipelines, including, with some specific exceptions, oil and natural gas gathering lines. From time to time, PHMSA, the courts, or Congress may make determinations that affect PHMSA's regulations or their applicability to our pipelines. These determinations may affect the costs we incur in complying with applicable safety regulations.

Worker Safety

The Occupational Safety and Health Act ("OSHA") and analogous state laws regulate the protection of the safety and health of workers. The OSHA hazard communication standard requires maintenance of information about hazardous materials used or produced in operations and provision of such information to employees. Other OSHA standards regulate specific worker safety aspects of our operations. Failure to comply with OSHA requirements can lead to the imposition of penalties.

Future Impacts and Current Expenditures

We cannot predict how future environmental laws and regulations may impact our properties or operations. For the year ended December 31, 2017, we did not incur any material capital expenditures for installation of remediation or pollution control equipment at any of its facilities. We are not aware of any environmental issues or claims that will require material capital expenditures during 2018 or that will otherwise have a material impact on our financial position, results of operations or cash flows.

Employees

As of June 22, 2018, we employed approximately 552 personnel. None of our employees are represented by labor unions or covered by any collective bargaining agreement. We believe that our relationship with its employees is satisfactory.

Legal Proceedings

We are involved in various claims and lawsuits arising in the ordinary course of business, none of which, in the opinion of management, is expected to have a material adverse effect on our results of operations or financial condition. See Note 11 to the audited consolidated and combined financial statements and Note 11 to the unaudited condensed consolidated and combined financial statements for a description of claims and legal actions arising in the ordinary course of our business.

MANAGEMENT

Directors and Executive Officers

The following table sets forth the names, ages and positions (as of March 31, 2018) of Riviera Resources, Inc.'s directors and executive officers following the spin-off. Directors hold office until their successors have been elected or qualified or until their earlier death, resignation, removal or disqualification. Executive officers are appointed by, and serve at the discretion of, our board of directors.

There are no family relationships among any of our directors and executive officers. Each of our executive officers, with the exception of Daniel Furbee, served as an officer of LINN Energy prior to and during its Chapter 11 proceedings.

Name	Age	Position with Riviera Resources, Inc.
David B. Rottino	51	President, Chief Executive Officer and Director
Daniel Furbee	35	Executive Vice President and Chief Operating Officer
James G. Frew	40	Executive Vice President and Chief Financial Officer
Darren Schluter	48	Executive Vice President, Finance, Administration and Chief Accounting Officer
Holly Anderson	40	Executive Vice President and General Counsel
Matthew Bonanno	39	Director
Philip Brown	40	Director
C. Gregory Harper	54	Director
Evan Lederman	38	Director
Andrew Taylor	40	Director

David B. Rottino will serve as our President and Chief Executive Officer and as a member of our board of directors, and, since February 2017, has served as Linn Energy, Inc.'s Executive Vice President and Chief Financial Officer and as a member of the LINN Energy board of directors. Mr. Rottino previously served as Linn Energy, LLC's Executive Vice President and Chief Financial Officer from August 2015 to February 2017, as Executive Vice President, Business Development and Chief Accounting Officer from January 2014 to August 2015, as Senior Vice President of Finance, Business Development and Chief Accounting Officer from July 2010 to January 2014, and as Senior Vice President and Chief Accounting Officer from June 2008 to July 2010.

The board believes Mr. Rottino's extensive executive and board experience with LINN Energy brings valuable strategic, managerial and analytical skills to our board of directors.

Daniel Furbee will serve as our Executive Vice President and Chief Operating Officer, and, since March 2018, has served as Linn Energy, Inc.'s Vice President of Asset and Business Development. Mr. Furbee previously served as Vice President of Business Development and Asset Development for Sanchez Energy Corporation from August 2013 to April 2018. From 2007 to August 2013, Mr. Furbee served in various engineering positions, including most recently as a Senior Staff Engineer-Business Development, at Linn Energy, LLC.

James G. Frew will serve as our Executive Vice President and Chief Financial Officer, and, since February 2017, has served as Linn Energy, Inc.'s Vice President, Marketing and Midstream. Previously, from 2014 to February 2017, he served as Linn Energy, LLC's Vice President, Marketing and Midstream. Mr. Frew previously served as Director, Strategy, Planning and Business Development for Linn Energy, LLC from 2011 to 2014.

Darren Schluter will serve as our Executive Vice President, Finance, Administration and Chief Accounting Officer, and, since February 2017, has served as Linn Energy, Inc.'s Vice President and Controller. Previously, from July 2010 to February 2017, he served as Linn Energy, LLC's Vice President and Controller. Mr. Schluter previously served as Controller for Linn Energy, LLC from February 2007 to July 2010.

Holly Anderson will serve as our Executive Vice President and General Counsel, and, since March 2017, has served as Linn Energy, Inc.'s Vice President and Assistant General Counsel. Ms. Anderson previously served as Linn Energy, LLC's Assistant General Counsel from March 2014 to March 2017 and Senior Counsel from June 2010 to March 2014.

Matthew Bonanno will serve as a member of our board of directors. Mr. Bonanno joined York Capital Management ("York") in July 2010 and is a Partner of the firm. Mr. Bonanno joined York from the Blackstone Group, where he worked as an associate focusing on restructuring, recapitalization and reorganization transactions. Prior to joining the Blackstone Group, Mr. Bonanno worked on financing and strategic transactions at News Corporation and as an investment banker at JP Morgan and Goldman Sachs. In addition to Riviera, Mr. Bonanno, in his capacity as a York employee, is currently a member of the boards of Linn Energy, Inc., Rever Offshore AS, all entities incorporated pursuant to York's partnership with Costamare Inc., Augustea Bunge Maritime, Next Decade LLC, Vantage Drilling Co. and Roan Resources LLC.

The board believes Mr. Bonanno's extensive investment and restructuring experience in the energy industry brings valuable strategic and analytical skills to our board of directors.

Philip Brown will serve as a member of our board of directors. Mr. Brown joined P. Schoenfeld Asset Management ("PSAM") in 2009 and is a Partner of such firm, where he focuses on credit-oriented investments across various industries. Prior to joining PSAM, Mr. Brown held positions at Sun Capital Partners, Inc., an operationally-focused private equity firm, and Buckeye Capital Partners, an event-driven hedge fund. Mr. Brown began his career as an investment banking analyst at Wasserstein Perella & Co. In addition to Riviera, Mr. Brown, in his capacity as a PSAM employee, is currently a member of the board of Linn Energy, Inc.

The board believes Mr. Brown's considerable experience in the credit investment, private equity and hedge fund industries brings substantial investment management skills to our board of directors.

C. Gregory Harper will serve as a member of our board of directors. Mr. Harper has served as the President and Chief Executive Officer of Blue Mountain since April 2018. From May 2017 until March 2018, Mr. Harper managed his personal investments. Mr. Harper retired from Enbridge Inc. in April 2017 where he served as President, Gas Pipelines and Processing and as the principal executive officer of Midcoast Holdings L.L.C. since January 2014. Before joining Enbridge, Mr. Harper served as Senior Vice President of Midstream with Southwestern Energy Company, from August 2013 to January 2014. Before joining Southwestern Energy, Mr. Harper served as Senior Vice President and Group President of CenterPoint Energy Pipelines and Field Services from December 2008 to June 2013. Before joining CenterPoint Energy in 2008, Mr. Harper served as President, Chief Executive Officer and as a Director of Spectra Energy Partners, LP from March 2007 to December 2008. From January 2007 to March 2007, Mr. Harper was Group Vice President of Spectra Energy Corp., and he was Group Vice President of Duke Energy from January 2004 to December 2006. Mr. Harper served as Senior Vice President of Energy Marketing and Management for Duke Energy North America from January 2003 until January 2004 and Vice President of Business Development for Duke Energy Gas Transmission and Vice President of East Tennessee Natural Gas, LLC from March 2002 until January 2003. Mr. Harper currently serves on the board of Sprague Resources where has served as the chair of the audit committee since Sprague's initial public offering in 2013, and previously served on the boards of Midcoast Holdings, L.L.C., Enbridge Energy Company, Inc. and Enbridge Energy Management, L.L.C. Mr. Harper received his Bachelor's degree in Mechanical Engineering from the University of Kentucky and his Master's degree in Business Administration from the University of Houston.

The board believes Mr. Harper's extensive industry background, particularly his financial reporting and oversight expertise, bring important experience and skill to the board of directors.

Evan Lederman will serve as a member of our board of directors. Mr. Lederman is a Managing Director, Co-Head of Restructuring and Partner on the Investment Team at Fir Tree Partners. Mr. Lederman focuses on the

funds' distressed credit and special situation investment strategies, including co-managing its energy restructuring initiatives. Prior to joining Fir Tree Partners in 2011, Mr. Lederman worked in the Business Finance and Restructuring groups at Weil, Gotshal & Manges LLP and Cravath, Swaine & Moore LLP. In addition to Riviera, Mr. Lederman, in his capacity as a Fir Tree Partners employee, is currently a member of the boards of Linn Energy, Inc. (Chairman), Ultra Petroleum Corp. (Chairman), Amplify Energy Corp., New Emerald Energy LLC, Roan Resources LLC and Deer Finance, LLC. Mr. Lederman received a J.D. degree with honors from New York University School of Law and a B.A., magna cum laude, from New York University.

The board believes Mr. Lederman's extensive investment and restructuring experience in the energy industry, as well as his considerable experience as a member of the boards of directors of exploration and production companies, brings valuable strategic and analytical skills to our board of directors.

Andrew Taylor will serve as a member of our board of directors. Mr. Taylor is a member of the investment team of Elliott Management Corporation ("Elliott"), a New York-based trading firm, where he is responsible for various corporate investments. Prior to joining Elliott in August 2015, Mr. Taylor was a member of the investment team of BlackRock's Distressed Products Group from April 2009 to August 2015 and prior to that held similar positions at R3 Capital Partners and the Global Principal Strategies team at Lehman Brothers. In addition to Riviera, Mr. Taylor, in his capacity as an Elliott employee, is currently a member of the boards of Linn Energy, Inc., Roan Resources LLC and Birch Permian Holdings Inc.

The board believes Mr. Taylor's considerable experience in the investment advisory industry brings substantial investment management skills to the board of directors.

Our Corporate Governance

Prior to the completion of the spin-off, we will adopt written corporate governance guidelines to assist our board of directors in implementing effective corporate governance practices. The guidelines will be reviewed regularly by our board of directors in the light of changing circumstances in order to continue serving our best interests and the best interests of our stockholders.

Board of Directors

Director Independence

Following the spin-off, we intend to have our common stock quoted for trading on the OTC Market, the applicable standards of which will not require us to have a majority of independent directors; however, we expect that our board of directors will formally determine the independence of certain of our directors following the spin-off.

We expect that our board of directors will determine that the following directors, who are anticipated to be elected to our board of directors, will meet the definition of "Independent Director" in NASDAQ Marketplace Rule 5605(a)(2): Messrs. Bonanno, Brown, Lederman and Taylor. Mr. Rottino will not meet the NASDAQ definition of Independent Director because he is an officer of Riviera, and Mr. Harper will not meet the NASDAQ definition of Independent Director because he is an employee of Riviera.

Committees of the Board of Directors

Following the spin-off, our board of directors will have an audit committee and a compensation committee, each of which will have the composition and responsibilities described below. Pursuant to OTC Market rules, we are not required to have a nominating committee of the board of directors. The charter of each such standing committee will be posted on our website in connection with the spin-off. Our board of directors may also establish from time to time any other committees that it deems necessary or desirable.

Audit Committee

Upon completion of the spin-off, we expect our audit committee will consist of , and , with serving as chairman. The OTC Market rules that we expect will apply to Riviera do not contain requirements regarding the composition of the audit committee.

The audit committee will assist our board of directors in its general oversight of our financial reporting, internal controls, audit functions and oil and natural gas reserves, and will be directly responsible for the appointment, retention, compensation and oversight of the work of our independent public accountant. The audit committee will also review, on an annual basis, related party transactions and determine if the related party transaction is in the best interest of the Company. The responsibilities of our audit committee, which are anticipated to be substantially the same as the responsibilities of Linn Energy, Inc.'s audit committee, will be more fully described in our audit committee charter.

Compensation Committee

Upon completion of the spin-off, we expect our compensation committee will consist of , and , with serving as chairman. The OTC Market rules that we expect will apply to Riviera do not contain requirements regarding the composition of the compensation committee.

The compensation committee's primary responsibilities will be to: (i) approve the compensation arrangements for Riviera's senior management, including establishing base salaries, annual bonuses and other compensation for Riviera's executive officers, (ii) approve any compensation plans in which Riviera's officers are eligible to participate and (iii) administer such plans, including the granting of equity awards or other compensation or benefits under any such plans. The responsibilities of our compensation committee, which are anticipated to be substantially the same as the responsibilities of Linn Energy, Inc.'s compensation committee, will be more fully described in our compensation committee charter.

Risk Oversight

Our board of directors is expected to have an active role, as a whole and at the committee level, in providing oversight with respect to management of our risks. Our board of directors focuses on the most significant risks facing us and our general risk management strategy and seeks to ensure that risks undertaken by us are consistent with a level of risk that is appropriate for our company and aligned with the achievement of our business objectives and strategies.

Our board of directors regularly reviews information regarding risks associated with our finances, credit and liquidity; our business, operations and strategy; legal, regulatory and compliance matters; and reputational exposure. The audit committee provides oversight on our programs for risk assessment and risk management, including with respect to financial accounting and reporting, information technology, cybersecurity and compliance. The compensation committee provides oversight on our assessment and management of risks relating to executive compensation. While each committee is responsible for providing oversight with respect to the management of risks, our entire board of directors is regularly informed about our risks through committee reports and management presentations.

While our board of directors and the committees provide oversight with respect to our risk management, our Chief Executive Officer and other senior management are primarily responsible for day-to-day risk management analysis and mitigation and report to our full board of directors or the relevant committee regarding risk management.

We expect that our board of directors will determine that should serve as Chairman, while Mr. Rottino should serve as Chief Executive Officer. We believe that this is the most effective leadership structure for Riviera following the spin-off, because our board of directors, acting through its Chairman, intends to have an active role in the management of Riviera's business.

Compensation Committee Interlocks and Insider Participation

We expect that none of the members of our compensation committee will have at any time been one of our executive officers or employees. We expect that none of our executive officers will currently serve, or will have served during the last completed fiscal year, on our compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

Code of Ethics

We will adopt a Code of Business Conduct and Ethics, which will set forth legal and ethical standards of conduct for all of our employees and our directors. We will also has adopt a separate code of ethics which will apply to Riviera's Chief Executive Officer and senior financial officers. We will make all of these documents available on our website, www. .com, and will provide them free of charge to any stockholder requesting a copy by writing to our Corporate Secretary, Riviera Resources, Inc., 600 Travis Street, Houston, Texas 77002. If any substantive amendments are made to the code of ethics for our Chief Executive Officer and senior financial officers, or if we grant any waiver, including any implicit waiver, from a provision of such code, we will disclose the nature of such amendment or waiver within four business days on our website. The information on our website is not, and shall not be deemed to be, a part of this filing or incorporated into any other filings we make with the SEC.

EXECUTIVE COMPENSATION

Under "Executive Compensation," "we," "us," "our," "Riviera" and "our company" refer exclusively to Riviera Resources, Inc. and not to any of its subsidiaries.

As discussed above, Riviera is currently part of LINN Energy. While Riviera has engaged in preliminary discussions regarding its anticipated programs and policies with the LINN Energy board of directors, Riviera has not yet made any determinations with respect to the compensation of the individuals who will serve as its executive officers following the distribution, except as specifically noted below. Following completion of the distribution, our compensation committee will make all decisions for the total direct compensation of our executive officers, including the Named Executive Officers (as defined below).

Information regarding LINN Energy's historical compensation of certain persons who will become Riviera's executive officers upon completion of the distribution, such as David B. Rottino, who will serve as our President, Chief Executive Officer and Director; Daniel Furbee, who will serve as our Executive Vice President and Chief Operating Officer; James G. Frew, who will serve as our Executive Vice President and Chief Financial Officer; Darren Schluter, who will serve as our Executive Vice President, Finance, Administration and Chief Accounting Officer; and Holly Anderson, who will serve as our Executive Vice President and General Counsel, is not indicative of the compensation that will be provided to those individuals following the completion of the distribution, as they will have significantly different roles and responsibilities following the distribution. Prior to the distribution, Mr. Rottino was an executive officer of, and each of Messrs. Furbee, Frew and Schluter and Ms. Anderson were employees of, and each provided services to, LINN Energy as a whole. As a result, their historical compensation, including short-term and long-term incentive compensation performance goals, was set by LINN Energy's compensation committee based on the financial and operating performance of LINN Energy as a whole. Following the distribution, the management of Riviera will devote their time and attention and Riviera's financial resources to the development and implementation of corporate strategies and policies that are based on the specific business characteristics of Riviera. While the compensation strategy to be established by our compensation committee is not known at this time, it will reflect the size, business segment, growth opportunity and operational strategy, among other factors, applicable to Riviera, each of which is different from that of LINN Energy. Accordingly, the historical compensation provided to management of LINN Energy for providing services to LINN Energy is not indicative of the prospective compensation to be provided for the management services these persons will be providing to Riviera following the distribution, and as a result, we have not included information regarding the compensation paid and other benefits provided to those executives by LINN Energy during fiscal year 2017 or prior years.

Named Executive Officers

Effective upon completion of the spin-off, we expect the following individuals to be the named executive officers of Riviera (collectively, "Named Executive Officers"):

- David Rottino, President, Chief Executive Officer and Director;
- Daniel Furbee, Executive Vice President and Chief Operating Officer;
- James G. Frew, Executive Vice President and Chief Financial Officer;
- Darren Schluter, Executive Vice President, Finance, Administration and Chief Accounting Officer; and
- Holly Anderson, Executive Vice President and General Counsel.

Any compensation decisions for our Named Executive Officers prior to the distribution were made by LINN Energy. To the extent such persons are executive officers of Linn Energy, Inc. or its subsidiaries, the decisions were made by LINN Energy's compensation committee. Executive compensation decisions following the distribution will be made by our compensation committee, consistent with the compensation and benefit plans, programs and policies that will be adopted by Riviera.

Riviera Future Compensation and Incentive and Benefit Plans and Arrangements

The LINN Energy board of directors and our board of directors have adopted certain incentive and employee benefit plans and arrangements, which, other than as noted below, are substantially similar to the incentive and benefit plans and arrangements maintained by LINN Energy for the benefit of certain of our directors, employees and, in certain instances, consultants. Specifically, the LINN Energy board of directors and our board of directors expect to adopt the Riviera Resources, Inc. 2018 Omnibus Incentive Plan (the "Riviera Equity Plan"), which is described in more detail below. In addition, the LINN Energy board of directors and our board of directors expect to adopt certain qualified retirement plans and welfare benefit plans for the benefit of our employees.

Certain of our named executive officers hold LINN Energy equity awards. Upon completion of the spin-off, (i) named executive officers who hold then-outstanding LINN Energy restricted stock units will receive one restricted stock unit with respect to our common stock in respect of each such outstanding LINN Energy restricted stock unit, and (ii) all of such named executive officers' outstanding but unvested LINN Energy restricted stock units will fully vest, without pro-ration, and be settled in LINN common stock. The Riviera restricted stock units will continue to vest subject to, and in accordance with, the terms applicable to the corresponding LINN Energy restricted stock units and are not subject to acceleration in connection with the spin-off.

Pursuant to the foregoing paragraph, Mr. Rottino will receive 126,408 shares of LINN common stock and 126,408 Riviera restricted stock units; Mr. Frew will receive 33,806 shares of LINN common stock and 33,806 Riviera restricted stock units; Mr. Schluter will receive 35,082 shares of LINN common stock and 35,082 Riviera restricted stock units; and Ms. Anderson will receive 19,999 shares of LINN common stock and 19,999 Riviera restricted stock units. Additionally, Mr. Rottino will fully vest in his 236,783 shares of restricted LINN common stock, in respect of which he will receive 236,783 shares of our common stock in connection with the spin-off. Based on the closing price of a share of LINN common stock of $38.50 on June 21, 2018, the approximate dollar value of our named executive officers' LINN Energy incentive equity holdings are as follows: $13,982,854 for Mr. Rottino (who holds 126,408 LINN Energy restricted stock units and 236,783 shares of restricted LINN common stock); $1,301,531 for Mr. Frew (who holds 33,806 LINN Energy restricted stock units); $1,350,657 for Mr. Schluter (who holds 35,082 LINN Energy restricted stock units); and $769,962 for Ms. Anderson (who holds 19,999 LINN Energy restricted stock units). The dollar value of the Riviera restricted stock units and our common stock will be based on the market price of our common stock following the spin-off, and is indeterminable as of the date of this prospectus.

Based on discussions between the LINN Energy board of directors and Riviera, it is expected that the overall value of the compensation packages for Messrs. Furbee, Frew and Schluter and Ms. Anderson as executive officers of Riviera, will be no less favorable than the overall value of their respective compensation packages as employees of LINN Energy. While the expected target compensation payable to our executive officers following the distribution will be established by LINN Energy's compensation committee, it is expected that our compensation committee will review and approve such target values and develop appropriate measures, goals, targets and business objectives based on financial and operating performance appropriate to Riviera's competitive marketplace. The annual bonuses to be paid to our executive officers following the distribution will be made pursuant to the Riviera Equity Plan, which is described in more detail below. Additionally, the form and timing of any equity-based compensation to be paid to Riviera's executive officers at or following the distribution will be determined by our board of directors and will generally be granted pursuant to the Riviera Equity Plan, which is described in more detail below.

Upon completion of the spin-off, all decisions with respect to management compensation will be made by our compensation committee, including evaluating and determining the appropriate executive compensation philosophy and objectives for Riviera. Our compensation committee will evaluate and determine the appropriate design of Riviera's executive compensation program and make any adjustments to the compensation

arrangements currently contemplated and described below. If determined to be necessary or appropriate by our compensation committee, our compensation committee will retain a compensation consultant to provide advice and support in the design and implementation of the executive compensation program for Riviera.

Agreements with Named Executive Officers

Employment Agreement with Our Chief Executive Officer

On and effective as of February 28, 2017, LINN Energy entered into a third amended and restated employment agreement with Mr. Rottino (the "Rottino Agreement"). Mr. Rottino will serve as Riviera's President and Chief Executive Officer, and we will assume the Rottino Agreement effective as of the distribution. The Rottino Agreement reflects Mr. Rottino's current base salary of $500,000 and eligibility for an annual bonus.

The Rottino Agreement provides Mr. Rottino with cash severance benefits payable upon a termination of employment by LINN Energy without "cause" or by Mr. Rottino for "good reason" equal to: (i) two times the sum of (x) his base salary at the highest rate in effect at any time during the 36-month period immediately preceding the employment termination date (the "Rottino Highest Base Salary"), plus (y) his target bonus for the year in which his termination occurs, if the termination does not occur within the six months preceding or the two years following a "change of control" (as defined in the Rottino Agreement), and (ii) the sum of (x) the Rottino Highest Base Salary, plus (y) his highest annual bonus paid in the 36-month period immediately preceding the "change of control," if the termination does occur within the six months preceding or the two years following a "change of control."

The Rottino Agreement also provides that, upon a termination of employment due to his death or "disability," by LINN Energy without "cause" or by Mr. Rottino for "good reason" (as each term is defined in the Rottino Agreement), all of Mr. Rottino's outstanding and unvested long-term incentive awards will immediately vest, provided that any unvested appreciation profits interests, issued under the Linn Energy Holdco LLC Incentive Interest Plan, will only vest to the extent the applicable performance condition is satisfied (i) on the employment termination date, or (ii) within 120 days following the employment termination date. As of the date hereof, all such performance conditions have been satisfied.

The Rottino Agreement provides for a Code Section 280G "best-net" cutback, which would cause an automatic reduction in Mr. Rottino's "change of control" severance payments and benefits in the event such reduction would result in Mr. Rottino receiving greater payments and benefits on an after-tax basis.

On April 23, 2018, LINN Energy entered into a letter agreement with Mr. Rottino (the "Rottino Letter Amendment"), which, among other things, (i) required that Mr. Rottino convert all of his equity interests in Linn ManagementCo LLC or Linn Energy Holdco LLC into LINN common stock on or prior to April 30, 2018, (ii) provided that he was entitled to certain tax protections in connection with such conversion, (iii) provided that he is eligible to participate in a liquidity program with respect to his vested shares of common stock, and (iv) provided that he is eligible to participate in a new liquidity program which respect to the fully vested shares of Roan that he will receive in connection with the spin-off, the terms of which he will negotiate with the LINN Energy board of directors in good faith.

The foregoing descriptions of the Rottino Agreement and the Rottino Letter Amendment are incomplete and are qualified in their entirety by reference to the complete documents, which are attached hereto as Exhibit 10.22 and Exhibit 10.23, respectively, and incorporated herein by reference.

Offer Letter with our Executive Vice President and Chief Operating Officer

On March 19, 2018, Riviera entered into an offer letter with Mr. Furbee (the "Furbee Agreement"). Pursuant to the terms of the Furbee Agreement, Mr. Furbee is currently serving as Vice President, Asset and Business

Development of Linn and will serve as our Executive Vice President and Chief Operating Officer. The Furbee Agreement provides for a base salary of $325,000 and current target bonus of 60% of base salary. Pursuant to the Furbee Agreement, Mr. Furbee will be an employee "at will."

The foregoing description of the Furbee Agreement is incomplete and is qualified in its entirety by reference to the complete document, which is attached hereto as Exhibit 10.24 and incorporated herein by reference.

Riviera Management Incentive Plan

In connection with the spin-off, we intend to adopt the Riviera Equity Plan. We expect the material terms of the Riviera Equity Plan to include the following:

The full text of the Riviera Equity Plan is filed as an exhibit to the registration statement of which this information statement forms a part, and the following discussion is qualified by reference to such text.

Purpose of the Plan

The purpose of the Riviera Equity Plan is to aid Riviera in recruiting and retaining highly qualified employees, consultants and non-employee directors who are capable of assuring the future success of Riviera. Awards of share-based compensation and opportunities for equity ownership in Riviera will provide incentives to our future employees, officers and non-employee directors to exert their best efforts for the success of our business and thereby align their interests with those of our future equityholders.

Shares Available for Awards

The aggregate number of share of Riviera common stock that may be issued under all share-based awards granted under the Riviera Equity Plan will be . The aggregate grant date fair value of all awards granted to any non-employee director during any single calendar year (excluding certain awards made in lieu of all or a portion of cash retains and any dividends payable in respect of outstanding awards) will not exceed $.

In the event of an equity restructuring of Riviera that causes the per-share fair value of Riviera common stock to change (*e.g.*, a stock dividend, stock split, spinoff, etc.), Riviera will be required to make corresponding equitable adjustments to any share limits, the number and type of shares subject to outstanding awards, and the purchase or exercise price of outstanding common stock. In the case of any other corporate transaction or event that occurs, our compensation committee may make similar adjustments in order to prevent dilution or enlargement of the benefits or potential benefits intended to be provided under the Riviera Equity Plan.

Shares of common stock that are subject to awards that terminate, lapse, or are canceled, forfeited or withheld to pay taxes and/or exercise price will be available again for grant under the Riviera Equity Plan. Riviera may not add back shares of common stock to the number of shares authorized under the Riviera Equity Plan if Riviera reacquires shares as a result of a tender offer or if such shares were otherwise issued.

Eligibility

Employees, officers, consultants and non-employee directors of Riviera or its affiliates will be eligible to receive awards under the Riviera Equity Plan.

Administration

The compensation committee of our board of directors will have the authority to administer the Riviera Equity Plan. The compensation committee will have the authority to select the persons who receive awards, determine the number of shares of common stock subject to the award, and establish the terms and conditions of

the awards, consistent with the terms of the Riviera Equity Plan. Subject to the provisions of the Riviera Equity Plan, the compensation committee may specify the circumstances under which the exercisability or vesting of awards may be accelerated or whether awards or amounts payable under awards may be deferred. The compensation committee may waive or amend the terms of an award, consistent with the terms of the Riviera Equity Plan, but the compensation committee may not reprice an option or share appreciation right, whether through amendment, cancellation and replacement grant, or exchange for cash or any other awards. The compensation committee will have the authority to interpret the Riviera Equity Plan and establish rules for the administration of the Riviera Equity Plan.

Types and Terms of Awards

The Riviera Equity Plan permits the granting of:

- options;
- restricted stock;
- dividend equivalents;
- performance awards;
- other share-based awards; and
- other cash-based awards.

Under the terms of the Riviera Equity Plan, the exercise price per share under any option and the purchase price of any share that may be purchased under any other unit-based award may not be less than 100% of the fair market value of a share of Riviera common stock on the date of grant, unless the award is granted in substitution for an award previously granted by an entity that is acquired or merged with Riviera or a subsidiary of Riviera.

Under the terms of the Riviera Equity Plan, the term of awards will be no more than 10 years. Award may be granted to participants for no cash consideration or for cash or other consideration required by the compensation committee or applicable law. Awards may provide that upon the grant or exercise thereof, the holder will receive shares of Riviera common stock, cash, other securities or property, or any combination thereof, as the compensation committee determines. All awards granted under the Riviera Equity Plan will be subject to Riviera's clawback or recoupment policies, share trading policies or other applicable policies to be implemented by Riviera from time to time.

The Riviera Equity Plan provides that an award will be evidenced by a written agreement or other document containing the terms and conditions of the award, including, as determined by the compensation committee, any circumstances under which an award would accelerate vesting, such as a change in control of Riviera or certain types of terminations of employment.

Options. Under the terms of the Riviera Equity Plan, the holder of an option will be entitled to purchase a number of shares of Riviera common stock at a specified exercise price during a specified period, all as determined by the compensation committee. The option exercise price may be payable in cash or, at the discretion of the compensation committee, in securities or other property having a fair market value on the exercise date equal to the exercise price.

Restricted Stock and Restricted Stock Units. Under the terms of the Riviera Equity Plan, the holder of restricted stock will own shares of Riviera common stock subject to restrictions imposed by the compensation committee (including, for example, restrictions on the right to vote the restricted stock or to receive any dividends with respect to the shares) for a time period specified by the compensation committee. The holder of restricted stock units will have the right, subject to any restrictions imposed by the compensation committee, to receive shares of Riviera common stock, or a cash payment equal to the fair market value of those shares, at some future date determined by the compensation committee.

Dividend Equivalents. Under the terms of the Riviera Equity Plan, the holder of a dividend equivalent is entitled to receive payments (in cash, shares of Riviera common stock, other securities or other property) equivalent to the amount of any cash dividends paid by Riviera to equityholders with respect to a number of shares of Riviera common stock determined by the compensation committee. Dividend equivalents will not be granted with respect to options, and dividend equivalents granted with respect to performance awards will not be distributed during the performance period or to the extent that any such performance award will be otherwise unearned.

Performance Awards. Under the terms of the Riviera Equity Plan, the compensation committee may grant awards payable in shares of Riviera common stock or cash conditioned on the achievement of performance goals established by the compensation committee. Performance goals will be determined by the compensation committee, in its sole discretion, and may relate to Riviera, one or more of its subsidiaries or one or more of its divisions or units, or any combination of these, and may be applied on an absolute basis or be relative to one or more peer companies or indices, or any combination of these, as determined by the compensation committee.

Other Share-Based Awards. Under the terms of the Riviera Equity Plan, the compensation committee will be authorized to grant other types of awards that are denominated or payable in or otherwise related to shares of Riviera common stock, subject to the terms and conditions determined by the compensation committee.

Term, Termination and Amendment

The Riviera Equity Plan will terminate at midnight on the tenth anniversary of the distribution, unless terminated before then by our board of directors. Under the terms of the Riviera Equity Plan, awards may not be granted after the termination of the Riviera Equity Plan, but the Riviera Equity Plan will remain in effect as long as awards are outstanding under the Riviera Equity Plan. Under the terms of the Riviera Equity Plan, our board of directors may amend or terminate the Riviera Equity Plan at any time, except that prior equityholder approval will be required for any amendment to the Riviera Equity Plan that would:

- require equityholder approval under the rules or regulations of the New York Stock Exchange, any other securities exchange or the Financial Industry Regulation Authority, Inc. to the extent that they are applicable to Riviera;
- increase the number of shares of Riviera common stock authorized under the Riviera Equity Plan (except in the case of a stock split or other recapitalization);
- permit repricing of outstanding options (except in the case of a stock split or other recapitalization); or
- permit the award of options with an exercise price less than 100% of fair market value of a share of Riviera common stock, contrary to the provisions of the Riviera Equity Plan.

Subject to the provisions of the Riviera Equity Plan, our board of directors may not amend any outstanding award without the participant's consent if the action would adversely affect the participant's rights.

Change-in-Control Arrangements

We expect that, in the event of a change-in-control of Riviera, the named executive officers will receive cash severance payments only if their employment is terminated following the change-in-control without "cause" or for "good reason." Our named executive officers would not be entitled to any excise tax gross-up in connection with their change-in-control arrangements.

Director Compensation

Following consummation of the spin-off, we expect that our board of directors will not receive compensation from Riviera, other than reimbursement of business related expenses. As described below, C. Gregory Harper receives compensation and benefits from Blue Mountain in his capacity as President and Chief Executive Officer of Blue Mountain and not in his capacity as a member of our board of directors.

Employment Agreement with Blue Mountain Chief Executive Officer

On March 29, 2018, Blue Mountain entered into an employment agreement with Mr. Harper (the "Harper Agreement"), effective as of April 2, 2018. Pursuant to the Harper Agreement, Mr. Harper will serve as Blue Mountain's Chief Executive Officer for an initial three-year term, with automatic 12-month renewals thereafter, unless either party provides 60 days' advance notice of non-renewal. The Harper Agreement reflects Mr. Harper's current base salary of $480,000 per year and eligibility for an annual bonus with a target of 100% of Mr. Harper's base salary (and a maximum bonus of 200%). In addition, pursuant to the Harper Agreement and subject to certain conditions, Blue Mountain will create a management equity plan pursuant to which Blue Mountain will grant Mr. Harper restricted security units subject to time-vesting and restricted security units subject to performance-vesting.

The Harper Agreement provides Mr. Harper with the following cash severance benefits upon a termination of his employment prior to the expiration of his initial or renewed term (i) by Blue Mountain without "cause" or (ii) by Mr. Harper for "good reason" (as such terms are defined in the Harper Agreement), subject to his execution and non-revocation of a release of claims and continued compliance with restrictive covenants: (x) 12 months' worth of his base salary for the year in which the termination date occurs, plus (y) his target bonus for the year in which the termination date occurs. In addition, he will receive any earned but unpaid annual bonus for the year prior to the year in which the termination date occurs ("earned bonus"), and be eligible to receive a pro rata annual bonus for the year in which the termination date occurs ("pro rata bonus"). If Mr. Harper's employment terminates upon the expiration of his initial or renewed term as a result of Blue Mountain's non-renewal of his employment term, he will receive the earned bonus and be eligible to receive a pro rata bonus, subject to his execution and non-revocation of a release of claims and continued compliance with restrictive covenants.

The Harper Agreement provides for a Code Section 280G "best-net" cutback, which would cause an automatic reduction in Mr. Harper's "change of control" payments and benefits (whether provided under the Harper Agreement or otherwise) in the event such reduction would result in Mr. Harper receiving greater payments and benefits on an after-tax basis.

We expect that, prior to the spin-off, Blue Mountain will enter into an amendment to the Harper Agreement (the "Harper Amendment"), which will provide that Mr. Harper will serve on the Riviera board of directors until such time as a board of directors of Blue Mountain is constituted.

The foregoing descriptions of the Harper Agreement and the form of Harper Amendment are incomplete and are qualified in their entirety by reference to the complete documents, which are attached hereto as Exhibit 10.26 and Exhibit 10.27, respectively, and incorporated herein by reference.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Agreements with LINN Energy Related to the Spin-Off

This section of the prospectus summarizes material agreements between us and LINN Energy that will govern the ongoing relationships between the two companies after the spin-off and are intended to provide for an orderly transition to our status as an independent, publicly traded company. Additional or modified agreements, arrangements and transactions, which would be negotiated at arm's length, may be entered into between us and LINN Energy after the spin-off. These summaries are qualified in their entirety by reference to the full text of the applicable agreements, which will be filed as exhibits to the registration statement which this prospectus forms a part.

Following the spin-off, we and LINN Energy will operate independently, and neither company will have any ownership interest in the other. Before the spin-off, we will enter into a Separation and Distribution Agreement and several other agreements with LINN Energy related to the spin-off. These agreements will govern the relationship between us and LINN Energy after completion of the spin-off and provide for the allocation between us and LINN Energy of various assets, liabilities, rights and obligations. The following is a summary of the terms of the material agreements we expect to enter into with LINN Energy.

Separation and Distribution Agreement

We intend to enter into a Separation and Distribution Agreement with Linn Energy, Inc. prior to the distribution of shares of our common stock to LINN stockholders. The Separation and Distribution Agreement will provide for the allocation of assets and liabilities between us and LINN Energy and will establish the rights and obligations between the parties following the distribution. We have not yet finalized all of the terms of the Separation and Distribution Agreement, and we intend to include additional details on the terms of this agreement in an amendment to this prospectus.

Transfer of Assets and Assumption of Liabilities. The Separation and Distribution Agreement will provide for those transfers of assets and assumptions of liabilities that are necessary in connection with our spin-off from LINN Energy so that (i) Riviera is allocated all of the pre-transaction assets and related liabilities of LINN Energy, other than LINN Energy's 50% equity interest in Roan and any related liabilities, and (ii) LINN Energy is allocated its 50% equity interest in Roan and any related liabilities.

Further Assurances. To the extent that any transfers of assets or assumptions of liabilities contemplated by the Separation and Distribution Agreement have not been consummated on or prior to the date of the distribution, the parties will agree to cooperate to effect such transfers or assumptions as promptly as practicable following the date of the distribution. In addition, each of the parties will agree to cooperate with each other and use commercially reasonable efforts to take or to cause to be taken all actions, and to do, or to cause to be done, all things reasonably necessary under applicable law or contractual obligations to consummate and make effective the transactions contemplated by the Separation and Distribution Agreement and the ancillary agreements.

Representations and Warranties. In general, neither we nor LINN Energy will make any representations or warranties regarding any assets or liabilities transferred or assumed, any consents or approvals that may be required in connection with such transfers or assumptions, the value or freedom from any lien or other security interest of any assets transferred, the absence of any defenses relating to any claim of either party or the legal sufficiency of any conveyance documents, or any other matters. Except as expressly set forth in the Separation and Distribution Agreement or in any ancillary agreement, all assets will be transferred on an "as is," "where is" basis.

The Distribution. The Separation and Distribution Agreement will govern the rights and obligations of the parties regarding the proposed distribution and certain actions that must occur prior to the proposed distribution,

such as the election of officers and directors and the adoption of our certificate of incorporation and bylaws. Prior to the distribution, we will deliver all the issued and outstanding shares of our common stock to the distribution agent. Following the distribution date, the distribution agent will electronically deliver the shares of our common stock to LINN stockholders based on each holder of LINN common stock receiving one share of Riviera common stock for each share of LINN common stock. Linn Energy, Inc. will have the sole and absolute discretion to determine (and change) the terms of, and whether to proceed with, the distribution and, to the extent it determines to so proceed, to determine the date of the distribution.

Conditions. The Separation and Distribution Agreement will provide that the distribution is subject to the satisfaction or waiver of certain conditions. For further information regarding these conditions, see "The Spin-Off—Conditions to the Distribution." The LINN Energy board of directors may, in its sole discretion, determine the distribution date and the terms of the distribution and, until the distribution has occurred, the LINN Energy board of directors has the right to not proceed with the distribution, even if all of the conditions are satisfied.

Termination. The Separation and Distribution Agreement will provide that it may be terminated by Linn Energy, Inc. at any time in its sole discretion prior to the date of the distribution.

Intercompany Accounts. The Separation and Distribution Agreement will provide that, subject to any provisions in the Separation and Distribution Agreement or any ancillary agreement to the contrary, prior to the distribution, intercompany accounts will be settled as will be set forth in the Separation and Distribution Agreement, and it is expected that substantially all of such balances will no longer be outstanding.

Release of Claims and Indemnification. We and LINN Energy will agree to broad releases pursuant to which we will each release the other and certain related persons specified in the Separation and Distribution Agreement from any claims against any of them that arise out of or relate to events, circumstances or actions occurring or failing to occur or alleged to occur or to have failed to occur or any conditions existing or alleged to exist at or prior to the time of the distribution. These releases will be subject to certain exceptions set forth in the Separation and Distribution Agreement and the ancillary agreements.

The Separation and Distribution Agreement will provide for cross-indemnities that, except as otherwise provided in the Separation and Distribution Agreement, are principally designed to place financial responsibility for the obligations and liabilities of our business with us, and financial responsibility for the obligations and liabilities of the Roan business with LINN Energy.

The amount of each party's indemnification obligations will be subject to reduction by any insurance proceeds received by the party being indemnified. The Separation and Distribution Agreement will also specify procedures with respect to claims subject to indemnification and related matters. Indemnification with respect to taxes will be governed solely by the Tax Matters Agreement.

Other Matters Governed by the Separation and Distribution Agreement. Other matters governed by the Separation and Distribution Agreement will include insurance, access to financial and other information, confidentiality, access to and provision of records and treatment of outstanding guarantees.

Tax Matters Agreement

We intend to enter into a Tax Matters Agreement with LINN Energy that will govern the respective rights, responsibilities and obligations of LINN Energy and us after the spin-off with respect to tax liabilities and benefits, tax contests and other tax sharing regarding U.S. federal, state, local and foreign income taxes, other tax matters and related tax returns. As a subsidiary of LINN Energy, we have (and will continue to have following the spin-off) several liability with LINN Energy to the IRS for the combined U.S. federal income taxes of the LINN Energy consolidated group relating to the taxable periods in which we were part of that group (including

any U.S. federal income taxes arising as a result of the spin-off). The Tax Matters Agreement will specify the portion of this tax liability for which we will bear responsibility and generally provides that we are liable for substantially all such liabilities. Although valid as between the parties, the Tax Matters Agreement will not be binding on the IRS.

Transition Services Agreement

We intend to enter into a Transition Services Agreement with Linn Energy, Inc. under which we will provide LINN Energy with certain services, for a limited time to help ensure an orderly transition following the distribution. We have not yet finalized all of the terms of the Transition Services Agreement, and we intend to include additional details on the terms of this agreement in an amendment to this prospectus.

We anticipate that the services that we will agree to provide LINN Energy under the Transition Services Agreement may include certain finance, information technology, human resources and other services. In addition, from time to time during the term of the agreement, we and LINN Energy may mutually agree on additional services to be provided.

Riviera 2018 Omnibus Incentive Plan

We intend to adopt the Riviera Equity Plan, effective prior to and in connection with the spin-off. The Riviera Equity Plan will provide for grants of, among other things, options, restricted stock, performance awards and other share- or cash-based awards. Our employees, officers, consultants and non-employee directors will be eligible for grants under the Riviera Equity Plan. The purpose of the Riviera Equity Plan is to aid Riviera in recruiting and retaining individuals who are capable of assuring the future success of Riviera, and such awards will provide incentives to such individuals to exert their best efforts for the success of our business and thereby align their interests with those of our future stockholders. shares of our common stock will be authorized for issuance under the Riviera Equity Plan, subject to adjustment in the event of a reorganization, stock split, merger or similar change in our corporate structure or the outstanding shares of common stock. Our compensation committee will administer the Riviera Equity Plan. Our board of directors also has the authority to administer the Riviera Equity Plan and to take all actions that our compensation committee is otherwise authorized to take under the Riviera Equity Plan. The terms and conditions of each award made under the Riviera Equity Plan, including vesting requirements, will be set forth consistent with the Riviera Equity Plan in a written agreement with the participant.

Issuance and Grant of Riviera Restricted Stock Units to Certain Related Persons

Certain of our named executive officers hold LINN Energy equity awards. Upon completion of the spin-off, (i) named executive officers who hold then-outstanding LINN Energy restricted stock units will receive one restricted stock unit with respect to our common stock in respect of each such outstanding LINN Energy restricted stock unit, and (ii) all of such named executive officers' outstanding but unvested LINN Energy restricted stock units will fully vest, without pro-ration, and be settled in LINN common stock. The Riviera restricted stock units will continue to vest subject to, and in accordance with, the terms applicable to the corresponding LINN Energy restricted stock units and are not subject to acceleration in connection with the spin-off.

Pursuant to the foregoing paragraph, Mr. Rottino will receive 126,408 shares of LINN common stock and 126,408 Riviera restricted stock units; Mr. Frew will receive 33,806 shares of LINN common stock and 33,806 Riviera restricted stock units; Mr. Schluter will receive 35,082 shares of LINN common stock and 35,082 Riviera restricted stock units; and Ms. Anderson will receive 19,999 shares of LINN common stock and 19,999 Riviera restricted stock units. Additionally, Mr. Rottino will fully vest in his 236,783 shares of restricted LINN common stock, in respect of which he will receive 236,783 shares of our common stock in connection with the spin-off.

Based on the closing price of a share of LINN common stock of $38.50 on June 21, 2018, the approximate dollar value of our named executive officers' LINN Energy incentive equity holdings are as follows: $13,982,854 for Mr. Rottino (who holds 126,408 LINN Energy restricted stock units and 236,783 shares of restricted LINN common stock); $1,301,531 for Mr. Frew (who holds 33,806 LINN Energy restricted stock units); $1,350,657 for Mr. Schluter (who holds 35,082 LINN Energy restricted stock units); and $769,962 for Ms. Anderson (who holds 19,999 LINN Energy restricted stock units). The dollar value of the Riviera restricted stock units and our common stock will be based on the market price of our common stock following the spin-off, and is indeterminable as of the date of this prospectus.

Registration Rights Agreement

We intend to enter into a Registration Rights Agreement with certain of our stockholders that are expected to own at least 10% of our common stock or that are otherwise reasonably determined to be an affiliate of us (collectively, the "Registration Rights Holders").

We anticipate that the Registration Rights Agreement will require us, within 60 calendar days following the distribution date, subject to certain exceptions, to file a shelf registration statement that includes the Registrable Securities (as defined in the Registration Rights Agreement) whose inclusion has been timely requested. The Registration Rights Agreement will also provide the Registration Rights Holders the ability to demand registrations or underwritten shelf takedowns subject to certain requirements and exceptions. In addition, if we propose to register shares of our common stock in certain circumstances, the Registration Rights Holders will have certain "piggyback" registration rights, subject to restrictions set forth in the Registration Rights Agreement, to include their shares of our common stock in the registration statement.

We anticipate that the Registration Rights Agreement will also provide that (a) for so long as we are subject to the requirements to publicly file information or reports with the SEC pursuant to Section 13 or 15(d) of the Exchange Act, we will use best efforts to timely file all information and reports with the SEC and comply with all such requirements, and (b) if we are not subject to the requirements of Section 13 or 15(d) of the Exchange Act, make available information necessary to comply with Section 4(a)(7) of the Securities Act and Rule 144 and Rule 144A, if available with respect to resales of the Registrable Securities under the Securities Act, at all times, all to the extent required from time to time to enable such Registration Rights Holder to sell Registrable Securities without registration under the Securities Act.

Agreements with Roan Resources LLC

Following the spin-off, we will have an ongoing relationship with LINN Energy, which owns a 50% equity interest in Roan. At March 31, 2018, we had approximately $17 million due from Roan, primarily associated with capital spending, included in "other current assets" and approximately $11 million due to Roan, primarily associated with joint interest billings and natural gas purchases, included in "accounts payable and accrued expenses" on the unaudited condensed consolidated balance sheet. At December 31, 2017, we had approximately $23 million due from Roan, primarily associated with capital spending, included in "other current assets" and approximately $18 million due to Roan, primarily associated with joint interest billings and natural gas purchases, included in "accounts payable and accrued expenses" on the audited consolidated and combined balance sheet.

Below is a summary of the material agreements between us and Roan following the spin-off.

Master Services Agreement

On August 31, 2017, LINN Energy and Citizen completed the Roan Contribution. In exchange for their respective contributions, LINN Energy and Citizen each received a 50% equity interest in Roan. In connection

with the Roan Contribution, on August 31, 2017, Roan entered into a Master Services Agreement (the "MSA") with Linn Operating, LLC ("Linn Operating"), which will become a subsidiary of Riviera following the spin-off, pursuant to which Linn Operating provided certain operating, administrative and other services in respect of the assets contributed to Roan during a transitional period.

Under the MSA, Roan agreed to reimburse Linn Operating for certain costs and expenses incurred by Linn Operating in connection with providing the services, and to pay to Linn Operating a service fee of $1.25 million per month, prorated for partial months. The MSA terminated according to its terms on April 30, 2018.

Gas Gathering and Processing Agreement

On April 1, 2017, LINN Energy entered into a gas gathering and processing agreement (the "Gas Gathering Agreement") with Blue Mountain (formerly known as Linn Midstream, LLC). In August 2017, in connection with the Roan Contribution, LINN Energy assigned its interest in the Gas Gathering Agreement to Roan.

Pursuant to the Gas Gathering Agreement, Blue Mountain will gather, process and purchase Roan's natural gas produced from certain of Roan's assets and operations located in the Merge/SCOOP/STACK play in Oklahoma. Roan is required to pay Blue Mountain specified service fees related to such deliveries, which are subject to annual adjustment in accordance with the terms of the Gas Gathering Agreement. For the four months ended December 31, 2017, we recognized service fees of approximately $2 million.

Unless terminated sooner in accordance with its terms, the Gas Gathering Agreement will have (i) an initial term with respect to certain of Roan's assets and operations ending November 1, 2030, and (ii) an initial term with respect to certain other of Roan's assets and operations ending December 22, 2031. Thereafter, the Gas Gathering Agreement will continue for successive one-year periods until terminated.

Indemnification of Officers and Directors

Our certificate of incorporation will provide that we will generally indemnify officers and members of our board of directors against all losses, claims, damages or similar events. Section 145 of the Delaware General Corporation Law ("DGCL") empowers a Delaware corporation to indemnify and hold harmless any member or manager or other person from and against all claims and demands whatsoever. We also expect to enter into individual indemnity agreements with each of our executive officers and directors which will supplement the indemnification provisions in our certificate of incorporation.

Review and Approval of Related Party Transactions

We will review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. We will develop and implement processes and controls, consistent with those process and controls currently in place at LINN Energy, to obtain information from our directors and executive officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether we or a related party have a direct or indirect material interest in the transactions. Transactions that are determined to be directly or indirectly material to us or a related party will be disclosed as required under SEC rules. In addition, our audit committee or our board of directors (if appropriate) will review and approve or ratify or disapprove any related party transaction that is required to be disclosed. In the course of its review of a disclosable related party transaction, consideration will be given to:

- the nature of the related party's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related party;

- the importance of the transaction to us;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters deemed appropriate.

Any director who is a related party with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction; provided, however, that such director may be counted in determining the presence of a quorum at the meeting where the transaction is considered.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

As of the date of this prospectus, all of the outstanding shares of our common stock are indirectly beneficially owned by LINN Energy. After the spin-off, LINN Energy will not own any shares of our common stock.

The following tables provide information with respect to the anticipated beneficial ownership of our common stock by:

- each of our stockholders who we believe (based on the assumptions described below) will beneficially own more than 5% of our outstanding common stock;
- each of our directors;
- each of our named executive officers; and
- all of our directors and executive officers following the spin-off as a group.

To the extent our directors and executive officers own LINN common stock at the record date of the spin-off, they will participate in the distribution on the same terms as other holders of LINN common stock.

Unless otherwise noted, each beneficial owner has sole voting power and sole investment power.

Immediately following the spin-off, we estimate that approximately shares of our common stock will be issued and outstanding, based on the number of shares of LINN common stock expected to be outstanding as of the record date and based on each holder of LINN common stock receiving one share of Riviera common stock for each share of LINN common stock. The actual number of shares of our common stock outstanding following the spin-off will be determined on , 2018, the record date.

Name and Address of Beneficial Owner	Shares of Common Stock Beneficially Owned(1)	Percentage of Outstanding
5% Stockholders:		
Elliott funds(2)	15,794,132	20.0%

* Less than 1% based on 78,924,655 shares of LINN common stock outstanding as of May 31, 2018.

(1) The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power, which includes the power to vote or direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. Under these rules, more than one person

may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. The number of shares beneficially owned by a person includes shares of common stock underlying any derivative securities that are currently exercisable or vested or will be exercisable or vested within 60 days of the date of this prospectus. The shares issuable under any such securities are treated as outstanding for computing the percentage ownership of the person holding these securities, but are not treated as outstanding for the purposes of computing the percentage ownership of any other person.

(2) Consists of (i) 26,513 shares owned by Elliott Associates, L.P. ("Elliott Associates"), (ii) 5,027,660 shares owned by The Liverpool Limited Partnership ("Liverpool") and (iii) 10,739,959 shares owned by Spraberry Investments Inc. ("Spraberry," and collectively with Elliot Associates and Liverpool, the "Elliot funds"). The sole limited partner of Liverpool is Elliott Associates. Spraberry is an indirect subsidiary of Elliott International, L.P. ("Elliott LP"). Elliott International Capital Advisors Inc. is the investment manager of Elliott LP ("Elliott IM") and is regulated by the SEC as an investment advisor. Elliott IM has voting and investment power with respect to the shares held by Spraberry and may be deemed to be the beneficial owner thereof. The sole limited partner of Elliott LP is Elliott International Limited. There is no single beneficial shareholder of Elliott International Limited holding shares equal to 10% or more of its total capital. Each of Elliot Advisors GP LLC, Elliott Capital Advisors, L.P. and Elliott Special GP, LLC, is a general partner of Elliott Associates and is regulated by the SEC as an investment advisor. Each of Elliot Advisors GP LLC, Elliott Capital Advisors, L.P. and Elliott Special GP, LLC has voting and investment power with respect to the shares held by Elliott Associates and may be deemed to be the beneficial owner thereof. There is no single beneficial limited partner of Elliott Associates holding limited partnership interests equal to 10% or more of its total capital. Andrew Taylor, a member of the investment team of Elliott Management Corporation, an affiliate of the Elliott funds, will serve on the board of directors of the Company. The address of each of the foregoing entities and Mr. Taylor is c/o Elliott Management Corporation, 40 West 57th Street, New York, New York 10019.

(3) Consists of (i) 548,558 shares owned by Fir Tree Capital Opportunity Master Fund III, L.P., (ii) 1,826,728 shares owned by Fir Tree Capital Opportunity Master Fund, L.P., (iii) 9,968,920 shares owned by Fir Tree E&P Holdings VI, LLC, (iv) 1,150,589 shares owned by FT SOF IV Holdings, LLC and (v) 1,217,275 shares owned by FT SOF V Holdings, LLC (collectively, the "Fir Tree funds"). Fir Tree Capital Management LP ("FTCM") (f/k/a Fir Tree Inc.) is the investment manager for the Fir Tree funds. Jeffrey Tannenbaum, David Sultan and Clinton Biondo control FTCM. Each of FTCM, Messrs. Tannenbaum, Sultan and Biondo has voting and investment power with respect to the shares of common stock owned by the Fir Tree funds and may be deemed to be the beneficial owner of such shares. Evan S. Lederman will serve on the board of directors of the Company and is a partner of FTCM. Mr. Lederman does not have voting and investment power with respect to the shares of common stock owned by the Fir Tree funds in his capacity as a partner of FTCM. The address of each of the foregoing entities, Mr. Sultan and Mr. Lederman is c/o Fir Tree Inc., 55 West 46th Street, 29th Floor, New York, New York 10036.

(4) Consists of (i) 1,272,896 shares owned by York Capital Management, L.P., (ii) 2,788,317 shares owned by York Credit Opportunities Investments Master Fund, L.P., (iii) 2,188,884 shares owned by York Credit Opportunities Fund, L.P., (iv) 1,779,012 shares owned by York Multi-Strategy Master Fund, L.P., (v) 109,603 shares owned by Exuma Capital, L.P., (vi) 278,587 shares owned by York Select Strategy Master Fund, L.P. and (vii) 35,061 shares owned by Jorvik Multi-Strategy Master Fund, L.P. (collectively, the "York Capital funds"). York Capital Management Global Advisors, LLC ("YCMGA") is the senior managing member of the general partner of each of the York Capital funds. James G. Dinan is the chairman of, and controls, YCMGA. Each of YCMGA and Mr. Dinan has voting and investment power with respect to the shares owned by each of the York Capital funds and may be deemed to be beneficial owners thereof. Each of YCMGA and Mr. Dinan disclaim beneficial ownership of such shares except to the extent of their pecuniary interests therein. Matthew W. Bonanno, a partner of YCMGA, will serves on the board of directors of the Company. The address of the York Capital funds, Mr. Dinan and Mr. Bonanno is 767 Fifth Avenue, 17th Floor, New York, New York 10153.

(5) Consists of (i) 312,663 shares in respect of LINN common stock owned by Mr. Rottino as of May 31, 2018 and (ii) 236,783 shares in respect of restricted LINN common stock that will fully vest in connection with the spin-off.

(6) The address of each beneficial owner is c/o Riviera Resources, Inc., 600 Travis, Houston, Texas 77002.

DESCRIPTION OF CAPITAL STOCK

As part of the spin-off, LINN Energy will effect an internal reorganization, and Riviera Resources, LLC will convert from a Delaware limited liability company to a Delaware corporation and change its name to Riviera Resources, Inc. In connection with such conversion, membership interests in our company will be converted into shares of common stock in Riviera Resources, Inc., and LINN Energy will adopt the Riviera Resources, Inc. certificate of incorporation and bylaws immediately prior to the consummation of the spin-off. The following description of certain terms of our common stock as it will be in effect upon completion of the spin-off is a summary and is qualified in its entirety by reference to our certificate of incorporation and our bylaws. The certificate of incorporation and bylaws, each in a form expected to be in effect at the time of the distribution, have been included as exhibits to the registration statement on Form S-1, of which this prospectus forms a part.

Under "Description of Capital Stock," "we," "us," "our" and "our company" refer to Riviera Resources, Inc. and not to any of its subsidiaries.

Authorized Capitalization

Prior to the distribution date, our board of directors and LINN Energy, as our sole stockholder, will approve and adopt versions of our certificate of incorporation and bylaws. Under our certificate of incorporation, authorized capital stock will consist of 300,000,000 shares, which will include 270,000,000 shares of our common stock, par value $0.01 per share, and 30,000,000 shares of preferred stock, par value $0.01 per share.

Common Stock

We estimate that shares of our common stock will be issued and outstanding immediately after the spin-off, based on the number of shares of LINN common stock that we expect will be outstanding as of the record date. The actual number of shares of our common stock outstanding following the spin-off will be determined on , 2018, the record date.

Dividends. Subject to the rights granted to any holders of preferred stock, holders of the shares of our common stock will be entitled to dividends in the amounts and at the times declared by our board of directors in its discretion out of any assets or funds of Riviera legally available for the payment of dividends. Following the conversion, we will be incorporated in Delaware and we are governed by Delaware law. Delaware law allows a corporation to pay dividends only out of surplus, as determined under Delaware law, or, if no such surplus exists, out of the corporation's net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year (provided that such payment will not reduce capital below the amount of capital represented by all classes of shares having a preference upon the distribution of assets).

Voting Rights. Each share of common stock will be entitled to one vote on all matters submitted to a vote of our stockholders. There will be no cumulative voting rights for the election of directors, which means that the holders of a majority of the shares of our common stock will be entitled to elect all of Riviera's directors, unless the number of nominees for director exceeds the number of directors to be elected, in which case, the directors will be elected by a plurality of the shares represented in person or by proxy and entitled to vote on the election of directors.

Liquidation Rights. Except as otherwise required by our bylaws or certificate of incorporation, our common stock will have all rights and privileges typically associated with such securities as set forth in the DGCL in relation to rights upon liquidation.

Fully Paid. All of our outstanding shares of common stock are fully paid and nonassessable, and the shares of common stock we will issue in connection with the spin-off will also be fully paid and nonassessable. The holders of our common stock will have no preemptive rights and no rights to convert their common stock into any other securities, and our common stock will not be subject to any redemption or sinking fund provisions.

Preferred Stock

Under the terms of our certificate of incorporation, the number of authorized shares of preferred stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of all of the then-outstanding shares of capital stock of Riviera entitled to vote thereon, without a vote of the holders of the preferred stock, or of any series thereof, unless a vote of any such holders is required pursuant to the terms of any preferred stock designation.

Our board of directors will be authorized, subject to any limitations prescribed by law, to provide for the issuance of shares of preferred stock in series, and by filing a certificate pursuant to the applicable law of the state of Delaware, to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences, and rights of the shares of each such series and any qualifications, limitations or restrictions thereof.

No shares of our preferred stock were issued and outstanding as of , 2018.

Directors

Our board of directors will consist of one or more directors, and is currently comprised of six directors. The number of directors may be fixed from time to time by a resolution adopted by our board of directors. Each director to be elected by stockholders will be determined by a plurality of the votes cast. There is no cumulative voting in the election of directors. Directors may be removed, with or without cause, by a majority vote of our voting stock.

All directors will be in one class and serve for a term ending at the annual meeting following the annual meeting at which the director was elected. Our current class of directors will be subject to reelection at our 2019 annual meeting.

Stockholder Action by Written Consent

Pursuant to Section 228 of the DGCL and our certificate of incorporation, any action required to be taken at any annual or special meeting of our stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is or are signed by the holders of our outstanding common stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted.

Anti-Takeover Effects of Our Certificate of Incorporation, Bylaws and Delaware Law

Our certificate of incorporation, our bylaws and Delaware statutory law contain provisions that are intended to enhance the likelihood of continuity and stability in the composition of our board of directors and that could make it more difficult to acquire control of the Company by means of a tender offer, open market purchases, a proxy contest or otherwise. The Company expects that these provisions, which are summarized below, will discourage coercive takeover practices and inadequate takeover bids. These provisions also are designed to encourage persons seeking to acquire control of the Company to first negotiate with our board of directors, which the Company believes may result in an improvement of the terms of any such acquisition in favor of the Company's stockholders. However, they also give our board of directors the power to discourage acquisitions that some stockholders may favor. A description of these provisions is set forth below.

Undesignated Preferred Stock

The authority possessed by our board of directors to issue preferred stock could potentially be used to discourage attempts by third-parties to obtain control of our company through a merger, tender offer, proxy

contest or otherwise by making such attempts more difficult or more costly. Our board of directors may issue preferred stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of common stock. There are no current agreements or understandings with respect to the issuance of preferred stock and our board of directors has no present intention to issue any shares of preferred stock.

Calling of Special Meeting of Stockholders

Stockholders are only permitted to call a special meeting upon a written request of holders of record of at least the majority of the voting power of the outstanding capital stock of the Company.

Amendment of the Bylaws

Under the DGCL, the power to adopt, amend or repeal bylaws is conferred upon the stockholders. A corporation may, however, in its certificate of incorporation also confer upon our board of directors the power to adopt, amend or repeal its bylaws. Our certificate of incorporation and bylaws will grant to our board of directors the power to adopt, amend, restate or repeal the bylaws, provided that until the earlier of a listing of the capital stock on a national exchange and the consummation of an initial public offering, none of the provisions regarding information rights, affiliate transactions, transactions requiring stockholder approval, or amendments to the bylaws may be repealed or amended in any manner that is materially adverse to any stockholder, unless such repeal or amendment shall have been approved by 66 2/3% of our common stock.

Requirements for Advance Notification of Stockholder Nominations and Proposals

Our bylaws will establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of our board of directors or a committee of our board of directors.

Delaware Anti-Takeover Law

We will not be subject to the provisions of Section 203 of the DGCL, regulating corporate takeovers. In general, those provisions prohibit a Delaware corporation, including those whose securities are quoted for trading on the OTC Market, from engaging in any business combination with any interested shareholder for a period of three years following the date that the shareholder became an interested shareholder, unless:

- the transaction is approved by our board of directors before the date the interested shareholder attained that status;
- upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or
- on or after such time the business combination is approved by our board of directors and authorized at a meeting of shareholders by at least two-thirds of the outstanding voting stock that is not owned by the interested shareholder.

Newly Created Directorships and Vacancies on the Board

Under our bylaws, any vacancies on our board of directors for any reason and any newly created directorships resulting from any increase in the number of directors may be filled solely by our board of directors upon a vote of a majority of the remaining directors then in office, even if they constitute less than a quorum of the board or by a sole remaining director, or by a majority vote of our common stock, at either a special meeting of the stockholders or by written consent.

No Cumulative Voting

Our certificate of incorporation and bylaws will not provide for cumulative voting in the election of directors.

Exclusive Forum

Our certificate of incorporation will provide that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, if the Court of Chancery shall not have jurisdiction, another state court located within the state of Delaware, or if no such state court shall have jurisdiction, the federal district court for the District of Delaware) will be, to the fullest extent permitted by law, the exclusive forum for (i) any derivative action or proceeding brought on behalf of the Company, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Company to the Company or the Company's stockholders, (iii) any action asserting a claim against the Company, its directors, officers or employees arising pursuant to any provision of the DGCL or this certificate of incorporation or the bylaws of the Company, or (iv) any action asserting a claim against the Company, its directors, officers or employees governed by the internal affairs doctrine. Any person or entity purchasing or otherwise holding any interest in shares of capital stock of the Company will be deemed to have notice of and consented to the foregoing forum selection provisions.

Limitation of Liability of Directors

Our certificate of incorporation will provide that no director shall be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted by the DGCL. The effect of this provision is to eliminate the Company's and its stockholders' rights, through stockholders' derivative suits on the Company's behalf, to recover monetary damages against a director for a breach of fiduciary duty as a director.

The Company may purchase insurance on behalf of any officer, director, employee or other agent for any liability arising out of that person's actions as our officer, director, employee or agent, regardless of whether Delaware law would permit indemnification. In connection with our emergence from bankruptcy, we have entered into indemnity agreements with each of our directors and officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liability that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Section 102 of the DGCL allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the corporation or is or was serving at the corporation's request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify applies (a) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (b) if such person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no

reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the corporation, unless the court believes that in the light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of our board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Ticker Symbol

We intend to have our common stock quoted for trading on the OTC Market, where we expect to qualify as an SEC-reporting company, under the ticker symbol "RVRA".

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

DESCRIPTION OF MATERIAL INDEBTEDNESS

Revolving Credit Facility

On August 4, 2017, LINN Energy entered into a credit agreement with Royal Bank of Canada, as administrative agent, and the lenders and agents party thereto (the "Credit Agreement") providing for a new senior secured reserve-based revolving loan facility (the "Revolving Credit Facility") with $500 million in borrowing commitments, subject to adjustments of the borrowing base as provided in the Credit Agreement. As of the date of this prospectus, a subsidiary of LINN Energy is the borrower under the Revolving Credit Facility. In connection with the Credit Facility Amendment, Riviera became a guarantor under the Revolving Credit Facility. Prior to the consummation of the spin-off, the borrower under the Revolving Credit Facility is expected to become a subsidiary of Riviera.

As of March 31, 2018, there were no borrowings outstanding under the Revolving Credit Facility and there was approximately $343 million of available borrowing capacity (which includes a $47 million reduction for outstanding letters of credit). The Revolving Credit Facility matures on August 4, 2020. In connection with entry into the Revolving Credit Facility, that certain Credit Agreement, dated as of February 28, 2017, among the Company, Wells Fargo Bank, National Association, as administrative agent, and the lenders party thereto was terminated and repaid in full.

Redeterminations of the borrowing base under the Revolving Credit Facility are based primarily on reserve reports using lender commodity price expectations at such time. The borrowing base will be redetermined semi-annually, on April 1 and October 1. The next scheduled borrowing base redetermination will take place on October 1, 2018.

At LINN Energy's election, interest on borrowings under the Revolving Facility is determined by reference to either the London Interbank Offered Rate ("LIBOR") plus an applicable margin ranging from 2.50% to 3.50% per annum depending on utilization of the borrowing base or the alternate base rate ("ABR") plus an applicable margin ranging from 1.50% to 2.50% per annum depending on utilization of the borrowing base. Interest is generally payable in arrears on the last day of March, June, September and December for loans bearing interest based at the ABR and at the end of the applicable interest period for loans bearing interest at the LIBOR, or if such interest period is longer than three months, at the end of three month intervals during such interest period. LINN Energy is required, and following the spin-off, we will be required, to pay a commitment fee to the lenders under the Revolving Credit Facility, which accrues at a rate per annum of 0.50% on the average daily unused amount of the available revolving loan commitments of the lenders or the borrowing base, if less.

The obligations under the Revolving Credit Facility are secured by mortgages covering approximately 85% of the total value of the proved reserves of the oil and natural gas properties of LINN Energy, along with liens on substantially all personal property of LINN Energy. The obligations under the Revolving Credit Facility are also guaranteed by LINN Energy's subsidiaries, subject to customary exceptions.

Under the Revolving Credit Facility, the Company is required, and following the spin-off, we will be required, to maintain (i) a maximum total net debt to last twelve months EBITDAX ratio of 4.0 to 1.0, and (ii) a minimum ratio of current assets (including undrawn capacity under the Revolving Credit Facility) to current liabilities of 1.0 to 1.0.

The Credit Agreement also contains affirmative and negative covenants customary for credit facilities of this nature, including as to compliance with laws (including environmental laws, ERISA and anti-corruption laws), maintenance of required insurance, delivery of quarterly and annual financial statements, oil and gas engineering reports and budgets, maintenance and operation of property (including oil and gas properties), restrictions on the incurrence of liens and indebtedness, mergers, consolidations and sales of assets and transactions with affiliates.

The Credit Agreement contains events of default and remedies customary for credit facilities of this nature. If the Company does not comply with the financial and other covenants in the Credit Agreement, the lenders may, subject to customary cure rights, require immediate payment of all amounts outstanding under the Credit Agreement.

SHARES ELIGIBLE FOR FUTURE SALE

There is currently no public market for our common stock. Future sales of substantial amounts of our common stock in the public market, or the availability of such shares for sale in the public market, could adversely affect the market price of our common stock prevailing from time to time and could impair our ability to raise capital through sales of equity securities.

Sales of Restricted Securities

On , 2018, Linn Energy, Inc. had approximately shares of its Class A common stock, par value $0.001 per share, issued and outstanding. Based on this number, we expect that upon completion of the spin-off, we will have approximately shares of common stock issued and outstanding. The shares of our common stock that you will receive in the distribution will be freely transferable, unless you are considered an "affiliate" of ours under Rule 144 under the Securities Act. Persons who can be considered our affiliates after the spin-off generally include individuals or entities that directly, or indirectly through one or more intermediaries, control, are controlled by, or are under common control with, us, and may include certain of our officers and directors. As of the distribution date, we estimate that our directors, officers and their affiliates will beneficially own in the aggregate approximately % of our shares. In addition, individuals who are affiliates of LINN Energy on the distribution date may be deemed to be affiliates of ours. Our affiliates may sell shares of our common stock received in the distribution only:

- under a registration statement that the SEC has declared effective under the Securities Act; or
- under an exemption from registration under the Securities Act, such as the exemption afforded by Rule 144.

Rule 144

In general, under Rule 144 as currently in effect, a person (or persons whose shares are aggregated), including an affiliate, who beneficially owns "restricted securities" of a "reporting company" may not sell these securities until the person has beneficially owned them for at least six months. Thereafter, affiliates may not sell within any three-month period a number of shares in excess of the greater of:

- 1.0% of our common stock then outstanding; or
- the average weekly trading volume in such securities during the four preceding calendar weeks.

Sales under Rule 144 by our affiliates are also subject to restrictions relating to manner of sale, notice and the availability of current public information about us and may be affected only through unsolicited brokers' transactions.

Persons not deemed to be affiliates who have beneficially owned "restricted securities" for at least six months but for less than one year may sell these securities, provided that current public information about the Company is "available," which means that, on the date of sale, we have been subject to the reporting requirements of the Exchange Act for at least 90 days and are current in our Exchange Act filings. After beneficially owning "restricted securities" for one year, our non-affiliates may engage in unlimited re-sales of such securities.

Shares received by our affiliates in the distribution or upon exercise of stock options or upon vesting of other equity-linked awards may be "controlled securities" rather than "restricted securities." "Controlled securities" are subject to the same volume limitations as "restricted securities" but are not subject to holding period requirements.

Except for our common stock distributed in the distribution and employee-based equity awards, we will have no equity securities outstanding immediately after the spin-off. In the future, we may adopt new equity-based compensation plans and issue stock-based awards. We currently expect to file a registration statement under the Securities Act to register shares to be issued under these equity plans. Shares issued pursuant to awards after the effective date of that registration statement, other than shares issued to affiliates, generally will be freely tradable without further registration under the Securities Act.

LEGAL MATTERS

The validity of the common stock to be distributed in the spin-off will be passed upon for Riviera by Kirkland & Ellis LLP, Houston, Texas.

EXPERTS

The consolidated and combined financial statements of Riviera Resources, LLC and its subsidiaries, as of December 31, 2017 (Successor) and 2016 (Predecessor), and for the ten months ended December 31, 2017 (Successor), the two months ended February 28, 2017 and for the years ended December 31, 2016 and 2015 (Predecessor), have been incorporated by reference herein and in the registration statement in reliance upon the reports of KPMG LLP, an independent registered public accounting firm, and upon the authority of said firm as experts in auditing and accounting.

The audit report covering the December 31, 2017, 2016 and 2015 consolidated and combined financial statements states they were prepared on a combined basis of accounting, and in conformity with Accounting Standards Codification 852-10, Reorganizations, for the Successor as a new entity with assets, liabilities and a capital structure having carrying amounts not comparable with prior periods.

Certain estimates of our net oil and natural gas reserves and related information included or incorporated by reference in this prospectus have been derived from reports prepared by DeGolyer and MacNaughton. All such information has been so included or incorporated by reference on the authority of such firm as experts regarding the matters contained in its reports.

WHERE YOU CAN FIND MORE INFORMATION

We have filed a Registration Statement on Form S-1 with the SEC with respect to the shares of common stock that LINN stockholders will receive in the distribution. This prospectus does not contain all of the information contained in the Registration Statement on Form S-1 and the exhibits and schedules to the Registration Statement on Form S-1. Some items are omitted in accordance with the rules and regulations of the SEC. For additional information relating to us and the spin-off, reference is made to the Registration Statement on Form S-1 and the exhibits to the Registration Statement on Form S-1, which are on file at the offices of the SEC. Statements contained in this prospectus as to the contents of any contract or other document referred to are not necessarily complete and in each instance, if the contract or document is filed as an exhibit, reference is made to the copy of the contract or other documents filed as an exhibit to the Registration Statement on Form S-1. Each statement is qualified in all respects by the relevant reference.

You may inspect and copy the Registration Statement on Form S-1 and the exhibits to the Registration Statement on Form S-1 that we have filed with the SEC at the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at (800) SEC-0330 for further information on the Public Reference Room. In addition, the SEC maintains an Internet site at *www.sec.gov*, from which you can electronically access the Registration Statement on Form S-1, including the exhibits and schedules to the Registration Statement on Form S-1.

We maintain an Internet site at www. .com. Our Internet site and the information contained on that site, or connected to that site, are not incorporated into the prospectus or the Registration Statement on Form S-1.

As a result of the distribution, we will be required to comply with the full informational requirements of the Exchange Act. We will fulfill our obligations with respect to these requirements by filing periodic reports and other information with the SEC.

We plan to make available, free of charge, on our Internet site our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports as soon as reasonably practicable after we electronically file or furnish such materials to the SEC.

You should rely only on the information contained in this prospectus or to which we have referred you. We have not authorized any person to provide you with different information or to make any representation not contained in this prospectus.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

(Unaudited)

Note 1 – Basis of Presentation

In April 2018, Linn Energy, Inc. ("Parent," and together with its consolidated subsidiaries, "LINN Energy") announced its intention to separate Riviera Resources, Inc. ("Riviera" or the "Company") from LINN Energy. Riviera will be a new independent oil and natural gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets, and returning capital to shareholders.

To effect the separation, Linn Energy, Inc. and certain of its direct and indirect subsidiaries will undertake an internal reorganization, following which Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan Resources, LLC ("Roan"). Upon completion of the internal reorganization, Linn Energy, Inc. will complete the spin-off by distributing to the LINN Energy stockholders all of the issued and outstanding Riviera common stock. Following the spin-off, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company, and LINN Energy will not retain any ownership interest in Riviera.

The accompanying consolidated and combined financial statements have been prepared on a stand-alone basis and are derived from Linn Energy, Inc.'s consolidated financial statements and accounting records for the periods presented as the Company was historically managed as a subsidiary of Linn Energy, Inc.

Linn Energy, Inc. is a successor issuer of Linn Energy, LLC pursuant to Rule 15d-5 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). As discussed further in Note 2, on May 11, 2016 (the "Petition Date"), Linn Energy, LLC, certain of its direct and indirect subsidiaries, and LinnCo (collectively, the "LINN Debtors") and Berry (collectively with the LINN Debtors, the "Debtors"), filed voluntary petitions ("Bankruptcy Petitions") for relief under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of Texas ("Bankruptcy Court"). The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040. During the pendency of the Chapter 11 proceedings, the Debtors operated their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. The Company emerged from bankruptcy effective February 28, 2017. References to "Successor" herein refers to the Company in periods subsequent to LINN Energy's emergence from bankruptcy and references to "Predecessor" herein refers to the Company in periods prior to LINN Energy's emergence from bankruptcy.

Nature of Business

The Company's properties are currently located in six operating regions in the United States ("U.S."): the Hugoton Basin, East Texas, North Louisiana, Michigan/Illinois, the Uinta Basin and the Mid-Continent. During 2018, the Company divested all of its properties located in the previous Permian Basin operating region. During 2017, the Company divested all of its properties located in the previous California and South Texas operating regions. The Company has classified the assets and liabilities, results of operations and cash flows of its California properties as discontinued operations on its consolidated and combined financial statements. See Note 4 for additional information.

Historically, a subsidiary of the Company also owned a 50% equity interest in Roan Resources LLC ("Roan"), which is focused on the accelerated development of the Merge/SCOOP/STACK play in Oklahoma. The Company's equity earnings (losses), consisting of its share of Roan's earnings or losses, are included in the consolidated and combined financial statements. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera's consolidated and combined financial statements in periods subsequent to the transactions.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Principles of Consolidation and Combination

The information reported herein reflects all normal recurring adjustments that are, in the opinion of management, necessary for the fair presentation of the results for the interim periods. Certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted under Securities and Exchange Commission rules and regulations; as such, this report should be read in conjunction with the financial statements and notes as of December 31, 2017 and December 31, 2016 and for the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, included elsewhere in this registration statement. The results reported in these unaudited condensed consolidated and combined financial statements should not necessarily be taken as indicative of results that may be expected for the entire year.

The consolidated and combined financial statements for Predecessor periods represent the financial position and results of operations of entities to be held by the Company after the spin-off that have historically been under common control of the Parent, which exclude LAC and Berry (each as defined in Note 2). On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as standalone unaffiliated entities. The consolidated financial statements for the Successor period represent the financial position and results of operations of entities that were under the control of Linn Energy Holdco LLC (a subsidiary of the Parent). The Company presents its consolidated and combined financial statements in accordance with U.S. generally accepted accounting principles ("GAAP"). The consolidated and combined financial statements include the accounts of the Company and its subsidiaries. All significant intercompany transactions and balances have been eliminated. The historical consolidated and combined financial statements represent the financial position and results of operations of entities to be held by the Company prior to the separation transaction that have historically been under control of the Parent. The consolidated financial statements were prepared on a carve-out basis and reflect significant assumptions and allocations.

Investments in noncontrolled entities over which the Company exercises significant influence are accounted for under the equity method. See Note 6 for additional information about equity method investments.

Bankruptcy Accounting

Upon emergence from bankruptcy on February 28, 2017, the Company adopted fresh start accounting which resulted in the Company becoming a new entity for financial reporting purposes. As a result of the adoption of fresh start accounting and the effects of the implementation of the Plan, the Company's condensed consolidated financial statements subsequent to February 28, 2017, are not comparable to its condensed consolidated and combined financial statements prior to February 28, 2017. References to "Successor" relate to the financial position and results of operations of the reorganized Company subsequent to February 28, 2017. References to "Predecessor" relate to the financial position of the Company prior to, and results of operations through and including, February 28, 2017. The Company's condensed consolidated and combined financial statements and related footnotes are presented with a black line division, which delineates the lack of comparability between amounts presented after February 28, 2017, and amounts presented on or prior to February 28, 2017. See Note 2 for additional information.

Use of Estimates

The preparation of the accompanying condensed consolidated and combined financial statements in conformity with GAAP requires management of the Company to make estimates and assumptions about future events. These

estimates and the underlying assumptions affect the amount of assets and liabilities reported, disclosures about contingent assets and liabilities, and reported amounts of revenues and expenses. The estimates that are particularly significant to the financial statements include estimates of the Company's reserves of oil, natural gas and natural gas liquids ("NGL"), future cash flows from oil and natural gas properties, depreciation, depletion and amortization, asset retirement obligations, certain revenues and operating expenses, and fair values of commodity derivatives. In addition, as part of fresh start accounting, the Company made estimates and assumptions related to its reorganization value, liabilities subject to compromise, the fair value of assets and liabilities recorded as a result of the adoption of fresh start accounting and income taxes.

As fair value is a market-based measurement, it is determined based on the assumptions that market participants would use. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates. Any changes in estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

Recently Adopted Accounting Standards

In November 2016, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") that is intended to address diversity in the classification and presentation of changes in restricted cash on the statement of cash flows. The Company adopted this ASU on January 1, 2018, on a retrospective basis. The adoption of this ASU resulted in the inclusion of restricted cash in the beginning and ending balances of cash on the statements of cash flows and disclosure reconciling cash and cash equivalents presented on the balance sheets to cash, cash equivalents and restricted cash on the statement of cash flows (see Note 14).

In May 2014, the FASB issued an ASU that is intended to improve and converge the financial reporting requirements for revenue from contracts with customers ("ASC 606"). The Company adopted this ASU on January 1, 2018, using the modified retrospective transition method. Accordingly, the comparative information for the three months ended March 31, 2017, has not been adjusted and continues to be reported under the previous revenue standard. The adoption of this ASU impacted the Company's gross revenues and expenses as reported on its condensed consolidated statements of operations (see below), and resulted in increased disclosures regarding the Company's disaggregation of revenue (see Note 3).

Under ASC 606, the Company recognizes revenues based on a determination of when control of its commodities is transferred and whether it is acting as a principal or agent in certain transactions. All facts and circumstances of an arrangement are considered and judgment is often required in making this determination. For its natural gas contracts, the Company generally records its sales at the wellhead or inlet of the plant as revenues net of transportation, gathering and processing expenses if the processor is the customer and there is no redelivery of commodities to the Company. Conversely, the Company generally records its sales at the tailgate of the plant on a gross basis along with the associated transportation, gathering and processing expenses if the processor is a service provider and there is redelivery of commodities to the Company.

In addition, the Company recognizes revenues for commodities received as noncash consideration in exchange for services provided by its midstream operations and revenues and associated cost of product for the subsequent sale of those same commodities. This recognition results in an increase to revenues and expenses with no material impact on net income.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

The items discussed above impacted the Company's reported "oil, natural gas and natural gas liquids sales," "marketing revenues," "transportation expenses" and "marketing expenses." The impact of adoption on the Company's current period results is as follows:

	Three Months Ended March 31, 2018		
	Under ASC 606	Under Prior Rule	Increase/ (Decrease)
	(in thousands)		
Revenues:			
Natural gas sales	$ 63,328	$ 64,509	$ (1,181)
Oil sales	45,696	45,696	—
NGL sales	27,852	27,942	(90)
Total oil, natural gas and NGL sales	136,876	138,147	(1,271)
Marketing revenues	46,267	28,115	18,152
Other revenues	5,894	5,673	221
	189,037	171,935	17,102
Expenses:			
Transportation expenses	19,094	20,365	(1,271)
Marketing expenses	41,755	23,603	18,152
Net income	$ 70,939	$ 70,718	$ 221

New Accounting Standards Issued But Not Yet Adopted

In February 2016, the FASB issued an ASU that is intended to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet. This ASU will be applied retrospectively as of the date of adoption and is effective for fiscal years beginning after December 15, 2018, and interim periods within those years (early adoption permitted). The Company is currently evaluating the impact of the adoption of this ASU on its financial statements and related disclosures. The Company expects the adoption of this ASU to impact its balance sheets resulting from an increase in both assets and liabilities related to the Company's leasing activities.

Note 2 – Emergence From Voluntary Reorganization Under Chapter 11 and Fresh Start Accounting

On the Petition Date, the Debtors filed Bankruptcy Petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040.

On December 3, 2016, the LINN Debtors filed the Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other Than Linn Acquisition Company, LLC ("LAC") and Berry Petroleum Company, LLC (the "Plan"). The LINN Debtors subsequently filed amended versions of the Plan with the Bankruptcy Court.

On January 27, 2017, the Bankruptcy Court entered an order approving and confirming the Plans (the "Confirmation Order"). On February 28, 2017 (the "Effective Date"), the Debtors satisfied the conditions to effectiveness of the respective Plan, the Plan became effective in accordance with its terms and LINN Energy emerged from bankruptcy.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Reorganization Items, Net

The Company incurred significant costs and recognized significant gains associated with the reorganization. Reorganization items represent costs and income directly associated with the Chapter 11 proceedings since the Petition Date, and also include adjustments to reflect the carrying value of certain liabilities subject to compromise at their estimated allowed claim amounts, as such adjustments were determined. The following table summarizes the components of reorganization items included on the condensed consolidated and combined statements of operations:

	Successor		Predecessor
(in thousands)	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
Gain on settlement of liabilities subject to compromise	$ —	$ —	$ 3,914,964
Recognition of an additional claim for the Predecessor's second lien notes settlement	—	—	(1,000,000)
Fresh start valuation adjustments	—	—	(591,525)
Income tax benefit related to implementation of the Plan	—	—	264,889
Legal and other professional fees	(1,952)	(2,570)	(46,961)
Terminated contracts	—	—	(6,915)
Other	1	5	(13,315)
Reorganization items, net	$ (1,951)	$ (2,565)	$ 2,521,137

Fresh Start Accounting

Upon LINN Energy's emergence from Chapter 11 bankruptcy, it adopted fresh start accounting in accordance with the provisions of Accounting Standards Codification 852 "Reorganizations" ("ASC 852"), which resulted in the Parent becoming a new entity for financial reporting purposes. In accordance with ASC 852, the Parent was required to adopt fresh start accounting upon its emergence from Chapter 11 because (i) the holders of existing voting ownership interests of the predecessor of the Parent received less than 50% of the voting shares of the successor of the Parent and (ii) the reorganization value of the Company's assets immediately prior to confirmation of the Plan was less than the total of all post-petition liabilities and allowed claims.

Upon adoption of fresh start accounting, the reorganization value derived from the enterprise value as disclosed in the Plan was allocated to the Company's assets and liabilities based on their fair values (except for deferred income taxes) in accordance with ASC 805 "Business Combinations." The amount of deferred income taxes recorded was determined in accordance with ASC 740 "Income Taxes." The Effective Date fair values of the Company's assets and liabilities differed materially from their recorded values as reflected on the historical balance sheet. The effects of the Plan and the application of fresh start accounting were reflected on the condensed consolidated and combined balance sheet as of February 28, 2017, and the related adjustments thereto were recorded on the condensed consolidated and combined statement of operations for the two months ended February 28, 2017.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Note 3 – Revenues

Revenue from Contracts with Customers

The Company recognizes sales of oil, natural gas and NGL when it satisfies a performance obligation by transferring control of the product to a customer, in an amount that reflects the consideration to which the Company expects to be entitled in exchange for the product.

Natural Gas and NGL Sales

The Company's natural gas production is primarily sold under market-sensitive contracts that are typically priced at a differential to the published natural gas index price for the producing area due to the natural gas quality and the proximity to major consuming markets.

For its natural gas contracts, the Company generally records its wet gas sales at the wellhead or inlet of the plant as revenues net of transportation, gathering and processing expenses, and its residual natural gas and NGL sales at the tailgate of the plant on a gross basis along with the associated transportation, gathering and processing expenses. All facts and circumstances of an arrangement are considered and judgment is often required in making this determination.

Oil Sales

The Company's oil production is primarily sold under market-sensitive contracts that are typically priced at a differential to the New York Mercantile Exchange ("NYMEX") price or at purchaser posted prices for the producing area. For its oil contracts, the Company generally records its sales based on the net amount received.

Production Imbalances

The Company uses the sales method to account for natural gas production imbalances. If the Company's sales volumes for a well exceed the Company's proportionate share of production from the well, a liability is recognized to the extent that the Company's share of estimated remaining recoverable reserves from the well is insufficient to satisfy this imbalance. No receivables are recorded for those wells on which the Company has taken less than its proportionate share of production.

Marketing Revenues

The Company engages in the purchase, gathering and transportation of third-party natural gas and subsequently markets such natural gas to independent purchasers under separate arrangements. As such, the Company separately reports third-party marketing revenues and marketing expenses.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Disaggregation of Revenue

The following tables present the Company's disaggregated revenues by source and geographic area:

	Successor						
	Three Months Ended March 31, 2018						
	Natural Gas	Oil	NGL	Oil, Natural Gas and NGL Sales	Marketing Revenues	Other Revenues	Total
	(in thousands)						
Hugoton Basin	$ 22,363	$ 2,732	$ 19,514	$ 44,609	$ 24,080	$ 5,831	$ 74,520
Mid-Continent	7,933	11,867	3,054	22,854	21,892	14	44,760
Permian Basin	2,026	20,108	3,045	25,179	—	16	25,195
East Texas	14,776	1,340	1,306	17,422	36	5	17,463
Uinta	3,380	7,370	1,358	12,108	—	(2)	12,106
North Louisiana	6,378	1,569	(436)	7,511	259	1	7,771
Michigan/Illinois	6,472	710	11	7,193	—	29	7,222
Total	$ 63,328	$ 45,696	$ 27,852	$ 136,876	$ 46,267	$ 5,894	$ 189,037

Contract Balances

Under the Company's product sales contracts, its customers are invoiced once the Company's performance obligations have been satisfied, at which point payment is unconditional. Accordingly, the Company's product sales contracts do not give rise to material contract assets or contract liabilities.

The Company had trade accounts receivable related to revenue from contracts with customers of approximately $81 million and $117 million as of March 31, 2018, and December 31, 2017, respectively.

Performance Obligations

The majority of the Company's sales are short-term in nature with a contract term of one year or less. For those contracts, the Company utilized the practical expedient in ASC 606-10-50-14 exempting the Company from disclosure of the transaction price allocated to remaining performance obligations if the performance obligation is part of a contract that has an original expected duration of one year or less.

For the Company's product sales that have a contract term greater than one year, the Company utilized the practical expedient in ASC 606-10-50-14(A) which states the Company is not required to disclose the transaction price allocated to remaining performance obligations if the variable consideration is allocated entirely to a wholly unsatisfied performance obligation. Under these sales contracts, each unit of product generally represents a separate performance obligation; therefore future volumes are wholly unsatisfied and disclosure of the transaction price allocated to remaining performance obligations is not required.

Note 4 – Divestitures and Discontinued Operations

Divestitures

On March 29, 2018, the Company completed the sale of its interest in conventional properties located in west Texas (the "West Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $108 million (including approximately $12 million of restricted cash released in April 2018), net of costs to sell of approximately $1 million, and the Company recognized a net gain of approximately $53 million.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

On February 28, 2018, the Company completed the sale of its Oklahoma waterflood and Texas Panhandle properties (the "Oklahoma and Texas Assets Sale"). Cash proceeds received from the sale of these properties were approximately $112 million (including a deposit of approximately $12 million received in 2017), net of costs to sell of approximately $1 million, and the Company recognized a net gain of approximately $48 million.

The divestitures discussed above are not presented as discontinued operations because they do not represent a strategic shift that will have a major effect on the Company's operations and financial results. The gains on these divestitures are included in "gains (losses) on sale of assets and other, net" on the condensed consolidated statement of operations.

Divestitures – Subsequent Events

On April 10, 2018, the Company completed the sale of its conventional properties located in New Mexico (the "New Mexico Assets Sale") related to a definitive purchase and sale agreement entered into in March 2018 and received cash proceeds of approximately $15 million.

On April 4, 2018, the Company completed the sale of its interest in properties located in the Altamont Bluebell Field in Utah (the "Altamont Bluebell Assets Sale") related to definitive purchase and sale agreement entered into in January 2018 and received cash proceeds of approximately $129 million.

The assets and liabilities associated with the Altamont Bluebell Assets Sale and the New Mexico Assets Sale are classified as "held for sale" on the condensed consolidated balance sheet at March 31, 2018. At March 31, 2018, the Company's condensed consolidated balance sheet included current assets of approximately $92 million included in "assets held for sale" and current liabilities of approximately $43 million included in "liabilities held for sale" related to these transactions. In addition, the assets and liabilities associated with the Oklahoma and Texas Assets Sale were classified as "held for sale" on the condensed consolidated balance sheet at December 31, 2017. At December 31, 2017, the Company's condensed consolidated balance sheet included current assets of approximately $107 million included in "assets held for sale" and current liabilities of approximately $43 million included in "liabilities held for sale" related to this transaction.

The following table presents carrying amounts of the assets and liabilities of the Company's properties classified as held for sale on the condensed consolidated balance sheets:

	March 31, 2018	December 31, 2017
	(in thousands)	
Assets:		
Oil and natural gas properties	$ 89,875	$ 92,245
Other property and equipment	1,433	12,983
Other	1,184	1,735
Total assets held for sale	$ 92,492	$ 106,963
Liabilities:		
Asset retirement obligations	$ 40,037	$ 42,001
Other	2,854	1,301
Total liabilities held for sale	$ 42,891	$ 43,302

Other assets primarily include inventories and other liabilities primarily include accounts payable.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Discontinued Operations

During 2017, the Company completed the sale of its interest in properties located in the San Joaquin Basin and the Los Angeles Basin in California. As a result of the Company's strategic exit from California, the Company classified the results of operations and cash flows of its California properties as discontinued operations on its condensed consolidated and combined financial statements.

The following tables present summarized financial results of the Company's California properties classified as discontinued operations on the condensed consolidated and combined statements of operations:

	Successor One Month Ended March 31, 2017	Predecessor Two Months Ended February 28, 2017
(in thousands)		
Revenues and other	$ 7,125	$ 14,891
Expenses	4,145	13,758
Other income and (expenses)	(717)	(1,681)
Income (loss) from discontinued operations before income taxes	2,263	(548)
Income tax expense	1,806	—
Income (loss) from discontinued operations, net of income taxes	$ 457	$ (548)

Note 5 – Oil and Natural Gas Properties

Oil and Natural Gas Capitalized Costs

Aggregate capitalized costs related to oil, natural gas and NGL production activities with applicable accumulated depletion and amortization are presented below:

	March 31, 2018	December 31, 2017
	(in thousands)	
Proved properties	$732,678	$ 904,390
Unproved properties	45,413	45,693
	778,091	950,083
Less accumulated depletion and amortization	(48,142)	(49,619)
	$729,949	$ 900,464

Note 6 – Equity Method Investments

On August 31, 2017, the Company, through certain of its subsidiaries, completed the transaction in which LINN Energy and Citizen Energy II, LLC ("Citizen") each contributed certain upstream assets located in Oklahoma to a newly formed company, Roan Resources LLC (the contribution, the "Roan Contribution"), focused on the accelerated development of the Merge/SCOOP/STACK play. In exchange for their respective contributions, LINN Energy and Citizen each received a 50% equity interest in Roan.

The Company uses the equity method of accounting for its investment in Roan. The Company's equity earnings (losses) consists of its share of Roan's earnings or losses and the amortization of the difference between the

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Company's investment in Roan and Roan's underlying net assets attributable to certain assets. At both March 31, 2018, and December 31, 2017, the Company owned 50% of Roan's outstanding units.

At March 31, 2018, the carrying amount of the Company's investment in Roan of approximately $483 million was less than the Company's ownership interest in Roan's underlying net assets by approximately $342 million. The difference is attributable to proved and unproved oil and natural gas properties and is amortized over the lives of the related assets. Such amortization is included in the equity earnings (losses) from the Company's investment in Roan.

As discussed above, historically, a subsidiary of the Company owned the equity interest in Roan. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera's consolidated financial statements in periods subsequent to the transactions.

Impairment testing on the Company's investment in Roan is performed when events or circumstances warrant such testing and considers whether there is an inability to recover the carrying value of the investment that is other than temporary. No impairments occurred with respect to the Company's investment in Roan for the three months ended March 31, 2018.

Following is summarized statement of operations information for Roan.

Summarized Roan Resources LLC Statement of Operations Information

	Three Months Ended March 31, 2018
	(in thousands)
Revenues and other	$ 101,084
Expenses	57,909
Other income and (expenses)	(1,799)
Net income	$ 41,376

Note 7 – Debt

Credit Facility

On August 4, 2017, LINN Energy entered into a credit agreement with its subsidiary Linn Energy Holdco II LLC ("Holdco II"), as borrower, Royal Bank of Canada, as administrative agent, and the lenders and agents party thereto, providing for a new senior secured reserve-based revolving loan facility (the "Credit Facility") with $500 million in borrowing commitments and an initial borrowing base of $500 million. The maximum commitment amount was $390 million at March 31, 2018.

On April 30, 2018, LINN Energy entered into an amendment to the Credit Facility which, among other things, modified the borrowing base and maximum borrowing commitment amount to $425 million.

As of March 31, 2018, there were no borrowings outstanding under the Credit Facility and there was approximately $343 million of available borrowing capacity (which includes a $47 million reduction for outstanding letters of credit). The maturity date is August 4, 2020.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

Redetermination of the borrowing base under the Credit Facility, based primarily on reserve reports using lender commodity price expectations at such time, occurs semi-annually, in April and October. At the Company's election, interest on borrowings under the Credit Facility is determined by reference to either the London Interbank Offered Rate ("LIBOR") plus an applicable margin ranging from 2.50% to 3.50% per annum or the alternate base rate ("ABR") plus an applicable margin ranging from 1.50% to 2.50% per annum, depending on utilization of the borrowing base. Interest is generally payable in arrears quarterly for loans bearing interest based at the ABR and at the end of the applicable interest period for loans bearing interest at the LIBOR, or if such interest period is longer than three months, at the end of the three month intervals during such interest period. The Company is required to pay a commitment fee to the lenders under the Credit Facility, which accrues at a rate per annum of 0.50% on the average daily unused amount of the available revolving loan commitments of the lenders.

The obligations under the Credit Facility are secured by mortgages covering approximately 85% of the total value of the proved reserves of the oil and natural gas properties of the Company and certain of its subsidiaries, along with liens on substantially all personal property of the Company and certain of its subsidiaries, and are guaranteed by the Company, Holdco and certain of Holdco II's subsidiaries, subject to customary exceptions. Under the Credit Facility, the Company is required to maintain (i) a maximum total net debt to last twelve months EBITDA ratio of 4.0 to 1.0, and (ii) a minimum adjusted current ratio of 1.0 to 1.0.

The Credit Facility also contains affirmative and negative covenants, including as to compliance with laws (including environmental laws, ERISA and anti-corruption laws), maintenance of required insurance, delivery of quarterly and annual financial statements, oil and gas engineering reports and budgets, maintenance and operation of property (including oil and gas properties), restrictions on the incurrence of liens and indebtedness, mergers, consolidations and sales of assets, paying dividends or other distributions in respect of, or repurchasing or redeeming, the Company's capital stock, making certain investments and transactions with affiliates.

The Credit Facility contains events of default and remedies customary for credit facilities of this nature. Failure to comply with the financial and other covenants in the Credit Facility would allow the lenders, subject to customary cure rights, to require immediate payment of all amounts outstanding under the Credit Facility.

Note 8 – Derivatives

Commodity Derivatives

Historically, the Company has hedged a portion of its forecasted production to reduce exposure to fluctuations in oil and natural gas prices and provide long-term cash flow predictability to manage its business. The current direct NGL hedging market is constrained in terms of price, volume, duration and number of counterparties, which limits the Company's ability to effectively hedge its NGL production. The Company has also hedged its exposure to differentials in certain operating areas but does not currently hedge exposure to oil or natural gas differentials.

The Company has historically entered into commodity hedging transactions primarily in the form of swap contracts that are designed to provide a fixed price, collars and, from time to time, put options that are designed to provide a fixed price floor with the opportunity for upside. The Company enters into these transactions with respect to a portion of its projected production or consumption to provide an economic hedge of the risk related to the future commodity prices received or paid. The Company does not enter into derivative contracts for trading purposes. The Company did not designate any of its contracts as cash flow hedges; therefore, the changes in fair value of these instruments are recorded in current earnings. See Note 9 for fair value disclosures about oil and natural gas commodity derivatives.

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

The following table presents derivative positions for the periods indicated as of March 31, 2018:

	2018	2019
Natural gas positions:		
Fixed price swaps (NYMEX Henry Hub):		
Hedged volume (MMMBtu)	52,525	18,615
Average price ($/MMBtu)	$ 3.02	$ 2.91
Oil positions:		
Fixed price swaps (NYMEX WTI):		
Hedged volume (MBbls)	413	—
Average price ($/Bbl)	$ 54.07	$ —
Collars (NYMEX WTI):		
Hedged volume (MBbls)	1,375	1,825
Average floor price ($/Bbl)	$ 50.00	$ 50.00
Average ceiling price ($/Bbl)	$ 55.50	$ 55.50
Natural gas basis differential positions:(1)		
NGPL TXOK basis swaps:		
Hedged volume (MMMBtu)	2,750	—
Hedge differential	$ (0.19)	—

(1) Settle on the indicated pricing index to hedge basis differential to the NYMEX Henry Hub natural gas price.

During the three months ended March 31, 2018, the Company entered into commodity derivative contracts consisting of natural gas basis swaps for March 2018 through December 2018 and natural gas fixed price swaps for January 2019 through December 2019. During the one month ended March 31, 2017, the Company entered into commodity derivative contracts consisting of natural gas fixed price swaps for January 2018 through December 2019. The Company did not enter into any commodity derivative contracts during the two months ended February 28, 2017.

In April 2018, in connection with the closing of the Altamont Bluebell Assets Sale, the Company canceled its oil collars for 2018 and 2019. The Company paid net cash settlements of approximately $20 million for the cancellations.

The natural gas derivatives are settled based on the closing price of NYMEX Henry Hub natural gas on the last trading day for the delivery month, which occurs on the third business day preceding the delivery month, or the relevant index prices of natural gas published in Inside FERC's Gas Market Report on the first business day of the delivery month. The oil derivatives are settled based on the average closing price of NYMEX WTI crude oil for each day of the delivery month.

Balance Sheet Presentation

The Company's commodity derivatives are presented on a net basis in "derivative instruments" on the condensed consolidated balance sheets. The following table summarizes the fair value of derivatives outstanding on a gross basis:

	March 31, 2018	December 31, 2017
	(in thousands)	
Assets:		
Commodity derivatives	$ 18,672	$ 22,589
Liabilities:		
Commodity derivatives	$ 32,062	$ 25,443

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

By using derivative instruments to economically hedge exposures to changes in commodity prices, the Company exposes itself to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty owes the Company, which creates credit risk. The Company's counterparties are participants in the Credit Facility. The Credit Facility is secured by certain of the Company's and its subsidiaries' oil, natural gas and NGL reserves and personal property; therefore, the Company is not required to post any collateral. The Company does not receive collateral from its counterparties.

The maximum amount of loss due to credit risk that the Company would incur if its counterparties failed completely to perform according to the terms of the contracts, based on the gross fair value of financial instruments, was approximately $19 million at March 31, 2018. The Company minimizes the credit risk in derivative instruments by: (i) limiting its exposure to any single counterparty; (ii) entering into derivative instruments only with counterparties that meet the Company's minimum credit quality standard, or have a guarantee from an affiliate that meets the Company's minimum credit quality standard; and (iii) monitoring the creditworthiness of the Company's counterparties on an ongoing basis. In accordance with the Company's standard practice, its commodity derivatives are subject to counterparty netting under agreements governing such derivatives and therefore the risk of loss due to counterparty nonperformance is somewhat mitigated.

Gains and Losses on Derivatives

Gains and losses on derivatives were net losses of approximately $15 million and $12 million for the three months ended March 31, 2018, and the one month ended March 31, 2017, respectively, and net gains of approximately $93 million for the two months ended February 28, 2017. Gains and losses on derivatives are reported on the condensed consolidated and combined statements of operations in "gains (losses) on oil and natural gas derivatives."

The Company paid net cash settlements of approximately $4 million for the three months March 31, 2018, received net cash payments of approximately $6 million for the one month ended March 31, 2017, and paid net cash settlements of approximately $12 million for the two months ended February 28, 2017.

Note 9 – Fair Value Measurements on a Recurring Basis

The Company accounts for its commodity derivatives at fair value (see Note 8) on a recurring basis. The Company determines the fair value of its oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. Inputs to the pricing models include publicly available prices and forward price curves generated from a compilation of data gathered from third parties. Company management validates the data provided by third parties by understanding the pricing models used, obtaining market values from other pricing sources, analyzing pricing data in certain situations and confirming that those instruments trade in active markets. Assumed credit risk adjustments, based on published credit ratings and public bond yield spreads, are applied to the Company's commodity derivatives.

Fair Value Hierarchy

In accordance with applicable accounting standards, the Company has categorized its financial instruments into a three-level fair value hierarchy based on the priority of inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

The following presents the fair value hierarchy for assets and liabilities measured at fair value on a recurring basis:

	March 31, 2018		
	Level 2	Netting(1)	Total
	(in thousands)		
Assets:			
Commodity derivatives	$18,672	$(10,449)	$ 8,223
Liabilities:			
Commodity derivatives	$32,062	$(10,449)	$21,613

	December 31, 2017		
	Level 2	Netting(1)	Total
	(in thousands)		
Assets:			
Commodity derivatives	$22,589	$(12,491)	$10,098
Liabilities:			
Commodity derivatives	$25,443	$(12,491)	$12,952

(1) Represents counterparty netting under agreements governing such derivatives.

Note 10 – Asset Retirement Obligations

The Company has the obligation to plug and abandon oil and natural gas wells and related equipment at the end of production operations. Estimated asset retirement costs are recognized as liabilities with an increase to the carrying amounts of the related long-lived assets when the obligation is incurred. The liabilities are included in “other accrued liabilities” and “asset retirement obligations and other noncurrent liabilities” on the condensed consolidated balance sheets. Accretion expense is included in “depreciation, depletion and amortization” on the condensed consolidated and combined statements of operations. The fair value of additions to the asset retirement obligations is estimated using valuation techniques that convert future cash flows to a single discounted amount. Significant inputs to the valuation include estimates of: (i) plug and abandon costs per well based on existing regulatory requirements; (ii) remaining life per well; (iii) future inflation factors; and (iv) a credit-adjusted risk-free interest rate. These inputs require significant judgments and estimates by the Company’s management at the time of the valuation and are the most sensitive and subject to change.

The following table presents a reconciliation of the Company’s asset retirement obligations (in thousands):

Asset retirement obligations at December 31, 2017	$164,553
Liabilities added from drilling	38
Liabilities associated with assets divested	(19,211)
Liabilities associated with assets held for sale	(40,042)
Current year accretion expense	2,474
Settlements	(1,473)
Asset retirement obligations at March 31, 2018	$106,339

Note 11 – Commitments and Contingencies

On May 11, 2016, the Debtors filed Bankruptcy Petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Debtors’ Chapter 11 cases were administered jointly under the caption In re Linn Energy,

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

LLC, et al., Case No. 16-60040. On January 27, 2017, the Bankruptcy Court entered the Confirmation Order. Consummation of the Plan was subject to certain conditions set forth in the Plan. On the Effective Date, all of the conditions were satisfied or waived and the Plan became effective and was implemented in accordance with its terms. The LINN Debtors Chapter 11 cases will remain pending until the final resolution of all outstanding claims.

The commencement of the Chapter 11 proceedings automatically stayed certain actions against the Company, including actions to collect prepetition liabilities or to exercise control over the property of the Company's bankruptcy estates. However, the Company is, and will continue to be until the final resolution of all claims, subject to certain contested matters and adversary proceedings stemming from the Chapter 11 proceedings.

In March 2017, Wells Fargo Bank, National Association ("Wells Fargo"), the administrative agent under the Predecessor's credit facility, filed a motion in the Bankruptcy Court seeking payment of post-petition default interest of approximately $31 million. The Company has vigorously disputed that Wells Fargo is entitled to any default interest based on the plain language of the Plan and Confirmation Order. On November 13, 2017, the Bankruptcy Court ruled that the secured lenders are not entitled to payment of post-petition default interest. That ruling was appealed by Wells Fargo and on March 29, 2018, the U.S. District Court for the Southern District of Texas affirmed the Bankruptcy Court's ruling.

The Company is not currently a party to any litigation or pending claims that it believes would have a material adverse effect on its overall business, financial position, results of operations or liquidity; however, cash flow could be significantly impacted in the reporting periods in which such matters are resolved.

Except for in connection with its Chapter 11 proceedings, the Company made no significant payments to settle any legal, environmental or tax proceedings during the three months ended March 31, 2018, or March 31, 2017. The Company regularly analyzes current information and accrues for probable liabilities on the disposition of certain matters as necessary. Liabilities for loss contingencies arising from claims, assessments, litigation or other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Note 12 – Share-Based Compensation

The consolidated and combined financial statements include 100% of the Parent's employee-related expenses, as its personnel were employed by Linn Operating, a subsidiary of LINN Energy that will be included with Riviera as part of the separation. Compensation cost related to the grant of share-based awards has been recorded at the subsidiary level with a corresponding credit to equity, representing the Parent's capital contribution.

A summary of share-based compensation expenses included on the condensed consolidated and combined statements of operations is presented below:

	Successor		Predecessor
(in thousands)	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
General and administrative expenses	$ 17,037	$ 4,177	$ 50,255
Income tax benefit	$ 2,417	$ 427	$ 5,170

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

During the three months ended March 31, 2018, LINN Energy granted to certain employees 12,500 restricted stock units with an aggregate grant date fair value of approximately $519,000. The restricted stock units vest over three years.

Upon a participant's termination of employment and/or service (as applicable), LINN Energy has the right (but not the obligation) to repurchase all or any portion of the shares of Class A common stock acquired pursuant to an award at a price equal to the fair market value (as determined under the Omnibus Incentive Plan) of the shares of LINN Energy's Class A common stock to be repurchased, measured as of the date of LINN Energy's repurchase notice. In addition, in January 2018, the Compensation Committee approved a one-time liquidity program under which the Company agreed to 1) settle all or a portion of an eligible participant's restricted stock units vesting on or before March 1, 2018 in cash and/or 2) repurchase all or a portion of any shares of LINN Energy's Class A common stock held by an eligible participant as a result of a prior vesting of restricted stock units, in each case at an agreed upon price (the "Liquidity Program"). For the three months ended March 31, 2018, the Parent settled 909,990 restricted stock units in cash and repurchased 120,829 shares of LINN Energy's Class A common stock for approximately $40 million pursuant to the Liquidity Program.

Note 13 – Income Taxes

Amounts recognized as income taxes are included in "income tax expense (benefit)," as well as discontinued operations, on the consolidated statements of operations. The effective income tax rates were approximately 36%, 42% and zero for the three months ended March 31, 2018, the one month ended March 31, 2017, and the two months ended February 28, 2017, respectively. For the three months ended March 31, 2018, the Company's federal and state statutory rate net of the federal tax benefit was approximately 24% compared to an effective tax rate of approximately 36%. The increase in the effective tax rate is primarily due to non-deductible executive compensation.

The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. As such, with the exception of the state of Texas and certain subsidiaries, the Predecessor did not directly pay federal and state income taxes and recognition was not given to federal and state income taxes for the operations of the Predecessor. The deferred tax effects of LINN Energy's change to a C corporation are included in income from continuing operations for the two months ended February 28, 2017.

Note 14 – Supplemental Disclosures to the Condensed Consolidated Balance Sheets and Condensed Consolidated and Combined Statements of Cash Flows

"Other current assets" reported on the condensed consolidated balance sheets include the following:

(Unaudited)

"Other accrued liabilities" reported on the condensed consolidated balance sheets include the following:

	March 31, 2018	December 31, 2017
	(in thousands)	
Accrued compensation	$ 13,346	$ 29,089
Asset retirement obligations (current portion)	1,609	3,926
Deposits	20,868	15,349
Income taxes payable	219	7,009
Other	2,904	2,757
Other accrued liabilities	$ 38,946	$ 58,130

The following table provides a reconciliation of cash and cash equivalents on the condensed consolidated balance sheets to cash, cash equivalents and restricted cash on the condensed consolidated statements of cash flows:

	March 31, 2018	December 31, 2017
	(in thousands)	
Cash and cash equivalents	$227,196	$ 464,477
Restricted cash	77,263	56,445
Cash, cash equivalents and restricted cash	$304,459	$ 520,922

Supplemental disclosures to the condensed consolidated and combined statements of cash flows are presented below:

	Successor		Predecessor
	Three Months Ended March 31, 2018	One Month Ended March 31, 2017	Two Months Ended February 28, 2017
(in thousands)			
Cash payments for interest, net of amounts capitalized	$ —	$ 1,458	$ 17,651
Cash payments for income taxes	$ —	$ —	$ —
Cash payments for reorganization items, net	$ 1,184	$ 1,286	$ 21,571
Noncash investing activities:			
Accrued capital expenditures	$ 34,377	$ 18,670	$ 22,191

For purposes of the condensed consolidated and combined statements of cash flows, the Company considers all highly liquid short-term investments with original maturities of three months or less to be cash equivalents. At March 31, 2018, "restricted cash" on the condensed consolidated balance sheet consisted of approximately $35 million that will be used to settle certain claims in accordance with the Plan (which is the remainder of approximately $80 million transferred to restricted cash in February 2017 to fund such items), approximately $31 million related to deposits and approximately $11 million for other items. At December 31, 2017, "restricted cash" on the condensed consolidated balance sheet consisted of approximately $36 million that will be used to

RIVIERA RESOURCES, LLC

NOTES TO CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

(Unaudited)

settle certain claims in accordance with the Plan, approximately $15 million related to deposits and approximately $5 million for other items.

Note 15 – Related Party Transactions

Roan Resources LLC

On August 31, 2017, the Company completed the Roan Contribution. In exchange for their respective contributions, LINN Energy and Citizen each received a 50% equity interest in Roan. See Note 6 for additional information. Also on such date, Roan entered into a Master Services Agreement (the "MSA") with Linn Operating, LLC ("Linn Operating"), a subsidiary of LINN Energy, pursuant to which Linn Operating agreed to provide certain operating, administrative and other services in respect of the assets contributed to Roan during a transitional period.

Under the MSA, Roan agreed to reimburse Linn Operating for certain costs and expenses incurred by Linn Operating in connection with providing the services, and to pay to Linn Operating a service fee of $1.25 million per month, prorated for partial months. The MSA terminated according to its terms on April 30, 2018.

In addition, the Company's subsidiary, Blue Mountain Midstream LLC, has an agreement in place with Roan for the processing of natural gas from certain of Roan's properties.

For the three months ended March 31, 2018, the Company recognized service fees of approximately $4 million as a reduction to general and administrative expenses. At March 31, 2018, the Company had approximately $17 million due from Roan, primarily associated with capital spending, included in "other current assets" and approximately $11 million due to Roan, primarily associated with joint interest billings and natural gas purchases, included in "accounts payable and accrued expenses" on the condensed consolidated balance sheet. At December 31, 2017, the Company had approximately $23 million due from Roan, primarily associated with capital spending, included in "other current assets" and approximately $18 million due to Roan, primarily associated with joint interest billings and natural gas purchases, included in "accounts payable and accrued expenses" on the condensed consolidated balance sheet.

Report of Independent Registered Public Accounting Firm

To the Board of Managers
Riviera Resources, LLC:

Opinion on the Consolidated and Combined Financial Statements

We have audited the accompanying consolidated and combined balance sheets of Riviera Resources, LLC and subsidiaries (the Company) as of December 31, 2017 (Successor) and 2016 (Predecessor), the related consolidated and combined statements of operations, statements of parent company equity, and statements of cash flows for the ten months ended December 31, 2017 (Successor), the two months ended February 28, 2017 and for the years ended December 31, 2016 and 2015 (Predecessor), and the related notes (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether these the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 (Successor) and 2016 (Predecessor), and the results of its operations and its cash flows for the ten months ended December 31, 2017 (Successor), the two months ended February 28, 2017 and for the years ended December 31, 2016 and 2015 (Predecessor), in conformity with U.S. generally accepted accounting principles.

Basis of Presentation

As discussed in Note 1 to the financial statements, the balance sheet and statements of operations, cash flows, and changes in equity for the periods from inception of common control (January 1, 2015) through emergence from bankruptcy (February 28, 2017), have been prepared on a combined basis of accounting.

As discussed in Note 2 to the financial statements, the Company emerged from bankruptcy on February 28, 2017. Accordingly, the accompanying consolidated financial statements have been prepared in conformity with Accounting Standards Codification 852-10, *Reorganizations*, for the Successor as a new entity with assets, liabilities and a capital structure having carrying amounts not comparable with prior periods.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated and combined financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ KPMG LLP

We have served as the Company's auditor since 2017.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

Note 1 – Basis of Presentation and Significant Accounting Policies

In April 2018, Linn Energy, Inc. ("Parent," and together with its consolidated subsidiaries, "LINN Energy") announced its intention to separate Riviera Resources, Inc. ("Riviera" or the "Company") from LINN Energy. Riviera will be a new independent oil and natural gas company with a strategic focus on efficiently operating its mature low-decline assets, developing its growth-oriented assets, and returning capital to shareholders.

To effect the separation, Linn Energy, Inc. and certain of its direct and indirect subsidiaries will undertake an internal reorganization, following which Riviera Resources, Inc. will hold, directly or through its subsidiaries, all of the pre-transaction assets of LINN Energy, other than LINN Energy's 50% equity interest in Roan Resources, LLC ("Roan"). Upon completion of the internal reorganization, Linn Energy, Inc. will complete the spin-off by distributing to the LINN Energy stockholders all of the issued and outstanding Riviera common stock. Following the spin-off, Riviera Resources, Inc. will be an independent reporting company, and eventually a publicly traded company, and LINN Energy will not retain any ownership interest in Riviera.

The accompanying consolidated and combined financial statements have been prepared on a stand-alone basis and are derived from Linn Energy, Inc.'s consolidated financial statements and accounting records for the periods presented as the Company was historically managed as a subsidiary of Linn Energy, Inc.

Linn Energy, Inc. (formerly known as Linn Energy, LLC) is a successor issuer of Linn Energy, LLC pursuant to Rule 15d-5 of the Securities Exchange Act of 1934, as amended. As discussed further in Note 2, on May 11, 2016 (the "Petition Date"), Linn Energy, LLC and certain of its direct and indirect subsidiaries including subsidiaries of Riviera (collectively, the "Debtors") filed voluntary petitions ("Bankruptcy Petitions") for relief under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of Texas ("Bankruptcy Court"). The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040. During the pendency of the Chapter 11 proceedings, the Debtors operated their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. LINN Energy emerged from bankruptcy effective February 28, 2017. References to "Successor" herein refers to the Company in periods subsequent to LINN Energy's emergence from bankruptcy and references to "Predecessor" herein refers to the Company in periods prior to LINN Energy's emergence from bankruptcy.

Nature of Business

The Company's properties are currently located in six operating regions in the U.S.:

- Hugoton Basin, which includes oil and natural gas properties, as well as the Jayhawk natural gas processing plant, located in Kansas;
- East Texas, which includes oil and natural gas properties producing primarily from the Cotton Valley and Bossier Sandstone;
- North Louisiana, which includes oil and natural gas properties producing primarily from the Cotton Valley Sandstones;
- Michigan/Illinois, which includes properties producing from the Antrim Shale formation located in northern Michigan and oil properties in southern Illinois;
- Uinta Basin, which includes non-operated properties located in the Dunkards Wash field in Utah (which was included in the Company's previous Rockies operating region); and

- Mid-Continent, which includes properties in the Northwest STACK in northwestern Oklahoma, the Arkoma STACK located in southeastern Oklahoma, and various other oil and natural gas producing properties throughout Oklahoma, as well as the Chisholm Trail midstream business located in the Merge/SCOOP/STACK play.

During 2018, the Company divested of its properties located in the previous Permian Basin operating region. During 2017, the Company divested of its properties located in previous operating regions California and South Texas. The Company has classified the assets and liabilities, results of operations and cash flows of its California properties as discontinued operations on its consolidated and combined financial statements. See Note 4 for additional information.

Historically, a subsidiary of the Company also owned a 50% equity interest in Roan Resources LLC (“Roan”), which is focused on the accelerated development of the Merge/SCOOP/STACK play in Oklahoma. The Company’s equity earnings (losses), consisting of its share of Roan’s earnings or losses, are included in the consolidated and combined financial statements. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera’s consolidated and combined financial statements in periods subsequent to the transactions.

Principles of Consolidation and Combination

The consolidated and combined financial statements for Predecessor periods represent the financial position and results of operations of entities to be held by the Company after the spin-off that have historically been under common control of the Parent, which exclude LAC and Berry (each as defined in Note 2). On February 28, 2017, LINN Energy and Berry emerged from bankruptcy as standalone unaffiliated entities. The consolidated financial statements for the Successor period represent the financial position and results of operations of entities that were under the control of Linn Energy Holdco LLC (a subsidiary of the Parent). The Company presents its consolidated and combined financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”). The consolidated and combined financial statements include the accounts of the Company and its subsidiaries. All significant intercompany transactions and balances have been eliminated. The historical consolidated and combined financial statements represent the financial position and results of operations of entities to be held by the Company prior to the separation transaction that have historically been under control of the Parent. The consolidated financial statements were prepared on a carve-out basis and reflect significant assumptions and allocations.

Investments in noncontrolled entities over which the Company exercises significant influence are accounted for under the equity method. See Note 5 for additional information about equity method investments.

Allocations

Cash and cash equivalents held by the Parent were not allocated to Riviera unless they were held in a legal entity that will be transferred to the Company. All intracompany transactions between the Parent and the Company are considered to be effectively settled in the consolidated and combined financial statements at the time the transaction is recorded. The total net effect of the settlement of these intracompany transactions is reflected in the consolidated and combined statements of cash flows as a financing activity and in the consolidated and combined balance sheets as net parent company investment. Net parent company investment is primarily impacted by contributions from the Parent which are the result of treasury activities and net funding provided by or distributed to the Parent.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Historically, the Parent had no assets or operations independent from its subsidiaries. Accordingly, the consolidated and combined financial statements include materially all of the Parent's historical general and administrative expenses, including 100% of its employee-related expenses, as its personnel were employed by Linn Operating, LLC ("Linn Operating"), a subsidiary of LINN Energy that will be included with Riviera as part of the separation. The Company considers the methodology and results to be reasonable for all periods presented; however, these costs may not be indicative of the actual expenses that Riviera would have incurred as an independent public company or the costs it may incur in the future.

The income tax amounts in these consolidated and combined financial statements have been calculated based on a separate income tax return methodology and presented as if the Company's operations were separate taxpayers in the respective jurisdictions.

The consolidated and combined financial statements include an allocation of Linn Energy, LLC's third-party debt that was outstanding prior to its emergence from bankruptcy on February 28, 2017. As a result of this allocation, the Company's consolidated and combined statements of operations include interest expense, amortization of deferred financing fees and gains on debt extinguishment related to such debt. On the effective date of the Plan (as defined below), all outstanding obligations under Linn Energy, LLC's credit facility, second lien notes and senior notes were canceled pursuant to the terms of the Plan. Subsequent to LINN Energy's emergence from bankruptcy, Holdco II, a newly formed wholly owned subsidiary Linn Energy, Inc., was the borrower of all third-party debt. Such debt and related interest expense are also included in the consolidated financial statements.

Bankruptcy Accounting

The consolidated and combined financial statements have been prepared as if the Company will continue as a going concern and reflect the application of Accounting Standards Codification 852 "Reorganizations" ("ASC 852"). ASC 852 requires that the financial statements, for periods subsequent to the Chapter 11 filing, distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. Accordingly, certain expenses, gains and losses that are realized or incurred in the bankruptcy proceedings are recorded in "reorganization items, net" on the Company's consolidated and combined statements of operations. In addition, prepetition unsecured and under-secured obligations that may be impacted by the bankruptcy reorganization process have been classified as "liabilities subject to compromise" on the Company's consolidated and combined balance sheet at December 31, 2016. These liabilities are reported at the amounts expected to be allowed as claims by the Bankruptcy Court, although they may be settled for less.

Upon emergence from bankruptcy on February 28, 2017, the Company adopted fresh start accounting which resulted in the Company becoming a new entity for financial reporting purposes. As a result of the application of fresh start accounting and the effects of the implementation of the plan of reorganization, the consolidated financial statements on or after February 28, 2017, are not comparable with the consolidated and combined financial statements prior to that date. See Note 3 for additional information.

Use of Estimates

The preparation of the accompanying consolidated and combined financial statements in conformity with GAAP requires management of the Company to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amount of assets and liabilities reported, disclosures about contingent assets and liabilities, and reported amounts of revenues and expenses. The estimates that are particularly significant to the financial statements include estimates of the Company's reserves of oil, natural gas and natural gas liquids ("NGL"), future cash flows from oil and natural gas properties, depreciation, depletion and

amortization, asset retirement obligations, certain revenues and operating expenses, and fair values of commodity derivatives. In addition, as part of fresh start accounting, the Company made estimates and assumptions related to its reorganization value, liabilities subject to compromise, the fair value of assets and liabilities recorded as a result of the adoption of fresh start accounting and income taxes.

As fair value is a market-based measurement, it is determined based on the assumptions that market participants would use. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates. Any changes in estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

Recently Adopted Accounting Standards

In November 2016, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") that is intended to address diversity in the classification and presentation of changes in restricted cash on the statement of cash flows. The Company adopted this ASU on January 1, 2018, on a retrospective basis. The adoption of this ASU resulted in the inclusion of restricted cash in the beginning and ending balances of cash on the statements of cash flows and disclosure reconciling cash and cash equivalents presented on the balance sheets to cash, cash equivalents and restricted cash on the statement of cash flows (see Note 15).

In March 2016, the FASB issued an ASU that is intended to simplify several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. The Company adopted this ASU on January 1, 2017. The adoption of this ASU had no impact on the Company's historical financial statements or related disclosures. Upon adoption and subsequently this ASU will result in excess tax benefits, which were previously recorded in equity on the balance sheets and classified as financing activities on the statements of cash flows, being recorded in the statements of operations and classified as operating activities on the statements of cash flows. Additionally, the Company elected to begin accounting for forfeitures as they occur.

In May 2014, the FASB issued an ASU that is intended to improve and converge the financial reporting requirements for revenue from contracts with customers. The Company adopted this ASU on January 1, 2018, using the modified retrospective transition method. Accordingly, the information for periods prior to January 1, 2018, has not been adjusted and continues to be reported under the previous revenue standard. For more information regarding the Company's adoption, see Note 1 of the unaudited condensed consolidated and combined financial statements for the three months ended March 31, 2018.

New Accounting Standards Issued But Not Yet Adopted

In February 2016, the FASB issued an ASU that is intended to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet. This ASU will be applied retrospectively as of the date of adoption and is effective for fiscal years beginning after December 15, 2018, and interim periods within those years (early adoption permitted). The Company is currently evaluating the impact of the adoption of this ASU on its financial statements and related disclosures. The Company expects the adoption of this ASU to impact its balance sheets resulting from an increase in both assets and liabilities related to the Company's leasing activities.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Cash Equivalents

For purposes of the consolidated and combined statements of cash flows, the Company considers all highly liquid short-term investments with original maturities of three months or less to be cash equivalents. Outstanding checks in excess of funds on deposit are included in "accounts payable and accrued expenses" on the consolidated and combined balance sheets and are classified as financing activities on the consolidated and combined statements of cash flows.

Accounts Receivable – Trade, Net

Trade accounts receivable are recorded at the invoiced amount and do not bear interest. The Company maintains an allowance for doubtful accounts for estimated losses inherent in its accounts receivable portfolio. In establishing the required allowance, management considers historical losses, current receivables aging, and existing industry and national economic data. The Company reviews its allowance for doubtful accounts monthly. Past due balances over 90 days and over a specified amount are reviewed individually for collectibility. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential recovery is remote. The balance in the Company's allowance for doubtful accounts related to trade accounts receivable was approximately $1 million and $8 million at December 31, 2017, and December 31, 2016, respectively.

Inventories

Materials, supplies and commodity inventories are valued at the lower of average cost and net realizable value.

Oil and Natural Gas Properties

As a result of the application of fresh start accounting, the Company recorded its oil and natural gas properties at fair value as of the Effective Date. See Note 3 for additional information.

Proved Properties

The Company accounts for oil and natural gas properties in accordance with the successful efforts method. In accordance with this method, all leasehold and development costs of proved properties are capitalized and amortized on a unit-of-production basis over the remaining life of the proved reserves and proved developed reserves, respectively. Costs of retired, sold or abandoned properties that constitute a part of an amortization base are charged or credited, net of proceeds, to accumulated depreciation, depletion and amortization unless doing so significantly affects the unit-of-production amortization rate, in which case a gain or loss is recognized currently. Gains or losses from the disposal of other properties are recognized currently. Expenditures for maintenance and repairs necessary to maintain properties in operating condition are expensed as incurred. Estimated dismantlement and abandonment costs are capitalized, net of salvage, at their estimated net present value and amortized on a unit-of-production basis over the remaining life of the related proved developed reserves. The Company capitalizes interest on borrowed funds related to its share of costs associated with the drilling and completion of new oil and natural gas wells. Interest is capitalized only during the periods in which these assets are brought to their intended use. The Company capitalized interest costs of approximately $158,000 for the ten months ended December 31, 2017, and approximately $257,000 and $3 million for the years ended December 31, 2016, and December 31, 2015, respectively. The Company did not capitalize any interest costs during the two months ended February 28, 2017.

The Company evaluates the impairment of its proved oil and natural gas properties on a field-by-field basis whenever events or changes in circumstances indicate that the carrying value may not be recoverable. The

carrying values of proved properties are reduced to fair value when the expected undiscounted future cash flows of proved and risk-adjusted probable and possible reserves are less than net book value. The fair values of proved properties are measured using valuation techniques consistent with the income approach, converting future cash flows to a single discounted amount. Significant inputs used to determine the fair values of proved properties include estimates of: (i) reserves; (ii) future operating and development costs; (iii) future commodity prices; and (iv) a market-based weighted average cost of capital rate. These inputs require significant judgments and estimates by the Company's management at the time of the valuation and are the most sensitive and subject to change. The underlying commodity prices embedded in the Company's estimated cash flows are the product of a process that begins with New York Mercantile Exchange ("NYMEX") forward curve pricing, adjusted for estimated location and quality differentials, as well as other factors that Company management believes will impact realizable prices.

Based on the analysis described above, the Company recorded the following noncash impairment charges associated with proved oil and natural gas properties:

	Predecessor	
(in thousands)	Year Ended December 31, 2016	Year Ended December 31, 2015
Mid-Continent region	$ 141,902	$ 405,370
Rockies region	23,142	1,592,256
Hugoton Basin region	—	1,667,768
East Texas region	—	361,373
Permian Basin region	—	71,990
North Louisiana region	—	55,849
South Texas region	—	42,433
	$ 165,044	$ 4,197,039

The impairment charges in 2016 and 2015 were due to a decline in commodity prices, changes in expected capital development and a decline in the Company's estimates of proved reserves. The carrying values of the impaired proved properties were reduced to fair value, estimated using inputs characteristic of a Level 3 fair value measurement. The impairment charges are included in "impairment of long-lived assets" on the consolidated and combined statements of operations. The Company recorded no impairment charges associated with proved properties during the ten months ended December 31, 2017, or the two months ended February 28, 2017.

Unproved Properties

Costs related to unproved properties include costs incurred to acquire unproved reserves. Because these reserves do not meet the definition of proved reserves, the related costs are not classified as proved properties. Unproved leasehold costs are capitalized and amortized on a composite basis if individually insignificant, based on past success, experience and average lease-term lives. Individually significant leases are reclassified to proved properties if successful and expensed on a lease by lease basis if unsuccessful or the lease term expires. Unamortized leasehold costs related to successful exploratory drilling are reclassified to proved properties and depleted on a unit-of-production basis.

The Company evaluates the impairment of its unproved oil and natural gas properties whenever events or changes in circumstances indicate that the carrying value may not be recoverable. The carrying values of unproved properties are reduced to fair value based on management's experience in similar situations and other

factors such as the lease terms of the properties and the relative proportion of such properties on which proved reserves have been found in the past.

Based on the analysis described above, the Company recorded the following noncash impairment charges associated with unproved oil and natural gas properties:

	Predecessor Year Ended December 31, 2015
	(in thousands)
North Louisiana region	$ 416,846
Permian Basin region	226,922
Rockies region	184,137
	$ 827,905

The Company recorded no impairment charges associated with unproved properties for the ten months ended December 31, 2017, the two months ended February 28, 2017, or the year ended December 31, 2016.

The impairment charges in 2015 were based primarily on no future plans to develop properties in certain operating areas as a result of declines in commodity prices. The carrying values of the impaired unproved properties were reduced to fair value, estimated using inputs characteristic of a Level 3 fair value measurement. The impairment charges are included in “impairment of long-lived assets” on the consolidated and combined statements of operations.

Exploration Costs

Exploratory geological and geophysical costs, delay rentals, amortization and impairment of unproved leasehold costs and costs to drill exploratory wells that do not find proved reserves are expensed as exploration costs. The costs of any exploratory wells are carried as an asset if the well finds a sufficient quantity of reserves to justify its capitalization as a producing well and as long as the Company is making sufficient progress towards assessing the reserves and the economic and operating viability of the project.

Other Property and Equipment

Other property and equipment includes natural gas gathering systems, pipelines, furniture and office equipment, buildings, vehicles, information technology equipment, software and other fixed assets. These assets are recorded at cost and are depreciated using the straight-line method based on expected lives ranging from one to 39 years for the individual asset or group of assets.

Accounting for Investment in Roan Resources LLC

The Company uses the equity method of accounting for its investment in Roan. The Company’s equity earnings (losses) consists of its share of Roan’s earnings or losses and the amortization of the difference between the Company’s investment in Roan and Roan’s underlying net assets attributable to certain assets. Impairment testing on the Company’s investment in Roan is performed when events or circumstances warrant such testing and considers whether there is an inability to recover the carrying value of the investment that is other than temporary. See Note 5 for additional details about the Company’s investment in Roan.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

As discussed above, historically, a subsidiary of the Company owned the equity interest in Roan. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera's consolidated financial statements in periods subsequent to the transactions.

Derivative Instruments

Historically, the Company has hedged a portion of its forecasted production to reduce exposure to fluctuations in oil and natural gas prices and provide long-term cash flow predictability to manage its business. The current direct NGL hedging market is constrained in terms of price, volume, duration and number of counterparties, which limits the Company's ability to effectively hedge its NGL production. The Company has also hedged its exposure to differentials in certain operating areas but does not currently hedge exposure to oil or natural gas differentials.

The Company has historically entered into commodity hedging transactions primarily in the form of swap contracts that are designed to provide a fixed price, collars and, from time to time, put options that are designed to provide a fixed price floor with the opportunity for upside. The Company enters into these transactions with respect to a portion of its projected production or consumption to provide an economic hedge of the risk related to the future commodity prices received or paid. The Company does not enter into derivative contracts for trading purposes.

A swap contract specifies a fixed price that the Company will receive from the counterparty as compared to floating market prices, and on the settlement date the Company will receive or pay the difference between the swap price and the market price. Collar contracts specify floor and ceiling prices to be received as compared to floating market prices. A put option requires the Company to pay the counterparty a premium equal to the fair value of the option at the purchase date and receive from the counterparty the excess, if any, of the fixed price floor over the market price at the settlement date.

Derivative instruments are recorded at fair value and included on the consolidated and combined balance sheets as assets or liabilities. The Company did not designate any of its contracts as cash flow hedges; therefore, the changes in fair value of these instruments are recorded in current earnings. The Company determines the fair value of its oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. Inputs to the pricing models include publicly available prices and forward price curves generated from a compilation of data gathered from third parties. Company management validates the data provided by third parties by understanding the pricing models used, obtaining market values from other pricing sources, analyzing pricing data in certain situations and confirming that those instruments trade in active markets. Assumed credit risk adjustments, based on published credit ratings and public bond yield spreads are applied to the Company's commodity derivatives. See Note 7 and Note 8 for additional details about the Company's derivative financial instruments.

Revenue Recognition

Revenues representative of the Company's ownership interest in its properties are presented on a gross basis on the consolidated and combined statements of operations. Sales of oil, natural gas and NGL are recognized when the product has been delivered to a custody transfer point, persuasive evidence of a sales arrangement exists, the rights and responsibility of ownership pass to the purchaser upon delivery, collection of revenue from the sale is reasonably assured and the sales price is fixed or determinable.

Upon the adoption of fresh start accounting on February 28, 2017, the Company has elected the sales method to account for natural gas production imbalances. If the Company's sales volumes for a well exceed the Company's

proportionate share of production from the well, a liability is recognized to the extent that the Company's share of estimated remaining recoverable reserves from the well is insufficient to satisfy this imbalance. No receivables are recorded for those wells on which the Company has taken less than its proportionate share of production. The Predecessor had applied the entitlements method to account for natural gas production imbalances in previous periods.

The Company engages in the purchase, gathering and transportation of third-party natural gas and subsequently markets such natural gas to independent purchasers under separate arrangements. As such, the Company separately reports third-party marketing revenues and marketing expenses.

Share-Based Compensation

The Company recognizes expense for share-based compensation over the requisite service period in an amount equal to the fair value of share-based awards granted. The fair value of share-based awards, excluding liability awards, is computed at the date of grant and is not remeasured. The fair value of liability awards is remeasured at each reporting date through the settlement date with the change in fair value recognized as compensation expense over that period. The Company has made a policy decision to recognize compensation expense for service-based awards on a straight-line basis over the requisite service period for the entire award. Beginning in 2017, the Company accounts for forfeitures as they occur. See Note 13 for additional details about the Company's accounting for share-based compensation.

Deferred Financing Fees

The Company has incurred legal and bank fees related to the issuance of debt. At December 31, 2017, net deferred financing fees of approximately $4 million are included in "other noncurrent assets" on the consolidated balance sheet. At December 31, 2016, net deferred financing fees of approximately $17 million are included in "other current assets" and approximately $1 million are included in "current portion of long-term debt, net" on the consolidated and combined balance sheet. These debt issuance costs are amortized over the life of the debt agreement. Upon early retirement or amendment to the debt agreement, certain fees are written off to expense.

For the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, amortization expense of approximately $1 million, $1 million, $10 million and $20 million, respectively, is included in "interest expense, net of amounts capitalized" on the consolidated and combined statements of operations. For the ten months ended December 31, 2017, and the years ended December 31, 2016, and December 31, 2015, approximately $3 million, $1 million and $7 million, respectively, were written off to expense and included in "other, net" on the consolidated and combined statements of operations related to amendments of the credit facilities. In addition, for the year ended December 31, 2016, approximately $33 million were written off to expense and included in "reorganization items, net" on the consolidated and combined statement of operations in connection with the filing of the Bankruptcy Petitions. No fees were written off to expense for the two months ended February 28, 2017.

Fair Value of Financial Instruments

The carrying values of the Company's receivables, payables and credit facilities are estimated to be substantially the same as their fair values at December 31, 2017, and December 31, 2016. See Note 6 for fair value disclosures related to the Company's other debt. As noted above, the Company carries its derivative financial instruments at fair value. See Note 8 for details about the fair value of the Company's derivative financial instruments.

Income Taxes

Income tax expense (benefit) and deferred tax balances have been calculated on a separate income tax return basis although the Company's operations have historically been included in the tax returns filed by the respective LINN Energy entities of which the Company's business was a part. In the future, as a standalone entity, the Company will file tax returns on its own behalf and its deferred taxes and effective tax rate may differ from those in historical periods.

Effective February 28, 2017, upon consummation of the Plan, the Successor became a C corporation subject to federal and state income taxes. Prior to the consummation of the Plan, the Predecessor was a limited liability company treated as a partnership for federal and state income tax purposes, with the exception of the state of Texas, in which income tax liabilities and/or benefits were passed through to its unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. As such, with the exception of the state of Texas and certain subsidiaries, the Predecessor did not directly pay federal and state income taxes and recognition was not given to federal and state income taxes for the operations of the Predecessor.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis and tax carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. See Note 14 for additional details of the Company's accounting for income taxes.

Note 2 – Emergence From Voluntary Reorganization Under Chapter 11

On the Petition Date, the Debtors filed Bankruptcy Petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040.

On December 3, 2016, the Debtors filed the Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other Than Linn Acquisition Company, LLC ("LAC") and Berry Petroleum Company, LLC ("Berry") (the "Plan"). The Debtors subsequently filed amended versions of the Plan with the Bankruptcy Court.

On January 27, 2017, the Bankruptcy Court entered an order approving and confirming the Plan (the "Confirmation Order"). On February 28, 2017 (the "Effective Date"), the Debtors satisfied the conditions to effectiveness of the Plan, the Plan became effective in accordance with its terms and LINN Energy emerged from bankruptcy.

Plan of Reorganization

In accordance with the Plan, on the Effective Date:

- Linn Energy, LLC transferred all of its assets, including equity interests in its subsidiaries, other than LAC and Berry, to Holdco II, a newly formed subsidiary of Linn Energy, LLC and the borrower under the credit agreement (as amended, the "Emergence Credit Facility") entered into in connection with the reorganization, in exchange for equity interests in Holdco II and the issuance of interests in the Emergence Credit Facility to certain of the Linn Energy, LLC's creditors in partial satisfaction of their claims (the "Contribution"). Immediately following the Contribution, Linn Energy, LLC transferred

equity interests in Holdco II to Linn Energy, Inc. in exchange for approximately $530 million in cash and an amount of equity securities in Linn Energy, Inc. not to exceed 49.90% of the outstanding equity interests of Linn Energy, Inc., which Linn Energy, LLC distributed to certain of its creditors in satisfaction of their claims, and Linn Energy, Inc.'s agreement to honor certain obligations of Linn Energy, LLC under the Plan. Contemporaneously with the reorganization transactions and pursuant to the Plan, (i) LAC assigned all of its rights, title and interest in the membership interests of Berry to Berry Petroleum Corporation, (ii) all of the equity interests in LAC and the Predecessor were canceled and (iii) LAC and Linn Energy, LLC commenced liquidation, which is expected to be completed following the resolution of the respective companies' outstanding claims.

- The holders of claims under Linn Energy LLC's Sixth Amended and Restated Credit Agreement ("Predecessor Credit Facility") received a full recovery, consisting of a cash paydown and their pro rata share of the $1.7 billion Successor Credit Facility. As a result, all outstanding obligations under the Predecessor Credit Facility were canceled.
- Holdco II, as borrower, entered into the Emergence Credit Facility with the holders of claims under Linn Energy, LLC's previous credit facility, as lenders, and Wells Fargo Bank, National Association, as administrative agent, providing for a new reserve-based revolving loan with up to $1.4 billion in borrowing commitments and a new term loan in an original principal amount of $300 million. For additional information about the Emergence Credit Facility, see Note 6.
- The holders of Linn Energy LLC's 12.00% senior secured second lien notes due December 2020 (the "Second Lien Notes") received their pro rata share of (i) 17,678,889 shares of Class A common stock; (ii) certain rights to purchase shares of Class A common stock in the rights offerings, as described below; and (iii) $30 million in cash. The holders of the Company's 6.50% senior notes due May 2019, 6.25% senior notes due November 2019, 8.625% senior notes due 2020, 7.75% senior notes due February 2021 and 6.50% senior notes due September 2021 (collectively, the "Unsecured Notes") received their pro rata share of (i) 26,724,396 shares of Class A common stock; and (ii) certain rights to purchase shares of Class A common stock in the rights offerings, as described below. As a result, all outstanding obligations under the Second Lien Notes and the Unsecured Notes and the indentures governing such obligations were canceled.
- The holders of general unsecured claims (other than claims relating to the Second Lien Notes and the Unsecured Notes) against the Debtors (the "LINN Unsecured Claims") received their pro rata share of cash from two cash distribution pools totaling $40 million, as divided between a $2.3 million cash distribution pool for the payment in full of allowed LINN Unsecured Claims in an amount equal to $2,500 or less (and larger claims for which the holders irrevocably agreed to reduce such claims to $2,500), and a $37.7 million cash distribution pool for pro rata distributions to all remaining allowed general LINN Unsecured Claims. As a result, all outstanding LINN Unsecured Claims were fully satisfied, settled, released and discharged as of the Effective Date.

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Liabilities Subject to Compromise

The Predecessor's consolidated and combined balance sheet as of December 31, 2016, includes amounts classified as "liabilities subject to compromise," which represent prepetition liabilities that were allowed, or that the Company estimated would be allowed, as claims in its Chapter 11 cases. The following table summarizes the components of liabilities subject to compromise included on the consolidated and combined balance sheet:

(in thousands)	Predecessor December 31, 2016
Accounts payable and accrued expenses	$ 112,692
Accrued interest payable	144,184
Debt	4,023,129
Liabilities subject to compromise	$ 4,280,005

Reorganization Items, Net

The Company incurred significant costs and recognized significant gains associated with the reorganization. Reorganization items represent costs and income directly associated with the Chapter 11 proceedings since the Petition Date, and also include adjustments to reflect the carrying value of certain liabilities subject to compromise at their estimated allowed claim amounts, as such adjustments were determined. The following tables summarize the components of reorganization items included on the consolidated statements of operations:

(in thousands)	Successor	Predecessor	
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Gain on settlement of liabilities subject to compromise	$ —	$ 3,914,964	$ —
Recognition of an additional claim for the Predecessor's Second Lien Notes settlement	—	(1,000,000)	—
Fresh start valuation adjustments	—	(591,525)	—
Income tax benefit related to implementation of the Plan	—	264,889	—
Legal and other professional fees	(8,584)	(46,961)	(56,656)
Unamortized deferred financing fees, discounts and premiums	—	—	(52,045)

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Note 3 – Fresh Start Accounting

Upon LINN Energy's emergence from Chapter 11 bankruptcy, it adopted fresh start accounting in accordance with the provisions of ASC 852 which resulted in the Parent becoming a new entity for financial reporting purposes. In accordance with ASC 852, the Parent was required to adopt fresh start accounting upon its emergence from Chapter 11 because (i) the holders of existing voting ownership interests of the predecessor of the Parent received less than 50% of the voting shares of the successor of the Parent and (ii) the reorganization value of the Parent's assets immediately prior to confirmation of the Plan was less than the total of all post-petition liabilities and allowed claims.

Upon adoption of fresh start accounting, the reorganization value derived from the enterprise value as disclosed in the Plan was allocated to the Company's assets and liabilities based on their fair values (except for deferred income taxes) in accordance with ASC 805 "Business Combinations." The amount of deferred income taxes recorded was determined in accordance with ASC 740 "Income Taxes" ("ASC 740"). The Effective Date fair values of the Company's assets and liabilities differed materially from their recorded values as reflected on the historical balance sheet. The effects of the Plan and the application of fresh start accounting were reflected on the consolidated and combined balance sheet as of February 28, 2017, and the related adjustments thereto were recorded on the consolidated and combined statement of operations for the two months ended February 28, 2017.

As a result of the adoption of fresh start accounting and the effects of the implementation of the Plan, the Company's consolidated financial statements subsequent to February 28, 2017, are not comparable to its consolidated and combined financial statements prior to February 28, 2017. References to "Successor" relate to the financial position and results of operations of the reorganized Company as of and subsequent to February 28, 2017. References to "Predecessor" relate to the financial position of the Company prior to, and results of operations through and including, February 28, 2017.

The Company's consolidated and combined financial statements and related footnotes are presented with a black line division, which delineates the lack of comparability between amounts presented after February 28, 2017, and amounts presented on or prior to February 28, 2017. The Company's financial results for future periods following the application of fresh start accounting will be different from historical trends and the differences may be material.

Reorganization Value

Under ASC 852, the Parent determined a value to be assigned to the equity of the emerging entity as of the date of adoption of fresh start accounting. The Plan confirmed by the Bankruptcy Court estimated an enterprise value of $2.35 billion. The Plan enterprise value was prepared using an asset based methodology, as discussed further below. The enterprise value was then adjusted to determine the equity value of the Successor of approximately $2.07 billion. Adjustments to determine the equity value are presented below (in thousands):

Plan confirmed enterprise value	$2,350,000
Fair value of debt	(900,000)
Fair value of subsequently determined tax attributes	621,486
Share-based payment liability	(7,155)
Value of Successor's equity	$2,064,331

The subsequently determined tax attributes were primarily the result of the conversion from a limited liability company to a C corporation and differences in the accounting basis and tax basis of the Company's oil and natural gas properties as of the Effective Date.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The Company's principal assets are its oil and natural gas properties. The fair values of oil and natural gas properties were estimated using valuation techniques consistent with the income approach, converting future cash flows to a single discounted amount. Significant inputs used to determine the fair values of properties include estimates of: (i) reserves; (ii) future operating and development costs; (iii) future commodity prices; and (iv) a market-based weighted average cost of capital rate. These inputs require significant judgments and estimates by the Company's management at the time of the valuation and are the most sensitive and subject to change. The underlying commodity prices embedded in the Company's estimated cash flows are the product of a process that begins with NYMEX forward curve pricing, adjusted for estimated location and quality differentials, as well as other factors that Company management believes will impact realizable prices.

See below under "Fresh Start Adjustments" for additional information regarding assumptions used in the valuation of the Company's various other significant assets and liabilities.

Consolidated Balance Sheet

The adjustments included in the following fresh start consolidated balance sheet reflect the effects of the transactions contemplated by the Plan and executed by the Company on the Effective Date (reflected in the column "Reorganization Adjustments") as well as fair value and other required accounting adjustments resulting from the adoption of fresh start accounting (reflected in the column "Fresh Start Adjustments"). The explanatory notes provide additional information with regard to the adjustments recorded, the methods used to determine the fair values and significant assumptions.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Reorganization Adjustments:

1) Changes in cash and cash equivalents included the following:

(in thousands)	
Net transfers to Parent (to pay holders of claims, as well as professional fees)	$(499,684)
Payment of Berry Petroleum Company, LLC's ad valorem taxes	(23,366)
Removal of restriction on cash balance	1,602
Changes in cash and cash equivalents	$(521,448)

2) Primarily reflects the transfer to restricted cash to fund the Predecessor's professional fees escrow account and general unsecured claims cash distribution pool.

3) Primarily reflects the write-off of the Predecessor's deferred financing fees.

4) Reflects deferred tax assets recorded as of the Effective Date as determined in accordance with ASC 740. The deferred tax assets were primarily the result of the conversion from a limited liability company to a C corporation and differences in the accounting basis and tax basis of the Company's oil and natural gas properties as of the Effective Date.

5) Reflects the capitalization of deferred financing fees related to the Successor's revolving loan.

6) Net increase in accounts payable and accrued expenses reflects:

(in thousands)	
Recognition of payables for the professional fees escrow account	$ 41,766
Recognition of payables for the general unsecured claims cash distribution pool	40,000
Payment of professional fees	(17,130)
Payment of Berry's ad valorem taxes	(23,366)
Other	(4)
Net increase in accounts payable and accrued expenses	$ 41,266

7) Reflects the settlement of the Predecessor Credit Facility through repayment of approximately $1.9 billion, net of the write-off of deferred financing fees and an increase of $25 million for the current portion of the Successor's term loan.

8) Reflects a decrease of approximately $8 million for the payment of accrued interest on the Predecessor Credit Facility, partially offset by an increase of approximately $7 million related to noncash share-based compensation classified as a liability related to the incentive interest awards issued by Holdco to certain members of management (see Note 13).

9) Reflects borrowings of $900 million under the Emergence Credit Facility, which includes a $600 million revolving loan and a $300 million term loan, net of $25 million for the current portion of the Successor's term loan.

10) Reflects a reduction in deferred tax liabilities as determined in accordance with ASC 740.

11) Reflects settlement of liabilities subject to compromise and the resulting net gain.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

12) Net increase in equity reflects:

(in thousands)	
Cancellation of the Predecessor's equity	$(2,426,577)
Net decrease in accumulated deficit	3,018,102
Fresh start valuation adjustments	(591,525)
Net transfers from Parent	2,064,331
Net increase in equity	$ 2,064,331

Fresh Start Adjustments:

13) Reflects a change in accounting policy from the entitlements method to the sales method for natural gas production imbalances.

14) Reflects the recognition of intangible assets for the current portion of favorable leases, partially offset by decreases for well equipment inventory and the write-off of historical intangible assets.

15) Reflects a decrease of oil and natural gas properties, based on the methodology discussed above, and the elimination of accumulated depletion and amortization. The following table summarizes the components of oil and natural gas properties as of the Effective Date:

(in thousands)	Successor Fair Value	Predecessor Historical Book Value
Proved properties	$1,727,834	$ 12,258,835
Unproved properties	458,943	1,010,200
	2,186,777	13,269,035
Less accumulated depletion and amortization	—	(10,044,240)
	$2,186,777	$3,224,795

16) Reflects a decrease of other property and equipment and the elimination of accumulated depreciation. The following table summarizes the components of other property and equipment as of the Effective Date:

(in thousands)	Successor Fair Value	Predecessor Historical Book Value
Natural gas plants and pipelines	$342,924	$ 426,914
Office equipment and furniture	39,211	106,059
Buildings and leasehold improvements	32,817	66,023
Vehicles	16,980	30,760
Land	7,747	3,727
Drilling and other equipment	4,254	8,103
	443,933	641,586
Less accumulated depreciation	—	(230,952)
	$443,933	$ 410,634

In estimating the fair value of other property and equipment, the Company used a combination of cost and market approaches. A cost approach was used to value the Company's natural gas plants and pipelines and

other operating assets, based on current replacement costs of the assets less depreciation based on the estimated economic useful lives of the assets and age of the assets. A market approach was used to value the Company's vehicles and land, using recent transactions of similar assets to determine the fair value from a market participant perspective.

17) Reflects the recognition of intangible assets for the noncurrent portion of favorable leases, as well as increases in equity method investments and carbon credit allowances. Assets and liabilities for out-of-market contracts were valued based on market terms as of February 28, 2017, and will be amortized over the remaining life of the respective lease. The Company's equity method investments were valued based on a market approach using a market EBITDA multiple. Carbon credit allowances were valued using a market approach based on trading prices for carbon credits on February 28, 2017.

18) Primarily reflects the write-off of deferred rent partially offset by an increase in carbon emissions liabilities.

19) Reflects an increase of the current portion of asset retirement obligations.

20) Primarily reflects a decrease of approximately $49 million for asset retirement obligations and approximately $5 million for deferred rent, partially offset by an increase of approximately $1 million for carbon emissions liabilities. The fair value of asset retirement obligations were estimated using valuation techniques that convert future cash flows to a single discounted amount. Significant inputs to the valuation include estimates of: (i) plug and abandon costs per well based on existing regulatory requirements; (ii) remaining life per well; (iii) future inflation factors; and (iv) a credit-adjusted risk-free interest rate. Carbon emissions liabilities were valued using a market approach based on trading prices for carbon credits on February 28, 2017.

Note 4 – Discontinued Operations, Other Divestitures and Roan Contribution

Discontinued Operations

On July 31, 2017, the Company completed the sale of its interest in properties located in the San Joaquin Basin in California (the "San Joaquin Basin Sale"). Cash proceeds received from the sale of these properties were approximately $253 million, net of costs to sell of approximately $4 million, and the Company recognized a net gain of approximately $120 million. The gain is included in "income (loss) from discontinued operations, net of income taxes" on the consolidated statement of operations.

On July 21, 2017, the Company completed the sale of its interest in properties located in the Los Angeles Basin in California (the "Los Angeles Basin Sale"). Cash proceeds received from the sale of these properties were approximately $93 million, net of costs to sell of approximately $2 million, and the Company recognized a net gain of approximately $2 million. The gain is included in "income (loss) from discontinued operations, net of income taxes" on the consolidated statement of operations. The Company will receive an additional $7 million contingent payment if certain operational requirements are satisfied within one year from the date of sale.

As a result of the Company's strategic exit from California (completed by the San Joaquin Basin Sale and Los Angeles Basin Sale), the Company classified the assets and liabilities, results of operations and cash flows of its California properties as discontinued operations on its consolidated and combined financial statements.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The following table presents carrying amounts of the assets and liabilities of the Company's California properties classified as discontinued operations on the consolidated and combined balance sheet:

(in thousands)	Predecessor December 31, 2016
Assets:	
Oil and natural gas properties	$ 728,190
Other property and equipment	11,402
Other	1,435
Total assets of discontinued operations	$ 741,027
Liabilities:	
Asset retirement obligations	$ 38,042
Other	1,481
Total liabilities of discontinued operations	$ 39,523

The following tables present summarized financial results of the Company's California properties classified as discontinued operations on the consolidated and combined statements of operations:

	Successor	Predecessor		
(in thousands)	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Revenues and other	$ 34,096	$ 14,891	$ 78,069	$ 85,557
Expenses	19,479	13,758	88,431	72,085
Other income and (expenses)	(3,541)	(1,681)	(7,992)	(3,886)
Reorganization items, net	—	—	—	—
Income (loss) from discontinued operations before income taxes	11,076	(548)	(18,354)	9,586
Income tax expense (benefit)	4,165	—	—	—
Income (loss) from discontinued operations, net of income taxes	$ 6,911	$ (548)	$ (18,354)	$ 9,586

In addition, for the ten months ended December 31, 2017, the Successor recognized a net gain on the sale of the California properties of approximately $76 million (net of income tax expense of approximately $46 million).

Other Divestitures

On November 30, 2017, the Company completed the sale of its interest in properties located in the Williston Basin. Cash proceeds received from the sale of these properties were approximately $255 million, net of costs to sell of approximately $3 million, and the Company recognized a net gain of approximately $116 million.

On November 30, 2017, the Company completed the sale of its interest in properties located in Wyoming. Cash proceeds received from the sale of these properties were approximately $193 million, net of costs to sell of approximately $2 million, and the Company recognized a net gain of approximately $175 million.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

On September 12, 2017, August 1, 2017, and July 31, 2017, the Company completed the sales of its interest in certain properties located in south Texas. Combined cash proceeds received from the sale of these properties were approximately $48 million, net of costs to sell of approximately $1 million, and the Company recognized a combined net gain of approximately $14 million.

On August 23, 2017, July 28, 2017, and May 9, 2017, the Company completed the sales of its interest in certain properties located in Texas and New Mexico. Combined cash proceeds received from the sale of these properties were approximately $31 million and the Company recognized a combined net gain of approximately $29 million.

On June 30, 2017, the Company completed the sale of its interest in properties located in the Salt Creek Field in Wyoming. Cash proceeds received from the sale of these properties were approximately $73 million, net of costs to sell of approximately $1 million, and the Company recognized a net gain of approximately $30 million.

On May 31, 2017, the Company completed the sale of its interest in properties located in western Wyoming (the “Jonah Assets Sale”). Cash proceeds received from the sale of these properties were approximately $559 million, net of costs to sell of approximately $6 million, and the Company recognized a net gain of approximately $277 million.

The divestitures discussed above are not presented as discontinued operations because they do not represent a strategic shift that will have a major effect on the Company’s operations and financial results. The gains on these divestitures are included in “gains (losses) on sale of assets and other, net” on the consolidated statements of operations.

Divestitures – Subsequent Events

On April 10, 2018, the Company completed the sale of its conventional properties located in New Mexico related to a definitive purchase and sale agreement entered into in March 2018 and received cash proceeds of approximately $15 million.

On April 4, 2018, the Company completed the sales of its interest in properties located in Altamont Bluebell Field Utah related to definitive purchase and sale agreements entered into in January 2018 and received cash proceeds of approximately $129 million.

On March 29, 2018, the Company completed the sale of its interest in conventional properties located in west Texas related to a definitive purchase and sale agreement entered into in February 2018 and received cash proceeds of approximately $109 million.

On February 28, 2018, the Company completed the sale of its Oklahoma waterflood and Texas Panhandle properties and received cash proceeds of approximately $113 million.

The assets and liabilities associated with the divestiture of Oklahoma waterflood and Texas Panhandle properties are classified as “held for sale” on the consolidated balance sheet. At December 31, 2017, the Company’s consolidated balance sheet included current assets of approximately $107 million included in “assets held for sale” and current liabilities of approximately $43 million included in “liabilities held for sale” related to this transaction.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The following table presents carrying amounts of the assets and liabilities of the Company's properties classified as held for sale on the consolidated balance sheet:

(in thousands)	Successor December 31, 2017
Assets:	
Oil and natural gas properties	$ 92,245
Other property and equipment	12,983
Other	1,735
Total assets held for sale	$ 106,963
Liabilities:	
Asset retirement obligations	$ 42,001
Other	1,301
Total liabilities held for sale	$ 43,302

Other assets primarily include inventories and other liabilities primarily include accounts payable.

Roan Contribution

On August 31, 2017, the Company, through certain of its subsidiaries, completed the transaction in which the Company and Citizen Energy II, LLC ("Citizen") each contributed certain upstream assets located in Oklahoma to a newly formed company, Roan Resources LLC (the contribution, the "Roan Contribution"), focused on the accelerated development of the Merge/SCOOP/STACK play. In exchange for their respective contributions, the Company and Citizen each received a 50% equity interest in Roan, subject to customary post-closing adjustments. As of August 31, 2017, the date of the Roan Contribution, the Company recognized its equity investment at carryover basis of approximately $452 million. In connection with the Roan Contribution, the Company paid approximately $17 million in advisory fees, which are included in "gains (losses) on sale of assets and other, net" on the consolidated statement of operations.

See Note 5 for additional information about the Company's equity method investment in Roan.

Divestiture – 2015

On August 31, 2015, the Company completed the sale of its remaining position in Howard County in the Permian Basin (the "Howard County Assets Sale"). Cash proceeds received from the sale of these properties were approximately $276 million, net of costs to sell of approximately $1 million, and the Company recognized a net gain of approximately $177 million. The gain is included in "(gains) losses on sale of assets and other, net" on the consolidated and combined statement of operations.

Note 5 – Equity Method Investments

On August 31, 2017, the Company completed the transaction in which the Company and Citizen each contributed certain upstream assets located in Oklahoma to a newly formed company, Roan, focused on the accelerated development of the Merge/SCOOP/STACK play. See Note 4 for additional information.

The Company uses the equity method of accounting for its investment in Roan. The Company's equity earnings (losses) consists of its share of Roan's earnings or losses and the amortization of the difference between the

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Company's investment in Roan and Roan's underlying net assets attributable to certain assets. At both December 31, 2017, and August 31, 2017 (the date of the Roan Contribution), the Company owned 50% of Roan's outstanding units. The percentage ownership in Roan is subject to customary post-closing adjustments.

As discussed above, historically, a subsidiary of the Company owned the equity interest in Roan. However, following a series of internal restructuring transactions in connection with the separation, the equity interest in Roan will be owned by Linn Energy, Inc. and will no longer be affiliated with Riviera. As such, equity earnings (losses) in Roan will not be included in Riviera's consolidated financial statements in periods subsequent to the transactions.

At December 31, 2017, the carrying amount of the Company's investment in Roan of approximately $458 million was less than the Company's ownership interest in Roan's underlying net assets by approximately $346 million. The difference is attributable to proved and unproved oil and natural gas properties and is amortized over the lives of the related assets. Such amortization is included in the equity earnings (losses) from the Company's investment in Roan.

Impairment testing on the Company's investment in Roan is performed when events or circumstances warrant such testing and considers whether there is an inability to recover the carrying value of the investment that is other than temporary. No impairments occurred with respect to the Company's investment in Roan for the four months ended December 31, 2017.

Following are summarized statement of operations and balance sheet information for Roan.

Summarized Roan Resources LLC Statement of Operations Information

	Four Months Ended December 31, 2017
	(in thousands)
Revenues and other	$ 75,461
Expenses	61,790
Other income and (expenses)	(1,180)
Net income	$ 12,491

Note 6 – Debt

The following summarizes outstanding debt reflected in the consolidated financial statements. All such debt instruments were issued by Linn Energy, LLC, and were guaranteed by its subsidiaries including certain subsidiaries of Riviera. These amounts are included in Riviera's consolidated and combined financial statements as the debt was fully used to support the operations of the Company.

	Successor December 31, 2017	Predecessor December 31, 2016
(in thousands, except percentages)		
Credit facility (1)	$ —	$ 1,654,745
Term loan (1)	—	284,241
6.50% senior notes due May 2019	—	562,234
6.25% senior notes due November 2019	—	581,402
8.625% senior notes due April 2020	—	718,596
12.00% senior secured second lien notes due December 2020	—	1,000,000
7.75% senior notes due February 2021	—	779,474
6.50% senior notes due September 2021	—	381,423
Net unamortized deferred financing fees	—	(1,257)
Total debt, net	—	5,960,858
Less current portion, net (2)	—	(1,937,729)
Less liabilities subject to compromise (3)	—	(4,023,129)
Long-term debt	$ —	$ —

(1) Variable interest rate of 5.50% at December 31, 2016.

(2) Due to covenant violations, the credit facility and term loan were classified as current at December 31, 2016.

(3) The senior notes and second lien notes were classified as liabilities subject to compromise at December 31, 2016. On the Effective Date, pursuant to the terms of the Plan, all outstanding amounts under these debt instruments were canceled.

Fair Value

The Company's debt is recorded at the carrying amount on the consolidated and combined balance sheet. The carrying amounts of the credit facilities and term loans approximate fair value because the interest rates are variable and reflective of market rates. The Company used a market approach to determine the fair value of the Predecessor's Second Lien Notes and senior notes using estimates based on prices quoted from third-party financial institutions, which is a Level 2 fair value measurement.

	Predecessor December 31, 2016	
(in thousands)	Carrying Value	Fair Value
Senior secured second lien notes	$1,000,000	$ 863,750
Senior notes, net	3,023,129	1,179,224

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Revolving Credit Facility

On August 4, 2017, the LINN Energy entered into a credit agreement with Holdco II, as borrower, Royal Bank of Canada, as administrative agent, and the lenders and agents party thereto, providing for a new senior secured reserve-based revolving loan facility (the "Revolving Credit Facility") with $500 million in borrowing commitments and an initial borrowing base of $500 million. The maximum commitment amount was $425 million at December 31, 2017.

As of December 31, 2017, there were no borrowings outstanding under the Revolving Credit Facility and there was approximately $381 million of available borrowing capacity (which includes a $44 million reduction for outstanding letters of credit). The maturity date is August 4, 2020.

Redetermination of the borrowing base under the Revolving Credit Facility, based primarily on reserve reports using lender commodity price expectations at such time, occurs semi-annually, in April and October, with the first scheduled borrowing base redetermination to occur on March 15, 2018. At the Company's election, interest on borrowings under the Revolving Credit Facility is determined by reference to either the London Interbank Offered Rate ("LIBOR") plus an applicable margin ranging from 2.50% to 3.50% per annum or the alternate base rate ("ABR") plus an applicable margin ranging from 1.50% to 2.50% per annum, depending on utilization of the borrowing base. Interest is generally payable in arrears quarterly for loans bearing interest based at the ABR and at the end of the applicable interest period for loans bearing interest at the LIBOR, or if such interest period is longer than three months, at the end of the three month intervals during such interest period. The Company is required to pay a commitment fee to the lenders under the Revolving Credit Facility, which accrues at a rate per annum of 0.50% on the average daily unused amount of the available revolving loan commitments of the lenders.

The obligations under the Revolving Credit Facility are secured by mortgages covering approximately 85% of the total value of the proved reserves of the oil and natural gas properties of the Company and certain of its subsidiaries, along with liens on substantially all personal property of the Company and certain of its subsidiaries, and are guaranteed by the Company and certain of its subsidiaries, subject to customary exceptions. Under the Revolving Credit Facility, the Company is required to maintain (i) a maximum total net debt to last twelve months EBITDA ratio of 4.0 to 1.0, and (ii) a minimum adjusted current ratio of 1.0 to 1.0.

The Revolving Credit Facility also contains affirmative and negative covenants, including as to compliance with laws (including environmental laws, ERISA and anti-corruption laws), maintenance of required insurance, delivery of quarterly and annual financial statements, oil and gas engineering reports and budgets, maintenance and operation of property (including oil and gas properties), restrictions on the incurrence of liens and indebtedness, mergers, consolidations and sales of assets, paying dividends or other distributions in respect of, or repurchasing or redeeming, the Company's capital stock, making certain investments and transactions with affiliates.

The Revolving Credit Facility contains events of default and remedies customary for credit facilities of this nature. Failure to comply with the financial and other covenants in the Revolving Credit Facility would allow the lenders, subject to customary cure rights, to require immediate payment of all amounts outstanding under the Revolving Credit Facility.

In September 2017, the Company entered into an amendment to the Revolving Credit Facility to provide for, among other things, an increase in the size of the letter of credit subfacility from $25 million to $50 million.

Emergence Credit Facility

On the Effective Date, pursuant to the terms of the Plan, the Company entered into the Emergence Credit Facility with Holdco II as borrower and Wells Fargo Bank, National Association, as administrative agent, providing for:

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

1) a reserve-based revolving loan with an initial borrowing base of $1.4 billion and 2) a term loan in an original principal amount of $300 million. On May 31, 2017, the Company entered into the First Amendment and Consent to Credit Agreement, pursuant to which among other modifications: 1) the term loan was paid in full and terminated using cash proceeds from the Jonah Assets Sale, and 2) the borrowing base for the revolving loan was reduced to $1 billion with additional agreed upon reductions for the Company's other announced sales. In connection with the entry into the Revolving Credit Facility, the Emergence Credit Facility was terminated and repaid in full.

Predecessor's Credit Facility, Second Lien Notes and Senior Notes

On the Effective Date, pursuant to the terms of the Plan, all outstanding obligations under the Predecessor's credit facility, Second Lien Notes and senior notes were canceled. See Note 2 for additional information.

Predecessor Covenant Violations

The Company's filing of the Bankruptcy Petitions described in Note 2 constituted an event of default that accelerated the obligations under the Predecessor's credit facility, Second Lien Notes and senior notes. For the two months ended February 28, 2017, contractual interest, which was not recorded, on the Second Lien Notes and senior notes was approximately $57 million. Under the Bankruptcy Code, the creditors under these debt agreements were stayed from taking any action against the Company as a result of an event of default.

Predecessor's Senior Secured Second Lien Notes Due December 2020

On November 20, 2015, the Company issued $1.0 billion in aggregate principal amount of 12.00% senior secured second lien notes due December 2020 ("Second Lien Notes") in exchange for approximately $2.0 billion in aggregate principal amount of certain of its outstanding senior notes as follows:

	Par Value of Senior Notes Exchanged
	(in thousands)
6.50% senior notes due May 2019	$ 584,422
6.25% senior notes due November 2019	824,348
8.625% senior notes due April 2020	286,344
7.75% senior notes due February 2021	184,300
6.50% senior notes due September 2021	120,586
	$ 2,000,000

The exchanges were accounted for as a troubled debt restructuring ("TDR"). Since the total future cash payments of the new debt were less than the carrying amount of the previous debt, a gain of approximately $352 million was recognized for the year ended December 31, 2015, and included in "gain on extinguishment of debt" on the consolidated and combined statement of operations. TDR accounting requires that interest payments on the Second Lien Notes reduce the carrying value of the debt with no interest expense recognized.

Predecessor Repurchases of Senior Notes

During the year ended December 31, 2015, the Predecessor repurchased, through privately negotiated transactions and on the open market, approximately $927 million of its outstanding senior notes as follows:

- 6.50% senior notes due May 2019 – $53 million;
- 6.25% senior notes due November 2019 – $395 million;

- 8.625% senior notes due April 2020 – $295 million;
- 7.75% senior notes due February 2021 – $36 million; and
- 6.50% senior notes due September 2021 – $148 million.

In connection with the repurchases, the Predecessor paid approximately $553 million in cash and recorded a gain on extinguishment of debt of approximately $356 million for the year ended December 31, 2015.

Note 7 – Derivatives

Commodity Derivatives

Historically, the Company has hedged a portion of its forecasted production to reduce exposure to fluctuations in oil and natural gas prices and provide long-term cash flow predictability to manage its business. The current direct NGL hedging market is constrained in terms of price, volume, duration and number of counterparties, which limits the Company's ability to effectively hedge its NGL production. The Company has also hedged its exposure to differentials in certain operating areas but does not currently hedge exposure to oil or natural gas differentials.

The Company has historically entered into commodity hedging transactions primarily in the form of swap contracts that are designed to provide a fixed price, collars and, from time to time, put options that are designed to provide a fixed price floor with the opportunity for upside. The Company enters into these transactions with respect to a portion of its projected production or consumption to provide an economic hedge of the risk related to the future commodity prices received or paid. The Company does not enter into derivative contracts for trading purposes. The Company did not designate any of its contracts as cash flow hedges; therefore, the changes in fair value of these instruments are recorded in current earnings. See Note 8 for fair value disclosures about oil and natural gas commodity derivatives.

The following table presents derivative positions for the periods indicated as of December 31, 2017:

	2018	2019
Natural gas positions:		
Fixed price swaps (NYMEX Henry Hub):		
Hedged volume (MMMBtu)	69,715	11,315
Average price ($/MMBtu)	$ 3.02	$ 2.97
Oil positions:		
Fixed price swaps (NYMEX WTI):		
Hedged volume (MBbls)	548	—
Average price ($/Bbl)	$ 54.07	$ —
Collars (NYMEX WTI):		
Hedged volume (MBbls)	1,825	1,825
Average floor price ($/Bbl)	$ 50.00	$ 50.00
Average ceiling price ($/Bbl)	$ 55.50	$ 55.50

In April 2018, the Company canceled its oil collars for 2018 and 2019. The Company paid net cash settlements of approximately $20 million for the cancellations.

During the three months ended March 31, 2018, the Company entered into commodity derivative contracts consisting of natural gas basis swaps for March 2018 through December 2018 and natural gas fixed price swaps for January 2019 through December 2019.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

During the ten months ended December 31, 2017, the Company entered into commodity derivative contracts consisting of oil swaps for January 2018 through December 2018 and natural gas swaps for January 2018 through December 2019. The Company did not enter into any commodity derivative contracts during the two months ended February 28, 2017.

In accordance with a Bankruptcy Court order dated August 16, 2016, the Company was authorized to enter into postpetition hedging arrangements. During the year ended December 31, 2016, the Company entered into commodity derivative contracts consisting of natural gas swaps for October 2016 through December 2019, oil swaps for November 2016 through December 2017, and oil collars for January 2018 through December 2019. In April 2016 and May 2016, in connection with the Company's restructuring efforts, the Company canceled (prior to the contract settlement dates) all of its then-outstanding derivative contracts for net proceeds of approximately $1.2 billion. The net proceeds were distributed to the Parent to make permanent repayments of a portion of the borrowings outstanding under the Parent's credit facility.

The natural gas derivatives are settled based on the closing price of NYMEX Henry Hub natural gas on the last trading day for the delivery month, which occurs on the third business day preceding the delivery month, or the relevant index prices of natural gas published in Inside FERC's Gas Market Report on the first business day of the delivery month. The oil derivatives are settled based on the average closing price of NYMEX WTI crude oil for each day of the delivery month.

Balance Sheet Presentation

The Company's commodity derivatives are presented on a net basis in "derivative instruments" on the consolidated and combined balance sheets. The following table summarizes the fair value of derivatives outstanding on a gross basis:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Assets:		
Commodity derivatives	$ 22,589	$ 19,369
Liabilities:		
Commodity derivatives	$ 25,443	$ 113,226

By using derivative instruments to economically hedge exposures to changes in commodity prices, the Company exposes itself to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty owes the Company, which creates credit risk. The Company's counterparties are participants in the Revolving Credit Facility. The Revolving Credit Facility is secured by certain of the Company's and its subsidiaries' oil, natural gas and NGL reserves and personal property; therefore, the Company is not required to post any collateral. The Company does not receive collateral from its counterparties.

The maximum amount of loss due to credit risk that the Company would incur if its counterparties failed completely to perform according to the terms of the contracts, based on the gross fair value of financial instruments, was approximately $23 million at December 31, 2017. The Company minimizes the credit risk in derivative instruments by: (i) limiting its exposure to any single counterparty; (ii) entering into derivative instruments only with counterparties that meet the Company's minimum credit quality standard, or have a

guarantee from an affiliate that meets the Company's minimum credit quality standard; and (iii) monitoring the creditworthiness of the Company's counterparties on an ongoing basis. In accordance with the Company's standard practice, its commodity derivatives are subject to counterparty netting under agreements governing such derivatives and therefore the risk of loss due to counterparty nonperformance is somewhat mitigated.

Gains and Losses on Derivatives

Gains and losses on derivatives were net gains of approximately $14 million and $93 million for the ten months ended December 31, 2017, and the two months ended February 28, 2017, respectively. Gains and losses on derivatives were net losses of approximately $164 million for the year ended December 31, 2016, and net gains of approximately $1.0 billion for the year ended December 31, 2015. Gains and losses on derivatives are reported on the consolidated and combined statements of operations in "gains (losses) on oil and natural gas derivatives."

The Company received net cash settlements of approximately $27 million for the ten months ended December 31, 2017, and paid net cash settlements of approximately $12 million for the two months ended February 28, 2017. The Company received net cash settlements of approximately $861 million and $1.1 billion for the years ended December 31, 2016, and December 31, 2015, respectively. In addition, during the year ended December 31, 2016, approximately $841 million in settlements (primarily in connection with the April 2016 and May 2016 commodity derivative cancellations) were paid directly by the counterparties to the lenders under the Parent's credit facility as repayments of a portion of the borrowings outstanding.

Note 8 – Fair Value Measurements on a Recurring Basis

The Company accounts for its commodity derivatives at fair value (see Note 7) on a recurring basis. The Company determines the fair value of its oil and natural gas derivatives utilizing pricing models that use a variety of techniques, including market quotes and pricing analysis. Inputs to the pricing models include publicly available prices and forward price curves generated from a compilation of data gathered from third parties. Company management validates the data provided by third parties by understanding the pricing models used, obtaining market values from other pricing sources, analyzing pricing data in certain situations and confirming that those instruments trade in active markets. Assumed credit risk adjustments, based on published credit ratings and public bond yield spreads, are applied to the Company's commodity derivatives.

Fair Value Hierarchy

In accordance with applicable accounting standards, the Company has categorized its financial instruments into a three-level fair value hierarchy based on the priority of inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Financial assets and liabilities recorded in the consolidated and combined balance sheets are categorized based on the inputs to the valuation techniques as follows:

Level 1 Financial assets and liabilities for which values are based on unadjusted quoted prices for identical assets or liabilities in an active market that management has the ability to access.

Level 2 Financial assets and liabilities for which values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability (commodity derivatives).

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Level 3 Financial assets and liabilities for which values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to measure fair value fall within different levels of the hierarchy in a liquid environment, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company conducts a review of fair value hierarchy classifications on a quarterly basis. Changes in the observability of valuation inputs may result in a reclassification for certain financial assets or liabilities.

The following presents the fair value hierarchy for assets and liabilities measured at fair value on a recurring basis:

	Successor		
	December 31, 2017		
	Level 2	Netting (1)	Total
	(in thousands)		
Assets:			
Commodity derivatives	$22,589	$(12,491)	$10,098
Liabilities:			
Commodity derivatives	$25,443	$(12,491)	$12,952

	Predecessor		
	December 31, 2016		
	Level 2	Netting (1)	Total
	(in thousands)		
Assets:			
Commodity derivatives	$ 19,369	$(19,369)	$ —
Liabilities:			
Commodity derivatives	$113,226	$(19,369)	$93,857

(1) Represents counterparty netting under agreements governing such derivatives.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Note 9 – Other Property and Equipment

Other property and equipment consists of the following:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Natural gas plant and pipeline	$ 392,999	$ 421,806
Furniture and office equipment	39,551	105,353
Buildings and leasehold improvements	27,301	66,014
Vehicles	10,811	31,496
Land	6,776	3,736
Drilling and other equipment	3,291	8,082
	480,729	636,487
Less accumulated depreciation	(28,658)	(224,547)
Less other property and equipment, net – discontinued operations	—	(11,402)
	$ 452,071	$ 400,538

Note 10 – Asset Retirement Obligations

The Company has the obligation to plug and abandon oil and natural gas wells and related equipment at the end of production operations. Estimated asset retirement costs are recognized as liabilities with an increase to the carrying amounts of the related long-lived assets when the obligation is incurred. The liabilities are included in “other accrued liabilities” and “other noncurrent liabilities” on the consolidated and combined balance sheets. Accretion expense is included in “depreciation, depletion and amortization” on the consolidated and combined statements of operations. The fair value of additions to the asset retirement obligations is estimated using valuation techniques that convert future cash flows to a single discounted amount. Significant inputs to the valuation include estimates of: (i) plug and abandon costs per well based on existing regulatory requirements; (ii) remaining life per well; (iii) future inflation factors; and (iv) a credit-adjusted risk-free interest rate. These inputs require significant judgments and estimates by the Company’s management at the time of the valuation and are the most sensitive and subject to change.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The following table presents a reconciliation of the Company's asset retirement obligations:

(in thousands)	Successor	Predecessor	
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016
Asset retirement obligations at beginning of period	$ 357,397	$ 402,162	$ 385,978
Liabilities added from drilling	551	146	446
Liabilities added from acquisitions	—	—	1,416
Liabilities associated with assets divested	(158,228)	—	—
Liabilities associated with assets held for sale	(42,001)	—	—
Current year accretion expense	14,995	4,024	23,661
Settlements	(8,189)	(618)	(8,614)
Revision of estimates	28	—	(725)
Fresh start adjustment (1)	—	(48,317)	—
	164,553	357,397	402,162
Less asset retirement obligations – discontinued operations	—	(26,978)	(38,042)
Asset retirement obligations at end of period	$ 164,553	$ 330,419	$ 364,120

(1) As a result of the application of fresh start accounting, the Successor recorded its asset retirement obligations at fair value as of the Effective Date.

Note 11 – Commitments and Contingencies

On May 11, 2016, the Debtors filed Bankruptcy Petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Debtors' Chapter 11 cases were administered jointly under the caption In re Linn Energy, LLC, et al., Case No. 16-60040. On January 27, 2017, the Bankruptcy Court entered the Confirmation Order. Consummation of the Plan was subject to certain conditions set forth in the Plan. On the Effective Date, all of the conditions were satisfied or waived and the Plan became effective and was implemented in accordance with its terms. The Debtors Chapter 11 cases will remain pending until the final resolution of all outstanding claims.

The commencement of the Chapter 11 proceedings automatically stayed certain actions against the Company, including actions to collect prepetition liabilities or to exercise control over the property of the Company's bankruptcy estates. However, the Company is, and will continue to be until the final resolution of all claims, subject to certain contested matters and adversary proceedings stemming from the Chapter 11 proceedings.

In March 2017, Wells Fargo Bank, National Association ("Wells Fargo"), the administrative agent under the Parent's credit facility, filed a motion in the Bankruptcy Court seeking payment of post-petition default interest of approximately $31 million. LINN Energy has vigorously disputed that Wells Fargo is entitled to any default interest based on the plain language of the Plan and Confirmation Order. On November 13, 2017, the Bankruptcy Court ruled that the secured lenders are not entitled to payment of post-petition default interest. That ruling was appealed by Wells Fargo and on March 29, 2018, the District Court affirmed the Bankruptcy Court's ruling.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The Company is not currently a party to any litigation or pending claims that it believes would have a material adverse effect on its overall business, financial position, results of operations or liquidity; however, cash flow could be significantly impacted in the reporting periods in which such matters are resolved.

Except for in connection with its Chapter 11 proceedings, the Company made no significant payments to settle any legal, environmental or tax proceedings during the years ended December 31, 2017, December 31, 2016, and December 31, 2015. See Note 3 for additional information about payments made upon the Company's emergence from Chapter 11 bankruptcy. The Company regularly analyzes current information and accrues for probable liabilities on the disposition of certain matters as necessary. Liabilities for loss contingencies arising from claims, assessments, litigation or other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Note 12 – Operating Leases

The Company leases office space and other property and equipment under lease agreements expiring on various dates through 2021. The Company recognized expense under operating leases of approximately $6 million, $1 million, $9 million and $15 million for the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, respectively.

As of December 31, 2017, future minimum lease payments were as follows (in thousands):

2018	$2,812
2019	2,005
2020	463
2021	12
2022	—
Thereafter	—
	$5,292

Note 13 – Share-Based Compensation and Other Benefits

The consolidated and combined financial statements include 100% of the Parent's employee-related expenses, as its personnel were employed by Linn Operating, a subsidiary of LINN Energy that will be included with Riviera as part of the separation. Compensation cost related to the grant of share-based awards has been recorded at the subsidiary level with a corresponding credit to equity, representing the Parent's capital contribution.

The Parent had no equity awards outstanding as of December 31, 2016. In accordance with the Plan, in February 2017, LINN Energy implemented the Linn Energy, Inc. 2017 Omnibus Incentive Plan (the "Omnibus Incentive Plan") pursuant to which employees and consultants of the Company and its affiliates are eligible to receive stock options, restricted stock, performance awards, other stock-based awards and other cash-based awards.

Accounting for Share-Based Compensation

The Company recognizes expense for share-based compensation over the requisite service period in an amount equal to the fair value of share-based awards granted. The fair value of share-based awards, excluding liability awards, is computed at the date of grant and is not remeasured. The fair value of liability awards is remeasured at each reporting date through the settlement date with the change in fair value recognized as compensation expense over that period. The Company had no outstanding liability awards as of December 31, 2017. The Company has

made a policy decision to recognize compensation expense for service-based awards on a straight-line basis over the requisite service period for the entire award. Beginning in 2017, the Company accounts for forfeitures as they occur.

The Parent's restricted stock units are equity-classified on the consolidated balance sheet.. The fair value of the Parent's restricted stock units was determined based on the fair value of the Parent's shares on the date of grant and the fair value of the incentive interest awards in the form of Class B units (Class A-2 units upon conversion) was initially determined based on the estimated amount to settle the awards and the fair value of the awards at the date of the conversion became the measurement basis from that point forward.

A summary of share-based compensation expenses included on the consolidated and combined statements of operations is presented below:

	Successor		Predecessor	
(in thousands)	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
General and administrative expenses	$ 41,285	$ 50,255	$ 34,268	$ 47,312
Lease operating expenses	—	—	9,950	8,824
Total share-based compensation expenses	$ 41,285	$ 50,255	$ 44,218	$ 56,136
Income tax benefit	$ 9,861	$ 5,170	$ 16,339	$ 20,742

Restricted Stock Units

On the Effective Date, LINN Energy granted to certain employees 2,478,606 restricted stock units. During the ten months ended December 31, 2017, LINN Energy granted to certain employees 1,340,350 restricted stock units from the remaining share reserve. The restricted stock units vest over three years.

Upon a participant's termination of employment and/or service (as applicable), LINN Energy has the right (but not the obligation) to repurchase all or any portion of the shares of LINN Energy's Class A common stock acquired pursuant to an award at a price equal to the fair market value (as determined under the Omnibus Incentive Plan) of the shares of LINN Energy's Class A common stock to be repurchased, measured as of the date of LINN Energy's repurchase notice. In addition, the Compensation Committee has approved a one-time liquidity program under which LINN Energy has agreed to 1) settle all or a portion of an eligible participant's restricted stock units vesting on or before March 1, 2018 in cash and/or 2) repurchase all or a portion of any shares of LINN Energy's Class A common stock held by an eligible participant as a result of a prior vesting of restricted stock units, in each case at an agreed upon price (the "Liquidity Program"). Only those participants that executed the waiver of certain rights under the Omnibus Incentive Plan described above are eligible to participate in the Liquidity Program.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

The following summarizes the Company's restricted stock units activity:

	Number of Nonvested Units	Weighted Average Grant-Date Fair Value Per Unit
Nonvested units at February 28, 2017 (Predecessor)	—	$ —
Granted	2,478,606	$ 22.19
Vested	(619,665)	$ 22.19
Nonvested units at February 28, 2017 (Successor)	1,858,941	$ 22.19
Granted	1,340,350	$ 29.29
Vested	(51,839)	$ 27.86
Forfeited	(187,148)	$ 28.38
Nonvested units at December 31, 2017 (Successor)	2,960,304	$ 24.92

The total fair value of restricted stock units that vested was approximately $2 million and $14 million for the ten months ended December 31, 2017, and on February 28, 2017, respectively. As of December 31, 2017, there was approximately $49 million of unrecognized compensation cost related to nonvested restricted stock units. The cost is expected to be recognized over a weighted average period of approximately 2.16 years.

Holdco Incentive Interest Plan

On the Effective Date, Linn Energy Holdco LLC ("Holdco"), a subsidiary of the Parent, granted incentive interest awards to certain members of the Company's management in the form of 3,470,051 Class B units, which are intended to qualify as "profits interests" for U.S. income tax purposes. The Class B units vested 25% on the Effective Date and the remaining amount vest ratably over the following three years. In accordance with the terms of the Limited Liability Company Operating Agreement of Holdco, on July 31, 2017, all of the Class B units were converted to Class A-2 units of Holdco. The Class A-2 units will continue to vest over three years. The total fair value of Class B units that vested was approximately $28 million on February 28, 2017. As of December 31, 2017, there was approximately $61 million of unrecognized compensation cost related to nonvested Class A-2 units of Holdco. The cost is expected to be recognized over a weighted average period of approximately 2.16 years.

Compensation cost related to the grant of Holdco's Class B units and Class A-2 units has been recorded at the subsidiary level with a corresponding credit to equity, representing the Parent's capital contribution.

Linn Energy, LLC's Incentive Plan Summary

Linn Energy, LLC's Amended and Restated Long-Term Incentive Plan, as amended (the "LTIP), was effective from December 2005 through February 28, 2017. The LTIP permitted grants of unrestricted units, restricted units, stock options and performance awards to employees, consultants and nonemployee directors. In December 2016, the Company canceled all of its then-outstanding nonvested restricted units, phantom units and performance unit awards, as well as its then-outstanding unit options, without consideration given to the employees. As a result, the Company recognized unit-based compensation expenses of approximately $14 million for the year ended December 31, 2016, associated with previously unrecognized compensation costs for awards that were canceled before the completion of the requisite service period.

Defined Contribution Plan

The Company sponsors a 401(k) defined contribution plan for eligible employees. For 2017, Company contributions to the 401(k) plan consisted of a discretionary matching contribution equal to 100% of the first 4% of eligible compensation contributed by the employee on a before-tax basis. For the years 2016 and 2015, Company contributions to the 401(k) plan consisted of a discretionary matching contribution equal to 100% of the first 6% of eligible compensation contributed by the employee on a before-tax basis. The Company contributed approximately $3 million, $812,000, $9 million and $11 million during the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, respectively, to the 401(k) plan's trustee account. The 401(k) plan funds are held in a trustee account on behalf of the plan participants.

Note 14 – Income Taxes

The income tax amounts in these consolidated and combined financial statements have been calculated based on a separate income tax return methodology and presented as if the Company's operations were separate taxpayers in the respective jurisdictions.

The Successor was formed as a C corporation. For federal and state income tax purposes (with the exception of the state of Texas), the Predecessor was a limited liability company treated as a partnership, in which income tax liabilities and/or benefits were passed through to the Predecessor's unitholders. Limited liability companies are subject to Texas margin tax. In addition, certain of the Predecessor's subsidiaries were C corporations subject to federal and state income taxes. As such, with the exception of the state of Texas and certain subsidiaries, the Predecessor did not directly pay federal and state income taxes and recognition was not given to federal and state income taxes for the operations of the Predecessor.

The deferred tax effects of LINN Energy's change to a C corporation are included in income from continuing operations for the two months ended February 28, 2017. Amounts recognized as income taxes are included in "income tax expense (benefit)," as well as discontinued operations, on the consolidated and combined statements of operations.

On December 22, 2017, H.R. 1 (the "Tax Cuts and Jobs Act") was signed into law. The Company conducted an assessment of the impact of the Tax Cuts and Jobs Act and concluded that a noncash charge of approximately $101 million for the ten months ended December 31, 2017, against net deferred income taxes was necessary due to the decrease in the statutory federal income tax rate from 35% to 21%. This charge is included in "income tax expense (benefit)" on the consolidated statement of operations and resulted in a 13.6% increase in the Company's effective tax rate for the ten months ended December 31, 2017.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Income tax expense (benefit) consisted of the following:

(in thousands)	Successor	Predecessor		
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Current taxes:				
Federal	$ 7,140	$ —	$ (494)	$ (12,021)
State	2	—	427	1,108
Deferred taxes:				
Federal	366,992	—	11,582	8,237
State	15,780	(166)	(215)	(3,631)
	$ 389,914	$ (166)	$ 11,300	$ (6,307)

As of December 31, 2017, the Company had approximately $60 million of net operating loss carryforwards for federal income tax purposes which will begin expiring in 2038.

A reconciliation of the federal statutory tax rate to the effective tax rate is as follows:

	Successor	Predecessor		
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Federal statutory rate	35.0%	35.0%	35.0%	35.0%
Federal statutory rate change	13.6	—	—	—
State, net of federal tax benefit	2.6	—	0.7	0.1
Loss excluded from nontaxable entities	—	(35.0)	(23.4)	(34.7)
Other	1.3	—	(15.7)	(0.2)
Effective rate	52.5%	—%	(3.4)%	0.2%

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Significant components of the deferred tax assets and liabilities were as follows:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Deferred tax assets:		
Net operating loss carryforwards	$ 14,615	$ 1,730
Share-based compensation	5,667	—
Reorganization items	—	14,932
Oil and natural gas properties	171,425	—
Valuation allowance	—	(19,558)
Other	10,918	10,030
Total deferred tax assets	202,625	7,134
Deferred tax liabilities:		
Equity investment in Roan	(14,087)	—
Property and equipment principally due to differences in depreciation	—	(7,021)
Other	—	(279)
Total deferred tax liabilities	(14,087)	(7,300)
Net deferred tax assets (liabilities)	$ 188,538	$ (166)

The net deferred tax assets are recorded in “deferred income taxes” and the net deferred tax liabilities are recorded in “other noncurrent liabilities” on the consolidated and combined balance sheets at December 31, 2017, and December 31, 2016, respectively.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. At December 31, 2017, based upon the projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that the Company will realize the benefits of these deductible differences.

In accordance with the applicable accounting standards, the Company recognizes only the impact of income tax positions that, based on their merits, are more likely than not to be sustained upon audit by a taxing authority. To evaluate its current tax positions in order to identify any material uncertain tax positions, the Company developed a policy of identifying and evaluating uncertain tax positions that considers support for each tax position, industry standards, tax return disclosures and schedules and the significance of each position. It is the Company’s policy to recognize interest and penalties, if any, related to unrecognized tax benefits in income tax expense. The Company had no material uncertain tax positions at December 31, 2017, or December 31, 2016. The tax years 2016 and 2017 remain open to examination for federal and state income tax purposes.

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Note 15 – Supplemental Disclosures to the Consolidated and Combined Balance Sheets and Consolidated and Combined Statements of Cash Flows

"Other current assets" reported on the consolidated and Combined balance sheets include the following:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Prepaids	$ 43,150	$ 70,116
Receivable from related party	23,163	—
Inventories	7,667	15,097
Deferred financing fees	—	16,809
Other	2,703	3,288
Other current assets	$ 76,683	$ 105,310

"Other accrued liabilities" reported on the consolidated and combined balance sheets include the following:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Accrued compensation	$ 29,089	$ 16,443
Asset retirement obligations (current portion)	3,926	9,361
Deposits	15,349	—
Income taxes payable	7,009	—
Other	2,757	28
Other accrued liabilities	$ 58,130	$ 25,832

The following table provides a reconciliation of cash and cash equivalents on the consolidated and combined balance sheets to cash, cash equivalents and restricted cash on the consolidated and combined statements of cash flows:

(in thousands)	Successor December 31, 2017	Predecessor December 31, 2016
Cash and cash equivalents	$ 464,477	$ 478,417
Restricted cash	56,445	1,602
Other noncurrent assets	—	7,775
Cash, cash equivalents and restricted cash	$ 520,922	$ 487,794

RIVIERA RESOURCES, LLC

NOTES TO CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS—Continued

Supplemental disclosures to the consolidated and combined statements of cash flows are presented below:

(in thousands)	Successor	Predecessor		
	Ten Months Ended December 31, 2017	Two Months Ended February 28, 2017	Year Ended December 31, 2016	Year Ended December 31, 2015
Cash payments for interest, net of amounts capitalized	$ 15,165	$ 17,651	$ 143,305	$ 476,077
Cash payments for income taxes	$ 275	$ —	$ 4,060	$ 193
Cash payments for reorganization items, net	$ 11,889	$ 21,571	$ 37,748	$ —
Noncash investing activities:				
Accrued capital expenditures	$ 31,447	$ 22,191	$ 31,128	$ 71,105

For purposes of the consolidated and combined statements of cash flows, the Company considers all highly liquid short-term investments with original maturities of three months or less to be cash equivalents. At December 31, 2017, “restricted cash” on the consolidated balance sheet consists of approximately $36 million that will be used to settle certain claims in accordance with the Plan (which is the remainder of approximately $80 million transferred to restricted cash in February 2017 to fund such items), approximately $15 million related to deposits and approximately $5 million for other items. At December 31, 2016, “restricted cash” on the consolidated and combined balance sheet represents amounts restricted related to utility services providers. In addition, restricted cash of approximately $8 million is included in “other noncurrent assets” on the consolidated and combined balance sheet at December 31, 2016, and represents cash deposited by the Company into a separate account designated for asset retirement obligations in accordance with contractual agreements.

At December 31, 2016, net outstanding checks of approximately $5 million were reclassified and included in “accounts payable and accrued expenses” on the consolidated and combined balance sheet. The change in net outstanding checks is presented as cash flows from financing activities and included in “other” on the consolidated and combined statements of cash flows.

In November 2015, the Company issued $1.0 billion in aggregate principal amount of Second Lien Notes in exchange for approximately $2.0 billion in aggregate principal amount of certain of its outstanding senior notes (see Note 6). In addition, during the year ended December 31, 2016, approximately $841 million in commodity derivative settlements (primarily in connection with the April 2016 and May 2016 commodity derivative cancellations) were paid directly by the counterparties to the lenders under the Parent’s credit facility as repayments of a portion of the borrowings outstanding, and are reflected as noncash transactions by the Company.

Note 16 – Significant Customers

The Company has a concentration of customers who are engaged in oil and natural gas purchasing, transportation and/or refining within the U.S. This concentration of customers may impact the Company’s overall exposure to credit risk, either positively or negatively, in that the customers may be similarly affected by changes in economic or other conditions. The Company’s customers consist primarily of major oil and natural gas purchasers and the Company generally does not require collateral since it has not experienced significant credit losses on such sales. The Company routinely assesses the recoverability of all material trade and other receivables to determine collectibility (see Note 1).

For the ten months ended December 31, 2017, the two months ended February 28, 2017, and the years ended December 31, 2016, and December 31, 2015, no individual customer exceeded 10% of the Company's sales.

At December 31, 2017, and December 31, 2016, no individual customer exceeded 10% of the Company's receivables.

Note 17 – Related Party Transactions

Roan Resources LLC

On August 31, 2017, the Company completed the transaction in which the Company and Citizen each contributed certain upstream assets located in Oklahoma to a newly formed company, Roan. In exchange for their respective contributions, the Company and Citizen each received a 50% equity interest in Roan, subject to customary post-closing adjustments. See Note 4 for additional information. Also on such date, Roan entered into a Master Services Agreement (the "MSA") with Linn Operating, a subsidiary of Riviera, pursuant to which Linn Operating will provide certain operating, administrative and other services in respect of the assets contributed to Roan during a transitional period.

Under the MSA, Roan will reimburse Linn Operating for certain costs and expenses incurred by Linn Operating in connection with providing the services, and Roan will pay to Linn Operating a service fee of $1.25 million per month, prorated for partial months. The termination of the MSA will be the earliest of: (a) mutual agreement of the parties; (b) upon 30 days' prior written notice from Roan to Linn Operating; (c) upon five days' prior written notice from Linn Operating to Roan of a material default by Roan under the MSA, provided Linn Operating must have provided prior written notice to Roan of such material default providing Roan 10 days to cure such material default and such material default has not been cured by the end of the 10 day time period; and (d) eight months from the date of the MSA.

For the four months ended December 31, 2017, the Company recognized service fees of approximately $5 million as a reduction to general and administrative expenses. The Company had approximately $23 million due from Roan, primarily associated with capital spending, included in "other current assets" and approximately $18 million due to Roan, primarily associated with joint interest billings and natural gas purchases, included in "accounts payable and accrued expenses" on the consolidated balance sheet at December 31, 2017.

SUPPLEMENTAL OIL AND NATURAL GAS DATA (Unaudited)—Continued

Proved Oil, Natural Gas and NGL Reserves

The proved reserves of oil, natural gas and NGL of the Company have been prepared by the independent engineering firm, DeGolyer and MacNaughton. In accordance with Securities and Exchange Commission ("SEC") regulations, reserves at December 31, 2017, December 31, 2016, and December 31, 2015, were estimated using the average price during the 12-month period, determined as an unweighted average of the first-day-of-the-month price for each month, excluding escalations based upon future conditions. An analysis of the change in estimated quantities of oil, natural gas and NGL reserves, all of which are located within the U.S., is shown below:

	Successor

The tables above include changes in estimated quantities of oil and NGL reserves shown in Mcf equivalents using the ratio of one barrel to six Mcf. Reserves for the Company's California properties are reported as discontinued operations for all periods presented.

RIVIERA RESOURCES, LLC

SUPPLEMENTAL OIL AND NATURAL GAS DATA (Unaudited)—Continued

Proved reserves from continuing operations decreased by approximately 1,382 Bcfe to approximately 1,968 Bcfe for the year ended December 31, 2017, from 3,350 Bcfe for the year ended December 31, 2016. The year ended December 31, 2017, includes approximately 78 Bcfe of negative revisions of previous estimates (264 Bcfe of negative revisions due to asset performance partially offset by 186 Bcfe of positive revisions due to higher commodity prices). During the year ended December 31, 2017, several divestitures decreased reserves by approximately 1,213 Bcfe (see Note 4 for additional information of divestitures). In addition, extensions and discoveries, primarily from 90 productive wells drilled during the year, contributed approximately 142 Bcfe to the increase in proved reserves.

Proved reserves from continuing operations increased by approximately 110 Bcfe to approximately 3,350 Bcfe for the year ended December 31, 2016, from 3,240 Bcfe for the year ended December 31, 2015. The year ended December 31, 2016, includes approximately 16 Bcfe of negative revisions of previous estimates (97 Bcfe of negative revisions due to lower commodity prices partially offset by 81 Bcfe of positive revisions due to asset performance). In addition, extensions and discoveries, primarily from 211 productive wells drilled during the year, contributed approximately 417 Bcfe to the increase in proved reserves.

Proved reserves from continuing operations decreased by approximately 2,078 Bcfe to approximately 3,240 Bcfe for the year ended December 31, 2015, from 5,318 Bcfe for the year ended December 31, 2014. The year ended December 31, 2015, includes approximately 1,743 Bcfe of negative revisions of previous estimates (1,332 Bcfe due to lower commodity prices, 197 Bcfe due to uncertainty regarding the Company’s future commitment to capital and 237 Bcfe due to the SEC five-year development limitation on PUDs, partially offset by 23 Bcfe of positive revisions due to asset performance). During the year ended December 31, 2015, divestitures including the Howard County Assets Sale decreased proved reserves by approximately 50 Bcfe. In addition, extensions and discoveries, primarily from 388 productive wells drilled during the year, contributed approximately 32 Bcfe to the increase in proved reserves. As a result of the uncertainty regarding the Company’s future commitment to capital, the Company reclassified all of its PUDs to unproved at December 31, 2015.

SUPPLEMENTAL OIL AND NATURAL GAS DATA (Unaudited)—Continued

Standardized Measure of Discounted Future Net Cash Flows and Changes Therein Relating to Proved Reserves

Information with respect to the standardized measure of discounted future net cash flows relating to proved reserves is summarized below. Future cash inflows are computed by applying applicable prices relating to the Company's proved reserves to the year-end quantities of those reserves. Future production, development, site restoration and abandonment costs are derived based on current costs assuming continuation of existing economic conditions. Future income tax expenses are calculated by applying the year-end statutory tax rates (with consideration of any known future changes) to the pretax net cash flows, reduced by the applicable tax basis and giving effect to any tax deductions, tax credits and allowances relating to the proved oil and natural gas reserves. There are no future income tax expenses at December 31, 2016, or December 31, 2015, because the Predecessor was not subject to federal income taxes. Limited liability companies are subject to Texas margin tax; however, these amounts were not material. See Note 14 for additional information about income taxes.

	December 31,

Equity Method Investments (1)	
Standardized measure – Beginning of period	$ 304,900
Sales and transfers of oil, natural gas and NGL produced during the period	(32,618)
Changes in estimated future development costs	(14,617)
Net change in sales and transfer prices and production costs related to future production	33,912
Extensions, discoveries and improved recovery	270,737
Previously estimated development costs incurred during the period	89,457
Net change due to revisions in quantity estimates	(47,222)
Accretion of discount	10,163
Changes in production rates and other	(16,877)
Net increase	292,935
Standardized measure – End of year	$ 597,835

(1) Represents the Company's 50% equity interest in Roan. Changes in the standardized measure of discounted future net cash flows of Roan for 2017 is for the period from September 1, 2017 through December 31, 2017.

RIVIERA RESOURCES, LLC

SUPPLEMENTAL OIL AND NATURAL GAS DATA (Unaudited)—Continued

The data presented should not be viewed as representing the expected cash flow from, or current value of, existing proved reserves since the computations are based on a large number of estimates and assumptions. The required projection of production and related expenditures over time requires further estimates with respect to pipeline availability, rates of demand and governmental control. Actual future prices and costs are likely to be substantially different from the current prices and costs utilized in the computation of reported amounts. Any analysis or evaluation of the reported amounts should give specific recognition to the computational methods utilized and the limitations inherent therein.

APPENDIX A—GLOSSARY OF OIL AND NATURAL GAS TERMS

As commonly used in the oil and natural gas industry and as used in this prospectus, the following terms have the following meanings:

Basin. A large area with a relatively thick accumulation of sedimentary rocks.

Bbl. One stock tank barrel or 42 U.S. gallons liquid volume.

Bcf. One billion cubic feet.

Bcfe. One billion cubic feet equivalent, determined using the ratio of six Mcf of natural gas to one Bbl of oil, condensate or natural gas liquids.

Btu. One British thermal unit, which is the heat required to raise the temperature of a one-pound mass of water from 58.5 degrees to 59.5 degrees Fahrenheit.

Development well. A well drilled within the proved area of a reservoir to the depth of a stratigraphic horizon known to be productive.

Dry hole or *well.* A well found to be incapable of producing hydrocarbons in sufficient quantities such that proceeds from the sale of such production would exceed production expenses and taxes.

Exploratory well. A well drilled to find a new field or to find a new reservoir in a field previously found to be productive of oil or natural gas in another reservoir.

Field. An area consisting of a single reservoir or multiple reservoirs all grouped on or related to the same individual geological structural feature and/or stratigraphic condition.

Formation. A stratum of rock that is recognizable from adjacent strata consisting primarily of a certain type of rock or combination of rock types with thickness that may range from less than two feet to hundreds of feet.

Gross acres or *gross wells.* The total acres or wells, as the case may be, in which a working interest is owned.

MBbls. One thousand barrels of oil or other liquid hydrocarbons.

MBbls/d. MBbls per day.

Mcf. One thousand cubic feet.

Mcfe. One thousand cubic feet equivalent, determined using the ratio of six Mcf of natural gas to one Bbl of oil, condensate or natural gas liquids.

MMBbls. One million barrels of oil or other liquid hydrocarbons.

MMBtu. One million British thermal units.

MMcf. One million cubic feet.

MMcf/d. MMcf per day.

MMcfe. One million cubic feet equivalent, determined using the ratio of six Mcf of natural gas to one Bbl of oil, condensate or natural gas liquids.

MMcfe/d. MMcfe per day.

MMMBtu. One billion British thermal units.

Net acres or *net wells.* The sum of the fractional working interests owned in gross acres or gross wells, as the case may be.

NGL. Natural gas liquids, which are the hydrocarbon liquids contained within natural gas.

Productive well. A well found to be capable of producing hydrocarbons in sufficient quantities such that proceeds from the sale of such production exceeds production expenses and taxes.

Proved developed reserves. Reserves that can be expected to be recovered through existing wells with existing equipment and operating methods or in which the cost of the required equipment is relatively minor compared to the cost of a new well; and through installed extraction equipment and infrastructure operational at the time of the reserves estimate if the extraction is by means not involving a well.

Proved reserves. Reserves that by analysis of geoscience and engineering data can be estimated with reasonable certainty to be economically producible from a given date forward, from known reservoirs, and under existing economic conditions, operating methods, and government regulations prior to the time at which contracts providing the right to operate expire, unless evidence indicates that renewal is reasonably certain. The project to extract the hydrocarbons must have commenced or the operator must be reasonably certain that it will commence the project within a reasonable time.

Proved undeveloped drilling location. A site on which a development well can be drilled consistent with spacing rules for purposes of recovering proved undeveloped reserves.

Proved undeveloped reserves or *PUDs.* Reserves that are expected to be recovered from new wells on undrilled acreage, or from existing wells where a relatively major expenditure is required for recompletion. Reserves on undrilled acreage are limited to those directly offsetting development spacing areas that are reasonably certain of production when drilled, unless evidence using reliable technology exists that establishes reasonable certainty of economic producibility at greater distances. Undrilled locations can be classified as having undeveloped reserves only if a development plan has been adopted indicating that they are scheduled to be drilled within five years, unless the specific circumstances justify a longer time. Estimates for proved undeveloped reserves are not attributed to any acreage for which an application of fluid injection or other improved recovery technique is contemplated, unless such techniques have been proved effective by actual projects in the same reservoir or an analogous reservoir, or by other evidence using reliable technology establishing reasonable certainty.

Recompletion. The completion for production of an existing wellbore in another formation from that which the well has been previously completed.

Reservoir. A porous and permeable underground formation containing a natural accumulation of economically productive natural gas and/or oil that is confined by impermeable rock or water barriers and is individual and separate from other reserves.

Royalty interest. An interest that entitles the owner of such interest to a share of the mineral production from a property or to a share of the proceeds there from. It does not contain the rights and obligations of operating the property and normally does not bear any of the costs of exploration, development and operation of the property.

Spacing. The number of wells which conservation laws allow to be drilled on a given area of land.

Standardized measure of discounted future net cash flows. The present value of estimated future net revenues to be generated from the production of proved reserves, determined in accordance with the regulations of the

Securities and Exchange Commission, without giving effect to non-property related expenses such as general and administrative expenses, debt service, future income tax expenses or depreciation, depletion and amortization; discounted using an annual discount rate of 10%.

Undeveloped acreage. Lease acreage on which wells have not been drilled or completed to a point that would permit the production of commercial quantities of oil, natural gas and NGL regardless of whether such acreage contains proved reserves.

Unproved reserves. Reserves that are considered less certain to be recovered than proved reserves. Unproved reserves may be further sub-classified to denote progressively increasing uncertainty of recoverability and include probable reserves and possible reserves.

Working interest. The operating interest that gives the owner the right to drill, produce and conduct operating activities on the property and a share of production.

Workover. Maintenance on a producing well to restore or increase production.

Zone. A stratigraphic interval containing one or more reservoirs.

PRELIMINARY PROSPECTUS

, 2018

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 13. Other Expenses of Issuance and Distribution

The following table sets forth an itemized statement of the amounts of all estimated expenses in connection with the issuance and distribution of the securities to be registered. With the exception of the SEC registration fee, the amounts set forth below are estimates.

SEC registration fee	$169,479
Accountants' fees and expenses	*
Legal fees and expenses	*
Printing and engraving expenses	*
Transfer agent and registrar fees	*
Miscellaneous	*
Total	$ *

* To be filed by amendment.

Item 14. Indemnification of Directors and Officers

Section 145 of the DGCL provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with any threatened, pending or completed actions, suit or proceeding, whether civil, criminal, administrative or investigative, in which such person is made a party by reason of the fact that the person is or was a director, officer, employee or agent of the corporation (other than an action by or in the right of the corporation—a "derivative action"), if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification extends only to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's bylaws, disinterested director vote, stockholder vote, agreement or otherwise.

Our certificate of incorporation will provide that no director shall be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation on liability is not permitted under the DGCL, as now in effect or as amended. Currently, Section 102(b)(7) of the DGCL requires that liability be imposed for the following:

- any breach of the director's duty of loyalty to our company or our stockholders;
- any act or omission not in good faith or which involved intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; and
- any transaction from which the director derived an improper personal benefit.

Our certificate of incorporation and bylaws will provide that, to the fullest extent authorized or permitted by the DGCL, as now in effect or as amended, we will indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that

such person is or was our director or officer, or by reason of the fact that our director or officer is or was serving, at our request, as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans maintained or sponsored by us. We will indemnify such persons against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding if such person acted in good faith and in a manner reasonably believed to be in or not opposed to our best interests and, with respect to any criminal proceeding, had no reason to believe such person's conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification extends only to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such actions, and court approval is required before there can be any indemnification where the person seeking indemnification has been found liable to us. Any amendment of this provision will not reduce our indemnification obligations relating to actions taken before an amendment.

We intend to maintain liability insurance policies that indemnify our directors and officers and those of our subsidiaries against various liabilities, including certain liabilities arising under the Securities Act and the Exchange Act that may be incurred by them in their capacity as such.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 15. Recent Sales of Unregistered Securities

None.

Item 16. Exhibits and Financial Statement Schedules

The Exhibit Index immediately preceding the signature page hereto, which is incorporated by reference as if fully set forth herein, contains the required information.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, if such registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of such registrant under the Securities Act to any purchaser in the initial distribution of the securities, in a primary offering of securities of such registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of such registrant or used or referred to by the undersigned registrants;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or their securities provided by or on behalf of such registrant; and

(iv) any other communication that is an offer in the offering made by such registrant to the purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Co-Counsel to the Debtors and Debtors in Possession

Dated: January 25, 2017

[1] The Debtors in these chapter 11 cases and the last four digits of each Debtor's federal tax identification number are as follows: Linn Energy, LLC (7591); Berry Petroleum Company, LLC (9387); LinnCo, LLC (6623); Linn Acquisition Company, LLC (4791); Linn Energy Finance Corp. (5453); Linn Energy Holdings, LLC (6517); Linn Exploration & Production Michigan LLC (0738); Linn Exploration Midcontinent, LLC (3143); Linn Midstream, LLC (9707); Linn Midwest Energy LLC (1712); Linn Operating, Inc. (3530); Mid-Continent I, LLC (1812); Mid-Continent II, LLC (1869); Mid-Continent Holdings I, LLC (1686); and Mid-Continent Holdings II, LLC (7129). The Debtors' principal offices are located at JPMorgan Chase Tower, 600 Travis Street, Houston, Texas 77002.

TABLE OF CONTENTS

INTRODUCTION

Linn Energy, LLC and its debtor affiliates, other than Linn Acquisition Company, LLC and Berry Petroleum Company, LLC, as debtors and debtors in possession propose this amended joint plan of reorganization (the "Plan") for the resolution of the outstanding claims against, and interests in, such Debtors pursuant to the Bankruptcy Code. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in Article I.A of the Plan. Holders of Claims and Interests should refer to the Disclosure Statement for a discussion of the Debtors' history, businesses, assets, results of operations, historical financial information, events during the Chapter 11 Cases, and projections of future operations, as well as a summary and description of the Plan and certain related matters. The LINN Debtors are the proponents of the Plan within the meaning of section 1129 of the Bankruptcy Code. The Plan constitutes a separate plan of reorganization for each of the LINN Debtors. The Debtors will seek confirmation of a separate plan of reorganization that shall govern the terms of the restructuring of Linn Acquisition Company, LLC and Berry Petroleum Company, LLC.

ALL HOLDERS OF CLAIMS AND INTERESTS ENTITLED TO VOTE TO ACCEPT OR REJECT THE PLAN ARE ENCOURAGED TO READ THE PLAN AND THE DISCLOSURE STATEMENT IN THEIR ENTIRETY BEFORE VOTING TO ACCEPT OR REJECT THE PLAN.

ARTICLE I.
DEFINED TERMS, RULES OF INTERPRETATION, COMPUTATION OF TIME, AND GOVERNING LAW

A. Defined Terms.

As used in the Plan, capitalized terms have the meanings set forth in the Introduction above or in the definitions below.

1. "*503(b)(9) Claim*" means a Claim or any portion thereof entitled to administrative expense priority pursuant to section 503(b)(9) of the Bankruptcy Code.

2. "*Adequate Protection Claims*" means the Linn First Lien Adequate Protection Claims as defined in the Cash Collateral Order.

3. "*Ad Hoc Group of Berry Unsecured Noteholders*" means that certain ad hoc group of Holders of senior unsecured notes issued by Berry represented by Quinn Emanuel Urquhart & Sullivan, LLP, Norton Rose Fulbright US LLP, and Houlihan Lokey, Inc., or any of its members or their affiliates.

4. "*Ad Hoc Group of LINN Second Lien Noteholders*" means that certain ad hoc group of holders of LINN Second Lien Notes represented by O'Melveny & Myers LLP and Intrepid Financial Partners, or any of its members or their affiliates.

5. "*Ad Hoc Group of LINN Unsecured Noteholders*" means that certain ad hoc group of holders of LINN Unsecured Notes represented by Milbank, Tweed, Hadley & McCloy LLP and PJT Partners, or any of its members or their affiliates.

6. "*Ad Hoc LINN Noteholder Groups*" means, collectively, the Ad Hoc Group of LINN Unsecured Noteholders and the Ad Hoc Group of LINN Second Lien Noteholders.

7. "*Administrative Claim*" means a Claim for costs and expenses of administration of the LINN Estates under sections 503(b) (including 503(b)(9) Claims), 507(b), or 1114(e)(2) of the Bankruptcy Code, including: (a) the actual and necessary costs and expenses incurred after the Petition Date through the Effective Date of preserving the LINN Estates and operating the businesses of the LINN Debtors; (b) Allowed Professional Fee Claims; (c) all fees and charges assessed against the Estates under chapter 123 of title 28 of the United States Code, 28 U.S.C. §§ 1911–1930; and (d) all Intercompany Claims authorized pursuant to the Cash Management Order (subject to the terms of the Berry-LINN Intercompany Settlement) to the extent provided in the Cash Management Order.

8. "*Administrative Claims Bar Date*" means the deadline for Filing requests for payment of Administrative Claims other than those that accrued in the ordinary course of the LINN Debtors' business, which such deadline: (a) with respect to General Administrative Claims, shall be 30 days after the Effective Date; and (b) with respect to Professional Fee Claims, shall be 60 days after the Effective Date.

9. "*Affiliate*" has the meaning set forth in section 101(2) of the Bankruptcy Code.

10. "*Allowed*" means with respect to any Claim or Interest, except as otherwise provided herein: (a) a Claim or Interest in a liquidated amount as to which no objection has been Filed prior to the Claims Objection Deadline and that is evidenced by a Proof of Claim or Interest, as applicable, timely Filed by the applicable Bar Date or that is not required to be evidenced by a Filed Proof of Claim or Interest, as applicable, under the Plan, the Bankruptcy Code, or a Final Order; (b) a Claim or Interest that is scheduled by the Debtors as neither disputed, contingent, nor unliquidated, and as for which no Proof of Claim or Interest, as applicable, has been timely Filed in an unliquidated or a different amount; or (c) a Claim or Interest that is upheld or otherwise Allowed (i) pursuant to the Plan, (ii) in any stipulation that is approved by the Bankruptcy Court, (iii) pursuant to any contract, instrument, indenture, or other agreement entered into or assumed in connection herewith, or (iv) by Final Order (including any such Claim to which the Debtors had objected or which the Bankruptcy Court had disallowed prior to such Final Order); *provided*, that with respect to a Claim or Interest described in clauses (a) and (b) above, such Claim or Interest shall be considered Allowed only if and to the extent that with respect to such Claim or Interest no objection to the allowance thereof has been or, in the Debtors' or Reorganized Debtors' reasonable good faith judgment, may be interposed within the applicable period of time fixed by the Plan, the Bankruptcy Code, the Bankruptcy Rules, or the Court, or such an objection is so interposed and the Claim or Interest, as applicable, shall have been Allowed by a Final Order. Any Claim that has been or is hereafter listed in the Schedules as contingent, unliquidated, or disputed, and for which no Proof of Claim or Interest is or has been timely Filed, is not considered Allowed and shall be expunged without further action by the LINN Debtors and without further notice to any party or action, approval, or order of the Court. Notwithstanding anything to the contrary herein, no Claim of any Entity subject to section 502(d) of the Bankruptcy Code shall be deemed Allowed unless and until such Entity pays in full the amount that it owes such LINN Debtor or Reorganized LINN Debtor, as applicable. For the avoidance of doubt, a Proof of Claim or Interest Filed after the Bar Date shall not be Allowed for any purposes whatsoever absent entry of a Final Order allowing such late-Filed Claim. "Allow" and "Allowing" shall have correlative meanings.

11. "*Assumed Executory Contracts and Unexpired Leases*" means those Executory Contracts and Unexpired Leases to be assumed by the applicable Reorganized LINN Debtors, as set forth on the Assumed Executory Contract and Unexpired Lease List.

12. "*Assumed Executory Contract and Unexpired Lease List*" means the list, as determined by the LINN Debtors or the Reorganized LINN Debtors, as applicable, of Executory Contracts and Unexpired Leases (with proposed cure amounts) that will be assumed by the Reorganized LINN Debtors, which list shall be included in the Plan Supplement; *provided*, that such list with respect to material Executory Contracts and/or material Unexpired Leases shall be reasonably acceptable to the Required LINN Consenting Creditors.

13. "*Bankruptcy Code*" means title 11 of the United States Code, 11 U.S.C. §§ 101–1532, as amended from time to time.

14. "*Bankruptcy Court*" means the United States Bankruptcy Court for the Southern District of Texas or any other court having jurisdiction over the Chapter 11 Cases, including, to the extent of the withdrawal of any reference under 28 U.S.C. § 157, the United States District Court for the Southern District of Texas.

15. "*Bankruptcy Rules*" means the Federal Rules of Bankruptcy Procedure promulgated under section 2075 of the Judicial Code and the general, local, and chambers rules of the Bankruptcy Court.

16. "*Bar Date*" means the applicable dates established by which respective Proofs of Claims and Interests must be Filed pursuant to the *Order (I) Setting Bar Dates for Filing Proofs of Claim, Including Requests for Payment under Section 503(b)(9), (II) Establishing Amended Schedules Bar Date and Rejection Damages Bar Date, (III) Approving the Form of and Manner for Filing Proofs of Claim, Including Section 503(b)(9) Requests, and (IV) Approving Notice of Bar Dates*, dated August 4, 2016 [Docket No. 756].

17. "*Berry*" means Berry Petroleum Company, LLC, a Delaware limited liability company.

18. "*Berry Administrative Agent*" means Wells Fargo Bank, National Association, as administrative agent under that certain Credit Agreement, dated as of November 25, 2010, by and among Berry, the Berry Administrative Agent, and the lenders and agents party thereto, as may be amended, restated, or otherwise supplemented from time to time.

19. "*Berry Debtors*" means Berry and LAC.

20. "*Berry Intercompany Settled Claims*" means those certain intercompany claims held by the LINN Debtors against the Berry Debtors that shall be settled pursuant to the Berry-LINN Intercompany Settlement and the Plan.

21. "*Berry-LINN Intercompany Settlement*" means that certain settlement of the Berry Intercompany Settled Claims and the LINN Intercompany Settled Claims pursuant to the terms of the Plan and the Berry-LINN Intercompany Settlement Term Sheet, which shall be in form and substance reasonably acceptable to the LINN Debtors, the Berry Debtors, and the Required Consenting LINN Creditors.

22. "*Berry-LINN Intercompany Settlement Term Sheet*" means that certain term sheet with respect to the Berry-LINN Intercompany Settlement to be included in the Plan Supplement.

23. "*Business Day*" means any day, other than a Saturday, Sunday, or "legal holiday" (as defined in Bankruptcy Rule 9006(a)).

24. "*Cash*" means the legal tender of the U.S. and equivalents thereof, including bank deposits, checks, and other similar items.

25. "*Cash Collateral Order*" means the *Final Order under 11 U.S.C. §§ 105, 361, 362, 363, 507 and 552, and Bankruptcy Rules 2002, 4001 and 9014 (I) Authorizing Debtors to Use Cash Collateral and (II) Granting Adequate Protection to Prepetition Lenders* [Docket No. 743], as may be amended.

26. "*Cash Management Order*" means the *Final Order (I) Authorizing the Debtors to (A) Continue to Operate Their Cash Management System and Maintain Existing Bank Accounts and (B) Continue to Perform Intercompany Transactions, and (II) Granting Related Relief* [Docket No. 731], as may be amended.

27. "*Causes of Action*" means any claims, interests, damages, remedies, causes of action, demands, rights, actions, suits, obligations, liabilities, accounts, defenses, offsets, powers, privileges, licenses, liens, indemnities, guaranties, and franchises of any kind or character whatsoever, whether known or unknown, foreseen or unforeseen, existing or hereinafter arising, contingent or non-contingent, liquidated or unliquidated, secured or unsecured, assertable, directly or derivatively, matured or unmatured, suspected or unsuspected, in contract, tort, law, equity, or otherwise. Causes of Action also include: (a) all rights of setoff, counterclaim, cross claim, reduction, subordination, or recoupment and claims under contracts or for breaches of duties imposed by law or regulation; (b) the right to object to or otherwise contest Claims or Interests; (c) claims pursuant to sections 362, 510, 542, 543, 544 through 550, or 553 of the Bankruptcy Code; and (d) such claims and defenses as fraud, mistake, duress, and usury, and any other defenses set forth in section 558 of the Bankruptcy Code.

28. "*Chapter 11 Cases*" means, collectively: (a) when used with reference to a particular Debtor, the case pending for that Debtor under chapter 11 of the Bankruptcy Code in the Bankruptcy Court; and (b) when used with reference to all the Debtors, the procedurally consolidated and jointly administered chapter 11 cases pending for the Debtors in the Bankruptcy Court.

29. "*Claim*" means any claim, as defined in section 101(5) of the Bankruptcy Code, against any of the LINN Debtors.

30. "*Claims and Noticing Agent*" means Prime Clerk LLC, retained as the Debtors' notice and claims agent pursuant to the *Order Authorizing Retention and Appointment of Prime Clerk LLC as the Claims, Noticing, and Solicitation Agent* [Docket No. 79].

31. "*Claims Objection Deadline*" means the later of: (a) the date that is 180 days after the Effective Date; and (b) such other date as may be fixed by the Bankruptcy Court, after notice and hearing, upon a motion Filed before the expiration of the deadline to object to Claims or Interests.

32. "*Claims Register*" means the official register of Claims maintained by the Claims and Noticing Agent.

33. "*Class*" means a category of Claims or Interests as set forth in Article III of the Plan.

34. "*CM/ECF*" means the Bankruptcy Court's Case Management and Electronic Case Filing system.

35. "*Committee*" means the statutory committee of unsecured creditors of the Debtors, appointed in the Chapter 11 Cases pursuant to section 1102 of the Bankruptcy Code by the U.S. Trustee on May 23, 2016, the membership of which may be reconstituted from time to time.

36. "*Confirmation*" means the entry of the Confirmation Order on the docket of the Chapter 11 Cases.

37. "*Confirmation Date*" means the date upon which the Bankruptcy Court enters the Confirmation Order on the docket of the Chapter 11 Cases, within the meaning of Bankruptcy Rules 5003 and 9021.

38. "*Confirmation Hearing*" means the hearing held by the Bankruptcy Court to consider Confirmation of the Plan pursuant to section 1129 of the Bankruptcy Code.

39. "*Confirmation Order*" means the order of the Bankruptcy Court confirming the Plan pursuant to section 1129 of the Bankruptcy Code.

40. "*Consenting LINN Creditors*" means, collectively, (a) the Consenting LINN Lenders, and (b) the Consenting LINN Noteholders.

41. "*Consenting LINN Lenders*" means those certain Holders of LINN Lender Claims that are or become parties to the LINN RSA from time to time.

42. "*Consenting LINN Noteholders*" means those certain Holders of LINN Notes that are or become parties to the LINN RSA from time to time (including any party having the ability to direct or control such notes).

43. "*Consummation*" means the occurrence of the Effective Date.

44. "*Cure Claim*" means a Claim (unless waived or modified by the applicable counterparty) based upon the LINN Debtors' defaults on an Executory Contract or Unexpired Lease at the time such Executory Contract or Unexpired Lease is assumed by the LINN Debtors pursuant to section 365 of the Bankruptcy Code, other than with respect to a default that is not required to be cured under section 365(b)(2) of the Bankruptcy Code.

45. "*Debtors*" means, collectively: (a) Linn Energy, LLC; (b) Berry Petroleum Company, LLC; (c) LinnCo, LLC; (d) Linn Acquisition Company, LLC; (e) Linn Energy Finance Corp.; (f) Linn Energy Holdings, LLC; (g) Linn Exploration & Production Michigan LLC; (h) Linn Exploration Midcontinent, LLC; (i) Linn Midstream, LLC; (j) Linn Midwest Energy LLC; (k) Linn Operating, Inc.; (l) Mid-Continent I, LLC; (m) Mid-Continent II, LLC; (n) Mid-Continent Holdings I, LLC; and (o) Mid-Continent Holdings II, LLC.

46. "*D&O Liability Insurance Policies*" means all insurance policies (including any "tail policy") of any of the LINN Debtors for current or former directors,' managers,' and officers' liability.

47. "*Disclosure Statement*" means the *Disclosure Statement for the Joint Chapter 11 Plan of Reorganization of LINN Energy, LLC and Its Debtor Affiliates Other than Linn Acquisition Company, LLC and Berry Petroleum Company, LLC*, dated December 12, 2016 [Docket No. 1342], as may be amended, including all exhibits and schedules thereto, as approved pursuant to the Disclosure Statement Order.

48. "*Disclosure Statement Order*" means the *Order (A) Approving the Disclosure Statement, (B) Establishing the Voting Record Date, Voting Deadline, and Other Dates, (C) Approving Procedures for Soliciting, Receiving, and Tabulating Votes on the Plan and for Filing Objections to the Plan, and (D) Approving the Manner and Forms of Notice and Other Related Documents* [Docket No. 1348].

49. "*Disputed*" means with regard to any Claim or Interest, a Claim or Interest that is not yet Allowed.

50. "*Distribution Record Date*" means, other than with respect to any publicly-held securities, the record date for purposes of making distributions under the Plan on account of Allowed Claims and Allowed Interests, which date shall be the date that is five (5) Business Days after the Confirmation Date or such other date as designated in a Final Order of the Bankruptcy Court; *provided*, that the Distribution Record Date for the LINN Lender Paydown shall be on or before the Effective Date.

51. "*DTC*" means the Depository Trust Company.

52. "*Effective Date*" means, with respect to the Plan and any such applicable LINN Debtor(s), the date that is the first Business Day upon which: (a) no stay of the Confirmation Order is in effect; (b) with respect to the LINN Debtors, all conditions precedent specified in Article IX.A and Article IX.B have been satisfied or waived (in accordance with Article IX.C); and (c) the Plan is declared effective with respect to such applicable LINN Debtor(s).

53. "*Entity*" has the meaning set forth in section 101(15) of the Bankruptcy Code.

54. "*Estate*" means, as to each Debtor, the estate created for the Debtor in its Chapter 11 Case pursuant to section 541 of the Bankruptcy Code.

55. "*Exchange Act*" means Securities Exchange Act of 1934, as amended.

56. "*Exculpated Parties*" means, collectively, and in each case in its capacity as such: (a) each of the LINN Debtors and the Reorganized LINN Debtors; (b) the Consenting LINN Creditors; (c) the LINN Administrative Agent; (d) the LINN Indenture Trustees; (e) the LINN Backstop Parties; (f) the Committee and each of its members; (g) the LINN Creditor Representative; and (h) with respect to each of the foregoing, such Entity and its current and former Affiliates, and such Entity's and its current and former Affiliates' current and former members, equity holders (regardless of whether such interests are held directly or indirectly), subsidiaries, officers, directors, managers, predecessors, successors, assigns, principals, members, employees, agents, advisory board members, financial advisors, partners, attorneys, accountants, restructuring advisors, investment bankers, consultants, representatives, and other professionals, each in their capacity as such.

57. "*Executory Contract*" means a contract to which one or more of the LINN Debtors is a party and that is subject to assumption or rejection under sections 365 or 1123 of the Bankruptcy Code.

58. "*Federal Judgment Rate*" means the federal judgment rate in effect as of the Petition Date, compounded annually.

59. "*File*," "*Filed*," or "*Filing*" means file, filed, or filing in the Chapter 11 Cases with the Bankruptcy Court or its authorized designee in the Chapter 11 Cases, including with respect to a Proof of Claim or Proof of Interest, the Claims and Noticing Agent.

60. "*Final Order*" means (i) an order or judgment of the Bankruptcy Court, as entered on the docket in any Chapter 11 Case (or any related adversary proceeding or contested matter) or the docket of any other court of competent jurisdiction, or (ii) an order or judgment of any other court having jurisdiction over any appeal from (or petition seeking certiorari or other review of) any order or judgment entered by the Bankruptcy Court (or any other court of competent jurisdiction, including in an appeal taken) in the Chapter 11 Case (or in any related adversary proceeding or contested matter), in each case that has not been reversed, stayed, modified, or amended, and as to which the time to appeal, or seek certiorari or move for a new trial, reargument, or rehearing has expired according to applicable law and no appeal or petition for certiorari or other proceedings for a new trial, reargument, or rehearing has been timely taken, or as to which any appeal that has been taken or any petition for certiorari that has been or may be timely Filed has been withdrawn or resolved by the highest court to which the order or judgment was appealed or from which certiorari was sought or the new trial, reargument, or rehearing shall have been denied, resulted in no modification of such order, or has otherwise been dismissed with prejudice; *provided*, *however*, that the possibility a motion under Rule 60 of the Federal Rules of Civil Procedure, or any analogous rule under the Bankruptcy Rules or the Local Bankruptcy Rules of the Bankruptcy Court, may be filed relating to such order shall not prevent such order from being a Final Order.

61. "*Form Joint Operating Agreement*" means one or more joint operating agreements reasonably satisfactory in form and substance to the LINN Debtors, the Required Consenting LINN Creditors, and the Berry Debtors that shall replace the existing agency agreements for the LINN Debtors and Berry and shall contain standard provisions governing the rights and obligations afforded an operator and non-operating working interest owner.

62. "*General Administrative Claim*" means any Administrative Claim, other than a Professional Fee Claim or an Adequate Protection Claim.

63. "*Governmental Unit*" has the meaning set forth in section 101(27) of the Bankruptcy Code.

64. "*Holder*" means an Entity holding a Claim or an Interest, as applicable.

65. "*Impaired*" means, with respect to a Class of Claims or Interests, a Class of Claims or Interests that is impaired within the meaning of section 1124 of the Bankruptcy Code.

66. "*Indemnification Obligations*" means each of the LINN Debtors' indemnification obligations in place as of the Effective Date, whether in the bylaws, certificates of incorporation or formation, limited liability company agreements, other organizational or formation documents, board resolutions, management or indemnification agreements, or employment or other contracts, for their current and former directors, officers, managers, employees, attorneys, accountants, investment bankers, and other professionals and agents of the LINN Debtors, as applicable.

67. "*Insurance Policies*" means any insurance policies, insurance settlement agreements, coverage-in-place agreements, or other agreements relating to the provision of insurance entered into by or issued to or for the benefit of any of the LINN Debtors or their predecessors.

68. "*Intercompany Claim*" means any Claim between one LINN Debtor and another LINN Debtor.

69. "*Interest*" means any equity security (as defined in section 101(16) of the Bankruptcy Code) in any LINN Debtor and any other rights, options, warrants, stock appreciation rights, phantom stock rights, restricted stock units, redemption rights, repurchase rights, convertible, exercisable or exchangeable securities or other agreements, arrangements or commitments of any character relating to, or whose value is related to, any such interest or other ownership interest in any Entity.

70. "*Interim Compensation Order*" means the *Order Establishing Procedures for Interim Compensation and Reimbursement of Expenses for Professionals* [Docket No. 721].

71. "*Interior*" means the United States Department of the Interior.

72. "*Internal Revenue Code*" means the Internal Revenue Code of 1986, as amended.

73. "*Investment Company Act*" means the Investment Company Act of 1940, as amended.

74. "*IRS*" means the Internal Revenue Service.

75. "Judicial Code" means title 28 of the United States Code, 28 U.S.C. §§ 1–4001.

76. "*Lien*" has the meaning set forth in section 101(37) of the Bankruptcy Code.

77. "*LAC*" means Linn Acquisition Company, LLC, a Delaware limited liability company.

78. "*LINN*" means Linn Energy, LLC, a Delaware limited liability company.

79. "*LINN 2019 Unsecured Notes*" means, collectively, (a) the 6.5% senior notes due May 2019, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2011 Unsecured Notes Indenture, and (b) the 6.25% senior notes due November 2019, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2012 Unsecured Notes Indenture.

80. "*LINN 2020 Unsecured Notes*" means those certain 8.625% senior notes due 2020, issued by LINN and LINN Finance Corp. pursuant to the LINN April 2010 Unsecured Notes Indenture.

81. "*LINN 2021 Unsecured Notes*" means, collectively, (a) those certain 7.75% senior notes due February 2021, issued by LINN and LINN Finance Corp. pursuant to the LINN September 2010 Unsecured Notes Indenture, and (b) those certain 6.50% senior notes due September 2021, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2014 Unsecured Notes Indenture.

82. "*LINN 2011 Unsecured Notes Indenture*" means that certain Indenture, dated as of May 13, 2011, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, and the LINN Unsecured Notes Trustee, as may be amended, restated, or otherwise supplemented from time to time.

83. "*LINN 2012 Unsecured Notes Indenture*" means that certain Indenture, dated as of March 2, 2012, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, and the LINN Unsecured Notes Trustee, as may be amended, restated, or otherwise supplemented from time to time.

84. "*LINN 2014 Unsecured Notes Indenture*" means that certain Indenture, dated as of September 9, 2014, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, and the LINN Unsecured Notes Trustee, as may be amended, restated, or otherwise supplemented from time to time.

85. "*LINN Administrative Agent*" means Wells Fargo Bank, National Association, as administrative agent under the LINN Credit Agreement.

86. "*LINN April 2010 Unsecured Notes Indenture*" means that certain Indenture, dated as of April 6, 2010, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, and the LINN Unsecured Notes Trustee, as may be amended, restated, or otherwise supplemented from time to time.

87. "*LINN Backstop Agreement*" means that certain Backstop Commitment Agreement, dated as of October 25, 2016, by and among LINN and the LINN Backstop Parties, as may be amended, restated, or supplemented from time to time.

88. "*LINN Backstop Agreement Order*" means the *Order Approving Motion of LINN Energy LLC and Certain of Its Debtor Affiliates for Authority to (A) Enter Into Backstop Agreement, (B) Pay Related Fees and Expenses, and (C) Granting Related Relief* [Docket No. 1179].

89. "*LINN Backstop Commitment Letter*" means that certain LINN Backstop Commitment Letter, dated as of October 7, 2016, by and among LINN and the LINN Backstop Parties (and any assignees thereof), as may be amended, supplemented, or otherwise modified from time to time in accordance therewith, including all exhibits and schedules attached thereto.

90. "*LINN Backstop Commitment Premium*" means a commitment premium equal to 4.0 percent of the LINN Rights Offerings Amount, of which 3.0 percent shall be paid in Cash and 1.0 percent shall be paid by Reorganized LINN in Reorganized LINN Common Stock at a 25 percent discount to LINN Plan Value pursuant to the terms of the LINN Backstop Agreement Order.

91. "*LINN Backstop Parties*" means, collectively, (a) the LINN Backstop Unsecured Parties, (b) the LINN Backstop Secured Parties, and (c) any assignees of (a) or (b), as permitted by the LINN Backstop Agreement.

92. "*LINN Backstop Secured Parties*" means those certain Holders of LINN Second Lien Notes Claims that are parties to the LINN Backstop Agreement as of the relevant determination date who have agreed to provide a backstop commitment with regard to the LINN Secured Rights Offering.

93. "*LINN Backstop Unsecured Parties*" means those certain Holders of LINN Unsecured Notes Claims that are parties to the LINN Backstop Agreement as of the relevant determination date who have agreed to provide a backstop commitment with regard to the LINN Unsecured Rights Offering.

94. "*LinnCo*" means LinnCo, LLC, a Delaware limited liability company.

95. "*LINN Convenience Claim*" means each Allowed LINN General Unsecured Claim in an Allowed amount that is greater than $0 but less than or equal to $2,500; *provided*, that a Holder of an Allowed LINN General Unsecured Claim may elect on its ballot to have such Claim irrevocably reduced to $2,500 and treated as a LINN Convenience Claim for the purposes of the Plan in full and final satisfaction of such Claim.

96. "*LINN Convenience Claims Cash Distribution Pool*" means an aggregate amount of $2,300,000 in Cash, which shall be irrevocably funded on the Effective Date by the LINN Debtors or Reorganized LINN Debtors, as applicable, and which shall be placed in a segregated bank account not subject to the control of the lenders or the administrative agent under the LINN Exit Facility, and administered by the Reorganized LINN Debtors for the benefit of Holders of Allowed LINN Convenience Claims and which account shall not, at any time, be subject to any liens, security interests, mortgages, or other encumbrances; *provided*, that for the avoidance of doubt, no fees of any Professional of any LINN Debtor, Reorganized LINN Debtor, or the LINN Creditor Representative shall be paid out of the funds that comprise the LINN Convenience Claims Cash Distribution Pool.

97. "*LINN Credit Agreement*" means that certain Sixth Amended and Restated Credit Agreement, dated as of April 24, 2013, by and among LINN, as borrower, the LINN Administrative Agent, and the lenders and agents party thereto, as may be amended, modified, or otherwise supplemented from time to time.

98. "*LINN Creditor Representative*" means the representative appointed by the Committee to represent the interests of Holders of Allowed LINN General Unsecured Claims and to consult with the LINN Debtors and Reorganized LINN Debtors and take other appropriate actions set forth in the Plan, as applicable, in the claims reconciliation process with respect to Disputed LINN General Unsecured Claims asserted against the LINN Debtors; *provided*, that the identity of the LINN Creditor Representative shall be disclosed in the Plan Supplement.

99. "*LINN Debtors*" means, collectively, the Debtors other than the Berry Debtors.

100. "*LINN Exit Facility*" means (a) the Reorganized LINN Term Loan and (b) the Reorganized LINN Revolving Loan, each on such terms as set forth in the LINN Exit Facility Documents.

101. "*LINN Exit Facility Documents*" means in connection with the LINN Exit Facility, the credit agreement in respect of the Reorganized LINN Term Loan and the Reorganized LINN Revolving Loan, collateral documents, Uniform Commercial Code statements, and other loan documents, to be dated as of the Effective Date, governing the LINN Exit Facility, which documents shall be included in the Plan Supplement, and which shall be in form and substance reasonably acceptable to the LINN Debtors and the Required Consenting LINN Creditors and consistent with the LINN Exit Facility Term Sheet.

102. "*LINN Exit Facility Term Sheet*" means that certain take-back paper term sheet setting forth the principal terms of the LINN Exit Facility, attached as Exhibit B to the LINN RSA.

103. "*LINN Funded Debt Equity Distribution*" means 100 percent of the shares of Reorganized LINN Common Stock to be issued as distributions under the Plan, subject to dilution by the Reorganized LINN Employee Incentive Plan, and the LINN Rights Offerings (including the portion of the LINN Backstop Commitment Premium payable in Reorganized LINN Common Stock), which shares shall be allocated Pro Rata among the holders of Allowed LINN Unsecured Notes Claims and Allowed LINN Second Lien Notes Claims based on the amount of such Holder's Allowed LINN Notes Claims as a percentage of the aggregate amount of all Allowed LINN Notes Claims.

104. "*LINN General Unsecured Claims*" means, with respect to any LINN Debtor, any Unsecured Claim against such LINN Debtor that is (a) not otherwise paid in full pursuant to an order of the Bankruptcy Court, (b) is not a LINN Unsecured Notes Claim, and (c) is not a LINN Second Lien Notes Claim.

105. "*LINN GUC Cash Distribution Pool*" means an aggregate amount of $37,700,000 in Cash (subject to the upward and downward adjustment with respect to the LINN Convenience Claims Cash Distribution Pool dictated by Article VII.D), which shall be irrevocably funded on the Effective Date by the LINN Debtors or the Reorganized LINN Debtors, as applicable, and which shall be placed in a segregated bank account not subject to the control of the lenders or the administrative agent under the LINN Exit Facility, and administered by the Reorganized LINN Debtors for the sole benefit of the Holders of Allowed LINN General Unsecured Claims and for the payment of costs related to the LINN Creditor Representative, and which account shall not, at any time, be subject to any liens, security interests, mortgages, or other encumbrances; *provided*, *however*, that in no event shall Allowed General Unsecured Claims be entitled to Cash in a total amount greater than the sum of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool.

106. "*LINN Indenture Trustee Charging Liens*" means any Lien or other priority in payment arising prior to the Effective Date to which a LINN Indenture Trustee is entitled, pursuant to the applicable LINN Notes Indenture, against distributions to be made to the Holders of the LINN Notes for payment of the LINN Indenture Trustee Fees and Expenses.

107. "*LINN Indenture Trustee Fees and Expenses*" means the Claims for reasonable and documented compensation, fees, expenses, and disbursements arising under the LINN Notes Indentures, including, without limitation, attorneys', financial advisors', and agents' fees, expenses, and disbursements, incurred under the LINN Notes Indentures by a LINN Indenture Trustee, prior to or after the Petition Date and prior to the Effective Date.

108. "*LINN Indenture Trustees*" means, collectively, (a) the LINN Unsecured Notes Trustee, and (b) the LINN Second Lien Notes Trustee.

109. "*LINN Intercompany Claim*" means any Claim held by any Debtor against a LINN Debtor, other than the LINN Intercompany Settled Claims.

110. "*LINN Intercompany Interest*" means any Interest in a LINN Debtor other than LinnCo and LINN and, for the avoidance of doubt, shall not include any Interest in the Berry Debtors.

111. "*LINN Intercompany Settled Claims*" means those certain intercompany claims held by the Berry Debtors against the LINN Debtors that shall be settled pursuant to the Berry-LINN Intercompany Settlement.

112. "*LINN Intercreditor Agreement*" means that certain Intercreditor Agreement, dated as of November 20, 2015, by and between Wells Fargo Bank, National Association, as priority lien agent, and U.S. Bank National Association, as second lien collateral trustee, as may be amended, modified, or otherwise supplemented from time to time.

113. "*LINN Lender*" means any secured party under the LINN Credit Agreement or Loan Documents (as defined in the LINN Credit Agreement).

114. "*LINN Lender Claims*" means any Claim against the LINN Debtors derived from or based on the LINN Credit Agreement, including the Adequate Protection Claims. The LINN Lender Claims are Allowed Claims as set forth in the proof of claim filed by the LINN Administrative Agent.

115. "*LINN Lender Paydown*" means the Cash payments equal to the sum of (a) $500 million from Cash proceeds of the LINN Rights Offerings, plus (b) other amounts from the LINN Debtors' Cash on hand (net of costs and expenses of the Chapter 11 Cases) consistent with the Plan and subject to the anti-cash hoarding provisions in the LINN Exit Facility Documents; *provided*, that each Non-Electing Lender shall not receive any portion of the LINN Lender Paydown and shall receive only a Reorganized LINN Non-Conforming Term Note in a principal amount equal to its Allowed LINN Lender Claim; *provided, further*, that each Consenting LINN Lender shall receive a LINN Lender Paydown payment in the amount of (a) its Allowed LINN Lender Claim less (b) the sum of the amount of such Consenting LINN Lender's Allowed LINN Lender Claim that is deemed to be a drawn loan pursuant to each of (x) the Reorganized LINN Term Loan and (y) the Reorganized LINN Revolving Loan, plus (c) on a pro forma basis with respect to all Consenting LINN Lenders its share of the amount that would otherwise be payable to Non-Electing Lenders, if such Non-Electing Lenders were Consenting LINN Lenders.

116. "*LINN Notes*" means, collectively, (a) the LINN Unsecured Notes, and (b) the LINN Second Lien Notes.

117. "*LINN Notes Claims*" means, at any time, the Claims represented by the LINN Notes.

118. "*LINN Notes Indentures*" means, collectively, (a) the LINN Second Lien Notes Indenture, and (b) the LINN Unsecured Notes Indentures.

119. "*LINN Plan Value*" means the equity value of Reorganized LINN (after including cash on hand of Reorganized LINN in excess of $50,000,000) pro forma for the restructured capital structure, including after giving effect to the participation in the LINN Rights Offerings by Holders of Allowed LINN Notes Claims, based on an enterprise value of $2.35 billion (which enterprise value excludes cash on hand of Reorganized LINN in excess of $50,000,000), as determined in the manner specified in the LINN Backstop Agreement.

120. "*LINN Restructuring Transactions*" means, collectively, those mergers, amalgamations, consolidations, arrangements, continuances, restructurings, transfers, conversions, dispositions, liquidations, dissolutions, or other corporate transactions that the LINN Debtors, the Required Consenting LINN Creditors, and the LINN Backstop Parties reasonably determine to be necessary or desirable to implement the Plan with respect to the LINN Debtors in a manner consistent with the LINN RSA and the LINN Backstop Agreement, including, without limitation, the LINN Rights Offerings, the LINN Exit Facility, the transactions contemplated by the New Organizational Documents, the transfer of assets to the Reorganized LINN Debtors that is intended to be a taxable transaction for U.S. federal income tax purposes, and the formation of Reorganized LINN, in each case, subject to the reasonable consent and approval rights of the applicable parties as set forth in the LINN RSA and the LINN Backstop Agreement, and the establishment and funding of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool.

121. "*LINN Rights*" means the non-certificated rights that will enable the Holders thereof to purchase shares of Reorganized LINN Common Stock at an aggregate purchase price of $530 million at a price per share to be determined based on a 20 percent discount to LINN Plan Value; *provided, however*, that in no event shall the shares of Reorganized LINN Common Stock issued pursuant to the LINN Rights (including any such shares to be purchased by the LINN Backstop Parties pursuant to the LINN Backstop Agreement), taken together with the shares

of Reorganized LINN Common Stock issued by Reorganized LINN pursuant to the LINN Backstop Agreement as part of the LINN Backstop Commitment Premium, collectively comprise less than 50.1 percent of the Reorganized LINN Common Stock outstanding as of the Effective Date.

122. "*LINN Rights Offerings*" means, collectively, (a) the LINN Secured Rights Offering; and (b) the LINN Unsecured Rights Offering, both of which shall be conducted in connection with the LINN Restructuring Transactions pursuant to the LINN Backstop Agreement and LINN Backstop Agreement Order, and in accordance with the LINN Rights Offerings Procedures.

123. "*LINN Rights Offerings Amount*" means $530 million in aggregate amount of LINN Rights (as divided between (a) the LINN Secured Rights Offering Amount and (b) the LINN Unsecured Rights Offering Amount).

124. "*LINN Rights Offerings Allowed Claims*" means, collectively, (a) the Allowed LINN Second Lien Notes Claims, and (b) the Allowed LINN Unsecured Notes Claims.

125. "*LINN Rights Offerings Participants*" means, collectively, (a) the Holders of the LINN Rights Offering Allowed Claims as of the LINN Rights Offerings Record Date, and (b) the LINN Backstop Parties.

126. "*LINN Rights Offerings Procedures*" means those certain rights offering procedures with respect to the LINN Rights Offerings, attached to the Disclosure Statement Order.

127. "*LINN Rights Offerings Record Date*" means the record date set by the LINN Rights Offerings Procedures, as of which date an Entity must be a record Holder of LINN Rights Offerings Allowed Claims in order to be eligible to be a LINN Rights Offerings Participant.

128. "*LINN RSA*" means that certain First Amended and Restated Restructuring Support Agreement, dated as of October 21, 2016, by and between the LINN Debtors (other than LinnCo) and the Consenting LINN Creditors, as may be amended, restated, or supplemented from time to time.

129. "*LINN Second Lien Notes*" means those certain 12.00% senior secured second lien notes issued by LINN and LINN Energy Finance Corp. pursuant to the LINN Second Lien Notes Indenture.

130. "*LINN Second Lien Notes Claims*" means any Claim derived from or arising under the LINN Second Lien Notes, the LINN Second Lien Notes Indenture, the LINN Second Lien Notes Collateral Agreement, or the LINN Second Lien Settlement Agreement, which are deemed Allowed pursuant to Article III.B.4 herein.

131. "*LINN Second Lien Notes Collateral Agreement*" means that certain Collateral Trust Agreement, dated as of November 20, 2015, by and among LINN, the guarantors party thereto, and U.S. Bank National Association, as collateral trustee, as may be amended, modified, or supplemented.

132. "*LINN Second Lien Notes Indenture*" means that certain Indenture, dated as of November 13, 2015, by and among LINN and LINN Energy Finance Corp., as issuers, and the LINN Second Lien Notes Trustee, as may be amended, supplemented or modified.

133. "*LINN Second Lien Notes Trustee*" means Delaware Trust Company, as successor trustee and collateral trustee under the LINN Second Lien Notes Indenture.

134. "*LINN Second Lien Plan Settlement*" means that certain settlement of the LINN Second Lien Notes Claims, as authorized pursuant to Bankruptcy Rule 9019 and section 1123 of the Bankruptcy Code, embodied in the LINN RSA, the terms of which are set forth in Article IV.D of the Plan.

135. "*LINN Second Lien Settlement Agreement*" means that certain Settlement Agreement, dated as of April 4, 2016, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, the LINN Second Lien Notes Trustee, and the Holders of the LINN Second Lien Notes party thereto, as may be amended, modified, or otherwise supplemented from time to time.

136. "*LINN Secured Rights*" means the non-certificated rights to be distributed to the Holders of Allowed LINN Second Lien Notes Claims that will enable the Holder thereof to purchase shares of Reorganized LINN Common Stock in the LINN Secured Rights Offering pursuant to the terms of the LINN Rights Offerings Procedures and the LINN Backstop Agreement.

137. "*LINN Secured Rights Offering*" means the offering of LINN Secured Rights to the Holders of Allowed LINN Second Lien Notes Claims as of the LINN Rights Offerings Record Date, pursuant to which such Holders are eligible to receive shares of Reorganized LINN Common Stock at the LINN Secured Rights Offering Amount, to be conducted in accordance with the applicable LINN Rights Offerings Procedures.

138. "*LINN Secured Rights Offering Amount*" means $210,995,592 in aggregate amount of LINN Secured Rights to receive shares of Reorganized LINN Common Stock at a price per share to be determined as described under the definition of "LINN Rights."

139. "*LINN September 2010 Unsecured Notes Indenture*" means that certain Indenture, dated as of September 13, 2010, by and among LINN and LINN Energy Finance Corp., as issuers, the guarantors party thereto, and the LINN Unsecured Notes Trustee, as may be amended, restated, or otherwise supplemented from time to time.

140. "*LINN Unsecured Rights*" means the non-certificated rights to be distributed to the Holders of Allowed LINN Unsecured Notes Claims as of the LINN Rights Offerings Record Date, pursuant to which such Holders are eligible to receive shares of Reorganized LINN Common Stock at the LINN Unsecured Rights Offering Amount.

141. "*LINN Unsecured Rights Offering Amount*" means $319,004,408 in aggregate amount of LINN Unsecured Rights to receive shares of Reorganized LINN Common Stock at a price per share to be determined as described under the definition of "LINN Rights."

142. "*LINN Unsecured Rights Offering*" means the offering of LINN Unsecured Rights to the Holders of Allowed LINN Unsecured Notes Claims as of the LINN Rights Offerings Record Date, pursuant to which such Holders are eligible to receive shares of Reorganized LINN Common Stock at the LINN Unsecured Rights Offering Amount, to be conducted in accordance with the applicable LINN Rights Offerings Procedures.

143. "*LINN Unsecured Notes*" means, collectively, (a) the LINN 2019 Unsecured Notes, (b) the LINN 2020 Unsecured Notes, and (c) the LINN 2021 Unsecured Notes.

144. "*LINN Unsecured Notes Claims*" means any Claim derived from or arising under the LINN Unsecured Notes, which shall be Allowed pursuant to this Plan.

145. "*LINN Unsecured Notes Indentures*" means, collectively, (a) the LINN April 2010 Unsecured Notes Indenture, (b) LINN September 2010 Unsecured Notes Indenture, (c) LINN 2011 Unsecured Notes Indenture, (d) LINN 2012 Unsecured Notes Indenture, and (e) LINN 2014 Unsecured Notes Indenture.

146. "*LINN Unsecured Notes Trustee*" means Wilmington Trust Company, in its capacity as successor trustee to U.S. Bank National Association under the LINN Unsecured Notes Indentures.

147. "*NASDAQ*" means the NASDAQ Stock Market.

148. "*New Organizational Documents*" means such certificates or articles of incorporation, by-laws, limited liability company operating agreements, or other applicable formation and governance documents of each of the Reorganized LINN Debtors (or their applicable subsidiaries), as applicable, the form of which shall be included in the Plan Supplement, and which shall be reasonably satisfactory to the LINN Debtors and the Required Consenting LINN Noteholders.

149. "*Non-Electing Lender*" has the meaning set forth in Article III.B.3(c) herein.

150. "*NYSE*" means the New York Stock Exchange.

151. "*Ordinary Course Professional Order*" means the *Order Authorizing the Retention and Compensation of Certain Professionals Utilized in the Ordinary Course of Business* [Docket No. 397].

152. "*Original LINN RSA*" means that certain Restructuring Support Agreement, dated as of May 10, 2016, by and among the LINN Lenders party thereto, the holders of certain Claims against Berry party thereto, and the Debtors.

153. "*Other LINN Priority Claims*" means any Claim against a LINN Debtor, other than an Administrative Claim or a Priority Tax Claim, entitled to priority in right of payment under section 507(a) of the Bankruptcy Code.

154. "*Other LINN Secured Claims*" means any Secured Claim against any of the LINN Debtors other than LINN Lender Claims.

155. "*Person*" has the meaning set forth in section 101(41) of the Bankruptcy Code.

156. "*Petition Date*" means May 11, 2016, the date on which the Debtors commenced the Chapter 11 Cases.

157. "*Plan Supplement*" means the compilation of documents and forms of documents, schedules, and exhibits to the Plan, to be Filed by the Debtors no later than 14 days before the Confirmation Hearing or such later date as may be approved by the Bankruptcy Court on notice to parties in interest, and additional documents Filed with the Bankruptcy Court before the Effective Date as amendments to the Plan Supplement comprised of, among other documents, the following: (a) the New Organizational Documents; (b) the Assumed Executory Contract and Unexpired Lease List; (c) the Rejected Executory Contract and Unexpired Lease List; (d) a list of retained Causes of Action; (e) the Reorganized LINN Employee Incentive Plan Agreements; (f) the Reorganized LINN Registration Rights Agreement; (g) the LINN Backstop Agreement; (h) the identity of the members of the Reorganized LINN Board and management for the Reorganized LINN Debtors; (i) the LINN Exit Facility Documents; (j) the Transition Services Agreement; (k) the Form Joint Operating Agreement; and (l) the Berry-LINN Intercompany Settlement Term Sheet; and (m) the identity of the LINN Creditor Representative. Any reference to the Plan Supplement in the Plan shall include each of the documents identified above as (a) through (m), as applicable. Any Plan Supplement documents shall be subject to the reasonable consent of the applicable Consenting LINN Creditors as set forth in the LINN RSA.

158. "*Priority Tax Claim*" means the Claims of Governmental Units of the type specified in section 507(a)(8) of the Bankruptcy Code.

159. "*Pro Rata*" means the proportion that the amount of an Allowed Claim or Allowed Interest in a particular Class bears to the aggregate amount of the Allowed Claims or Allowed Interests in that Class, or the proportion of the Allowed Claims or Allowed Interests in a particular Class and other Classes entitled to share in the same recovery as such Claim or Interest under the Plan.

160. "*Professional*" means an Entity, excluding those Entities entitled to compensation pursuant to the Ordinary Course Professional Order: (a) retained pursuant to a Bankruptcy Court order in accordance with sections 327, 363, or 1103 of the Bankruptcy Code and to be compensated for services rendered before or on the Confirmation Date, pursuant to sections 327, 328, 329, 330, 331, and 363 of the Bankruptcy Code; or (b) awarded compensation and reimbursement by the Bankruptcy Court pursuant to section 503(b)(4) of the Bankruptcy Code; *provided*, *however*, that professionals employed by the LINN Administrative Agent, Berry Administrative Agent, any Indenture Trustee, or either of the Ad Hoc LINN Noteholder Groups or the Ad Hoc Group of Berry Unsecured Noteholders shall not be "Professionals" for the purposes of the Plan.

161. "*Professional Fee Claims*" means all Administrative Claims for the compensation of Professionals and the reimbursement of expenses incurred by such Professionals through and including the Effective Date to the extent such fees and expenses have not been paid pursuant to the Interim Compensation Order or any other order of the Bankruptcy Court. To the extent the Bankruptcy Court denies or reduces by a Final Order any amount of a Professional's requested fees and expenses, then the amount by which such fees or expenses are reduced or denied shall reduce the applicable Professional Fee Claim.

162. "*Professional Fee Escrow Account*" means an interest-bearing account in an amount equal to the Professional Fee Reserve Amount and funded by the Debtors on the Effective Date, pursuant to Article II.A.2(b) of the Plan.

163. "*Professional Fee Reserve Amount*" means the total amount of Professional Fee Claims estimated in accordance with Article II.A.2(c) of the Plan.

164. "*Proof of Claim*" means a proof of Claim Filed against any of the LINN Debtors in the Chapter 11 Cases.

165. "*Proof of Interest*" means a proof of Interest Filed against any of the LINN Debtors in the Chapter 11 Cases.

166. "*Reinstate*," "*Reinstated*," or "*Reinstatement*" means with respect to Claims and Interests, that the Claim or Interest shall be rendered unimpaired for purposes of section 1124 of the Bankruptcy Code.

167. "*Rejected Executory Contract and Unexpired Lease List*" means the list, as determined by the LINN Debtors or the Reorganized LINN Debtors, as applicable, of Executory Contracts and Unexpired Leases that will be rejected by the Reorganized LINN Debtors pursuant to the Plan, which list shall be included in the Plan Supplement; *provided*, that such list with respect to material Executory Contracts and/or material Unexpired Leases shall be reasonably acceptable to the Required LINN Consenting Creditors.

168. "*Released Parties*" means, collectively, and in each case only in its capacity as such: (a) each of the Debtors and the Reorganized Debtors; (b) the Consenting LINN Creditors; (c) the LINN Administrative Agent; (d) the LINN Indenture Trustees; (e) the LINN Backstop Parties; (f) each of the LINN Lenders; (g) the Committee and each of its members; (h) the LINN Creditor Representative; and (i) with respect to each of the foregoing identified in subsections (a) through (i) herein, each of such entities' respective shareholders, affiliates, subsidiaries, members, current and former officers, current and former directors, employees, managers, agents, attorneys, investment bankers, restructuring advisors, professionals, advisors, and representatives, each in their capacities as such; *provided*, *however*, that any Holder of a Claim or Interest that opts out of the releases contained in the Plan shall not be a "Released Party."

169. "*Releasing Parties*" means, collectively, and in each case only in its capacity as such: (a) each of the Debtors and the Reorganized Debtors; (b) the Committee and each of its members; (c) the Consenting LINN Creditors; (d) the LINN Administrative Agent; (e) the LINN Indenture Trustees; (f) the LINN Backstop Parties; (g) each of the LINN Lenders; (h) the Committee and each of its members; (i) the LINN Creditor Representative; (j) without limiting the foregoing, each holder of a Claim against or an interest in the LINN Debtors, in each case other than such a holder that has voted to reject the Plan, is a member of a class that is deemed to reject the Plan, or has voted to accept the Plan or abstains from voting on the Plan and who expressly opts out of the release provided by the Plan; and (k) with respect to each of the foregoing parties under (a) through (j), such Entity and its current and former Affiliates, and such Entities' and their current and former Affiliates' current and former members, directors, managers, officers, equity holders (regardless of whether such interests are held directly or indirectly), predecessors, successors, and assigns, subsidiaries, and each of their respective current and former members, equity holders, officers, directors, managers, principals, members, employees, agents, advisory board members, financial advisors, partners, attorneys, accountants, investment bankers, consultants, representatives, and other professionals, each in their capacity as such.

170. "*Reorganized*" means, as to any LINN Debtor or LINN Debtors, such LINN Debtor(s) as reorganized pursuant to and under the Plan or any successor thereto, by merger, consolidation, taxable disposition, or otherwise, on or after the Effective Date.

171. "*Reorganized Debtors*" means, collectively, and each in its capacity as such, the Debtors, as reorganized pursuant to and under the Plan or any successor thereto, by merger, consolidation, or otherwise, on or after the Effective Date, and from and after the Effective Date shall include (without limitation) Reorganized LINN.

172. "*Reorganized LINN*" means a Delaware corporation or limited liability company (and/or one or more subsidiaries) to be formed on or before the Effective Date, which is not a successor for tax purposes, but will acquire LINN's assets on the Effective Date in a taxable disposition, as set forth in the Plan and the New Organizational Documents.

173. "*Reorganized LINN Board*" means the board of directors of Reorganized LINN on and after the Effective Date.

174. "*Reorganized LINN Common Stock*" means the new shares of common stock and/or limited liability company units, as applicable, in Reorganized LINN to be issued and distributed under and in accordance with the Plan.

175. "*Reorganized LINN Debtors*" means the LINN Debtors, as reorganized pursuant to and under the Plan, or any successor thereto, by merger, consolidation, or otherwise, except for those LINN Debtors that are dissolved or wound down pursuant to the terms of the Plan, and from and after the Effective Date, shall include (without limitation) Reorganized LINN and shall not include LINN, LinnCo, LAC, or Berry.

176. "*Reorganized LINN EIP Equity*" means the stock and options in the Reorganized LINN Debtors to be issued in connection with the Reorganized LINN Employee Incentive Plan and subject to the terms of the Reorganized LINN Employee Incentive Plan Agreements.

177. "*Reorganized LINN Employment Agreements*" means the employment agreements by and between employees of the LINN Debtors and the LINN Debtors, which shall be assumed and assigned to Reorganized LINN on the Effective Date.

178. "*Reorganized LINN Employee Incentive Plan*" means the management employee incentive plan to be implemented with respect to Reorganized LINN (and/or a subsidiary thereof) on the Effective Date, the material terms of which shall include equity-based awards providing for (a) 8 percent of the equity value of the Reorganized LINN Debtors as follows: (i) 2.5 percent of the equity value of the Reorganized LINN Debtors in the form of restricted stock units to be issued on the Effective Date, (ii) 1.5 percent of the equity value of the Reorganized LINN Debtors in the form of profits interests that will vest based on time and performance (with the performance conditions satisfied once the equity value of the Reorganized LINN Debtors (as equitably adjusted for subsequent contributions and distributions) is equal to 1.5 times the discounted equity value of the Reorganized LINN Debtors used for the LINN Rights Offerings), all of which will be issued on the Effective Date, and (z) the remaining 4 percent of the equity value of the Reorganized LINN Debtors in a form of equity-based award as determined by the Reorganized LINN Board, taking into account the then prevailing practices of publicly-traded exploration and production companies, and (b) an additional 2.0 percent of the equity of the Reorganized LINN Debtors, which will be issued as of the Effective Date in the form of profits interests that vest once the equity value of the Reorganized LINN Debtors (as equitably adjusted for subsequent contributions and distributions) is equal to 1.5 times the equity value of the Reorganized LINN Debtors as of the Effective Date, provided that all of the foregoing shall be qualified by the Reorganized LINN Employee Incentive Plan Term Sheet. The other terms and conditions of the Reorganized LINN Employee Incentive Plan shall be set forth in the Reorganized LINN Employee Incentive Plan Agreements and the participants' respective employment agreements.

179. "*Reorganized LINN Employee Incentive Plan Agreements*" means the agreements, in form and substance reasonably acceptable to Reorganized LINN and the Required Consenting LINN Creditors, that shall govern the terms of the Reorganized LINN Employee Incentive Plan and shall be consistent with the Reorganized LINN Employee Incentive Plan Term Sheet.

180. "*Reorganized LINN Employee Incentive Plan Term Sheet*" means that certain term sheet setting forth the principal terms of the Reorganized LINN Employee Incentive Plan, attached as Exhibit 2 to Exhibit A to the LINN RSA.

181. "*Reorganized LINN Non-Conforming Term Notes*" means the non-conforming term notes on the terms set forth in the Reorganized LINN Non-Conforming Term Note Documents, which shall not be part of the LINN Exit Facility.

182. "*Reorganized LINN Non-Conforming Term Note Documents*" means the credit agreement in respect of the Reorganized LINN Non-Conforming Term Notes, collateral documents, Uniform Commercial Code statements, and other loan documents, to be dated as of the Effective Date, governing the Reorganized LINN Non-Conforming Term Notes (if any).

183. "*Reorganized LINN Registration Rights Agreement*" means the registration rights agreement by and between Reorganized LINN, the LINN Backstop Parties (including their affiliates), and certain other parties that receive 10 percent or more of the shares of Reorganized LINN Common Stock issued under the Plan and/or the LINN Rights Offerings or cannot sell their shares under Rule 144 of the Securities Act without volume or manner of sale restrictions, as of the Effective Date, pursuant to which such parties shall be entitled to customary registration rights with respect to such Reorganized LINN Common Stock, which shall be in substantially the form to be filed with the Plan Supplement and reasonably acceptable to LINN and the Required Consenting LINN Noteholders.

184. "*Reorganized LINN Revolving Loan*" means the reserve based lending facility with an initial borrowing base equal to $1.4 billion minus the amount of Reorganized LINN Non-Conforming Term Notes issued to Non-Electing Lenders (as initially divided between a $1.4 billion conforming tranche minus the amount of Reorganized LINN Non-Conforming Term Notes issued to Non-Electing Lenders and $0.0 in a non-conforming tranche), on the terms and conditions set forth in the LINN Exit Facility Documents.

185. "*Reorganized LINN Term Loan*" means the new first lien term loan in the aggregate original principal amount of $300 million on the terms set forth in the LINN Exit Facility Documents.

186. "*Required Consenting LINN Creditors*" means, collectively, (a) the Required Consenting LINN Lenders, and (b) the Required Consenting LINN Noteholders.

187. "*Required Consenting LINN Lenders*" means the Consenting LINN Lenders holding, controlling, or having the ability to control more than sixty-six and two-thirds percent (66-2/3 percent) of the outstanding principal amount of LINN Lender Claims directly or indirectly held or controlled by the Consenting LINN Lenders, calculated as of such date the Consenting LINN Lenders make a determination in accordance with the LINN RSA.

188. "*Required Consenting LINN Noteholders*" means (a) members of the Steering Committee of the Ad Hoc Group of Unsecured Noteholders (as each term is defined in the LINN RSA) holding more than sixty-six and two-thirds percent (66-2/3 percent) of the LINN Unsecured Notes Claims held by all members of the Steering Committee of the Ad Hoc Group of Unsecured Noteholders, and (b) members of the Steering Committee of the Ad Hoc Group of Second Lien Noteholders (as each term is defined in the LINN RSA) holding more than sixty-six and two-thirds percent (66-2/3 percent) of the LINN Second Lien Notes Claims held by all members of the Steering Committee of the Ad Hoc Group of Second Lien Noteholders, in each case of (a) and (b), voting as a separate class, and calculated as of such date as the Consenting LINN Noteholders make a determination in accordance with the LINN RSA or the LINN Backstop Agreement, as applicable.

189. "*Royalty and Working Interests*" means the working interests granting the right to exploit oil and gas, and certain other royalty or mineral interests, including but not limited to, landowner's royalty interests, overriding royalty interests, net profit interests, non-participating royalty interests, and production payments.

190. "*Schedules*" means the schedules of assets and liabilities, schedules of Executory Contracts or Unexpired Leases, and statement of financial affairs Filed by the Debtors pursuant to section 521 of the Bankruptcy Code, the official bankruptcy forms, and the Bankruptcy Rules.

191. "*SEC*" means the Securities and Exchange Commission.

192. "*Secured*" means when referring to a Claim: (a) secured by a Lien on property in which the Estate has an interest, which Lien is valid, perfected, and enforceable pursuant to applicable law or by reason of a Bankruptcy Court order, or that is subject to setoff pursuant to section 553 of the Bankruptcy Code, to the extent of the value of the creditor's interest in the Estate's interest in such property or to the extent of the amount subject to setoff, as applicable, as determined pursuant to section 506(a) of the Bankruptcy Code; or (b) Allowed pursuant to the Plan or separate order of the Bankruptcy Court as a secured claim.

193. "*Securities Act*" means the Securities Act of 1933, 15 U.S.C. §§ 77a–77aa, as amended, together with the rules and regulations promulgated thereunder.

194. "*Security*" or "*Securities*" has the meaning set forth in section 2(a)(1) of the Securities Act.

195. "*Transition Services Agreement*" means the transition services and separation agreement by and between the LINN Debtors and the Berry Debtors, as provided for in the LINN RSA, which shall be reasonably satisfactory in form and substance to the LINN Debtors, the Required Consenting LINN Creditors, and the Berry Debtors.

196. "*Unexpired Lease*" means a lease to which one or more of the LINN Debtors is a party that is subject to assumption or rejection under section 365 of the Bankruptcy Code.

197. "*Unimpaired*" means, with respect to a Class of Claims or Interests, a Class of Claims or Interests that is unimpaired within the meaning of section 1124 of the Bankruptcy Code.

198. "*U.S.*" means the United States of America.

199. "*U.S. Trustee*" means the Office of the U.S. Trustee Region 7 for the Southern District of Texas.

200. "*Unsecured Claim*" means any Claim that is not an Administrative Claim, Priority Tax Claim, Other LINN Priority Claim, LINN Lender Claim, or other Secured Claim; *provided*, that, for the avoidance of doubt and pursuant to Article IV.D herein and the LINN Second Lien Settlement, the LINN Second Lien Notes Claims shall constitute Unsecured Claims.

B. Rules of Interpretation.

For the purposes of the Plan: (1) in the appropriate context, each term, whether stated in the singular or the plural, shall include both the singular and the plural, and pronouns stated in the masculine, feminine, or neuter gender shall include the masculine, feminine, and the neuter gender; (2) unless otherwise specified, any reference herein to a contract, lease, instrument, release, indenture, or other agreement or document being in a particular form or on particular terms and conditions means that the referenced document shall be substantially in that form or substantially on those terms and conditions; (3) unless otherwise specified, any reference herein to an existing document, schedule, or exhibit, whether or not Filed, having been Filed or to be Filed shall mean that document, schedule, or exhibit, as it may thereafter be amended, modified, or supplemented; (4) any reference to an Entity as a Holder of a Claim or Interest includes that Entity's successors and assigns; (5) unless otherwise specified, all references herein to "Articles" are references to Articles hereof or hereto; (6) unless otherwise specified, all references herein to exhibits are references to exhibits in the Plan Supplement; (7) unless otherwise specified, the words "herein," "hereof," and "hereto" refer to the Plan in its entirety rather than to a particular portion of the Plan; (8) subject to the provisions of any contract, certificate of incorporation, or similar formation document or agreement, by-law, instrument, release, or other agreement or document entered into in connection with the Plan, the rights and obligations arising pursuant to the Plan shall be governed by, and construed and enforced in accordance

with the applicable federal law, including the Bankruptcy Code and Bankruptcy Rules; (9) captions and headings to Articles are inserted for convenience of reference only and are not intended to be a part of or to affect the interpretation of the Plan; (10) unless otherwise specified herein, the rules of construction set forth in section 102 of the Bankruptcy Code shall apply; (11) any term used in capitalized form herein that is not otherwise defined but that is used in the Bankruptcy Code or the Bankruptcy Rules shall have the meaning assigned to that term in the Bankruptcy Code or the Bankruptcy Rules, as the case may be; (12) all references to docket numbers of documents Filed in the Chapter 11 Cases are references to the docket numbers under the Bankruptcy Court's CM/ECF system; (13) all references to statutes, regulations, orders, rules of courts, and the like shall mean as amended from time to time, and as applicable to the Chapter 11 Cases, unless otherwise stated; (14) any immaterial effectuating provisions may be interpreted by the Reorganized LINN Debtors in such a manner that is consistent with the overall purpose and intent of the Plan all without further notice to or action, order, or approval of the Bankruptcy Court or any other Entity; and (15) except as otherwise specifically provided in the Plan to the contrary, references in the Plan to the LINN Debtors or to the Reorganized LINN Debtors shall mean the LINN Debtors and the Reorganized LINN Debtors, as applicable, to the extent the context requires.

C. Computation of Time.

Unless otherwise specifically stated herein, the provisions of Bankruptcy Rule 9006(a) shall apply in computing any period of time prescribed or allowed herein. If the date on which a transaction may occur pursuant to the Plan shall occur on a day that is not a Business Day, then such transaction shall instead occur on the next succeeding Business Day. Any action to be taken on the Effective Date may be taken on or as soon as reasonably practicable after the Effective Date.

D. Governing Law.

Unless a rule of law or procedure is supplied by federal law (including the Bankruptcy Code and Bankruptcy Rules) or unless otherwise specifically stated, the laws of the State of New York, without giving effect to the principles of conflict of laws, shall govern the rights, obligations, construction, and implementation of the Plan, any agreements, documents, instruments, or contracts executed or entered into in connection with the Plan (except as otherwise set forth in those agreements, in which case the governing law of such agreement shall control); *provided*, *however*, that corporate governance matters relating to the LINN Debtors or the Reorganized LINN Debtors, as applicable, shall be governed by the laws of the state of incorporation or formation of the relevant LINN Debtor or Reorganized LINN Debtor, as applicable.

E. Reference to Monetary Figures.

All references in the Plan to monetary figures shall refer to currency of the U.S., unless otherwise expressly provided.

F. Conflicts.

In the event of an inconsistency between the Plan and the Disclosure Statement, the terms of the Plan shall control in all respects. In the event of an inconsistency between the Confirmation Order and the Plan, the Confirmation Order shall control.

ARTICLE II.
ADMINISTRATIVE CLAIMS AND PRIORITY TAX CLAIMS

In accordance with section 1123(a)(1) of the Bankruptcy Code, Administrative Claims and Priority Tax Claims have not been classified and, thus, are excluded from the Classes of Claims and Interests. Except with respect to Professional Fee Claims, which shall be allocated and paid in the manner specified in Article II.A.2 of this Plan, each LINN Debtor shall be obligated to satisfy only the Allowed Administrative Claims or Priority Tax Claims of its respective Estates.

A. Administrative Claims.

1. General Administrative Claims.

Except as specified in this Article II, unless the Holder of an Allowed General Administrative Claim and the LINN Debtors or the Reorganized LINN Debtors, as applicable, agree to less favorable treatment, each Holder of an Allowed General Administrative Claim will receive, in full satisfaction of its General Administrative Claim, Cash equal to the amount of such Allowed General Administrative Claim either: (a) on the Effective Date; (b) if the General Administrative Claim is not Allowed as of the Effective Date, 60 days after the date on which an order allowing such General Administrative Claim becomes a Final Order, or as soon thereafter as reasonably practicable; or (c) if the Allowed General Administrative Claim is based on a liability incurred by the Debtors in the ordinary course of their business after the Petition Date, pursuant to the terms and conditions of the particular transaction or agreement giving rise to such Allowed General Administrative Claim, without any further action by the Holders of such Allowed General Administrative Claim, and without any further notice to or action, order, or approval of the Bankruptcy Court. Notwithstanding the foregoing, no request for payment of a General Administrative Claim need be Filed with respect to a General Administrative Claim previously Allowed by Final Order.

Except for Claims of Professionals, requests for payment of General Administrative Claims that were not accrued in the ordinary course of business must be Filed and served on the LINN Debtors or the Reorganized LINN Debtors, as applicable, no later than the Administrative Claims Bar Date applicable to the LINN Debtor against whom the General Administrative Claim is asserted pursuant to the procedures specified in the Confirmation Order and the notice of the Effective Date. Holders of General Administrative Claims that are required to File and serve a request for payment of such General Administrative Claims by the Administrative Claims Bar Date that do not File and serve such a request by the Administrative Claims Bar Date shall be forever barred, estopped, and enjoined from asserting such General Administrative Claims against the LINN Debtors, the Reorganized LINN Debtors, or their respective property and such General Administrative Claims shall be deemed forever discharged and released as of the Effective Date. Any requests for payment of General Administrative Claims that are not properly Filed and served by the Administrative Claims Bar Date shall not appear on the Claims Register and shall be disallowed automatically without the need for further action by the Debtors or the Reorganized LINN Debtors or further order of the Bankruptcy Court. To the extent this Article II.A.1 conflicts with Article XII.C of the Plan with respect to fees and expenses payable under section 1930(a) of the Judicial Code, including fees and expenses payable to the U.S. Trustee, Article XII.C of the Plan shall govern.

The Reorganized LINN Debtors, in their sole and absolute discretion, may settle General Administrative Claims in the ordinary course of business without further Bankruptcy Court approval. The LINN Debtors may also choose to object to any Administrative Claim no later than 60 days from the Administrative Claims Bar Date, subject to extensions by the Bankruptcy Court, agreement in writing of the parties, or on motion of a party in interest approved by the Bankruptcy Court. Unless the LINN Debtors or the Reorganized LINN Debtors (or other party with standing) object to a timely filed and properly served Administrative Claim, such Administrative Claim will be deemed Allowed in the amount requested. In the event that the LINN Debtors or the Reorganized LINN Debtors object to an Administrative Claim, the parties may confer to try to reach a settlement and, failing that, the Bankruptcy Court will determine whether such Administrative Claim should be allowed and, if so, in what amount; *provided*, that in no event shall any Reorganized LINN Debtor be obligated to satisfy any Allowed General Administrative Claim asserted against LINN or LinnCo.

2. Professional Compensation.

(a) Final Fee Applications.

All final requests for payment of Professional Fee Claims, including the Professional Fee Claims incurred during the period from the Petition Date through the Effective Date, must be Filed and served on the Reorganized LINN Debtors no later than 60 days after the Effective Date. All such final requests will be subject to approval by the Bankruptcy Court after notice and a hearing in accordance with the procedures established by the Bankruptcy Code and prior orders of the Bankruptcy Court in the Chapter 11 Cases, including the Interim Compensation Order, and once approved by the Bankruptcy Court, promptly paid from the Professional Fee Escrow Account up to its full Allowed amount. If the Professional Fee Escrow Account is insufficient to fund the full Allowed amounts of Professional Fee Claims, remaining unpaid Allowed Professional Fee Claims will be allocated among and paid directly by the Reorganized LINN Debtors in the manner prescribed by Article II.A.2(d) of the Plan.

(b) Professional Fee Escrow Account.

On the Effective Date, the Reorganized LINN Debtors shall establish and fund the Professional Fee Escrow Account with Cash equal to the Professional Fee Reserve Amount, the funding of which shall be allocated among the LINN Debtors in the manner prescribed by Article II.A.2(d) of the Plan. The Professional Fee Escrow Account shall be maintained in trust solely for the Professionals. Such funds shall not be considered property of the Estates of the Debtors or the Reorganized Debtors. The amount of Professional Fee Claims owing to the Professionals shall be paid in Cash to such Professionals by the Reorganized LINN Debtors from the Professional Fee Escrow Account as soon as reasonably practicable after such Professional Fee Claims are Allowed by a Final Order. When all such Allowed amounts owing to Professionals have been paid in full, any remaining amount in the Professional Fee Escrow Account shall promptly be paid to the Reorganized Debtors in the manner prescribed by the allocation set forth in Article II.A.2(d) of the Plan, without any further action or order of the Bankruptcy Court. If the Professional Fee Escrow Account is insufficient to fund the full Allowed amounts of Professional Fee Claims, remaining unpaid Allowed Professional Fee Claims will be paid by the LINN Debtors or the Reorganized LINN Debtors, as applicable.

(c) Professional Fee Reserve Amount.

Professionals shall estimate their unpaid Professional Fee Claims and other unpaid fees and expenses incurred in rendering services to the LINN Debtors before and as of the Effective Date and shall deliver such estimate to the LINN Debtors no later than five Business Days before the Effective Date; *provided*, *however*, that such estimate shall not be deemed to limit the amount of the fees and expenses that are the subject of the Professional's final request for payment of Filed Professional Fee Claims. If a Professional does not provide an estimate, the LINN Debtors or Reorganized LINN Debtors may estimate the unpaid and unbilled fees and expenses of such Professional. The total amount estimated pursuant to this section shall comprise the Professional Fee Reserve Amount. The Professional Fee Reserve Amount, as well as the return of any excess funds in the Professional Fee Escrow Account after all Allowed Professional Fee Claims have been paid in full, shall be allocated as among the LINN Debtors in the manner prescribed by Article II.A.2(d) of the Plan.

(d) Allocation of Professional Fee Claims.

Allowed Professional Fee Claims shall be allocated to, and paid by, the applicable LINN Debtor (or Berry Debtor) for whose benefit such Professional Fees Claims were incurred in a manner consistent with the terms of the Cash Collateral Order and/or Cash Management Order. For the avoidance of doubt, the LINN Debtors shall not be responsible for payment of any legal, professional, or other fees and expenses incurred by the Berry Debtors in connection with the Chapter 11 Cases and after the Effective Date, and the Berry Debtors shall not be responsible for payment of any legal, professional, or other fees and expenses incurred by the LINN Debtors in connection with the Chapter 11 Cases and after the Effective Date.

(e) Post-Confirmation Date Fees and Expenses.

Except as otherwise specifically provided in the Plan, from and after the Confirmation Date, the LINN Debtors shall, in the ordinary course of business and without any further notice to or action, order, or approval of the Bankruptcy Court, pay in Cash the reasonable and documented legal, professional, or other fees and expenses incurred by the LINN Debtors. Upon the Confirmation Date, any requirement that Professionals comply with sections 327 through 331 and 1103 of the Bankruptcy Code in seeking retention or compensation for services rendered after such date shall terminate, and the Reorganized LINN Debtors may employ and pay any Professional in the ordinary course of business without any further notice to or action, order, or approval of the Bankruptcy Court.

3. Adequate Protection Claims.

Adequate Protection Claims of the LINN Lenders will receive the treatment provided for in Article III.B.3 for Holders of Allowed LINN Lender Claims.

B. Priority Tax Claims.

Except to the extent that a Holder of an Allowed Priority Tax Claim agrees to a less favorable treatment, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed Priority Tax Claim, each Holder of such Allowed Priority Tax Claim shall be treated in accordance with the terms set forth in section 1129(a)(9)(C) of the Bankruptcy Code and, for the avoidance of doubt, Holders of Allowed Priority Tax Claims will receive interest on such Allowed Priority Tax Claims after the Effective Date in accordance with sections 511 and 1129(a)(9)(C) of the Bankruptcy Code; *provided*, that in no event shall any Reorganized LINN Debtor be obligated to satisfy any Priority Tax Claim asserted against LINN or LinnCo.

C. Statutory Fees.

All fees due and payable pursuant to section 1930 of Title 28 of the United States Code before the Effective Date with respect to the LINN Debtors shall be paid by the LINN Debtors. On and after the Effective Date, the Reorganized LINN Debtors shall pay any and all such fees when due and payable, and shall File with the Bankruptcy Court quarterly reports in a form reasonably acceptable to the U.S. Trustee. Each LINN Debtor shall remain obligated to pay quarterly fees to the U.S. Trustee until the earliest of that particular LINN Debtor's case being closed, dismissed, or converted to a case under Chapter 7 of the Bankruptcy Code.

ARTICLE III.
CLASSIFICATION AND TREATMENT OF CLAIMS AND INTERESTS

A. Classification of Claims and Interests.

Claims and Interests, except for Administrative Claims and Priority Tax Claims, are classified in the Classes set forth in this Article III. A Claim or Interest is classified in a particular Class only to the extent that the Claim or Interest qualifies within the description of that Class and is classified in other Classes to the extent that any portion of the Claim or Interest qualifies within the description of such other Classes. A Claim or Interest is also classified in a particular Class for the purpose of receiving distributions pursuant to the Plan only to the extent that such Claim or Interest is an Allowed Claim or Allowed Interest in that Class and has not been paid, released, or otherwise satisfied before the Effective Date. The LINN Debtors reserve the right to assert that the treatment provided to Holders of Claims and Interests pursuant to Article III.B of the Plan renders such Holders Unimpaired.

The Plan constitutes a separate chapter 11 plan of reorganization for each LINN Debtor, each of which shall include the classifications set forth below. Subject to Article III.D of the Plan, to the extent that a Class contains Claims or Interests only with respect to one or more particular LINN Debtors, such Class applies solely to such LINN Debtor.

The following chart represents the classification of Claims and Interests for each LINN Debtor pursuant to the Plan.

Class	Claims and Interests	Status	Voting Rights
Class A1	Other LINN Secured Claims	Unimpaired	Not Entitled to Vote (Deemed to Accept)
Class A2	Other LINN Priority Claims	Unimpaired	Not Entitled to Vote (Deemed to Accept)
Class A3	LINN Lender Claims	Impaired	Entitled to Vote
Class A4	LINN Second Lien Notes Claims	Impaired	Entitled to Vote

Class	Claims and Interests	Status	Voting Rights
Class A5	LINN Unsecured Notes Claims	Impaired	Entitled to Vote
Class A6	LINN General Unsecured Claims	Impaired	Entitled to Vote
Class A7	LINN Convenience Claims	Unimpaired	Not Entitled to Vote (Deemed to Accept)
Class A8	LINN Intercompany Settled Claims	Impaired	Presumed to Accept
Class A9	LINN Intercompany Claims	Unimpaired/ Impaired	Not Entitled to Vote (Deemed to Accept/Reject)
Class A10	LINN Section 510(b) Claims	Impaired	Not Entitled to Vote (Deemed to Reject)
Class A11	LINN Intercompany Interests	Unimpaired	Not Entitled to Vote (Deemed to Accept)
Class A12	Interests in LINN and LinnCo	Impaired	Not Entitled to Vote (Deemed to Reject)

B. Treatment of Claims and Interests.

To the extent a Class contains Allowed Claims or Allowed Interests with respect to any LINN Debtor, the classification of Allowed Claims and Allowed Interests is specified below.

1. Class A1 - Other LINN Secured Claims.

   (a) *Classification*: Class A1 consists of Other LINN Secured Claims.

   (b) *Treatment*: Except to the extent that a Holder of an Allowed Other LINN Secured Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed Other LINN Secured Claim, each such Holder shall receive, at the option of the applicable LINN Debtor(s), either:

      (i) payment in full in Cash;

      (ii) delivery of collateral securing any such Claim and payment of any interest required under section 506(b) of the Bankruptcy Code;

      (iii) Reinstatement of such Claim; or

      (iv) other treatment rendering such Claim Unimpaired.

   (c) *Voting:* Class A1 is Unimpaired under the Plan. Holders of Claims in Class A1 are conclusively deemed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, such Holders are not entitled to vote to accept or reject the Plan.

2. Class A2 - Other LINN Priority Claims.

   (a) *Classification*: Class A2 consists of Other LINN Priority Claims.

   (b) *Treatment*: Except to the extent that a Holder of an Allowed Other LINN Priority Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed Other LINN Priority Claim, each such Holder shall receive, at the option of the applicable LINN Debtor(s), either:

      (i) payment in full in Cash; or

      (ii) other treatment rendering such Claim Unimpaired.

(c) *Voting*: Class A2 is Unimpaired under the Plan. Holders of Claims in Class A2 are conclusively deemed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, such Holders are not entitled to vote to accept or reject the Plan.

3. Class A3 - LINN Lender Claims.

(a) *Classification*: Class A3 consists of LINN Lender Claims Against the LINN Debtors.

(b) *Allowance*: Notwithstanding any other provision of this Plan to the contrary, on the Effective Date, the LINN Lender Claims are Allowed as fully Secured Claims under section 506(b) of the Bankruptcy Code having first lien priority in the amount of $1.939 billion on account of unpaid principal, plus unpaid interest, fees, other expenses, and other obligations arising under or in connection with the LINN Lender Claims, or as set forth in the LINN Credit Agreement other Loan Documents (as defined in the LINN Credit Agreement), in each case, not subject either in whole or in part to off-set, disallowance or avoidance under chapter 5 of the Bankruptcy Code or otherwise, or any legal, contractual, or equitable theory for claims or Causes of Action (including, without limitation, subordination, recharacterization, recoupment, or unjust enrichment) that the any Person including but not limited to the Debtors and their Estates may be entitled to assert against the LINN Lenders or the LINN Lender Claims.

(c) *Treatment*: Notwithstanding any other provision of this Plan to the contrary, on the Effective Date, except to the extent that a Holder of an Allowed LINN Lender Claim in Class A3 agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed LINN Lender Claim, each such Holder shall receive its Pro Rata share of: (A) if such Holder elects to participate in the LINN Exit Facility, (i) the LINN Exit Facility and (ii) the LINN Lender Paydown upon the execution of definitive documentation, dated on or before the Effective Date, necessary to implement the Plan, including the LINN Exit Facility Documents; or (B) if such Holder elects not to participate in the LINN Exit Facility (each, a "Non-Electing Lender"), in which case such Non-Electing Lender shall receive its Pro Rata share of the Reorganized LINN Non-Conforming Term Notes, in lieu of any share of (i) the LINN Exit Facility and (ii) the LINN Lender Paydown, upon the execution of definitive documentation, dated on or before the Effective Date, necessary to implement the Plan, including the Reorganized LINN Non-Conforming Term Notes Documents. The Reorganized Linn Non-Conforming Term Notes shall have the same maturity and liens as the Reorganized LINN Revolving Loans. For the avoidance of doubt, each Non-Electing Lender shall not receive any portion of the LINN Lender Paydown and shall receive only a Reorganized LINN Non-Conforming Term Note in a principal amount equal to its Allowed LINN Lender Claim, and each Consenting LINN Lender shall receive a LINN Lender Paydown payment in the amount of (a) its Allowed LINN Lender Claim less (b) the sum of the amount of such Consenting LINN Lender's Allowed LINN Lender Claim that is deemed to be a drawn loan pursuant to each of (x) the Reorganized LINN Term Loan and (y) Reorganized LINN Revolving Loan, plus (c) on a pro forma basis with respect to all Consenting LINN Lenders its share of the amount that would otherwise be payable to Non-Electing Lenders, if such Non-Electing Lenders were Consenting LINN Lenders (such that the aggregate amount received by Consenting LINN Lenders is equal to the LINN Lender Paydown).

(d) *Voting:* Class A3 is Impaired under the Plan. Holders of Claims in Class A3 are entitled to vote to accept or reject the Plan.

4. Class A4 - LINN Second Lien Notes Claims.

   (a) *Classification*: Class A4 consists of LINN Second Lien Notes Claims.

   (b) *Allowance*: As set forth in Article IV.D herein and the LINN Second Lien Plan Settlement, the LINN Second Lien Notes Claims are Allowed as Unsecured Claims in an amount equal to $2.0 billion, plus unpaid interest (applying an interest rate of 12.00 percent on the $1 billion principal amount of the LINN Second Lien Notes), fees, and other expenses arising under or in connection with the LINN Second Lien Notes Claims, and shall not be subject to any avoidance, reductions, setoff, offset, recoupment, recharacterization, subordination (whether equitable, contractual, or otherwise), counterclaims, cross-claims, defenses, disallowance, impairment, objection, or any other challenges under any applicable law or regulation by any Person.

   (c) *Treatment*: On the Effective Date, or as soon as reasonably practicable thereafter, except to the extent that a Holder of an Allowed LINN Second Lien Notes Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed LINN Second Lien Notes Claim, each such Holder shall (i) receive its Pro Rata share (based on the amount of its Allowed LINN Second Lien Notes Claim as a percentage of all Allowed LINN Second Lien Notes Claims) of (A) $30 million in Cash, and (B) the LINN Secured Rights, and (ii) its Pro Rata share (based on its Allowed LINN Second Lien Notes Claim as a percentage of the total Allowed LINN Notes Claims) of the LINN Funded Debt Equity Distribution. Distribution to each Holder of an Allowed LINN Second Lien Notes Claim shall be subject to the rights and the terms of the LINN Second Lien Notes Indenture and the right of the LINN Second Lien Notes Trustee to assert its LINN Second Lien Notes Trustee Charging Lien.

   (d) *Voting:* Class A4 is Impaired under the Plan. Holders of Claims in Class A4 are entitled to vote to accept or reject the Plan.

5. Class A5 - LINN Unsecured Notes Claims.

   (a) *Classification*: Class A5 consists of LINN Unsecured Notes Claims.

   (b) *Allowance*: The LINN Unsecured Notes Claims are Allowed as follows: (i) $580,100,547.11 due as of the Petition Date under the 6.5% senior notes due May 2019, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2011 Unsecured Notes Indenture; (ii) $600,580,190.97 due as of the Petition Date under the 6.25% senior notes due November 2019, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2012 Unsecured Notes Indenture; (iii) $754,061,706.75 due as of the Petition Date under the LINN 2020 Unsecured Notes; (iv) $788,870,992.11 due as of the Petition Date under the 7.75% senior notes due February 2021, issued by LINN and LINN Finance Corp. pursuant to the LINN September 2010 Unsecured Notes Indenture; and (v) $385,279,610.33 due as of the Petition Date under the 6.5% senior notes due September 2021, issued by LINN and LINN Energy Finance Corp. pursuant to the LINN 2014 Unsecured Notes Indenture; in each case, plus any additional unpaid interest, fees, and other expenses (if any) arising under or in connection with the LINN Unsecured Notes Claims.

(c) *Treatment*: On the Effective Date, or as soon as reasonably practicable thereafter, except to the extent that a Holder of an Allowed LINN Unsecured Notes Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed LINN Unsecured Notes Claim, each such Holder shall receive its Pro Rata share of (i) the LINN Funded Debt Equity Distribution (based on the amount of their Allowed LINN Unsecured Notes Claim as a percentage of the total Allowed LINN Notes Claims), and (ii) the LINN Unsecured Rights (based on the amount of its Allowed LINN Unsecured Notes Claim as a percentage of all Allowed LINN Unsecured Notes Claims).

(d) *Voting:* Class A5 is Impaired under the Plan. Holders of Claims in Class A5 are entitled to vote to accept or reject the Plan.

6. Class A6 - LINN General Unsecured Claims.

(a) *Classification*: Class A6 consists of LINN General Unsecured Claims.

(b) *Treatment*: On the Effective Date, or as soon as reasonably practicable thereafter, except to the extent that a Holder of an Allowed LINN General Unsecured Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed LINN General Unsecured Claim, each such Holder shall receive its Pro Rata share of the LINN GUC Cash Distribution Pool; *provided*, that a Holder of an Allowed LINN General Unsecured Claim may elect to irrevocably reduce its Allowed LINN General Unsecured Claim to $2,500 to receive the treatment provided for Holders of Allowed LINN Convenience Claims. To the extent the LINN GUC Cash Distribution Pool is not fully consumed for any reason, the residual excess will be distributed Pro Rata to Holders of Allowed LINN General Unsecured Claims.

(c) *Voting:* Class A6 is Impaired under the Plan. Holders of Claims in Class A6 are entitled to vote to accept or reject the Plan.

7. Class A7 - LINN Convenience Claims.

(a) *Classification*: Class A7 consists of LINN Convenience Claims.

(b) *Treatment*: On the Effective Date, or as soon as reasonably practicable thereafter, except to the extent that a Holder of an Allowed LINN Convenience Claim agrees to a less favorable treatment of its Allowed Claim, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed LINN Convenience Claim, each such Holder shall receive Cash in an amount equal to its Allowed LINN Convenience Claim; *provided*, *however*, that (i) to the extent that the sum of (A) Allowed LINN Convenience Claims and (B) Allowed LINN General Unsecured Claims for which such Holders elect to irrevocably reduce to receive treatment as Allowed LINN Convenience Claims exceeds the LINN Convenience Claims Cash Distribution Pool, any such excess costs will be paid with, and deducted from, the LINN GUC Cash Distribution Pool, and (ii) to the extent that the LINN Convenience Claims Cash Distribution Pool is not fully consumed for any reason, the residual excess will be deposited into the LINN GUC Cash Distribution Pool for Pro Rata distribution to Holders of Allowed LINN General Unsecured Claims other than Holders of Allowed LINN Convenience Claims.

(c) *Voting:* Class A7 is Unimpaired under the Plan. Holders of Claims in Class A7 are conclusively deemed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, such Holders are not entitled to vote to accept or reject the Plan.

8. Class A8 - LINN Intercompany Settled Claims.

   (a) *Classification*: Class A8 consists of LINN Intercompany Settled Claims.

   (b) *Treatment*: The LINN Settled Intercompany Claims shall receive the treatment set forth in the Berry-LINN Intercompany Settlement, which shall include, among other things, an Allowed LINN Settled Intercompany Claim against LINN in the aggregate amount of $25 million, which shall be treated as an Allowed LINN General Unsecured Claim pursuant to Article III.B.6 hereof.

   (c) *Voting:* Class A8 is Impaired under the Plan. Holders of Allowed LINN Intercompany Settled Claims are presumed to accept the Plan.

9. Class A9 - LINN Intercompany Claims.

   (a) *Classification*: Class A9 consists of LINN Intercompany Claims.

   (b) *Treatment*: Each Allowed LINN Intercompany Claim shall be, at the option of the LINN Debtors or the Reorganized LINN Debtors, either: (i) Reinstated; (ii) converted to equity; or (iii) canceled and shall receive no distribution on account of such Claims and may be compromised, extinguished, or settled after the Effective Date; *provided*, *however*, that any LINN Intercompany Claim relating to any postpetition payments from any Debtor to a LINN Debtor under any postpetition Intercompany Transaction (as defined in the Cash Management Order, and including any postpetition payments from LINN to any other LINN Debtor) shall be, unless the applicable LINN Debtor agrees otherwise or as otherwise provided in the Berry-LINN Intercompany Settlement, paid in full in Cash as a General Administrative Claim pursuant to Article II.A herein.

   (c) *Voting:* Class A9 is either Unimpaired and/or treated as a General Administrative Claim, and such Holders of LINN Intercompany Claims are conclusively presumed to have accepted the Plan under section 1126(f) of the Bankruptcy Code, or Impaired, and such Holders of Allowed Class A9 Claims are deemed to have rejected the Plan pursuant to section 1126(g) of the Bankruptcy Code. Holders of Allowed LINN Intercompany Claims are not entitled to vote to accept or reject the Plan.

10. Class A10 - LINN Section 510(b) Claims.

   (a) *Classification*: Class A10 consists of LINN Section 510(b) Claims.

   (b) *Treatment*: Each LINN Section 510(b) Claim shall be deemed canceled, discharged, released, and extinguished, and there shall be no distribution to Holders of LINN Section 510(b) Claims on account of such Claims.

   (c) *Voting:* Class A10 is Impaired under the Plan. Holders of Allowed LINN Section 510(b) Claims are deemed to have rejected the Plan under section 1126(g) of the Bankruptcy Code. Holders of Allowed LINN Section 510(b) Claims are not entitled to vote to accept or reject the Plan.

11. Class A11 - LINN Intercompany Interests.

   (a) *Classification*: Class A11 consists of all LINN Intercompany Interests.

(b) *Treatment*: LINN Intercompany Interests shall be Reinstated as of the Effective Date.

(c) *Voting:* Class A11 is Unimpaired under the Plan. Holders of LINN Intercompany Interests are conclusively deemed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, such Holders are not entitled to vote to accept or reject the Plan.

12. Class A12 - Interests in LINN and LinnCo.

(a) *Classification*: Class A12 consists of any Interests in LINN and LinnCo.

(b) *Treatment*: On the Effective Date, existing Interests in LINN and LinnCo shall be deemed canceled, discharged, released, and extinguished, and there shall be no distribution to Holders of Interests in LINN and LinnCo on account of such Interests; *provided, however*; provided, however, that Holders of Interests in LinnCo may receive a non-transferable escrow position to the extent necessary to facilitate any distributions that may become available in the future on account of such Interests in LinnCo.

(c) *Voting:* Class A12 is Impaired under the Plan. Holders of Interests in LINN and LinnCo are conclusively deemed to have rejected the Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, such Holders are not entitled to vote to accept or reject the Plan.

C. Special Provision Governing Unimpaired Claims.

Except as otherwise provided in the Plan, nothing under the Plan shall affect the LINN Debtors' rights in respect of any Unimpaired Claims, including all rights in respect of legal and equitable defenses to or setoffs or recoupments against any such Unimpaired Claims.

D. Elimination of Vacant Classes.

Any Class of Claims or Interests that, as of the commencement of the Confirmation Hearing, does not have at least one Holder of a Claim or Interest that is Allowed in an amount greater than zero for voting purposes pursuant to the Disclosure Statement Order shall be considered vacant, deemed eliminated from the Plan for purposes of voting to accept or reject the Plan, and disregarded for purposes of determining whether the Plan satisfies section 1129(a)(8) of the Bankruptcy Code with respect to that Class.

E. Confirmation Pursuant to Sections 1129(a)(10) and 1129(b) of the Bankruptcy Code.

Section 1129(a)(10) of the Bankruptcy Code shall be satisfied for purposes of Confirmation by acceptance of the Plan by one or more of the Classes entitled to vote pursuant to Article III.B of the Plan. The LINN Debtors shall seek Confirmation of the Plan pursuant to section 1129(b) of the Bankruptcy Code with respect to any rejecting Class of Claims or Interests. The LINN Debtors reserve the right to modify the Plan in accordance with Article X hereof to the extent, if any, that Confirmation pursuant to section 1129(b) of the Bankruptcy Code requires modification, including by modifying the treatment applicable to a Class of Claims to render such Class of Claims Unimpaired to the extent permitted by the Bankruptcy Code and the Bankruptcy Rules or to withdraw the Plan as to such LINN Debtor.

F. Voting Classes; Presumed Acceptance by Non-Voting Classes

If a Class contains Holders of Claims or Interests eligible to vote and no Holders of Claims or Interests eligible to vote in such Class vote to accept or reject the Plan, the Plan shall be presumed accepted by the Holders of such Claims or Interests in such Class.

G. Presumed Acceptance and Rejection of the Plan

To the extent that Claims of any class are canceled, each Holder of a Claim in such class is deemed to have rejected the Plan pursuant to section 1126(g) of the Bankruptcy Code and is not entitled to vote to accept or reject the Plan. To the extent that Claims or Interests of any Class are Reinstated, each Holder of a Claim or Interest in such Class is presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code and is not entitled to vote to accept or reject the Plans.

H. Intercompany Interests

To the extent Reinstated under the Plan, distributions on account of Intercompany Interests are not being received by Holders of such Intercompany Interests on account of their Intercompany Interests, but rather for the purposes of administrative convenience, for the ultimate benefit of the Holders of Reorganized LINN Common Stock, and in exchange for the LINN Debtors' and Reorganized LINN Debtors' agreement under the Plan to make certain distributions to the Holders of Allowed Claims. For the avoidance of doubt, any Interest in Non-Debtor Subsidiaries owned by a LINN Debtor shall continue to be owned by the applicable Reorganized LINN Debtor.

I. Controversy Concerning Impairment.

If a controversy arises as to whether any Claims or Interests, or any Class of Claims or Interests, are Impaired, the Bankruptcy Court shall, after notice and a hearing, determine such controversy on or before the Confirmation Date.

J. Subordinated Claims and Interests.

The allowance, classification, and treatment of all Allowed Claims and Allowed Interests and the respective distributions and treatments under the Plan take into account and conform to the relative priority and rights of the Claims and Interests in each Class in connection with any contractual, legal, and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, section 510(b) of the Bankruptcy Code, or otherwise. Pursuant to section 510 of the Bankruptcy Code, the LINN Debtors or Reorganized LINN Debtors reserve the right to re-classify any Allowed Claim in accordance with any contractual, legal, or equitable subordination relating thereto. Notwithstanding anything in this Plan to the contrary, the LINN Lender Claims shall not be subordinated in any manner or for any reason.

ARTICLE IV.
MEANS FOR IMPLEMENTATION OF THE PLAN

A. General Settlement of Claims and Interests.

The Plan shall be deemed a motion to approve the good-faith compromise and settlement pursuant to which the LINN Debtors, the Holders of Claims against and/or Interests in the LINN Debtors, the Consenting LINN Creditors, and the LINN Lenders settle all Claims, Interests, and Causes of Action pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, including the Berry-LINN Intercompany Settlement, and in consideration for the classification, distributions, releases, and other benefits provided under the Plan, upon the Effective Date, the provisions of the Plan shall constitute a good faith compromise and settlement of all Claims and Interests and controversies resolved pursuant to the Plan. The Confirmation Order shall constitute the Court's approval of the compromise, settlement, and release of all such Claims, Interests, and Causes of Action, as well as a finding by the Bankruptcy Court that all such compromises, settlements, and releases are in the best interests of the LINN Debtors, their Estates, and the Holders of Claims, Interests, and Causes of Action, and is fair, equitable, and reasonable. In accordance with the provisions of the Plan, pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, without any further notice to or action, order, or approval of the Bankruptcy Court, after the Effective Date, the Reorganized LINN Debtors may compromise and settle all Claims and Causes of Action against, and Interests in, the LINN Debtors and their Estates. The compromises, settlements, and releases described herein shall be deemed nonseverable from each other and from all other terms of the Plan. Subject to Article VI of the Plan, all distributions made to Holders of Allowed Claims and Allowed Interests in any Class are intended to be and shall be final.

B. LINN Restructuring Transactions.

On the Effective Date, the LINN Debtors or the Reorganized LINN Debtors, as applicable, will effectuate the LINN Restructuring Transactions, and will take any actions as may be necessary or advisable to effect a corporate restructuring of their respective businesses or a corporate restructuring of the overall corporate structure of the LINN Debtors, to the extent provided herein. The actions to implement the LINN Restructuring Transactions may include: (a) the execution and delivery of appropriate agreements or other documents of merger, amalgamation, consolidation, restructuring, conversion, disposition, transfer, arrangement, continuance, dissolution, sale, purchase, or liquidation containing terms that are consistent with the terms of the Plan and that satisfy the requirements of applicable law and any other terms to which the applicable Entities may agree, including the formation of the entity or entities that will comprise the Reorganized LINN Debtors; (b) the execution and delivery of appropriate instruments of transfer, assignment, assumption, or delegation of any asset, property, right, liability, debt, or obligation on terms consistent with the terms of the Plan and having other terms for which the applicable parties agree; (c) the filing of appropriate certificates or articles of incorporation, formation, reincorporation, merger, consolidation, conversion, amalgamation, arrangement, continuance, dissolution, or other organizational documents pursuant to applicable state law; (d) the execution and delivery of the New Organizational Documents; (e) the execution and delivery of the LINN Exit Facility Documents (including all actions to be taken, undertakings to be made, and obligations to be incurred and fees, expenses, and the LINN Lender Paydown to be paid by the LINN Debtors and the Reorganized LINN Debtors, as applicable), subject to any post-closing execution and delivery periods provided for in the LINN Exit Facility Documents; (f) the execution and delivery of the Transition Services Agreement (including all actions to be taken, undertakings to be made, and obligations to be incurred and fees to be paid by the LINN Debtors, the Reorganized LINN Debtors, the Berry Debtors, or the reorganized Berry Debtors, as applicable, in connection therewith); (g) the execution and delivery of the Form Joint Operating Agreement (including all actions to be taken, undertakings to be made, and obligations and fees to be paid by the LINN Debtors, Reorganized LINN Debtors, the Berry Debtors, and the reorganized Berry Debtors, as applicable); (h) the execution and delivery of the Reorganized LINN Registration Rights Agreement; (i) the issuance of the Reorganized LINN Common Stock pursuant to the LINN Funded Debt Equity Distribution; (j) pursuant to the LINN Rights Offerings Procedures and the LINN Backstop Agreement, the implementation of the LINN Rights Offerings, the distribution of the LINN Rights to the LINN Rights Offerings Participants as of the LINN Rights Offerings Record Date, and the issuance of the Reorganized LINN Common Stock in connection therewith; (k) adoption of the Reorganized LINN Employee Incentive Plan and the allocation and issuance of the Reorganized LINN EIP Equity in accordance with the terms included therein; (l) the establishment and funding of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool; and (m) after cancellation of the Interests in LINN and LinnCo, all other actions that the applicable Entities determine to be necessary or advisable, including making filings or recordings that may be required by law in connection with the Plan. For the avoidance of doubt, the Debtors intend that the transactions relating to the transfer of the LINN Debtors' assets shall constitute taxable dispositions for U.S. federal income tax purposes.

The Confirmation Order shall and shall be deemed to, pursuant to sections 1123 and 363 of the Bankruptcy Code and Bankruptcy Rule 9019, authorize, among other things, all actions as may be necessary or appropriate to effect any transaction described in, approved by, contemplated by, or necessary to effectuate the Plan, including the LINN Restructuring Transactions.

On the Business Day before the Effective Date, a third party designated by mutual agreement of the LINN Debtors and the Required Consenting LINN Creditors shall form Reorganized LINN. For the avoidance of doubt, and notwithstanding anything to the contrary herein, the assets of, and equity interests in, the Berry Debtors shall not be in any event transferred to Reorganized LINN.

C. Sources of Consideration for Plan Distributions.

The LINN Debtors shall fund distributions under the Plan, as applicable, with: (1) the LINN Exit Facility; (2) the Reorganized LINN Non-Conforming Term Notes (if any); (3) the encumbered and unencumbered Cash on hand, including Cash from operations or asset dispositions, of the LINN Debtors, (4) the Cash proceeds of the sale

of the Reorganized LINN Common Stock pursuant to the LINN Rights Offerings; and (5) the Reorganized LINN Common Stock. Each distribution and issuance referred to in Article VI of the Plan shall be governed by the terms and conditions set forth herein applicable to such distribution or issuance and by the terms and conditions of the instruments or other documents evidencing or relating to such distribution or issuance, which terms and conditions shall bind each Entity receiving such distribution or issuance. The issuance, distribution, or authorization, as applicable, of certain securities in connection with the Plan, including the Reorganized LINN Common Stock and the LINN Rights will be exempt from SEC registration to the fullest extent permitted by law, as described more fully in Article VI.D below.

1. LINN Exit Facility.

On the Effective Date, the Reorganized LINN Debtors shall enter into the LINN Exit Facility, with Reorganized LINN as a holding company and guarantor directly or indirectly holding all of the equity interests of all of the other Reorganized LINN Debtors. Each Holder of an Allowed LINN Lender Claim that elects to participate in the LINN Exit Facility shall receive its Pro Rata share of (i) the LINN Exit Facility, and (ii) the LINN Lender Paydown, including the Pro Rata share with respect to all Consenting LINN Lenders of the amount that would otherwise be payable to the Non-Electing Lenders, if such Non-Electing Lenders were Consenting LINN Lenders (such that the aggregate amount received by Consenting LINN Lenders is equal to the LINN Lender Paydown), in each case pursuant to Article III.B.3. The LINN Exit Facility shall be on terms set forth in the LINN Exit Facility Documents and substantially consistent with the terms set forth in the LINN Exit Facility Term Sheet; *provided*, that the aggregate amount of the Reorganized LINN Revolving Loan commitments shall be reduced dollar for dollar by an amount of the Reorganized LINN Non-Conforming Term Notes that are issued to Non-Electing Lenders, such that the aggregate amount of the Reorganized LINN Revolving Loan commitments plus the Reorganized LINN Non-Conforming Term Notes shall be equal to $1.4 billion.

Confirmation shall be deemed approval of the LINN Exit Facility (including the transactions contemplated thereby, and all actions to be taken, undertakings to be made, and obligations to be incurred and fees and expenses to be paid by the LINN Debtors or the Reorganized LINN Debtors in connection therewith), to the extent not previously approved by the Bankruptcy Court, and the Reorganized LINN Debtors shall be authorized to execute and deliver those documents necessary or appropriate to obtain the LINN Exit Facility, including any and all documents required to enter into the LINN Exit Facility and all collateral documents related thereto, without further notice to or order of the Bankruptcy Court, act or action under applicable law, regulation, order, or rule or vote, consent, authorization, or approval of any Person, subject to such modifications as the Reorganized LINN Debtors may deem to be necessary to consummate entry into the LINN Exit Facility and that are in form and substance reasonably acceptable to the Reorganized LINN Debtors and the Required Consenting LINN Creditors.

On the Effective Date, the LINN Exit Facility Documents shall constitute legal, valid, binding, and authorized obligations of the Reorganized LINN Debtors, enforceable in accordance with their terms. The financial accommodations to be extended pursuant to the LINN Exit Facility Documents are being extended, and shall be deemed to have been extended, in good faith, for legitimate business purposes, are reasonable, shall not be subject to avoidance, recharacterization, or subordination (including equitable subordination) for any purposes whatsoever, and shall not constitute preferential transfers, fraudulent conveyances, or other voidable transfers under the Bankruptcy Code or any other applicable non-bankruptcy law. On the Effective Date, all of the Liens and security interests to be granted in accordance with the LINN Exit Facility Documents (a) shall be legal, binding, and enforceable Liens on, and security interests in, the collateral granted thereunder in accordance with the terms of the LINN Exit Facility Documents, (b) shall be deemed automatically attached and perfected on the Effective Date, subject only to such Liens and security interests as may be permitted under the LINN Exit Facility Documents, and (c) shall not be subject to avoidance, recharacterization, or subordination (including equitable subordination) for any purposes whatsoever and shall not constitute preferential transfers, fraudulent conveyances, or other voidable transfers under the Bankruptcy Code or any applicable non-bankruptcy law. The Reorganized LINN Debtors and the Entities granted such Liens and security interests are authorized to make all filings and recordings, and to obtain all governmental approvals and consents necessary to establish, attach, and perfect such Liens and security interests under the provisions of the applicable state, provincial, federal, or other law (whether domestic or foreign) that would be applicable in the absence of the Plan and the Confirmation Order (it being understood that perfection shall occur automatically by virtue of the entry of the Confirmation Order, and any such filings, recordings, approvals, and consents shall not be required), and will thereafter cooperate to make all other filings and recordings that otherwise would be necessary or desirable by the administrative agent under the LINN Exit Facility Documents under applicable law to give notice of such Liens and security interests to third parties.

2. Reorganized LINN Non-Conforming Term Notes.

On the Effective Date, the Reorganized LINN Debtors shall enter into the Reorganized LINN Non-Conforming Term Notes with any Non-Electing Lenders on the terms set forth in the Reorganized LINN Non-Conforming Term Notes Documents.

On the Effective Date, the Reorganized LINN Non-Conforming Term Notes shall constitute legal, valid, binding, and authorized obligations of the Reorganized LINN Debtors, enforceable in accordance with their terms. The financial accommodations to be extended pursuant to the Reorganized LINN Non-Conforming Term Notes are being extended, and shall be deemed to have been extended, in good faith, for legitimate business purposes, are reasonable, shall not be subject to avoidance, recharacterization, or subordination (including equitable subordination) for any purposes whatsoever, and shall not constitute preferential transfers, fraudulent conveyances, or other voidable transfers under the Bankruptcy Code or any other applicable non-bankruptcy law. On the Effective Date, all of the Liens and security interests to be granted in accordance with the Reorganized LINN Non-Conforming Term Notes (a) shall be legal, binding, and enforceable Liens on, and security interests in, the collateral granted thereunder in accordance with the terms of the Reorganized LINN Non-Conforming Term Note Documents, (b) shall be deemed automatically attached and perfected on the Effective Date, subject only to such Liens and security interests as may be permitted under the Reorganized LINN Non-Conforming Term Notes, and (c) shall not be subject to avoidance, recharacterization, or subordination (including equitable subordination) for any purposes whatsoever and shall not constitute preferential transfers, fraudulent conveyances, or other voidable transfers under the Bankruptcy Code or any applicable non-bankruptcy law. The Reorganized LINN Debtors and the Entities granted such Liens and security interests are authorized to make all filings and recordings, and to obtain all governmental approvals and consents necessary to establish, attach, and perfect such Liens and security interests under the provisions of the applicable state, provincial, federal, or other law (whether domestic or foreign) that would be applicable in the absence of the Plan and the Confirmation Order (it being understood that perfection shall occur automatically by virtue of the entry of the Confirmation Order, and any such filings, recordings, approvals, and consents shall not be required), and will thereafter cooperate to make all other filings and recordings that otherwise would be necessary or desirable by the administrative agent under the Reorganized LINN Non-Conforming Term Note Documents under applicable law to give notice of such Liens and security interests to third parties.

3. LINN Rights Offerings; Reorganized LINN Common Stock; Use of Proceeds.

LINN shall distribute the LINN Rights to the LINN Rights Offerings Participants on behalf of Reorganized LINN as set forth in the Plan and the LINN Rights Offerings Procedures. Pursuant to the LINN Backstop Agreement, and the LINN Rights Offerings Procedures, the LINN Rights Offerings shall be open to all LINN Rights Offerings Participants, and (a) LINN Rights Offerings Participants that are Holders of Allowed LINN Second Lien Notes Claims shall be entitled to participate in the LINN Secured Rights Offering up to a maximum amount of each Holder’s Pro Rata share of the LINN Secured Rights Offering Amount, and (b) LINN Rights Offerings Participants that are Holders of Allowed LINN Unsecured Notes Claims shall be entitled to participate in the LINN Unsecured Rights Offering up to a maximum amount of each Holder’s Pro Rata share of the LINN Unsecured Rights Offering Amount. Within the applicable LINN Rights Offering, the LINN Rights Offerings Participants shall have the right to purchase their allocated shares of the Reorganized LINN Common Stock at the per share purchase price set forth in the LINN Backstop Agreement and the LINN Rights Offerings Procedures.

Upon exercise of the LINN Rights by the LINN Rights Offerings Participants pursuant to the terms of the LINN Backstop Agreement and the LINN Rights Offerings Procedures, Reorganized LINN shall be authorized to issue the Reorganized LINN Common Stock issuable pursuant to such exercise.

The LINN Unsecured Backstop Parties shall provide an aggregate backstop commitment equal to the total LINN Unsecured Rights Offerings Amount and the LINN Secured Backstop Parties shall provide a backstop commitment equal to the total LINN Secured Rights Offering Amount. Pursuant to the LINN Backstop Agreement, (a) the LINN Backstop Secured Parties shall purchase any Reorganized LINN Common Stock not subscribed to for

purchase by Holders of Allowed LINN Second Lien Notes Claims who are not LINN Backstop Secured Parties as part of the LINN Secured Rights Offering, up to the LINN Secured Rights Offering Amount, at the per share purchase price set forth in the LINN Backstop Agreement, and (b) the LINN Backstop Unsecured Parties shall purchase any Reorganized LINN Common Stock not subscribed to for purchase by Holders of Allowed LINN Unsecured Notes Claims who are not LINN Backstop Unsecured parties as part of the LINN Unsecured Rights Offering, up to the LINN Unsecured Rights Offering Amount, at the per share purchase price set forth in the LINN Backstop Agreement, and in each case, together with any additional shares, at the purchase price set forth in the LINN Backstop Agreement, issued on account of such unsubscribed Reorganized LINN Common Stock pursuant to the LINN Backstop Agreement to account for the price at which such unsubscribed shares are to be sold under the LINN Backstop Agreement.

The LINN Backstop Parties' obligation to backstop the LINN Rights Offerings shall be contingent on the entry of the LINN Backstop Agreement Order, which shall, among other things, approve the payment of the LINN Backstop Commitment Premium and related expense reimbursements set forth in the LINN Backstop Agreement to the LINN Backstop Parties. Entry of the Confirmation Order shall constitute Bankruptcy Court approval of the LINN Rights Offerings (including the transactions contemplated thereby, and all actions to be undertaken, undertakings to be made, and obligations to be incurred by Reorganized LINN in connection therewith). On the Effective Date, the rights and obligations of the LINN Debtors under the LINN Backstop Agreement shall vest in the Reorganized LINN Debtors, as applicable.

The Cash Proceeds raised by Reorganized LINN in connection with the LINN Rights Offerings will be transferred to LINN by Reorganized LINN on the Effective Date (together with less than 50 percent of the Reorganized LINN Common Stock and claims under the LINN Exit Facility) in exchange for a portion of the LINN Debtors' assets that are transferred to Reorganized LINN in a taxable disposition.

4. LINN Rights and Reorganized LINN Common Stock.

Reorganized LINN shall be authorized to issue the LINN Rights and the Reorganized LINN Common Stock to certain Holders of Claims pursuant to Article III.B. Such Reorganized LINN Common Stock shall either (a) be issued to LINN Rights Offerings Participants and/or LINN Backstop Parties pursuant to the LINN Rights Offerings and LINN Backstop Agreement, or (b) be issued to LINN in exchange for a portion of the LINN Debtors' assets in a taxable disposition and subsequently distributed by LINN to certain Holders of Allowed Claims against the LINN Debtors. Reorganized LINN shall issue all securities, instruments, certificates, and other documents required to be issued by it with respect to all such shares of Reorganized LINN Common Stock. All such LINN Rights and shares of Reorganized LINN Common Stock, and any other shares of Reorganized LINN Common Stock issued pursuant to the Plan shall be duly authorized, validly issued, fully paid, and non-assessable.

D. LINN Second Lien Plan Settlement.

On the Effective Date, any and all LINN Second Lien Notes Claims will be resolved and compromised, as a settlement pursuant to Bankruptcy Rule 9019 and section 1123 of the Bankruptcy Code, on the following terms:

(1) the Second Lien Notes Claims shall be finally and irrevocably Allowed as Unsecured Claims in the amount set forth in Article III.B.4, and Holders of such claims shall be entitled to the treatment set forth in Article III.B.4 and all other rights provided for in this Plan or the LINN RSA;

(2) the mortgages, pledges, and all other security interests securing the LINN Second Lien Notes Claims shall be immediately and automatically released, and the LINN Debtors, Reorganized LINN Debtors, and the LINN Second Lien Notes Trustee, as applicable, shall be authorized to execute, deliver, record, and file any documentation to evidence or effectuate such release of mortgages, pledges, and other security interests;

(3) the LINN Debtors and their estates will be deemed to have expressly released any and all claims to avoid, subordinate, setoff, reclassify, reduce, recharacterize or disallow in whole or in part the LINN Second Lien Notes Claims, whether under any provision of chapter 5 of the Bankruptcy Code, any equitable theory (including, without limitation, equitable subordination, equitable disallowance or unjust enrichment), or otherwise, and any other claims that the LINN Debtors and their estates may be entitled to assert against the LINN Second Lien Notes Trustee or any holder of the LINN Second Lien Notes under any applicable law; and

(4) the LINN Second Lien Settlement Agreement shall terminate and shall be of no further force and effect; *provided*, that the Confirmation Order provides for resolution and settlement of the LINN Second Lien Notes Claims on the terms set forth above.

E. Berry-LINN Intercompany Settlement.

The LINN Intercompany Settled Claims and the Berry Intercompany Settled Claims shall be resolved pursuant to the terms of the Berry-LINN Intercompany Settlement Term Sheet.

F. Corporate Existence.

Except as otherwise provided in the Plan, each LINN Debtor shall continue to exist after the Effective Date as a separate corporate Entity, limited liability company, partnership, or other form, as the case may be, with all the powers of a corporation, limited liability company, partnership, or other form, as the case may be, pursuant to the applicable law in the jurisdiction in which each applicable LINN Debtor is incorporated or formed and pursuant to the respective certificate of incorporation and by-laws (or other formation documents) in effect before the Effective Date, except to the extent such certificate of incorporation and by-laws (or other formation documents) are amended under the Plan or otherwise, and to the extent such documents are amended, such documents are deemed to be amended pursuant to the Plan and require no further action or approval (other than any requisite filings required under applicable state or federal law).

On the Effective Date, and pursuant to any mergers, amalgamations, consolidations, arrangements, agreements, continuances, restructurings, transfers, conversions, dispositions, liquidations, dissolutions, or other corporate transactions that the LINN Debtors reasonably determine are necessary to consummate the Plan, all assets of LINN (other than the equity interests in LAC and Berry) will be conveyed to Reorganized LINN (or a subsidiary thereof) in a taxable disposition and will be directly or indirectly held by Reorganized LINN or another entity affiliated with Reorganized LINN; *provided*, *however*, that the allocation of assets shall be structured such that neither Reorganized LINN nor any of the LINN Debtors shall be an "investment company" under the Investment Company Act, and this conclusion is based on one or more bases or exclusions other than Sections 3(c)(1) and 3(c)(7) of the Investment Company Act, including that neither the LINN Debtors nor any of its Subsidiaries comes within the basic definition of "investment company" under Section 3(a)(1) of the Investment Company Act. For the avoidance of doubt, LinnCo and LINN shall be wound down and liquidated as part of the Restructuring Transaction, and Reorganized LINN is not intended to be a successor to LinnCo and LINN for U.S. federal income tax purposes.

G. Vesting of Assets in the Reorganized LINN Debtors.

Except as otherwise provided in the Plan, on the Effective Date, all property in each Estate, all Causes of Action, and any property acquired by any of the LINN Debtors pursuant to the Plan shall vest in each applicable Reorganized LINN Debtor, free and clear of all Liens, Claims, charges, Interests, or other encumbrances. Except as otherwise provided in the Plan, on and after the Effective Date, each of the Reorganized LINN Debtors may operate its business and may use, acquire, or dispose of property and compromise or settle any Claims, Interests, or Causes of Action without supervision or approval by the Bankruptcy Court and free of any restrictions of the Bankruptcy Code or Bankruptcy Rules. For the avoidance of doubt, on the Effective Date, all rights and obligations of the LINN Debtors with respect to the LINN Backstop Agreement shall vest in the applicable Reorganized LINN Debtors, and the Reorganized LINN Debtors will be deemed to assume all such obligations.

H. Cancellation of Existing Securities and Agreements.

Except as otherwise provided in the Plan, on and after the Effective Date, all notes, instruments, certificates, agreements, indentures, mortgages, security documents, and other documents evidencing Claims or Interests, including Other LINN Secured Claims, LINN Lender Claims, LINN Second Lien Notes Claims, LINN Unsecured Notes Claims, and Interests in LINN and LinnCo, shall be deemed canceled, surrendered, and discharged

without any need for further action or approval of the Bankruptcy Court or any Holder or other person and the obligations of the LINN Debtors or Reorganized LINN Debtors, as applicable, thereunder or in any way related thereto shall be deemed satisfied in full and discharged, and the LINN Indenture Trustees and the LINN Administrative Agent shall be released from all duties thereunder; *provided, however*, that Holders of Interests in LinnCo may receive a non-transferable escrow position to the extent necessary to facilitate any distributions that may become available in the future on account of such Interests in LinnCo; *provided*, *further*, *however*, that notwithstanding Confirmation or Consummation, any such indenture or agreement that governs the rights of the Holder of a Claim shall continue in effect solely for purposes of: (1) allowing Holders to receive distributions under the Plan; (2) allowing the LINN Indenture Trustees and the LINN Administrative Agent to enforce their rights, claims, and interests vis-à-vis any parties other than the LINN Debtors; (3) allowing the LINN Indenture Trustees and the LINN Administrative Agent to make the distributions in accordance with the Plan (if any), as applicable; (4) preserving any rights of the LINN Administrative Agent or the LINN Indenture Trustees to payment of fees, expenses, and indemnification obligations as against any money or property distributable to the Holders under the relevant indenture, the LINN Intercreditor Agreement, or the LINN Credit Agreement, including any rights to priority of payment and/or to exercise charging liens; (5) allowing the LINN Indenture Trustees and the LINN Administrative Agent to enforce any obligations owed to each of them under the Plan; (6) allowing the LINN Indenture Trustees and the LINN Administrative Agent to exercise rights and obligations relating to the interests of the Holders under the relevant indentures and credit agreements; (7) allowing the LINN Indenture Trustees and the LINN Administrative Agent to appear in the Chapter 11 Cases or in any proceeding in the Bankruptcy Court or any other court; and (8) permitting the LINN Indenture Trustees and the LINN Administrative Agent to perform any functions that are necessary to effectuate the foregoing; *provided*, *further, however*, that except as provided below, the preceding proviso shall not affect the discharge of Claims or Interests pursuant to the Bankruptcy Code, the Confirmation Order, or the Plan, or result in any expense or liability to the LINN Debtors or Reorganized LINN Debtors, as applicable. Except for the foregoing, the LINN Indenture Trustees and their respective agents shall be relieved of all further duties and responsibilities related to the LINN Notes Indentures and the Plan, except with respect to such other rights of such LINN Indenture Trustees that, pursuant to the applicable LINN Notes Indentures, survive the termination of such indentures. Subsequent to the performance by each LINN Indenture Trustee of its obligations pursuant to the Plan, each LINN Indenture Trustee and its agents shall be relieved of all further duties and responsibilities related to the applicable indenture.

I. Corporate Action.

On the Effective Date, all actions contemplated under the Plan with respect to the applicable LINN Debtor or Reorganized LINN Debtor shall be deemed authorized and approved in all respects, including: (1) implementation of the LINN Restructuring Transactions; (2) formation by a non-LINN Debtor, non-LINN Backstop Party third-party as contemplated in the Plan and the LINN Backstop Agreement, of Reorganized LINN on the day before the Effective Date, and the wind-down of LinnCo and LINN; (3) selection of, and the election or appointment (as applicable) of, the directors and officers for the Reorganized LINN Debtors; (4) as applicable, adoption of, entry into, and assumption and/or assignment of the Reorganized LINN Employment Agreements; (5) adoption of the Reorganized LINN Employee Incentive Plan and the issuance and distribution of Reorganized LINN EIP Equity in connection therewith; (6) execution and delivery of the LINN Exit Facility Documents and Reorganized LINN Non-Conforming Term Notes Documents and incurrence of the LINN Exit Facility and the Reorganized LINN Non-Conforming Term Notes (if any); (7) approval and adoption of (and, as applicable, the execution, delivery, and filing of) the New Organizational Documents; (8) the issuance and distribution of the Reorganized LINN Common Stock in accordance with Plan, including all shares of Reorganized LINN Common Stock issued in the LINN Funded Debt Equity Distribution, all shares of Reorganized LINN Common Stock issued by Reorganized LINN to the LINN Backstop Parties as part of the LINN Backstop Commitment Premium, and the unsubscribed shares of Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement; (9) the issuance and distribution of the LINN Rights and the subsequent issuance and distribution of the Reorganized LINN Common Stock issuable upon the exercise of such; (10) payment, in Cash, of (a) all amounts owed to Holders of Allowed LINN Lender Claims and Allowed LINN Second Lien Notes Claims pursuant to Article III of the Plan, and (b) all Cash premiums and other amounts required to be paid under the LINN Backstop Agreement Order; (11) the execution and delivery of the Reorganized LINN Registration Rights Agreement; (12) the establishment and funding of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool; and (12) all other actions contemplated under the Plan (whether to occur before, on, or after the Effective Date). All matters provided for herein involving the corporate structure of

the LINN Debtors or the Reorganized LINN Debtors, as applicable, and any corporate action, authorization, or approval that would otherwise be required by the Debtors or the Reorganized LINN Debtors in connection with the Plan shall be deemed to have occurred or to have been obtained and shall be in effect as of the Effective Date, without any requirement of further action, authorization, or approval by the Bankruptcy Court, security holders, directors, managers, or officers of the LINN Debtors or the Reorganized LINN Debtors or any other person.

On or before the Effective Date, the appropriate officers of the LINN Debtors or the Reorganized LINN Debtors shall be authorized and, as applicable, directed to issue, execute, and deliver the agreements, documents, securities, and instruments, and take such actions, contemplated under the Plan (or necessary or desirable to effect the transactions contemplated under the Plan) in the name of and on behalf of the Reorganized Debtors, including the LINN Exit Facility Documents, Reorganized LINN Non-Conforming Term Notes Documents (if any), the New Organizational Documents, the Reorganized LINN Employee Incentive Plan Agreements, the LINN Rights Offerings, the Reorganized LINN Registration Rights Agreement, the LINN GUC Cash Distribution Pool, the LINN Convenience Claims Cash Distribution Pool, and the Reorganized LINN Common Stock, as applicable, and any and all other agreements, documents, securities, and instruments relating to the foregoing, and all such documents shall be deemed ratified. The authorizations and approvals contemplated by this Article IV.I shall be effective notwithstanding any requirements under non-bankruptcy law.

J. New Organizational Documents.

The New Organizational Documents shall be in form and substance reasonably acceptable to the LINN Debtors and the Required Consenting LINN Creditors. On the Effective Date, each of the Reorganized LINN Debtors will file its New Organizational Documents with the applicable Secretaries of State and/or other applicable authorities in its respective state of incorporation or formation in accordance with the applicable laws of the respective state of incorporation or formation, to the extent required for such New Organizational Documents to become effective. Pursuant to section 1123(a)(6) of the Bankruptcy Code, the New Organizational Documents will prohibit the issuance of non-voting equity securities. After the Effective Date, the Reorganized LINN Debtors may amend and restate their respective New Organizational Documents and other constituent documents as permitted by the laws of their respective state of incorporation and its respective New Organizational Documents and other constituent documents of the Reorganized LINN Debtors.

K. Directors and Officers of the Reorganized LINN Debtors.

As of the Effective Date, the Reorganized LINN Board shall consist of seven directors and will include: (1) the current Chief Executive Officer of LINN; (2) one director selected by Reorganized LINN; and (3) five directors to be selected by a six-person committee comprised of the five largest Consenting LINN Noteholders (as determined pursuant to Section 4 of the LINN RSA) and the current Chief Executive Officer of LINN. Notwithstanding the foregoing, at or prior to such time as Reorganized LINN, or any subsidiary or newly created entity holding assets, directly or indirectly, of Reorganized LINN, seeks to issue any equity security in a registered offering that results in such equity being listed on the NYSE or NASDAQ, the Reorganized LINN Board shall be constituted to meet the applicable independence requirements of NYSE or NASDAQ, as applicable. Decisions of the Reorganized LINN Board will be made by a majority of the Reorganized LINN Board.

As of the Effective Date, the terms of the current members of the boards of directors or managers, as applicable, of each of the LINN Debtors shall expire, and the Reorganized LINN Board, and the boards of directors or managers of each of the other Reorganized LINN Debtors will include those directors set forth in the list of directors of the Reorganized LINN Debtors included in the Plan Supplement.

After the Effective Date, the officers of each of the Reorganized LINN Debtors shall be appointed in accordance with the respective New Organizational Documents. Pursuant to section 1129(a)(5) of the Bankruptcy Code, the LINN Debtors will disclose in the Plan Supplement the identity and affiliations of each person proposed to be an officer or to serve on the board of directors of any of the Reorganized LINN Debtors. To the extent any such director or officer of the Reorganized LINN Debtors is an “insider” under the Bankruptcy Code, the LINN Debtors also will disclose the nature of any compensation to be paid to such director or officer. Each such director and officer shall serve from and after the Effective Date pursuant to the terms of the New Organizational Documents.

L. Section 1146 Exemption.

Pursuant to, and to the fullest extent permitted by, section 1146 of the Bankruptcy Code, any transfers of property pursuant to, in contemplation of, or in connection with, the Plan, including (1) the LINN Restructuring Transactions; (2) the LINN Exit Facility and Reorganized LINN Non-Conforming Term Notes; (3) the Reorganized LINN Common Stock; (4) the distribution and subsequent exercise of the LINN Rights; (5) the issuance and delivery of the Reorganized LINN Common Stock pursuant to the LINN Rights Offerings; (6) the issuance and delivery of the Reorganized LINN EIP Equity; (7) the transfer of the LINN Debtors' assets to Reorganized LINN that is intended to be a taxable transaction for U.S. federal income tax purposes; (8) the assignment or surrender of any lease or sublease; and (9) the delivery of any deed or other instrument or transfer order, in furtherance of, or in connection with the Plan, including any deeds, bills of sale, or assignments executed in connection with any disposition or transfer of assets contemplated under the Plan, shall not be subject to any document recording tax, stamp tax, conveyance fee, intangibles or similar tax, mortgage tax, stamp act, real estate transfer, mortgage recording tax, or other similar tax, and upon entry of the Confirmation Order, the appropriate state or local governmental officials or agents shall forgo the collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents pursuant to such transfers or property without the payment of any such tax, recordation fee, or governmental assessment.

M. SEC Reporting Requirements.

Prior to the entry of the Disclosure Statement Order, the Required Consenting LINN Noteholders, in their absolute discretion, shall have made a determination as to whether Reorganized LINN should be a reporting company under the Exchange Act upon or as promptly as practicable following the Effective Date; *provided*, that in any case, from and after the Effective Date, Reorganized LINN shall be required to provide to its shareholders such annual, quarterly, and current reportings as would be required if it were a public reporting company under the Exchange Act, and Reorganized LINN will provide, via separate agreement or in its New Organizational Documents, to reflect the same. In the event that multiple entities are formed in the LINN Restructuring Transactions as "Reorganized LINN," only the Reorganized LINN Debtor that is a corporate entity will be a reporting company under the Exchange Act.

N. Director, Officer, Manager, and Employee Liability Insurance.

On or before the Effective Date, the LINN Debtors, on behalf of the Reorganized LINN Debtors, will obtain directors' and officers' liability insurance policy coverage for the six-year period following the Effective Date for the benefit of the LINN Debtors' current and former directors, managers, officers, and employees on terms no less favorable to such persons than their existing coverage under the D&O Liability Insurance Policies with available aggregate limits of liability upon the Effective Date of no less than the aggregate limit of liability under the existing D&O Liability Insurance Policies. In furtherance of such obligation, the Reorganized LINN Debtors shall be authorized to purchase tail coverage under a directors' and officers' liability insurance policy with a term of six years for current and former directors, managers, officers, and employees. After the Effective Date, none of the LINN Debtors or the Reorganized LINN Debtors shall terminate or otherwise reduce the coverage under any such policies (including, if applicable, any "tail policy") with respect to conduct occurring on or prior to the Effective Date, and all officers, directors, managers, and employees of the LINN Debtors who served in such capacity at any time before the Effective Date shall be entitled to the full benefits of any such policy for the full six-year term of such policy regardless of whether such officers, directors, managers, or employees remain in such positions after the Effective Date.

O. Reorganized LINN Employee Incentive Plan.

The Reorganized LINN Employee Incentive Plan shall be authorized and implemented on the Effective Date by the applicable Reorganized LINN Debtors without any further action by the Reorganized LINN Board or the Bankruptcy Court.

The Reorganized LINN Employee Incentive Plan will be implemented with respect to Reorganized LINN (and/or a subsidiary thereof) on the Effective Date, the material terms of which shall include equity-based awards providing for (a) 8 percent of the equity value of the Reorganized LINN Debtors as follows: (i) 2.5 percent of the

equity value of the Reorganized LINN Debtors in the form of restricted stock units to be issued on the Effective Date, (ii) 1.5 percent of the equity value of the Reorganized LINN Debtors in the form of profits interests that will vest based on time and performance (with the performance conditions satisfied once the equity value of the Reorganized LINN Debtors (as equitably adjusted for subsequent contributions and distributions) is equal to 1.5 times the discounted equity value of the Reorganized LINN Debtors used for the LINN Rights Offerings), all of which will be issued at Emergence, and (iii) the remaining 4 percent of the Reorganized LINN Debtors in a form of equity-based award as determined by the Reorganized LINN Board, taking into account the then prevailing practices of publicly-traded exploration and production companies, and (b) an additional 2.0 percent of the equity of the Reorganized LINN Debtors, which will be issued as of the Effective Date in the form of profits interests that vest once the equity value of the Reorganized LINN Debtors (as equitably adjusted for subsequent contributions and distributions) is equal to 1.5 times the equity value of the Reorganized LINN Debtors as of the Effective Date, provided that all of the foregoing shall be qualified by the Reorganized LINN Employee Incentive Plan Term Sheet. The other terms and conditions of the Reorganized LINN Employee Incentive Plan shall be set forth in the Reorganized LINN Employee Incentive Plan Agreements and the participants' respective employment agreements.

The Reorganized LINN Employee Incentive Plan shall be implemented with respect to Reorganized LINN (and/or a subsidiary thereof) on the Effective Date in accordance with the terms and conditions set forth in the Reorganized LINN Employee Incentive Plan Term Sheet, the Reorganized LINN Employee Incentive Plan Agreements, and the applicable Reorganized LINN Employment Agreements.

P. Employee Obligations.

Except as otherwise provided in the Plan or the Plan Supplement, the Reorganized LINN Debtors shall honor the LINN Debtors' written contracts, agreements, policies, programs and plans for, among other things, compensation, reimbursement, indemnity, health care benefits, disability benefits, deferred compensation benefits, travel benefits, vacation and sick leave benefits, savings, severance benefits, including in the event of a change of control, retirement benefits, welfare benefits, relocation programs, life insurance and accidental death and dismemberment insurance, including written contracts, agreements, policies, programs and plans for bonuses and other incentives or compensation for the directors, officers and employees of any of the LINN Debtors who served in such capacity at any time (including any compensation programs approved by the Bankruptcy Court); *provided*, that the consummation of the transactions contemplated herein shall not constitute a "change in control" with respect to any of the foregoing arrangements. To the extent that the above-listed contracts, agreements, policies, programs and plans are executory contracts, pursuant to sections 365 and 1123 of the Bankruptcy Code, each of them will be deemed assumed as of the Effective Date and assigned to the Reorganized LINN Debtors.

Q. Effectuating Documents; Further Transactions.

On and after the Effective Date, the Reorganized LINN Debtors, and their respective officers and Reorganized LINN Board, are authorized to and may issue, execute, deliver, file, or record such contracts, Securities, instruments, releases, and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement, and further evidence the terms and conditions of the Plan and the Securities authorized and/or issued, as applicable, pursuant to the Plan, including the Reorganized LINN Common Stock and the LINN Rights, in the name of and on behalf of the Reorganized LINN Debtors, as applicable, without the need for any approvals, authorization, or consents.

R. Preservation of Causes of Action.

Except as otherwise provided herein, in accordance with section 1123(b) of the Bankruptcy Code, but subject to Article VIII of the Plan, the Reorganized LINN Debtors shall retain (or shall receive from the LINN Debtors, as applicable) and may enforce all rights to commence and pursue any and all Causes of Action belonging to their Estates, whether arising before or after the Petition Date, including any actions specifically enumerated in the Plan Supplement, and the Reorganized LINN Debtors' rights to commence, prosecute, or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date, other than: (i) the Causes of Action released by the LINN Debtors pursuant to the releases and exculpations contained in the Plan, including in Article VIII, which shall be deemed released and waived by the LINN Debtors and Reorganized LINN Debtors as of the Effective Date; and (ii) all Causes of Action that arise under sections 544, 547, 548, and 549 of the Bankruptcy Code and state fraudulent conveyance law; *provided, however*, that in no event shall any Cause of Action against the LINN Lenders be preserved to the extent provided in the release, exculpation, injunction provisions set forth in Article VIII of the Plan.

The Reorganized LINN Debtors may pursue such Causes of Action, as appropriate, in accordance with the best interests of the Reorganized LINN Debtors. **No Entity may rely on the absence of a specific reference in the Plan, the Plan Supplement, or the Disclosure Statement to any Cause of Action against it as any indication that the Debtors or the Reorganized LINN Debtors, as applicable, will not pursue any and all available Causes of Action against it.** Unless any Causes of Action against an Entity are expressly waived, relinquished, exculpated, released, compromised, or settled herein or in a Bankruptcy Court order, the Reorganized LINN Debtors expressly reserve all Causes of Action, for later adjudication, and, therefore, no preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable, or otherwise), or laches, shall apply to such Causes of Action upon, after, or as a consequence of Confirmation or Consummation; *provided*, *however*, that in no event shall any Cause of Action against the LINN Lenders be preserved to the extent provided in the release, exculpation, injunction provisions set forth in Article VIII of the Plan.

The Reorganized LINN Debtors reserve (or receive) and shall retain the Causes of Action notwithstanding the rejection of any Executory Contract or Unexpired Lease during the Chapter 11 Cases or pursuant to the Plan. In accordance with section 1123(b)(3) of the Bankruptcy Code, any Causes of Action that a LINN Debtor may hold against any Entity shall vest in the Reorganized LINN Debtors. The Reorganized LINN Debtors shall have the exclusive right, authority, and discretion to determine and to initiate, file, prosecute, enforce, abandon, settle, compromise, release, withdraw, or litigate to judgment any such Causes of Action and to decline to do any of the foregoing without the consent or approval of any third party or further notice to or action, order, or approval of the Bankruptcy Court.

S. Preservation of Royalty and Working Interests

Notwithstanding any other provision in the Plan, on and after the Effective Date, all Royalty and Working Interests shall be preserved and remain in full force and effect in accordance with the terms of the granting instruments or other governing documents applicable to such Royalty and Working Interests, and no Royalty and Working Interests shall be compromised or discharged by the Plan. For the avoidance of doubt and notwithstanding anything to the contrary in the preceding sentence, any right to payment arising from a Royalty and Working Interest, if any, shall be treated as a LINN General Unsecured Claim under this Plan and shall be subject to any discharge and/or release provided hereunder.

T. Payment of Certain Fees.

Without any further notice to or action, order, or approval of the Bankruptcy Court, the Reorganized LINN Debtors or Reorganized LINN, as applicable, shall pay on the Effective Date any reasonable and documented unpaid fees and expenses incurred on or before the Effective Date by all of the attorneys, accountants, and other professionals, advisors, and consultants payable under (a) the LINN Exit Facility and the Reorganized LINN Non-Conforming Term Notes (if any) (which fees and out-of-pocket expenses shall be paid by Reorganized LINN), (b) the LINN Backstop Agreement (for the avoidance of doubt, the LINN Backstop Commitment Premium, to the extent not already paid, shall be paid by Reorganized LINN pursuant to the terms of the LINN Backstop Agreement Order), (c) the Cash Collateral Order (which fees and expenses shall be paid by Reorganized LINN, Berry, or reorganized Berry, to the extent applicable, pursuant to the terms of the Cash Collateral Order); and (d) the LINN RSA, including any applicable transaction, success, or similar fees for which the applicable LINN Debtors have agreed to be obligated.

Without any further notice to or action, order, or approval of the Bankruptcy Court, the Reorganized LINN Debtors, as applicable, shall pay in Cash on the Effective Date all reasonable and documented unpaid fees and expenses incurred on or before the Effective Date of the LINN Indenture Trustees, including the LINN Indenture Trustee Fees and Expenses, without a reduction to recoveries of the Holders of the LINN Notes. For the avoidance of doubt, nothing herein affects the LINN Indenture Trustees' rights to exercise their respective LINN Indenture Trustee Charging Liens against distributions to the Holders of the LINN Notes.

Each LINN Indenture Trustee shall provide reasonably detailed invoices to the LINN Debtors no later than five (5) days prior to the Effective Date (subject to redaction to preserve attorney-client privilege). If the LINN Debtors or Reorganized LINN Debtors dispute any requested LINN Indenture Trustee Fees and Expenses, the LINN Debtors or Reorganized LINN Debtors shall (i) pay the undisputed portion of LINN Indenture Trustee Fees and Expenses, and (ii) notify the applicable LINN Indenture Trustee of such dispute within five (5) days after presentment of the invoices by such LINN Indenture Trustee. Upon such notification, the applicable LINN Indenture Trustee may submit such dispute for resolution by the Bankruptcy Court; *provided*, *however*, that the Bankruptcy Court's review shall be limited to a determination of whether the disputed portion of the LINN Indenture Trustee Fees and Expenses is reasonable.

Nothing herein shall be deemed to impair, waive, discharge, or negatively impact the LINN Indenture Trustee Charging Lien. To the extent that a LINN Indenture Trustee provides services, or incurs costs or expenses, including professional fees, related to or in connection with the Plan, the Confirmation Order, or the LINN Indenture Trustee prior to the Effective Date, such LINN Indenture Trustee shall be entitled to receive from the Reorganized LINN Debtors, without further Bankruptcy Court approval, reasonable compensation for such services and reimbursement of reasonable out-of-pocket expenses incurred in connection with such services. The payment of such compensation and expenses will be made promptly and on the terms provided herein or as otherwise agreed to by the applicable LINN Indenture Trustee and the Reorganized LINN Debtors.

ARTICLE V.
TREATMENT OF EXECUTORY CONTRACTS AND UNEXPIRED LEASES

A. Assumption and Rejection of Executory Contracts and Unexpired Leases.

On the Effective Date, except as otherwise provided herein, all Executory Contracts or Unexpired Leases of the LINN Debtors, not previously assumed or rejected pursuant to an order of the Bankruptcy Court, will be deemed to be Assumed Executory Contracts or Unexpired Leases, in accordance with the provisions and requirements of sections 365 and 1123 of the Bankruptcy Code, other than those Executory Contracts or Unexpired Leases that: (1) previously were assumed or rejected by the LINN Debtors; (2) are identified on the Rejected Executory Contract and Unexpired Lease List; (3) are the subject of a motion to reject Executory Contracts or Unexpired Leases that is pending on the Confirmation Date; or (4) are subject to a motion to reject an Executory Contract or Unexpired Lease pursuant to which the requested effective date of such rejection is after the Effective Date; *provided*, that the LINN Debtors or the Reorganized LINN Debtors, as applicable, may not assume or reject any material Executory Contract or Unexpired Lease without the prior written consent of the Required Consenting LINN Creditors (which consent shall not be unreasonably withheld); *provided*, *further*, that following the request for consent by LINN or Reorganized LINN, if the consent of the Required Consenting LINN Creditors is not obtained or declined within five (5) Business Days following written request thereof by LINN or Reorganized LINN, such consent shall be deemed to have been granted by the Required Consenting LINN Creditors.

Entry of the Confirmation Order by the Bankruptcy Court shall constitute a court order approving the assumptions, assumptions and assignments, or rejections of the Executory Contracts or Unexpired Leases as set forth in the Plan, the Rejected Executory Contract and Unexpired Lease List, or the Assumed Executory Contract and Unexpired Lease List pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Any motions to assume Executory Contracts or Unexpired Leases pending on the Effective Date shall be subject to approval by the Bankruptcy Court on or after the Effective Date by a Final Order. Each Executory Contract and Unexpired Lease assumed pursuant to this Article V.A or by any order of the Bankruptcy Court, which has not been assigned to a third party before the Confirmation Date, shall revest in and be fully enforceable by the Reorganized LINN Debtors in accordance with its terms, except as such terms are modified by the Plan or any order of the Bankruptcy Court authorizing and providing for its assumption under applicable federal law. Notwithstanding anything in this Article V.A. to the contrary, the Reorganized LINN Employment Agreements shall be deemed to be entered into or assumed and/or assigned (as applicable) to Reorganized LINN or Reorganized Berry on the Effective Date, and Reorganized LINN shall be responsible for any cure costs arising from or related to the assumption of such Reorganized LINN Employment Agreement. Notwithstanding anything to the contrary in the Plan, the LINN Debtors or the Reorganized LINN Debtors, as applicable, reserve the right to alter, amend, modify, or supplement the Rejected Executory Contract and Unexpired Lease List and the Assumed Executory Contract and Unexpired Lease List at any time through and including 30 days after the Effective Date.

B. Claims Based on Rejection of Executory Contracts or Unexpired Leases.

Unless otherwise provided by a Final Order of the Bankruptcy Court, all Proofs of Claim with respect to Claims arising from the rejection of Executory Contracts or Unexpired Leases, pursuant to the Plan or the Confirmation Order, if any, must be Filed within 30 days after the later of: (1) the date of entry of an order of the Bankruptcy Court (including the Confirmation Order) approving such rejection; and (2) the effective date of such rejection. **Any Claims arising from the rejection of an Executory Contract or Unexpired Lease not Filed within such time will be automatically disallowed, forever barred from assertion, and shall not be enforceable against the LINN Debtors or the Reorganized LINN Debtors, the Estates, or their property without the need for any objection by the Reorganized LINN Debtors or further notice to, or action, order, or approval of the Bankruptcy Court or any other Entity, and any Claim arising out of the rejection of the Executory Contract or Unexpired Lease shall be deemed fully satisfied, released, and discharged, notwithstanding anything in the Schedules or a Proof of Claim to the contrary.** All Allowed Claims arising from the rejection of the LINN Debtors' Executory Contracts or Unexpired Leases shall be classified as LINN General Unsecured Claims or LINN Convenience Claims (as applicable) against the applicable LINN Debtor and shall be treated in accordance with the Plan, unless a different security or priority is otherwise asserted in such Proof of Claim and Allowed in accordance with Article VII of the Plan.

C. Cure of Defaults for Assumed Executory Contracts and Unexpired Leases.

Any monetary defaults under each Assumed Executory Contract or Unexpired Lease (calculated as of the Petition Date) shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the default amount in Cash on the Effective Date, or as soon as reasonably practicable thereafter, subject to the limitation described below, or on such other terms as the parties to such Executory Contracts or Unexpired Leases may otherwise agree. In the event of a dispute regarding (1) the amount of any payments to cure such a default, (2) the ability of the Reorganized LINN Debtors or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract or Unexpired Lease to be assumed, or (3) any other matter pertaining to assumption, the cure payments required by section 365(b)(1) of the Bankruptcy Code shall be made following the entry of a Final Order resolving the dispute and approving the assumption.

At least fourteen (14) days before the Confirmation Hearing, the LINN Debtors will provide for notices of proposed assumption and proposed cure amounts to be sent to applicable third parties and for procedures for objecting thereto and resolution of disputes by the Bankruptcy Court. Any objection by a counterparty to an Executory Contract or Unexpired Lease to a proposed assumption or related cure amount must be Filed, served, and actually received by the LINN Debtors at least seven (7) days before the Confirmation Hearing. Any counterparty to an Executory Contract or Unexpired Lease that fails to object timely to the proposed assumption or cure amount will be deemed to have consented to such assumption or proposed cure amount.

If the Bankruptcy Court determines that the Allowed Cure Claim with respect to any Executory Contract or Unexpired Lease is greater than the amount set forth in the applicable Cure Notice, the LINN Debtors or Reorganized LINN Debtors, as applicable, may add such Executory Contract or Unexpired Lease to the Schedule of Rejected Executory Contracts and Unexpired Leases, in which case such Executory Contract or Unexpired Lease will be deemed rejected as the Effective Date.

Assumption of any Executory Contract or Unexpired Lease shall result in the full release and satisfaction of any Claims or defaults, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any Assumed Executory Contract or Unexpired Lease at any time before the effective date of assumption. **Any Proofs of Claim Filed with respect to an Assumed Executory Contract or Unexpired Lease shall be deemed disallowed and expunged, without further notice to or action, order, or approval of the Bankruptcy Court.**

D. Preexisting Obligations to the Debtors under Executory Contracts and Unexpired Leases.

Rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall not constitute a termination of preexisting obligations owed by the Executory Contract or Unexpired Lease counterparty or counterparties to the LINN Debtors or the Reorganized LINN Debtors, as applicable, under such Executory Contracts or Unexpired Leases.

E. Indemnification Obligations.

The LINN Debtors and the Reorganized LINN Debtors shall assume the Indemnification Obligations for the current and former directors, officers, managers, employees, and other professionals of the LINN Debtors, to the extent consistent with applicable law, and such Indemnification Obligations shall not be modified, reduced, discharged, impaired, or otherwise affected in any way, and shall survive Unimpaired and unaffected, irrespective of when such obligation arose. Notwithstanding the foregoing, nothing shall impair the ability of the Reorganized LINN Debtors to modify indemnification obligations (whether in the bylaws, certificates or incorporate or formation, limited liability company agreements, other organizational or formation documents, board resolutions, indemnification agreements, employment contracts, or otherwise) arising after the Effective Date; *provided*, that none of the Reorganized LINN Debtors shall amend or restate any of the New Organizational Documents before the Effective Date to terminate or adversely affect any of the Reorganized LINN Debtors' Indemnification Obligations. For the avoidance of doubt, nothing in this paragraph shall affect the assumption of any Indemnification Obligations arising under the D&O Liability Insurance Policies.

F. Insurance Policies.

Each of the LINN Debtors' Insurance Policies is treated as an Executory Contract under the Plan. Unless otherwise provided in the Plan, on the Effective Date, the LINN Debtors shall be deemed to have assumed all insurance policies and any agreements, documents, and instruments relating to coverage of all insured Claims, and such Insurance Policies shall not be impaired in any way by the Plan or Confirmation Order, but rather will remain valid and enforceable in accordance with their terms.

G. Modifications, Amendments, Supplements, Restatements, or Other Agreements.

Unless otherwise provided in the Plan, each Executory Contract or Unexpired Lease that is assumed shall include all modifications, amendments, supplements, restatements, or other agreements that in any manner affect such Executory Contract or Unexpired Lease, and all Executory Contracts and Unexpired Leases related thereto, if any, including all easements, licenses, permits, rights, privileges, immunities, options, rights of first refusal, and any other interests, unless any of the foregoing agreements have been previously rejected or repudiated or is rejected or repudiated under the Plan.

Unless otherwise provided herein or in the applicable Executory Contract or Unexpired Lease (as may have been amended, modified, supplemented, or restated), modifications, amendments, supplements, and restatements to prepetition Executory Contracts and Unexpired Leases that have been executed by the LINN Debtors during the Chapter 11 Cases shall not be deemed to alter the prepetition nature of the Executory Contract or Unexpired Lease, or the validity, priority, or amount of any Claims that may arise in connection therewith.

H. Reservation of Rights.

Neither the exclusion nor inclusion of any Executory Contract or Unexpired Lease on the Rejected Executory Contract and Unexpired Lease List, nor anything contained in the Plan, shall constitute an admission by the LINN Debtors that any such contract or lease is in fact an Executory Contract or Unexpired Lease or that any of the Reorganized LINN Debtors has any liability thereunder. If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of assumption or rejection, the LINN Debtors or the Reorganized LINN Debtors, as applicable, shall have thirty (30) days following entry of a Final Order resolving such dispute to alter its treatment of such contract or lease.

I. Nonoccurrence of Effective Date.

In the event that the Effective Date does not occur with respect to a LINN Debtor, the Bankruptcy Court shall retain jurisdiction with respect to any request to extend the deadline for assuming or rejecting Unexpired Leases with respect to such LINN Debtor pursuant to section 365(d)(4) of the Bankruptcy Code, unless such deadline(s) have expired.

J. Contracts and Leases Entered Into After the Petition Date.

Contracts and leases entered into after the Petition Date by any LINN Debtor, including any Assumed Executory Contracts or Unexpired Leases, will be performed by the applicable LINN Debtor or the applicable Reorganized LINN Debtor liable thereunder in the ordinary course of their business. Accordingly, any such contracts and leases (including any Assumed Executory Contracts or Unexpired Leases) that have not been rejected as of the date of the Confirmation Date shall survive and remain unaffected by entry of the Confirmation Order.

ARTICLE VI.
PROVISIONS GOVERNING DISTRIBUTIONS

A. Timing and Calculation of Amounts to Be Distributed.

Unless otherwise provided in the Plan, on the Effective Date (or if a Claim or Interest is not an Allowed Claim or Allowed Interest on the Effective Date, on the date that such Claim or Interest becomes an Allowed Claim or Allowed Interest, or as soon as reasonably practicable thereafter), each Holder of an Allowed Claim or Allowed Interest shall receive the full amount of the distributions that the Plan provides for Allowed Claims and Allowed Interest in the applicable Class. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims or Disputed Interests, distributions on account of any such Disputed Claims or Disputed Interests shall be made pursuant to the provisions set forth in Article VII of the Plan.

B. Delivery of Distributions and Undeliverable or Unclaimed Distributions.

1. Record Date for Distribution.

On the Distribution Record Date, the Claims Register shall be closed and any party responsible for making distributions shall instead be authorized and entitled to recognize only those record Holders listed on the Claims Register as of the close of business on the Distribution Record Date.

2. Delivery of Distributions in General.

Except as otherwise provided herein, the Reorganized LINN Debtors shall make distributions to Holders of Allowed Claims and Allowed Interests as of the Distribution Record Date at the address for each such Holder as indicated on the LINN Debtors' records as of the date of any such distribution; *provided, however*, that the Distribution Record Date shall not apply to publicly-traded Securities. The manner of such distributions shall be determined at the discretion of the Reorganized LINN Debtors (subject to the reasonable consent of the Committee or the LINN Creditor Representative, as applicable, solely with respect to distributions affecting Class A6 - LINN General Unsecured Claims and Class A7 - LINN Convenience Claims), and the address for each Holder of an Allowed Claim or Allowed Interest shall be deemed to be the address set forth in any Proof of Claim or Interest Filed by that Holder.

3. Delivery of Distributions on LINN Lender Claims.

Except as otherwise provided in the Plan, all distributions on account of Allowed LINN Lender Claims shall be governed by the LINN Credit Agreement and shall be deemed completed when made to the LINN Administrative Agent, which shall be deemed the Holder of such Allowed LINN Lender Claims for purposes of distributions to be made hereunder. The LINN Administrative Agent shall hold or direct such distributions for the benefit of the Holders of Allowed LINN Lender Claims for the benefit of the Holders of Allowed LINN Lender Claims, as applicable. As soon as practicable following compliance with the requirements set forth in this Article VI, the LINN Administrative Agent shall arrange to deliver or direct the delivery of such distributions to or on behalf of the Holders of LINN Lender Claims.

4. Delivery of Distributions on LINN Second Lien Notes Claims.

Except as otherwise provided in the Plan or reasonably requested by the LINN Second Lien Notes Trustee, all distributions to Holders of Allowed LINN Second Lien Notes Claims shall be deemed completed when made to the LINN Second Lien Notes Trustee; *provided, however*, that non-Cash consideration shall not be distributed in the name of the LINN Second Lien Notes Trustee, which shall be deemed to be the Holder of all Allowed LINN Second Lien Notes Claims for purposes of distributions to be made hereunder. The LINN Second Lien Notes Trustee shall hold or direct such distributions for the benefit of the Holders of Allowed LINN Second Lien Notes Claims. As soon as practicable in accordance with the requirements set forth in this Article VI, the LINN Second Lien Notes Trustee shall arrange to deliver such distributions to or on behalf of such Holders.

If the LINN Second Lien Notes Trustee is unable to make, or consents to the Reorganized LINN Debtors making, such distributions, the Reorganized LINN Debtors, with such LINN Second Lien Notes Trustee's cooperation, shall make such distributions to the extent reasonably practicable to do so (provided that until such distributions are made, the LINN Second Lien Notes Trustee Charging Lien shall attach to the property to be distributed in the same manner as if such distributions were made through the LINN Second Lien Notes Trustee). As to any Holder of an Allowed LINN Second Lien Notes Claims that is held in the name of, or by a nominee of DTC, the LINN Debtors or the Reorganized LINN Debtors, as applicable, shall seek the cooperation of DTC so that such distribution shall be made through the facilities of DTC on or as soon as practicable on or after the Effective Date.

5. Delivery of Distributions on LINN Unsecured Notes Claims.

Except as otherwise provided in the Plan or reasonably requested by the LINN Unsecured Notes Trustee, all distributions to Holders of Allowed LINN Unsecured Notes Claims shall be deemed completed when made to the LINN Unsecured Notes Trustee; *provided, however*, that non-Cash consideration shall not be distributed in the name of the LINN Unsecured Notes Trustee. The LINN Unsecured Notes Trustee shall hold or direct such distributions for the benefit of the Holders of Allowed LINN Unsecured Notes Claims. As soon as practicable in accordance with the requirements set forth in this Article VI, the LINN Unsecured Notes Trustee shall arrange to deliver such distributions to or on behalf of such Holders, subject to the LINN Unsecured Notes Trustee's LINN Indenture Charging Lien. If the LINN Unsecured Notes Trustee is unable to make, or consents to the Reorganized LINN Debtors making, such distributions, the Reorganized LINN Debtors, with the LINN Unsecured Notes Trustee's cooperation, shall make such distributions to the extent practicable to do so (provided that until such distributions are made, the LINN Unsecured Notes Indenture Trustee Charging Lien shall attach to the property to be distributed in the same manner as if such distributions were made through the LINN Unsecured Notes Indenture Trustee). The LINN Unsecured Notes Trustee shall have no duties or responsibility relating to any form of distribution that is not DTC eligible and the LINN Debtors or the Reorganized LINN Debtors, as applicable, shall seek the cooperation of DTC so that any distribution on account of an Allowed LINN Unsecured Notes Claim that is held in the name of, or by a nominee of, DTC, shall be made through the facilities of DTC on the Effective Date or as soon as practicable thereafter. The Reorganized LINN Debtors shall reimburse the LINN Unsecured Notes Trustee for any reasonable and documented fees and expenses (including the reasonable and documented fees and expenses of its counsel and agents) incurred after the Effective Date solely in connection with the implementation of the Plan, including but not limited to, making distributions pursuant to and in accordance with the Plan.

6. Delivery of Cash Distributions to Holders of LINN General Unsecured Claims and LINN Convenience Claims.

The LINN Debtors and Reorganized LINN Debtors, as applicable, will, in their reasonable discretion and in consultation with (and subject to the reasonable consent of) the Committee or LINN Creditor Representative, as applicable, determine the method for a timely distribution of all Cash distributions to Holders of Allowed LINN General Unsecured Claims and Allowed LINN Convenience Claims pursuant to the Plan.

7. No Fractional Distributions.

No fractional shares of Reorganized LINN Common Stock or Reorganized LINN EIP Equity shall be distributed and no Cash shall be distributed in lieu of such fractional amounts. When any distribution pursuant to the Plan on account of an applicable Allowed Claim would otherwise result in the issuance of a number of shares of Reorganized LINN Common Stock or Reorganized LINN EIP Equity that is not a whole number, the actual distribution of shares of Reorganized LINN Common Stock or Reorganized LINN EIP Equity shall be rounded as follows: (a) fractions of one-half (½) or greater shall be rounded to the next higher whole number and (b) fractions of less than one-half (½) shall be rounded to the next lower whole number with no further payment therefor; *provided*, *however*, that fractional shares rounding determinations with respect to the LINN Rights Offerings shall be subject to the LINN Rights Offerings Procedures. The total number of authorized shares of Reorganized LINN Common Stock or Reorganized LINN EIP Equity to be distributed to Holders of Allowed Claims shall be adjusted as necessary to account for the foregoing rounding.

8. Minimum Distribution.

No Cash payment of less than $50.00 shall be made to a Holder of an Allowed Claim on account of such Allowed Claim.

9. Undeliverable Distributions and Unclaimed Property.

In the event that any distribution to any Holder is returned as undeliverable, no distribution to such Holder shall be made unless and until the Reorganized LINN Debtors have determined the then-current address of such Holder, at which time such distribution shall be made to such Holder without interest; *provided*, *however*, that such distributions shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code at the expiration of six (6) months from the Effective Date. After such date, all unclaimed property or interests in property shall revert to the applicable Reorganized LINN Debtor(s) automatically and without need for a further order by the Bankruptcy Court (notwithstanding any applicable federal or state escheat, abandoned, or unclaimed property laws to the contrary), and any claim of any Holder to such property shall be fully discharged, released, and forever barred.

C. Manner of Payment.

Unless as otherwise set forth herein, all distributions of Cash, the Reorganized LINN Common Stock, the Reorganized LINN EIP Equity, and the LINN Rights, as applicable, to the Holders of Allowed Claims under the Plan shall be made by the Reorganized Debtors. At the option of the Reorganized LINN Debtors (in consultation with, and subject to the reasonable consent of, the Committee or the LINN Creditor Representative, as applicable), any Cash payment to be made under the Plan may be made by check or wire transfer or as otherwise required or provided in applicable agreements.

D. SEC Exemption.

Each of the Reorganized LINN Common Stock, the Reorganized LINN EIP Equity, and the LINN Rights are or may be “securities,” as defined in Section 2(a)(1) of the Securities Act, section 101 of the Bankruptcy Code, and applicable state securities laws.

All shares of the Reorganized LINN Common Stock issued in the LINN Funded Debt Equity Distribution (except with respect to an entity that is an “underwriter” as defined in subsection (b) of section 1145 of the Bankruptcy Code), the LINN Rights (and any shares issuable upon the exercise thereof other than the unsubscribed shares of Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement), and shares issuable as part of the LINN Backstop Commitment Premium, will be issued in reliance upon section 1145 of the Bankruptcy Code. All unsubscribed shares of Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement and all Reorganized LINN Common Stock issued to an entity that is an “underwriter” as defined in subsection (b) of section 1145 of the Bankruptcy Code will be issued in reliance upon section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder. The Reorganized LINN EIP Equity will be issued either (i) pursuant to an effective registration statement on Form S-8 or

(ii) in accordance with an applicable exemption from registration under the Securities Act and other applicable law. All shares of Reorganized LINN Common Stock issued in reliance upon section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder will be considered "restricted securities" and may not be transferred except pursuant to an effective registration statement under the Securities Act or an available exemption therefrom.

Pursuant to section 1145 of the Bankruptcy Code, the issuance of (1) the Reorganized LINN Common Stock in the LINN Funded Debt Equity Distribution, (2) the LINN Rights (including shares of Reorganized LINN Common Stock issuable upon the exercise thereof other than the unsubscribed shares of Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement), (3) shares issuable as part of the LINN Backstop Commitment Premium, and (4) any other securities issued in reliance on section 1145 of the Bankruptcy Code, are exempt from, among other things, the registration requirements of Section 5 of the Securities Act and any other applicable U.S. state or local law requiring registration before the offering, issuance, distribution, or sale of such securities. Each of the foregoing securities (other than the unsubscribed Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement and Reorganized LINN Common Stock issued to an entity that is an "underwriter" as defined in subsection (b) of section 1145 of the Bankruptcy Code) (a) is not a "restricted security" as defined in Rule 144(a)(3) under the Securities Act, and (b) is freely tradable and transferable by any initial recipient thereof that (i) at the time of transfer, is not an "affiliate" of the Reorganized LINN as defined in Rule 144(a)(1) under the Securities Act and has not been such an "affiliate" within 90 days of such transfer, and (ii) is not an entity that is an "underwriter" as defined in subsection (b) of section 1145 of the Bankruptcy Code.

The unsubscribed Reorganized LINN Common Stock purchased by the LINN Backstop Parties pursuant to the LINN Backstop Agreement (which, for the avoidance of doubt, shall exclude any shares issued on account of the LINN Backstop Commitment Premium) and all Reorganized LINN Common Stock issued to an entity that is an "underwriter" as defined in subsection (b) of section 1145 of the Bankruptcy Code will be issued without registration under the Securities Act in reliance upon Section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder. To the extent issued in reliance on Section 4(a)(2) of the Securities Act or Regulation D thereunder, each will be "restricted securities" subject to resale restrictions and may be resold, exchanged, assigned or otherwise transferred only pursuant to registration, or an applicable exemption from registration under the Securities Act and other applicable law.

Should the Reorganized LINN Debtors elect on or after the Effective Date to reflect any ownership of the Reorganized LINN Common Stock through the facilities of DTC, the Reorganized LINN Debtors need not provide any further evidence other than the Plan or the Confirmation Order with respect to the treatment of the Reorganized LINN Common Stock or under applicable securities laws.

DTC shall be required to accept and conclusively rely upon the Plan and Confirmation Order in lieu of a legal opinion regarding whether any of the Reorganized LINN Common Stock issuable upon exercise of the LINN Rights, as applicable, are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services.

Notwithstanding anything to the contrary in the Plan, no entity (including, for the avoidance of doubt, DTC) may require a legal opinion regarding the validity of any transaction contemplated by the Plan, including, for the avoidance of doubt, whether the Reorganized LINN Common Stock issuable upon exercise of the LINN Rights, are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services.

E. Compliance with Tax Requirements.

In connection with the Plan, as applicable, the LINN Debtors and the Reorganized LINN Debtor(s) shall comply with all tax withholding and reporting requirements imposed on them by any Governmental Unit with respect to distributions pursuant to the Plan. Notwithstanding any provision herein to the contrary, the Debtors and the Reorganized LINN Debtors shall be authorized to take all actions necessary to comply with such withholding and reporting requirements, including liquidating a portion of the distribution to be made under the Plan to generate sufficient funds to pay applicable withholding taxes, withholding distributions pending receipt of information necessary to facilitate such distributions, and establishing any other mechanisms they believe are reasonable and appropriate to comply with such requirements. The LINN Debtors and the Reorganized LINN Debtors reserve the right to allocate all distributions made under the Plan in compliance with all applicable wage garnishments, alimony, child support, and other spousal awards, liens, and encumbrances.

F. No Postpetition or Default Interest on Claims.

Unless otherwise specifically provided for in the Plan or the Confirmation Order, and notwithstanding any documents that govern the LINN Debtors' prepetition funded indebtedness to the contrary, (a) postpetition and/or default interest shall not accrue or be paid on any Claims and (b) no Holder of a Claim shall be entitled to: (i) interest accruing on or after the Petition Date on any such Claim; or (ii) interest at the contract default rate, as applicable.

G. Setoffs and Recoupment.

Unless otherwise provided for in the Plan or the Confirmation Order, the LINN Debtors and Reorganized LINN Debtors, as applicable, may, but shall not be required to, setoff against or recoup any payments or distributions to be made pursuant to the Plan in respect of any Claims of any nature whatsoever that the LINN Debtors or the Reorganized LINN Debtors may have against the claimant, but neither the failure to do so nor the allowance of any Claim hereunder shall constitute a waiver or release by the LINN Debtors or the Reorganized LINN Debtors of any such claim it may have against the Holder of such Claim.

H. No Double Payment of Claims.

To the extent that a Claim is Allowed against more than one LINN Debtor's Estate, there shall be only a single recovery on account of that Allowed Claim, but the Holder of an Allowed Claim against more than one LINN Debtor may recover distributions from all co-obligor LINN Debtors' Estates until the Holder has received payment in full on the Allowed Claims. No Holder of an Allowed Claim shall be entitled to receive more than payment in full of its Allowed Claim, and each Claim shall be administered and treated in the manner provided by the Plan only until payment in full on that Allowed Claim.

I. Claims Paid or Payable by Third Parties.

1. Claims Paid by Third Parties.

The LINN Debtors or the Reorganized LINN Debtors, as applicable, shall reduce a Claim, and such Claim shall be disallowed without a Claims objection having to be Filed and without any further notice to or action, order, or approval of the Bankruptcy Court, to the extent that the Holder of such Claim receives payment on account of such Claim from a party that is not a LINN Debtor or a Reorganized LINN Debtor. Subject to the last sentence of this paragraph, to the extent a Holder of a Claim receives a distribution on account of such Claim and receives payment from a party that is not a LINN Debtor or a Reorganized LINN Debtor on account of such Claim, such Holder shall, within fourteen (14) days of receipt thereof, repay or return the distribution to the applicable Reorganized LINN Debtor, to the extent the Holder's total recovery on account of such Claim from the third party and under the Plan exceeds the amount of such Claim as of the date of any such distribution under the Plan. The failure of such Holder to timely repay or return such distribution shall result in the Holder owing the applicable Reorganized LINN Debtor annualized interest at the Federal Judgment Rate on such amount owed for each Business Day after the 14-day period specified above until the amount is repaid.

2. Claims Payable by Third Parties.

Except as otherwise provided in the Plan, (i) no distributions under the Plan shall be made on account of an Allowed Claim that is payable pursuant to one of the LINN Debtors' insurance policies until the Holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy, and (ii) to the extent that one or more of the LINN Debtors' insurers agrees to satisfy in full or in part a Claim (if and to the extent adjudicated by a court of competent jurisdiction), then immediately upon such insurers' agreement, the applicable portion of such Claim may be expunged without a Claims objection having to be Filed and without any further notice to or action, order, or approval of the Bankruptcy Court.

3. Applicability of Insurance Policies.

Except as otherwise provided in the Plan, distributions to Holders of Allowed Claims shall be in accordance with the provisions of any applicable insurance policy. Nothing contained in the Plan shall constitute or be deemed a waiver of any Cause of Action that the LINN Debtors or any Entity may hold against any other Entity, including insurers under any policies of insurance, nor shall anything contained herein (a) constitute or be deemed a waiver by such insurers of any rights or defenses, including coverage defenses, held by such insurers, or (b) establish, determine, or otherwise imply any liability or obligation, including any coverage obligation, of any insurer.

J. Allocation of Distributions Between Principal and Interest.

For distributions in respect of Allowed LINN Lender Claims, Allowed LINN Second Lien Notes Claims, Allowed LINN Unsecured Notes Claims and Allowed LINN General Unsecured Claims, to the extent that any such Allowed Claim entitled to a distribution under the Plan is comprised of indebtedness and accrued but unpaid interest thereon, such distribution shall be allocated to the principal amount (as determined for U.S. federal income tax purposes) of the Claim first, and then to accrued but unpaid interest; *provided*, that for distributions in respect of Allowed LINN Lender Claims, to the extent that any such Claim entitled to a distribution under the Plan is comprised of indebtedness and accrued but unpaid interest thereon, such distribution shall be allocated to the accrued but unpaid interest first, and then to the principal amount.

ARTICLE VII.
PROCEDURES FOR RESOLVING CONTINGENT, UNLIQUIDATED, AND DISPUTED CLAIMS

A. Allowance of Claims.

Except as otherwise set forth in the Plan, after the Effective Date, each of the Reorganized LINN Debtors shall have and retain any and all rights and defenses such LINN Debtor had with respect to any Claim immediately before the Effective Date. Except as specifically provided in the Plan or in any order entered in the Chapter 11 Cases before the Effective Date (including the Confirmation Order), no Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed under the Plan or the Bankruptcy Code, or the Bankruptcy Court has entered a Final Order, including the Confirmation Order (when it becomes a Final Order), in the Chapter 11 Cases allowing such claim.

B. Claims Administration Responsibilities.

Except as otherwise specifically provided in the Plan and subject to the rights and duties of the LINN Creditor Representative set forth herein, after the Effective Date, the applicable Reorganized LINN Debtor(s) shall have the sole authority: (1) to File, withdraw, or litigate to judgment, objections to Claims; (2) to settle or compromise any Disputed Claim without any further notice to or action, order, or approval by the Bankruptcy Court; and (3) to administer and adjust the Claims Register to reflect any such settlements or compromises without any further notice to or action, order, or approval by the Bankruptcy Court.

The Reorganized LINN Debtors shall file any and all claims objections with respect to LINN General Unsecured Claims no later than 90 days after the Effective Date. In the event that any such LINN General Unsecured Claims are not objected to within such timeframe, the LINN Creditor Representative shall have standing following 90 days after the Effective Date: (1) to File, withdraw, or litigate to judgment, objections to such Claim(s); and (2) settle or compromise such Disputed Claim(s) without any further notice to or action, order, or approval by the Bankruptcy Court.

C. LINN Creditor Representative.

In connection with the claims reconciliation process administered by the LINN Debtors and the Reorganized LINN Debtors, as applicable, the Committee shall appoint a creditor representative for the purpose of participating in and consulting with the Reorganized LINN Debtors regarding such process and taking other appropriate actions set forth in the Plan. The identity of the party chosen to act as the LINN Creditor Representative shall be disclosed in the Plan Supplement.

The Reorganized LINN Debtors shall consult with the LINN Creditor Representative on a weekly basis regarding the status of the claims reconciliation process, any proposed settlement of Disputed Claims, and any issues related to such process, including any proposed retention of experts, consultants, or advisors; *provided*, that subject to the dispute resolution mechanics between the LINN Creditor Representative and the Reorganized LINN Debtors set forth herein, that a proposed retention of an expert, consultant, or advisor reasonably expected to cost more than $75,000 shall require the prior written consent of the LINN Creditor Representative.

The settlement of any Disputed LINN General Unsecured Claim that (i) was filed or scheduled in an amount of $750,000 or greater, or (ii) the Reorganized LINN Debtors propose to settle in an amount of $750,000 or greater, shall require the prior written consent of the LINN Creditor Representative; *provided*, that the LINN Creditor Representative shall have the right to seek recourse from the Bankruptcy Court on an expedited basis in the event that any dispute arises between the Reorganized LINN Debtors and the LINN Creditor Representative with respect to such claims reconciliation process; *provided, further*, that, in the event that the LINN Creditor Representative has not provided written consent with respect to any proposed settlement of any Disputed LINN General Unsecured Claim requiring written consent within fourteen (14) days of the Reorganized LINN Debtors' provision of notice of such proposed settlement, the Reorganized LINN Debtors shall have the right to seek Bankruptcy Court approval of such settlement subject to the objection of the LINN Creditor Representative; *provided, further*, that the costs of the Reorganized LINN Debtors incurred (including legal fees and expenses) in connection with any disputes over the claims reconciliation process (but, for the avoidance of doubt, not the claims reconciliation process itself) shall not be charged against the LINN GUC Cash Distribution Pool. Upon request, the Reorganized LINN Debtors shall promptly provide the LINN Creditor Representative with information about any claims asserted in an amount of $500,000 or greater, and shall promptly provide the LINN Creditor Representative with information about any other General Unsecured Claims that the LINN Creditor Representative may reasonably request. The Bankruptcy Court shall take into account the recoveries to Holders of Allowed LINN General Unsecured Claims in making any determinations with respect to any disputes between the LINN Creditor Representative and the Reorganized LINN Debtors.

The LINN Creditor Representative shall be compensated at a rate to be agreed upon with the Committee and the LINN Creditor Representative and shall be entitled to the reimbursement of reasonable and documented expenses, including the reasonable and documented fees and expenses of counsel.

D. LINN GUC Cash Distribution Pool; LINN Convenience Claims Cash Distribution Pool.

On the Effective Date, the Debtors shall irrevocably fund each of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool into separate, segregated bank accounts not subject to the control of the lenders or the administrative agent under the LINN Exit Facility, which accounts shall not be, at any time, subject to any liens, security interests, or other encumbrances. Except as provided herein, Cash held on account of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool shall not constitute property of the LINN Debtors or the Reorganized LINN Debtors and distributions from such accounts shall be made in accordance with Article III, Article VI, and Article VII hereof. In the event there is any remaining Cash balance in the LINN GUC Cash Distribution Pool after payment to all Holders of Allowed LINN General Unsecured Claims, such remaining amount, if any, shall be distributed Pro Rata to Holders of Allowed LINN General Unsecured Claims. In the event that the sum of (i) Allowed LINN Convenience Claims and (ii) Allowed LINN General Unsecured Claims for which such Holders elect to irrevocably reduce to receive treatment as Allowed LINN Convenience Claims exceeds the LINN Convenience Claims Cash Distribution Pool, any such excess costs will be paid with, and deducted from, the LINN GUC Cash Distribution Pool. In the event that there is any remaining Cash balance in the LINN Convenience Claims Cash Distribution Pool after payment of all Allowed LINN Convenience Claims (including all Allowed LINN General Unsecured Claims electing treatment as Allowed LINN Convenience Claims), the excess amounts shall be transferred into the LINN GUC Cash Distribution Pool for Pro Rata distribution to Holders of Allowed LINN General Unsecured Claims (excluding those electing treatment as Allowed LINN Convenience Claims).

For the avoidance of doubt, the total cost of the claims reconciliation process of Disputed LINN General Unsecured Claims, including the LINN GUC Cash Distribution Pool, the LINN Convenience Claims Cash Distribution Pool, the LINN Creditor Representative's compensation and expense reimbursement, and the Reorganized LINN Debtors' claims reconciliation expenses shall not exceed $40,000,000 in the aggregate; *provided, however*, that the pre-Effective Date costs and expenses of the LINN Debtors and their Professionals, and any post-Effective Date costs and expenses of AlixPartners, LLP or its affiliates, acting on behalf of the LINN Debtors or the Reorganized LINN Debtors, shall not count toward the foregoing $40,000,000 aggregate limit; *provided, further, however*, that any unused portion of the foregoing $40,000,000 remaining at the conclusion of the claims reconciliation process of Disputed LINN General Unsecured Claims shall be distributed Pro Rata to Holders of Allowed LINN General Unsecured Claims.

Subject to definitive guidance from the IRS or a court of competent jurisdiction to the contrary (including receipt by the Reorganized LINN Debtors of a private letter ruling if so requested, or the receipt of an adverse determination by the IRS upon audit if not contested by the Reorganized LINN Debtors), the Reorganized LINN Debtors shall (i) treat each of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool as a "disputed ownership fund" governed by Treasury Regulation section 1.468B-9 (and make any appropriate elections) and (ii) to the extent permitted by applicable law, report consistently with the foregoing for state and local income tax purposes. All parties (including the Reorganized LINN Debtors, the LINN Creditor Representative, and the Holders of Claims and Interests) shall report for United States federal, state, and local income tax purposes consistently with the foregoing. The Reorganized LINN Debtors shall be responsible for payment, out of the Cash assets of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool, as applicable, of any taxes imposed on such pools or their assets.

The Reorganized LINN Debtors may request an expedited determination of taxes of the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool under section 505(b) of the Bankruptcy Code for all tax returns for all taxable periods through the closing of such accounts.

E. Estimation of Claims.

Before or after the Effective Date, and in consultation with the LINN Creditor Representative or the Committee, as applicable, the LINN Debtors or the Reorganized LINN Debtors, as applicable, may (but are not required to) at any time request that the Bankruptcy Court estimate any Disputed Claim that is contingent or unliquidated pursuant to section 502(c) of the Bankruptcy Code for any reason, regardless of whether any party previously has objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall retain jurisdiction under 28 U.S.C. §§ 157 and 1334 to estimate any such Claim, including during the litigation of any objection to any Claim or during the appeal relating to such objection. Notwithstanding any provision to the contrary in the Plan, a Claim that has been expunged from the Claims Register, but that either is subject to appeal or has not been the subject of a Final Order, shall be deemed to be estimated at zero dollars, unless otherwise ordered by the Bankruptcy Court. In the event that the Bankruptcy Court estimates any contingent or unliquidated Claim, that estimated amount shall constitute a maximum limitation on such Claim for all purposes under the Plan (including for purposes of distributions), and the relevant Reorganized Debtor may elect to pursue any supplemental proceedings to object to any ultimate distribution on such Claim.

Notwithstanding section 502(j) of the Bankruptcy Code, in no event shall any Holder of a Claim that has been estimated pursuant to section 502(c) of the Bankruptcy Code or otherwise be entitled to seek reconsideration of such estimation unless such Holder has Filed a motion requesting the right to seek such reconsideration on or before seven (7) days after the date on which such Claim is estimated. Each of the foregoing Claims and objection, estimation, and resolution procedures are cumulative and not exclusive of one another. Claims may be estimated and subsequently compromised, settled, withdrawn, or resolved by any mechanism approved by the Bankruptcy Court.

F. Claims Reserve.

On or before the Effective Date, the LINN Debtors or the Reorganized LINN Debtors, as applicable, shall be authorized, but not directed, to establish one or more Disputed Claims reserves, which Disputed Claims reserves shall be administered by the Reorganized LINN Debtors, to the extent applicable; *provided*, that the establishment, mechanics, amounts, and timing of such Disputed Claims reserves shall be reasonably acceptable to the Committee.

The LINN Debtors or the Reorganized LINN Debtors, as applicable, may, in their reasonable discretion and in consultation with the Committee or the LINN Creditor Representative, as applicable, hold Cash, in the same proportions and amounts as provided for in the Plan, in the Disputed Claims reserves in trust for the benefit of the Holders of the total estimated amount of LINN General Unsecured Claims and LINN Convenience Claims ultimately determined to be Allowed after the Effective Date. The Reorganized LINN Debtors shall distribute such amounts (net of any expenses, including any taxes relating thereto), as provided herein, as such Claims are resolved by a Final Order or agreed to by settlement, and such amounts will be distributable on account of such Claims as such amounts would have been distributable had such Claims been Allowed Claims as of the Effective Date under the Plan solely to the extent of the amounts available in the applicable Disputed Claims reserves. Any portions of the LINN GUC Cash Distribution Pool remaining after resolution of Disputed LINN General Unsecured Claims shall be released from the applicable Disputed Claims reserves for Pro Rata distributions to the Holders of Allowed LINN General Unsecured Claims.

G. Adjustment to Claims without Objection.

Any Claim that has been paid or satisfied, or any Claim that has been amended or superseded, may be adjusted or expunged on the Claims Register by the Reorganized LINN Debtors without a Claims objection having to be Filed and without any further notice to or action, order, or approval of the Bankruptcy Court.

H. Time to File Objections to Claims or Interests.

Any objections to Claims or Interests shall be Filed on or before the Claims Objection Deadline.

I. Disallowance of Claims.

Any Claims held by Entities from which the Bankruptcy Court has determined that property is recoverable under section 542, 543, 550, or 553 of the Bankruptcy Code or that is a transferee of a transfer that the Bankruptcy Court has determined is avoidable under section 522(f), 522(h), 544, 545, 547, 548, 549, or 724(a) of the Bankruptcy Code, shall be deemed disallowed pursuant to section 502(d) of the Bankruptcy Code, and Holders of such Claims may not receive any distributions on account of such Claims until such time as such Causes of Action against that Entity have been settled or a Bankruptcy Court order with respect thereto has been entered and the full amount of such obligation to the LINN Debtors has been paid or turned over in full. All Proofs of Claim Filed on account of an Indemnification Obligation shall be deemed satisfied and expunged from the Claims Register as of the Effective Date to the extent such Indemnification Obligation is assumed (or honored or reaffirmed, as the case may be) pursuant to the Plan, without any further notice to or action, order, or approval of the Bankruptcy Court. All Proofs of Claim Filed on account of an employee benefit shall be deemed satisfied and expunged from the Claims Register as of the Effective Date to the extent the Reorganized Entities elect to honor such employee benefit, without any further notice to or action, order, or approval of the Bankruptcy Court.

Except as provided herein or otherwise agreed, any and all Proofs of Claim Filed after the Bar Date shall be deemed disallowed and expunged as of the Effective Date without any further notice to or action, order, or approval of the Bankruptcy Court, and Holders of such Claims may not receive any distributions on account of such Claims, unless on or before the Confirmation Hearing such late Claim has been deemed timely Filed by a Final Order.

J. Amendments to Proofs of Claim.

On or after the Effective Date, a Proof of Claim or Interest may not be Filed or amended without the prior authorization of the Bankruptcy Court or the Reorganized LINN Debtors (in consultation with the LINN Creditor Representative), and any such new or amended Proof of Claim or Interest Filed shall be deemed disallowed in full and expunged without any further action.

K. Reimbursement or Contribution.

If the Bankruptcy Court disallows a Claim for reimbursement or contribution of an Entity pursuant to section 502(e)(1)(B) of the Bankruptcy Code, then to the extent that such Claim is contingent as of the time of allowance or disallowance, such Claim shall be forever disallowed and expunged notwithstanding section 502(j) of the Bankruptcy Code, unless before the Confirmation Date: (1) such Claim has been adjudicated as non-contingent; or (2) the relevant Holder of a Claim has Filed a non-contingent Proof of Claim on account of such Claim and a Final Order has been entered before the Confirmation Date determining such Claim as no longer contingent.

L. No Distributions Pending Allowance.

Except as otherwise set forth herein, if an objection to a Claim or portion thereof is Filed as set forth in Article VII.A and Article VII.B of the Plan, no payment or distribution provided under the Plan shall be made on account of such Disputed Claim or portion thereof unless and until such Disputed Claim becomes an Allowed Claim.

M. Distributions After Allowance.

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) shall be made to the Holder of such Allowed Claim in accordance with the provisions of the Plan and pursuant to procedures set by the Reorganized LINN Debtors and reasonably acceptable to the Committee or LINN Creditor Representative, as applicable. As soon as reasonably practicable after the date a Disputed Claim becomes Allowed, the Reorganized LINN Debtors shall provide to the Holder of such Claim the distribution (if any) to which such Holder is entitled under the Plan, as of the Effective Date, without any interest, dividends, or accruals to be paid on account of such Claim unless required under such order or judgment of the Bankruptcy Court.

ARTICLE VIII.
SETTLEMENT, RELEASE, INJUNCTION, AND RELATED PROVISIONS

A. Compromise and Settlement of Claims, Interests, and Controversies

Pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided pursuant to the Plan, the provisions of the Plan shall constitute a good-faith compromise and settlement of all Claims, Interests, and controversies relating to the contractual, legal, and subordination rights that a Holder of a Claim or Interest may have with respect to any Allowed Claim or Interest, or any distribution to be made on account of such Allowed Claim or Interest. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the compromise or settlement of all such Claims, Interests, and controversies, as well as a finding by the Bankruptcy Court that such compromise or settlement is in the best interests of the LINN Debtors, their Estates, and Holders of Claims and Interests and is fair, equitable, and reasonable. In accordance with the provisions of the Plan, pursuant to Bankruptcy Rule 9019, without any further notice to or action, order, or approval of the Bankruptcy Court, after the Effective Date, the Reorganized LINN Debtors may compromise and settle Claims against, and Interests in, the LINN Debtors and their Estates and Causes of Action against other Entities.

B. Discharge of Claims and Termination of Interests.

Pursuant to section 1141(d) of the Bankruptcy Code, and except as otherwise specifically provided in the Plan or in any contract, instrument, or other agreement or document created pursuant to the Plan, the distributions, rights, and treatment that are provided in the Plan shall be in complete satisfaction, discharge, and release, effective as of the Effective Date, of Claims (including any Intercompany Claims resolved or compromised after the Effective Date by the Reorganized LINN Debtors), Interests, and Causes of Action of any nature whatsoever, including any interest accrued on Claims or Interests from and after the Petition Date, whether known or unknown, against, liabilities of, Liens on, obligations of, rights against, and Interests in, the LINN Debtors or any of their assets or properties, regardless of whether any property shall have been distributed or retained pursuant to the Plan on account of such Claims and Interests, including demands, liabilities, and Causes of Action that arose before the

Effective Date, any liability (including withdrawal liability) to the extent such Claims or Interests relate to services performed by employees of the LINN Debtors before the Effective Date and that arise from a termination of employment, any contingent or non-contingent liability on account of representations or warranties issued on or before the Effective Date, and all debts of the kind specified in sections 502(g), 502(h), or 502(i) of the Bankruptcy Code, in each case whether or not: (1) a Proof of Claim based upon such debt or right is Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code; (2) a Claim or Interest based upon such debt, right, or Interest is Allowed pursuant to section 502 of the Bankruptcy Code; or (3) the Holder of such a Claim or Interest has accepted the Plan. Any default or "event of default" by the LINN Debtors or Affiliates with respect to any Claim or Interest that existed immediately before or on account of the Filing of the Chapter 11 Cases shall be deemed cured (and no longer continuing) as of the Effective Date. The Confirmation Order shall be a judicial determination of the discharge of all Claims and Interests subject to the Effective Date occurring.

C. Release of Liens.

Except as otherwise specifically provided in the Plan or in any contract, instrument, release, or other agreement or document created pursuant to the Plan, on the Effective Date and concurrently with the applicable distributions made pursuant to the Plan and, in the case of a Secured Claim, satisfaction in full of the portion of the Secured Claim that is Allowed as of the Effective Date, except for Other LINN Secured Claims that the LINN Debtors elect to Reinstate in accordance with Article III.B.1 of the Plan, all mortgages, deeds of trust, Liens, pledges, or other security interests against any property of the Estates shall be fully released and discharged, and all of the right, title, and interest of any Holder of such mortgages, deeds of trust, Liens, pledges, or other security interests shall revert to the Reorganized LINN Debtors and their successors and assigns, in each case, without any further approval or order of the Bankruptcy Court and without any action or Filing being required to be made by the LINN Debtors; *provided*, that this Article VIII.C shall not apply to the LINN Lender Claims to the extent specifically provided for in the LINN Exit Facility Documents or Reorganized LINN Non-Conforming Term Notes Documents (if any).

D. Releases by the Debtors.

In addition to the releases set forth in the Berry-LINN Intercompany Settlement Agreement, pursuant to section 1123(b) of the Bankruptcy Code, for good and valuable consideration, on and after the Effective Date, each Released Party is deemed released and discharged by the LINN Debtors, the Reorganized LINN Debtors, and their Estates from any and all Claims and Causes of Action, whether known or unknown, including any derivative claims, asserted on behalf of the LINN Debtors, that the LINN Debtors, the Reorganized LINN Debtors, or their Estates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the Holder of any Claim or Interest, based on or relating to, or in any manner arising from, in whole or in part, the LINN Debtors (including the management, ownership or operation thereof), Reorganized LINN (including the formation thereof), the LINN Debtors' in- or out-of-court restructuring efforts, intercompany transactions (including dividends and management fees paid), the LINN Credit Agreement, the LINN Second Lien Notes, the LINN Unsecured Notes, the Cash Collateral Order (and any payments or transfers in connection therewith), the Cash Management Order, the LINN Intercreditor Agreement, any preference or avoidance claim pursuant to sections 544, 547, 548, and 549 of the Bankruptcy Code, the formulation, preparation, dissemination, negotiation, or consummation of the LINN RSA, the Original LINN RSA, the LINN Second Lien Settlement Agreement, the LINN Exit Facility, Reorganized LINN Non-Conforming Term Notes (if any), the LINN Rights Offerings, the LINN Backstop Commitment Letter, the LINN Backstop Agreement, or any Restructuring Transaction, contract, instrument, release, or other agreement or document (including providing any legal opinion requested by any Entity regarding any transaction, contract, instrument, document, or other agreement contemplated by the Plan or the reliance by any Released Party on the Plan or the Confirmation Order in lieu of such legal opinion) created or entered into in connection with the LINN RSA, the Original LINN RSA, the LINN Second Lien Settlement, the Disclosure Statement, the Plan, the LINN Exit Facility, Reorganized LINN Non-Conforming Term Notes, the LINN Rights Offerings, the Chapter 11 Cases, the filing of the Chapter 11 Cases, the pursuit of Confirmation, the pursuit of Consummation, the administration and implementation of the Plan, including the issuance or distribution of Securities pursuant to the Plan, or the distribution of property under the Plan, or any other related agreement, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place on or before the Effective Date related or relating to the

foregoing. Notwithstanding anything to the contrary in the foregoing, the releases set forth above do not release any post-Effective Date obligations of any party or Entity under the Plan, any Restructuring Transaction, or any document, instrument, or agreement (including those set forth in the Plan Supplement) executed to implement the Plan.

E. Releases by Holders of Claims and Interests.

As of the Effective Date, each Releasing Party is deemed to have released and discharged each LINN Debtor, Reorganized LINN Debtor, and Released Party from any and all Claims and Causes of Action, including Claims and Causes of Action, whether known or unknown, including any derivative claims, asserted on behalf of the Debtors, that such Entity would have been legally entitled to assert (whether individually or collectively), based on or relating to, or in any manner arising from, in whole or in part, the Debtors (including the management, ownership or operation thereof), Reorganized LINN (including the formation thereof), the LINN Debtors' in- or out-of-court restructuring efforts, intercompany transactions (including dividends paid), transactions pursuant and/or related to LINN Credit Agreement, the LINN Backstop Commitment Letter, the LINN Backstop Agreement, the LINN Second Lien Notes, the LINN Unsecured Notes, the LINN Rights Offerings, the LINN Backstop Agreement, the New Organizational Documents, the Reorganized LINN Registration Rights Agreement, the Cash Collateral Order (and any payments or transfers in connection therewith), the Cash Management Order, the LINN Intercreditor Agreement, any preference or avoidance claim pursuant to sections 544, 547, 548, and 549 of the Bankruptcy Code, the formulation, preparation, dissemination, negotiation, or Filing of the LINN RSA, the Original LINN RSA, the LINN Second Lien Settlement, the LINN Exit Facility, Reorganized LINN Non-Conforming Term Notes, the LINN Rights Offerings, the LINN Backstop Commitment Letter, the LINN Backstop Agreement, or any Restructuring Transaction, contract, instrument, release, or other agreement or document (including providing any legal opinion requested by any Entity regarding any transaction, contract, instrument, document, or other agreement contemplated by the Plan or the reliance by any Released Party on the Plan or the Confirmation Order in lieu of such legal opinion) created or entered into in connection with the LINN Second Lien Settlement, the LINN RSA, the Original LINN RSA, the Disclosure Statement, the Plan, the LINN Exit Facility, Reorganized LINN Non-Conforming Term Notes, the LINN Rights Offerings, the Chapter 11 Cases, the filing of the Chapter 11 Cases, the pursuit of Confirmation, the pursuit of Consummation, the administration and implementation of the Plan, including the issuance or distribution of Securities pursuant to the Plan, or the distribution of property under the Plan, or any other related agreement, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place on or before the Effective Date related or relating to the foregoing; *provided, however,* that except as expressly provided under the Plan, the foregoing releases shall not release obligations arising under agreements among the Releasing Parties and the Released Parties other than the Debtors (including, without limitation, the indemnification rights of the Indenture Trustees under the LINN Notes Indentures and related documentation), and shall not release claims related to any act or omission that is determined in a final order to have constituted actual fraud, willful misconduct, or gross negligence.

F. Exculpation.

Except as otherwise specifically provided in the Plan, no Exculpated Party shall have or incur liability for, and each Exculpated Party is hereby released and exculpated from, any Cause of Action for any claim related to any act or omission in connection with, relating to, or arising out of, the Chapter 11 Cases, the formulation, preparation, dissemination, negotiation, Filing, or termination of the LINN RSA, the Original LINN RSA, and related prepetition transactions, and related prepetition transactions, the Disclosure Statement, the Plan, the LINN Second Lien Settlement, or any Restructuring Transaction, contract, instrument, release or other agreement or document (including providing any legal opinion requested by any Entity regarding any transaction, contract, instrument, document, or other agreement contemplated by the Plan or the reliance by any Exculpated Party on the Plan or the Confirmation Order in lieu of such legal opinion) created or entered into in connection with the Disclosure Statement, the Plan, the LINN RSA, the Original LINN RSA, the LINN Second Lien Settlement Agreement, the LINN Exit Facility, the Reorganized LINN Non-Conforming Term Notes, the LINN Rights Offerings, the LINN Backstop Commitment Letter, the LINN Backstop Agreement, the Filing of the Chapter 11 Cases, the pursuit of Confirmation, the pursuit of Consummation, the administration and implementation of the Plan, including the issuance of Securities

pursuant to the Plan, or the distribution of property under the Plan, or any other related agreement, except for claims related to any act or omission that is determined in a final order to have constituted actual fraud, willful misconduct, or gross negligence, but in all respects such Entities shall be entitled to reasonably rely upon the advice of counsel with respect to their duties and responsibilities pursuant to or in connection with the Plan and the LINN Restructuring Transactions. The Exculpated Parties have, and upon completion of the Plan shall be deemed to have, participated in good faith and in compliance with the applicable laws with regard to the solicitation of, and distribution of, consideration pursuant to the Plan and, therefore, are not, and on account of such distributions shall not be, liable at any time for the violation of any applicable law, rule, or regulation governing the solicitation of acceptances or rejections of the Plan or such distributions made pursuant to the Plan.

G. Injunction.

Except as otherwise expressly provided in the Plan or for obligations issued or required to be paid pursuant to the Plan or the Confirmation Order, all Entities that have held, hold, or may hold claims or interests that have been released pursuant to Article VIII.D or Article VIII.E of the Plan, shall be discharged pursuant to Article VIII.A of the Plan, or are subject to exculpation pursuant to Article VIII.F of the Plan, are permanently enjoined, from and after the Effective Date, from taking any of the following actions against, as applicable, the LINN Debtors, the Reorganized LINN Debtors, or the Released Parties: (i) commencing or continuing in any manner any action or other proceeding of any kind on account of or in connection with or with respect to any such claims or interests; (ii) enforcing, attaching, collecting, or recovering by any manner or means any judgment, award, decree, or order against such Entities on account of or in connection with or with respect to any such claims or interests; (iii) creating, perfecting, or enforcing any lien or encumbrance of any kind against such Entities or the property or the estates of such Entities on account of or in connection with or with respect to any such claims or interests; (iv) asserting any right of setoff, subrogation, or recoupment of any kind against any obligation due from such Entities or against the property of such Entities on account of or in connection with or with respect to any such claims or interests unless such Entity has timely asserted such setoff right in a document Filed with the Bankruptcy Court explicitly preserving such setoff, and notwithstanding an indication of a claim or interest or otherwise that such Entity asserts, has, or intends to preserve any right of setoff pursuant to applicable law or otherwise; and (v) commencing or continuing in any manner any action or other proceeding of any kind on account of or in connection with or with respect to any such claims or interests released or settled pursuant to the Plan; *provided, however,* that such injunction shall not apply to claims related to any act or omission that is determined in a final order to have constituted actual fraud, willful misconduct, or gross negligence.

H. Protections Against Discriminatory Treatment.

Consistent with section 525 of the Bankruptcy Code and the Supremacy Clause of the U.S. Constitution, all Entities, including Governmental Units, shall not discriminate against the Reorganized LINN Debtors or deny, revoke, suspend, or refuse to renew a license, permit, charter, franchise, or other similar grant to, condition such a grant to, discriminate with respect to such a grant against, the Reorganized LINN Debtors, or another Entity with whom the Reorganized LINN Debtors have been associated, solely because each Debtor has been a debtor under chapter 11 of the Bankruptcy Code, has been insolvent before the commencement of the Chapter 11 Cases (or during the Chapter 11 Cases but before the Debtors are granted or denied a discharge), or has not paid a debt that is dischargeable in the Chapter 11 Cases.

I. Regulatory Activities.

Notwithstanding anything to the contrary herein, nothing in the Plan or Confirmation Order is intended to affect the police or regulatory activities of Governmental Units or other governmental agencies.

J. Recoupment.

In no event shall any Holder of Claims or Interests be entitled to recoup any Claim against any claim, right, or Cause of Action of the LINN Debtors or the Reorganized LINN Debtors, as applicable, unless such Holder actually has performed such recoupment and provided notice thereof in writing to the LINN Debtors on or before the Confirmation Date, notwithstanding any indication in any Proof of Claim or Proof of Interest or otherwise that such Holder asserts, has, or intends to preserve any right of recoupment.

K. Document Retention.

On and after the Effective Date, the Reorganized LINN Debtors may maintain documents in accordance with their standard document retention policy, as may be altered, amended, modified, or supplemented by the Reorganized LINN Debtors.

ARTICLE IX.
CONDITIONS PRECEDENT TO CONFIRMATION AND CONSUMMATION OF THE PLAN

A. Conditions Precedent to Confirmation.

It shall be a condition to Confirmation with respect to the LINN Debtors that the following shall have been satisfied or waived pursuant to the provisions of Article IX.C of the Plan:

1. the Bankruptcy Court shall have entered the Disclosure Statement Order, the LINN Backstop Agreement Order, and the Confirmation Order in a manner consistent in all material respects with the Plan, and the LINN Backstop Agreement, each in form and substance reasonably satisfactory to the LINN Debtors and the Required Consenting LINN Creditors;

2. the Plan shall not contain any modifications that would alter or materially affect the treatment of LINN General Unsecured Claims or LINN Convenience Claims, unless such modifications have been approved in writing by the Committee (which approval shall not be unreasonably withheld); and

3. the Confirmation Order shall, among other things:

(a) authorize the LINN Debtors and the Reorganized LINN Debtors to take all actions necessary to enter into, implement, and consummate the contracts, instruments, releases, leases, indentures, and other agreements or documents created in connection with the Plan;

(b) decree that the provisions of the Confirmation Order and the Plan are nonseverable and mutually dependent;

(c) authorize the LINN Debtors, Reorganized LINN Debtors, and Reorganized LINN, as applicable/necessary, to: (i) implement the LINN Restructuring Transactions; (ii) authorize, issue, incur, and/or distribute the LINN Exit Facility, the Reorganized LINN Non-Conforming Term Notes (if any), the Reorganized LINN EIP Equity, the Reorganized LINN Common Stock (including with respect to the LINN Funded Debt Equity Distribution), the LINN Rights (and any shares of Reorganized LINN Common Stock issuable upon the exercise thereof and the unsubscribed shares of Reorganized LINN Common Stock issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement), and shares of Reorganized LINN Common Stock issuable as part of the LINN Backstop Commitment Premium, pursuant to, in the case of the LINN Funded Debt Equity Distribution, the LINN Rights (and any shares of Reorganized LINN Common Stock issuable upon the exercise thereof) and shares of Reorganized LINN Common Stock issuable as part of the LINN Backstop Commitment Premium, the exemption from registration provided by section 1145 of the Bankruptcy Code, and in the case of any other securities, pursuant to the exemption from registration provided by Section 1145 of the Bankruptcy Code or another exemption from the registration requirements of the Securities Act or pursuant to one or more registration statements; (iii) make all distributions and issuances as required under the Plan, including Cash (including Cash payable as part of the LINN Backstop Commitment Premium), the Reorganized LINN Common Stock (including with respect to the LINN

Funded Debt Equity Distribution), the LINN Rights (and any shares of Reorganized LINN Common Stock issuable upon the exercise thereof and the unsubscribed shares issued to the LINN Backstop Parties pursuant to the LINN Backstop Agreement), shares of Reorganized LINN Common Stock issuable as part of the LINN Backstop Commitment Premium, the Reorganized LINN EIP Equity, the LINN Exit Facility, and the Reorganized LINN Non-Conforming Term Notes (if any); (iv) establish and fund the LINN GUC Cash Distribution Pool and the LINN Convenience Claims Cash Distribution Pool; and (v) enter into any agreements, transactions, and sales of property as set forth in the Plan Supplement with respect to the LINN Debtors or the Reorganized LINN Debtors, as applicable, including the LINN Exit Facility Documents and the Reorganized LINN Non-Conforming Term Notes Documents (if any);

(d) provide that on the Effective Date, all of the Liens and security interests to be granted in accordance with the LINN Exit Facility Documents (a) shall be legal, binding, and enforceable Liens on, and security interests in, the collateral granted thereunder in accordance with the terms of the LINN Exit Facility Documentation, (b) shall be deemed automatically attached and perfected on the Effective Date, subject only to such Liens and security interests as may be permitted under the LINN Exit Facility Documents, and (c) shall not be subject to avoidance, recharacterization, or subordination (including equitable subordination) for any purposes whatsoever and shall not constitute preferential transfers, fraudulent conveyances, or other voidable transfers under the Bankruptcy Code or any applicable non-bankruptcy law; and the Reorganized LINN Debtors and the Entities granted such Liens and security interests are authorized to make all filings and recordings, and to obtain all governmental approvals and consents necessary to establish, attach, and perfect such Liens and security interests under the provisions of the applicable state, provincial, federal, or other law (whether domestic or foreign) that would be applicable in the absence of the Plan and the Confirmation Order (it being understood that perfection shall occur automatically by virtue of the entry of the Confirmation Order, and any such filings, recordings, approvals, and consents shall not be required), and will thereafter cooperate to make all other filings and recordings that otherwise would be necessary under applicable law to give notice of such Liens and security interests to third parties;

(e) provide that on the Effective Date, all of the mortgages granted to the prepetition LINN Lenders shall be deemed to be amended and assigned by the LINN Administrative Agent and the LINN Lenders and assumed by the Reorganized LINN Debtors and (a) shall be legal, binding, and enforceable Liens on, and security interests in, the collateral granted thereunder in accordance with the terms of the LINN Exit Facility Documents, (b) shall be deemed automatically attached and perfected on the Effective Date, subject only to such Liens and security interests as may be permitted under the LINN Exit Facility Documents;

(f) provide that, pursuant to section 1146 of the Bankruptcy Code, the assignment or surrender of any lease or sublease, and the delivery of any deed or other instrument or transfer order in furtherance of, or in connection with, any transfers of property pursuant to the Plan, including any deeds, mortgages, security interest filings, bills of sale, or assignments executed in connection with any disposition or transfer of assets contemplated under the Plan shall not be subject to any document recording tax, stamp tax, conveyance fee, intangible or similar tax, mortgage tax, stamp tax, real estate transfer tax, mortgage recording tax, or other similar tax to the extent permissible under section 1146 of the Bankruptcy Code, and upon entry of the Confirmation Order, the appropriate state or local governmental officials or agents shall forgo the collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents without the payment of any such tax, recordation fee, or governmental assessment;

(g) approve the LINN Second Lien Plan Settlement on the terms set forth in Article IV.D herein; and

(h) contain the release, injunction, and exculpation provisions contained in Article VIII herein.

B. Conditions Precedent to the Effective Date.

It shall be a condition to the Effective Date that the following conditions shall have been satisfied or waived pursuant to the provisions of Article IX.C of the Plan:

1. the Confirmation Order shall have been duly entered and shall be in form and substance reasonably acceptable to the LINN Debtors, the Required Consenting LINN Creditors, and the Committee.

2. the Plan and the applicable documents included in the Plan Supplement, including any exhibits, schedules, documents, amendments, modifications, or supplements thereto, and inclusive of any amendments, modifications, or supplements made after the Confirmation Date but before the Effective Date, shall have been filed and shall be in form and substance reasonably acceptable to the LINN Debtors and the Required Consenting LINN Creditors; *provided, however*, that any Plan modifications that would alter or materially affect the treatment of LINN General Unsecured Claims or LINN Convenience Claims shall be in form and substance reasonably acceptable to the Committee.

3. the New Organizational Documents with respect to the Reorganized LINN Debtors, the LINN Backstop Agreement, the Reorganized LINN Registration Rights Agreement, the LINN Exit Facility Documents, Reorganized LINN Non-Conforming Term Notes Documents (if any), and the Transition Services Agreement shall be in full force and effect (with all conditions precedent thereto having been satisfied or waived) and subject to any post-closing execution and delivery requirements provided for in the LINN Exit Facility Documents or the Reorganized LINN Non-Conforming Term Notes Documents (if any), as applicable;

4. the Debtors shall have obtained all authorizations, consents, regulatory approvals, rulings, or documents that are necessary to implement and effectuate the Plan;

5. all Allowed Professional Fee Claims approved by the Bankruptcy Court shall have been paid in full or amounts sufficient to pay such Allowed Professional Fee Claims after the Effective Date have been placed in the Professional Fee Escrow Account pending approval of the Professional Fee Claims by the Bankruptcy Court;

6. the LINN RSA shall not have been terminated by the LINN Debtors or the Required Consenting LINN Creditors;

7. the conditions precedent to the LINN Exit Facility Documents shall have been satisfied or waived in writing by the Required Consenting LINN Lenders;

8. if the Required Consenting LINN Noteholders have elected for such listing, the Debtors shall have filed applications seeking to qualify the Reorganized LINN Common Stock for listing on the NASDAQ or NYSE, as elected by the Required Consenting LINN Noteholders;

9. the "Closing" under the LINN Backstop Agreement shall have occurred or will be deemed to occur simultaneously upon the Effective Date;

10. the LINN GUC Cash Distribution Pool and LINN Convenience Claims Cash Distribution Pool shall have been established and funded in accordance with the terms of the Plan; and

11. all requisite governmental authorities and third parties shall have approved or consented to the LINN Restructuring Transactions to the extent required.

C. Waiver of Conditions.

The conditions to Confirmation and Consummation set forth in this Article IX may be waived by the LINN Debtors, with the reasonable consent of the Required Consenting LINN Creditors and the Committee (solely with respect to waivers of the conditions set forth in Article IX.A.2, Article IX.B.1, Article IX.B.2, and Article IX.B.10), without notice, leave, or order of the Bankruptcy Court or any formal action other than proceedings to confirm or consummate the Plan.

D. Substantial Consummation

"Substantial Consummation" of the Plan, as defined in 11 U.S.C. § 1101(2), with respect to any of the Debtors, shall be deemed to occur on the Effective Date with respect to such LINN Debtor.

E. Effect of Failure of Conditions.

If the Effective Date does not occur with respect to any of LINN Debtors, the Plan shall be null and void in all respects with respect to such LINN Debtor, and nothing contained in the Plan or the Disclosure Statement shall: (1) constitute a waiver or release of any Claims by or Claims against or Interests in such LINN Debtors; (2) prejudice in any manner the rights of such LINN Debtors, any Holders of a Claim or Interest, or any other Entity; or (3) constitute an admission, acknowledgment, offer, or undertaking by such LINN Debtors, any Holders, or any other Entity in any respect.

ARTICLE X.
MODIFICATION, REVOCATION, OR WITHDRAWAL OF THE PLAN

A. Modification and Amendments.

Subject to the limitations contained in the Plan, the LINN Debtors reserve the right to modify the Plan and seek Confirmation consistent with the Bankruptcy Code and, as appropriate, not resolicit votes on such modified Plan. Subject to certain restrictions and requirements set forth in section 1127 of the Bankruptcy Code and Bankruptcy Rule 3019 and those restrictions on modifications set forth in the Plan, the LINN Debtors expressly reserve their rights to alter, amend, or modify materially the Plan, one or more times, after Confirmation, and, to the extent necessary, may initiate proceedings in the Bankruptcy Court to so alter, amend, or modify the Plan, or remedy any defect or omission, or reconcile any inconsistencies in the Plan, the Disclosure Statement, or the Confirmation Order, in such matters as may be necessary to carry out the purposes and intent of the Plan.

B. Effect of Confirmation on Modifications.

Entry of a Confirmation Order shall mean that all modifications or amendments to the Plan since the solicitation thereof are approved pursuant to section 1127(a) of the Bankruptcy Code and do not require additional disclosure or resolicitation under Bankruptcy Rule 3019.

C. Revocation or Withdrawal of Plan.

The LINN Debtors reserve the right to revoke or withdraw the Plan before the Confirmation Date. If the LINN Debtors revoke or withdraw the Plan, or if Confirmation and Consummation does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan (including the fixing or limiting to an amount certain of any Claim or Interest or Class of Claims or Interests), assumption or rejection of Executory Contracts or Unexpired Leases effectuated by the Plan, and any document or agreement executed pursuant to the Plan, shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims or Interests; (b) prejudice in any manner the rights of the LINN Debtors or any other Entity, including the Holders of Claims; or (c) constitute an admission, acknowledgement, offer, or undertaking of any sort by the LINN Debtors or any other Entity.

ARTICLE XI.
RETENTION OF JURISDICTION

Notwithstanding the entry of the Confirmation Order and the occurrence of the Effective Date, on and after the Effective Date, the United States Bankruptcy Court for the Southern District of Texas shall retain exclusive jurisdiction over all matters arising out of, or related to, the Chapter 11 Cases and the Plan pursuant to sections 105(a) and 1142 of the Bankruptcy Code to the extent provided under applicable law, including jurisdiction to:

1. allow, disallow, determine, liquidate, classify, estimate, or establish the priority, Secured or unsecured status, or amount of any Claim or Interest, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the Secured or unsecured status, priority, amount, or allowance of Claims or Interests;

2. decide and resolve all matters related to the granting and denying, in whole or in part, of any applications for allowance of compensation or reimbursement of expenses to Professionals authorized pursuant to the Bankruptcy Code or the Plan;

3. resolve any matters related to: (a) the assumption, assumption and assignment, or rejection of any Executory Contract or Unexpired Lease to which a LINN Debtor is party or with respect to which a Debtor may be liable and to hear, determine, and, if necessary, liquidate, any Claims arising therefrom, including Cure Claims pursuant to section 365 of the Bankruptcy Code; (b) any potential contractual obligation under any Executory Contract or Unexpired Lease that is assumed; (c) the Reorganized LINN Debtors' amending, modifying, or supplementing, after the Effective Date, pursuant to Article V of the Plan, any Executory Contracts or Unexpired Leases to the Rejected Executory Contracts and Unexpired Lease List, or otherwise; and (d) any dispute regarding whether a contract or lease is or was executory or expired;

4. adjudicate, decide, or resolve any motions, adversary proceedings, contested or litigated matters, and any other matters, and grant or deny any applications involving a LINN Debtor that may be pending on the Effective Date;

5. adjudicate, decide, or resolve any and all matters related to Causes of Action;

6. adjudicate, decide, or resolve any and all matters related to section 1141 of the Bankruptcy Code;

7. enter and implement such orders as may be necessary to execute, implement, or consummate the Plan and all contracts, instruments, releases, indentures, and other agreements or documents created in connection with the Plan or the Disclosure Statement, including injunctions or other actions as may be necessary to restrain interference by an Entity with Consummation or enforcement of the Plan;

8. enter and enforce any order for the sale of property pursuant to sections 363, 1123, or 1146(a) of the Bankruptcy Code;

9. adjudicate, decide, or resolve any and all matters related to the LINN Restructuring Transactions;

10. grant any consensual request to extend the deadline for assuming or rejecting Unexpired Leases pursuant to section 365(d)(4) of the Bankruptcy Code;

11. resolve any cases, controversies, suits, disputes, Causes of Action, or any other matters that may arise in connection with the Consummation, interpretation, or enforcement of the Plan, the Disclosure Statement, the Confirmation Order, or the LINN Restructuring Transactions, or any Entity's obligations incurred in connection with the foregoing, including disputes arising under agreements, documents, or instruments executed in connection with the Plan, the Disclosure Statement, the Confirmation Order, or the LINN Restructuring Transactions;

12. resolve any cases, controversies, suits, disputes, or Causes of Action with respect to the releases, injunctions, and other provisions contained in Article VIII of the Plan and enter such orders as may be necessary to implement such releases, injunctions, and other provisions;

13. resolve any cases, controversies, suits, disputes, or Causes of Action relating to the distribution or the repayment or return of distributions and the recovery of additional amounts owed by the Holder of a Claim for amounts not timely repaid pursuant to Article VI.I.1 of the Plan;

14. issue injunctions, enter and implement other orders, or take such other actions as may be necessary or appropriate to restrain interference by or assess damages against any Entity with Consummation or enforcement of the Plan or the LINN Restructuring Transactions;

15. enter and implement such orders as are necessary if the Confirmation Order is for any reason modified, stayed, reversed, revoked, or vacated;

16. enter an order or decree concluding or closing the Chapter 11 Cases;

17. adjudicate any and all disputes arising from or relating to distributions under the Plan or any of the transactions contemplated therein;

18. consider any modifications of the Plan, to cure any defect or omission, or to reconcile any inconsistency in any Bankruptcy Court order, including the Confirmation Order;

19. determine requests for the payment of Claims and Interests entitled to priority pursuant to section 507 of the Bankruptcy Code;

20. hear and determine matters concerning state, local, and federal taxes in accordance with sections 346, 505, and 1146 of the Bankruptcy Code, including any request made under section 505 of the Bankruptcy Code for the expedited determination of any unpaid liability of a LINN Debtor for any tax incurred during the administration of the Chapter 11 Cases, including any tax liability arising from or relating to the LINN Restructuring Transactions, for tax periods ending after the Petition Date and through the closing of the Chapter 11 Cases;

21. hear and determine all disputes involving the existence, nature, or scope of the release provisions set forth in the Plan, including any dispute relating to any liability arising out of the termination of employment or the termination of any employee or retiree benefit program, regardless of whether such termination occurred before or after the Effective Date;

22. hear and determine all disputes involving the obligations or terms of the LINN Exit Facility and the Reorganized LINN Non-Conforming Term Notes (as applicable);

23. hear and determine all disputes involving the obligations or terms of the LINN Rights Offerings, the LINN Backstop Agreement;

24. hear and determine all disputes involving the obligations or terms of the Transition Services Agreement and the Form Joint Operating Agreement;

25. hear and determine all disputes between the LINN Creditor Representative and the Reorganized LINN Debtors involving the claims reconciliation process;

26. hear and determine all disputes involving the existence, nature, or scope of the release provisions set forth in the Plan, including any dispute relating to any liability arising out of the termination of employment or the termination of any employee or retiree benefit program, regardless of whether such termination occurred before or after the Effective Date;

27. except as otherwise limited herein, recover all assets of the LINN Debtors and property of the Estates, wherever located;

28. enforce all orders previously entered by the Bankruptcy Court; and

29. hear any other matter not inconsistent with the Bankruptcy Code.

ARTICLE XII.
MISCELLANEOUS PROVISIONS

A. Immediate Binding Effect.

Subject to Article IX.B of the Plan, as applicable, and notwithstanding Bankruptcy Rules 3020(e), 6004(h), or 7062 or otherwise, upon the occurrence of the Effective Date, the terms of the Plan shall be immediately effective and enforceable and deemed binding upon the LINN Debtors, the Reorganized LINN Debtors, and any and all Holders of Claims or Interests (irrespective of whether such Claims or Interests are deemed to have accepted the Plan), all Entities that are parties to or are subject to the settlements, compromises, releases, discharges, exculpations, and injunctions described in the Plan, each Entity acquiring property under the Plan, and any and all non-Debtor parties to Executory Contracts and Unexpired Leases with the LINN Debtors. All Claims and debts shall be as fixed, adjusted, or compromised, as applicable, pursuant to the Plan regardless of whether any Holder of a Claim or debt has voted on the Plan.

B. Additional Documents.

On or before the Effective Date, the LINN Debtors may File with the Bankruptcy Court such agreements and other documents as may be necessary or advisable to effectuate and further evidence the terms and conditions of the Plan. The LINN Debtors or the Reorganized LINN Debtors, as applicable, and all Holders of Claims and Interests receiving distributions pursuant to the Plan and all other parties in interest shall, from time to time, prepare, execute, and deliver any agreements or documents and take any other actions as may be necessary or advisable to effectuate the provisions and intent of the Plan.

C. Dissolution of the Committee.

On the Effective Date, the Committee shall dissolve and all members, employees, or agents thereof shall be released and discharged from all rights and duties arising from or related to the Chapter 11 Cases; *provided*, that the Committee shall be deemed to remain in existence solely with respect to, and shall not be heard on any issue except (i) applications filed by the Professionals pursuant to section 330 and 331 of the Bankruptcy Code, and (ii) its statutory duties as the Committee for Holders of Unsecured Claims against the Berry Debtors.

D. Payment of Statutory Fees.

All fees payable pursuant to section 1930(a) of the Judicial Code, including fees and expenses payable to the U.S. Trustee, as determined by the Bankruptcy Court at a hearing pursuant to section 1128 of the Bankruptcy Code, will be paid by each of the applicable Reorganized LINN Debtors for each quarter (including any fraction thereof) until the applicable Chapter 11 Case of such Reorganized LINN Debtors is converted, dismissed, or closed, whichever occurs first. All such fees due and payable prior to the Effective Date shall be paid by the LINN Debtors on the Effective Date. After the Effective Date, the applicable Reorganized LINN Debtor shall pay any and all such fees when due and payable, and shall file with the Bankruptcy Court quarterly reports in a form reasonably acceptable to the U.S. Trustee, until the earliest of the date on which the applicable Chapter 11 Case of the Reorganized LINN Debtors is converted, dismissed, or closed.

E. Reservation of Rights.

Except as expressly set forth in the Plan, the Plan shall have no force or effect unless the Bankruptcy Court enters the Confirmation Order. None of the Filing of the Plan, any statement or provision contained in the Plan, or the taking of any action by any Debtor with respect to the Plan, the Disclosure Statement, or the Plan Supplement shall be or shall be deemed to be an admission or waiver of any rights of any Debtor or any other Entity with respect to the Holders of Claims or Interests prior to the Effective Date.

F. Successors and Assigns.

The rights, benefits, and obligations of any Entity named or referred to in the Plan shall be binding on, and shall inure to the benefit of any heir, executor, administrator, successor, assign, affiliate, officer, director, manager, agent, representative, attorney, beneficiaries, or guardian, if any, of each Entity.

G. Notices.

All notices, requests, and demands to or upon the LINN Debtors to be effective shall be in writing (including by facsimile transmission) and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when actually delivered or, in the case of notice by facsimile transmission, when received and telephonically confirmed, addressed as follows:

E-mail addresses: Keith.Wofford@ropesgray.com, mark.bane@ropesgray.com, and James.Wright@ropesgray.com

After the Effective Date, the Reorganized LINN Debtors shall have the authority to send a notice to Entities that to continue to receive documents pursuant to Bankruptcy Rule 2002, such Entity must File a renewed request to receive documents pursuant to Bankruptcy Rule 2002. After the Effective Date, the Reorganized LINN Debtors are authorized to limit the list of Entities receiving documents pursuant to Bankruptcy Rule 2002 to those Entities who have Filed such renewed requests.

H. Term of Injunctions or Stays.

Unless otherwise provided in the Plan or the Confirmation Order, all injunctions or stays in effect in the Chapter 11 Cases pursuant to sections 105 or 362 of the Bankruptcy Code or any order of the Bankruptcy Court, and extant on the Confirmation Date (excluding any injunctions or stays contained in the Plan or the Confirmation Order) shall remain in full force and effect until the Effective Date. All injunctions or stays contained in the Plan or the Confirmation Order shall remain in full force and effect in accordance with their terms.

I. Entire Agreement.

Except as otherwise indicated, the Plan supersedes all previous and contemporaneous negotiations, promises, covenants, agreements, understandings, and representations on such subjects, all of which have become merged and integrated into the Plan.

J. Exhibits.

All exhibits and documents included in the Plan Supplement are incorporated into and are a part of the Plan as if set forth in full in the Plan. After the exhibits and documents are Filed, copies of such exhibits and documents shall be available upon written request to the Debtors' counsel at the address above or by downloading such exhibits and documents from the Debtors' restructuring website at https://cases.primeclerk.com/linn/Home-Index or the Bankruptcy Court's website at http://www.txs.uscourts.gov/bankruptcy.

K. Nonseverability of Plan Provisions.

If, before Confirmation, any term or provision of the Plan is held by the Bankruptcy Court to be invalid, void, or unenforceable, the Bankruptcy Court shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void, or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration, or interpretation, the remainder of the terms and provisions of the Plan will remain in full force and effect and will in no way be affected, impaired, or invalidated by such holding, alteration, or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with the foregoing, is: (1) valid and enforceable pursuant to its terms; (2) integral to the Plan and may not be deleted or modified without the LINN Debtors' or Reorganized LINN Debtors' consent, as applicable; *provided*, that any such deletion or modification must be consistent with the LINN RSA, LINN Backstop Agreement, or LINN Exit Facility Documents, as applicable; and (3) nonseverable and mutually dependent.

L. Votes Solicited in Good Faith.

Upon entry of the Confirmation Order, the LINN Debtors will be deemed to have solicited votes on the Plan in good faith and in compliance with the Bankruptcy Code, and pursuant to section 1125(e) of the Bankruptcy Code, the LINN Debtors and each of their respective Affiliates, agents, representatives, members, principals, shareholders, officers, directors, managers, employees, advisors, and attorneys will be deemed to have participated in good faith and in compliance with the Bankruptcy Code in the offer, issuance, sale, and purchase of Securities offered and sold under the Plan and any previous plan, and, therefore, neither any of such parties or individuals or the Reorganized LINN Debtors will have any liability for the violation of any applicable law (including the Securities Act), rule, or regulation governing the solicitation of votes on the Plan or the offer, issuance, sale, or purchase of the Securities offered and sold under the Plan and any previous plan.

M. Waiver or Estoppel.

Each Holder of a Claim or Interest shall be deemed to have waived any right to assert any argument, including the right to argue that its Claim or Interest should be Allowed in a certain amount, in a certain priority, Secured or not subordinated by virtue of an agreement made with the LINN Debtors or their counsel, or any other Entity, if such agreement was not disclosed in the Plan, the Disclosure Statement, or papers Filed before the Confirmation Date.

N. Closing of Chapter 11 Cases

The Reorganized LINN Debtors shall, promptly after the full administration of the Chapter 11 Cases, File with the Bankruptcy Court all documents required by Bankruptcy Rule 3022 and any applicable order of the Bankruptcy Court to close the Chapter 11 Cases; *provided*, that the Reorganized LINN Debtors may, in their discretion, close certain of the Chapter 11 Cases while allowing other Chapter 11 Cases to continue for the purposes of making distributions on account of Claims or administering to Claims as set forth in this Plan, or for any other provision set forth in this Plan.

Counsel to the Debtors and Debtors in Possession

Exhibit 2.2

PURCHASE AND SALE AGREEMENT

DATED APRIL 30, 2017,

BY AND BETWEEN

LINN ENERGY HOLDINGS, LLC AND LINN OPERATING, LLC

AS SELLER,

AND

JONAH ENERGY LLC

AS BUYER

TABLE OF CONTENTS

EXHIBITS AND SCHEDULES

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "Agreement") is made as of April 30, 2017 (the "Execution Date"), by and between Linn Energy Holdings, LLC, a Delaware limited liability company ("LEH"), and Linn Operating, LLC, a Delaware limited liability company ("LOI" and together with LEH the "Seller"), and Jonah Energy LLC, a Delaware limited liability company ("Buyer"). Seller and Buyer are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

RECITAL

Seller desires to sell, and Buyer desires to purchase, all of Seller's right, title and interest in and to certain oil and gas properties and related assets and contracts, effective as of the Effective Time, for the consideration and on the terms set forth in this Agreement.

AGREEMENT

For and in consideration of the promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1
DEFINITIONS

For purposes of this Agreement, in addition to other capitalized terms defined in this Agreement, the following terms have the meanings specified or referred to in this Article 1 when capitalized:

"AAA" – the American Arbitration Association.

"AFE" – as defined in Section 3.13.

"Accounting Expert" – as defined in Section 2.05(d).

"Accrued Vacation Balances" – as defined in Section 12.02(b).

"Affiliate" – with respect to a Party, any Person directly or indirectly controlled by, controlling, or under common control with, such Party, including any subsidiary of such Party and any "affiliate" of such Party within the meaning of Reg. §240.12b-2 of the Securities Exchange Act of 1934, as amended. As used in this definition, "control" means possession, directly or indirectly, of the power to direct or cause the direction of management, policies, or action through ownership of voting securities, contract, voting trust, or membership in management or in the group appointing or electing management or otherwise through formal or informal arrangements or business relationships. The terms "controlled by," "controlling," and other derivatives shall be construed accordingly.

"Aggregate Defect Deductible" – an amount equal to three percent (3%) of the unadjusted Purchase Price.

"Aggregate Environmental Defect Value" – as defined in Section 11.12.

"Aggregate Title Defect Value" – as defined in Section 11.07.

"Allocated Values" – the values assigned among the Assets as set forth on Schedule 2.07.

"Alternative Financial Statements" – as defined in Section 3.16.

"Annual Financial Statements" – as defined in Section 6.06(b).

"Applicable Contracts" – all Contracts to which Seller is a party or is bound that primarily relate to any of the Assets and that will be binding on the Buyer after the Closing, including: communitization agreements; net profits agreements; production payment agreements; area of mutual interest agreements; joint venture agreements; confidentiality agreements; farmin and farmout agreements; bottom hole agreements; crude oil, condensate, and natural gas purchase and sale, gathering, transportation, and marketing agreements; hydrocarbon storage agreements; acreage contribution agreements; operating agreements; balancing agreements; pooling declarations or agreements; unitization agreements; processing agreements; saltwater disposal agreements; facilities or equipment leases; and other similar contracts and agreements, but exclusive of any master service agreements, Debt Contracts, Hedge Contracts and Contracts to the extent relating to the Excluded Assets.

"Asset Taxes" – ad valorem, property, excise, severance, production, sales, use and similar Taxes based upon the operation or ownership of the Assets, the production of Hydrocarbons or the receipt of proceeds therefrom, but excluding, for the avoidance of doubt, Income Taxes and Transfer Taxes.

"Assets" – all of Seller's right, title, and interest in, to, and under the following, without duplication, except to the extent constituting Excluded Assets:

(a) all of the oil and gas leases, subleases, and other leaseholds located in the Designated Area (including the oil and gas leases, subleases and other leaseholds described in Exhibit A), together with (i) any and all other right, title and interest of Seller in and to the leasehold estates created thereby subject to the terms, conditions, covenants and obligations set forth in such leases or Exhibit A (such interest in such leases, the "Leases"), (ii) all related rights and interests in the lands covered by the Leases and any lands pooled or unitized therewith (such lands, the "Lands"), (iii) all Royalties applicable to the Leases or the Lands, (iv) any amendments, extensions, acreage designations, ratifications, and/or partial releases affecting the Leases, (v) all rights, privileges, benefits and powers conferred upon the holder of the Leases and its Affiliates with respect to the use and occupation of the Lands, and (vi) all tenements, hereditaments, and appurtenances belonging to such Leases and the Lands;

(b) any and all oil, gas, water, observation, injection, CO2 and disposal wells located on any of the Lands (such interest in such wells, including the wells set forth in Exhibit B, the "Wells"), and all Hydrocarbons produced therefrom or allocated thereto from and after the Effective Time;

(c) all fee mineral interests in the Designated Area (such interest, the "Fee Minerals");

(d) all rights and interests in, under or derived from all communitization, unitization and pooling agreements, declarations and orders in effect with respect to any of the Leases or Wells and the units created thereby (the "Units") (the Leases, the Lands, the Fee Minerals, the Units and the Wells being collectively referred to hereinafter as the "Properties" or individually as a "Property");

(e) to the extent that they may be assigned, transferred or re-issued by Seller (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all permits, licenses, allowances, water rights, registrations, consents, certificates, orders, approvals, variances, authorizations, servitudes, easements, rights-of-way, surface leases, surface fee interests, other surface interests and surface rights to the extent appurtenant to or primarily used or primarily held for use in connection with the Assets or otherwise primarily relating to the ownership, operation, production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from the Properties or any of the Assets, including those described on Exhibit A-2 (collectively, "Surface Rights");

(f) all equipment, machinery, tools, inventory, fixtures, improvements and other personal, movable and mixed property located on any of the Properties or other Assets that is used or held for use in connection therewith, including those items listed in Exhibit C, and including well equipment, casing, tubing, pumps, motors, machinery, platforms, rods, tanks, boilers, fixtures, compression equipment, flowlines, pipelines, gathering systems associated with the Wells, manifolds, processing and separation facilities, pads, structures, materials, and other items used or held for use in the operation thereof (collectively, the "Personal Property");

(g) the field offices described on Exhibit A-3;

(h) all pipelines and gathering systems located within the Designated Area;

(i) the vehicles described on Exhibit A-6;

(j) all salt water disposal wells and evaporation pits that are located in the Designated Area including those described on Exhibit A-7;

(k) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all Applicable Contracts and all rights thereunder insofar as and only to the extent relating to the Assets;

(l) all Imbalances relating to the Assets;

(m) the Suspense Funds;

(n) the Specified Receivables;

(o) originals (if available, and otherwise copies) and copies in digital form (if available) of all of the books, files, records, information and data, whether written or electronically stored, relating primarily to the Assets maintained by Seller or its Affiliates or in Seller's or its Affiliates' possession, including: (i) land and title records (including division order files, prospect files, maps, lease records, abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, production, Asset Tax and accounting records; (v) facility and well records; and (vi) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), geological and seismic data (collectively, "Records");

(p) all Hydrocarbons in storage or existing in stock tanks, pipelines or plants (including inventory);

(q) all radio equipment, SCADA and measurement technology, and other production related mobility devices (such as SCADA controllers), well communication devices, and any other information technology systems and licenses associated with the foregoing, in each case only to the extent such assets and licenses are (i) used or held for use solely in connection with the operation of the Properties, (ii) assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), and (iii) located on the Property (the "Production Related IT Equipment").

(r) all right, title and interest of Seller and its Affiliates in, to and under that certain Purchase and Sale Agreement, dated June 1, 1994, by and among McMurry Oil Company, Fort Collins Consolidated Royalties, Inc., Edward M. Warner, and Snyder Oil Corporation, and that certain Preferential Right Agreement, dated May 22, 1998, by and between Amoco Production Company and Snyder Oil Corporation (including Seller's and its Affiliates rights under any preferential purchase rights thereunder; *provided* that to the extent any such preferential purchase rights are not assignable, effective as of Closing, Seller irrevocably waives its and its Affiliates' rights with respect to such preferential purchase rights);

(s) the emission reduction credits, emission offsets or similar credits (whether under voluntary or mandatory programs) held by Seller that are attributable to Seller's ownership or operation of the Assets and related to local, state or federal air quality Legal Requirements, regulations or plans (the "Emission Reduction Credits");

(t) all (i) trade credits, accounts receivable, notes receivable, take-or-pay amounts receivable, and other receivables and general intangibles, attributable to the Assets with respect to periods of time from and after the Effective Time; and (ii) liens and security interests in favor of Seller or its Affiliates, whether choate or inchoate, under any Legal Requirement or Contract to the extent arising from, or relating to, the ownership, operation, or sale or other disposition on or after the Effective Time of any of the Assets or to the extent arising in favor of Seller or its Affiliates as to the operator or non-operator of any Asset;

(u) all rights of Seller and its Affiliates to audit the records of any Person and to receive refunds or payments of any nature, and all amounts of money relating thereto, only to the extent related to the obligations assumed by Buyer pursuant to this Agreement or with respect to which Buyer has an obligation to indemnify Seller; and

(v) all rights, claims, and causes of action (including warranty and similar claims, indemnity claims, and defenses) of Seller or any of its Affiliates whether arising before, on, or after the Effective Time, only to the extent such rights, claims, and causes of action relate solely to any of the Assumed Liabilities.

"Assignment" – the Assignment and Bill of Sale from Seller to Buyer, pertaining to the Assets, substantially in the form attached to this Agreement as Exhibit D.

"Assumed Liabilities" – as defined in Section 2.06.

"Assumed Litigation" – the litigation set forth in Schedule 3.05 Part A.

"Available Employee"– those employees of Seller or its Affiliates identified in the Available Employee List, each of whom is an individual to whom Buyer or its Affiliate may, but shall not be obligated to, make an offer of employment pursuant to Section 12.03; *provided*, *however* that (x) Seller may not identify employees in the Available Employee List who do not perform services on site at Assets and (y) any employee of Seller or its Affiliates that is identified in the Available Employee List whose employment with Seller or its Affiliates is terminated prior to the Closing shall cease to be an "Available Employee" immediately as of such termination.

"Available Employee List" – as defined in Section 12.03(a).

"Bankruptcy Cases" – the bankruptcy cases commenced by the filing by Seller (or its applicable predecessor or Affiliate) for voluntary petitions for relief under chapter 11 of title 11 of the United States Code in the Bankruptcy Court that were jointly administered under Case No. 16-60040.

"Bankruptcy Court" – the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

"Breach" – a "Breach" of a representation, warranty, covenant, obligation, or other provision of this Agreement or any certificate delivered pursuant to Section 2.04(a)(iii) or Section 2.04(b)(iii) of this Agreement shall be deemed to have occurred if there is or has been any inaccuracy in or breach of, or any failure to perform or comply with, such representation, warranty, covenant, obligation, or other provision.

"Breaching Party" – a Party (a "Subject Party") who, at the time in question, is in Willful Breach, if (but only if), at such time in question, all conditions precedent to the obligations of the Subject Party to close the Contemplated Transactions as set forth in Article 7 or Article 8, as applicable, (a) have been satisfied (or waived in writing by the Subject Party) other than those conditions that can only be satisfied at the Closing, but subject to the Buyer (in the case where Seller is the Subject Party) or the Seller (in the case where Buyer is the Subject Party) being ready, willing and able to satisfy such conditions at such time in question or (b) would have been fulfilled or satisfied except solely due to the Willful Breach by the Subject Party.

"Business Day" – any day other than a Saturday, Sunday, or any other day on which commercial banks in the State of Texas and New York are authorized or required by law or executive order to close.

"Buyer" – as defined in the preamble to this Agreement.

"Buyer Group" – Buyer and its Affiliates, and their respective Representatives.

"Buyer Savings Plan" – as defined in Section 12.04.

"Buyer's Auditor" – as defined in Section 6.06(b).

"Buyer's Closing Documents" – as defined in Section 4.02(a).

"Casualty Loss" – as defined in Section 11.14.

"Closing" – the closing of the Contemplated Transactions.

"Closing Date" – as defined in Section 2.03.

"COBRA" – as defined in Section 12.06.

"Code" – the Internal Revenue Code of 1986, as amended. All references herein to sections of the Code shall include any corresponding provision or provisions of succeeding law.

"Complete Remediation" – with respect to an Environmental Defect, a remediation or cure of such Environmental Defect which is substantially completed in accordance with the Lowest Cost Response.

"Confidentiality Agreement" – that certain confidentiality agreement dated as of March 6, 2017 by and between Jonah Energy LLC and Linn Energy, Inc., as successor in interest to Linn Energy, LLC.

"Consent" – any approval, consent, ratification, waiver, or other authorization (including any Governmental Authorization) from any Person that is required to be obtained in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Contemplated Transactions" – all of the transactions contemplated by this Agreement, including:

(a) the sale of the Assets by Seller to Buyer;

(b) the performance by the Parties of their respective covenants and obligations under this Agreement; and

(c) Buyer's acquisition, ownership, and exercise of control over the Assets.

"Continuing Employees" – as defined in Section 12.03(d).

"Contract" – any written contract, agreement or any other legally binding arrangement, but excluding, however, any Lease, easement, right-of-way, permit or other instrument creating an ownership interest in the Assets.

"Controlled Group Liabilities" – any means any and all liabilities of any Seller Party or any of their respective ERISA Affiliates (a) under Title IV of ERISA, (b) under Sections 206(g), 302 or 303 of ERISA, (c) under Sections 412, 430, 431, 436 or 4971 of the Code, (d) as a result of the failure to comply with the continuation of coverage requirements of Section 601 *et seq.* of ERISA and Section 4980B of the Code, and (e) under corresponding or similar provisions of any foreign Legal Requirement.

"Cure" – as defined in Section 11.06.

"Cure Amount Determination" – as defined in Section 2.04(c).

"Cure Amount Satisfaction" – as defined in Section 2.04(c).

"Cure Amounts" – as defined in the Stipulation and Agreed Order.

"Cure Amount Escrow Amount" – Five Million Dollars ($5,000,000).

"Damages" – any and all claims, demands, payments, charges, judgments, assessments, losses, liabilities, damages, Taxes, penalties, fines, expenses, costs, fees, settlements, and deficiencies, including any attorneys' fees, legal, and other costs and expenses suffered or incurred therewith.

"Debt Contract" – any indenture, mortgage, loan, credit or similar agreement entered into by Seller or its Affiliates creating indebtedness on the part of Seller or its Affiliates for borrowed money or the deferred purchase price of property acquired by, or for services rendered to, Seller or its Affiliates.

"Debt Financing" – the amendment or replacement by Buyer's and its Affiliates of their reserve based credit facility and/or any other alternative debt financing incurred or intended to be incurred by Buyer and its Affiliates, in each case, in regards to financing the Contemplated Transactions.

"De Minimis Environmental Defect Cost" – One Hundred Thousand Dollars ($100,000).

"De Minimis Title Defect Cost" – One Hundred Thousand Dollars ($100,000).

"Defect Notice Date" – as defined in Section 11.04.

"Defensible Title" – title of Seller with respect to the Leases and Wells that, as of the Effective Time and the Closing Date and subject to the Permitted Encumbrances, is deducible of record or title evidenced by unrecorded instruments or elections, in each case, made or delivered pursuant to joint operating agreements, pooling agreements or unitization agreements and:

(a) with respect to each currently producing formation or applicable Target Formation set forth on Schedule 1.1(DT) or Schedule 2.07, as applicable, (in each case, subject to any reservations, limitations or depth restrictions described in Schedule 1.1(DT), Schedule 2.07, Exhibit A (with respect to any Lease) or Exhibit B (with respect to any Well)), entitles Seller to receive not less than (i) with respect to any Lease set forth on Schedule 1.1(DT), the Net Revenue Interest for such Target Formation set forth on Schedule 1.1(DT) for such Lease, (ii) with respect to any other Lease set forth on Schedule 2.07, an 80% Net Revenue Interest for such Target Formation, or (iii) with respect to any Well set forth on Schedule 2.07, the Net Revenue Interest set forth in Schedule 2.07 for such producing formation, except for (A) decreases in connection with those operations in which Seller or its successors or assigns may from and after the Execution Date and in accordance with the terms of this Agreement elect to be a non-consenting co-owner, (B) decreases resulting from the establishment or amendment from and after the Execution Date of pools or units in accordance with this Agreement, and (C) decreases required to allow other working interest owners to make up past underproduction or pipelines to make up past under deliveries described in Schedule 3.09; and (D) decreases pursuant to the terms of a unit operating agreement affecting a Lease related to lease burdens adjustments from and after the Execution Date;

(b) with respect to each currently producing formation on Schedule 2.07 for each Well (in each case, subject to any reservations, limitations or depth restrictions described in Schedule 2.07 or Exhibit B), obligates Seller to bear not more than the Working Interest set forth in Schedule 2.07 for such producing formation, except (i) increases resulting from contribution requirements with respect to defaulting co-owners from and after the Execution Date under applicable operating agreements, or (ii) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest;

(c) with respect to each Lease, entitles Seller to not less than the number of Net Acres set forth on Schedule 2.07 for such Target Formation; and

(d) is free and clear of all Encumbrances.

"Deposit Amount" – Ten percent (10%) of the unadjusted Purchase Price (including any interest accrued thereon).

"Designated Area" – (a) the area on Exhibit A-1 within the red "Designated Area Boundary" and (b) the areas on Exhibit A-1 identified as "Outlier Linn Acreage."

"Dispute Notice" – as defined in Section 2.05(d).

"Disputed Matter" – as defined in Section 11.15(a).

"DOJ" – the Antitrust Division of the U.S. Department of Justice.

"DTPA" – as defined in Section 4.11.

"Effective Time" – March 1, 2017, at 12:01 a.m. local time at the location of the Assets.

"Emission Credits Transfer Letter" – the letter to be executed by the Seller and Buyer regarding the approval of the State of Wyoming Department of Environmental Quality of the transfer by Seller to Buyer of the Emission Reduction Credits, in substantially the same form as set forth in Exhibit K.

"Emission Reduction Credits" – as set forth in the definition of "Assets".

"Employee Start Date" – as defined in Section 12.03(c).

"Encumbrance" – any burden, encumbrance, charge, equitable interest, privilege, lien, mortgage, deed of trust, production payment, option, pledge, collateral assignment, security interest, or other arrangement substantially equivalent to any of the foregoing.

"Environmental Condition" – any event occurring or condition existing on the Defect Notice Date with respect to an Asset that causes such Asset to be subject to a remedial or corrective action obligation under, or in violation of, an Environmental Law, other than any such event or condition to the extent caused by or relating to NORM.

"Environmental Defect" – an Environmental Condition discovered by Buyer or its Representatives as a result of any environmental diligence conducted by or on behalf of Buyer pursuant to Section 11.09 of this Agreement.

"Environmental Defect Notice" – as defined in Section 11.10.

"Environmental Defect Value" – with respect to each Environmental Defect, the amount of the Lowest Cost Response for such Environmental Defect.

"Environmental Law" – any applicable Legal Requirement in effect as of the Execution Date relating to pollution or the protection of the environment, including those Legal Requirements relating to the storage, handling, and use of Hazardous Materials and those Legal Requirements relating to the generation, processing, treatment, storage, transportation, disposal or other management thereof. The term "Environmental Law" does not include (a) good or desirable operating practices or standards that may be voluntarily employed or adopted by other oil and gas well operators or recommended, but not required, by a Governmental Body or (b) the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651 *et seq.*, as amended, or any other Legal Requirement governing worker safety or workplace conditions.

"Environmental Liabilities" – all costs, Damages, expenses, liabilities, obligations, and other responsibilities arising from or under either Environmental Laws or Third Party claims relating to the environment, and which relate to the Assets or the ownership or operation of the same.

"ERISA" – the Employee Retirement Security Act of 1974, as amended.

"ERISA Affiliate" – with respect to any entity, any other entity, trade or business that is a member of a group described in Section 414(b), (c), (m) or (o) of the Code or Section 4001(b)(1) of ERISA that includes such first entity, or that is a member of the same "controlled group" as such first entity pursuant to Section 4001(a)(14) of ERISA.

"Escrow Account" – as defined in Section 2.02.

"Escrow Agent" – JPMorgan Chase Bank, N.A.

"Escrow Agreement" – as defined in Section 2.02.

"Excluded Assets" – with respect to Seller, (a) all of Seller's corporate minute books, financial records and other business records that relate to Seller's business generally (including the ownership and operation of the Assets); (b) except to the extent related to any Assumed Liabilities, all trade credits, all accounts, all receivables of Seller and all other proceeds, income or revenues of Seller attributable to the Assets that are attributable to any period of time prior to the Effective Time (other than the Suspense Funds and Specified Receivables); (c) except to the extent related to any Assumed Liabilities, all claims and causes of action of Seller or its Affiliates that are attributable to periods of time prior to the Effective Time (including claims for adjustments or refunds); (d) except to the extent related to any Assumed Liabilities subject to Section 11.14, all rights and interests of Seller (i) under any policy or agreement of insurance or indemnity, (ii) under any bond, or (iii) to any insurance or condemnation proceeds or awards arising, in each case, from acts, omissions or events or damage to or destruction of property; (e) except to the extent of an upward adjustment to the Purchase Price, Seller's rights with respect to all Hydrocarbons produced and sold from the Assets with respect to all periods prior to the Effective Time; (f) all claims of Seller or any of its Affiliates for refunds of, or loss carry forwards or credits with respect to, any and all Seller Taxes; (g) all information technology assets, other than the Production Related IT Equipment, including all desktop computers, laptop computers, servers, networking equipment and any associated peripherals and other computer hardware, or computer software and telephone equipment; (h) except to the extent related to any Assumed Liabilities, all rights, benefits and releases of Seller or its Affiliates under or with respect to any Contract that are attributable to periods of time prior to the Effective Time; (i) all of Seller's proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other similar intellectual property; (j) all documents and instruments of Seller that may be protected by an attorney-client privilege or any attorney work product doctrine (except for any title opinions); (k) all data that cannot be disclosed to Buyer as a result of confidentiality arrangements with Third Parties under existing written licensing agreements; *provided* Seller shall use commercially reasonably efforts to cause the transfer of all such rights and interests to Buyer; (l) all audit rights or obligations of Seller for which Seller bears responsibility arising under any of the Applicable Contracts or otherwise with respect to any period prior to the Effective Time or to any of the Excluded Assets, except for any Imbalances assumed by Buyer or to the extent related to any Assumed Liabilities; (m) Seller's interpretations of any geophysical or seismic data relating to the Assets; (n) documents prepared or received by Seller or its Affiliates with respect to (i) lists of prospective purchasers for such transactions compiled by Seller, (ii) bids submitted by other prospective purchasers of the Assets, (iii) analyses by Seller or its Affiliates of any bids submitted by any prospective purchaser, (iv) correspondence between or among Seller, its Representatives, and any prospective purchaser other than Buyer, and (v) correspondence between Seller or any of its Representatives with respect to any of the bids, the prospective purchasers or the transactions contemplated by this Agreement; (o) except

for field offices described on Exhibit A-3, any offices and office leases; (p) subject to Section 13.13, a copy of all Records; (q) any Contracts that constitute master services agreements or similar contracts; (r) any Hedge Contracts; (s) any Debt Contracts; (t) any of Seller's assets other than the Assets; and (u) any leases, rights and other assets specifically listed in Exhibit E.

"Execution Date" – as defined in the preamble to this Agreement.

"Expert" – as defined in Section 11.15(b).

"Expert Decision" – as defined in Section 11.15(d).

"Expert Proceeding Notice" – as defined in Section 11.15(a).

"Fee Minerals" – as set forth in the definition of "Assets".

"Final Amount" – as defined in Section 2.05(d).

"Final Settlement Date" – as defined in Section 2.05(d).

"Final Settlement Statement" – as defined in Section 2.05(d).

"Financing Sources" – any potential or actual lenders and investors for the Debt Financing, together with their Affiliates and their respective Representatives.

"FTC" – the Federal Trade Commission.

"Fundamental Representations" – those representations set forth in Sections 3.01, 3.02, 3.03, 3.06, 3.21, and 3.22.

"GAAP" – generally accepted accounting principles in the United States as interpreted as of the Execution Date.

"Governmental Authorization" – any approval, consent, license, permit, registration, variance, exemption, waiver, or other authorization issued, granted, given, or otherwise made available by or under the authority of any Governmental Body or pursuant to any Legal Requirement.

"Governmental Body" – any (a) nation, state, county, city, town, village, district, or other jurisdiction of any nature; (b) federal, state, local, municipal, foreign, or other government; (c) governmental or quasi-governmental authority of any nature (including any governmental agency, branch, department, official, or entity and any court or other tribunal); (d) multi-national organization or body; or (e) body or authority exercising, or entitled to exercise, any administrative, arbitration, executive, judicial, legislative, police, regulatory, or taxing authority or power of any nature.

"Gross Products Taxes" – property or ad valorem Asset Taxes assessed by the State of Wyoming that are measured by the production of Hydrocarbons.

"Group" – either Buyer Group or Seller Group, as applicable.

"Hazardous Materials" – any (a) chemical, constituent, material, pollutant, contaminant, substance, or waste that is regulated by any Governmental Body or may form the basis of liability under any Environmental Law; and (b) petroleum, Hydrocarbons, or petroleum products.

"Hedge Contract" – any Contract to which Seller or any of its Affiliates is a party with respect to any swap, forward, put, call, floor, cap, collar option, future or derivative transaction or option or similar agreement, whether exchange traded, "over-the-counter" or otherwise, involving, or settled by reference to, one or more rates, currencies, commodities (including Hydrocarbons), equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions.

"HSR Act" – the Hart-Scott-Rodino-Antitrust Improvements Act of 1976, as amended, and the rules and regulations promulgated thereunder.

"Hydrocarbons" – oil and gas and other hydrocarbons (including condensate) produced or processed in association therewith (whether or not such item is in liquid or gaseous form), or any combination thereof, and any minerals produced in association therewith.

"Imbalances" – over-production or under-production or over-deliveries or under-deliveries with respect to Hydrocarbons produced from or allocated to the Assets, regardless of whether such over-production or under-production or over-deliveries or under-deliveries arise at the wellhead, pipeline, gathering system, transportation system, processing plant, or other location, including any imbalances under gas balancing or similar agreements, imbalances under production handling agreements, imbalances under processing agreements, imbalances under the Leases, and imbalances under gathering or transportation agreements.

"Income Taxes" – income or franchise Taxes based upon, measured by, or calculated with respect to gross or net income, profits, capital, or similar measures (or multiple bases, including corporate, franchise, business and occupation, business license, or similar Taxes, if gross or net income, profits, capital, or a similar measure is one of the bases on which such Tax is based, measured, or calculated), but excluding ad valorem, property, excise, severance, production, sales, use, real or personal property transfer or other similar Taxes.

"Individual Claim Threshold" – as defined in Section 10.05(a).

"Instruments of Conveyance" – the Assignment. **Except for the special warranty of Defensible Title by, through and under Seller and its Affiliates contained therein, the foregoing Instruments of Conveyance shall be without warranty of title, whether express, implied, statutory, or otherwise, it being understood that Buyer shall have the right to conduct pre-Closing title due diligence as described below in Article 11, and that the rights and remedies set forth in Article 11 shall be Buyer's sole rights and remedies with respect to title.**

"Interim Financial Statements" – as defined in Section 6.06(b).

"Knowledge" – an individual will be deemed to have "Knowledge" of a particular fact or other matter if such individual is actually aware of such fact or other matter, without any duty of

inquiry. A Seller Party will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Mark E. Ellis, President and Chief Operating Officer, Arden L. Walker, Jr., Executive Vice President and Chief Operating Officer, David B. Rottino, Executive Vice President and Chief Financial Officer, and Thomas E. Emmons, Senior Vice President, Corporate Services, Jamin McNeil, Senior Vice President, Operations, and Candice Wells, Senior Vice President, General Counsel and Corporate Secretary. Buyer will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Thomas M. Hart, III, Chief Executive Officer, and Glen Mizenko, Vice President of Asset and Business Development.

"Lands" – as set forth in the definition of "Assets".

"Leases" – as set forth in the definition of "Assets".

"Legal Requirement" – any federal, state, local, municipal, foreign, international, or multinational law, Order, constitution, ordinance, or rule, including rules of common law, regulation, statute, treaty, or other legally enforceable directive or requirement.

"Lowest Cost Response" – the response required or allowed under Environmental Laws in effect as of the Defect Notice Date that addresses and resolves (for current and future use in the same manner as currently used) the identified Environmental Condition in the most cost-effective manner (considered as a whole and allowing for the continued sale and prudent operation of the Assets) as compared to any other response that is required or allowed under Environmental Laws. The Lowest Cost Response shall include taking no action, leaving the condition unaddressed, periodic monitoring or the recording of notices in lieu of remediation, if such responses are allowed under Environmental Laws. The Lowest Cost Response shall not include any costs or expenses relating to the assessment, remediation, removal, abatement, transportation and disposal of any asbestos, asbestos containing materials or NORM.

"Material Contracts" – as defined in Section 3.10.

"Net Acre" **–** as computed separately with respect to each Lease identified with a represented Net Acre on Schedule 2.07, (a) the gross number of mineral acres in the lands covered by such Lease, *multiplied* by (b) the undivided fee simple mineral interest (expressed as a percentage) in the lands covered by that Lease (as determined by aggregating the fee simple mineral interests owned by each lessor of that Lease in the lands) as to the currently producing formation or applicable Target Formation, *multiplied* by (c) Seller's undivided percentage interest that is burdened with the obligation to bear and pay costs and expenses in that Lease; *provided* that if the items in (b) or (c) vary as to different tracts covered by that Lease, a separate calculation shall be done for each such tract. For example, if a Lease in which Seller owns an undivided fifty percent (50%) working interest covers a 20-acre tract in which the lessors of such Lease own an undivided one-half (1/2) fee mineral interest as to the applicable Target Formation and a separate and distinct 40-acre tract in which the lessors of such Lease own an undivided one fourth (1/4) fee mineral interest as to the applicable Target Formation, then the Lease would cover ten (10) Net Acres (i.e., $(20 \times 0.5 \times 0.5) + (40 \times 0.25 \times 0.5) = 10$). Terms in this Agreement related to Net Acres are not applicable to Leases for which no Net Acre value is set forth on Exhibit A.

"Net Revenue Interest" – with respect to any Lease or Well, the interest in and to all Hydrocarbons produced, saved and sold from or allocated to such Lease or Well (limited to the currently producing formation or applicable Target Formation (with respect to a Lease) as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Exhibit A, with respect to any Lease, or Exhibit B, with respect to any Well), after satisfaction of all other Royalties.

"Non-Operated Assets" – Assets operated by any Person other than Seller or its Affiliates.

"NORM" – naturally occurring radioactive material.

"Order" – any award, decision, injunction, judgment, order, ruling, subpoena, or verdict entered, issued, made, or rendered by any court, administrative agency, or other Governmental Body or by any arbitrator.

"Organizational Documents" – (a) the articles or certificate of incorporation and the bylaws of a corporation; (b) the articles of organization and resolutions of a limited liability company; (c) the certificate of limited partnership and limited partnership agreement of a limited partnership; and (d) any amendment to any of the foregoing.

"Outside Date" – as defined in Section 9.01(d).

"Party" or "Parties" – as defined in the preamble to this Agreement.

"Permits" – all environmental and other governmental (whether federal, state, local or tribal) certificates, consents, permits (including conditional use permits), licenses, orders, authorizations, franchises and related instruments or rights solely relating to the ownership, operation or use of the Assets.

"Permitted Encumbrance" – any of the following:

(a) the terms and conditions of all Leases and Contracts if the net cumulative effect of such Leases and Contracts does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Well, (iii) operate to reduce the Net Revenue Interest of Seller with respect to any Lease set forth on Schedule 1.1(DT) to an amount less than the Net Revenue Interest set forth in
Schedule 1.1(DT), (iv) operate to reduce the Net Revenue Interest of Seller with respect to any other Lease to an amount less than 80%; (v) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Schedule 2.07 for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Schedule 2.07, in the same or greater proportion as any increase in such Working Interest) or (vi) reduce the Net Acres of Seller with respect to any Lease (or any tract thereof, if applicable) identified on Schedule 2.07 to an amount less than the Net Acres set forth on Schedule 2.07;

(b) any Preferential Purchase Rights, Consents and similar agreements;

(c) excepting circumstances where such rights have already been triggered prior to the Effective Time, rights of reassignment arising upon final intention to abandon or release the Assets;

(d) liens for Taxes not yet due or delinquent or, if delinquent, that are being contested in good faith by appropriate proceedings by or on behalf of Seller, in each case (A) as set forth on Schedule 1.1(PE) or (B) otherwise arising from and after the Execution Date;

(e) all rights to consent by, required notices to, filings with, or other actions by Governmental Bodies in connection with the conveyance of the Leases, if the same are customarily sought and received after the Closing;

(f) all Legal Requirements and all rights reserved to or vested in any Governmental Body (i) to control or regulate any Asset in any manner; (ii) by the terms of any right, power, franchise, grant, license or permit, or by any provision of law, to terminate such right, power, franchise, grant, license or permit or to purchase, condemn, expropriate or recapture or to designate a purchaser of any of the Assets; (iii) to use such property in a manner which does not materially impair the use of such property for the purposes for which it is currently owned and operated; or (iv) to enforce any obligations or duties affecting the Assets to any Governmental Body with respect to any right, power, franchise, grant, license or permit;

(g) rights of a common owner of any interest currently held by Seller and such common owner as tenants in common or through common ownership to the extent that the same does not (i) materially interfere with the use or operation of any of the Assets (as currently used and operated) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Well, (iii) operate to reduce the Net Revenue Interest of Seller with respect to any Lease set forth on Schedule 1.1(DT) to an amount less than the Net Revenue Interest set forth in Schedule 1.1(DT), (iv) operate to reduce the Net Revenue Interest of Seller with respect to any other Lease to an amount less than 80%; (v) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Schedule 2.07 for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Schedule 2.07, in the same or greater proportion as any increase in such Working Interest) or (vi) reduce the Net Acres of Seller with respect to any Lease (or any tract thereof, if applicable) identified on Schedule 2.07 to an amount less than the Net Acres set forth on Schedule 2.07;

(h) easements, servitudes, permits, rights-of-way, surface leases, and other rights in the Assets for the purpose of operations, facilities, roads, alleys, highways, railways, pipelines, transmission lines, transportation lines, distribution lines, power lines, telephone lines, removal of timber, grazing, logging operations, canals, ditches, reservoirs and other like purposes, or for the joint or common use of real estate, rights-of-way, facilities and equipment, which, in each

case, do not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Well, (iii) operate to reduce the Net Revenue Interest of Seller with respect to any Lease set forth on Schedule 1.1(DT) to an amount less than the Net Revenue Interest set forth in Schedule 1.1(DT), (iv) with respect to any other Lease set forth on Exhibit A, operate to reduce the Net Revenue Interest below 80% Net Revenue Interest, (v) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Schedule 2.07 for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Schedule 2.07, in the same or greater proportion as any increase in such Working Interest) or (vi) reduce the Net Acres of Seller with respect to any Lease (or any tract thereof, if applicable) identified on Schedule 2.07 to an amount less than the Net Acres set forth on Schedule 2.07;

(i) vendors, carriers, warehousemen's, repairmen's, mechanics', workmen's, materialmen's, construction or other like liens arising by operation of law in the ordinary course of business or incident to the construction or improvement of any property in respect of obligations which are not yet due or which are being contested in good faith by appropriate proceedings by or on behalf of Seller, in each case (A) as set forth on Schedule 1.1(PE) or (B) otherwise arising from and after the Execution Date;

(j) Encumbrances created under Leases or any joint operating agreements applicable to the Assets or by operation of law in respect of obligations that are not yet due or that are being contested in good faith by appropriate proceedings by or on behalf of Seller, in each case (A) as set forth on Schedule 1.1(PE) or (B) otherwise arising from and after the Execution Date;

(k) any Encumbrance affecting the Assets that is discharged by Seller or expressly waived in writing by Buyer pursuant to the terms of this Agreement at or prior to Closing;

(l) the Assumed Litigation;

(m) defects based solely on assertions that Seller's files lack information (including title opinions);

(n) lessor's royalties, overriding royalties, production payments, net profits interests, reversionary interests, and similar burdens if the net cumulative effect of such burdens (i) does not materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Well, (iii) operate to reduce the Net Revenue Interest of Seller with respect to any Lease set forth on Schedule 1.1(DT) to an amount less than the Net Revenue Interest set forth in Schedule 1.1(DT), (iv) with respect to any other Lease set forth on Exhibit A, operate to reduce the Net Revenue Interest below 80% Net Revenue Interest, (v) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Schedule 2.07 for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Schedule 2.07, in the same or greater proportion as any increase in such Working Interest) or (vi) reduce the Net Acres of Seller with respect to any Lease (or any tract thereof, if applicable) identified on Schedule 2.07to an amount less than the Net Acres set forth on Schedule 2.07;

(o) defects or irregularities of title (i) as to which the relevant statute(s) of limitations or prescription would bar any attack or claim against Seller's title; (ii) to the extent arising out of lack of evidence of, or other defects to the extent related to, authorization, execution, delivery, acknowledgment, or approval of any instrument in Seller's chain of title absent reasonable evidence of an actual claim of superior title from a Third Party attributable to such matter; (iii) to the extent consisting of the failure to recite marital status or omissions of heirship proceedings in documents; (iv) resulting from lack of survey, unless a survey is expressly required by applicable Legal Requirements; (v) to the extent arising out of lack of entity authorization unless Buyer provides affirmative evidence that such entity action was not authorized and results in another Person's actual and superior claim of title; (vi) resulting from or related to probate proceedings or the lack thereof that have been outstanding for five (5) years or more; (vii) based on a gap in Seller's chain of title to any Well or Lease (A) so long as such gap does not provide a Third Party with a superior claim or (B) unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion or landman's title chain; (viii) with respect to a Lease (but not a Well), consisting of the lack of a lease amendment or consent, in each case, authorizing pooling or unitization, or (ix) that have been cured by prescription or limitations;

(p) Imbalances set forth on Schedule 3.09;

(q) calls on Hydrocarbon production under existing Contracts set forth on Schedule 3.10; and

(r) any matters expressly referenced or set forth on Exhibit A or Exhibit B, Schedule 1.1(DT) or Schedule 2.07;

(s) defects or irregularities of title of which Buyer has Knowledge prior to the Execution Date;

(t) mortgages on the lessor's interest under a Lease, whether or not subordinate to such Lease, that have expired on their own terms or the enforcement of which are barred by applicable statute(s) of limitations or prescription; and

(u) all other Encumbrances affecting the Assets if the net cumulative effect of such Encumbrances (i) does not materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Well, (iii) operate to reduce the Net Revenue Interest of Seller with respect to any Lease set forth on Schedule 1.1(DT) to an amount less than the Net Revenue Interest set forth in Schedule 1.1(DT), (iv) with respect to any other Lease set forth on Schedule 2.07, operate to reduce the Net Revenue Interest below 80% Net Revenue Interest, (v) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Schedule 2.07 for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Schedule 2.07, in the same or greater proportion as any increase in such Working

Interest) or (vi) reduce the Net Acres of Seller with respect to any Lease (or any tract thereof, if applicable) identified on Schedule 2.07 to an amount less than the Net Acres set forth on Schedule 2.07.

"Person" – any individual, firm, corporation (including any non-profit corporation), general or limited partnership, limited liability company, joint venture, estate, trust, association, organization, labor union, or other entity or Governmental Body.

"Personal Property" – as set forth in the definition of "Assets".

"Phase I Environmental Site Assessment" – a Phase I environmental property assessment of the Assets that satisfies the basic assessment requirements set forth under the current ASTM International Standard Practice for Environmental Site Assessments (Designation E1527-13) or any other visual site assessment or review of records, reports or documents, including an evaluation of the Assets' compliance with Environmental Laws.

"Plan of Reorganization" – the *Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other than LINN Acquisition Company, LLC and Berry Petroleum Company, LLC*, as confirmed in the Bankruptcy Cases by the *Order Confirming (i) Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and its Debtor Affiliates other than Linn Acquisition Company, LLC and Berry Petroleum Company, LLC and (ii) Amended Join Chapter 11 Plan of Reorganization of Linn Acquisition Company, LLC and Berry Petroleum Company, LLC* [Docket No. 1629].

"Post-Closing Date" – as defined in Section 2.05(d).

"Potential Discharged Claims" – all Claims (as defined in 11 U.S.C. § 101(5)) that (i) were discharged in the Bankruptcy Cases and were treated in accordance with the Plan of Reorganization, or (ii) would have been discharged in the Bankruptcy Cases and treated in accordance with the Plan of Reorganization in the event the holder of such Claim had received proper notice of (a) the pendency of the Bankruptcy Cases, (b) the opportunity to timely file a Claim therein, and (c) the opportunity to timely object to the Plan of Reorganization.

"Pref Right Properties" – as defined in Section 11.02(b).

"Pref Right Purchase Agreement" – as defined in Section 11.02(b).

"Preferential Purchase Right" – any right or agreement that enables any Person to purchase or acquire any Asset or any interest therein or portion thereof as a result of or in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Preliminary Amount" – the Purchase Price, adjusted as provided in Section 2.05(b), based upon the best information available at the time of the Closing.

"Preliminary Settlement Statement" – as defined in Section 2.03.

"Proceeding" – any proceeding, action, arbitration, audit, hearing, investigation, request for information, litigation, or suit (whether civil, criminal, administrative, investigative, or informal) commenced, brought, conducted, or heard by or before, or otherwise involving, any Governmental Body.

"Property" or "Properties" – as set forth in the definition of "Assets".

"Property Costs" – all operating expenses (including utilities, payroll of field employees dedicated to the Assets, costs of insurance, rentals, and third party overhead costs) and, capital expenditures (including costs of acquiring equipment), respectively, incurred in the ordinary course of business attributable to the use, operation, and ownership of the Assets, but "Property Costs" shall not include and Seller shall be responsible for all costs, expenses and Damages attributable to (a) personal injury or death, property damage, torts, breach of contract, or violation of any Legal Requirement, (b) obligations relating to the abandonment or plugging of Wells, dismantling or decommissioning facilities, closing pits and restoring the surface around such Wells, facilities and pits prior to Closing, (c) Retained Liabilities, curing Title Defects, Environmental Defects or Breaches of this Agreement by Seller and the matters covered by the indemnities in Section 10.02, (d) obligations with respect to Imbalances, (e) obligations to pay Royalties or other interest owners revenues or proceeds relating to the Assets but held in suspense, including Suspense Funds, (f) rentals, options, lease maintenance, broker fees and other property acquisition costs, (g) any of Seller's or its Affiliates internal overhead or any general and administrative expenses (it being understood that such expenses will be covered by the overhead allocation provisions in Section 2.05(b)), (h) the Bankruptcy Cases, and (i) claims for indemnification or reimbursement from any Third Party with respect to costs of the types described in the preceding clauses (a) through (h), whether such claims are made pursuant to contract or otherwise. Notwithstanding anything to the contrary in this Agreement, Property Costs shall not include any Asset Taxes, Income Taxes or Transfer Taxes.

"Purchase Price" – as defined in Section 2.02.

"Qualifying Termination" – as defined in the Severance Plan.

"Records" – as set forth in the definition of "Assets".

"Representative" – with respect to a particular Person, any director, officer, manager, employee, agent, consultant, advisor, or other representative of such Person, including legal counsel, accountants, and financial advisors.

"Required Consent" – any Consent with respect to which (a) there is a provision within the applicable instrument that such Consent may be withheld in the sole and absolute discretion of the holder or words of similar effect, or (b) there is provision within the applicable instrument expressly stating that an assignment in violation thereof (i) is void or voidable, (ii) triggers the payment of specified liquidated damages, or (iii) causes termination of the applicable Assets to be assigned, or words of similar effect. For the avoidance of doubt, "Required Consent" does not include any Consent, which, by its terms, cannot be unreasonably withheld.

"Retained Assets" – any rights, titles, interests, assets, and properties that are originally included in the Assets under the terms of this Agreement, but that are subsequently excluded from the Assets or sale under this Agreement pursuant to the terms of this Agreement at any time before or after the Closing.

"Retained Liabilities" – Damages, liabilities and obligations arising out of or attributable to (a) the disposal or transportation prior to Closing of any Hazardous Materials generated or used by Seller and taken from the Assets to any location that is not an Asset; (b) personal injury (including death) claims attributable to Seller's or its Affiliate's operation of the Assets prior to the Closing; (c) failure to properly and timely pay, in accordance with the terms of any Lease, Contract or applicable Legal Requirement, all Royalties and any other working interest amounts (in each case) with respect to the Assets that are due by Seller or any of its Affiliates and attributable to Seller's ownership of the Assets prior to the Effective Time; (d) the Retained Litigation; (e) any claim made by or on behalf of an employee or contractor of Seller or any Affiliate of Seller arising from or relating to an employment or contracting relationship with Seller or any Affiliate of Seller; (f) any and all Seller Taxes; (g) any Seller Benefit Plan, including all Controlled Group Liabilities; (h) any civil or administrative fines or penalties and criminal sanctions imposed on Seller or its Affiliates in connection with any pre-Closing violation of, or failure to comply with, Legal Requirements, including Environmental Laws; (i) except to the extent the Purchase Price is reduced pursuant to Section 2.05, any Property Costs attributable to Seller's or its Affiliates' ownership or operation of the Assets prior to the Effective Time; (j) the Potential Discharged Claims and any failure of Seller to take any action, or pursue or enforce any right, remedy or cause of action, to cause the discharge of or prevent the enforcement or collection of any Potential Discharged Claim; and (k) except for clause (c) in the definition of Assumed Liabilities, any amounts payable to any Governmental Body in the future to satisfy claims of such Governmental Body that are expressly reserved or preserved under the Stipulation and Agreed Order and attributable to pre-Effective Time periods, including any Cure Amounts.

"Retained Litigation" – the litigation set forth in Schedule 3.05 Part B.

"Royalties" – royalties, overriding royalties, production payments, carried interests, net profits interests, reversionary interests, options, back-in interests, contractual rights to production, and other burdens upon, measured by or payable out of production, excluding, for the avoidance of doubt, any Taxes.

"Scheduled Closing Date" – as defined in Section 2.03.

"SEC Filings" – as defined in Section 6.06(b).

"Seller" – as defined in the preamble to this Agreement.

"Seller Benefit Plan" – as defined in Section 3.16.

"Seller Closing Documents" – as defined in Section 3.02(a).

"Seller Group" – Seller and its Affiliates, and their respective Representatives.

"Seller Party" – each of LEH and LOI individually.

"Seller Savings Plan" – as defined in Section 12.04.

"Seller Taxes" – (a) all Income Taxes imposed by any applicable laws on any Seller Party, any of its direct or indirect owners or Affiliates, or any combined, unitary, or consolidated group of which any of the foregoing is or was a member, (b) Asset Taxes allocable to Seller pursuant to Section 13.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Seller as a result of (i) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (ii) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 13.02(c)(iii)), (c) any Taxes imposed on or with respect to the ownership or operation of the Excluded Assets or that are attributable to any asset or business of any Seller Party that is not part of the Assets, (d) any and all Taxes (other than the Taxes described in clauses (a), (b) or (c) of this definition) imposed on or with respect to the ownership or operation of the Assets or the production of Hydrocarbons or the receipt of proceeds therefrom for any Tax period (or portion thereof) ending before the Effective Time, and (e) any and all liabilities of any Seller Party in respect of any Taxes (other than Transfer Taxes, Asset Taxes or the Taxes described in clauses (a), (b) or (c) of this definition).

"Severance Plan" – the terms and conditions of that certain Severance Plan of Linn Energy, Inc., effective February 28, 2017, and attached as Exhibit F hereto.

"Specified Receivables" – accounts receivable owed to Seller as operator of any Wells to satisfy previous overpayments by Seller to Third Parties, and the right to recoup the same out of proceeds of production in respect of such Wells that are scheduled on Schedule 1.1(SR).

"Special Financial Statements" – as defined in Section 6.06(b).

"Stipulation and Agreed Order" means the Stipulation and Agreed Order, dated April 27, 2017, executed by Seller (or its applicable predecessor or Affiliate) and the United States Department of the Interior and ordered by the Bankruptcy Court.

"Straddle Period" – any Tax period beginning before and ending after the Effective Time.

"Subject Party" – as defined in the definition of "Breaching Party".

"Suspense Funds" – proceeds of production and associated penalties and interest in respect of any of the Wells that are payable to any Third Party and are being held in suspense by Seller as the operator of such Wells.

"Target Formation" – as set forth in Exhibit I.

"Tax" or "Taxes" – (a) any and all federal, state, provincial, local, foreign and other taxes, levies, fees, imposts, duties, assessments, unclaimed property and escheat obligations and other governmental charges imposed by any Governmental Body, including income, profits, franchise, alternative or add-on minimum, gross receipts, environmental (including taxes under Section 59A of the Code), registration, withholding, employment, social security (or similar), disability, occupation, ad valorem, property, value added, capital gains, sales, goods and services, use, real or personal property, capital stock, license, branch, payroll, estimated,

unemployment, severance, compensation, utility, stamp, premium, windfall profits, transfer, gains, production and excise taxes, and customs duties, together with any interest, penalties, fines or additions thereto and (b) any successor or transferee liability or any liability that arises by reason of being a member of a consolidated, combined or unitary group, in each case, in respect of any items described in clause (a) above.

"Tax Allocation" – as defined in Section 2.07.

"Tax Returns" – any and all reports, returns, declarations, claims for refund, elections, disclosures, estimates, information reports or returns or statements supplied or required to be supplied to a Governmental Body in connection with Taxes, including any schedule or attachment thereto or amendment thereof.

"Third Party" – any Person other than a Party or an Affiliate of a Party.

"Threatened" – a claim, Proceeding, dispute, action, or other matter will be deemed to have been "Threatened" if any demand or statement has been made in writing to a Party or any of its officers, directors, or employees that would lead a prudent Person to conclude that such a claim, Proceeding, dispute, action, or other matter is likely to be asserted, commenced, taken, or otherwise pursued in the future.

"Title Benefit" – as defined in Section 11.08.

"Title Benefit Notice" – as defined in Section 11.08.

"Title Benefit Properties" – as defined in Section 11.08.

"Title Benefit Value" – as defined in Section 11.08.

"Title Defect" – any Encumbrance, defect or other matter that causes Seller not to have Defensible Title in and to the Leases or Wells, without duplication; *provided* that the following shall not be considered Title Defects:

(a) defects arising solely out of the lack of corporate or other entity authorization unless Buyer provides affirmative evidence that such corporate or other entity action was not authorized and results in (or could reasonably be expected to result in) another Person's actual and superior claim of title to the relevant Assets;

(b) defects based on a gap in Seller's chain of title in the county or parish records, unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion, landman's title chain, run sheet or other document, which documents (if any) shall be included in a Title Defect Notice (for the avoidance of doubt, a non-certified, cursory or limited title chain will satisfy this requirement);

(c) defects arising from any prior oil and gas lease taken more than fifteen (15) years prior to the Effective Time relating to the lands covered by a Lease not being surrendered of record, unless Buyer provides affirmative evidence that a Third Party is conducting operations on, or asserting ownership of, the Assets, sufficient proof of which shall include written communication by a party with record title to such prior lease asserting the validity of the lease;

(d) defects based solely upon the failure to record any federal or state Lease or any assignments of interest in such Lease in any county real property record; provided that failures to record any federal or state Lease or any assignments of interest in such Lease in the applicable public record may be defects if the failure to so record cannot be cured by filing the same after the Effective Date in the applicable public record;

(e) defects arising from any change in applicable Legal Requirement after the Execution Date;

(f) defects that affect only which non-Seller Person has the right to receive royalty payments rather than the amount or the proper payment of such royalty payment; and

(g) defects based solely on the lack of information in Seller's files.

"Title Defect Cure Period" – as defined in Section 11.06(a).

"Title Defect Notice" – as defined in Section 11.04.

"Title Defect Property" – as defined in Section 11.04.

"Title Defect Value" – as defined in Section 11.04.

"Transfer Tax" – all transfer, documentary, sales, use, stamp, registration and similar Taxes (but excluding (a) all related documentary, filing and recording fees and expenses and (b) Income Taxes) arising out of, or in connection with, the transfer of the Assets pursuant to this Agreement.

"Transition Services Agreement" – the agreement between the Seller and Buyer regarding the operations of the Assets following the Closing, in substantially the same form as set forth in Exhibit J.

"Units" – as set forth in the definition of "Assets".

"Wells" – as set forth in the definition of "Assets".

"Willful Breach" – with respect to a Party, (a) such Party's willful or deliberate act or a willful or deliberate failure to act by such Party, which act or failure to act (i) constitutes in and of itself a material Breach of any covenant set forth in this Agreement and (ii) which was undertaken with the actual knowledge of such Party that such act or failure to act would be, or would reasonably be expected to cause, a material Breach of this Agreement or (b) the failure by such Party to consummate the transactions contemplated by this Agreement after all conditions to such Party's obligations in Article 7 or Article 8, as applicable, have been satisfied or waived in accordance with the terms of this Agreement (other than those conditions which by their terms can only be satisfied simultaneously with the Closing but which would be capable of being satisfied at Closing if Closing were to occur).

"Working Interest" – with respect to any Well, the interest in and to such Well that is burdened with the obligation to bear and pay costs and expenses of maintenance, development and operations on or in connection with such Well (limited to the currently producing formation as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Exhibit B), but without regard to the effect of any Royalties or other burdens.

ARTICLE 2
SALE AND TRANSFER OF ASSETS; CLOSING

2.01 **Assets.** Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 **Purchase Price; Deposit.** Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be $581,500,000 (the "Purchase Price"). Within one (1) Business Day after the Execution Date, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.04(b). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

2.03 **Closing; Preliminary Settlement Statement.** The Closing shall take place at the offices of Kirkland and Ellis LLP at 600 Travis Street, Suite 3300, Houston, Texas 77002 on May 31, 2017 (the "Scheduled Closing Date"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to such conditions being satisfied or waived at the Closing and subject to the provisions of Article 9. The date on which Closing occurs shall be the "Closing Date." Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable good faith determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement"). Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

2.04 **Closing Obligations.** At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(ii) possession of the Assets (except the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller Party is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) for each Well operated by such Seller Party or its Affiliate on the Closing Date, such regulatory documentation on forms prepared by Buyer (with assistance from Seller) as is necessary to designate Buyer as operator of such Wells;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets;

(viii) an executed counterpart of the Emission Credits Transfer Letter;

(ix) if requested by Buyer, an executed counterpart of the Transition Services Agreement; and

(x) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to third party operators and purchasers of production from the Wells (which shall be prepared and provided by Buyer (with assistance from Seller) and reasonably satisfactory to Seller).

(b) Buyer shall deliver (and execute, as appropriate) to Seller:

(i) the Preliminary Amount (less (x) the Deposit Amount and (y) the Cure Amount Escrow Amount) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) for each Well operated by any Seller Party or its Affiliate on the Closing Date, such regulatory documentation as is necessary to designate Buyer as operator of such Wells and the other Assets;

(vi) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) an executed counterpart of the Emission Credits Transfer Letter;

(viii) if requested by Buyer, an executed counterpart of the Transition Services Agreement; and

(ix) such other documents as Seller or counsel for Seller may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller)

(c) Buyer shall deposit by wire transfer in same day funds into the Escrow Account an amount equal to the Cure Amount Escrow Amount. The Cure Amount Escrow Amount shall be held by the Escrow Agent until (x) the final determination of the Cure Amounts in accordance with the Stipulation and Agreed Order ("Cure Amount Determination") and (y) the payment by Seller (or its applicable predecessor or Affiliate) of the Cure Amounts to the United States Department of the Interior (the "Cure Amount Satisfaction"). Upon the Cure Amount Satisfaction, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Cure Amount Escrow Amount to Seller. Should Seller (or its applicable predecessor or Affiliate) fail to complete the Cure Amount Satisfaction within fifteen (15) Business Days following the Cure Amount Determination, Seller hereby grants Buyer an irrevocable power-of-attorney, coupled with an interest, to direct the Escrow Agent to (i) pay to the United States Department of the Interior from the Escrow Account the greater of (A) the finally determined Cure Amounts and (B) the Cure Amount Escrow Amount and (ii) release the excess (if any) of the Cure Amount Escrow Amount *less* the finally determined Cure Amounts to Seller.

2.05 **Allocations and Adjustments.** If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. "Earned" and "incurred," as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) Without limiting the allocation of costs and receipts set forth in Section 2.05(a), for each Well operated by Seller or its Affiliate, (i) Seller or its Affiliate shall retain overhead charges and rates received in its capacity as "Operator" under any operating agreement or COPAS accounting procedure attributable to such Well, and (ii) Seller or its Affiliate shall be entitled to deduct and retain as overhead charges for any other Well operated by Seller an amount per month equal to the product of (x) $600 and (y) Seller's Working Interest in such Well. The charges and deductions under this Section 2.05(b) shall accrue from the Effective Time through the month in which transfer of operations occurs; *provided however*, that the overhead charges for the month in which transfer of operations occurs shall be prorated based upon the number of days in such month that Seller or its Affiliate operated such Wells (and prorated for the number of days that the Well was in drilling or completion, or was in production, as applicable). For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be "from or attributable to" the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Seller shall provide to Buyer evidence of all meter readings and all gauging and strapping procedures conducted on or about the Effective Time in connection with the Assets, together with all data necessary to support any estimated allocation, for purposes of establishing the adjustment to the Purchase Price pursuant to Section 2.05(c).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received by Buyer with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) except for Asset Taxes attributable to the period between January 1, 2017 and the Effective Time that are taken into account under Section 2.05(c)(i)(I) and Section 2.05(c)(ii)(H), the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(c) but paid or otherwise economically borne by Seller (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Seller in connection with a transaction to which Section 2.05(c)(ii)(A) applies, and therefore were taken into account in determining the "proceeds received" by Seller for purposes of applying Section 2.05(c)(ii)(A) with respect to such transaction);

(C) the aggregate amount of all non-reimbursed Property Costs that have been paid by Seller that are attributable to the ownership and operation of the Assets after the Effective Time (including the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) that are applied against operations conducted between the Effective Time and Closing, but excluding all other prepayments);

(D) the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) to Buyer or its Affiliates for operations not completed prior to Closing and that are not reimbursed to Seller on or prior to the Closing;

(E) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(F) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory) above the load line as of the Effective Time;

(G) the lesser of (x) the amount of all Specified Receivables and (y) $50,000;

(H) if applicable, the amount, if any, of Imbalances in favor of Seller, *multiplied by* $2.29 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be due to Seller as of the Effective Time; and

(I) if applicable, the positive amount by which (1) $13,500,000 exceeds (2) the net income, proceeds, receipts, and credits earned by Seller with respect to the Assets for the period from January 1, 2017 until the Effective Time, *minus* all Property Costs and Asset Taxes attributable to the Assets during the period from January 1, 2017 until the Effective Time.

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 13.02(c) but paid or otherwise economically borne by Buyer (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Buyer in connection with a transaction to which Section 2.05(c)(i)(A) applies, and therefore were taken into account in determining the "proceeds received" by Buyer for purposes of applying Section 2.05(c)(i)(A) with respect to such transaction);

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(G) if applicable, the amount, if any, of Imbalances owing by Seller, *multiplied by* $2.29 per Mcf, or, to the extent that the applicable Contracts provide for cash balancing, the actual cash balance amount determined to be owed by Seller as of the Effective Time; and

(H) if applicable, the positive amount by which (1) the net income, proceeds, receipts, and credits earned by Seller with respect to the Assets for the period from January 1, 2017 until the Effective Time, *minus* all Property Costs and Asset Taxes attributable to the Assets during the period from January 1, 2017 until the Effective Time, exceeds (2) $13,500,000.

(d) No earlier than sixty (60) days following the Closing Date and no later than ninety (90) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price based on actual credits, charges, receipts and other items before and after the Effective Time. Buyer shall, at Seller's request, supply all available documentation in Buyer's or its Affiliates' possession in reasonable detail to permit Seller to determine any Purchase Price adjustment under Section 2.05(c) for Properties operated by Buyer or its Affiliates. Seller shall, at Buyer's request, supply available documentation in reasonable detail to support any credit, charge, receipt or other item, including all documentation used by Seller in the preparation of such statement. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's and its Affiliates' books and records relating to the matters required to be accounted for in the Final Settlement Statement to allow Buyer to conduct an audit and review of such items. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will, without limiting Section 13.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred twenty (120) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall, without limiting Section 13.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount

is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 **Assumption.** If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities (except to the extent any such liabilities were Potential Discharged Claims) arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes to the extent attributable to periods (or portions thereof) from and after January 1, 2017, pursuant to Section 13.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Buyer as a result of (A) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (B) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 13.02(c)(iii)); (j) [*reserved*]; (k) attributable to the Leases and the Applicable Contracts; and (l) attributable to the Assumed Litigation; *provided* that, notwithstanding the foregoing, the Assumed Liabilities shall not include any liabilities and obligations for which Buyer is entitled to indemnification under Section 10.02. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that, subject to the terms and conditions of this Agreement, all liability associated with the matters described in clauses (i) through (iii) above as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and

requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets; *provided* that, notwithstanding the foregoing, the Assumed Liabilities shall not include any liabilities and obligations for which Buyer is entitled to indemnification under Section 10.02. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements.

2.07 **Allocation of Purchase Price.** The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07 hereto. Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07 for purposes of Article 11 hereof. Seller and Buyer shall use commercially reasonable efforts to agree, for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, to an allocation of the Purchase Price and any items properly treated as consideration for U.S. federal income Tax purposes among the Assets and, to the extent allowed under applicable federal income Tax law, in a manner consistent with the Allocated Values, as set forth on Schedule 2.07 (the "Tax Allocation"). If Seller and Buyer are unable to agree upon the Tax Allocation, then the Tax Allocation shall be determined by the Accounting Expert (the fees and expenses of whom shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer)). Once the Tax Allocation is agreed by Seller and Buyer or determined by the Accounting Expert, as applicable, Seller and Buyer agree to report, and to cause their respective Affiliates to report the information required by Section 1060(b) of the Code and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any Tax Return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to the other Party, or with such other Party's prior consent; *provided*, *however*, that neither Party shall be unreasonably impeded in its ability and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF SELLER

Each Seller Party represents and warrants to Buyer as of the Execution Date and the Closing Date, the following:

3.01 **Organization and Good Standing.** Such Seller Party is a Delaware limited liability company, and is duly organized, validly existing, and in good standing under the laws of

the State of Delaware and, where required, is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located, with full limited liability company power and authority to conduct its business as it is now being conducted, and to own or use the properties and assets that it purports to own or use. Such Seller Party is not a "foreign person" for purposes of Section 1445 of the Code.

3.02 **Authority; No Conflict.**

(a) The execution, delivery, and performance of this Agreement and the Contemplated Transactions have been duly and validly authorized by all necessary limited liability company action on the part of such Seller Party. This Agreement has been duly executed and delivered by such Seller Party and at the Closing, all instruments executed and delivered by such Seller Party at or in connection with the Closing shall have been duly executed and delivered by such Seller Party. This Agreement constitutes the legal, valid, and binding obligation of such Seller Party, enforceable against such Seller Party in accordance with its terms, except as such enforceability may be limited by a bankruptcy proceeding commenced after the date hereof or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law). Upon execution and delivery by such Seller Party of the Instruments of Conveyance at the Closing, such Instruments of Conveyance shall constitute legal, valid and binding transfers and conveyances of the Assets. Upon the execution and delivery by such Seller Party of any other documents at the Closing (collectively with the Instruments of Conveyance, such Seller Party's "Seller Closing Documents"), such Seller Closing Documents shall constitute the legal, valid, and binding obligations of such Seller Party, enforceable against such Seller Party in accordance with their terms, except as such enforceability may be limited by a bankruptcy proceeding commenced after the Closing or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law).

(b) Except as set forth in Schedule 3.02(b), and assuming the receipt of all Consents and the waiver of all Preferential Purchase Rights (in each case) applicable to the Contemplated Transactions set forth in Schedule 3.11, and assuming compliance with the HSR Act, neither the execution and delivery of this Agreement by such Seller Party nor the consummation or performance of any of the Contemplated Transactions by such Seller Party shall, directly or indirectly (with or without notice or lapse of time):

(i) contravene, conflict with, or result in a violation of (A) any provision of the Organizational Documents of such Seller Party, or (B) any resolution adopted by the board of directors, managers or officers of such Seller Party;

(ii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any Contract or agreement or any Legal Requirement or Order to which such Seller Party, or any of the Assets, may be subject;

(iii) contravene, conflict with, or result in a violation of any of the terms or requirements of, or give any Governmental Body the right to revoke, withdraw, suspend, cancel, terminate, or modify, any Governmental Authorization that relates to the Assets; or

(iv) (A) result in a default, in any material respect, or the imposition, creation or continuance of any Encumbrance upon or with respect to any of the Assets or (B) give rise to any right of termination, cancellation or acceleration under, or require any consent under, any note, bond, mortgage, or indenture, to which such Seller Party is a party or by which the Assets are bound, in each case except for Permitted Encumbrances.

3.03 **Bankruptcy.** Except for claims or matters related to the Bankruptcy Cases commenced on May 11, 2016 where the Plan of Reorganization became effective on February 28, 2017, for which the United States Bankruptcy Court for the Southern District of Texas retains limited jurisdiction, there are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by such Seller Party or, to such Seller Party's Knowledge, Threatened, against such Seller Party.

3.04 **Taxes.** All material Tax Returns required to be filed by such Seller Party with respect to Asset Taxes have been timely filed and all such Tax Returns are correct and complete in all material respects. All material Asset Taxes required to be paid with respect to the Assets that are or have become due have been timely paid in full, and such Seller Party is not delinquent in the payment of any such Asset Taxes. There is not currently in effect any extension or waiver of any statute of limitations of any jurisdiction regarding the assessment or collection of any material Asset Taxes. There are no liens on any of the Assets attributable to Taxes other than Permitted Encumbrances. There are no administrative or judicial proceedings by any taxing authority pending against Seller relating to or in connection with any material Asset Taxes. All Tax withholding and deposit requirements imposed by applicable Legal Requirements with respect to any of the Assets have been satisfied in all material respects. No Asset is subject to any tax partnership agreement or is otherwise treated, or required to be treated, as held in an arrangement requiring a partnership income tax return to be filed under Subchapter K of Chapter 1 of Subtitle A of the Code or any similar state statute. Such Seller Party paid Wyoming sales and use tax on the original purchase of the Assets to the extent required under applicable Legal Requirements.

3.05 **Legal Proceedings.** Other than the Assumed Litigation and Retained Litigation, such Seller Party has not been served with any Proceeding, and, to such Seller Party's Knowledge, there is no pending or Threatened Proceeding against such Seller Party or any of its Affiliates, in each case, that (a) relates to such Seller Party's ownership or operation of any of the Assets, or (b) challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To such Seller Party's Knowledge, there are no pending or Threatened Proceedings relating to the ownership or operation of the Assets to which neither such Seller Party nor any of its Affiliates is party other than the Assumed Litigation and Retained Litigation.

3.06 **Brokers.** Neither such Seller Party nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are and will remain the sole responsibility of such Seller Party and its Affiliates.

3.07 **Compliance with Legal Requirements.** Except as set forth in Schedule 3.07, there is no uncured material violation by such Seller Party of any Legal Requirements (other than Environmental Laws) with respect to such Seller Party's ownership or operation of the Assets. To such Seller Party's Knowledge, all Assets operated by Third Parties have been operated in all material respects in compliance with all applicable Legal Requirements (other than Environmental Laws). Neither such Seller Party nor any of its Affiliates have received any written notice from any Governmental Body or Third Party of any material violation of or material default by any Seller Party with respect to any Legal Requirement that remains unresolved.

3.08 **Prepayments.** Except for any Imbalances, such Seller Party has not received payment under any Contract for the sale of Hydrocarbons produced from the Assets which requires delivery in the future to any party of Hydrocarbons previously paid for and not yet delivered.

3.09 **Imbalances.** Except as set forth in Schedule 3.09, there are no Imbalances with respect to such Seller Party's obligations relating to the Wells as of the Effective Time.

3.10 **Material Contracts.** Schedule 3.10 sets forth all Applicable Contracts with respect to such Seller Party of the type described below as of the Execution Date (collectively, the "Material Contracts"); *provided* that with respect to Applicable Contracts related solely to Assets that are not operated by any Seller Party, the entirety of this Section 3.10 is made to Seller Party's Knowledge:

(a) any Applicable Contract that is a Hydrocarbon purchase and sale, transportation, gathering, treating, processing, compression, marketing or similar Applicable Contract that is not terminable by Seller without penalty on sixty (60) days' or less notice, including any Contract that includes an acreage dedication or minimum volume commitment;

(b) any Applicable Contract that can reasonably be expected to result in aggregate payments or receipts of revenue by such Seller Party of more than One Hundred Thousand Dollars ($100,000) during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) in the aggregate over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(c) any Applicable Contract that is an indenture, mortgage, deed of trust, loan, credit agreement, sale-leaseback, guaranty of any obligation, bond, letter of credit, security interest, hedging, or similar financial Contract;

(d) any Applicable Contract that constitutes a partnership agreement, joint venture agreement, area of mutual interest agreement, non-compete agreement, joint exploration agreement, joint development agreement, joint operating agreement, drilling contract,

farmin or farmout agreement, carry agreement, net profits interest agreement, participation agreement, production sharing agreement, unit agreement, purchase and sale agreement, exchange agreement or similar Contract where any material obligation has not been completed prior to the Effective Time (in each case, excluding any tax partnership);

(e) any Applicable Contract that provides for a call upon, option to purchase or similar right under any agreements with respect to the Hydrocarbons from the Assets;

(f) any Applicable Contract that provides for an irrevocable power of attorney that will be in effect after the Closing Date;

(g) any Applicable Contract that provides for, as its primary purpose, an indemnity; and

(h) any Applicable Contract for the sale, lease, or farmout, exchange, of Seller's interest in the Assets.

Except as set forth in Schedule 3.10, each Material Contract set forth (or required to be set forth) in Schedule 3.10 is a legal, valid and binding obligation against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, is enforceable in accordance with its terms against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, and is in full force and effect, subject to any bankruptcy proceeding commenced after the date hereof or other Legal Requirements now or hereafter in effect. Neither such Seller Party, nor to the Knowledge of such Seller Party, any other party is in material breach of or in default under any Material Contract, and no event, occurrence, condition or act has occurred that, with the giving of notice, the lapse of time or the happening of any other event or condition, would become a material breach, default or event of default by such Seller Party or, to the Knowledge of such Seller Party, any other party thereto, in each case except as set forth in Schedule 3.10. Except as set forth in Schedule 3.10, such Seller Party has not received any notice from a Third Party alleging a violation or breach of any Material Contract by such Seller Party or its Affiliates. Except as set forth in Schedule 3.10, there are no Contracts with Affiliates of such Seller Party, Hedge Contracts or Debt Contracts that will be binding on the Assets after Closing. Prior to the Execution Date, Seller has delivered to Buyer true and complete copies of each Material Contract and any and all substantive amendments thereto.

3.11 **Consents and Preferential Purchase Rights.** Except as set forth in Schedule 3.11, none of the Assets (and no portion of the Assets) is subject to any unwaived Preferential Purchase Rights or Consents required to be obtained by such Seller Party which may be applicable to the Contemplated Transactions, except for (a) Consents and approvals of Governmental Bodies that are customarily obtained after Closing, and (b) Contracts that are terminable by the counterparty upon not greater than thirty (30) days' notice.

3.12 **Permits.** To such Seller Party's Knowledge, except as set forth in Schedule 3.12, (a) with respect to Assets currently operated by such Seller Party or any of its Affiliates, such Seller Party or its Affiliate (as applicable) has acquired all Permits from appropriate Governmental Bodies to conduct operations on such Assets in material compliance with all applicable Legal Requirements; (b) all such Permits are in full force and effect and no Proceeding is pending or, to such Seller Party's Knowledge, Threatened, to suspend, revoke or terminate any such Permit or declare any such Permit invalid; and (c) such Seller Party is in compliance in all material respects with all such Permits.

3.13 **Current Commitments.** Schedule 3.13 sets forth, as of the Execution Date, all approved authorizations for expenditures and other approved capital commitments, individually equal to or greater than One Hundred Thousand Dollars ($100,000) (net to such Seller Party's interest) (the "AFEs") relating to the Assets and which are binding on the owner of the Assets following the Effective Time to drill or rework any Wells or for other capital expenditure for which all of the activities anticipated in such AFEs have not been completed by the Effective Time.

3.14 **Environmental Laws.** Except as disclosed on Schedule 3.14, (a) there are no actions, suits or proceedings pending, or to such Seller Party's Knowledge, Threatened in writing, before any Governmental Body with respect to the Assets alleging material violations of, or material liabilities under, Environmental Laws, or claiming remediation obligations, and (b) such Seller Party has received no notice from any Governmental Body or other Person of any alleged or actual material violation or non-compliance with, or material liability under, any Environmental Law or of material non-compliance with the terms or conditions of any environmental permits, arising from, based upon, associated with or related to the Assets or the ownership or operation of any thereof.

3.15 **Wells and Personal Property.** To such Seller Party's Knowledge, Exhibit B sets forth a list of all wellbores located on the Leases. Except as disclosed on Schedule 3.15 (a) all Wells drilled and completed by such Seller Party as operator have been drilled and completed within the limits permitted by all applicable Leases and Contracts and at locations that comply with applicable Legal Requirements, (b) no Well is subject to material penalties on allowable production after the Effective Time because of any overproduction, and (c) there are no Wells that such Seller Party is obligated by applicable Legal Requirements or contract to plug or abandon, or that have been plugged, dismantled or abandoned by Seller or its Affiliates (or to Seller's Knowledge by any other Person) in a manner that does not comply in all material respects with Legal Requirements, or that are currently subject to exceptions to a requirement to plug or abandon issued by a Governmental Body.

3.16 **Employee Benefits.** Schedule 3.16(a) contains a true and complete list of each "employee benefit plan," as defined in Section 3(3) of ERISA, and all other retirement, pension, deferred compensation, bonus, incentive, severance, executive life insurance, vacation, equity purchase, equity option, phantom equity, equity or equity compensation, employment, profit sharing, retention, stay bonus, change of control and other compensation or benefit plans, programs, agreements or arrangements maintained, sponsored or contributed to by such Seller Party or any of its ERISA Affiliates for the benefit of any Available Employee (such benefit plans, together with the Severance Plan, collectively, such Seller Party's "Seller Benefit Plans"). Such Seller Party has heretofore made available to Buyer a copy of each such Seller Benefit Plan (or, in the case of any unwritten Seller Benefit Plan, a written description thereof) applicable to such Seller Party, any amendments thereto and any other related documents and each agreement creating or modifying any related trust or other funding vehicle.

3.17 **Royalties**. Except (a) for the Suspense Funds that are being held in compliance with applicable Legal Requirements and Leases and (b) as set forth in Schedule 3.17 and Schedule 3.05, such Seller Party has duly and properly paid, or caused to be duly and properly paid in all material respects, all Royalties due by such Seller Party during the period of such Seller Party's ownership of the Assets; *provided*, however that no failure to comply with the foregoing that does not result in the termination of a Lease shall be considered a breach of this Section 3.17.

3.18 **Non-Consent Operations**. Except as disclosed on Schedule 3.18, no operations are being conducted or have been conducted on the Assets with respect to which such Seller Party has elected to be a nonconsenting party under the applicable operating agreement and with respect to which such Seller Party's rights have not yet reverted to it. Schedule 3.18 sets forth the payout balances as of the date of this Agreement for each Well subject to payout.

3.19 **Condemnation**. As of the Execution Date, there is no actual or Threatened taking (whether permanent, temporary, whole or partial) of any part of the Assets by reason of condemnation or the threat of condemnation.

3.20 **Drilling Obligations**. Seller does not have any unfulfilled drilling obligations under any Lease or otherwise affecting the Leases by virtue of a Contract relating to the Assets or the ownership or operation thereof.

3.21 **USA Patriot Act and OFAC**. To the extent applicable, such Seller Party is in compliance, in all material respects, with (1) the USA PATRIOT Act and (2) the Trading with the Enemy Act, as amended, and each of the foreign assets control regulations of the United States Treasury Department (31 C.F.R. Subtitle B, Chapter V, as amended) and any other enabling legislation or executive order relating thereto. None of such Seller Party nor, to such Seller Party's Knowledge, any director, officer or employee of Seller, is subject to any U.S. sanctions administered by OFAC or a Person on the list of "Specially Designated Nationals and Blocked Persons." None of the proceeds to be distributed on or after the Closing pursuant to this Agreement, including the Closing Amount, will, to such Seller Party's Knowledge, be made available to any Person for the purpose of financing the activities of any Person currently subject to any U.S. sanctions administered by OFAC.

3.22 **FCPA**. Neither such Seller Party, its Affiliates or, to such Seller Party's Knowledge, its or their respective Representatives has given, loaned, paid, promised, offered or authorized the payments, directly or indirectly through a third Person, of anything of value to any "foreign official," as defined in the FCPA, to persuade that official to help such Seller Party, or any other Person, obtain or keep business or to secure some other improper advantage, in each case, on behalf or with respect to (1) any of the operations conducted with respect to the Assets, or (2) the Transaction.

3.23 **Labor Matters**. No Available Employee or other employee of any Seller Party or any of their respective Affiliates whose employment involves providing services with respect to the Assets is represented by a labor union. Except as set forth on Schedule 3.23, there is no Proceeding pending or, to any Seller Party's Knowledge, threatened, by or on behalf of any Available Employee or any other individual who has provided services with respect to the Assets against any Seller Party.

3.24 **Leases**. Since January 1, 2016, such Seller Party has not received any written notice from any lessor under any of the Leases seeking to terminate, cancel or rescind any Lease, and such Seller Party has not received any written notice from any lessor under any of the Leases alleging any unresolved material default under any Lease.

3.25 **Guarantees**. Schedule 6.03(a) is a complete and accurate list of all material bonds, letters of credit and guarantees posted or entered into by such Seller Party in connection with the ownership or operation of the Assets.

3.26 **Disclosures with Multiple Applicability; Materiality**. If any fact, condition, or matter disclosed in the Seller Parties' disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies to the extent reasonably apparent on the face of the Seller Parties' disclosure Schedules, regardless of the section of the Seller Parties' disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on the Seller Parties' disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.01 **Organization and Good Standing**. Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 **Authority; No Conflict.**

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of

equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the requisite right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 **Certain Proceedings.** There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 **Knowledgeable Investor.** Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 **Qualification.** Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 **Brokers.** Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 **Financial Ability**. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 **Securities Laws.** The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 **Due Diligence.** Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's rights to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing Buyer and its Representatives have (a) been permitted access to materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING OR IMPAIRING ANY REPRESENTATION, WARRANTY, COVENANT OR AGREEMENT OF THE SELLER PARTIES CONTAINED IN THIS AGREEMENT AND THE SELLER'S CLOSING DOCUMENTS (INCLUDING THE SPECIAL WARRANTY OF DEFENSIBLE TITLE SET FORTH IN THE INSTRUMENTS OF CONVEYANCE), OR BUYER'S RIGHT TO RELY UPON EACH OF THE FOREGOING OR BUYER'S RIGHTS UNDER ARTICLE 11, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE.**

4.10 **Basis of Buyer's Decision.** By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the

merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 **Business Use, Bargaining Position**. Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 **Bankruptcy**. There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 **Access and Investigation.**

(a) Between the Execution Date and the Closing Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party, Seller shall (a) afford Buyer, Buyer's Representatives, and the Financing Sources access, at such times as Buyer may reasonably request during Seller's regular hours of business, to reasonably appropriate Seller's management and personnel with knowledge of the Assets, any Seller operated Assets, Records, contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data to the extent they are Excluded Assets, and (b) promptly furnish Buyer, Buyer's Representatives and the Financing Sources, at Buyer's sole cost and

expense, with existing electronic copies of all such Records, contracts, books and records, and other existing documents and data related to the Assets as Buyer, Buyer's Representatives and the Financing Sources may reasonably request, except for any such contracts, books and records, or other documents and data to the extent they are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer, Buyer's Representatives and the Financing Sources reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third parties in order to obtain such consent); ***PROVIDED*** **THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer and/or the Financing Source's investigation shall be conducted in a manner that (to the extent practicable) minimizes interference with the field operations of the business of Seller and any applicable Third Parties, and (ii) subject to Section 11.09, Buyer and the Financing Source's right of access shall not entitle Buyer or the Financing Sources to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion, subject to the provisions of Section 11.09.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer, Buyer's Representatives and the Financing Sources in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer and the Financing Sources, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets.** Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business (including the sale of Hydrocarbons) with respect to its ownership and operation of the Assets in the ordinary course as a reasonably prudent operator, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, Encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) subject to clause (i) below, not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments);

(c) not commence, propose, or agree to participate in any single operation with respect to the Wells or Leases with an anticipated cost in excess of Two Hundred Fifty Thousand Dollars ($250,000) net to Seller's interest, except for any emergency operations otherwise conducted in compliance with this Agreement;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease;

(e) not make any election (or fail to make an election, the result of which is) to go non-consent with respect to any of the Assets;

(f) unless Buyer fails to provide consent under clause (d) above, use commercially reasonable efforts to maintain in full force and effect each Lease, and timely and properly pay all Lease renewals and extensions that become due after the date of this Agreement but prior to Closing in accordance with the terms of the applicable Lease;

(g) not waive, release, assign, settle or compromise any proceeding, material right or claim relating to the Assets, other than the Retained Liabilities or waivers, releases, assignments, settlements or compromises that involve only the payment of monetary damages not in excess of Fifty Thousand Dollars ($50,000) individually (excluding amounts to be paid under insurance policies);

(h) not take, nor permit any of their Affiliates (or authorize any investment banker, financial advisor, attorney, accountant or other Person retained by, acting for or on behalf of Seller or any such Affiliate) to take, directly or indirectly, any action to solicit, or negotiate, any offer from any Person concerning the direct or indirect acquisition of the Assets by any Person other than Buyer or its Affiliates except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(i) use commercially reasonable efforts to keep Buyer apprised of any drilling, re-drilling or completion operations proposed or conducted by Seller with respect to the Assets;

(j) pay (or cause to be paid) any and all Asset Taxes that could result in an Encumbrance with respect to the Assets that become due and payable on or prior to the Closing Date;

(k) not form or create or object to the formation or creation by Buyer of any drilling unit applicable to the Assets;

(l) use commercially reasonable efforts not to convey, use, or dispose of any of the Emission Reduction Credits;

(m) not, except as may be required by applicable Legal Requirements or pursuant to a Seller Benefit Plan in effect as of the Execution Date or as contemplated by this Agreement,

(A) grant any increases in the compensation, incentives or benefits payable or to become payable to any Available Employee, (B) enter into any new, or amend any existing, employment, severance or termination agreement or other Seller Benefit Plan with any Available Employee, (C) establish or take any action that would result in Seller becoming obligated under any collective bargaining agreement or other Contract with a labor union or representative of Available Employees, or (D) subject to Seller's right to terminate the employment of any employee on the Available Employee List, transfer any Available Employee; and

(n) not enter into any agreement with respect to any of the foregoing.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller and any Affiliate of Seller owning an interest in the applicable Asset (or portion of the Assets) have voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency involving imminent threat to property or life, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 **Insurance.** Seller shall maintain in force during the period from the Execution Date until the Closing, insurance policies (including qualified self-insurance) pertaining to the Assets with the minimum coverages as set forth on Schedule 5.03. The daily pro-rated annual premiums for insurance set forth on Schedule 5.03 that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs to the extent attributable to the Assets (but not to the extent attributable to any other assets of Seller).

5.04 **Consent and Waivers.** Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall reasonably cooperate with Seller in seeking to obtain such Consents.

5.05 **Amendment to Schedules.** Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement its Schedules with respect to any matters that first occur following to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement.

5.06 **Successor Operator.** While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing. Seller will use commercially reasonable efforts to assist Buyer to obtain all necessary Permits in connection with Buyer's designation as operator as to the Assets Seller presently operates as of Closing.

5.07 **Affiliate Contracts**. Seller will terminate or cause its respective Affiliates to terminate, effective as of the Closing Date, any contracts or agreements between Seller and its Affiliates insofar and only insofar as such contracts or agreements relate to or bind the Assets.

5.08 **Drilling Permits**. During the period following the Execution Date until the Closing, if reasonably requested by Buyer, Seller will execute and file any applications or instruments prepared by Buyer that are necessary to obtain drilling permits to be used with respect to the future development of the Assets with the applicable Governmental Bodies; *provided* that Buyer will reimburse Seller for any reasonable, documented out-of-pocket costs incurred in connection therewith and that such drilling permits will only be on existing pads.

5.09 **Credit Transfer**. Promptly following Closing, Buyer shall deliver the Emission Credits Transfer Letter to the State of Wyoming Department of Environmental Quality. Following the Closing, Seller will use commercially reasonable efforts (including assisting Buyer as reasonably requested by Buyer with obtaining approval from the State of Wyoming Department of Environmental Quality) to cause the Emission Reduction Credits to be transferred to Buyer as soon as reasonably practicable following the Closing.

5.10 **Stipulation and Agreed Order**. Prior to Closing, Seller (or its applicable Affiliate or predecessor) shall cause the Stipulation and Agreed Order to be amended or supplemented such that Exhibit 1 to the Stipulation and Agreed Order properly and accurately reflects all of the federal Leases (including the lots associated with such Leases) identified on Exhibit A.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure.** If Buyer has Knowledge as of the Execution Date of any Breach of Seller's representations and warranties, Buyer shall have no remedy under this Agreement, including under Section 9.01 and Article 10, with respect to such Breach. Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtains Knowledge following the Execution Date of any Breach, in any material respect, of its or the other Party's representations and warranties or covenants, in any material respect; *provided* that failure to provide such notice shall not limit a Party's rights or remedies under this Agreement with respect to such Breach. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and such Breach of representation, warranty, covenant or agreement shall (if curable) be fully cured by the Closing (or, if the Closing does not occur, prior to the termination of this Agreement in accordance with Section 9.01), then such Breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions.** Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 **Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.**

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer shall use commercially reasonable efforts to obtain, and deliver to Seller evidence of, all replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals, in each case, as set forth on Schedule 6.03(a) and necessary for Buyer to own and, with respect to Assets currently operated by Seller or its Affiliates, operate the Assets.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings.

6.04 **Governmental Reviews.** Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate

the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 **HSR Act.** If applicable, within ten (10) Business Days following the execution by Buyer and Seller of this Agreement, Buyer and Seller will each prepare and simultaneously file with the DOJ and the FTC the notification and report form required for the transactions contemplated by this Agreement by the HSR Act and request early termination of the waiting period thereunder. Buyer and Seller agree to respond promptly to any inquiries or requests for information or documentary material from the DOJ or the FTC concerning such filings and to comply in all material respects with the filing requirements of the HSR Act. Buyer and Seller shall cooperate with each other and, subject to the terms of the Confidentiality Agreement, shall promptly furnish all information to the other Party that is necessary in connection with Buyer's and Seller's compliance with the HSR Act. Buyer and Seller shall keep each other fully advised with respect to any requests from or communications with the DOJ or FTC concerning such filings and shall consult with each other with respect to all responses thereto. Each of Seller and Buyer shall use its commercially reasonable efforts to take all actions reasonably necessary and appropriate in connection with any HSR Act filing to satisfy the conditions to the Closing and consummate Contemplated Transactions as promptly as practicable and in any event not later than the Outside Date; *provided*, *however*, nothing in this Agreement shall require Buyer or Seller to propose, negotiate, effect or agree to, the sale, divestiture, license or other disposition of any assets or businesses of Buyer or Seller (including the Assets) or otherwise take any action that limits the freedom of action with respect to, or its ability to retain or operate any of the businesses of the Buyer or Seller or the Assets. The filing fees associated with any such HSR Act filing shall be borne by Buyer. Notwithstanding any provision of this Section 6.05, no Party shall be required to provide the other Party with information regarding the value of the transaction or subject to the attorney client privilege, work product doctrine or other similar privilege absent entering into a mutually acceptable joint defense agreement.

6.06 **Financing Matters.**

(a) Assistance with Financing. Prior to the Closing Date, Seller shall provide, and shall use its commercially reasonable efforts to cause its Affiliates and its and its Affiliates' Representatives to provide, Buyer such cooperation as may be reasonably requested by Buyer with respect to the Debt Financing; provided, that such requested cooperation does not materially and adversely interfere with operations of Seller and the Assets and that any information requested by Buyer is reasonably available to Seller or any of its Affiliates or its or their Representatives. Such cooperation shall include using commercially reasonable efforts (i) to assist Buyer in Buyer's preparation of disclosure schedules related to the Assets in connection with the Debt Financing and (ii) to facilitate Buyer's preparation of the documentation necessary to pledge and mortgage the Assets that will be collateral under the Debt Financing ; provided that Seller's obligations under the foregoing clauses (i) and (ii) shall be limited to providing information and data in its current format in Seller's records and not require that Seller generate new reports regarding the Assets.

(b) Financial Information.

(i) Seller shall use its commercially reasonable efforts to provide sufficient materials and to cooperate with Buyer and its independent auditor ("Buyer's Auditor") in Buyer's preparation, at the sole cost and expense of Buyer, of the Special Financial Statements (as defined below), in such form that such statements and the notes thereto can be audited (in the case of the Annual Financial Statements (as defined below)) or reviewed (in the case of the Interim Financial Statements (as defined below)) by Buyer's Auditor. The "Special Financial Statements" shall refer to (A) statements of revenues and direct operating expenses attributable to the Assets for the fiscal years ended December 31, 2016 and 2015 (the "Annual Financial Statements") and (B) statements of revenues and direct operating expenses attributable to the Assets for the three months ended March 31, 2017 and 2016, or if the Closing shall occur on or after June 30, 2017, for the six months ended June 30, 2017 and 2016 (the "Interim Financial Statements"). The Special Financial Statements will be prepared in accordance with GAAP and any requirements of the Securities Act of 1933, as amended, and any rules or regulations promulgated thereunder. The Annual Financial Statements shall include the required oil and gas disclosures, including estimates of quantities of proved reserves as of, and a reconciliation of proved oil and gas reserves for, each of the fiscal years ended December 31, 2016 and 2015, and the standardized measure of discounted future net cash flows as of, and a reconciliation of the standardized measure of future discounted cash flows for, each of the fiscal years ended December 31, 2016 and 2015. Seller (x) shall cooperate with and permit Buyer to reasonably participate in the preparation of the Special Financial Statements and (y) shall provide Buyer and its representatives with reasonable access to its personnel and its Affiliates who engage in the preparation of the Special Financial Statements. Seller agrees to provide, and will use its commercially reasonable efforts to cause its Affiliates to provide, at Buyer's sole cost and expense, information from, and reasonable access to, its accounting records to the extent required to prepare any pro forma financial statements of Buyer that include pro forma adjustments with respect to Seller, which may be required in any reports, registration statements and other filings to be made by Buyer or any of its Affiliates with the SEC pursuant to the Securities Act and the rules and regulations thereunder or the Exchange Act and the rules and regulations thereunder (the "SEC Filings").

(ii) Seller shall execute and deliver or cause to be executed and delivered to Buyer's Auditor such representation letters, in form and substance customary for representation letters provided to external audit firms by management of Seller or its Affiliates, as may be reasonably requested by Buyer's Auditor, with respect to the Special Financial Statements, including any SEC Filings that include the Special Financial Statements. Buyer agrees that (A) to the extent any such representation letter is delivered by management of Seller or its Affiliates, Buyer

shall indemnify and hold harmless Seller and any applicable Affiliate and their respective current officers, directors and employees, and provide a defense for such entity, and its current officers, directors and employees with regard to the execution, delivery or any other action related to the provision of such representation letters to the same extent as any executive officer or director of Buyer would be indemnified had they performed such action. In the event that Buyer's Auditor requires a representation letter from Buyer's management in connection with the audit of the Special Financial Statements, management of Seller shall provide a representation letter to management of Buyer that contains the same representations that Buyers' management is required to make to Buyer's Auditor.

(iii) Seller shall use commercially reasonable efforts to facilitate the completion of such audit and review and delivery of the Special Financial Statements to Buyer or any of its Affiliates as soon as reasonably practicable, but no later than the earlier of (A) 60 days after the Closing Date or (B) August 1, 2017.

(iv) In the event the SEC requires financial statements in respect of the Assets that vary in form or content from, or in the periods covered by, the Special Financial Statements ("Alternative Financial Statements"), Seller shall, at the sole cost and expense of Buyer, use its commercially reasonable efforts to cooperate with Buyer in the preparation of such financial statements.

(c) Costs and Expenses. Buyer shall promptly, upon request by Seller, reimburse Seller for all reasonable and documented out-of-pocket, documented costs and expenses incurred by Seller in connection with its cooperation contemplated by this Section 6.06. Except in the case of actual fraud, (i) all of the information provided by Seller pursuant to this Section 6.06 is given without any representation or warranty, express or implied, and (ii) in no event will Seller or its Affiliates or Representatives have any liability of any kind or nature to Buyer, its Financing Sources or any other Person arising or resulting from the cooperation provided in this Section 6.06 or any use of any information provided by Seller or its Affiliates or Representatives provided pursuant to this Section 6.06. Without affecting Buyer's rights under this Agreement, Buyer shall indemnify and hold harmless the Seller Group from and against any and all Damages suffered or incurred by any of them in connection with the arrangement of the Debt Financing and any information provided by Seller to Buyer pursuant to this Section 6.06; *provided, however,* that Buyer shall not be required to indemnify and hold harmless the Seller Group to the extent that such Damages arise from or are related to actual fraud by any member of the Seller Group.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.01 **Accuracy of Representations.** All of Seller's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

7.02 **Seller's Performance.** All of the covenants and obligations that Seller is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

7.03 **[Reserved].**

7.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 **HSR Act.** Any waiting period applicable to the consummation of the Contemplated Transactions under the terms of this Agreement under the HSR Act shall have expired or been terminated.

7.07 **Closing Deliverables.** Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

7.08 **Title Defect Values, Environmental Defect Values, etc.** The sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values asserted by Seller in good faith), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, *plus* (v) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (vi) the aggregate amount of all Casualty Losses (as determined by Buyer acting in good faith) shall be less than or equal to twenty-five percent (25%) of the unadjusted Purchase Price.

ARTICLE 8
CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE

Seller's obligation to sell the Assets and to take the other actions required to be taken by Seller at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Seller, in whole or in part):

8.01 **Accuracy of Representations.** All of Buyer's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

8.02 **Buyer's Performance.** All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 **[Reserved].**

8.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

8.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

8.06 **HSR Act.** Any waiting period applicable to the consummation of the Contemplated Transactions under the HSR Act shall have expired or been terminated.

8.07 **Closing Deliverables.** Buyer shall have delivered (or be ready, willing and able to deliver at the Closing) to Seller the documents and other items required to be delivered by Buyer under Section 2.04(b).

8.08 **Title Defect Values, Environmental Defect Values, etc.** The sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values asserted by Seller in good faith), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, plus (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, *plus* (v) the aggregate downward Purchase Price adjustments under Section 11.09, *plus* (vi) the aggregate amount of all Casualty Losses (as determined by Buyer acting in good faith) shall be less than or equal to twenty-five percent (25%) of the unadjusted Purchase Price.

ARTICLE 9
TERMINATION

9.01 **Termination Events.** This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied or waived (in writing) by Buyer in full on or after the Scheduled Closing Date, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) Seller refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied at Closing); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived (in writing) by Seller in full on or after the Scheduled Closing Date, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) Buyer refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before June 30, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that, in the case of Seller, such failure does not result primarily from Seller's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable;

(f) by Seller if the Closing condition in Section 8.09 is not satisfied (or not possible of being satisfied at Closing); or

(g) by Buyer if the Closing condition in Section 7.08 is not satisfied (or not possible of being satisfied at Closing); or

(h) by Seller if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date.

9.02 **Effect of Termination; Distribution of the Deposit Amount.**

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other under Section 9.02(b), and (b) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01, Section 13.02(b) through (d), Section 13.14 and Section 13.17, which shall terminate) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If at the time this Agreement is terminated pursuant to Section 9.01, Buyer is a Breaching Party, then Seller shall be entitled (as its sole and exclusive remedy) to receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller is entitled to receive the Deposit Amount as liquidated damages pursuant to this Section 9.02(b)(i), (x) the Parties shall, within two (2) Business Days of the termination of this Agreement, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If at the time this Agreement is terminated pursuant to Section 9.01 Seller is a Breaching Party, then Buyer shall be entitled to (x) receive the Deposit Amount and (y) seek to recover its actual damages from Seller as a result of such Willful Breach by Seller. If Buyer is entitled to the Deposit Amount pursuant to this Section 9.02(b)(ii), the Parties shall, within two (2) Business Days of the termination of this Agreement, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(iii) If this Agreement is terminated by Seller in accordance with Section 9.01(h), then the Parties shall have no additional remedies against one another as a result of such termination, and Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for Buyer's Willful Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such Willful Breach by Buyer if Buyer is a Breaching Party at the time this Agreement is terminated.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

(e) THE PARTIES FURTHER AGREE THAT, UNLESS AND UNTIL THE CLOSING OCCURS, THE SOLE AND EXCLUSIVE REMEDY OF SELLER AND ITS AFFILIATES AGAINST BUYER, ITS DEBT AND EQUITY FINANCING SOURCES, AND ANY OF THEIR RESPECTIVE FORMER, CURRENT OR FUTURE GENERAL OR LIMITED PARTNERS, EQUITY HOLDERS, CONTROLLING PERSONS, MANAGEMENT COMPANIES, REPRESENTATIVES, ASSIGNEES OR AFFILIATES AND ANY AND ALL FORMER, CURRENT OR FUTURE HEIRS, EXECUTORS, ADMINISTRATORS, TRUSTEES, SUCCESSORS OR ASSIGNS OF THE FOREGOING (COLLECTIVELY, THE "BUYER RELATED PARTIES") ARISING FROM OR RELATING TO THIS AGREEMENT AND THE CONTEMPLATED TRANSACTIONS, INCLUDING FOR ANY FAILURE OF BUYER TO EFFECT THE CLOSING OR OTHERWISE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT (WHETHER WILLFULLY, INTENTIONALLY, UNINTENTIONALLY OR OTHERWISE), WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02. EXCEPT FOR THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02, IN FURTHERANCE OF THE FOREGOING, (A) SELLER RELEASES THE BUYER RELATED PARTIES, WAIVES ANY RIGHT OF RECOVERY FOR AND AGREES NOT TO SEEK ANY RECOVERY FOR ANY LOSS SUFFERED AS A RESULT OF ANY BREACH OF ANY COVENANT, OBLIGATION, REPRESENTATION OR WARRANTY IN THIS AGREEMENT OR THE FAILURE OF THE TRANSACTION TO BE CONSUMMATED, OR IN RESPECT OF ANY ORAL REPRESENTATION MADE OR ALLEGED TO HAVE BEEN MADE IN CONNECTION HEREWITH AND (B) THE MAXIMUM AGGREGATE MONETARY LIABILITY THAT THE BUYER RELATED PARTIES SHALL HAVE IN CONNECTION WITH SUCH LOSS SHALL BE THE FORFEITURE OF THE DEPOSIT AMOUNT IN ACCORDANCE WITH THIS SECTION 9.02.

9.03 **Return of Records Upon Termination.** Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other

information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets in accordance with the Confidentiality Agreement and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 **Survival.** The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for thirty-six (36) months after Closing, (d) all covenants and agreements of Seller to be performed at or following the Closing shall survive until fully performed, (e) all other representations and warranties and pre-closing covenants and agreements of Seller shall survive for twelve (12) months after Closing; *provided*, that the covenants of Buyer and Seller set forth in Section 13.02 shall survive for the applicable statute of limitations plus sixty (60) days and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) (with respect only to clauses (a), (b), (c) and (i) in the definition of Retained Liabilities) shall terminate eighteen (18) months following the Closing Date. The indemnities in Section 10.02(c) (with respect only to clause (f) in the definition of Retained Liabilities) shall survive for the applicable statute of limitations plus sixty (60) days. The indemnities in Section 10.02(c) (with respect to Retained Liabilities other than those described in clauses (a), (b), (c), (f) and (i) in the definition of Retained Liabilities) shall continue indefinitely. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Seller.** Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10, Article 11 and Section 13.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including Breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and, except for the remedies provided in this Article 10, Article 11 and Section 13.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES**. Nothing in this Agreement or otherwise shall release or relieve Seller for actual fraud.

10.03 **Indemnification and Payment of Damages by Buyer.** Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's and its representatives' access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage arising from such access; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, from and after Closing, the remedies provided in this Article 10 and Section 13.17 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group.

10.04 **Indemnity Net of Insurance.** The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds actually received by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Liability.**

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (i) for any Damages with respect to any occurrence, claim, award or judgment that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (ii) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 11.02 or Section 11.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

(c) Notwithstanding anything in this Agreement to the contrary, Seller shall not be required to indemnify Buyer under Section 10.02(a) for any Asset Tax (or portion thereof) allocable to Buyer under Section 13.02(c) as a result of a breach by Seller of any representation or warranty set forth in Section 3.04, except to the extent the amount of such Asset Tax (or portion thereof) (i) exceeds the amount that would have been due absent such breach or (ii) was taken into account as an adjustment to the Purchase Price under Section 2.03, Section 2.05(c), Section 2.05(d) or Section 13.02(c)(iii).

10.06 **Procedure for Indemnification—Third Party Claims.**

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C), in the case of an indemnification claim by Buyer pursuant to Section 10.02(a) (other than with respect to a Fundamental Representation) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the

indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims.** A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 **Indemnification of Group Members.** The indemnities in favor of Buyer and Seller provided in Section 10.08 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties.**

(a) **NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.**

(b) Buyer acknowledges and affirms that it has made and prior to Closing will make its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test.** **THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT, EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability.** Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided, however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication.** Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes.** Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission.** Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

10.15 **Joint and Several.** Each Seller shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access.** Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Closing, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or copies (including electronic copies if available), of all of the Records, files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller or its Affiliates have relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights.**

(a) Seller shall, as promptly as practical but in no event later than ten (10) Business Days after the Execution Date, provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in compliance with the contractual provisions applicable thereto. To the extent any such Preferential Purchase Rights are properly exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing

Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date reasonably designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

(b) Within three (3) Business Days following the request of either Party, the Parties shall (i) amend this Agreement to exclude any Asset to the extent subject to a Preferential Purchase Right that has not been waived or disclaimed prior to the Execution Date (the "Pref Right Properties") and to reduce the Purchase Price by the Allocated Values of such Pref Right Properties and (ii) to enter into a separate purchase and sale agreement covering the sale of such Pref Right Properties from Seller to Buyer in exchange for the Allocated Values of such Pref Right Properties (the "Pref Right Purchase Agreement"). The Pref Right Purchase Agreement shall be on substantially the same terms and conditions as this Agreement but for such changes as are necessary to reflect the fact that the Pref Right Purchase Agreement only covers the Pref Right Properties. In addition to the conditions to Closing that will be set forth in Article 7 and Article 8 of the Pref Right Purchase Agreement, the obligations of each of the Parties to close the Pref Right Purchase Agreement shall be conditioned upon the Closing of this Agreement. In the event the owner of the preferential purchase right waives in writing its election to enter into the Pref Right Purchase Agreement, the Pref Right Purchase Agreement will be deemed terminated and this Agreement will be in full force and effect in the form of this Agreement as of the Execution Date.

11.03 **Consents.** Seller shall as promptly as practical, but in no event later than ten (10) Business Days after the Execution Date, provide all notices required to comply with or obtain all Consents in compliance with the contractual provisions applicable thereto required for the transfer of the Assets and in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent and has not been denied in writing, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer.

(ii) If the Consent is a Required Consent or a Consent that has been denied in writing, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects.** Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on May 26, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Lease or Well or portion thereof (including by the currently producing formation or Target Formation, as applicable) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, and (d) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week; *provided*, that the failure to provide any such preliminary notice shall not affect Buyer's right to assert Title Defects at any time prior to the Defect Notice Date. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value.** The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect with respect to a Well represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07 (and Seller's Working Interest in the Well is decreased in the same or greater proportion), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07;

(d) if the Title Defect with respect to a Well represents an increase of (i) Seller's Working Interest for any Title Defect Property over (ii) the Working Interest set forth for such Title Defect Property in Schedule 2.07 (except (A) increases resulting from contribution requirements with respect to defaulting co-owners from and after the Execution Date under applicable operating agreements, or (B) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest), then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Working Interest increase and the denominator of which is the Working Interest set forth for such Well in Schedule 2.07;

(e) if the Title Defect with respect to a Lease results from a discrepancy where (i) the actual Net Acres for such Title Defect Property as to the Target Formation is less than (ii) the Net Acres set forth on Schedule 2.07 for such Title Defect Property, then the Title Defect value shall be calculated by multiplying the Net Acre deficiency for such Lease by the per-Net Acre Allocated Value; and

(f) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 **Seller's Cure or Contest of Title Defects.**

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date. If Seller elects to cure and:

(i) actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not cure the Title Defect prior to the Closing, then Seller shall:

(A) if Seller elects to cure the Title Defect, convey the affected Asset to Buyer and Buyer shall pay the Title Defect Value attributable to the affected Asset to the Escrow Agent at the Closing; *provided, however* that if Seller is unable to Cure the Title Defect by the end of the Title Defect Cure Period, then (i) Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and (ii) the Parties shall issue joint written instructions to the Escrow Agent to release such Title Defect Value to Buyer; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(iii) If Seller does not elect to cure the Title Defect, subject to Seller's continuing right to dispute the Title Defect, Seller shall convey the affected Asset to Buyer at the Closing and the Purchase Price shall be adjusted in accordance with the terms of this Agreement.

(b) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects.** Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, other than with respect to the special warranty of Defensible

Title to be provided in the Instruments of Conveyance, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Lease or Well is less than the De Minimis Title Defect Cost (and the aggregate of all Title Defect Values for all Title Defects based upon a single matter creating such Title Defect is less than the De Minimis Title Defect Cost), such value shall not be considered in calculating the Aggregate Title Defect Value.

11.08 **Title Benefits.** If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest in any Well above that shown in Schedule 2.07, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07, (b) to decrease the Working Interest of Seller in any Well below that shown in Schedule 2.07, to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Schedule 2.07, (d) to increase the Net Acres for a Lease as to the applicable Target Formation to an amount greater than the Net Acres for such Lease in Schedule 2.07 (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected (the "Title Benefit Properties"), the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity which is discovered by any of Buyer or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Well and (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07 then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07; (iii) if the Title Benefit represents a decrease of (A) Seller's Working Interest for any Title Benefit Property below (B) the Working Interest set forth for such Title Benefit Property in Schedule 2.07, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property, *multiplied* by a fraction, the numerator of which is the Working Interest decrease and the denominator of which is the Working Interest set forth for such Title Benefit Property in Schedule 2.07; (iv) if the Title Benefit represents an increase in Net Acres of a Lease set forth in Schedule 2.07, then the Title Benefit Amount shall be determined by multiplying the Net Acre increase with respect to such Lease by the per-Net Acre Allocated Value; and (v) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential

economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided, however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment.** Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01. Notwithstanding anything in this Agreement to the contrary, if (a) Buyer is not granted access to any Asset to conduct its Phase I Environmental Site Assessment of the Assets or (b) Buyer determines in good faith that (based on the results of its Phase I Environmental Site Assessment) sampling or testing of environmental media or operation of equipment is recommended on an Asset and Buyer is not granted permission and access to conduct such activities, then Buyer may elect to exclude such Asset, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets).

11.10 **Environmental Defect Notice.** Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Lease(s) or Well(s) affected; (ii) a reasonably detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value

with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, subject to Section 11.13, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting substantially all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Seller's Exclusion, Cure or Contest of Environmental Defects.** Seller, in its sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a); *provided*, if the Environmental Defect Value agreed upon by the Parties or finally determined in accordance with Section 11.15 is equal to or exceeds the Allocated Value of the affected Assets, then Buyer may elect to exclude such affected Assets, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets) (*provided* that if such agreement or final determination occurs following the Closing, then Buyer shall reassign such affected Assets to Seller pursuant to an assignment in form and substance reasonably acceptable to the Parties in exchange for the Allocated Value of such Assets).

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date by giving written notice to Buyer to that effect prior to the Closing Date. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

    (i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

    (ii) does not complete a Complete Remediation prior to the Closing Date, unless Seller or Buyer elects to exclude such Asset(s) in accordance with this Section 11.11, then Seller shall convey the affected Asset(s) to Buyer and the Purchase Price shall be reduced by the Environmental Defect Value of the affected Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to

submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, subject to the terms of this Section 11.11 the affected Lease(s) or Well(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 **Limitations.** Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies.** The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation.** If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed or damaged by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), subject to Section 7.08 and Section 8.08, this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Five Hundred Thousand Dollars ($500,000) net to Seller's interest, (a) Seller must elect by written notice to Buyer prior to Closing either to (x) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost prior to the Closing Date, or (y) reduce the Purchase Price by the amount of the Casualty Loss and (b) Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. With respect to all other Casualty Losses, Seller shall assign and subrogate to Buyer all rights to insurance and other claims with respect to such Casualty Losses.

11.15 **Expert Proceedings.**

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the

extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than fifteen (15) years' experience as a lawyer in the State of Wyoming with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters

proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
EMPLOYMENT MATTERS

12.01 **Seller Benefit Plans**. Effective as of his or her Employee Start Date, each Continuing Employee shall cease to accrue further benefits and shall cease to be an active participant under the Seller Benefit Plans. Buyer shall not assume any of the Seller Benefit Plans. From and after each Continuing Employee's Employee Start Date, Seller and its ERISA Affiliates shall retain and shall be solely responsible for all obligations and liabilities under the Seller Benefit Plans, and neither Buyer nor its Affiliates shall have any obligation, liability or responsibility from and after such Continuing Employee's Employee Start Date to or under the Seller Benefit Plans, whether such obligation, liability or responsibility arose before, on or after such Continuing Employee's Employee Start Date.

12.02 **Pre-Employee Start Date Claims under Seller Benefit Plans and Accrued Vacation Balances**.

(a) To the extent that an Available Employee was a participant in a Seller Benefit Plan, the Seller Benefit Plans shall be responsible for providing welfare benefits (including medical, hospital, dental, accidental death and dismemberment, life, disability and other similar benefits) to any participating Available Employees for all claims incurred prior to his or her Employee Start Date under and subject to the terms and conditions of such plans. For purposes of this Section 12.02, a claim is incurred with respect to (i) accidental death and dismemberment, disability, life and other similar benefits when the event giving rise to such claim occurred and (ii) medical, hospital, dental and other similar benefits when the services with respect to such claim are rendered; *provided*, that all services related to a continuous period of hospitalization shall be deemed to be rendered upon the commencement of such period.

(b) Seller shall pay each Continuing Employee's accrued and unused vacation balance (the "Accrued Vacation Balances"), in each case, to the extent such Accrued Vacation Balance existed immediately prior to such Continuing Employee's Employee Start Date, in accordance with applicable Legal Requirements.

12.03 **Available Employees' Offers and Post-Employee Start Date Employment and Benefits**.

(a) Following the Execution Date, Seller shall provide Buyer reasonable access to the Available Employees.

(b) Within two (2) Business Days of the Execution Date, Seller will provide Buyer with a list that sets forth the name of each Available Employee, and for each such individual, his or her name, job title, annualized salary or hourly wage, bonus eligibility/target, long-term incentive eligibility/target, vacation eligibility, hire date/start date, leave status (including expected duration of any leave), and details of any visa (the "Available Employee List"), which Available Employee List shall (i) be consistent with the employee schedules provided to Buyer prior to the Execution Date and (ii) not include more than 32 individuals.

(c) Beginning seven (7) Business Days following the Execution Date, Buyer or its Affiliate may make written offers of employment to each of the Available Employees to whom Buyer or its Affiliate elects to make an offer of employment, with such offers providing for an Employee Start Date of the Closing Date. Each offer of employment shall provide the applicable Available Employee at least five (5) Business Days to either accept or reject such offer. No later than the date that is three (3) Business Days prior to the anticipated Closing Date, Buyer shall notify Seller as to each Available Employee who has accepted an offer from Buyer or any of its Affiliates, which acceptance shall be conditioned upon the occurrence of the Closing and effective as of the Employee Start Date and may be conditioned on other typical hiring policies, and each Available Employee who has rejected Buyer's or its Affiliate's offer of employment. Buyer shall indemnify and hold harmless Seller and its Affiliates with respect to all claims and Liabilities relating to or arising out of Buyer's or its Affiliate's employee selection and employment offer process described in this Section 12.03 (including any claim of discrimination or other illegality in such selection and offer process).

(d) Each Available Employee who is actively at work as of the Closing Date or is on a previously scheduled and approved (by Seller or its Affiliates) short-term disability, long-term disability, workers' compensation or other approved leave of absence and accepts an offer of employment from Buyer or its Affiliate and, in each instance, assumes employment with Buyer or its Affiliate is referred to as a "Continuing Employee." The date that a Continuing Employee begins employment with Buyer or its Affiliate is referred to as his or her "Employee Start Date." During the twelve (12) month period immediately following the Closing Date that a Continuing Employee is employed by Buyer or its Affiliate, such Continuing Employee will be provided, (i) base salary or hourly wage rate at least equal to the base salary or hourly wage rate provided to the Available Employee as of the Execution Date; (ii) reemployment or hiring opportunities, as applicable, to those Available Employees (if any) identified in the Available Employee List as "Inactive Available Employees" (*provided* that, Seller shall have the right until Closing to amend the Available Employee List to designate any Available Employee as an

Inactive Available Employee if such employee becomes an Inactive Available Employee following delivery of the Available Employee List) who are not actively at work as of the Closing Date due to short-term disability, workers' compensation or other approved leave of absence, with such reemployment or hiring to be effective as of the date, if any, each such Inactive Available Employee has been cleared for and returns to active employment and to be in a position comparable to that which such Inactive Available Employee has prior to the commencement of his or her absence from active employment (so long as such date occurs within 120 days following the Closing Date or such longer time as may be required by any applicable Legal Requirement); and (iii) cash severance benefit opportunities for each Continuing Employee who is terminated or is subject to a reduction in base pay or relocation of more than fifty (50) miles during the twelve (12) month period immediately following the Employee Start Date as provided in (and subject to release of claim requirements in favor of Buyer and its Affiliates comparable to those within) the Severance Plan; *provided* that nothing in the foregoing shall affect the right of Buyer or its Affiliates to terminate the employment of a Continuing Employee for any reason or at any time. Seller retains the right to terminate the employment of a Continuing Employee for any reason or at any time prior to the Employee Start Date. On or before the Employee Start Date of each Continuing Employee, Seller shall take all necessary action to fully vest as of such date such Continuing Employee's account balances and other benefits under all Seller Benefit Plans, if any, that (x) are employee pension benefit plans (as such term is defined in Section 3(2) of ERISA) or (y) provide equity-based awards.

(e) Buyer or its Affiliate shall cause each Continuing Employee and his or her eligible dependents (including all such employee's dependents covered immediately prior to the Employee Start Date by a group health plan maintained by Seller or its Affiliates) to be eligible to be covered under a group health plan maintained by Buyer or its Affiliate that (i) provides medical and dental benefits coverage to such Continuing Employee and such eligible dependents effective as of the first day of the calendar month following such Continuing Employee's Employee Start Date (unless such Continuing Employee's Employee Start Date is the first day of a calendar month, in which case, such coverage shall be effective immediately as of such Continuing Employee's Employee Start Date) and (ii) credits such Continuing Employee, for the year during which such coverage under such group health plan begins, for any deductibles incurred during such year under a group health plan maintained by Seller or its Affiliates.

(f) Buyer or its Affiliate shall recognize full service credit for all purposes (other than (i) to the extent that such credit would result in duplication of benefits with respect to the same period of service, (ii) credit for any equity or incentive compensation plan or arrangement maintained by Buyer or its Affiliates, (iii) for benefit accrual purposes under any defined benefit pension plan) under all vacation, employee benefit plans, policies and arrangements made available to Continuing Employees by Buyer or any of its Affiliates on or after his or her Employee Start Date to the same extent such Continuing Employee's service was recognized under the corresponding type of benefit plans in which such Continuing Employee participated immediately prior to his or her Employee Start Date, including the severance benefit determinations as set forth in the Severance Plan.

12.04 **Savings Plans**. Effective as of the Closing Date, Buyer shall, or shall cause one of its Affiliates to, establish or maintain defined contribution pension plan (or plans) and trust (or trusts) intended to qualify under Sections 401(a) and 501(a) of the Code in which all Continuing

Employees shall be eligible to participate (the "Buyer Savings Plan") as of their respective Employee Start Dates. Buyer or one of its Affiliates shall cause the Buyer Savings Plan to accept the direct rollover of electing Continuing Employees' benefits in cash from any tax-qualified defined contribution plans maintained by any Seller Party or their respective Affiliates (each, a "Seller Savings Plan"); provided that such direct rollover consists of the full balance (rather than a portion of the balance) of such account. Prior to the Closing Date, Seller shall take such actions, if any, as may be necessary to permit the continuation of loan repayments after such date by each Continuing Employee if he or she has an outstanding loan from any Seller Savings Plan. Such loan repayments shall be made directly by the Continuing Employee to the applicable Seller Savings Plan and shall be permitted so long as the Continuing Employee remains employed by Buyer or any of its Affiliates.

12.05 **Post-Employee Start Date Employment Claims**. Buyer shall indemnify, defend and hold Seller and its Affiliates harmless from and against any and all liability of any kind or nature involving or related to the employment of each Continuing Employee by Buyer or its Affiliate after his or her Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by Buyer or its ERISA Affiliates after the Employee Start Date. Seller shall indemnify, defend and hold Buyer and its Affiliates harmless from and against any and all liability of any kind or nature or related to (a) the employment of any Available Employee who does not become a Continuing Employee, including any liability related to any Seller Benefit Plan and (b) the employment of the Continuing Employees by Seller or its Affiliate before his or her Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by any Seller Party or any of their respective ERISA Affiliates before the Employee Start Date. Any Available Employee who rejects Buyer's or its Affiliate's offer of employment in Section 12.03 will not be eligible for severance under Seller's Severance Plan.

12.06 **Buyer Welfare Plans**. Buyer shall cause the waiver of all limitations as to pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to the Continuing Employees. Buyer shall provide continuation health care coverage to Continuing Employees and their qualified beneficiaries who incur a qualifying event, in accordance with the continuation health care coverage requirements of Section 4980B of the Code and Title I, Subtitle B, Part 6 of ERISA ("COBRA") or any similar provisions of state Legal Requirement, on or after the Employee Start Date.

12.07 **WARN Act**. From the date of this Agreement until the final Employee Start Date, Seller shall not and shall cause its Affiliates not to, terminate the employment of any Available Employees such that a "plant closing" or "mass layoff" (as those terms are defined in the WARN Act or any similar state Legal Requirement) occurs prior to the final Employee Start Date without complying with the WARN Act. Buyer agrees to provide any notice to each Continuing Employee required under the WARN Act or any similar state Legal Requirement with respect to any "plant closing" or "mass layoff" affecting such Continuing Employee that may occur on or after his or her Employee Start Date.

12.08 **No Third Party Beneficiary Rights**. Nothing herein, expressed or implied, shall confer upon any Available Employees (or any of their beneficiaries or alternate payees) any rights or remedies (including any right to employment or continued employment, or any right to

compensation or benefits for any period) of any nature or kind whatsoever, under or by reason of this Agreement or otherwise. In addition, the provisions of this Article 12, are for the sole benefit of the Parties and are not for the benefit of any Third Party. Nothing in this Article 12, express or implied, shall be (a) deemed an amendment of any Seller Benefit Plan providing benefits to any Available Employee, or (b) construed to prevent Buyer or its Affiliates from terminating or modifying to any extent or in any respect any employee benefit plan that Buyer or its Affiliates may establish or maintain.

12.09 **Severance Obligation**. If any Available Employee is entitled to severance benefits under the Seller's Severance Plan as a result of a Qualifying Termination caused by the failure of Buyer or its Affiliate to give an offer of employment to such Available Employee or the failure of Buyer to give an offer of employment to the Available Employee that would avoid a Qualifying Termination, Buyer will reimburse Seller for fifty percent (50%) of the amount of severance benefits paid to such Available Employee pursuant to Seller's Severance Plan, which payment shall be made within thirty (30) days following Buyer's receipt of a written invoice from Seller detailing the applicable severance benefits paid, which invoice (or invoices) shall be provided by Seller to Buyer within fifteen (15) days after the date that Seller or its Affiliate has paid to the applicable Available Employee(s) the severance benefits that are subject to the reimbursement described in this Section 12.09. Notwithstanding the foregoing, Buyer will be obligated to provide such reimbursement only if an Available Employee's Qualifying Termination occurs within thirty (30) days of the Closing Date.

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records.** Seller, at Buyer's cost and expense, shall deliver (a) all electronic Records to Buyer as soon as practical on or following the Closing Date (and shall use commercially reasonable efforts to deliver such electronic Records no later than three (3) Business Days following the Closing Date) and (b) originals (or copies where no original exists) of all other Records to Buyer (FOB Seller's office) within thirty days after the Closing; *provided* that Seller is entitled to retain the original Records related to accounting and Asset Taxes prior to the Effective Time and may provide Buyer with a copy in lieu of the original Record. With respect to any other original Records delivered to Buyer, subject to Section 13.13, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for Tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 **Expenses and Taxes.**

(a) Expenses. Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this

Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) Transfer Taxes and Fees.

(i) The Parties acknowledge and agree that no Transfer Taxes will become due as a result of, or in connection with, the transfer of the Assets pursuant to this Agreement, and neither Party shall take any position inconsistent therewith unless required to do so by any applicable Legal Requirement; *provided*, *however*, that if any Transfer Taxes are asserted by any taxing authority in connection with the transfer of the Assets pursuant to this Agreement, (A) Buyer shall, at Seller's expense, cooperate with Seller in any Proceedings related to such Transfer Taxes and (B) to the extent any such Transfer Taxes are determined to be due, Seller shall pay to the appropriate taxing authority, or promptly reimburse Buyer for, any such Transfer Taxes.

(ii) Notwithstanding anything to the contrary in the preceding clause (i), any and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer.

(c) Asset Taxes.

(i) Seller shall be allocated and bear all Asset Taxes attributable to (A) any Tax period ending prior to January 1, 2017, and (B) the portion of any Straddle Period ending immediately prior to January 1, 2017. Buyer shall be allocated and bear all Asset Taxes attributable to (x) any Tax period beginning on or after January 1, 2017, and (y) the portion of any Straddle Period beginning on January 1, 2017.

(ii) For purposes of determining the allocations described in Section 13.02(c)(i), (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons (other than such Asset Taxes described in clause (C), below) shall be allocated to the period in which the severance or production giving rise to such Asset Taxes occurred, (B) Asset Taxes that are based upon or related to sales or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A) or (C)), shall be allocated to the period in which the transaction giving rise to such Asset Taxes occurred, and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis pertaining to a Straddle Period shall be allocated between the portion of such Straddle Period ending immediately prior to January 1, 2017 and the portion of such Straddle Period beginning on January 1, 2017 by prorating each such Asset Tax based on the number of days in the applicable Straddle Period that occur before January 1, 2017, on the one hand, and the number of days in such Straddle Period that occur on or after January 1, 2017, on the other hand. Notwithstanding anything in this Section 13.02(c)(ii) to

the contrary, Gross Products Taxes shall be deemed attributable to the period during which the production giving rise to the Gross Products Taxes occurs, and liability therefor apportioned between the Parties in accordance with the production attributable to their relative ownership prior to or after January 1, 2017, as applicable. For the avoidance of doubt, (x) Gross Products Taxes based on the value of production of Hydrocarbons that occurs prior to January 1, 2017, shall be allocated entirely to Seller and (y) Gross Products Taxes based on the value of 2017 production of Hydrocarbons and payable in 2018 and 2019 ("2017 Gross Products Taxes") shall be allocated entirely to Buyer.

(iii) To the extent the actual amount of an Asset Tax is not known at the time an adjustment is to be made with respect to such Asset Tax pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, the Parties shall utilize the most recent information available in estimating the amount of such Asset Tax for purposes of such adjustment. To the extent the actual amount of an Asset Tax (or the amount thereof paid or economically borne by a Party) is ultimately determined to be different than the amount (if any) that was taken into account in the Final Settlement Statement as finally determined pursuant to Section 2.05(d), timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(c).

(d) Tax Returns and Payments. Except as required by applicable Legal Requirements or as otherwise provided in the Transition Services Agreement:

(i) Seller shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on production of Hydrocarbons occurring on or prior to the Closing Date (including, for the avoidance of doubt, all Gross Products Taxes attributable to production that occurs prior to January 1, 2017, and all 2017 Gross Products Taxes attributable to production that occurs from January 1, 2017 through and including the Closing Date), (B) all Asset Taxes (other than the Asset Taxes described in clause (A)) that are ad valorem or property Taxes imposed on a periodic basis relating to any Tax period that ends before or includes the Effective Time, and (C) all other Asset Taxes required to be paid on or prior to the Closing Date, and Seller shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes. Seller shall provide Buyer with evidence reasonably satisfactory to Buyer of the payment of all Asset Taxes described in this Section 13.02(d)(i)(A) and (B) within ten (10) Business Days after Seller's payment thereof.

(ii) Buyer shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on production of Hydrocarbons occurring from June 1, 2017 through December 31, 2017 (including, for the avoidance of doubt, all 2017 Gross Products Taxes attributable to production that occurs from June 1, 2017 through December 31, 2017) and (B) all other Asset Taxes relating to any Tax period that ends before or includes the Effective Time

that are required to be paid after the Closing Date (except, in each case, to the extent such Taxes are required to be paid, withheld or remitted by Seller in accordance with Section 13.02(d)(i)), and Buyer shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes.

(iii) The Parties agree that (x) this Section 13.02(d) is intended to solely address the timing and manner in which certain Tax Returns relating to Asset Taxes are filed and the Asset Taxes shown thereon are paid to the applicable taxing authority, and (y) nothing in this Section 13.02(d) shall be interpreted as altering the manner in which Asset Taxes are allocated to and economically borne by the Parties.

(e) Cooperation. Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any Tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority

(f) Refunds. Seller shall be entitled to any and all refunds of Asset Taxes allocated to Seller pursuant to Section 13.02(c), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 13.02(c). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 13.02(f), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

13.03 **Notices.** All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

13.04 **Governing Law; Jurisdiction; Service of Process; Jury Waiver.**

(a) **THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE RIGHTS, DUTIES AND THE LEGAL RELATIONS AMONG THE PARTIES HERETO AND THERETO SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, EXCLUDING ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT REFER CONSTRUCTION OF SUCH PROVISIONS TO THE LAWS OF ANOTHER JURISDICTION; *PROVIDED, HOWEVER*, THAT ANY MATTER RELATED TO REAL PROPERTY SHALL BE GOVERNED BY THE LAWS OF THE STATE OF WYOMING. WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(D)**

WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.

(b) Notwithstanding anything herein to the contrary, each of the Parties agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-Person claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Sources in any way relating to this Agreement or the Contemplated Transaction, including any Proceeding arising out of or relating in any way to the Debt Financing or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable Legal

Requirements exclusive jurisdiction is vested in the federal courts, the United States District Court for the Southern District of New York (and appellate courts thereof). Each of the Parties irrevocably agrees to waive trial by jury in any action, cause of action, claim, cross-claim or third-Person claim referred to in this paragraph.

13.05 **Further Assurances.** Each Party agrees (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 **Waiver.** The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 **Entire Agreement and Modification.** This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights.** Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party); provided that Buyer (without the consent of Seller) may assign all or part of its rights under this Agreement (including its rights to receive the Assets) to one or more Affiliates (or to the Financing Sources for collateral purposes), and (a) any assignment (other than an assignment by Buyer to an Affiliate) made without such consent shall be void, and (b) in the event of such consent (or an assignment by Buyer to an Affiliate), such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement

without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement or any other agreement contemplated herein shall be construed to give any Person other than the Parties and their permitted assignees (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns. Notwithstanding the foregoing, the Financing Sources shall be deemed third-Person beneficiaries of Sections 9.02, Section 13.04(b), this Section 13.08, and 13.18 hereof, each of which shall be enforceable by each Financing Source and, to the extent enforced thereby, construed in accordance with, and governed by, the Laws of the State of New York without reference to the conflict of laws principles thereof, and none of which shall be amended or otherwise modified in any way that adversely affects the rights of any Financing Source without the prior written consent of the Financing Sources.

13.09 **Severability.** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

13.10 **Article and Section Headings, Construction.** The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts.** This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release.** No Party shall make any press release or other public announcement respecting this Agreement or the Contemplated Transactions prior to the time that is twenty-four (24) hours following the execution and delivery of this Agreement by the Parties. Subject to Section 13.13, if, prior to Closing, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least twenty-four (24) hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; provided that failure to reach such agreement shall not prohibit a Party from making a press release or public announcement. Failure to provide comments back to the other Party within twenty-four (24) hours of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).

13.13 **Confidentiality.** The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) to any Affiliate or Representative, (e) in the case of Buyer, to any potential purchaser of (or joint venture partner with respect) to all or any portion of the Assets and any direct and/or indirect (current or potential) investor or lender, and (f) to the extent that such Party must disclose the same in any Proceeding brought or Threatened by or against it to enforce or defend its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. Additionally, from and after the Closing, Seller shall keep confidential and not use any of the Records other than for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 **Name Change.** As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for

eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement.** Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 **Appendices, Exhibits and Schedules.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

13.17 **Specific Performance.** Each Party hereby acknowledges and agrees that the rights of each Party to consummate the transactions contemplated hereby are special, unique and of extraordinary character and that, if Seller, or after Closing, Buyer, violates or fails or refuses to perform any covenant or agreement made by it herein, the non-breaching Parties may be without an adequate remedy at law. If Seller, or after Closing, Buyer violates or fails or refuses to perform any covenant or agreement made by such Party herein, the non-breaching Parties, subject to the terms hereof and in addition to any remedy at law for damages or other relief permitted under this Agreement, may (at any time prior to the valid termination of this Agreement pursuant to Article 9) institute and prosecute an action in any court of competent jurisdiction to enforce specific performance of such covenant or agreement or seek any other equitable relief, without the necessity of proving actual damages or posting of a bond. For clarity, Seller shall only have the right to seek specific performance of Buyer's covenants and agreements contained herein following the Closing.

13.18 **Non-Recourse**. This Agreement may only be enforced against, and any Damages based upon, arising out of, or related to this Agreement or the negotiation, execution or performance of this Agreement may only be brought against, the entities that are expressly named as Parties hereto and then only with respect to the specific obligations set forth herein or therein with respect to such Party. For further clarity, no past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) of any Party hereto or of any Affiliate of any Party hereto or any such past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) (collectively, a "Party Affiliate"), or any of their successors or permitted assigns, shall have any liability for any obligations or liabilities of any Party hereto or thereto under this Agreement or for any Damages based on, in respect of or by reason of the transactions contemplated hereby or thereby.

[*Signature Page Follows*]

IN WITNESS WHEREOF, the Parties have executed and delivered this Agreement as of the date first written above.

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "Agreement") is made as of May 23, 2017 (the "Execution Date"), by and among Linn Energy Holdings, LLC, a Delaware limited liability company ("LEH"), Linn Operating, LLC, a Delaware limited liability company ("LOI"), Linn Midstream, LLC, a Delaware limited liability company ("LM", and together with LEH and LOI, "Sellers" and each a "Seller"), and Berry Petroleum Company, LLC, a Delaware limited liability company ("Buyer"). Sellers and Buyer are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

RECITAL

Sellers desire to sell, and Buyer desires to purchase, all of Sellers' right, title and interest in and to certain oil and gas properties and related assets and contracts, effective as of the Effective Time, for the consideration and on the terms set forth in this Agreement.

AGREEMENT

For and in consideration of the promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1
DEFINITIONS

For purposes of this Agreement, in addition to other capitalized terms defined in this Agreement, the following terms have the meanings specified or referred to in this Article 1 when capitalized:

"AAA" – the American Arbitration Association.

"Accounting Expert" – as defined in Section 2.05(d).

"Affiliate" – with respect to a Party, any Person directly or indirectly controlled by, controlling, or under common control with, such Party, including any subsidiary of such Party and any "affiliate" of such Party within the meaning of Reg. §240.12b-2 of the Securities Exchange Act of 1934, as amended. As used in this definition, "control" means possession, directly or indirectly, of the power to direct or cause the direction of management, policies, or action through ownership of voting securities, contract, voting trust, or membership in management or in the group appointing or electing management or otherwise through formal or informal arrangements or business relationships. The terms "controlled by," "controlling," and other derivatives shall be construed accordingly.

"Aggregate Defect Deductible" – an amount equal to three percent (3%) of the unadjusted Purchase Price.

"Aggregate Environmental Defect Value" – as defined in Section 11.12.

"Aggregate Title Defect Value" – as defined in Section 11.07.

"Allocated Values" – the values assigned among the Assets as set forth on Schedule 2.07.

"Applicable Contracts" – all Contracts to which any Seller is a party or is bound (or by which its interest in any of the Assets is bound) that primarily relate to any of the Assets and (in each case) that will be binding on Buyer (or its interest in any of the Assets) after the Closing, including: communitization agreements; net profits agreements; production payment agreements; area of mutual interest agreements; joint venture agreements; confidentiality agreements; farmin and farmout agreements; bottom hole agreements; crude oil, condensate, and natural gas purchase and sale, gathering, transportation, and marketing agreements; hydrocarbon storage agreements; acreage contribution agreements; operating agreements; balancing agreements; pooling declarations or agreements; unitization agreements; processing agreements; saltwater disposal agreements; facilities or equipment leases; and other similar contracts and agreements, but exclusive of any master service agreements and any other Contracts that constitute Excluded Assets.

"Asset Taxes" – ad valorem, property, excise, severance, production, sales, real estate, use, personal property and similar Taxes (including any interest, fine, penalty or additions to Tax imposed by Governmental Bodies in connection with such Taxes) based upon the operation or ownership of the Assets, the production of Hydrocarbons or the receipt of proceeds therefrom, but excluding, for the avoidance of doubt, income, capital gains, franchise Taxes and similar Taxes based upon, measured by, or calculated with respect to net income, profits, capital, or similar measures (or multiple bases, including corporate, franchise, business and occupation, business license, or similar Taxes, if net income, profits, capital, or a similar measure is one of the bases on which such Tax is based, measured, or calculated) and Transfer Taxes.

"Assets" – all of Sellers' collective right, title, and interest in, to, and under the following, without duplication, except to the extent constituting Excluded Assets:

(a) all of the oil and gas leases and subleases described in Exhibit A, together with any and all other right, title and interest of Sellers in and to the leasehold estates created thereby subject to the terms, conditions, covenants and obligations set forth in such leases or Exhibit A (such interest in such leases, the "Leases"), all related rights and interests in the lands covered by the Leases and any lands pooled or unitized therewith (such lands, the "Lands"), and all Royalties applicable to the Leases and the Lands;

(b) any and all oil, gas, water, CO2, disposal and injection wells located on any of the Lands (such interest in such wells, including the wells set forth in Exhibit B, the "Wells"), and all Hydrocarbons produced therefrom or allocated thereto from and after the Effective Time;

(c) all rights and interests in, under or derived from all unitization and pooling agreements, declarations and orders in effect with respect to any of the Leases or Wells and the units created thereby (the "Units") (the Leases, the Lands, the Units and the Wells being collectively referred to hereinafter as the "Properties" or individually as a "Property");

(d) to the extent that they may be assigned, transferred or re-issued by the applicable Seller (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Sellers shall use commercially reasonable efforts to obtain such consent), all Permits, licenses, allowances, water rights, registrations, consents, orders, approvals, variances, authorizations, servitudes, easements, rights-of-way, surface leases, other surface interests and surface rights to the extent appurtenant to or used primarily in connection with the ownership, operation, production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from the Properties or any of the Assets, including the Rights-of-Way described on Exhibit A-1;

(e) all equipment, machinery, fixtures and other personal, movable and mixed property located on any of the Properties or other Assets that is used or held for use primarily in connection therewith, including those items listed in Exhibit C, and including well equipment, casing, tubing, pumps, motors, machinery, platforms, rods, tanks, boilers, fixtures, compression equipment, flowlines, pipelines, gathering systems associated with the Wells, manifolds, processing and separation facilities, pads, structures, materials, and other items primarily used or held for use in the operation thereof (collectively, the "Personal Property");

(f) the real property described on Exhibit A-2 and any Personal Property located thereon;

(g) all salt water disposal wells and evaporation pits that are located on the Lands;

(h) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Sellers shall use commercially reasonable efforts to obtain such consent), all Applicable Contracts and all rights thereunder;

(i) all Imbalances relating to the Assets;

(j) the Suspense Funds;

(k) originals (if available, and otherwise copies) and copies in digital form (if available) of all of the books, files, records, information and data, whether written or electronically stored, primarily relating to the Assets in a Seller's possession, including: (i) land and title records (including prospect files, maps, lease records, abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, production, and accounting and Asset Tax records; (v) production, facility and well records and data (including well logs); and (vi) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Sellers shall use commercially reasonable efforts to obtain such consent), geological and seismic data (excluding interpretive data) (collectively, "Records");

(l) all Hydrocarbons in storage or existing in stock tanks, pipelines or plants (including inventory);

(m) the carbon dioxide allowances described on Exhibit A-5 (the "Carbon Credits"), other than any Carbon Credits used by a Seller prior to Closing to satisfy Emissions Fees imposed against such Seller or with respect to the Assets prior to Closing; and

(n) all radio equipment, SCADA and measurement technology, and other production related mobility devices (such as SCADA controllers), well communication devices, and any other information technology systems and licenses associated with the foregoing, in each case only to the extent such assets and licenses are (i) used or held for use solely in connection with the operation of the Properties, (ii) assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Sellers shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), and (iii) located on the Property (the "Production Related IT Equipment").

"Assignment" – the Assignment and Bill of Sale from Sellers to Buyer, pertaining to the Assets, substantially in the form attached to this Agreement as Exhibit D.

"Assumed Liabilities" – as defined in Section 2.06.

"Assumed Litigation" – the litigation set forth in Schedule 3.05.

"Breach" – a "Breach" of a representation, warranty, covenant, obligation, or other provision of this Agreement or any certificate delivered pursuant to Section 2.04(a)(iii) or Section 2.04(b)(iii) of this Agreement shall be deemed to have occurred if there is or has been any inaccuracy in or breach of, or any failure to perform or comply with, such representation, warranty, covenant, obligation, or other provision.

"Business Day" – any day other than a Saturday, Sunday, or any other day on which commercial banks in the State of Texas are authorized or required by law or executive order to close.

"Buyer" – as defined in the preamble to this Agreement.

"Buyer's Closing Documents" – as defined in Section 4.02(a).

"Buyer Group" – Buyer and its Affiliates, and their respective Representatives.

"Carbon Credits" – as defined in "Assets".

"Casualty Loss" – as defined in Section 11.14.

"Closing" – the closing of the sale by Sellers and the purchase by Buyer of the Assets pursuant to this Agreement.

"Closing Date" – as defined in Section 2.03.

"Code" – the Internal Revenue Code of 1986, as amended.

"Complete Remediation" – with respect to an Environmental Defect, a remediation or cure of such Environmental Defect which is completed in accordance with the Lowest Cost Response.

"Confidentiality Agreement" – that certain confidentiality agreement dated as of March 3, 2017, by and between LEH and Buyer.

"Consent" – any approval, consent, ratification, waiver, or other authorization (including any Governmental Authorization) from any Person that is required to be obtained in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Contemplated Transactions" – all of the transactions contemplated by this Agreement, including:

(a) the sale of the Assets by Sellers to Buyer;

(b) the performance by the Parties of their respective covenants and obligations under this Agreement; and

(c) Buyer's acquisition, ownership, and exercise of control over the Assets.

"Contract" – any written or oral contract, agreement or any other legally binding arrangement, but excluding, however, any Lease, Right-of-Way, Permit or other instrument creating or evidencing an interest in the Assets or any real or immovable property related to or used in connection with the operations of any Assets.

"Cure" – as defined in Section 11.06.

"Damages" – any and all claims, demands, payments, charges, judgments, assessments, losses, liabilities, damages, penalties, fines, expenses, costs, fees, settlements, and deficiencies, including any attorneys' fees, legal, and other costs and expenses suffered or incurred therewith.

"De Minimis Environmental Defect Cost" – Fifty Thousand Dollars ($50,000).

"De Minimis Title Defect Cost" – Fifty Thousand Dollars ($50,000).

"Defect Notice Date" – as defined in Section 11.04.

"Defensible Title" – record title of Sellers (collectively) with respect to the Leases and Wells that, as of the Effective Time and the Closing Date and subject to the Permitted Encumbrances:

(a) with respect to each Lease or Well, entitles a Seller to receive not less than the Net Revenue Interest set forth for such Seller in Exhibit A for such Lease or Exhibit B for such Well (as applicable), except for (i) decreases in connection with those operations in which such Seller or its successors or assigns may from and after the Effective Time and in accordance with the terms of this Agreement elect to be a non-consenting co-owner, and (ii) decreases resulting from the establishment or amendment from and after the Effective Time of pools or units in accordance with this Agreement;

(b) with respect to each Lease or Well, obligates a Seller to bear not more than the Working Interest set forth for such Seller in Exhibit A for such Lease or in Exhibit B for such Well (as applicable), except (i) increases resulting from contribution requirements with respect to defaulting co-owners under applicable operating agreements, or (ii) increases to the extent that such increases are accompanied by a proportionate increase in such Seller's Net Revenue Interest; and

(c) is free and clear of all Encumbrances;

provided, *however*, that if a Seller holds a non-consent interest attributable to a Well, then it shall not be required that such interest be held of record by such Seller.

"Deposit Amount" – Ten percent (10%) of the unadjusted Purchase Price (including any interest accrued thereon), *provided* that if Seller elects to extend the scheduled Closing Date to July 31, 2017 pursuant to Section 2.03 by depositing an additional five percent (5%) of the unadjusted Purchase Price into the Escrow Account, then such additional deposit (including any interest accrued thereon) shall be deemed to be included in the "Deposit Amount."

"Dispute Notice" – as defined in Section 2.05(d).

"Disputed Matter" – as defined in Section 11.15(a).

"DOJ" – the Antitrust Division of the U.S. Department of Justice.

"DTPA" – as defined in Section 4.09.

"Effective Time" – March 1, 2017, at 12:01 a.m. local time at the location of the Assets.

"Emissions Fees" – any taxes, fees or similar payments imposed by any Governmental Body, the amount of which is calculated and/or determined based on emissions from the Assets.

"Encumbrance" – any charge, equitable interest, privilege, lien, mortgage, deed of trust, production payment, option, pledge, collateral assignment, security interest, defect or other encumbrance.

"Environmental Condition" – any event occurring or condition, fact or circumstance existing that causes any Asset (or a Seller with respect to any Asset) not to be in compliance with Environmental Law, or with respect to which remedial or corrective action is presently required (or if known would be presently required) under Environmental Law, other than any such event or condition to the extent caused by or relating to NORM.

"Environmental Defect" – an Environmental Condition discovered by Buyer or its Representatives as a result of any environmental diligence conducted by or on behalf of Buyer pursuant to Section 11.09 of this Agreement.

"Environmental Defect Cure Period" – as defined in Section 11.11(a).

"Environmental Defect Notice" – as defined in Section 11.10.

"Environmental Defect Value" – with respect to each Environmental Defect, the amount of the Lowest Cost Response for such Environmental Defect.

"Environmental Law" – any applicable Legal Requirement in effect as of the Execution Date relating to pollution or the protection of human health, safety and welfare and the environment, including those Legal Requirements relating to the storage, handling, and use of Hazardous Materials and those Legal Requirements relating to the generation, processing, treatment, storage, transportation, disposal or other management thereof. The term "Environmental Law" does not include (a) good or desirable operating practices or standards that may be voluntarily employed or adopted by other oil and gas well operators or recommended, but not required, by a Governmental Body or (b) the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651 *et seq.*, as amended, or any other Legal Requirement governing worker safety or workplace conditions.

"Environmental Liabilities" – all costs, Damages, expenses, liabilities, obligations, and other responsibilities arising from or under either Environmental Laws or Third Party claims relating to the environment, and which relate to the Assets or the ownership or operation of the same.

"Escrow Account" – as defined in Section 2.02.

"Escrow Agent" – JPMorgan Chase Bank, N.A.

"Escrow Agreement" – as defined in Section 2.02.

"Excluded Assets" – with respect to a Seller, (a) all of such Seller's corporate minute books, financial records and other business records that relate to such Seller's business generally (which may include information regarding the ownership and operation of the Assets); (b) except to the extent related to any Assumed Liabilities, all trade credits, all accounts, all receivables of such Seller and all other proceeds, income or revenues of such Seller attributable to the Assets and attributable to any period of time prior to the Effective Time (other than the Suspense Funds); (c) except to the extent related to any Assumed Liabilities, all claims and causes of action of such Seller or its Affiliates that are attributable to periods of time prior to the Effective Time (including claims for adjustments or refunds but excluding Imbalances); (d) except to the extent related to any Assumed Liabilities subject to Section 11.14, all rights and interests of such Seller (i) under any existing policy or agreement of insurance or indemnity, (ii) under any bond, or (iii) to any insurance or condemnation proceeds or awards arising, in each case, from acts, omissions or events or damage to or destruction of property; (e) except to the extent of the adjustments set forth in Section 2.05(c)(i)(A) such Seller's rights with respect to all Hydrocarbons produced and sold from the Assets with respect to all periods prior to the Effective Time; (f) all claims of such Seller or any of its Affiliates for refunds of, rights to receive funds from any Governmental Body, or loss carry forwards or credits with respect to (i) Asset Taxes attributable to any period (or portion thereof) prior to the Effective Time, (ii) income Taxes paid by such Seller or its Affiliates, or (iii) any Taxes attributable to the Excluded Assets; (g) all information technology assets, other than the Production Related IT Equipment, including all desktop computers, laptop computers, servers, networking equipment and any associated peripherals and other computer hardware, or computer software and telephone equipment; (h) all

rights, benefits and releases of such Seller or its Affiliates under or with respect to any Contract that are attributable to periods of time prior to Closing; (i) all of such Seller's proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other intellectual property; (j) all documents and instruments of such Seller that may be protected by an attorney-client privilege or any attorney work product doctrine; (k) all data that cannot be disclosed to Buyer as a result of confidentiality arrangements under existing written agreements; (l) all audit rights or obligations of such Seller for which such Seller bears responsibility arising under any of the Applicable Contracts or otherwise with respect to any period prior to the Effective Time or to any of the Excluded Assets, except for any Imbalances assumed by Buyer; (m) such Seller's interpretations of any geophysical or other seismic and related technical data and information relating to the Assets; (n) documents prepared or received by such Seller or its Affiliates with respect to (i) lists of prospective purchasers for such transactions compiled by such Seller, (ii) bids submitted by other prospective purchasers of the Assets, (iii) analyses by such Seller or its Affiliates of any bids submitted by any prospective purchaser, (iv) correspondence between or among such Seller, its Representatives, and any prospective purchaser other than Buyer, and (v) correspondence between such Seller or any of its Representatives with respect to any of the bids, the prospective purchasers or the transactions contemplated by this Agreement; (o) any offices, office leases and any personal property located in or on such offices or office leases; (p) any Contracts that constitute master services agreements or similar contracts; (q) any Hedge Contracts; (r) any debt instruments; (s) any of such Seller's assets other than the Assets; (t) all of such Seller's right, title and interest in and to any carbon dioxide allowances other than the Carbon Credits, together with any carbon dioxide allowances used by such Seller prior to Closing to satisfy Emissions Fees imposed against such Seller or with respect to the Assets prior to Closing; (u) a copy of all Records, subject to Section 13.13; and (v) any leases, rights and other assets specifically listed in Exhibit E.

"Execution Date" – as defined in the preamble to this Agreement.

"Expert" – as defined in Section 11.15(b).

"Expert Decision" – as defined in Section 11.15(d).

"Expert Proceeding Notice" – as defined in Section 11.15(a).

"Final Amount" – as defined in Section 2.05(d).

"Final Settlement Date" – as defined in Section 2.05(d).

"Final Settlement Statement" – as defined in Section 2.05(d).

"FTC" – the Federal Trade Commission.

"Fundamental Representations" – those representations set forth in Sections 3.01, 3.02, 3.03 and 3.06.

"GAAP" – generally accepted accounting principles in the United States, consistently applied.

"Governmental Authorization" – any approval, consent, license, permit, registration, variance, exemption, waiver, or other authorization issued, granted, given, or otherwise made available by or under the authority of any Governmental Body or pursuant to any Legal Requirement.

"Governmental Body" – any (a) nation, state, county, city, town, village, district, or other jurisdiction of any nature; (b) federal, state, local, municipal, foreign, or other government; (c) governmental or quasi-governmental authority of any nature (including any governmental agency, branch, department, official, or entity and any court or other tribunal); (d) multi-national organization or body; or (e) body exercising, or entitled to exercise, any administrative, executive, judicial, legislative, police, regulatory, or taxing authority or power of any nature.

"Group" – either Buyer Group or Seller Group, as applicable.

"Hazardous Materials" – any (a) chemical, constituent, material, pollutant, contaminant, substance, or waste that is regulated by any Governmental Body or may form the basis of liability under any Environmental Law; and (b) petroleum, Hydrocarbons, or petroleum products.

"Hedge Contract" – any Contract to which a Seller or any of its Affiliates is a party with respect to any swap, forward, future or derivative transaction or option or similar agreement, whether exchange traded, "over-the-counter" or otherwise, involving, or settled by reference to, one or more rates, currencies, commodities, equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions.

"Hydrocarbons" – oil and gas and other hydrocarbons (including condensate) produced or processed in association therewith (whether or not such item is in liquid or gaseous form), or any combination thereof, and any minerals produced in association therewith.

"Imbalances" – over-production or under-production or over-deliveries or under-deliveries with respect to Hydrocarbons produced from or allocated to the Assets, regardless of whether such over-production or under-production or over-deliveries or under-deliveries arise at the wellhead, pipeline, gathering system, transportation system, processing plant, or other location, including any imbalances under gas balancing or similar agreements, imbalances under production handling agreements, imbalances under processing agreements, imbalances under the Leases, and imbalances under gathering or transportation agreements.

"Individual Claim Threshold" – as defined in Section 10.05.

"Instruments of Conveyance" – the Assignment.

"Knowledge" – an individual will be deemed to have "Knowledge" of a particular fact or other matter if such individual is actually aware of such fact or other matter, without any duty of inquiry. Sellers will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Mark E. Ellis, President and Chief Executive Officer; Arden L. Walker, Jr., Executive Vice President and Chief Operating Officer; David B. Rottino, Executive Vice President and Chief Financial Officer; Thomas E. Emmons, Senior Vice President, Corporate Services; Jamin McNeil, Senior Vice

President, Operations; Candice Wells, Senior Vice President, General Counsel and Corporate Secretary, Tom Belsha, Head of Business Development, and Holly M. Anderson, Assistant General Counsel. Buyer will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Arthur T. Smith, Chief Executive Officer; Stephen B. Wilson, Chief Financial Officer, Greg Wagner, and Zachary Hale.

"Lands" – as set forth in the definition of "Assets".

"Leases" – as set forth in the definition of "Assets".

"Legal Requirement" – any federal, state, local, municipal, foreign, international, or multinational law, Order, constitution, ordinance, or rule, including rules of common law, regulation, statute, treaty, or other legally enforceable directive or requirement.

"Lowest Cost Response" – the response required or allowed under Environmental Laws that completely addresses and resolves (for current and future use in the same manner as currently used) the identified Environmental Condition in its entirety in the most cost-effective manner (considered as a whole) as compared to any other response that is required or allowed under Environmental Laws. The Lowest Cost Response shall include taking no action, leaving the condition unaddressed, periodic monitoring or the recording of notices in lieu of remediation, if such responses are allowed under Environmental Laws and completely address and resolve (for current and future use in the same manner as currently used) the identified Environmental Condition in its entirety. The Lowest Cost Response shall not include any costs or expenses relating to the assessment, remediation, removal, abatement, transportation and disposal of any asbestos, asbestos containing materials or NORM unless required to address a violation of Environmental Law.

"Material Contracts" – as defined in Section 3.10.

"MMMF" – asbestos and other man-made material fibers.

"Net Revenue Interest" – with respect to any Lease or Well, the interest in and to all Hydrocarbons produced, saved and sold from or allocated to such Lease or Well, after satisfaction of all other Royalties.

"NORM" – naturally occurring radioactive material.

"Order" – any award, decision, injunction, judgment, order, ruling, subpoena, or verdict entered, issued, made, or rendered by any court, administrative agency, or other Governmental Body or by any arbitrator.

"Organizational Documents" – (a) the articles or certificate of incorporation and the bylaws of a corporation; (b) the articles of organization and resolutions of a limited liability company; (c) the certificate of limited partnership and limited partnership agreement of a limited partnership; and (d) any amendment to any of the foregoing.

"Outside Date" – as defined in Section 9.01(d).

"Party" or "Parties" – as defined in the preamble to this Agreement.

"Permits" – all environmental and other governmental (whether federal, state, local or tribal) certificates, consents, permits (including conditional use permits), licenses, orders, authorizations, franchises and related instruments or rights required or issued in connection with the ownership, operation or use of the Assets.

"Permitted Encumbrance" – any of the following:

(a) the terms and conditions of all Leases and Royalties, if the net cumulative effect of such Leases and Royalties does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) operate to reduce the Net Revenue Interest of Sellers (collectively) with respect to any Lease or Well to an amount less than the Net Revenue Interest set forth for Sellers (collectively) in Exhibit A for such Lease or Exhibit B for such Well (as applicable) or (iii) obligate Sellers to bear a Working Interest with respect to any Lease or Well in any amount greater than the Working Interest set forth for Sellers (collectively) in Exhibit A for such Lease or Exhibit B for such Well (unless the Net Revenue Interest for such Lease or Well is greater than the Net Revenue Interest set forth for Sellers (collectively) in Exhibit A for such Lease or Exhibit B for such Well (as applicable) in the same or greater proportion as any increase in such Working Interest); *provided*, *however*, that any drilling obligations included in Leases will be considered Permitted Encumbrances so long as the applicable Seller is not in breach of such obligations;

(b) any Preferential Purchase Rights and Consents;

(c) liens for Taxes not yet due or delinquent or, if delinquent, that are set forth on Schedule 3.04 and are being contested in good faith by appropriate proceedings by or on behalf of the applicable Seller;

(d) all rights to consent by, required notices to, filings with, or other actions by Governmental Bodies in connection with the conveyance of the Leases, if the same are customarily sought and received after the Closing;

(e) Encumbrances or defects that Buyer has waived or is deemed to have waived pursuant to the terms of this Agreement;

(f) all Legal Requirements and all rights reserved to or vested in any Governmental Body (i) to control or regulate any Asset in any manner; (ii) by the terms of any right, power, franchise, grant, license or permit, or by any provision of law, to terminate such right, power, franchise, grant, license or permit or to purchase, condemn, expropriate or recapture or to designate a purchaser of any of the Assets; (iii) to use such property in a manner which does not materially impair the use of such property for the purposes for which it is currently owned and operated; or (iv) to enforce any obligations or duties affecting the Assets to any Governmental Body with respect to any right, power, franchise, grant, license or permit;

(g) rights of a common owner of any interest in Rights-of-Way or Permits currently held by a Seller and such common owner as tenants in common or through common ownership to the extent that the same does not materially impair the use or operation of the Assets as currently used and operated;

(h) easements, conditions, covenants, restrictions, servitudes, permits, rights-of-way, surface leases, and other rights in the Assets for the purpose of operations, facilities, roads, alleys, highways, railways, pipelines, transmission lines, transportation lines, distribution lines, power lines, telephone lines, removal of timber, grazing, logging operations, canals, ditches, reservoirs and other like purposes, or for the joint or common use of real estate, rights-of-way, facilities and equipment, which, individually or in the aggregate, would not reasonably be expected to materially impair the operation or use of any of the Assets as currently operated and used;

(i) vendors, carriers, warehousemen's, repairmen's, mechanics', workmen's, materialmen's, construction or other like liens arising by operation of law in the ordinary course of business or incident to the construction or improvement of any property in respect of obligations which are not yet due or which are being contested in good faith by appropriate proceedings by or on behalf of the applicable Seller;

(j) Encumbrances created under Leases or any joint operating agreements applicable to the Assets or by operation of law in respect of obligations that are not yet due or that are being contested in good faith by appropriate proceedings by or on behalf of the applicable Seller;

(k) any Encumbrance affecting the Assets that is discharged by the applicable Seller or waived (or deemed to be waived) by Buyer pursuant to the terms of this Agreement at or prior to Closing;

(l) the Assumed Litigation;

(m) defects based solely on assertions that a Seller's files lack information (including title opinions);

(n) the terms and conditions of all Applicable Contracts, if the net cumulative effect of such Applicable Contracts (i) does not materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) does not reduce the Net Revenue Interest of Sellers (collectively) with respect to any Lease or Well to an amount less than the Net Revenue Interest set forth for Sellers (collectively) in Exhibit A for such Lease or Exhibit B for such Well, or (iii) does not obligate Sellers (collectively) to bear a Working Interest in any amount greater than the Working Interest set forth for Sellers (collectively) in Exhibit A for such Lease or Exhibit B for such Well (unless the Net Revenue Interest for such Lease or Well is greater than the Net Revenue Interest set forth in Exhibit A for such Lease or Exhibit B, in the same or greater proportion as any increase in such Working Interest);

(o) defects or irregularities of title (i) as to which the relevant statute(s) of limitations or prescription would bar any attack or claim against the applicable Seller's title; (ii) arising out of lack of evidence of, or other defects with respect to, authorization, execution, delivery, acknowledgment, or approval of any instrument in the applicable Seller's chain of title absent reasonable evidence of an actual claim of superior title from a Third Party attributable to such matter; (iii) consisting of the failure to recite marital status or omissions of heirship proceedings

in documents; (iv) resulting from lack of survey, unless a survey is expressly required by applicable Legal Requirements; (v) resulting from failure to record releases of liens, production payments, or mortgages that have expired by their own terms or the enforcement of which are barred by the applicable statute(s) of limitations or prescription; (vi) arising out of lack of entity authorization unless Buyer provides affirmative evidence that such entity action was not authorized and results in another Person's actual and superior claim of title; (vii) resulting from or related to probate proceedings or the lack thereof that have been outstanding for five (5) years or more; (viii) resulting from unreleased instruments (including leases covering Hydrocarbons), absent specific evidence that such instruments continue in force and effect and constitute a superior claim of title with respect to the Leases or Wells; (ix) based on a gap in the applicable Seller's chain of title to any Well or Lease (A) so long as such gap does not provide a Third Party with a superior claim or (B) unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion or landman's title chain; (x) consisting of the lack of a lease amendment or consent authorizing pooling or unitization, or (xi) that have been cured by prescription or limitations;

(p) Imbalances;

(q) plugging and surface restoration obligations, but only to the extent such obligations do not interfere in any material respect with the use or operation of any Assets (as currently used or operated);

(r) calls on Hydrocarbon production under existing Contracts;

(s) any matters specifically referenced or set forth on Exhibit A or Exhibit B; and

(t) mortgages on the lessor's interest under a Lease, whether or not subordinate to such Lease, that have expired on their own terms or the enforcement of which are barred by applicable statute(s) of limitations or prescription.

"Person" – any individual, firm, corporation (including any non-profit corporation), general or limited partnership, limited liability company, joint venture, estate, trust, association, organization, labor union, or other entity or Governmental Body.

"Personal Property" – as set forth in the definition of "Assets".

"Phase I Environmental Site Assessment" – a Phase I environmental property assessment of the Assets that satisfies the basic assessment requirements set forth under the current ASTM International Standard Practice for Environmental Site Assessments (Designation E1527-13) or any other visual site assessment or review of records, reports or documents.

"Post-Closing Date" – as defined in Section 2.05(d).

"Preferential Purchase Right" – any right or agreement that enables any Person to purchase or acquire any Asset or any interest therein or portion thereof as a result of or in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Preliminary Amount" – the Purchase Price, adjusted as provided in Section 2.05(c) based upon the best information available at the time of the Closing.

"Preliminary Settlement Statement" – as defined in Section 2.03.

"Proceeding" – any proceeding, action, arbitration, audit, hearing, investigation, request for information, litigation, or suit (whether civil, criminal, administrative, investigative, or informal) commenced, brought, conducted, or heard by or before, or otherwise involving, any Governmental Body or arbitrator.

"Production Related IT Equipment" – as set forth in the definition of "Assets".

"Property" or "Properties" – as set forth in the definition of "Assets".

"Property Costs" – all operating expenses (including utilities, payroll, costs of insurance, rentals, title examination and curative actions, and overhead costs) and capital expenditures (including rentals, options and other lease maintenance payments, broker fees and other property acquisition costs and costs of acquiring equipment), respectively, incurred in the ordinary course of business attributable to the use, operation, and ownership of the Assets, but excluding Damages attributable to (a) personal injury or death, property damage, torts, breach of contract, or violation of any Legal Requirement, (b) obligations relating to the abandonment or plugging of Wells, dismantling or decommissioning facilities, closing pits and restoring the surface around such Wells, facilities and pits, (c) Environmental Liabilities, (d) obligations with respect to Imbalances, (e) obligations to pay Royalties or other interest owners revenues or proceeds relating to the Assets but held in suspense, including Suspense Funds, (f) Emissions Fees, (g) Taxes and (h) claims for indemnification or reimbursement from any Third Party with respect to costs of the types described in the preceding clauses (a) through (g), whether such claims are made pursuant to contract or otherwise.

"Purchase Price" – as defined in Section 2.02.

"Records" – as set forth in the definition of "Assets".

"Representative" – with respect to a particular Person, any director, officer, manager, employee, agent, consultant, advisor, or other representative of such Person, including legal counsel, accountants, and financial advisors.

"Required Consent" – any Consent with respect to which (a) there is a provision within the applicable instrument that such Consent may be withheld in the sole and absolute discretion of the holder, or (b) there is provision within the applicable instrument expressly stating that an assignment in violation thereof (i) is void or voidable, (ii) triggers the payment of specified liquidated damages, or (iii) causes termination of the applicable Assets to be assigned. For the avoidance of doubt, "Required Consent" does not include any Consent, which, by its terms, cannot be unreasonably withheld.

"Retained Assets" – any rights, titles, interests, assets, and properties that are originally included in the Assets under the terms of this Agreement, but that are subsequently excluded from the Assets or sale under this Agreement pursuant to the terms of this Agreement at any time before or after the Closing.

"Retained Liabilities" – any and all Damages, liabilities and obligations arising out of (a) the disposal or transportation prior to Closing of any Hazardous Materials generated or used by any Seller and taken from the Assets to any location that is not an Asset; (b) personal injury (including death) claims attributable to any Seller's or its Affiliate's operation of the Assets prior to the Effective Time; (c) failure to properly and timely pay, in accordance with the terms of any Lease, Contract or applicable Legal Requirement, all Royalties and any other Working Interest amounts (in each case) with respect to the Assets that are due by any Seller or any of its Affiliates and attributable to any Seller's ownership of the Assets prior to the Effective Time; (d) any claim made by an employee of any Seller or any Affiliate of any Seller directly relating to such employment; or (e) the gross negligence or willful misconduct of any Seller or any of its Affiliates in connection with the ownership or operation prior to the Closing Date of any of the Assets if such gross negligence or willful misconduct was attributable to such Seller or its Affiliate acting in its capacity as the operator of such Asset; *provided* that, from and after the date that is twenty-four (24) months following the Closing Date, all Damages, liabilities and obligations arising out of clauses (a), (b) and (c) shall no longer be Retained Liabilities and shall be deemed Assumed Liabilities.

"Rights-of-Way" – all permits, licenses, servitudes, easements, fee surface, surface leases, other surface rights and rights-of-way used or held for use in connection with the ownership or operation of the Assets, other than the Permits.

"Royalties" – royalties, overriding royalties, production payments, carried interests, net profits interests, reversionary interests, back-in interests and other burdens upon, measured by or payable out of production.

"Seller" or "Sellers"– as defined in the preamble to this Agreement.

"Seller Closing Documents" – as defined in Section 3.02(a).

"Seller Group" – Each Seller and such Seller's Affiliates, and their respective Representatives.

"Straddle Period" – any tax period beginning before and ending after the Effective Time.

"Suspense Funds" – proceeds of production and associated penalties and interest in respect of any of the Wells that are payable to any Third Party and are being held in suspense by any Seller as the operator of such Wells.

"Tax" or "Taxes" – (a) any and all federal, state, provincial, local, foreign and other taxes, levies, fees, imposts, duties, assessments, unclaimed property and escheat obligations and other governmental charges imposed by any Governmental Body, including income, profits, franchise, alternative or add-on minimum, gross receipts, environmental (including taxes under Section 59A of the Code), registration, withholding, employment, social security (or similar), disability, occupation, ad valorem, property, value added, capital gains, sales, goods and services, use, real or personal property, capital stock, license, branch, payroll, estimated,

unemployment, severance, compensation, utility, stamp, premium, windfall profits, transfer, gains, production and excise taxes, and customs duties, together with any interest, penalties, fines or additions thereto and (b) any liability in respect of any items described in clause (a) above that arises by reason of a contract, assumption, transferee or successor liability, operation of law (including by reason of participation in a consolidated, combined or unitary Tax Return) or otherwise; *provided, however*, that such term shall not include any taxes, fees or similar payments the amount of which is calculated and/or determined based on emissions from the Assets.

"Tax Allocation" – as defined in Section 2.07.

"Tax Returns" – any and all reports, returns, declarations, claims for refund, elections, disclosures, estimates, information reports or returns or statements supplied or required to be supplied to a Governmental Body in connection with Taxes, including any schedule or attachment thereto or amendment thereof.

"Third Party" – any Person other than a Party or an Affiliate of a Party.

"Threatened" – a claim, Proceeding, dispute, action, or other matter will be deemed to have been "Threatened" if any demand or statement has been made in writing to a Party or any of its officers, directors, or employees that would lead a prudent Person to conclude that such a claim, Proceeding, dispute, action, or other matter is likely to be asserted, commenced, taken, or otherwise pursued in the future.

"Title Benefit" – as defined in Section 11.08.

"Title Benefit Notice" – as defined in Section 11.08.

"Title Benefit Properties" – as defined in Section 11.08.

"Title Benefit Value" – as defined in Section 11.08.

"Title Defect" – any Encumbrance, defect or other matter that causes Sellers (collectively) not to have Defensible Title in and to the Leases or Wells, without duplication; *provided* that the following shall not be considered Title Defects:

(a) defects arising out of the lack of corporate or other entity authorization unless Buyer provides affirmative evidence that such corporate or other entity action was not authorized and results in another Person's actual and superior claim of title to the relevant Assets;

(b) defects based on a gap in a Seller's chain of title in the county or parish records, unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion or landman's title chain, which documents (if any) shall be included in a Title Defect Notice (for the avoidance of doubt, a non-certified, cursory or limited title chain will satisfy this requirement);

(c) any Encumbrance or loss of title resulting from a Seller's conduct of business in compliance with this Agreement;

(d) defects arising from any change in applicable Legal Requirement after the Execution Date;

(e) defects arising from any prior oil and gas lease taken more than fifteen (15) years prior to the Effective Time relating to the lands covered by a Lease not being surrendered of record, unless Buyer provides affirmative evidence that a Third Party is conducting operations on, or asserting ownership of, the Assets, sufficient proof of which shall include written communication by a party with record title to such prior lease asserting the validity of the lease;

(f) defects that affect only which non-Seller Person has the right to receive royalty payments rather than the amount or the proper payment of such royalty payment;

(g) defects based solely on the lack of information in a Seller's files;

(h) defects arising from a mortgage encumbering the oil, gas or mineral estate of any lessor unless a complaint of foreclosure has been duly filed or any similar action taken by the mortgagee thereunder and in such case such mortgage has not been subordinated to the Lease applicable to such Asset; and

(i) defects or irregularities that would customarily be waived by a reasonably prudent owner or operator of oil and gas properties in the same geographic area where the Assets are located.

"Title Defect Cure Period" – as defined in Section 11.06(a).

"Title Defect Notice" – as defined in Section 11.04.

"Title Defect Property" – as defined in Section 11.04.

"Title Defect Value" – as defined in Section 11.04.

"Transfer Tax" – all transfer, documentary, sales, use, stamp, registration and similar Taxes (but excluding income Taxes) and fees arising out of, or in connection with, the transfer of the Assets to Buyer or the filing or recording of any assignments related to the transfer of the Assets to Buyer.

"Units" – as set forth in the definition of "Assets".

"Wells" – as set forth in the definition of "Assets".

"Working Interest" – with respect to any Lease or Well, the interest in and to such Lease or Well that is burdened with the obligation to bear and pay costs and expenses of maintenance, development and operations on or in connection with such Lease or Well, but without regard to the effect of any Royalties.

ARTICLE 2
SALE AND TRANSFER OF ASSETS; CLOSING

2.01 **Assets**. Subject to the terms and conditions of this Agreement, at the Closing, Sellers shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Sellers.

2.02 **Purchase Price; Deposit**. Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be Two Hundred Sixty-Three Million Dollars ($263,000,000) (the "Purchase Price"). Within one (1) Business Day after the Execution Date, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing occurs, then on or before the Closing Date the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Sellers at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.04(b)(i). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith. The Parties acknowledge and agree that to the extent Buyer pays any amount to Sellers pursuant to this Agreement in accordance with the wire transfer instructions designated by Sellers, Buyer will have no liability with respect to the allocation of such amount among Sellers.

2.03 **Closing; Preliminary Settlement Statement**. Subject to the following sentence, the Closing shall take place at the offices of Kirkland and Ellis LLP at 600 Travis Street, Suite 3300, Houston, Texas 77002 on or before June 30, 2017, or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to the provisions of Article 9 (such date upon which the Closing occurs, the "Closing Date"). Notwithstanding the foregoing, Buyer may elect to extend the scheduled Closing Date to July 31, 2017, by delivering an additional deposit amount equal to five percent (5%) of the unadjusted Purchase Price into the Escrow Account no later than June 23, 2017. Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve any Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Sellers will deliver to Buyer a statement setting forth in reasonable detail Sellers' reasonable determination of the Preliminary Amount based upon the best information available at that time and the allocation of the Preliminary Amount among each Seller (the "Preliminary Settlement Statement"). As part of the Preliminary Settlement Statement, Buyer shall provide to Sellers such data as is reasonably necessary to support any estimated allocation, for purposes of establishing the Preliminary Amount. Within three (3) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Sellers in writing any objections or proposed changes thereto and Sellers shall consider all such objections and proposed changes in good faith. The estimate agreed to by Sellers and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Sellers in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Sellers at the Closing.

2.04 **Closing Obligations**. At the Closing:

(a) Each Seller shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(ii) possession of the Assets (except the Suspense Funds, which shall be conveyed to Buyer by way of an adjustment to the Purchase Price as provided in Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit H-1 executed by an officer of such Seller, certifying on behalf of such Seller that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller (or its regarded owner, if such Seller is an entity disregarded as separate from its owner) is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) to the extent required under any Legal Requirement, any filings required under such Legal Requirement to consummate the Contemplated Transactions;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller or its Affiliates affecting the Assets and not discharged as of the Closing Date;

(viii) a Release and Quitclaim Deed substantially similar to the form attached as Exhibit F; and

(ix) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer in form reasonably satisfactory to Sellers).

(b) Buyer shall deliver (and execute, as appropriate) to Sellers:

(i) the Preliminary Amount (less the Deposit Amount) by wire transfer to the accounts specified by Sellers in written notices given by Sellers to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(iii) a certificate, in substantially the form set forth in Exhibit H-2 executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) to the extent required under any Legal Requirement, any filings required under such Legal Requirement to consummate the Contemplated Transactions;

(vi) if applicable, evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) a Release and Quitclaim Deed substantially similar to the form attached as Exhibit F; and

(viii) such other documents as Sellers or counsel for Sellers may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer in form reasonably satisfactory to Sellers).

2.05 **Allocations and Adjustments**. If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Sellers shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. “Earned” and “incurred,” as used in this Agreement, shall be interpreted in accordance with GAAP and Council of Petroleum Accountants Society (COPAS) standards.

(b) For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be “from or attributable to” the Assets when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be “from or attributable to” the Assets when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by the applicable Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Asset Taxes for 2017 shall be prorated in accordance with Section 13.02(b).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Sellers are entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by Buyer with respect to the Assets for which Sellers would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(b) but paid or economically borne by any Seller;

(C) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that have been paid by any Seller that are attributable to the ownership and operation of the Assets after the Effective Time (including prepayments with respect to any period after the Effective Time);

(D) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(E) to the extent that proceeds for such volumes have not been received by any Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory) as of the Effective Time (which value shall be based upon (i) if sold from and after the Effective time until the Closing, the net proceeds received by Sellers, or (ii) if not sold from and after the Effective Time until the Closing, the contract price in effect as of the Effective Time or, if there is no such contract price, the average price paid to Sellers for the sale of such Hydrocarbons from and after the Effective time until the Closing) less amounts paid or payable by Buyer as Royalties on such production and any severance Taxes deducted by the purchaser of such production;

(F) the amount of the Carbon Credits not used by any Seller prior to Closing *multiplied by* $13.95; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by any Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by any Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Sellers pursuant to Section 13.02(b) but paid or economically borne by Buyer;

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds; and

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties.

(d) As soon as practicable after the Closing, but no later than ninety (90) days following the Closing Date, Sellers shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price and the allocation of such final Purchase Price among each Seller. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Sellers a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Sellers' books and records relating to the matters required to be accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Sellers containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Sellers will be deemed to be mutually agreed upon by the Parties and will be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is fifteen (15) days after such delivery (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable

supporting detail for the position of Buyer and Sellers, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Sellers nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall be final, conclusive and binding on the Parties (and will be enforceable against each of the Parties in any court of competent jurisdiction), and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Sellers and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Sellers an amount equal to the Final Amount *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Sellers shall pay to Buyer an amount equal to the Preliminary Amount *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Sellers or Buyer, as applicable.

2.06 **Assumption**. If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to and without limiting Buyer's rights to indemnity and Sellers' indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, attributable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) attributable to or resulting from Asset Taxes attributable to the Assets to the extent attributable to periods (or portions thereof) from and after the Effective Time; *provided* that Section 13.02(c) shall govern

the actual payment of such Asset Taxes; (j) attributable to or resulting from Transfer Taxes; (k) attributable to the Leases and the Applicable Contracts; (l) attributable to Emissions Fees imposed during any period following the Closing; and (m) attributable to the Assumed Litigation. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that all liability associated with the above matters as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets. From and after the Closing, but effective as of the Effective Time, subject to and without limiting Buyer's rights to indemnity and Sellers' respective indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 **Allocation of Purchase Price**.

(a) The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07. Sellers and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07 for purposes of Article 11.

(b) Sellers and Buyer shall use commercially reasonable efforts to agree, for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, to an allocation of the the Purchase Price and any items that are treated as consideration for U.S. federal income Tax purposes among the Assets, and to the extent permitted by law, such allocation shall be in a manner consistent with the Allocated Values, as set forth on Schedule 2.07 (the "Tax Allocation"). If Sellers and Buyer are unable to agree upon such allocation, then such allocation shall be determined by the Accounting Expert (the fees and expenses of which shall be borne one-half (1/2) by Sellers and one-half (1/2) by Buyer). Once Buyer and Sellers agree to such an allocation or such allocation is determined by the Accounting Expert, as applicable, Sellers and Buyer each agree to report, and to cause their respective Affiliates to report, the federal, state, and local income and other Tax consequences of the Contemplated Transactions, and in particular to report the information required by Section 1060(b) of the Code, and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the

Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to this Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any Tax Return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Parties, or with such other Party's or Parties' prior consent; *provided, however*, that no Party shall be unreasonably impeded in its ability and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF SELLERS

Each Seller represents and warrants to Buyer as of the Execution Date and the Closing Date, the following:

3.01 **Organization and Good Standing**. Such Seller is a Delaware limited liability company, and is duly organized, validly existing, and in good standing under the laws of the State of Delaware and, where required, is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located, with full limited liability company power and authority to conduct its business as it is now being conducted, and to own or use the properties and assets that it purports to own or use. Such Seller is not a "foreign person" for purposes of Section 1445 of the Code.

3.02 **Authority; No Conflict**.

(a) The execution, delivery, and performance of this Agreement and the Contemplated Transactions have been duly and validly authorized by all necessary limited liability company action on the part of such Seller. This Agreement has been duly executed and delivered by such Seller and at the Closing, all instruments executed and delivered by any Seller at or in connection with the Closing shall have been duly executed and delivered by such Seller. This Agreement constitutes the legal, valid, and binding obligation of such Seller, enforceable against such Seller in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law). Upon execution and delivery by such Seller of the Instruments of Conveyance to which it is a party at the Closing, such Instruments of Conveyance shall constitute legal, valid and binding transfers and conveyances of the Assets. Upon the execution and delivery by such Seller of any other documents to which it is a party at the Closing (collectively with the Instruments of Conveyance, such Seller's "Seller Closing Documents"), such Seller Closing Documents shall constitute the legal, valid, and binding obligations of such Seller, enforceable against such Seller in accordance with their terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law).

(b) Except as set forth in Schedule 3.02(b), and assuming the receipt of all Consents and the waiver of all Preferential Purchase Rights (in each case) applicable to the Contemplated Transactions, neither the execution and delivery of this Agreement by such Seller nor the consummation or performance of any of the Contemplated Transactions by such Seller shall, directly or indirectly (with or without notice or lapse of time):

(i) contravene, conflict with, or result in a violation of (A) any provision of the Organizational Documents of such Seller, or (B) any resolution adopted by the board of directors, managers or officers of such Seller;

(ii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any Contract or agreement or any Legal Requirement or Order to which such Seller or any of the Assets may be subject;

(iii) contravene, conflict with, or result in a violation of any of the terms or requirements of, or give any Governmental Body the right to revoke, withdraw, suspend, cancel, terminate, or modify, any Governmental Authorization that relates to the Assets; or

(iv) result in the imposition or creation of any Encumbrance upon or with respect to any of the Assets, except for Permitted Encumbrances.

3.03 **Bankruptcy**. Except for claims or matters related to the bankruptcy case of Linn Energy, LLC and its subsidiaries commenced on May 11, 2016 and concluded on February 28, 2017, for which the United States Bankruptcy Court for the Southern District of Texas retains jurisdiction, there are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by such Seller or, to such Seller's Knowledge, Threatened against such Seller.

3.04 **Taxes**. All material Tax Returns required to be filed by such Seller with respect to Asset Taxes have been timely filed and all such Tax Returns are correct and complete in all material respects. All material Asset Taxes required to be paid by such Seller and that are or have become due have been timely paid in full, and such Seller is not delinquent in the payment of any such Asset Taxes. There is not currently in effect any extension or waiver of any statute of limitations of any jurisdiction regarding the assessment or collection of any Asset Taxes. There are no administrative or judicial proceedings by any taxing authority pending against such Seller relating to or in connection with any Asset Taxes. All Tax withholding and deposit requirements imposed by applicable Legal Requirements with respect to any of the Assets have been satisfied in all material respects. Except as disclosed on Schedule 3.04, no Asset is subject to any tax partnership agreement or provisions requiring a partnership income tax return to be filed under Subchapter K of Chapter 1 of Subtitle A of the Code or any similar state statute.

3.05 **Legal Proceedings**. Other than the Assumed Litigation, such Seller has not been served with any Proceeding, and, to such Seller's Knowledge, there is no pending or Threatened Proceeding (except for immaterial or frivolous claims) against such Seller or any of its Affiliates, in each case, that (a) relates to the Assets or such Seller's ownership or operation of any of the Assets, or (b) challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions.

3.06 **Brokers**. Neither such Seller nor any of its Affiliates has incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are and will remain the sole responsibility of such Seller and its Affiliates.

3.07 **Compliance with Legal Requirements**. Except as set forth in Schedule 3.07, there is no uncured material violation by such Seller of any material Legal Requirements with respect to such Seller's ownership of the Assets. Notwithstanding the foregoing, Sellers make no representation or warranty in this Section 3.07 regarding compliance with Environmental Laws, which representations and warranties are set forth in Section 3.13.

3.08 **Prepayments**. Except for any Imbalances, such Seller has not received payment under any Contract for the sale of Hydrocarbons produced from the Assets which requires delivery in the future to any party of Hydrocarbons previously paid for and not yet delivered.

3.09 **Imbalances**. To such Seller's Knowledge, except as set forth in Schedule 3.09, there are no Imbalances with respect to such Seller's obligations relating to the Wells as of the Effective Time.

3.10 **Material Contracts**. To such Seller's Knowledge, Schedule 3.10 sets forth all Applicable Contracts of the type described below as of the Execution Date (collectively, the "Material Contracts"):

(a) any Applicable Contract that is a Hydrocarbon purchase and sale, transportation, gathering, treating, processing, or similar Applicable Contract that is not terminable without penalty on ninety (90) days' or less notice;

(b) any Applicable Contract that can reasonably be expected to result in aggregate payments by such Seller of more than Two Hundred Thousand Dollars ($200,000) net to such Seller's interest during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) in the aggregate net to such Seller's interest over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(c) any Applicable Contract that can reasonably be expected to result in aggregate revenues to such Seller of more than Two Hundred Thousand Dollars ($200,000) net to such Seller's interest during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) in the aggregate net to such Seller's interest over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(d) any Applicable Contract that is an indenture, mortgage, loan, credit agreement, sale-leaseback, guaranty of any obligation, bond, letter of credit, or similar financial Contract;

(e) any Applicable Contract that constitutes a partnership agreement, joint venture agreement, area of mutual interest agreement, joint development agreement, joint operating agreement, unit agreement, participation agreement, exploration agreement, development agreement, farmin or farmout agreement or similar Contract where the primary obligation has not been completed prior to the Effective Date (in each case, excluding any tax partnership);

(f) any Applicable Contract between any Seller and its Affiliate that will not be terminated prior to Closing; and

(g) any Applicable Contract that (i) contains or constitutes an existing area of mutual interest agreement or (i) includes non-competition restrictions or other similar restrictions on doing business.

Neither such Seller, nor to such Seller's Knowledge, any other Third Party, is in default under any Material Contract, except as set forth in Schedule 3.10. Except as set forth in Schedule 3.10, there are no Contracts with Affiliates of such Seller that will be binding on the Assets after Closing. The Material Contracts are in full force and effect as to the applicable Seller bound thereby and, to such Seller's Knowledge, as to each counterparty (in each case, excluding any Material Contract that terminates as a result of expiration of its existing term). To such Seller's Knowledge, except as set forth in Schedule 3.10, no event has occurred that with notice or lapse of time or both would constitute any default under any Material Contract by any Seller or by any other Person that is a party to such Material Contract.

3.11 **Consents and Preferential Purchase Rights**. Except as set forth in Schedule 3.11, none of the Assets is subject to any Preferential Purchase Rights or Consents required to be obtained by such Seller which may be applicable to the Contemplated Transactions, except for (a) Consents and approvals of Governmental Bodies that are customarily obtained after Closing, and (b) Contracts that are terminable upon not greater than ninety (90) days' notice without payment of any fee.

3.12 **Permits.** Except as set forth in Schedule 3.12, (a) such Seller has all required Permits from appropriate Governmental Bodies to own the Assets in material compliance with all applicable Legal Requirements; (b) all such Permits are in full force and effect and no Proceeding is pending or, to Sellers' Knowledge, Threatened to suspend, revoke or terminate any such Permit or declare any such Permit invalid; and (c) such Seller is in compliance in all material respects with all such Permits. The execution and delivery of this Agreement and the consummation of the Contemplated Transactions will not result in any revocation, cancellation, suspension or modification of any Permit, and such Seller has not received any written notice of any material violation of any Permit.

3.13 **Environmental Laws**. Except as disclosed on Schedule 3.13, (a) there are no actions, suits or proceedings pending, or to such Seller's Knowledge, threatened in writing, before any Governmental Body with respect to the Assets alleging material violations of, or material liabilities under, Environmental Laws, or claiming remediation obligations, (b) such Seller has not received any notice from any Person of any alleged or actual material violation or non-compliance with, or material liability under, any Environmental Law or of material non-compliance with the terms or conditions of any environmental permits, arising from, based upon, associated with or related to the Assets or the ownership or operation of any thereof, and (c) to Sellers' Knowledge, there is no material uncured violation of any Environmental Law relating to the Assets.

3.14 **Wells**. To such Seller's Knowledge, except as disclosed on Schedule 3.14 (a) no Well is subject to material penalties on allowable production after the Effective Time because of any overproduction, and (b) there are no Wells that such Seller is obligated by any Legal Requirement or contract to plug or abandon or that are currently subject to exceptions to a requirement to plug or abandon issued by a Governmental Body.

3.15 **Leases and Rights-of-Way**. To such Seller's Knowledge, no written demands or written notices of default or noncompliance or dispute have been received by any Seller relating to the Leases or Rights-of-Way that remain uncured or outstanding.

3.16 **Disclosures with respect to Materiality**. Inclusion of a matter on Sellers' disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Sellers, as of the Execution Date and the Closing Date, the following:

4.01 **Organization and Good Standing; Identity of Buyer**. Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 **Authority; No Conflict**.

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the absolute and unrestricted right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Assuming receipt of all Consents, neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Except as set forth in Schedule 3.11, Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 **Certain Proceedings**. There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 **Knowledgeable Investor**. Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Sellers in this Agreement and the documents to be executed by Sellers in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 **Qualification**. Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 **Brokers**. Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 **Financial Ability**. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 **Securities Laws**. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 **Business Use, Bargaining Position**. Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Sellers. Buyer expressly acknowledges and recognizes that the price for which Sellers have agreed to sell the Assets and perform their respective obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.10 **Bankruptcy**. There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLERS

5.01 **Access and Investigation**.

(a) Between the Execution Date and the Closing Date, to the extent doing so would not violate applicable Legal Requirements, a Seller's obligations to any Third Party or other restrictions on Sellers (provided that Sellers shall use commercially reasonable efforts to obtain consents or waivers from Third Parties with respect to such obligations or other restrictions if requested to do so by Buyer), each Seller shall afford Buyer and its Representatives access, by appointment only, during such Seller's regular hours of business to reasonably appropriate Seller personnel, any of such Seller's contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data that are Excluded Assets or that cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets; ***PROVIDED*** **THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLERS MAKE NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIM ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT SELLERS MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that minimizes interference with the operation of the business of Sellers and any applicable Third Parties, and (ii) Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Sellers' prior written permission, which may be withheld in Sellers' sole discretion.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the other Assets, Buyer will become privy to confidential and other information of Sellers and their respective Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets**. Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Sellers shall operate their business with respect to Sellers' ownership of the Assets in the ordinary course, and, without limiting the generality of the preceding, each Seller shall:

(a) not transfer, sell, hypothecate, encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments, which shall, in each case, be at such Seller's sole discretion);

(c) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract, Lease or Right-of-Way other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on ninety (90) days' or shorter notice; and

(d) not commit to do any of the foregoing.

Buyer acknowledges that Sellers own undivided interests in certain of the properties comprising the Assets where Buyer is the operator, and Buyer agrees that the acts or omissions of Buyer as the operator of the Assets shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as the applicable Seller or its Affiliate has voted its interest in a manner that complies with the provisions of this Section 5.02.

5.03 **Insurance**. Each Seller shall maintain in force during the period from the Execution Date until the Closing, all of such Seller's insurance policies pertaining to the Assets in the amounts and with the coverages currently maintained by such Seller. The daily pro-rated annual premiums for insurance that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 **Consent and Waivers**. Sellers shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Sellers are unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Sellers shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall cooperate with Sellers in seeking to obtain such Consents.

5.05 **Amendment to Schedules**. Until the fifth (5th) Business Day before Closing, Sellers shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters discovered or occurring subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken by Buyer, or by Seller with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement; *provided, however*, that if Closing occurs, then such supplements shall be incorporated into Sellers' disclosure Schedules and Buyer shall not be entitled to make a claim pursuant to Section 10.02(a) with respect to any such matters that occurred after the Execution Date and were not the result of a Breach of the Sellers' covenants or obligations under this Agreement.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure**. If Buyer has Knowledge as of the Execution Date of any Breach of Seller's representations and warranties, Buyer shall have no remedy under this Agreement, including under Section 9.01 and Article 10, with respect to such Breach. Between the Execution Date and the Closing Date, Buyer shall promptly notify Sellers in writing and Sellers shall promptly notify Buyer in writing if Sellers or Buyer, as applicable, obtain Knowledge of any Breach, in any

material respect, of any Party's representations and warranties or covenants as of the Execution Date, or of an occurrence after the Execution Date that would cause or constitute a Breach, in any material respect, of any such representation and warranty or covenant had such representation and warranty or covenants been made as of the time of occurrence or discovery of such fact or condition. If any of Buyer's or Sellers' representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Sellers' covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and if such breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, by the date set forth in Section 9.01(d)), then such breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions**. Between the Execution Date and the Closing Date (a) Sellers shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied; *provided, however*, that if Sellers or Buyer, as applicable, are unable to satisfy such conditions after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement.

6.03 **Insurance, Bonds, Letters of Credit, and Guaranties**.

(a) The Parties understand that none of the insurance currently maintained by Sellers or Sellers' respective Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Sellers or Sellers' respective Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Sellers shall reasonably assist Buyer with such filings. The Parties acknowledge that Buyer shall be entitled to make a claim under the special warranty of Defensible Title in the Instruments of Conveyance for any Encumbrance on any Seller's interest in the Assets arising by, through, or under Sellers, but not otherwise, after the Closing and before Buyer files the Instruments of Conveyance of record in the applicable county records.

6.04 **Governmental Reviews**. Sellers and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.01 **Accuracy of Representations**. All of Sellers' respective representations and warranties set forth in Article 3 must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made by Sellers on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

7.02 **Sellers' Performance**. All of the covenants and obligations that Sellers are required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

7.03 **No Proceedings**. There must not have been commenced or Threatened any Proceeding (other than any matter initiated by either Buyer or its Affiliates) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

7.04 **No Orders**. On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 **Necessary Consents and Approvals**. All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 **Closing Deliverables**. Sellers shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Sellers under Section 2.04(a).

ARTICLE 8
CONDITIONS PRECEDENT TO SELLERS' OBLIGATION TO CLOSE

Sellers' obligation to sell the Assets and to take the other actions required to be taken by Sellers at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Sellers, in whole or in part):

8.01 **Accuracy of Representations**. All of Buyer's representations and warranties set forth in Article 4 must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

8.02 **Buyer's Performance**. All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 **No Proceedings**. There must not have been commenced or Threatened any Proceeding (other than any matter initiated by any Seller or an Affiliate of any Seller) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

8.04 **No Orders**. On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

8.05 **Necessary Consents and Approvals**. All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

8.06 **Closing Deliverables**. Buyer shall have delivered (or be ready, willing and able to deliver at the Closing) to Sellers the documents and other items required to be delivered by Buyer under Section 2.04(b).

ARTICLE 9
TERMINATION

9.01 **Termination Events**. This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written agreement of Sellers and Buyer;

(b) by Buyer, if any Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, the applicable Seller or Sellers shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless such Seller or Sellers fail to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Sellers' conditions to Closing have been satisfied or waived in full, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) all of Buyer's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Sellers to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(c) by Sellers, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(c) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived in full, (ii) Sellers are not in material Breach of the terms of this Agreement and (iii) all of Sellers' conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Buyer to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(d) by either Sellers or Buyer if the Closing has not occurred on or before August 1, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result from the terminating Party's or Parties' material Breach of this Agreement;

(e) by either Sellers or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable; or

(f) by Sellers if the sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, exceeds twenty-five percent (25%) of the unadjusted Purchase Price;

(g) by Buyer if the sum of (i) all Title Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (ii) all Environmental Defect Values agreed on by the Parties or finally determined pursuant to Article 11, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, exceeds twenty-five percent (25%) of the unadjusted Purchase Price; or

(h) by Sellers if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date.

9.02 **Effect of Termination; Distribution of the Deposit Amount**.

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of any Party against any other Party or Parties with respect to the Deposit Amount pursuant to Section 9.02(b), (b) except to the extent either Sellers or Buyer has received the Deposit Amount (and with respect to Buyer, damages pursuant to Section 9.02(b)(ii)) as liquidated damages pursuant to Section 9.02(b), the termination of this Agreement shall not relieve any Party from liability for any failure to perform or observe in any material respect any of its agreements or covenants contained herein which are to be performed or observed at or prior to Closing, (c) except to the extent either Seller or Buyer have received the Deposit Amount (and with respect to Buyer, damages pursuant to Section 9.02(b)(ii)) as liquidated damages pursuant to Section 9.02(b), to the extent such termination results from the material Breach by a Party of any of its covenants or agreements hereunder, the other Party or Parties shall be entitled to all remedies available at law or in equity with respect to such Breach and shall be entitled to recover court costs and reasonable attorneys' fees in addition to any other relief to which such Party may be entitled, and (d) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Sellers have the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Sellers could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein, but with Buyer given a ten (10) Business Day cure period after any notice of intent to so terminate pursuant to Section 9.01(d)), then, in either case, Sellers shall have the right, at their sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Sellers do not seek and successfully enforce specific performance, terminate this Agreement and receive the Deposit Amount as liquidated damages (and not as a penalty). If Sellers elect to terminate this Agreement pursuant to this Section 9.02(b)(i) and receive the Deposit Amount as liquidated damages, (x) the Parties shall, within two (2) Business Days of Sellers' election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Sellers and (y) Sellers shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Buyer could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein, but with Sellers given a ten (10) Business Day cure period after any notice of intent to so terminate pursuant to Section 9.01(d)), then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Sellers of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to retention of the Deposit Amount) seek to recover damages from Sellers in an amount up to, but not exceeding the Deposit Amount (unless the Breach that gave rise to Buyer's right to terminate was knowing and intentional, such as refusing to perform or intentionally taking a prohibited action, in which event such damages may exceed the Deposit Amount) as liquidated damages (and not as a penalty). If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount as liquidated damages, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Sellers shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(iii) If this Agreement is terminated by Sellers in accordance with Section 9.01(h), then the Parties shall have no additional remedies against one another as a result of such termination, and Sellers shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for a Party's material Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach (subject to additional damages in the event of a knowing and intentional Breach by one or more of the Sellers).

(d) If this Agreement is terminated by either Buyer or Sellers pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 **Survival**. The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 and the covenants and agreements in Section 2.07(b) and Section 13.02 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for thirty-six (36) months after Closing, (e) all other representations, warranties, covenants and agreements of Sellers shall survive for fifteen (15) months after Closing and (f) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) shall continue for twenty-four (24) months following the Closing. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Sellers**. Except as otherwise limited in this Article 10, from and after the Closing, each Seller (being jointly and severally liable with each other Seller) shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by any Seller in this Agreement, or in any certificate delivered by such Seller pursuant to this Agreement;

(b) any Breach by any Seller of any covenant, obligation, or agreement of such Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Sellers with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements of Sellers contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificates delivered by Sellers at Closing pursuant to Section 2.04, all other legal rights and remedies being expressly waived by Buyer Group; *provided* that Buyer is entitled to any equitable remedies available under applicable Legal Requirements in connection with any Breach by Sellers of Section 13.05.

10.03 **Indemnification and Payment of Damages by Buyer**. Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, and except for Sellers' termination rights under Article 9 of this Agreement, the remedies provided in this Article 10 are Seller Group's exclusive legal remedies against Buyer with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements by Buyer contained in this Agreement or the affirmations thereof contained in the certificates delivered by Buyer at Closing pursuant to Section 2.04, all other legal rights and remedies being expressly waived by Seller Group; *provided* that Sellers are entitled to any equitable remedies available under applicable Legal Requirements in connection with any Breach by Buyer of Article 13. Buyer shall have no obligations to indemnify any of the Seller Group for any Damages for which Sellers are obligated to indemnify Buyer Group pursuant to Section 10.02.

10.04 **Indemnity Net of Insurance**. The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Sellers' Liability**.

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Sellers shall not have any liability for any indemnification under Section 10.02(a): (a) for any Damages with respect to any occurrence, claim, award or judgment with respect to that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Sellers' interest (the "Individual Claim Threshold"); or (b) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Sellers be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Sellers' aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 10.02 or Section 10.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

10.06 **Procedure for Indemnification—Third Party Claims**.

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party or Parties of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party or Parties of its or their respective obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party or Parties to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's or Parties' ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party or Parties of the commencement of such Proceeding, the indemnifying Party or Parties shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party or Parties are also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying or Parties fail to provide reasonable assurance to the indemnified party of its or their financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party or Parties to the indemnified party of the indemnifying Party's or Parties' election to assume the defense of such Proceeding, the indemnifying Party or Parties shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party or Parties shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party or Parties, (C) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party or Parties have failed or are failing to defend in good faith such Proceeding. If the indemnifying Party or Parties assume the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party or Parties without the indemnified party's prior

written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party or Parties, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims**. A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party or Parties from whom indemnification is sought.

10.08 **Indemnification of Group Members**. The indemnities in favor of Buyer and Sellers provided in Section 10.02 and Section 10.03, respectively, shall be for the benefit of and extend to such Parties' present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Sellers must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Sellers shall have any rights against either Sellers or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or a Seller, as applicable, pursuant to this Section 10.08. Each Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with such Party in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties**.

(a) **NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLERS MAKE NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIM ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF ANY SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLERS' RESPECTIVE COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF ANY SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLERS EXPRESSLY DISCLAIM AND NEGATE ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLERS OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF ANY SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.**

(b) Buyer acknowledges and affirms that it has made its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Sellers' Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Sellers contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Sellers or their respective Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test**. The Parties agree that any indemnity, defense, and/or release obligation arising under this Agreement shall apply without regard to the negligence, strict liability, or other fault of the indemnified party, whether active, passive, joint, concurrent, comparative, contributory or sole, or any pre-existing condition, any breach of contract or breach of warranty, or violation of any legal requirement, except to the extent such damages were occasioned by the gross negligence or willful misconduct of the indemnified party or any group member thereof, it being the Parties' intention that Damages to the extent arising from the gross negligence or willful misconduct of the indemnified party or any group member thereof not be covered by the release, defense, or indemnity obligations in this Agreement. The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability**. Notwithstanding anything to the contrary contained in this Agreement, in no event shall Sellers or Buyer ever be liable for, and each Party releases the others from, any consequential, special, indirect, exemplary, or punitive damages or claims relating to or arising out of the Contemplated Transactions or this Agreement; *provided, however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication**. Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Sellers shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes**. Sellers and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission**. Sellers and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Sellers and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access**. Buyer may make or cause to be made at its expense such examination as it may desire of Sellers' title to the Assets. For such purposes, until the Defect Notice Date, each Seller shall give to Buyer and its Representatives access during such Seller's regular hours of business to originals or, in such Seller's sole discretion, copies (which copies may, at such Seller's sole discretion, be in electronic format), of all of the files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that such Seller has relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights**. Sellers shall provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in accordance with Section 5.04. To the extent any such Preferential Purchase Rights are exercised by any holders thereof, then the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. On the Closing Date, if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then the Asset(s) subject to such Preferential Purchase Right shall be included in the Closing, with no adjustment to the Purchase

Price. After the Closing, if the holder of such Preferential Purchase Right exercises the Preferential Purchase Right, then Buyer shall convey the affected Asset(s) to such party, and shall receive the consideration for such affected Asset(s) directly from such party. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date designated by Sellers not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 **Consents**. Sellers shall initiate all procedures required to comply with or obtain all Consents required for the transfer of the Assets in accordance with Section 5.04.

(a) If Sellers fail to obtain any Consent necessary for the transfer of any Asset to Buyer, Sellers' failure shall be handled as follows:

(i) If the Consent is a not a Required Consent, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets, and Buyer shall have no claim against Sellers and Sellers shall have no claim against Buyer for failure to obtain such Consent.

(ii) If the Consent is a Required Consent, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Sellers obtain a Required Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Sellers shall promptly deliver conveyances of the affected Asset(s) to Buyer and Buyer shall pay to Sellers an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Sellers (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects**. Buyer shall notify Sellers of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on June 22, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Well or portion thereof (including by the currently producing formation) affected by such alleged Title Defect (each, a "Title Defect

Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Sellers to verify the existence of the alleged Title Defect, (d) Buyer's preferred manner of curing such Title Defect, and (e) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Sellers an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Sellers, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Sellers shall have no liability under this Agreement for Title Defects not asserted by a Title Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value**. The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a discrepancy between (i) Sellers' Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for Sellers for such Title Defect Property in Exhibit A or Exhibit B, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for Sellers for such Title Defect Property in Exhibit A or Exhibit B;

(d) if the Title Defect represents an increase of (i) Sellers' Working Interest for any Title Defect Property over (ii) the Working Interest set forth for Sellers for such Title Defect Property in Exhibit A or Exhibit B (in each case, except (A) increases resulting from contribution requirements with respect to defaulting co-owners under applicable operating agreements, or (B) increases to the extent that such increases are accompanied by a proportionate increase in Sellers' Net Revenue Interest, as applicable), then the Title Defect Value shall be determined by calculating the Net Revenue Interest that results from such larger Working Interest, determining what the Net Revenue Interest would be using such calculated Net Revenue Interest and the Working Interest set forth for Sellers in Exhibit A or Exhibit B, and then calculating the adjustment in the manner set forth in clause (c) above; and

(e) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Sellers and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 **Sellers' Cure or Contest of Title Defects**. Sellers may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Sellers shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Title Defect or the Title Defect Value by an Expert pursuant to Section 11.15 (the "Title Defect Cure Period") by giving written notice to Buyer of their election to cure prior to the Closing Date or, if later, after the applicable Expert Decision date. If Sellers elect to cure and:

(i) actually cure the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) do not cure the Title Defect prior to the Closing, then Sellers shall:

(A) convey the affected Asset to Buyer and Buyer shall pay for the affected Asset at the Closing; *provided, however* that if Sellers are unable to Cure the Title Defect within the time provided in this Section 11.06, then Sellers shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Sellers in a form and substance reasonably acceptable to Buyer.

(b) Sellers and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, Sellers or Buyer may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Buyer shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects**. Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, Sellers shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Lease or Well is less than the De Minimis Title Defect Cost, such value shall not be considered in calculating the Aggregate Title Defect Value.

11.08 **Title Benefits**. If Sellers discover any right, circumstance or condition that operates (a) to increase the Net Revenue Interest above that shown for Sellers in Exhibit A or Exhibit B with respect to any Lease or Well, to the extent the same does not cause a greater than proportionate increase in such Seller's Working Interest therein above that shown for such Seller in Exhibit A or Exhibit B for such Lease or Well, (b) to decrease the Working Interest of such Seller in any Lease or Well below that shown for such Seller in Exhibit A or Exhibit B for such Lease or Well, to the extent the same causes a decrease in such Seller's Working Interest that is proportionately greater than the decrease in such Seller's Net Revenue Interest therein below that shown for such Seller in Exhibit A or Exhibit B for such Lease or Well (each, a "Title Benefit"), then such Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected, the particular Title Benefit claimed, and such Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Sellers with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity (the "Title Benefit Properties")) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Sellers' Net Revenue Interest for any

Title Benefit Property and (B) the Net Revenue Interest set forth for Sellers for such Title Benefit Property in Exhibit A or Exhibit B, then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth Sellers for such Title Benefit Property in Exhibit A or Exhibit B; (iii) if the Title Benefit represents a decrease of (A) Sellers' Working Interest for any Title Benefit Property below (B) the Working Interest set forth for Sellers for such Title Benefit Property in Exhibit A or Exhibit B, then the Title Benefit Value shall be determined by calculating the Net Revenue Interest that results from such reduced Working Interest, determining what the Net Revenue Interest would be using such calculated Net Revenue Interest and the Working Interest set forth for Sellers in Exhibit A or Exhibit B, and then calculating the adjustment in the manner set forth in clause (ii) above; and (iv) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Sellers and such other reasonable factors as are necessary to make a proper evaluation.

Sellers and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Sellers' good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Sellers shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided, however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment**. Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Sellers' regular hours of business and after providing Sellers with written notice of any such activities no less than two (2) Business Days in advance, Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Sellers' files and records (other than those for which any Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Sellers' prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01.

11.10 **Environmental Defect Notice**. Buyer shall notify Sellers in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Lease(s) or Well(s) affected; (ii) a complete and detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Sellers to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary but subject to and without limiting Buyer's rights in respect of Section 3.13 (including under Article 10), Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Sellers' Exclusion, Cure or Contest of Environmental Defects**. Sellers, in their sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a).

(a) Sellers shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Environmental Defect or the Environmental Defect Value by an Expert (the "Environmental Defect Cure Period") by giving written notice to Buyer to that effect prior to the Closing Date or, if later, after the applicable Expert Decision date, together with Sellers' proposed plan and timing for such remediation, and Sellers shall remain liable for all Damages arising out of or in connection with such Environmental Defect until such time as such remediation or cure is completed. If Sellers elect to pursue remediation or cure as set forth in this clause (a), Sellers shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Sellers elect to pursue remediation or cure and:

(i) complete a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) do not complete a Complete Remediation prior to the Closing, unless Sellers elect to exclude such Asset(s) in accordance with this Section 11.11, then Sellers shall convey the affected Asset(s) to Buyer and Buyer shall pay for the affected Asset(s) at the Closing; *provided, however* that if Sellers are unable to complete a Complete Remediation of the Environmental Defect within the time provided in this Section 11.11, then Sellers shall include a downward adjustment in the Final Settlement Statement equal to the Environmental Defect Value for such Asset(s).

(b) Sellers and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, Sellers and Buyer may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, the affected Lease(s) or Well(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 **Limitations**. Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies**. The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Sellers related to any Environmental Condition, or Damages related thereto. **BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation**. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds One Million Dollars ($1,000,000) net to Sellers' interest, Sellers must elect by written notice to Buyer prior to Closing either to (a) cause the Assets affected by such Casualty Loss to be repaired or restored, at Sellers' sole cost, as promptly as reasonably

practicable (which work may extend after the Closing Date), or (b) indemnify Buyer under an indemnification agreement mutually acceptable to the Parties against any costs or expenses that Buyer reasonably incurs to repair or restore the Assets subject to such Casualty Loss. In each case, Sellers shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. Sellers shall have no other liability or responsibility to Buyer with respect to a condemnation or Casualty Loss, **EVEN IF SUCH CASUALTY LOSS SHALL HAVE RESULTED FROM OR SHALL HAVE ARISEN OUT OF THE SOLE OR CONCURRENT NEGLIGENCE, FAULT, VIOLATION OF A LEGAL REQUIREMENT OF SELLERS OR ANY MEMBER OF SELLER GROUP.**

11.15 **Expert Proceedings**.

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than ten (10) years' experience as a lawyer in the State of Texas with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. Further, if disputes exist with respect to Assets located in multiple states, the Parties may mutually agree to conduct separate arbitration proceedings with the disputes related to Assets located in each state being submitted to a separate Expert. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each of Sellers (collectively) and Buyer shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, Sellers and Buyer shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each of Sellers (on one hand) and Buyer (on the other hand) will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Sellers or Buyer of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Sellers' written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by Sellers or Buyer that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Sellers' proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for any Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
INTENTIONALLY OMITTED

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records**. Sellers, at Buyer's cost and expense, shall deliver originals of all Records to Buyer (FOB the applicable Seller's office) within ninety (90) days after the Closing. With respect to any original Records delivered to Buyer, subject to Section 13.13, (a) Sellers shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Sellers shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Sellers may make copies of such original Records, at the applicable
Seller's own expense, as may be reasonable or necessary for tax purposes or in connection with any Proceeding or Threatened Proceeding against a Seller or Sellers.

13.02 **Expenses**.

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. Sellers shall retain responsibility for, and shall bear, all Asset Taxes assessed with respect to the Assets for (i) any period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. All Asset Taxes with respect to the Assets arising on or after the Effective Time (including the portion of any Straddle Period beginning at the Effective Time) shall be allocated to and borne by Buyer. For purposes of allocation among the Parties of Asset Taxes assessed with respect to the Assets for any Straddle Period, (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons shall be allocated based on severance or production occurring before the Effective Time (which shall be Sellers' responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); (B) Asset Taxes that are based upon or related to income or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A)) shall be allocated based on transactions giving rise to such Asset Taxes occurring before the Effective Time (which shall be Sellers' responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time (which shall be Sellers' responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). For purposes of the preceding sentence, any exemption, deduction, credit or other item that is calculated on an annual basis shall

be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time and the portion of the Straddle Period beginning at the Effective Time. To the extent the actual amount of any Asset Taxes described in this Section 13.02(b) is not determinable at Closing or the Final Settlement Date, Buyer and Sellers shall utilize the most recent information available in estimating the amount of such Asset Taxes for purposes of Section 2.05. Upon determination of the actual amount of such Asset Taxes, timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(b). Any allocation of Asset Taxes between the Parties shall be in accordance with this Section 13.02(b).

(c) Except as required by applicable Legal Requirements, in respect of Asset Taxes, (i) Sellers shall be responsible for timely remitting all (A) Asset Taxes due (excluding ad valorem and property Taxes) with respect to periods ending prior to the Closing Date, (B) Asset Taxes that are ad valorem and property Taxes due with respect to periods ending prior to the Effective Time (no matter when due), and (C) Asset Taxes that are ad valorem and property Taxes due prior to the Closing Date (subject, in each case, to Sellers' right to reimbursement by Buyer under Section 13.02(b)), (ii) Buyer shall be responsible for timely remitting all (A) Asset Taxes (excluding ad valorem and property Taxes) with respect to periods ending on or after the Closing Date, and (B) all Asset Taxes that are ad valorem and property Taxes due on or after the Closing Date (other than such Asset Taxes to be paid by Seller pursuant to clause (i)(B) above) (subject, in each case, to Buyer's right to reimbursement by Sellers under Section 13.02(b)), in each case, to the applicable taxing authority, (iii) Sellers shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding ad valorem and property Taxes) required to be filed for periods ending prior to the Closing Date, and (B) Tax Return for Asset Taxes that are ad valorem and property Taxes due with respect to the Assets for periods ending prior to the Effective Time (no matter when due), and (C) Tax Return for Asset Taxes that are ad valorem and property Taxes due prior to the Closing Date, and (iv) Buyer shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding ad valorem and property Taxes) required to be filed for periods ending on or after the Closing Date, and (B) Tax Return for Asset Taxes that are ad valorem and property Taxes required to be filed on or after the Closing Date (other than such Tax Returns to be filed by Seller pursuant to clause (iii)(B) above) (including Tax Returns related to any Straddle Period). Each Party shall indemnify and hold the other Parties harmless for any failure to file such Tax Returns and to make such payments. Buyer shall prepare all such Tax Returns relating to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Sellers with a copy of any Tax Return relating to any Straddle Period for Sellers' review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Sellers provided to Buyer in advance of the due date for the filing of such Tax Return.

(d) Buyer and Sellers agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Sellers, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

(e) Sellers shall be entitled to any and all refunds of Asset Taxes allocated to Sellers pursuant to Section 13.02(b), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 13.02(b). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 13.02(e), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

13.03 **Notices**. All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (c) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients and addresses set forth below (or to such other recipients and addresses as a Party may from time to time designate by notice to the other Party):

13.04 **Governing Law; Jurisdiction; Service of Process; Jury Waiver**. THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE RIGHTS, DUTIES AND THE LEGAL RELATIONS AMONG THE PARTIES HERETO AND THERETO SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, EXCLUDING ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT REFER CONSTRUCTION OF SUCH PROVISIONS TO THE LAWS OF ANOTHER JURISDICTION; *PROVIDED, HOWEVER*, THAT ANY MATTER RELATED TO REAL PROPERTY SHALL BE GOVERNED BY THE LAWS OF THE STATE OF CALIFORNIA. WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(d) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING

OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.

13.05 **Further Assurances**. The Parties agree (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as any other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 **Waiver**. The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by any Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Parties, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 **Entire Agreement and Modification**. This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) among the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement by the Parties with respect to its subject matter. This Agreement may

not be amended or otherwise modified except by a written agreement executed by all Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by any Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and no Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights**. No Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Parties (which consent may be granted or denied at the sole discretion of the other Parties), and (a) any assignment made without such consent shall be void, and (b) in the event of such consent, such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Parties. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement shall be construed to give any Person other than the Parties or any other agreement contemplated herein (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns.

13.09 **Severability**. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

13.10 **Article and Section Headings, Construction**. The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to “Section,” “Article,” “Exhibit,” or “Schedule” refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words “hereunder,” “hereof,” “herein,” and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word “including” does not limit the preceding words or

terms and (in its various forms) means including without limitation. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against any Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts**. This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release**. No Party shall make any press release or other public announcement respecting this Agreement or the Contemplated Transactions prior to the time that is twenty-four (24) hours following the execution and delivery of this Agreement by the Parties. Subject to Section 13.13, if, prior to Closing, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least twenty-four (24) hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; provided that failure to reach such agreement shall not prohibit a Party from making a press release or public announcement. Failure to provide comments back to the other Party within twenty-four (24) hours of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Sellers and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).

13.13 **Confidentiality**. The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, and (d) to the extent that such Party must disclose the same in any Proceeding brought by it to enforce its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 **Name Change**. As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and/or variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Sellers or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement**. Sellers, Buyer, and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 **Joint and Several Liability of Sellers**. Notwithstanding anything in this Agreement to the contrary, each of the Sellers shall be collectively responsible for, and shall have joint and several liability under this Agreement, with respect to the representations, warranties, covenants and agreements made by any one or more of the Sellers under this Agreement.

13.17 **Appendices, Exhibits and Schedules**. All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

[*Signature Page Follows*]

IN WITNESS WHEREOF, the Parties have executed and delivered this Agreement as of the date first written above.

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "Agreement") is made as of May 25, 2017 (the "Execution Date"), by and between Linn Energy Holdings, LLC, a Delaware limited liability company ("LEH"), and Linn Operating, LLC, a Delaware limited liability company ("LOL" and together with LEH, the "Seller"), and Denbury Onshore, LLC, a Delaware limited liability company ("Buyer"). Seller and Buyer are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

RECITAL

Seller desires to sell, and Buyer desires to purchase, all of Seller's right, title and interest in and to certain oil and gas properties and related assets and contracts, effective as of the Effective Time, for the consideration and on the terms set forth in this Agreement.

AGREEMENT

For and in consideration of the promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1
DEFINITIONS

For purposes of this Agreement, in addition to other capitalized terms defined in this Agreement, the following terms have the meanings specified or referred to in this Article 1 when capitalized:

"AAA" – the American Arbitration Association.

"Accounting Expert" – as defined in Section 2.05(d).

"AFE" – as defined in Section 3.12.

"Affiliate" – with respect to a Party, any Person directly or indirectly controlled by, controlling, or under common control with, such Party, including any subsidiary of such Party and any "affiliate" of such Party within the meaning of Reg. §240.12b-2 of the Securities Exchange Act of 1934, as amended. As used in this definition, "control" means possession, directly or indirectly, of the power to direct or cause the direction of management, policies, or action through ownership of voting securities, contract, voting trust, or membership in management or in the group appointing or electing management or otherwise through formal or informal arrangements or business relationships. The terms "controlled by," "controlling," and other derivatives shall be construed accordingly.

"Aggregate Defect Deductible" – an amount equal to two percent (2%) of the unadjusted Purchase Price.

"Aggregate Environmental Defect Value" – as defined in Section 11.12.

"Aggregate Title Defect Value" – as defined in Section 11.07.

"Allocated Values" – the values assigned among the Assets as set forth on Schedule 2.07(a).

"Allocation Objections" – as defined in Section 2.07(b).

"Applicable Contracts" – all Contracts to which Seller is a party or is bound or are otherwise binding on the Assets that primarily relate, to any of the Assets and (in each case) that will be binding on Buyer after the Closing, including: communitization agreements; net profits agreements; production payment agreements; area of mutual interest agreements; joint venture agreements; confidentiality agreements; farmin and farmout agreements; bottom hole agreements; crude oil, condensate, and natural gas purchase and sale, gathering, transportation, and marketing agreements; hydrocarbon storage agreements; acreage contribution agreements; operating agreements; balancing agreements; pooling declarations or agreements; unitization agreements; processing agreements; saltwater disposal agreements; facilities or equipment leases; and other similar contracts and agreements, but exclusive of any master service agreements, Debt Contracts, Hedge Contracts and Contracts to the extent relating to the Excluded Assets.

"Asset Taxes" – ad valorem, property, excise, severance, production, sales, real estate, use, personal property and similar Taxes based upon the operation or ownership of the Assets, the production of Hydrocarbons or the receipt of proceeds therefrom, but excluding, for the avoidance of doubt Income Taxes and Transfer Taxes.

"Assets" – all of Seller's right, title, and interest in, to, and under the following, without duplication, except to the extent constituting Excluded Assets:

(a) all of the oil and gas leases, subleases and other leaseholds located in the Specified Area (including the oil and gas leases, subleases and other leaseholds described in Exhibit A), together with (i) any and all other right, title and interest of Seller in and to the leasehold estates created thereby subject to the terms, conditions, covenants and obligations set forth in such leases or Exhibit A (such interest in such leases, the "Leases"), (ii) all related rights and interests in the lands covered by the Leases and any lands pooled or unitized therewith (such lands, the "Lands"), (iii) all Royalties applicable to the Leases or the Lands, (iv) any amendments, extensions, acreage designations, ratifications, and/or partial releases affecting the Leases, (v) all rights, privileges, benefits and powers conferred upon the holder of the Leases with respect to the use and occupation of the Lands, and (vi) all tenements, hereditaments, and appurtenances belonging to such Leases and the Lands;

(b) any and all oil, gas, water, observation, injection, CO2 and disposal wells located on any of the Lands (such interest in such wells, including the wells set forth in Exhibit B, the "Wells"), and all Hydrocarbons produced therefrom or allocated thereto from and after the Effective Time;

(c) all rights and interests in, under or derived from all communitization, unitization and pooling agreements, declarations and orders in effect with respect to any of the Leases or Wells and the units (including the participating areas therein) created thereby (such units (including the participating areas therein), the "Units") (the Leases, the Lands, the Units and the Wells being collectively referred to hereinafter as the "Properties" or individually as a "Property");

(d) to the extent that they may be assigned, transferred or re-issued by Seller (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all permits, licenses, allowances, water rights, registrations, consents, orders, approvals, variances, authorizations, servitudes, easements, rights-of-way, surface leases, surface fee interests, other surface interests and surface rights to the extent appurtenant to or primarily used or primarily held for use in connection with the Assets or otherwise primarily relating to the ownership, operation, production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from the Properties or any of the Assets, including those described on Exhibit A-1;

(e) all equipment, machinery, tools, inventory, fixtures, improvements and other personal, movable and mixed property located on any of the Properties or other Assets that is used or held for use in connection therewith, and including well equipment, casing, tubing, pumps, motors, machinery, platforms, rods, tanks, boilers, fixtures, compression equipment, flowlines, pipelines, gathering systems associated with the Wells, manifolds, processing and separation facilities, pads, structures, materials, and other items used or held for use in the operation thereof (collectively, the "Personal Property");

(f) all salt water disposal wells and evaporation pits that are located in the Specified Area, including those described on Exhibit B-1;

(g) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all Applicable Contracts and all rights thereunder insofar as and only to the extent relating to the Assets;

(h) the Salt Creek EOR Participation Agreement by and between Howell Petroleum Corporation and LEH dated April 3, 2012;

(i) all Imbalances relating to the Assets;

(j) originals (if available, and otherwise copies) and copies in digital form (if available) of all of the books, files, records, information and data, whether written or electronically stored, primarily relating to the Assets maintained by Seller or its Affiliates or in Seller's or its Affiliates' possession, including: (i) land and title records (including division order files, prospect files, maps, lease records, abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, production, Asset Tax and accounting records; (v) facility and well records; and (vi) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), geological and seismic data (collectively, "Records");

(k) all Hydrocarbons in storage or existing in stock tanks, pipelines or plants (including inventory);

(l) all radio equipment, SCADA and measurement technology, and other production related mobility devices (such as SCADA controllers), well communication devices, and any other information technology systems and licenses associated with the foregoing, in each case only to the extent such assets and licenses are (i) used or held for use solely in connection the Properties, (ii) assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), and (iii) located on the Properties (the "Production Related IT Equipment");

(m) all (i) trade credits, accounts receivable, notes receivable, take-or-pay amounts receivable, and other receivables and general intangibles, attributable to the Assets with respect to periods of time from and after the Effective Time; and (ii) liens and security interests in favor of Seller or its Affiliates, whether choate or inchoate, under any Legal Requirement or Contract to the extent arising from, or relating to, the ownership, operation, or sale or other disposition on or after the Effective Time of any of the Assets or to the extent arising in favor of Seller or its Affiliates as to the operator or non-operator of any Asset;

(n) all rights of Seller and its Affiliates to audit the records of any Person and to receive refunds or payments of any nature, and all amounts of money relating thereto, only to the extent related to the obligations assumed by Buyer pursuant to this Agreement or with respect to which Buyer has an obligation to indemnify Seller; and

(o) all rights, claims, and causes of action (including warranty and similar claims, indemnity claims, and defenses) of Seller or any of its Affiliates whether arising before, on, or after the Effective Time, only to the extent such rights, claims, and causes of action relate to any of the Assumed Liabilities.

"Assignment" – the Assignment and Bill of Sale from Seller to Buyer, pertaining to the Assets, substantially in the form attached to this Agreement as Exhibit D.

"Assumed Liabilities" – as defined in Section 2.06.

"Bankruptcy Cases" – the bankruptcy cases commenced by the filing by Seller (or its applicable predecessor or Affiliate) for voluntary petitions for relief under chapter 11 of title 11 of the United States Code in the Bankruptcy Court that were jointly administered under Case No. 16-60040.

"Bankruptcy Court" – the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

"Breach" – a "Breach" of a representation, warranty, covenant, obligation, or other provision of this Agreement or any certificate delivered pursuant to Section 2.04(a)(iii) or Section 2.04(b)(iii) of this Agreement shall be deemed to have occurred if there is or has been any inaccuracy in or breach of, or any failure to perform or comply with, such representation, warranty, covenant, obligation, or other provision.

"Business Day" – any day other than a Saturday, Sunday, or any other day on which commercial banks in the State of Texas are authorized or required by law or executive order to close.

"Buyer" – as defined in the preamble to this Agreement.

"Buyer's Closing Documents" – as defined in Section 4.02(a).

"Buyer Group" – Buyer and its Affiliates, and their respective Representatives.

"Casualty Loss" – as defined in Section 11.14.

"Closing" – the closing of the Contemplated Transactions.

"Closing Date" – as defined in Section 2.03.

"Code" – the Internal Revenue Code of 1986, as amended.

"Complete Remediation" – with respect to an Environmental Defect, a remediation or cure of such Environmental Defect which is completed in accordance with the Lowest Cost Response.

"Confidentiality Agreement" – that certain confidentiality agreement dated as of March 29, 2017 by and between Buyer and LEH.

"Consent" – any approval, consent, ratification, waiver, or other authorization (including any Governmental Authorization) from any Person that is required to be obtained in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Contemplated Transactions" – all of the transactions contemplated by this Agreement, including:

(a) the sale of the Assets by Seller to Buyer;

(b) the performance by the Parties of their respective covenants and obligations under this Agreement; and

(c) Buyer's acquisition, ownership, and exercise of control over the Assets.

"Contract" – any written contract, agreement or any other legally binding arrangement, but excluding, however, any Lease, easement, right-of-way, permit or other instrument creating or evidencing an ownership interest in the Assets or any real or immovable property related to or used in connection with the operations of any Assets.

"Cure" – as defined in Section 11.06(a)(i).

"Cure Amounts" – as defined in the Stipulation and Agreed Order.

"Damages" – any and all claims, demands, payments, charges, judgments, assessments, losses, liabilities, damages, Taxes, penalties, fines, expenses, costs, fees, settlements, and deficiencies, including any attorneys' fees, legal, and other costs and expenses suffered or incurred therewith.

"Debt Contract" – any indenture, mortgage, loan, credit or similar agreement entered into by Seller or its Affiliates creating indebtedness on the part of Seller or its Affiliates for borrowed money or the deferred purchase price of property acquired by, or for services rendered to, Seller or its Affiliates.

"De Minimis Environmental Defect Cost" – Fifty Thousand Dollars ($50,000).

"De Minimis Title Defect Cost" – Fifty Thousand Dollars ($50,000).

"Defect Notice Date" – as defined in Section 11.04.

"Defensible Title" – title of Seller with respect to the Wells and Leases that, as of the Closing Date and the Effective Date and subject to the Permitted Encumbrances, which is deducible of record or, with respect to any Lease with the Bureau of Land Management or the State of Wyoming, is evidenced by Seller having record title or operating rights in and to such Lease, and:

(a) with respect to the Target Formation(s) set forth in Schedule 2.07 for each Unit (in each case, subject to any reservations, limitations or depth restrictions described in Schedule 2.07), entitles Seller to receive not less than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, except for (i) decreases in connection with those operations in which Seller or its successors or assigns may from and after the Execution Date and in accordance with the terms of this Agreement elect to be a non-consenting co-owner, (ii) decreases resulting from the establishment or amendment from and after the Execution Date of pools or units in accordance with this Agreement, and (iii) decreases required to allow other Working Interest owners to make up past underproduction or pipelines to make up past under deliveries described in Schedule 3.09;

(b) with respect to the Target Formation(s) set forth in Schedule 2.07 for each Unit (in each case, subject to any reservations, limitations or depth restrictions described in Schedule 2.07), obligates Seller to bear not more than the Working Interest set forth in Schedule 2.07 for such Target Formation(s) for such Unit, except (i) increases resulting from contribution requirements with respect to defaulting co-owners from and after the Execution Date under applicable operating agreements, or (ii) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest;

(c) with respect to the Target Formation(s) set forth in Schedule 2.07 for each Unit (in each case, subject to any reservations, limitations or depth restrictions described in Schedule 2.07), entitles Seller to not less than the Net Acres set forth on Schedule 2.07 for such Unit in the applicable Target Formation(s); and

(d) is free and clear of all Encumbrances.

"Deposit Amount" – Ten percent (10%) of the unadjusted Purchase Price (including any interest accrued thereon).

"Dispute Notice" – as defined in Section 2.05(d).

"Disputed Matter" – as defined in Section 11.15(a).

"DOJ" – the Antitrust Division of the U.S. Department of Justice.

"Effective Time" – March 1, 2017, at 12:01 a.m. local time at the location of the Assets.

"Encumbrance" – any burden, encumbrance, charge, equitable interest, privilege, lien, mortgage, deed of trust, production payment, option, pledge, collateral assignment, security interest, or other arrangement substantially equivalent to any of the foregoing.

"Environmental Condition" – any event occurring or condition existing on the Defect Notice Date with respect to the Leases, Wells or other Assets that causes a Lease, Well or other Asset to be subject to remediation under, or in violation of, an Environmental Law, or any provision of any Lease governing the Assets with respect to any Environmental Law, other than such event or condition to the extent caused by or relating to NORM.

"Environmental Defect" – an Environmental Condition discovered by Buyer or its Representatives as a result of any environmental diligence conducted by or on behalf of Buyer pursuant to Section 11.09 of this Agreement.

"Environmental Defect Notice" – as defined in Section 11.10.

"Environmental Defect Value" – with respect to each Environmental Defect, the amount of the Lowest Cost Response for such Environmental Defect.

"Environmental Law" – any applicable Legal Requirement in effect as of the Execution Date relating to pollution or the protection of the environment, including those Legal Requirements relating to the storage, handling, and use of Hazardous Materials and those Legal Requirements relating to the generation, processing, treatment, storage, transportation, disposal or other management thereof. The term "Environmental Law" does not include good or desirable operating practices or standards that may be voluntarily employed or adopted by other oil and gas well operators or recommended, but not required, by a Governmental Body.

"Environmental Liabilities" – all costs, Damages, expenses, liabilities, obligations, and other responsibilities arising from or under either Environmental Laws or Third Party claims relating to the environment, and which relate to the Assets or the ownership or operation of the same.

"Escrow Account" – as defined in Section 2.02.

"Escrow Agent" – JPMorgan Chase Bank, N.A.

"Escrow Agreement" – as defined in Section 2.02.

"Excluded Assets" – with respect to Seller, (a) all of Seller's corporate minute books, financial records and other business records that relate to Seller's business generally (including the ownership of the Assets but excluding any such records related to the Assets); (b) except to the extent related to any Assumed Liabilities, all trade credits, all accounts, all receivables of Seller and all other proceeds, income or revenues of Seller attributable to the Assets that are attributable to any period of time prior to the Effective Time (other than the Suspense Funds); (c) except to the extent related to any Assumed Liabilities, all claims and causes of action of Seller or its Affiliates that are attributable to periods of time prior to the Effective Time (including claims for adjustments or refunds); (d) except to the extent related to any Assumed Liabilities subject to Section 11.14, all rights and interests of Seller (i) under any policy or agreement of insurance or indemnity, (ii) under any bond, or (iii) to any insurance or condemnation proceeds or awards arising, in each case, from acts, omissions or events or damage to or destruction of property; (e) except to the extent of an upward adjustment to the Purchase Price, Seller's rights with respect to all Hydrocarbons produced and sold from the Assets with respect to all periods prior to the Effective Time; (f) all claims of Seller or any of its Affiliates for refunds of, rights to receive funds from any Governmental Body, or loss carry forwards or credits with respect to (i) Asset Taxes attributable to any period (or portion thereof) prior to the Effective Time, (ii) income Taxes paid by Seller or its Affiliates, or (iii) any Taxes attributable to the Excluded Assets; (g) all information technology assets, other than the Production Related IT Equipment, including desktop computers, laptop computers, servers, networking equipment and any associated peripherals and other computer hardware, computer software, all radio and telephone equipment, well communication devices, and any other information technology systems; (h) except to the extent related to any Assumed Liabilities, all rights, benefits and releases of Seller or its Affiliates under or with respect to any Contract that are attributable to periods of time prior to the Closing; (i) all of Seller's proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other similar intellectual property; (j) all documents and instruments of Seller that may be protected by an attorney-client privilege or any attorney work product doctrine but excluding all title opinions and other such records related to the Assets; (k) all audit rights or obligations of Seller for which Seller bears responsibility arising under any of the Applicable Contracts or otherwise with respect to any period prior to the Effective Time or to any of the Excluded Assets, except for such rights or obligations related to any Assumed Liabilities or any Imbalances assumed by Buyer; (l) Seller's interpretations of any geophysical or seismic data relating to the Assets; (m) documents prepared or received by Seller or its Affiliates with respect to (i) lists of prospective purchasers for such transactions compiled by Seller, (ii) bids submitted by other prospective purchasers of the Assets, (iii) analyses by Seller or its Affiliates of any bids submitted by any prospective purchaser, (iv) correspondence between or among Seller, its Representatives, and any prospective purchaser other than Buyer, and (v) correspondence between Seller or any of its Representatives with respect to any of the bids, the prospective purchasers or the transactions contemplated by this Agreement; (n) subject to Section 12.13, a copy of all Records; (o) any Contracts that constitute master services agreements or similar contracts; (p) any Hedge Contracts; (q) any Debt Contracts; (r) any of Seller's assets other than the Assets; and (s) any leases, rights and other assets specifically listed in Exhibit E.

"Execution Date" – as defined in the preamble to this Agreement.

"Expert" – as defined in Section 11.15(b).

"Expert Decision" – as defined in Section 11.15(d).

"Expert Proceeding Notice" – as defined in Section 11.15(a).

"Final Amount" – as defined in Section 2.05(d).

"Final Settlement Date" – as defined in Section 2.05(d).

"Final Settlement Statement" – as defined in Section 2.05(d).

"FTC" – the Federal Trade Commission.

"Fundamental Representations" – those representations set forth in Sections 3.01, 3.02, and 3.06.

"Governmental Authorization" – any approval, consent, license, permit, registration, variance, exemption, waiver, or other authorization issued, granted, given, or otherwise made available by or under the authority of any Governmental Body or pursuant to any Legal Requirement.

"Governmental Body" – any (a) nation, state, county, city, town, village, district, or other jurisdiction of any nature; (b) federal, state, local, municipal, foreign, or other government; (c) governmental or quasi-governmental authority of any nature (including any governmental agency, branch, department, official, or entity and any court or other tribunal); (d) multi-national organization or body; or (e) body or authority exercising, or entitled to exercise, any administrative, arbitration, executive, judicial, legislative, police, regulatory, or taxing authority or power of any nature.

"Gross Products Tax" – property or ad valorem Asset Taxes assessed by the State of Wyoming that are measured by the production of Hydrocarbons.

"Group" – either Buyer Group or Seller Group, as applicable.

"Hazardous Materials" – any (a) chemical, constituent, material, pollutant, contaminant, substance, or waste that is regulated by any Governmental Body or may form the basis of liability under any Environmental Law; and (b) petroleum, Hydrocarbons or petroleum products.

"Hedge Contract" – any Contract to which Seller or any of its Affiliates is a party with respect to any swap, forward, put, call, floor, cap, collar option, future or derivative transaction or option or similar agreement, whether exchange traded, "over-the-counter" or otherwise, involving, or settled by reference to, one or more rates, currencies, commodities (including Hydrocarbons), equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions.

"HSR Act" – the Hart-Scott-Rodino-Antitrust Improvements Act of 1976, as amended, and the rules and regulations promulgated thereunder.

"Hydrocarbons" – oil and gas and other hydrocarbons (including condensate) produced or processed in association therewith (whether or not such item is in liquid or gaseous form), or any combination thereof, and any minerals produced in association therewith.

"Imbalances" – over-production or under-production or over-deliveries or under-deliveries with respect to Hydrocarbons produced from or allocated to the Assets, regardless of whether such over-production or under-production or over-deliveries or under-deliveries arise at the wellhead, pipeline, gathering system, transportation system, processing plant, or other location, including any imbalances under gas balancing or similar agreements, imbalances under production handling agreements, imbalances under processing agreements, imbalances under the Leases, and imbalances under gathering or transportation agreements.

"Income Taxes" – income or franchise Taxes based upon, measured by, or calculated with respect to gross or net income, profits, capital, or similar measures (or multiple bases, including corporate, franchise, business and occupation, business license, or similar Taxes, if gross or net income, profits, capital, or a similar measure is one of the bases on which such Tax is based, measured, or calculated), but excluding ad valorem, property, excise, severance, production, sales, use, real or personal property transfer or other similar Taxes.

"Individual Claim Threshold" – as defined in Section 10.05.

"Instruments of Conveyance" – the Assignment. Except for the special warranty of Defensible Title by, through and under Seller and its Affiliates contained therein, the foregoing Instruments of Conveyance shall be without warranty of title, whether express, implied, statutory, or otherwise, it being understood that Buyer shall have the right to conduct pre-Closing title due diligence as described below in Article 11, and that the rights and remedies set forth in Article 11 shall be Buyer's sole rights and remedies with respect to title.

"Knowledge" – an individual will be deemed to have "Knowledge" of a particular fact or other matter if such individual is actually aware of such fact or other matter, without any duty of inquiry. A Seller Party will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Mark E. Ellis (President and Chief Executive Officer), David B. Rottino (Executive Vice President and Chief Financial Officer), Arden L. Walker, Jr. (Executive Vice President and Chief Operating Officer), Thomas Emmons (Senior Vice President, Corporate Services), Jamin McNeil (Senior Vice President, Houston Division Operations) and Scott Carrasco (Asset Manager). Buyer will be deemed to have "Knowledge" of a particular fact or other matter if John Kleckner (Director, Acquisitions and Divestitures) has Knowledge of such fact or other matter.

"Lands" – as set forth in the definition of "Assets".

"Leases" – as set forth in the definition of "Assets".

"Legal Requirement" – any federal, state, local, municipal, foreign, international, or multinational law, Order, constitution, ordinance, or rule, including rules of common law, regulation, statute, treaty, or other legally enforceable directive or requirement.

"Lowest Cost Response" – the response required or allowed under Environmental Laws in effect as of the Defect Notice Date and under the Leases (if applicable and explicitly addressed therein), that addresses and resolves (for current and future use in the same manner as currently used) the identified Environmental Condition in the most cost-effective manner (considered as a whole and allowing for the continued use and operation of the Assets in the same manner currently used or operated) as compared to any other response that is required or allowed under Environmental Laws and the Leases. The Lowest Cost Response shall include taking no action, leaving the condition unaddressed, periodic monitoring or the recording of notices in lieu of remediation, if such responses are allowed under Environmental Laws and the Leases. The Lowest Cost Response shall not include any costs or expenses relating to the assessment, remediation, removal, abatement, transportation or disposal of any asbestos, asbestos-containing material or NORM unless such costs or expenses are incurred in connection with the removal from the Lands of equipment with NORM, asbestos or asbestos-containing material and such equipment has not been used during the twelve (12) months immediately preceding the Closing Date.

"Material Contracts" – as defined in Section 3.10.

"Midwest School Gas Leak" – the presence, or release, migration or leak of Hazardous Materials or carbon dioxide that first exists or commences before the Closing Date from or in connection with the 24WC2NE25 and 40HWC2SE25 wells at or adjacent to the Midwest School in Midwest, Wyoming and all actions taken to remediate such presence, release, migration or leak, including investigation, sampling, monitoring, expansion or implementation of a water curtain, review of wells, off-gassing mitigation, installation, testing and operation of a sub slab mitigation system or ventilation system, plugging or re-plugging wells, vapor extraction, and relocation of Persons, including school occupants, residents and businesses.

"Net Acre" **–** as computed separately with respect to each Unit identified on Schedule 2.07, (a) the gross number of mineral acres in the lands covered by all Leases on Exhibit A for such Unit, *multiplied* by (b) the undivided fee simple mineral interest (expressed as a percentage) in the lands covered by such Leases for such Unit (as determined by aggregating the fee simple mineral interests owned by each lessor of that Lease in the lands covered by such Leases) as to the applicable Target Formation(s), *multiplied* by (c) Seller's undivided percentage interest that is burdened with the obligation to bear and pay costs and expenses in such Leases for such Units; *provided* that if the items in (b) or (c) vary as to different tracts covered by such Leases, a separate calculation shall be done for each such tract. For example, if a Lease in which Seller owns an undivided fifty percent (50%) working interest covers a 20-acre tract in which the lessors of such Lease own an undivided one-half (1/2) fee mineral interest as to the applicable Target Formation and a separate and distinct 40-acre tract in which the lessors of such Lease own an undivided one fourth (1/4) fee mineral interest as to the applicable Target Formation(s), then the Lease would cover ten (10) Net Acres (i.e., $(20 \times 0.5 \times 0.5) + (40 \times 0.25 \times 0.5) = 10$).

"Net Revenue Interest" – with respect to any Unit, the interest in and to all Hydrocarbons produced, saved and sold from or allocated to any Well drilled in such Unit, in each case, limited to the applicable Target Formation as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Schedule 2.07, after satisfaction of all other Royalties.

"NORM" – naturally occurring radioactive material.

"Order" – any award, decision, injunction, judgment, order, ruling, subpoena, or verdict entered, issued, made, or rendered by any court, administrative agency, or other Governmental Body or by any arbitrator.

"Organizational Documents" – (a) the articles or certificate of incorporation and the bylaws of a corporation; (b) the articles of organization and resolutions of a limited liability company; (c) the certificate of limited partnership and limited partnership agreement of a limited partnership; and (d) any amendment to any of the foregoing.

"Outside Date" – as defined in Section 9.01(b).

"Party" or "Parties" – as defined in the preamble to this Agreement.

"Party Affiliates" – as defined in Section 12.18.

"Permitted Encumbrance" – any of the following:

(a) the terms and conditions of all Leases and Contracts if the net cumulative effect of such Leases and Contracts does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to the Target Formation(s) set forth in Schedule 2.07 to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, (iii) obligate Seller to bear a Working Interest with respect to the Target Formation(s) set forth in Schedule 2.07 for any Unit in any amount greater than the Working Interest set forth in Schedule 2.07 for such Unit (unless the Net Revenue Interest for such Unit is greater than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, in the same or greater proportion as any increase in such Working Interest), or (v) reduce the Net Acres of Seller with respect to any Unit to an amount less than the Net Acres set forth on Schedule 2.07 for the applicable Target Formation for such Unit;

(b) any Preferential Purchase Rights, Consents and similar agreements;

(c) excepting circumstances where such rights have already been triggered prior to the Effective Time, rights of reassignment arising upon final intention to abandon or release the Assets;

(d) liens for Taxes not yet due or delinquent or, if delinquent, that are being contested in good faith by appropriate proceedings by or on behalf of Seller;

(e) all rights to consent by, required notices to, filings with, or other actions by Governmental Bodies in connection with the conveyance of the Leases, if the same are customarily sought and received after the Closing;

(f) all Legal Requirements and all rights reserved to or vested in any Governmental Body (i) to control or regulate any Asset in any manner; (ii) by the terms of any right, power, franchise, grant, license or permit, or by any provision of law, to terminate such right, power,

franchise, grant, license or permit or to purchase, condemn, expropriate or recapture or to designate a purchaser of any of the Assets; (iii) to use such property in a manner which does not materially impair the use of such property for the purposes for which it is currently owned and operated; or (iv) to enforce any obligations or duties affecting the Assets to any Governmental Body with respect to any right, power, franchise, grant, license or permit;

(g) rights of a common owner of any interest currently held by Seller and such common owner as tenants in common or through common ownership to the extent that the same does not (i) materially interfere with the use or operation of any of the Assets (as currently used and operated) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to the Target Formation(s) set forth in Schedule 2.07 or each currently producing formation, as applicable, for any Unit to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, (iii) obligate Seller to bear a Working Interest with respect to the Target Formation(s) set forth in Schedule 2.07 for any Unit in any amount greater than the Working Interest set forth in Schedule 2.07 for such Unit (unless the Net Revenue Interest for such Unit is greater than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, in the same or greater proportion as any increase in such Working Interest), or (iv) reduce the Net Acres of Seller with respect to any Unit to an amount less than the Net Acres set forth on Schedule 2.07 for the applicable Target Formation in such Unit;

(h) easements, servitudes, permits, rights-of-way, surface leases, and other rights in the Assets for the purpose of operations, facilities, roads, alleys, highways, railways, pipelines, transmission lines, transportation lines, distribution lines, power lines, telephone lines, removal of timber, grazing, logging operations, canals, ditches, reservoirs and other like purposes, or for the joint or common use of real estate, rights-of-way, facilities and equipment, which, in each case, do not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) operate to reduce the Net Revenue Interest of Seller with respect to the Target Formation(s) set forth in Schedule 2.07 or each currently producing formation, as applicable, for any Unit to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, (iii) obligate Seller to bear a Working Interest with respect to the Target Formation(s) set forth in Schedule 2.07 for any Unit in any amount greater than the Working Interest set forth in Schedule 2.07 for such Unit (unless the Net Revenue Interest for such Unit is greater than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, in the same or greater proportion as any increase in such Working Interest), or (iv) reduce the Net Acres of Seller with respect to any Unit identified on Schedule 2.07 to an amount less than the Net Acres set forth on Schedule 2.07 for the applicable Target Formation for each Unit;

(i) vendors, carriers, warehousemen's, repairmen's, mechanics', workmen's, materialmen's, construction or other like liens arising by operation of law in the ordinary course of business or incident to the construction or improvement of any property in respect of obligations which are not yet due or which are being contested in good faith by appropriate proceedings by or on behalf of Seller, in each case (A) as set forth on Schedule 1.01 or (B) otherwise arising from and after the Execution Date;

(j) Encumbrances created under Leases or any joint operating agreements applicable to the Assets or by operation of law in respect of obligations that are not yet due or that are being contested in good faith by appropriate proceedings by or on behalf of Seller, in each case (A) as set forth on Schedule 1.01 or (B) otherwise arising from and after the Execution Date;

(k) any Encumbrance affecting the Assets that is discharged by Seller or expressly waived in writing by Buyer pursuant to the terms of this Agreement at or prior to Closing;

(l) defects based solely on assertions that Seller's files lack information (including title opinions);

(m) lessor's royalties, overriding royalties, production payments, net profits interests, reversionary interests, and similar burdens if the net cumulative effect of such burdens (i) does not materially interfere with the operation or use of any of the Assets (as currently operated and used) or the ability of a reasonably prudent operator to drill a well on a Lease, (ii) does not reduce the Net Revenue Interest of Seller with respect to any Unit to an amount less than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, (iii) does not obligate Seller to bear a Working Interest in any amount greater than the Working Interest set forth in Schedule 2.07 for any Unit (unless the Net Revenue Interest for such Unit is greater than the Net Revenue Interest set forth in Schedule 2.07 for such Unit, in the same or greater proportion as any increase in such Working Interest), and (iv) does not entitle Seller to less than the Net Acres set forth on Schedule 2.07 for the applicable Target Formation for any Unit;

(n) defects or irregularities of title (i) as to which the relevant statute(s) of limitations or prescription would bar any attack or claim against Seller's title; (ii) to the extent arising out of lack of evidence of, or other defects to the extent related to, authorization, execution, delivery, acknowledgment, or approval of any instrument in Seller's chain of title absent reasonable evidence of an actual claim of superior title from a Third Party attributable to such matter; (iii) to the extent consisting of the failure to recite marital status or omissions of heirship proceedings in documents; (iv) resulting from lack of survey, unless a survey is expressly required by applicable Legal Requirements; (v) to the extent arising out of lack of entity authorization unless Buyer provides affirmative evidence that such entity action was not authorized and results in another Person's actual and superior claim of title or (vi) that have been cured by prescription or limitations;

(o) Imbalances set forth on Schedule 3.09;

(p) calls on Hydrocarbon production under existing Contracts set forth on Schedule 3.10;

(q) any matters referenced or set forth on Schedule 1.01;
(s) mortgages on the lessor's interest under a Lease, whether or not subordinate to such Lease, that have expired on their own terms or the enforcement of which are barred by applicable statute(s) of limitations or prescription; and

(t) the failure of Seller to have Record title (as that term is defined in 43 CFR § 3100.0 5(c)) to any Lease by the Bureau of Land Management if the Seller has the represented operating rights in such Lease.

"Person" – any individual, firm, corporation (including any non-profit corporation), general or limited partnership, limited liability company, joint venture, estate, trust, association, organization, labor union, or other entity or Governmental Body.

"Personal Property" – as set forth in the definition of "Assets".

"Phase I Environmental Site Assessment" – a Phase I environmental property assessment of the Assets that satisfies the basic assessment requirements set forth under the current ASTM International Standard Practice for Environmental Site Assessments (Designation E1527-13) or any other visual site assessment or review of records, reports or documents, and any desktop evaluation of the Assets' compliance with Environmental Laws.

"Plan of Reorganization" – the *Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other than LINN Acquisition Company, LLC and Berry Petroleum Company, LLC*, as confirmed in the Bankruptcy Cases by the *Order Confirming (i) Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and its Debtor Affiliates other than Linn Acquisition Company, LLC and Berry Petroleum Company, LLC and (ii) Amended Join Chapter 11 Plan of Reorganization of Linn Acquisition Company, LLC and Berry Petroleum Company, LLC* [Docket No. 1629].

"Post-Closing Date" – as defined in Section 2.05(d).

"Post-Closing Gross Products Taxes" – as defined in Section 12.02(c)(ii).

"Potential Discharged Claims" – all Claims (as defined in 11 U.S.C. § 101(5)) that (i) were discharged in the Bankruptcy Cases and were treated in accordance with the Plan of Reorganization, or (ii) would have been discharged in the Bankruptcy Cases and treated in accordance with the Plan of Reorganization in the event the holder of such Claim had received proper notice of (a) the pendency of the Bankruptcy Cases, (b) the opportunity to timely file a Claim therein, and (c) the opportunity to timely object to the Plan of Reorganization.

"Preferential Purchase Right" – any right or agreement that enables any Person to purchase or acquire any Asset or any interest therein or portion thereof as a result of or in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Preliminary Allocation" – as defined in Section 2.07(a).

"Preliminary Amount" – the Purchase Price, adjusted as provided in Section 2.03, based upon the best information available at the time of the Closing.

"Preliminary Settlement Statement" – as defined in Section 2.03.

"Proceeding" – any proceeding, action, arbitration, audit, hearing, investigation, request for information, litigation, or suit (whether civil, criminal, administrative, investigative, or informal) commenced, brought, conducted, or heard by or before, or otherwise involving, any Governmental Body.

"Production Related IT Equipment" – as set forth in the definition of "Assets".

"Property" or "Properties" – as set forth in the definition of "Assets".

"Property Costs" – all operating expenses (including utilities, costs of insurance, rentals, and third party overhead costs) and, capital expenditures (including costs of acquiring equipment), respectively, incurred in the ordinary course of business attributable to the use, operation, and ownership of the Assets, but "Property Costs" shall not include and Seller shall be responsible for all costs, expenses and Damages attributable to (a) personal injury or death, property damage, torts, breach of contract, or violation of any Legal Requirement, (b) obligations relating to the abandonment or plugging of Wells, dismantling or decommissioning facilities, closing pits and restoring the surface around such Wells, facilities and pits prior to Closing, (c) Retained Liabilities, curing Title Defects, Environmental Defects or Breaches of this Agreement by Seller and the matters covered by the indemnities in Section 10.02, (d) obligations with respect to Imbalances, (e) obligations to pay Royalties or other interest owners revenues or proceeds relating to the Assets but held in suspense, including Suspense Funds, (f) rentals, options, lease maintenance, broker fees and other property acquisition costs, (g) any of Seller's or its Affiliates internal overhead or any general and administrative expenses, (h) insurance premiums attributable to policies directly entered into by Seller or its Affiliates, whether or not related to the Assets, and (i) claims for indemnification or reimbursement from any Third Party with respect to costs of the types described in the preceding clauses (a) through (h), whether such claims are made pursuant to contract or otherwise. Notwithstanding anything to the contrary in this Agreement, "Property Costs" shall not include any Asset Taxes, Income Taxes or Transfer Taxes.

"Purchase Price" – as defined in Section 2.02.

"Records" – as set forth in the definition of "Assets".

"Representative" – with respect to a particular Person, any director, officer, manager, employee, agent, consultant, advisor, or other representative of such Person, including legal counsel, accountants, and financial advisors.

"Required Consent" – any Consent with respect to which (a) there is a provision within the applicable instrument that such Consent may be withheld in the sole and absolute discretion of the holder or words of similar effect, or (b) there is provision within the applicable instrument expressly stating that an assignment in violation thereof (i) is void or voidable, (ii) triggers the payment of specified liquidated damages, or (iii) causes termination of or right of any counterparty to terminate the applicable Assets to be assigned, or words of similar effect.

"Retained Assets" – any rights, titles, interests, assets, and properties that are originally included in the Assets under the terms of this Agreement, but that are subsequently excluded from the Assets or sale under this Agreement pursuant to the terms of this Agreement.

"Retained Liabilities" – Damages, liabilities and obligations attributable to, arising out of or in connection with, or based upon (a) the disposal or transportation prior to Closing of any Hazardous Materials generated or used by Seller and taken from the Assets to any location that is not an Asset; (b) personal injury (including death) claims attributable to Seller's or its Affiliate's ownership of the Assets prior to the Closing; (c) failure to properly and timely pay, in accordance with the terms of any Lease, Contract or applicable Legal Requirement, all Royalties and any other Working Interest amounts (in each case) with respect to the Assets that are due by Seller or any of its Affiliates and attributable to Seller's ownership of the Assets prior to the Effective Time; (d) the matters identified in Schedule 1.01(b) solely to the extent Buyer does not receive indemnification therefore under either Title Indemnity Agreement; (e) the Midwest School Gas Leak; (f) any claim made by an employee of Seller or any Affiliate of Seller directly relating to such employment; (g) except to the extent the Purchase Price is reduced pursuant to Section 2.05, any Property Costs attributable to Seller's or its Affiliates' ownership or operation of the Assets prior to the Effective Time; (h) the Potential Discharged Claims and any failure of Seller to take any action, or pursue or enforce any right, remedy or cause of action, to cause the discharge of or prevent the enforcement or collection of any Potential Discharged Claim; (i) except for clause (c) in the definition of Assumed Liabilities, any amounts payable to any Governmental Body in the future to satisfy claims of such Governmental Body that are expressly reserved or preserved under the Stipulation and Agreed Order and attributable to pre-Effective Time periods, including any Cure Amounts; and (j) any civil or administrative fines or penalties and criminal sanctions imposed on the Seller or its Affiliates in connection with any pre-Closing violation of, or failure to comply with Legal Requirements (excluding Environmental Laws); *provided* that, from and after the date that is twenty-four (24) months following the Closing Date, all Damages, liabilities and obligations arising out of clause (b), other than in connection with the Midwest School Gas Leak, and clause (c) shall no longer be Retained Liabilities and shall be deemed Assumed Liabilities.

"Royalties" – royalties, overriding royalties, production payments, carried interests, net profits interests, reversionary interests, options, back-in interests, contractual rights to production, and other burdens upon, measured by or payable out of production, excluding, for the avoidance of doubt, any Taxes.

"Scheduled Closing Date" – as defined in Section 2.03.

"Schedules" – the aggregate of all schedules that set forth exceptions, disclosures, or otherwise relate to or are referenced in any of the representations, warranties or covenants set forth herein.

"Seller" – as defined in the preamble to this Agreement.

"Seller Closing Documents" – as defined in Section 3.02(a).

"Seller Group" – Seller and its Affiliates, and their respective Representatives.

"Seller Party" – each of LEH and LOL individually.

"Seller Taxes" – (a) all Income Taxes imposed by any applicable laws on any Seller Party, any of its direct or indirect owners or Affiliates, or any combined, unitary, or consolidated group of which any of the foregoing is or was a member, (b) Asset Taxes allocable to Seller pursuant to Section 12.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Seller as a result of (i) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (ii) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 12.02(c)(iii)), (c) any Taxes imposed on or with respect to the ownership or operation of the Excluded Assets or that are attributable to any asset or business of any Seller Party that is not part of the Assets, and (d) any and all Taxes (other than the Taxes described in clauses (a), (b) or (c) of this definition) imposed on or with respect to the ownership or operation of the Assets or the production of Hydrocarbons or the receipt of proceeds therefrom for any Tax period (or portion thereof) ending before the Effective Time.

"Specified Area" – the area inside the boundary of the Salt Creek Unit and Salt Creek South Unit as defined in the applicable unit agreements.

"Stipulation and Agreed Order" – the Stipulation and Agreed Order, dated April 27, 2017, executed by Seller (or its applicable predecessor or Affiliate) and the United States Department of the Interior and ordered by the Bankruptcy Court.

"Straddle Period" – any Tax period beginning before and ending after the Effective Time.

"Suspense Funds" – proceeds of production and associated penalties and interest in respect of any of the Wells that are payable to any Third Party and are being held in suspense by Seller as the operator of such Wells.

"Target Formation" – as set forth in Exhibit G.

"Tax" or "Taxes" – (a) any and all federal, state, provincial, local, foreign and other taxes, levies, fees, imposts, duties, assessments, unclaimed property and escheat obligations and other governmental charges imposed by any Governmental Body, including income, profits, franchise, alternative or add-on minimum, gross receipts, environmental (including taxes under Section 59A of the Code), registration, withholding, employment, social security (or similar), disability, occupation, ad valorem, property, value added, capital gains, sales, goods and services, use, real or personal property, capital stock, license, branch, payroll, estimated, unemployment, severance, compensation, utility, stamp, premium, windfall profits, transfer, gains, production and excise taxes, and customs duties, together with any interest, penalties, fines or additions thereto and (b) any successor or transferee liability or any liability that arises by reason of being a member of a consolidated, combined or unitary group, in each case, in respect of any items described in clause (a) above.

"Tax Allocation" – as defined in Section 2.07(b).

"Tax Returns" – any and all reports, returns, declarations, claims for refund, elections, disclosures, estimates, information reports or returns or statements supplied or required to be supplied to a Governmental Body in connection with Taxes, including any schedule or attachment thereto or amendment thereof.

"Third Party" – any Person other than a Party or an Affiliate of a Party.

"Threatened" – a claim, Proceeding, dispute, action, or other matter will be deemed to have been "Threatened" if any demand or statement has been made in writing to a Party or any of its officers, directors, or employees that would lead a prudent Person to conclude that such a claim, Proceeding, dispute, action, or other matter is likely to be asserted, commenced, taken, or otherwise pursued in the future.

"Title Benefit" – as defined in Section 11.08.

"Title Benefit Notice" – as defined in Section 11.08.

"Title Benefit Properties" – as defined in Section 11.08.

"Title Benefit Value" – as defined in Section 11.08.

"Title Defect" – any Encumbrance, defect or other matter that causes Seller not to have Defensible Title in and to the Wells or Leases in any Unit, without duplication; *provided* that the following shall not be considered Title Defects:

(a) defects arising out of the lack of corporate or other entity authorization unless Buyer provides affirmative evidence that such corporate or other entity action was not authorized and results in (or could reasonably be expected to result in) another Person's actual and superior claim of title to the relevant Assets;

(b) defects based on a gap in Seller's chain of title in the county or parish records, unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion, landman's title chain, run sheet or other document, which documents (if any) shall be included in a Title Defect Notice (for the avoidance of doubt, a non-certified, cursory or limited title chain will satisfy this requirement);

(c) defects based upon the failure to record any federal or state Leases or any assignments of interests in such Leases or any assignments of interests in such Leases in any applicable public records; *provided* that failures to record any federal or state Lease or any assignments of interest in such Lease in the applicable public record may be defects if the failure to so record cannot be cured by filing the same after the Effective Date in the applicable public record;

(d) defects arising from any change in any applicable Legal Requirement after the Execution Date; and

(f) defects based solely on the lack of information in Seller's files.

"Title Defect Cure Period" – as defined in Section 11.06(a).

"Title Defect Notice" – as defined in Section 11.04.

"Title Defect Property" – as defined in Section 11.04.

"Title Defect Value" – as defined in Section 11.04.

"Title Indemnity Agreements" – collectively, (i) that certain Title Indemnity Agreement Salt Creek Unit by and between Howell Petroleum Corporation and Linn Energy Holdings, LLC dated April 1, 2012, and (ii) that certain Title Indemnity Agreement Salt Creek South Unit by and between Howell Petroleum Corporation and Linn Energy Holdings, LLC dated April 1, 2012.

"Transfer Tax" – all transfer, sales, use, stamp, registration and similar Taxes (but excluding (a) all related documentary, filing and recording fees and expenses and (b) Income Taxes) arising out of, or in connection with, the transactions contemplated by this Agreement.

"Units" – as set forth in the definition of "Assets".

"Wells" – as set forth in the definition of "Assets".

"Working Interest" – with respect to any Unit, the interest in and to such Unit, the interest in and to any well drilled in such Unit that is burdened with the obligation to bear and pay costs and expenses of maintenance, development and operations on or in connection with such Unit (in each case, limited to the applicable Target Formation(s) as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Schedule 2.07), but without regard to the effect of any Royalties or other burdens.

ARTICLE 2
SALE AND TRANSFER OF ASSETS; CLOSING

2.01 Assets. Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 Purchase Price; Deposit. Subject to any adjustments that may be made under Section 2.05, the purchase price for the Assets will be Seventy-One Million Five Hundred Thousand Dollars ($71,500,000) (the "Purchase Price"). Within one (1) Business Day after the Execution Date, Buyer will deposit by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.05(a). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

2.03 Closing; Preliminary Settlement Statement. The Closing shall take place at the offices of Kirkland and Ellis LLP at 600 Travis Street, Suite 3300, Houston, Texas 77002 on or before June 30, 2017 (the "Scheduled Closing Date"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to such conditions being satisfied or waived at the Closing and subject to the provisions of Article 9. The date on which Closing

occurs shall be the "Closing Date". Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable good faith determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement"). Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, delivered in the Preliminary Settlement Statement by Seller in accordance with this Section 2.03, will, absent manifest error, be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

2.04 Closing Obligations. At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(ii) possession of the Assets (except the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit F executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller Party (or its regarded owner, if such Seller Party is an entity disregarded as separate from its owner) is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets; and

(vii) such documents as Buyer or counsel for Buyer may reasonably request, including letters-in-lieu of transfer order to third party operators and purchasers of production from the Wells (which shall be prepared and provided by Buyer (with assistance from Seller) and reasonably satisfactory to Seller) and documents needed to transfer any Governmental Authorizations.

(b) Buyer shall deliver (and execute, as appropriate) to Seller:

(i) the Preliminary Amount (less the Deposit Amount) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located, together with any assignments, on appropriate forms, of state and of federal Leases comprising portions of the Assets, if any, in sufficient counterparts necessary to facilitate filing with the applicable Governmental Bodies;

(iii) a certificate, in substantially the form set forth in Exhibit F executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own the Assets; and

(vi) such other documents as Seller or counsel for Seller may reasonably request, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

2.05 Allocations and Adjustments. If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred prior to the Effective Time. “Earned” and “incurred,” as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be “from or attributable to” the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and

(B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Asset Taxes for 2017 shall be prorated in accordance with Section 12.02(b). Seller shall provide to Buyer evidence of all meter readings and all gauging and strapping procedures conducted on or about the Effective Time in connection with the Assets, together with all data necessary to support any estimated allocation, for purposes of establishing the adjustment to the Purchase Price pursuant to Section 2.05(a).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 12.02(b) but paid or economically borne by Seller (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Seller in connection with a transaction to which Section 2.05(c)(ii)(A) applies, and therefore were taken into account in determining the "proceeds received" by Seller for purposes of applying Section 2.05(c)(ii)(A) with respect to such transaction);

(C) the aggregate amount of all non-reimbursed Property Costs that have been paid by Seller that are attributable to the ownership of the Assets after the Effective Time (including the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) that are applied against operations conducted between the Effective Time and Closing, but excluding all other prepayments);

(D) the amount of any prepayments of Property Costs made by Seller (or its immediate predecessor in title) to Buyer or its Affiliates for operations not completed prior to Closing and that are not reimbursed to Seller on or prior to the Closing;

(E) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(F) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory) above the load line as of the Effective Time; and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) third party gathering, processing, transportation and other similar midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 12.02(b) but paid or economically borne by Buyer (excluding, for the avoidance of doubt, any Asset Taxes that were withheld or deducted from the gross amount paid or payable to Buyer in connection with a transaction to which Section 2.05(c)(i)(A) applies, and therefore were taken into account in determining the "proceeds received" by Buyer for purposes of applying Section 2.05(c)(i)(A) with respect to such transaction);

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs that are attributable to the ownership of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds; and

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties.

(d) No earlier than sixty (60) days following the Closing Date and no later than ninety (90) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price calculated in accordance with this Section 2.05, together with all available documentation in reasonable detail to support any credit, charge, receipt or other item, including all such documentation used by Seller in the preparation of such statement. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report

containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's and its Affiliates' books and records relating to the matters required to be accounted for in the Final Settlement Statement to allow Buyer to conduct an audit and review such items. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and will, without limiting Section 12.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is one hundred twenty (120) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(B), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized independent accounting firm mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. If, within five (5) Business Days after delivery of a Dispute Notice, the Parties cannot mutually agree on an Accounting Expert, then the Parties shall utilize the same method to choose a nationally-recognized independent accounting firm to act as an accounting expert as set forth in Section 11.15(b), with appropriate modifications to such provisions to reflect the selection of an accounting expert instead of an Expert. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of the Accounting Expert shall, without limiting Section 12.02(c)(iii) or Buyer's right to indemnity under Section 10.02(c) for Seller Taxes, be binding on the Parties, and the fees and expenses of the Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 Assumption. If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities (except to the extent any such liabilities were Potential Discharged Claims) arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance or ownership of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the surface manifestation of underground emissions directly from the Assets; (f) attributable to the Imbalances; (g) subject to Buyer's rights and remedies set forth in Article 11 and attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) related to the conveyance of the Assets to Buyer at Closing (including, subject to Section 11.02 and Section 11.03, arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provisions); (i) attributable to or resulting from Transfer Taxes; (j) attributable to or resulting from Asset Taxes to the extent attributable to periods (or portions thereof) from and after the Effective Time, pursuant to Section 12.02(c) (taking into account, and without duplication of, such Asset Taxes effectively borne by Buyer as a result of (i) the adjustments to the Purchase Price made pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, and (ii) any payments made from one Party to the other in respect of Asset Taxes pursuant to Section 12.02(c)(iii)); and (k) attributable to the Leases and the Applicable Contracts. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that, subject to the terms and conditions of this Agreement, all liability associated with the matters described in clauses (i) through (iii) above as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10), Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 Allocation of Purchase Price.

(a) *Preliminary Allocation*. The Purchase Price shall be allocated as set forth in Schedule 2.07(a) hereto (the "Preliminary Allocation"). Seller and Buyer agree to be bound by the values assigned among the Assets as set forth on the Preliminary Allocation for purposes of Article 11 hereof.

(b) Within ninety (90) days following the Closing Date, Buyer shall deliver to the Seller a schedule allocating the Purchase Price (and all other amounts treated as consideration for federal income tax purposes), among the Assets (the "Tax Allocation"). The Tax Allocation shall be reasonable and prepared in accordance with Section 1060 of the Code and in a manner consistent with the Preliminary Allocation to the extent permitted by applicable Legal Requirements. The Tax Allocation shall be deemed final, and shall be conclusive and binding on all Parties, unless the Seller delivers to Buyer a written notice identifying each item reflected in the Tax Allocation to which the Seller takes exception within thirty (30) days after delivery of the Tax Allocation to the Seller (such items "Allocation Objections") (it being understood that any amounts not disputed by the Seller shall be final and binding). Upon delivery of the Allocation Objections, if any, the Seller and Buyer shall negotiate in good faith to resolve such dispute; *provided*, *however*, that if the Seller and Buyer are unable to resolve any dispute with respect to the Tax Allocation within thirty (30) days after the delivery of any Allocation Objections, then the Seller and Buyer shall each be entitled to adopt their own positions regarding the allocation of the Purchase Price among the Assets for applicable Tax purposes. If the Parties agree on the Tax Allocation (or such schedule is deemed accepted), the Seller and Buyer agree to file their respective IRS Forms 8594 and all federal, state and local Tax Returns in accordance with the Tax Allocation, and shall file any additional information returns required to be filed to reflect any subsequent mutually agreed upon adjustments to the Tax Allocation; *provided*, *however*, that neither Party shall be unreasonably impeded in its ability and discretion to negotiate, compromise and/or settle any Tax audit, claim or similar proceedings in connection with such allocation.

2.08 Withholding. Buyer, the Escrow Agent and each of their respective Affiliates shall be entitled to deduct or withhold from the amounts payable under this Agreement such amounts as may be required to be deducted and withheld under the Code and any other applicable Tax laws. Any such amount withheld and paid over to the appropriate Tax authority shall be treated as though it had been paid to the Person in respect of which such withholding was required.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF SELLER

Each Seller Party represents and warrants to Buyer as of the Execution Date and the Closing Date, the following:

3.01 Organization and Good Standing. Such Seller Party is a Delaware limited liability company, and is duly organized, validly existing, and in good standing under the laws of the State of Delaware and, where required, is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located, with full limited liability company power and authority to conduct its business as it is now being conducted, and to own or use the properties and assets that it purports to own or use. Such Seller Party is not a "foreign person" for purposes of Section 1445 of the Code.

3.02 Authority; No Conflict.

(a) The execution, delivery, and performance of this Agreement and the Contemplated Transactions have been duly and validly authorized by all necessary limited liability company action on the part of such Seller Party. This Agreement has been duly executed and delivered by such Seller Party and at the Closing, all instruments executed and delivered by such Seller Party at or in connection with the Closing shall have been duly executed and delivered by such Seller Party. This Agreement constitutes the legal, valid, and binding obligation of such Seller Party, enforceable against such Seller Party in accordance with its terms, except as such enforceability may be limited by a bankruptcy proceeding commenced after the date hereof or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law). Upon execution and delivery by such Seller Party of the Instruments of Conveyance at the Closing, such Instruments of Conveyance shall constitute legal, valid and binding transfers and conveyances of the Assets. Upon the execution and delivery by such Seller Party of any other documents at the Closing (collectively with the Instruments of Conveyance, such Seller Party's "Seller Closing Documents"), such Seller Closing Documents shall constitute the legal, valid, and binding obligations of such Seller Party, enforceable against such Seller Party in accordance with their terms, except as such enforceability may be limited by a bankruptcy proceeding commenced after the Closing or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law).

(b) Except as set forth in Schedule 3.02(b), and assuming the receipt of all Consents and the waiver of all Preferential Purchase Rights (in each case) applicable to the Contemplated Transactions, and assuming compliance with the HSR Act, neither the execution and delivery of this Agreement by such Seller Party nor the consummation or performance of any of the Contemplated Transactions by such Seller Party shall, directly or indirectly (with or without notice or lapse of time):

(i) contravene, conflict with, or result in a violation of (A) any provision of the Organizational Documents of such Seller Party, or (B) any resolution adopted by the board of directors, managers or officers of such Seller Party;

(ii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any Contract or agreement or any Legal Requirement or Order to which such Seller Party, or any of the Assets, may be subject;

(iii) contravene, conflict with, or result in a violation of any of the terms or requirements of, or give any Governmental Body the right to revoke, withdraw, suspend, cancel, terminate, or modify, any Governmental Authorization that relates to the Assets; or

(iv) (A) result in a default, in any material respect, or the imposition, creation or continuance of any Encumbrance upon or with respect to any of the Assets or (B) give rise to any right of termination, cancellation or acceleration under, or require any consent under, any note, bond, mortgage or indenture to which such Seller Party is a party or by which the Assets are bound, in each case except for Permitted Encumbrances.

3.03 Bankruptcy. Except for claims or matters related to the Bankruptcy Cases commenced on May 11, 2016 where the Plan of Reorganization concluded on February 28, 2017, for which the United States Bankruptcy Court for the Southern District of Texas retains limited jurisdiction, there are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by such Seller Party or, to such Seller Party's Knowledge, Threatened, against such Seller Party.

3.04 Taxes. All material Tax Returns required to be filed by such Seller Party with respect to Asset Taxes have been timely filed and all such Tax Returns are correct and complete in all material respects. All material Asset Taxes that are or have become due have been timely paid in full, and such Seller Party is not delinquent in the payment of any such Asset Taxes. There is not currently in effect any extension or waiver of any statute of limitations of any jurisdiction regarding the assessment or collection of any Asset Taxes. There are no Encumbrances on any of the Assets attributable to Taxes other than Permitted Encumbrances. There are no administrative or judicial proceedings by any taxing authority pending against Seller relating to or in connection with any material Asset Taxes. All Tax withholding and deposit requirements imposed by applicable Legal Requirements with respect to any of the Assets have been satisfied in all material respects. Except as disclosed on Schedule 3.04, no Asset is subject to any tax partnership agreement or is otherwise treated, or required to be treated, as held in an arrangement requiring a partnership income tax return to be filed under Subchapter K of Chapter 1 of Subtitle A of the Code or any similar state statute. Such Seller Party paid Wyoming sales and use tax on the original purchase of the Assets to the extent required under applicable Legal Requirements.

3.05 Legal Proceedings. Such Seller Party has not been served with any Proceeding, and there is no pending or, to such Seller Party's Knowledge, Threatened, Proceeding against such Seller Party or any of its Affiliates, in each case, that (a) relates to such Seller Party's ownership of any of the Assets, or (b) challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To such Seller Party's Knowledge, there are no pending or Threatened Proceedings relating to the ownership or operation of the Assets to which neither such Seller Party nor any of its Affiliates is party.

3.06 Brokers. Neither such Seller Party nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are and will remain the sole responsibility of such Seller Party and its Affiliates.

3.07 Compliance with Legal Requirements. Except as set forth in Schedule 3.07, there is no uncured material violation by such Seller Party of any Legal Requirements (other than Environmental Laws) with respect to such Seller Party's ownership or operation of the Assets. To such Seller Party's Knowledge, all Assets operated by Third Parties have been operated in all material respects in compliance with all applicable Legal Requirements (other than Environmental Laws). Neither such Seller Party nor any of its Affiliates have received any written notice from any Governmental Body or Third Party of any material violation of or material default by such Seller Party with respect to any Legal Requirement that remains unresolved.

3.08 Prepayments. Except for any Imbalances or as otherwise set forth on Schedule 3.08, such Seller Party has not received payment under any Contract for the sale of Hydrocarbons produced from the Assets which requires delivery in the future to any party of Hydrocarbons previously paid for and not yet delivered.

3.09 Imbalances. Except as set forth in Schedule 3.09, there are no Imbalances with respect to such Seller Party's obligations relating to the Wells as of the Effective Time.

3.10 Material Contracts. Schedule 3.10 sets forth all Applicable Contracts of the type described below as of the Execution Date (collectively, the "Material Contracts"):

(a) any Applicable Contract that is a Hydrocarbon purchase and sale, transportation, gathering, treating, processing, compression, marketing or similar Applicable Contract that is not terminable by such Seller Party without penalty on sixty (60) days' or less notice, including any Contract that includes an acreage dedication or minimum volume commitment;

(b) any Applicable Contract that can reasonably be expected to result in aggregate payments or receipts of revenue by Seller of more than One Hundred Thousand Dollars ($100,000) net to Seller's interest during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) in the aggregate net to Seller's interest over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(c) any Applicable Contract that is an indenture, mortgage, deed of trust, loan, credit agreement, sale-leaseback, guaranty of any obligation, bond, letter of credit, security interest, hedging or similar financial Contract;

(d) any Applicable Contract that constitutes a partnership agreement, joint venture agreement, area of mutual interest agreement, non-compete agreement, joint exploration agreement, joint development agreement, joint operating agreement, drilling contract, farmin or farmout agreement, carry agreement, net profits interest agreement, participation agreement, production sharing agreement, unit agreement, purchase and sale agreement, exchange agreement or similar Contract where any material obligation has not been completed prior to the Effective Time (in each case, excluding any tax partnership);

(e) any Applicable Contract that provides for a call upon, option to purchase or similar right under any agreements with respect to the Hydrocarbons from the Assets;

(f) any Applicable Contract that provides for an irrevocable power of attorney that will be in effect after the Closing Date;

(g) any Applicable Contract that provides for, as its primary purpose, an indemnity; and

(h) any Applicable Contract for the sale, lease or farmout, or exchange of such Seller Party's interest in the Assets.

Except as set forth in Schedule 3.10, each Material Contract set forth (or required to be set forth) in Schedule 3.10 is a legal, valid and binding obligation against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, is enforceable in accordance with its terms against such Seller Party and, to the Knowledge of such Seller Party, each other party thereto, and is in full force and effect, subject to any bankruptcy proceeding commenced after the date hereof or other Legal Requirements now or hereafter in effect. Neither such Seller Party, nor to the Knowledge of such Seller Party, any other party is in material breach of or in default under any Material Contract, and no event, occurrence, condition or act has occurred that, with the giving of notice, the lapse of time or the happening of any other event or condition, would become a material breach, default or event of default by such Seller Party or, to the Knowledge of such Seller Party, any other party thereto, in each case except as set forth in Schedule 3.10. Except as set forth in Schedule 3.10, such Seller Party has not received any notice from a Third Party alleging a violation or breach of any Material Contract by such Seller Party or any its Affiliates. Except as set forth in Schedule 3.10, there are no Contracts with Affiliates of such Seller Party, Hedge Contracts or Debt Contracts that will be binding on the Assets after Closing. Prior to the Execution Date, such Seller Party has delivered to Buyer true and complete copies of each Material Contract and any and all amendments thereto.

3.11 Consents and Preferential Purchase Rights. Except as set forth in Schedule 3.11, none of the Assets (and no portion of the Assets) is subject to any Preferential Purchase Rights or Consents required to be obtained by such Seller Party which may be applicable to the Contemplated Transactions, except for (a) Consents and approvals of Governmental Bodies that are customarily obtained after Closing and (b) Contracts that are terminable by the counterparty upon not greater than thirty (30) days' notice, and (c) compliance with the HSR Act.

3.12 Current Commitments. Schedule 3.12 sets forth, as of the Execution Date, all approved authorizations for expenditures and other approved capital commitments, individually equal to or greater than One Hundred Thousand Dollars ($100,000) (net to Seller's interest) (the "AFEs") relating to the Assets and which are binding on the owner of the Assets following the Effective Time to drill or rework any Wells or for other capital expenditures for which all of the activities anticipated in such AFEs have not been completed by the Effective Time.

3.13 Environmental Laws. Except as disclosed on Schedule 3.13, (a) there are no actions, suits or proceedings pending, or to such Seller Party's Knowledge, threatened in writing, before any Governmental Body with respect to the Assets alleging material violations of, or material liabilities under, Environmental Laws, or claiming remediation obligations, and (b) such Seller Party has received no notice from any Governmental Body or other Person of any alleged or actual material violation or non-compliance with, or material liability under, any Environmental Law or of material non-compliance with the terms or conditions of any environmental permits, arising from, based upon, associated with or related to the Assets or the ownership or operation of any thereof and (c) to such Seller Party's Knowledge, there is no uncured material violation (i) by such Seller Party of any Environmental Laws with respect to such Seller Party's ownership of the Assets, or (ii) of any Environmental Laws with regard to operation of the Assets by Third Parties.

3.14 Necessary Surface Rights. The Properties include all of the material easements and other surface rights reasonably necessary to maintain normal operations in accordance with past practices.

3.15 Royalties. Except as set forth in Schedule 3.15, such Seller Party has duly and properly paid, or caused to be duly and properly paid in all material respects, all Royalties due by such Seller Party during the period of such Seller Party's ownership of the Assets; *provided*, however that no failure to comply with the foregoing that does not result in the termination of a Lease shall be considered a breach of this Section 3.15.

3.16 Letters of Credit. Schedule 3.16 lists all material letters of credit held by such Seller Party or any its Affiliates (as applicable) that are required by applicable third Persons in order for such Seller Party to own the Properties.

3.17 Disclosures with Multiple Applicability; Materiality. If any fact, condition, or matter disclosed in Seller's disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies to the extent reasonably apparent on the face of Seller's disclosure Schedules, regardless of the section of Seller's disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on Seller's disclosure Schedules with respect to a representation or warranty that is qualified by "material" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.01 Organization and Good Standing. Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 Authority; No Conflict.

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the requisite right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 Certain Proceedings. There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 Knowledgeable Investor. Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 Qualification. Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or as of the Closing will be, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own the Assets. Buyer has, or as of the Closing will have, posted such bonds as may be required for the ownership or, where applicable, operatorship by Buyer of the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 Brokers. Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 Financial Ability. Buyer has sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions, and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 Securities Laws. The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 Due Diligence. Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, subject to Buyer's right to access the Assets to conduct a due diligence review in accordance with this Agreement, at Closing Buyer and its Representatives have (a) been permitted access to materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING OR IMPAIRING ANY REPRESENTATION, WARRANTY, COVENANT OR AGREEMENT OF THE SELLER PARTIES CONTAINED IN THIS AGREEMENT AND THE SELLER'S CLOSING DOCUMENTS (INCLUDING THE SPECIAL WARRANTY OF DEFENSIBLE TITLE SET FORTH IN THE INSTRUMENTS OF CONVEYANCE), OR BUYER'S RIGHT TO RELY UPON EACH OF THE FOREGOING OR BUYER'S RIGHTS UNDER ARTICLE 11, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE.**

4.10 Basis of Buyer's Decision. By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN Article 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 Business Use, Bargaining Position. Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer

Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq., to the extent applicable, or any similar Legal Requirement. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 Bankruptcy. There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 Access and Investigation.

(a) Between the Execution Date and the Closing Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller, Seller shall (a) afford Buyer and its Representatives access, at such times as Buyer may reasonably request during Seller's regular hours of business, to reasonably appropriate Seller's personnel, any contracts, books and Records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data to the extent they are Excluded Assets, and (b) promptly furnish Buyer and its Representatives, at Buyer's sole cost and expense, with electronic copies of all such Records, contracts, books and records, and other existing documents and data as Buyer and its Representatives may reasonably request, except for any such contracts, books and records, or other documents and data to the extent they are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third parties in order to obtain such consent); ***PROVIDED* THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that (to the extent practicable) minimizes interference with the field operations of the business of Seller and any applicable Third Parties, and (ii) subject to Section 11.09, Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 Ownership of the Assets. Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall operate its business (including the sale of Hydrocarbons) with respect to its ownership of the Assets in the ordinary course as a reasonably prudent operator, and, without limiting the generality of the preceding, shall:

(a) not transfer, sell, hypothecate, Encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(b) subject to clause (i) below, not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments);

(c) not propose, or agree to participate in any single operation with respect to the Leases or Wells with an anticipated cost in excess of Fifty Thousand Dollars ($50,000) net to Seller's interest, except for any emergency operations otherwise conducted in compliance with this Agreement;

(d) not execute, terminate, cancel, extend, or materially amend or modify any Material Contract or Lease;

(e) not make any election (or fail to make an election, the result of which is) to go non-consent with respect to any of the Assets;

(f) unless Buyer fails to provide consent under clause (d), use commercially reasonable efforts to maintain in full force and effect each Lease, and timely and properly pay all Lease renewals and extensions that become due after the date of this Agreement but prior to Closing in accordance with the terms of the applicable Lease;

(g) not waive, release, assign, settle or compromise any proceeding, material right or claim relating to the Assets, other than the Retained Liabilities or waivers, releases, assignments, settlements or compromises that involve only the payment of monetary damages not in excess of Fifty Thousand Dollars ($50,000) individually (excluding amounts to be paid under insurance policies);

(h) not take, nor permit any of their Affiliates (or authorize any investment banker, financial advisor, attorney, accountant or other Person retained by, acting for or on behalf of Seller or any such Affiliate) to take, directly or indirectly, any action to solicit, or negotiate, any offer from any Person concerning the direct or indirect acquisition of the Assets by any Person other than Buyer or its Affiliates except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(i) pay (or cause to be paid) any and all Asset Taxes that could result in an Encumbrance with respect to the Assets that become due and payable on or prior to the Closing Date; and

(j) not enter into any agreement with respect to any of the foregoing.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller and any Affiliate of Seller owning an interest in the applicable Assets (or portion of the Assets) have voted its interest in a manner that complies with the provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency involving imminent threat to property or life, Seller may take such action as reasonably necessary and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant.

5.03 Insurance. Seller shall maintain in force during the period from the Execution Date until the Closing, insurance policies (including qualified self-insurance) pertaining to the Assets with the minimum coverages as set forth on Schedule 5.03.

5.04 Consent and Waivers. Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall reasonably cooperate with Seller in seeking to obtain such Consents.

5.05 Amendment to Schedules. Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules with respect to any matters that first occur following the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement.

5.06 Affiliate Contracts. Seller will terminate or cause its respective Affiliates to terminate, effective as of the Closing Date, any contracts or agreements between Seller and its Affiliates insofar and only insofar as such contracts or agreements relate to or bind the Assets.

ARTICLE 6
OTHER COVENANTS

6.01 Notification and Cure. Between the Execution Date and the Closing Date, Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtain Knowledge following the Execution Date of any Breach in any material respect, of its or the other Party's representations and warranties or covenants, in any material respect; *provided* that failure to provide such notice shall not limit a Party's rights or remedies under this Agreement with respect to such Breach. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and such Breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, prior to the termination of this Agreement in accordance with Section 9.01), then such Breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 Satisfaction of Conditions. Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer shall use commercially reasonable efforts to obtain, and deliver to Seller evidence of, all replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals, in each case, as set forth on Schedule 6.03(a) and necessary for Buyer to own the Assets.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings.

6.04 Governmental Reviews. Except for the HSR Act, Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 HSR Act. If applicable, within ten (10) Business Days following the execution by Buyer and Seller of this Agreement, Buyer and Seller will each prepare and simultaneously file with the DOJ and the FTC the notification and report form required for the transactions contemplated by this Agreement by the HSR Act and request early termination of the waiting period thereunder. Buyer and Seller agree to respond promptly to any inquiries or requests for information or documentary material from the DOJ or the FTC concerning such filings and to comply in all material respects with the filing requirements of the HSR Act. Buyer and Seller shall cooperate with each other and, subject to the terms of the Confidentiality Agreement, shall promptly furnish all information to the other Party that is necessary in connection with Buyer's and Seller's compliance with the HSR Act. Buyer and Seller shall keep each other fully advised with respect to any requests from or communications with the DOJ or FTC concerning such filings and shall consult with each other with respect to all responses thereto. Each of Seller and Buyer shall use its commercially reasonable efforts to take all actions reasonably necessary and appropriate in connection with any HSR Act filing to satisfy the conditions to the Closing and consummate Contemplated Transactions as promptly as practicable and in any event not later than the Outside Date, *provided*, *however*, nothing in this Agreement shall require Buyer or Seller to propose, negotiate, effect or agree to, the sale, divestiture, license or other disposition of any assets or businesses of Buyer or Seller (including the Assets) or otherwise take any action that limits the freedom of action with respect to, or its ability to retain or operate any of the businesses of the Buyer or Seller or the Assets. The filing fees associated with any such HSR Act filing shall be borne by Buyer. Notwithstanding any provision of this Section 6.05, no Party shall be required to provide the other Party with information regarding the value of the transaction or subject to the attorney client privilege, work product doctrine or other similar privilege absent entering into a mutually acceptable joint defense agreement.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived in writing by Buyer, in whole or in part):

7.01 Accuracy of Representations. All of Seller's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

7.02 Seller's Performance. All of the covenants and obligations that Seller is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

7.03 No Proceedings. Since the Execution Date, there must not have been commenced or Threatened against Seller, or against any of Seller's Affiliates, any Proceeding (other than any matter initiated by Buyer or an Affiliate of Buyer) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

7.04 No Orders. On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 Necessary Consents and Approvals. All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 HSR Act. Any waiting period applicable to the consummation of the Contemplated Transactions under the terms of this Agreement under the HSR Act shall have expired or been terminated.

7.07 Closing Deliverables. Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

7.08 Title Defect Values, Environmental Defect Values, etc. The sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (less the sum of all Title Benefit Values asserted by Seller in good faith), plus (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, plus (iii) the aggregate downward Purchase Price adjustments under Section 11.02, plus (iv) the aggregate downward Purchase Price adjustments under Section 11.03, plus (v) the aggregate downward Purchase Price adjustments under Section 11.11, plus (vi) the aggregate amount of all Casualty Losses (as determined by Buyer acting in good faith) shall be less than or equal to twenty percent (20%) of the unadjusted Purchase Price.

ARTICLE 8
CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE

Seller's obligation to sell the Assets and to take the other actions required to be taken by Seller at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived in writing by Seller, in whole or in part):

8.01 Accuracy of Representations. All of Buyer's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality, true and correct in all respects) on and as of such specified date.

8.02 Buyer's Performance. All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 No Proceedings. Since the Execution Date, there must not have been commenced or Threatened against Buyer or against any of its Affiliates, any Proceeding (other than any matter initiated by Seller or an Affiliate of Seller) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transaction.No Orders. On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.Necessary Consents and Approvals. All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

8.06 HSR Act. Any waiting period applicable to the consummation of the Contemplated Transactions under the HSR Act shall have expired or been terminated.

8.07 Closing Deliverables. Buyer shall have delivered (or be ready, willing and able to deliver at the Closing) to Seller the documents and other items required to be delivered by Buyer under Section 2.04(b).

8.08 Title Defect Values, Environmental Defect Values, etc. The sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (less the sum of all Title Benefit Values asserted by Seller in good faith), plus (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, plus (iii) the aggregate downward Purchase Price adjustments under Section 11.02, plus (iv) the aggregate downward Purchase Price adjustments under Section 11.03, plus (v) the aggregate downward Purchase Price adjustments under Section 11.11, plus (vi) the aggregate amount of all Casualty Losses (as determined by Buyer acting in good faith) shall be less than or equal to twenty percent (20%) of the unadjusted Purchase Price.

ARTICLE 9
TERMINATION

9.01 Termination Events. This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Seller shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Seller fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Seller's conditions to Closing have been satisfied or waived (in writing) by Buyer in full on or after the Scheduled Closing Date, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) Seller refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, that in the case of a Breach that is capable of being cured, Buyer shall have a period of ten (10) Business Days following receipt of such notice to attempt to cure the Breach and the termination under this Section 9.01(b) shall not become effective unless Buyer fails to cure such Breach prior to the end of such ten (10) Business Day period; *provided*, *further*, if (i) Buyer's conditions to Closing have been satisfied or waived (in writing) by Seller in full on or after the Scheduled Closing Date, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) Buyer refuses or willfully or negligently delays to timely close the Contemplated Transactions, then such refusal or delay shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before August 1, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable; or

(f) by Seller if the Closing condition in Section 8.08 is not satisfied (or not possible of being satisfied at Closing);

(g) by Buyer if the Closing condition in Section 7.08 is not satisfied (or not possible of being satisfied at Closing); or

(h) by Seller if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date.

9.02 Effect of Termination; Distribution of the Deposit Amount.

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other under Section 9.02(a) or Section 9.02(c), and (b) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 12 (other than Section 12.01, Section 12.02(b) through (d), Section 12.14 and Section 12.17, which shall terminate) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If (A) Seller has the right to terminate this Agreement pursuant to Section 9.01(c), (B) all of Buyer's Closing conditions contained in Article 7 shall have been satisfied or waived (in writing) by Buyer, and (C) Seller has performed or is ready, willing and able to perform all of its agreements and covenants contained in this Agreement which are to be performed or observed at or prior to Closing and has provided Buyer with written notice of same, then Seller shall, as its sole recourse in such scenario, terminate this Agreement and receive the Deposit Amount as liquidated damages (and not as a penalty. If Seller terminates this Agreement pursuant to this Section 9.02(b)(i) and receives the Deposit Amount as liquidated damages, (x) the Parties shall, within two (2) Business Days of Seller's election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement. The Parties recognize that the actual damages to Seller in the scenario described above in this Section 9.02(b)(i) would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach.

(ii) If (A) Buyer has the right to terminate this Agreement pursuant to Section 9.01(b), (B) all of Seller's Closing conditions contained in Article 8 shall have been satisfied or waived (in writing) by Seller, and (C) Buyer has performed or is ready, willing and able to perform all of its agreements and covenants contained in this Agreement which are to be performed or observed at or prior to Closing and has provided Seller with written notice of same, then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Seller of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to receiving a return of the Deposit Amount) seek to recover damages from Seller in an amount up to, but not exceeding, an amount equal to the Deposit Amount. If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount, the Parties shall, within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(iii) If this Agreement is terminated by Seller in accordance with Section 9.01(h), then the Parties shall have no additional remedies against one another as a result of such termination, and Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(a), then, in any such case, the Parties shall, within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

(d) THE PARTIES FURTHER AGREE THAT, UNLESS AND UNTIL THE CLOSING OCCURS, THE SOLE AND EXCLUSIVE REMEDY OF SELLER AND ITS AFFILIATES AGAINST BUYER ARISING FROM OR RELATING TO THIS AGREEMENT AND THE CONTEMPLATED TRANSACTIONS, INCLUDING FOR ANY FAILURE OF BUYER TO EFFECT THE CLOSING OR OTHERWISE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT (WHETHER WILLFULLY, INTENTIONALLY, UNINTENTIONALLY OR OTHERWISE), WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02. EXCEPT FOR THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN

THIS SECTION 9.02, IN FURTHERANCE OF THE FOREGOING, (A) SELLER RELEASES BUYER, WAIVES ANY RIGHT OF RECOVERY FOR AND AGREES NOT TO SEEK ANY RECOVERY FOR ANY LOSS SUFFERED AS A RESULT OF ANY BREACH OF ANY COVENANT, OBLIGATION, REPRESENTATION OR WARRANTY IN THIS AGREEMENT OR THE FAILURE OF THE TRANSACTION TO BE CONSUMMATED, OR IN RESPECT OF ANY ORAL REPRESENTATION MADE OR ALLEGED TO HAVE BEEN MADE IN CONNECTION HEREWITH AND (B) THE MAXIMUM AGGREGATE MONETARY LIABILITY THAT BUYER SHALL HAVE IN CONNECTION WITH SUCH LOSS SHALL BE THE FORFEITURE OF THE DEPOSIT AMOUNT IN ACCORDANCE WITH THIS SECTION 9.02.

9.03 Return of Records Upon Termination. Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets in accordance with the Confidentiality Agreement and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 Survival. The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive indefinitely, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive for twenty-four (24) months after Closing, (e) all covenants and agreements of Seller to be performed at or following the Closing shall survive until fully performed (f) all other representations and warranties and pre-closing covenants and agreements of Seller shall survive for twenty-four (24) months after Closing; *provided* that the covenants and agreements of Buyer and Seller set forth in Section 2.07(b) and Section 12.02 shall survive for the applicable statute of limitations plus sixty (60) days and (g) all other representations, warranties, covenants and agreements of Buyer shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date. The indemnities in Section 10.02(c) with respect to the matters described in clause (a), clause (b), other than in connection with the Midwest School Gas Leak, and clause (c) of the definition of Retained Liabilities shall continue for twenty-four months following the Closing Date and the indemnities in Section 10.02(c) with respect to all Retained Liabilities other than the matters described in clause (a), clause (b), other than in connection with the Midwest School Gas Leak, and clause (c) of the definition of Retained Liabilities shall survive the Closing indefinitely. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 Indemnification and Payment of Damages by Seller. Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use or ownership of the Excluded Assets; and

(e) the use or ownership of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, from and after the Closing, the remedies provided in this Article 10, Article 11 and Section 12.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including Breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and, except for the remedies provided in this Article 10, Article 11 and Section 12.17, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES**. Nothing in this Agreement shall release or relieve Seller for actual fraud.

10.03 Indemnification and Payment of Damages by Buyer. Except as otherwise limited in this Article 10 and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to Buyer's and its representatives' access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage arising from such access; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, from and after Closing, the remedies provided in this Article 10 and Section 12.17 are Seller Group's exclusive legal remedies for Buyer's Breaches, all other legal rights and remedies being expressly waived by Seller Group.

10.04 Indemnity Net of Insurance. The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds actually received by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 Limitations on Liability.

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (i) for any Damages with respect to any occurrence, claim, award or judgment that do not individually exceed One Hundred Thousand Dollars ($100,000) net to Seller's interest (the "Individual Claim Threshold"); or (ii) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 11.02 or Section 11.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

(c) Notwithstanding anything in this Agreement to the contrary, Seller shall not be required to indemnify Buyer under Section 10.02(a) for any Asset Tax (or portion thereof) allocable to Buyer under Section 12.02(c) as a result of a breach by Seller of any representation or warranty set forth in Section 3.04, except to the extent the amount of such Asset Tax (or portion thereof) (i) exceeds the amount that would have been due absent such breach or (ii) was taken into account as an adjustment to the Purchase Price under Section 2.03, Section 2.05(c), Section 2.05(d) or Section 12.02(c)(iii).

10.06 Procedure for Indemnification--Third Party Claims.

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently

incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C), in the case of an indemnification claim by Buyer pursuant to Section 10.02(a) (other than with respect to a Fundamental Representation) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 Procedure for Indemnification – Other Claims. A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 Indemnification of Group Members. The indemnities in favor of Buyer and Seller provided in Section 10.08 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 Extent of Representations and Warranties.

(a) **NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT,**

CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT, THE CERTIFICATES DELIVERED BY SELLER AT CLOSING OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.

(b) Buyer acknowledges and affirms that it has made and prior to Closing will make its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 Compliance With Express Negligence Test. **THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY, WHETHER ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT, EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 Limitations of Liability. Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided*, *however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 No Duplication. Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 Disclaimer of Application of Anti-Indemnity Statutes. Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 Waiver of Right to Rescission. Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

10.15 Joint and Several. Each Seller Party shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller Party.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 Title Examination and Access. Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Closing, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or copies (including electronic copies if available) of all of the Records, files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller or its Affiliates have relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 Preferential Purchase Rights. Seller shall, as promptly as practical but in no event later than ten (10) Business Days after the Execution Date, provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in compliance with the contractual provisions applicable thereto. To the extent any such Preferential Purchase Rights are properly exercised by any holders thereof or the time period for exercising any Preferential Purchase Right has not expired and no notice of waiver has been received from the holder thereof, then the Asset(s) subject to any such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s), or if the time period for exercising any Preferential Purchase Right expires after the Closing without exercise by the holder thereof (or if Seller receives a waiver of any Preferential Purchase Right after the Closing), then, in each case, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Retained Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date reasonably designated by Seller not more than one hundred eighty (180) days after the Closing Date.

11.03 Consents. Seller shall, as promptly as practical but in no event later than ten (10) Business Days after the Execution Date, provide all notices required to comply with or obtain all Consents in compliance with the contractual provisions applicable thereto required for the transfer of the Assets and in accordance with Section 5.04.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is not a Required Consent and has not been denied in writing, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be borne by Buyer.

(ii) If the Consent is a Required Consent or a Consent that has been denied in writing, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases and Wells affected by the Applicable Contract or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Consent described in Section 11.03(a)(ii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Retained Asset(s) to Buyer and Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Retained Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 Title Defects. Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on June 26, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Unit or portion thereof (including the Target Formation(s), as applicable) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property, (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect and (d) the amount by which Buyer reasonably believes the Allocated Value of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week; *provided* that the failure to provide any such preliminary notice shall not affect Buyer's right to assert Title Defects at any time prior to the Defect Notice Date. Notwithstanding anything herein to the contrary, subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by a Title Defect Notice meeting substantially all of the requirements set forth in the preceding sentence by no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.05 Title Defect Value. The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Schedule 2.07;

(d) if the Title Defect represents an increase of (i) Seller's Working Interest for any Title Defect Property over (ii) the Working Interest set forth for such Title Defect Property in Schedule 2.07 (in each case, except (A) increases resulting from contribution requirements with respect to defaulting co-owners from and after the Execution Date under applicable operating agreements, or (B) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest), then the Title Defect Value shall be determined by calculating the Net Revenue Interest that results from such larger Working Interest, determining what the Net Revenue Interest would be using such calculated Net Revenue Interest and the Working Interest set forth for such Well in Schedule 2.07 and then calculating the adjustment in the manner set forth in clause (c) above;

(e) if the Title Defect with respect to a Unit results from a discrepancy where (i) the actual Net Acres for such Title Defect Property as to the Target Formation(s) is less than (ii) the Net Acres set forth on Schedule 2.07 for such Title Defect Property, then the Title Defect Value shall be calculated by multiplying the Net Acre deficiency for such Unit by the per-Net Acre Allocated Value of such Unit; and

(f) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

11.06 Seller's Cure or Contest of Title Defects.

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(c) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date. If Seller elects prior to the Closing to cure and:

(i) actually cures the Title Defect ("Cure") prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect; or

(ii) does not actually cure the Title Defect prior to the Closing, then Seller shall:

(A) convey the affected Asset to Buyer and Buyer shall pay the Title Defect Value attributable to the affected Asset to the Escrow Agent at the Closing; *provided*, *however* that if Seller is unable to Cure the Title Defect by the end of the Title Defect Cure Period, then (i) Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and (ii) the Parties shall issue joint written instructions to the Escrow Agent to release such Title Defect Value to Buyer; or

(B) if and only if Buyer agrees to this remedy in its sole discretion, indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(b) If Seller does not elect prior to the Closing to cure the Title Defect, subject to Seller's continuing right to dispute the Title Defect, Seller shall convey the affected Asset to Buyer at the Closing and the Purchase Price shall be adjusted in accordance with the terms of this Agreement.

(c) Seller and Buyer shall attempt to agree on the existence and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15 within ninety (90) days after the Closing. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value as determined in good faith by Buyer for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Seller shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 Limitations on Adjustments for Title Defects.

(a) Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, other than with respect to the special warranty of Defensible Title to be provided in the Instruments of Conveyance, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value(s) for any single Title Defect affecting a Title Defect Property or multiple Title Defect Properties (with all Title Defect Values of all affected Title Defect Properties attributable to a single Title Defect being aggregated for such calculation) is less than the De Minimis Title Defect Cost, such value shall not be considered in calculating the Aggregate Title Defect Value.

(b) Notwithstanding anything contained in Section 11.07(a) to the contrary, for any Title Defect that is identified in a Title Defect Notice delivered on or prior to the Defect Notice Date, if (1) such Title Defect would constitute a breach of the special warranty of Defensible Title if such special warranty of Defensible Title were in effect as of such time, then (2) such Title Defect shall not be subject to the De Minimis Title Defect Cost or the Aggregate Defect Deductible.

11.08 Title Benefits. If Seller discovers any right, circumstance or condition that operates (a) to increase the Net Revenue Interest for any Unit above that shown in Schedule 2.07, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Schedule 2.07, (b) to decrease the Working Interest of Seller in any Unit below that shown in Schedule 2.07, to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Schedule 2.07, or (c) to increase the Net Acres for the Leases located in a Unit as to the applicable Target Formation(s) above the Net Acres set forth for such Unit on Schedule 2.07 (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected (the "Title Benefit Properties"), the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Title Benefit Properties with reasonable specificity) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Title Benefit Property and (B) the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07 then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Schedule 2.07; (iii) if the Title Benefit represents a decrease of (A) Seller's Working Interest for any Title Benefit Property below (B) the Working Interest set forth for such Title Benefit Property in Schedule 2.07, then the Title Benefit Value shall be determined by calculating the Net Revenue Interest that results from such reduced Working Interest, determining what the Net Revenue Interest would be using such calculated Net Revenue Interest and the Working Interest set forth in Schedule 2.07; (iv) if the Title Benefit represents an increase in Net Acres for the Leases located in a Unit as to the applicable Target Formation(s), then the Title Benefit Amount shall be determined by multiplying the Net Acre increase with respect to such Unit by the per-Net Acre Allocated Value; and (v) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15 within ninety (90) days after the end of the Title Defect Cure Period. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided*, *however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be offset by and adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 Buyer's Environmental Assessment. Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records (other than those for which Seller has an attorney-client privilege) relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01.

11.10 Environmental Defect Notice. Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Lease(s), Well(s) or Unit(s) affected; (ii) a reasonably detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 Seller's Exclusion, Cure or Contest of Environmental Defects. Seller, in its sole discretion, (x) may elect to exclude at Closing any Asset (which will become a Retained Asset) affected by an asserted Environmental Defect if the Environmental Defect Value with respect to such Environmental Defect equals or exceeds the Allocated Value of the affected Asset(s) and reduce the Purchase Price by the Allocated Value(s) thereof, (y) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11(b) and/or (z) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(a).

(a) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Lease(s) or Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing, then Seller shall convey the affected Asset(s) to Buyer and the Purchase Price shall be reduced by an amount equal to the Environmental Defect Value for such Asset(s).

(b) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15 no later than ninety (90) days after the Closing. If a contested Environmental Defect cannot be resolved prior to the Closing, the affected Lease(s) or Well(s) (together with any other Assets appurtenant thereto) shall be included with the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the estimated Environmental Defect Value set forth in the Environmental Defect Notice for such contested Environmental Defect, and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuance to Section 11.15.

11.12 Limitations. Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 Exclusive Remedies. The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. **EXCEPT AS SET FORTH IN THIS AGREEMENT, BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 Casualty Loss and Condemnation. If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed or damaged by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), subject to Section 7.08 and Section 8.08, this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Two Hundred Fifty Thousand Dollars ($250,000) net to Seller's interest, (a) Seller must elect by written notice to Buyer prior to Closing either to (x) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost prior to the Closing Date or (y) reduce the Purchase Price by the amount of the Casualty Loss and (b) Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. With respect to all other Casualty Losses, Seller shall assign and subrogate to Buyer all rights to insurance and other claims with respect to such Casualty Loss.

11.15 Expert Proceedings.

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute. The Expert must have not less than fifteen (15) years' experience as a lawyer in the State of Wyoming with experience in exploration and production title and/or environmental issues, as appropriate based on the nature of the dispute(s). If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business

Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
GENERAL PROVISIONS

12.01 Records. Seller, at Buyer's cost and expense, shall deliver (a) all electronic Records to Buyer as soon as practical on or following the Closing Date (and shall use commercially reasonable efforts to deliver such electronic Records no later than three (3) Business Days following the Closing Date) and (b) originals (or copies where no original exists) of all other Records to Buyer (FOB Seller's office) within thirty (30) days following the Closing Date; *provided* that Seller is entitled to retain the original Records related to accounting and Asset Taxes prior to the Effective Time and may provide Buyer with a copy in lieu of the original Record. With respect to any other original Records delivered to Buyer, subject to Section 12.13, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

12.02 Expenses and Taxes.

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants.

(b) *Transfer Taxes and Fees*. All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer.

(c) *Asset Taxes*.

(i) From and after the Closing, Seller shall be allocated and bear all Asset Taxes attributable to (A) any Tax period ending prior to the Effective Time, and (B) the portion of any Straddle Period ending immediately prior to the Effective Time. From and after the Closing, Buyer shall be allocated and bear all Asset Taxes attributable to (x) any Tax period beginning on or after the Effective Time, and (y) the portion of any Straddle Period beginning on the Effective Time.

(ii) For purposes of determining the allocations described in Section 12.02(c)(i), (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons (other than such Asset Taxes described in clause (C), below) shall be allocated to the period in which the severance or production giving rise to such Asset Taxes occurred, (B) Asset Taxes that are based upon or related to sales or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause

(A) or (C)), shall be allocated to the period in which the transaction giving rise to such Asset Taxes occurred, and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis pertaining to a Straddle Period shall be allocated between the portion of such Straddle Period ending immediately prior to the Effective Time and the portion of such Straddle Period beginning on the Effective Time by prorating each such Asset Tax based on the number of days in the applicable Straddle Period that occur before the Effective Time, on the one hand, and the number of days in such Straddle Period that occur after the Effective Time, on the other hand. Notwithstanding anything in this Section 12.02(c)(ii) to the contrary, Gross Products Taxes shall be deemed attributable to the period during which the production giving rise to the Gross Products Taxes occurs, and liability therefor apportioned between the Parties in accordance with the production attributable to their relative ownership prior to or after the Effective Time, as applicable. For the avoidance of doubt, (x) Gross Products Taxes based on the value of production of Hydrocarbons that occurs prior to the Effective Time, shall be allocated entirely to Seller and (y) Gross Products Taxes based on the value of production of Hydrocarbons that occurs after the Effective Time and payable in 2018 and 2019 ("Post-Closing Gross Products Taxes") shall be allocated entirely to Buyer.

(iii) To the extent the actual amount of an Asset Tax is not known at the time an adjustment is to be made with respect to such Asset Tax pursuant to Section 2.03, Section 2.05(c) or Section 2.05(d), as applicable, the Parties shall utilize the most recent information available in estimating the amount of such Asset Tax for purposes of such adjustment. To the extent the actual amount of an Asset Tax (or the amount thereof paid or economically borne by a Party) is ultimately determined to be different than the amount (if any) that was taken into account in the Final Settlement Statement as finally determined pursuant to Section 2.05(d), timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 12.02(c).

(d) Tax Returns and Payments. Except as required by applicable Legal Requirements:

(i) Seller shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on production of Hydrocarbons occurring on or prior to the Closing Date (including, for the avoidance of doubt, all Gross Products Taxes attributable to production that occurs prior to January 1, 2017, and all 2017 Gross Products Taxes attributable to production that occurs from January 1, 2017 through and including the Closing Date), (B) all Asset Taxes (other than the Asset Taxes described in clause (A)) that are ad valorem or property Taxes imposed on a periodic basis relating to any Tax period that ends before or includes the Effective Time, and (C) all other Asset Taxes required to be paid on or prior to the Closing Date, and Seller shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes.

(ii) Buyer shall be responsible for timely paying, or withholding and remitting, as applicable, (A) all Asset Taxes that are based on production of Hydrocarbons occurring after the Closing Date through December 31, 2017 (including, for the avoidance of doubt, all 2017 Gross Products Taxes attributable to production that occurs after the Closing Date through December 31, 2017) and (B) all other Asset Taxes relating to any Tax period that ends before or includes the Effective Time that are required to be paid after the Closing Date (except, in each case, to the extent such Taxes are required to be paid, withheld or remitted by Seller in accordance with Section 12.02(d)(i)), and Buyer shall file with the appropriate Governmental Body any and all Tax Returns required to be filed with respect to such Asset Taxes. Buyer shall prepare all such Tax Returns relating to any Tax period ending before or including the Effective Time on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any such Tax Return for Seller's review reasonably in advance of the due date for the filing of such Tax Return, and Buyer shall incorporate all reasonable comments of Seller provided to Buyer in advance of the due date for the filing of such Tax Return.

(e) The Parties agree that (x) this Section 12.02(d) is intended to solely address the timing and manner in which certain Tax Returns relating to Asset Taxes are filed and the Asset Taxes shown thereon are paid to the applicable taxing authority, and (y) nothing in this Section 12.02(d) shall be interpreted as altering the manner in which Asset Taxes are allocated to and economically borne by the Parties.

(f) *Cooperation*. Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to Taxes, the preparation for any audit by any taxing authority and the prosecution or defense of any claim, suit or proceeding relating to any Tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any taxing authority.

(g) *Refunds*. Seller shall be entitled to any and all refunds of Asset Taxes allocated to Seller pursuant to Section 12.02(c), and Buyer shall be entitled to any and all refunds of Asset Taxes allocated to Buyer pursuant to Section 12.02(c). If a Party receives a refund of Asset Taxes to which the other Party is entitled pursuant to this Section 12.02(f), the first Party shall promptly pay such amount to the other Party, net of any reasonable costs or expenses incurred by the first Party in procuring such refund.

12.03 Notices. All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee,

if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

12.04 Governing Law; Jurisdiction; Service of Process; Jury Waiver. **THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE RIGHTS, DUTIES AND THE LEGAL RELATIONS AMONG THE PARTIES HERETO AND THERETO SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, EXCLUDING ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT REFER CONSTRUCTION OF SUCH PROVISIONS TO THE LAWS OF ANOTHER JURISDICTION; *PROVIDED, HOWEVER*, THAT ANY MATTERS RELATED TO REAL PROPERTY SHALL BE GOVERNED BY THE LAWS OF THE STATE OF WYOMING. WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(D) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 12.04.**

12.05 Further Assurances. Each Party agrees (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

12.06 Waiver. The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

12.07 Entire Agreement and Modification. Subject to Section 12.13, this Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

12.08 Assignments, Successors, and No Third Party Rights. Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole discretion of the other Party); *provided* that Buyer (without the consent of Seller) may assign all or part of its rights under this Agreement (including its rights to receive the Assets) to one or more Affiliates, and (a) any assignment (other than an assignment by Buyer to an Affiliate) made without such consent shall be void, and (b) in the event of such consent (or an assignment by Buyer to an Affiliate), such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon,

and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement or any other agreement contemplated herein shall be construed to give any Person other than the Parties and their permitted assignees (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns.

12.09 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

12.10 Article and Section Headings, Construction. The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to “Section,” “Article,” “Exhibit,” or “Schedule” refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words “hereunder,” “hereof,” “herein,” and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word “including” does not limit the preceding words or terms and (in its various forms) means including without limitation. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (or the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm’s-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

12.11 Counterparts. This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

12.12 Press Release. Subject to Section 12.13, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least one (1) Business Days prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; *provided* that failure to reach such agreement shall not prohibit a Party from (a) making a press release or public announcement that does not include the other Party's name or (b) making any filings or disclosures required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject. Failure to provide comments back to the other Party within two (2) Business Days of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 12.12. Notwithstanding anything to the contrary in this Section 12.12, no Party shall issue a press release or other public announcement that includes the name of a non-releasing Party or its Affiliates without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).

12.13 Confidentiality. The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 12.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, (d) to any Affiliate or Representative, (e) in the case of Buyer, to any potential purchase of (or joint venture partner with respect to) all or any portion of the Assets and any direct and/or indirect (current or potential) investor or lender, and (f) to the extent that such Party must disclose the same in any Proceeding brought or Threatened by or against it to enforce or defend its rights under this Agreement. This Section 12.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. Additionally, from and after the Closing, Seller shall keep confidential and not use any of the Records other than for tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

12.14 Name Change. As promptly as practicable, but in any event within sixty (60) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

12.15 Preparation of Agreement. Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

12.16 Appendices, Exhibits and Schedules. All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

12.17 Specific Performance. Each Party hereby acknowledges and agrees that the rights of each Party to consummate the Contemplated Transactions are special, unique and of extraordinary character and that, if before Closing, Seller, or after Closing, Buyer or Seller, violates or fails or refuses to perform any covenant or agreement made by it herein, the non-breaching Parties may be without an adequate remedy at Law. If before Closing, Seller, or after Closing, Buyer or Seller, violates or fails or refuses to perform any covenant or agreement made by such Party herein, the non-breaching Parties, subject to the terms hereof and in addition to any remedy at Law for damages or other relief permitted under this Agreement, may (at any time prior to the valid termination of this Agreement pursuant to Article 9) institute and prosecute an action in any court of competent jurisdiction to enforce specific performance of such covenant or agreement or seek any other equitable relief, without the necessity of proving actual damages or posting of a bond. For clarity, Seller shall only have the right to seek specific performance of Buyer's covenants and agreements contained herein following the Closing.

12.18 Non-Recourse. This Agreement may only be enforced against, and any Damages based upon, arising out of, or related to this Agreement or the negotiation, execution or performance of this Agreement may only be brought against, the entities that are expressly named as Parties hereto and then only with respect to the specific obligations set forth herein or therein with respect to such Party. For further clarity, no past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) of any Party hereto or of any Affiliate of any Party hereto or any such past, present or future director, manager, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney or other representative (in each case, in their capacities as such) (collectively, a "Party Affiliate"), or any of their successors or permitted assigns, shall have any liability for any obligations or liabilities of any Party hereto or thereto under this Agreement or for any Damages based on, in respect of or by reason of the transactions contemplated hereby or thereby.

FIRST AMENDMENT TO
PURCHASE AND SALE AGREEMENT

This First Amendment to Purchase and Sale Agreement (this "***Amendment***"), dated as of June 30, 2017, is made and entered into by and among Linn Energy Holdings, LLC, a Delaware limited liability company, and Linn Operating, LLC, a Delaware limited liability company (collectively, "***Seller***") and Denbury Onshore, LLC, a Delaware limited liability company ("***Buyer***"). Seller and Buyer are each referred to as a "***Party***" and collectively referred to as the "***Parties***." Capitalized terms used but not defined in this Amendment shall have the meanings given to such terms in the PSA (as hereinafter defined).

WHEREAS, Seller and Buyer are parties to that certain Purchase and Sale Agreement, dated as of May 25, 2017 (as amended by this Amendment and as further amended from time to time, the "***PSA***"); and

WHEREAS, the Parties desire to amend the PSA as more specifically set forth in this Amendment.

NOW, THEREFORE, in consideration of the closing of the transactions contemplated under the PSA, the mutual promises and covenants set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Amendments to the PSA. Pursuant to Section 12.07 of the PSA and notwithstanding anything to the contrary in the PSA, the following amendments to the PSA are made effective as of the Execution Date:

(a) Exhibit A to the PSA is hereby deleted in its entirety and replaced with Exhibit A attached hereto; and

(b) Exhibit B to the PSA is hereby deleted in its entirety and replaced with Exhibit B attached hereto.

2. Defect Notice Waiver. Buyer hereby waives all Title Defects asserted in that certain Title Defect Notice delivered by Buyer to Seller on June 26, 2017.

3. Compliance with PSA. The Parties acknowledge that this Amendment complies with the requirements to alter or amend the PSA, as stated in Section 12.07 of the PSA. The PSA, as amended herein, is ratified and confirmed, and all other terms and conditions of the PSA not modified by this the Amendment shall remain in full force and effect. All references to the PSA shall be considered to be references to the PSA as modified by Amendment.

4. Incorporation. The Parties acknowledge that this Amendment shall be governed by the terms of Article XII of the Purchase Agreement and such provisions shall be incorporated herein, *mutatis mutandis*.

5. Counterparts. This Amendment may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Amendment and all of which, when taken together, shall be deemed to constitute one and the same agreement.

Execution Version

PURCHASE AND SALE AGREEMENT
DATED JUNE 1, 2017,
BY AND BETWEEN
LINN ENERGY HOLDINGS, LLC, LINN OPERATING, LLC, AND LINN MIDSTREAM, LLC
AS SELLER,
AND
BRIDGE ENERGY LLC
AS BUYER

TABLE OF CONTENTS

EXHIBITS AND SCHEDULES

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "Agreement") is made as of June 1, 2017 (the "Execution Date"), by and between Linn Energy Holdings, LLC, a Delaware limited liability company ("LEH"), Linn Operating, LLC, a Delaware limited liability company ("LOI"), and Linn Midstream, LLC, a Delaware limited liability company, ("LM" and together with LEH and LOI the "Seller"), and Bridge Energy LLC a Delaware limited liability company, ("Buyer"). Seller and Buyer are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

RECITAL

Seller desires to sell, and Buyer desires to purchase, all of Seller's right, title and interest in and to certain oil and gas properties and related assets and contracts, effective as of the Effective Time, for the consideration and on the terms set forth in this Agreement.

AGREEMENT

For and in consideration of the promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1
DEFINITIONS

For purposes of this Agreement, in addition to other capitalized terms defined in this Agreement, the following terms have the meanings specified or referred to in this Article 1 when capitalized:

"AAA" – the American Arbitration Association.

"Accounting Expert" - as defined in Section 2.05(d).

"Aera Lease" – that certain oil and gas lease entered into as of February 1, 2007 by and among Aera Energy, LLC, Linn Energy, LLC, Linn Energy Holdings, LLC, Linn Western Operating, Inc., and Blacksand Energy, LLC.

"Aera Sinking Fund" – that certain sinking fund account established pursuant to that certain Sinking Fund Trust Agreement effective as of February 1, 2007 by and among Linn Energy, LLC, Linn Energy Holdings, LLC, Linn Western Operating, Inc., Blacksand Energy, LLC and Aera Energy LLC, which is checking account number 2000035845843 and savings account number 2000035845898 in the name of Linn Operating, LLC at Well Fargo Bank, N.A.

"AFE" – as defined in Section 3.13.

"Affiliate" – with respect to a Party, any Person directly or indirectly controlled by, controlling, or under common control with, such Party, including any subsidiary of such Party and any "affiliate" of such Party within the meaning of Reg. §240.12b-2 of the Securities

Exchange Act of 1934, as amended. As used in this definition, "control" means possession, directly or indirectly, of the power to direct or cause the direction of management, policies, or action through ownership of voting securities, contract, voting trust, or membership in management or in the group appointing or electing management or otherwise through formal or informal arrangements or business relationships, provided however, that KKR & Co. L.P. and its affiliates, including any portfolio companies of investment funds controlled by affiliates of KKR & Co. L.P. (other than Buyer and any wholly-owned subsidiaries of Buyer) shall not be deemed to be an Affiliate of Buyer for purposes of this Agreement. The terms "controlled by," "controlling," and other derivatives shall be construed accordingly.

"Aggregate Defect Deductible" – an amount equal to two and one-half percent (2.5%) of the unadjusted Purchase Price.

"Aggregate Environmental Defect Value" – as defined in Section 11.12.

"Aggregate Title Defect Value" – as defined in Section 11.07.

"Allocated Values" – the values assigned among the Assets as set forth on Schedule 2.07(a).

"Alternative Financial Statement" – as defined in Section 6.05(a)(ii).

"Annual Financial Statements" – as defined in Section 6.05(b)(i).

"Applicable Contracts" – all Contracts to which Seller is a party or is bound that primarily relate to any of the Assets and (in each case) that will be binding on Buyer after the Closing, including: communitization agreements; net profits agreements; production payment agreements; area of mutual interest agreements; joint venture agreements; confidentiality agreements; farmin and farmout agreements; bottom hole agreements; crude oil, condensate, and natural gas purchase and sale, gathering, transportation, and marketing agreements; hydrocarbon storage agreements; acreage contribution agreements; operating agreements; balancing agreements; pooling declarations or agreements; unitization agreements; processing agreements; saltwater disposal agreements; facilities or equipment leases; and other similar contracts and agreements, but exclusive of any master service agreements and Contracts to the extent relating to the Excluded Assets.

"Asset Taxes" – ad valorem, property, excise, severance, production, sales, real estate, use, personal property and similar Taxes (including any interest, fine, penalty or additions to tax imposed by Governmental Bodies in connection with such Taxes) based upon the operation or ownership of the Assets, the production of Hydrocarbons or the receipt of proceeds therefrom, but excluding, for the avoidance of doubt, income or franchise Taxes based upon, measured by, or calculated with respect to net income, profits, capital, or similar measures (or multiple bases, including corporate, franchise, business and occupation, business license, or similar Taxes, if net income, profits, capital, or a similar measure is one of the bases on which such Tax is based, measured, or calculated) and Transfer Taxes.

"Assets" – all of Seller's right, title, and interest in, to, and under the following, without duplication, except to the extent constituting Excluded Assets:

(a) all of the oil and gas leases and subleases located in Orange County or Los Angeles County, California (including the oil and gas leases and subleases described in Exhibit A), together with any and all other right, title and interest of Seller in and to the leasehold estates created thereby subject to the terms, conditions, covenants and obligations set forth in such leases or Exhibit A (such interest in such leases, the "Leases"), all related rights and interests in the lands covered by the Leases and any lands pooled or unitized therewith (such lands, the "Lands"), and all Royalties applicable to the Leases;

(b) any and all oil, gas, water, CO2 and disposal wells located on any of the Lands or Fee Minerals (such interest in such wells, including the wells set forth in Exhibit B, the "Wells"), and all Hydrocarbons or water produced therefrom or allocated thereto from and after the Effective Time;

(c) all fee mineral interests within Orange County or Los Angeles County, California, including those described in Exhibit A-2 (such interest, the "Fee Minerals");

(d) all rights and interests in, under or derived from all unitization and pooling agreements, declarations and orders in effect with respect to any of the Leases, Fee Minerals or Wells and the units created thereby (the "Units");

(e) to the extent that they may be assigned, transferred or re-issued by Seller (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee), all permits, licenses, allowances, water rights, registrations, consents, orders, approvals, variances, authorizations, servitudes, easements, rights-of-way, surface leases, other surface and subsurface interests and surface and subsurface rights to the extent appurtenant to or used primarily in connection with the ownership, operation, production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from the Properties or any of the Assets, including those described on Exhibit A-3 (collectively, the "Easements") (the Leases, the Lands, the Fee Minerals, the Units, the Easements and the Wells being collectively referred to hereinafter as the "Properties" or individually as a "Property");

(f) all equipment, machinery, fixtures and other personal, movable and mixed property located on any of the Properties or other Assets that is used primarily in connection therewith, including those items listed in Exhibit C, and including well equipment, casing, tubing, pumps, motors, machinery, platforms, rods, tanks, boilers, fixtures, compression equipment, flowlines, pipelines, gathering systems associated with the Wells, manifolds, processing and separation facilities, pads, structures, materials, and other items primarily used in the operation thereof (collectively, the "Personal Property");

(g) the real property described on Exhibit A-4 and any Personal Property located thereon;

(h) all pipelines and gathering systems described on Exhibit A-5;

(i) all surface deeds described on Exhibit A-6;

(j) the vehicles described on Exhibit A-7;

(k) all salt water disposal wells and evaporation pits that are located on the Lands;

(l) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee), all Applicable Contracts and all rights thereunder insofar as and only to the extent relating to the Assets;

(m) all Imbalances relating to the Assets;

(n) the Suspense Funds;

(o) the Specified Receivables;

(p) originals (if available, and otherwise copies) and copies in digital form (if available) of all of the books, files, records, information and data, whether written or electronically stored, primarily relating to the Assets in Seller's possession, including: (i) land and title records (including prospect files, maps, lease records, abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, production, accounting and Asset Tax records (other than, for the avoidance of doubt, those relating to income Taxes or that relate to Seller's businesses generally); (v) facility and well records; and (vi) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee), geological, geophysical, gravitational, seismic, engineering and technical data (excluding interpretive data) and all Well logs (collectively, "Records");

(q) all Hydrocarbons in storage or existing in stock tanks, pipelines or plants (including inventory and line fill);

(r) the Aera Sinking Fund; provided the Aera Sinking Fund will not be assigned and will be treated as an Excluded Asset if the Aera Lease is treated as an Excluded Asset; provided further that the Area Lease will not be assigned and will be treated as an Excluded Asset if the Aera Sinking Fund is treated as an Excluded Asset.

(s) the carbon dioxide allowances and offset credits described on Schedule 1.1(a) (the "Carbon Credits"), which does not include any Carbon Credits actually used by Seller prior to Closing to satisfy Emissions Fees actually imposed against Seller or with respect to the Assets prior to Closing;

(t) all radio equipment, SCADA and measurement technology, and other production related mobility devices (such as SCADA controllers), well communication devices, and any other information technology systems and licenses associated with the foregoing, in each case only to the extent such assets and licenses are (i) used or held for use solely in connection with the operation of the Properties, (ii) assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), and (iii) located on the Property (the "Production Related IT Equipment");

(u) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee), all Permits and all rights thereunder insofar as and only to the extent relating to the Assets;

(v) all Encumbrances securing payment for the sale or other disposition of Hydrocarbons produced from or allocated to the Properties, including the security interests granted under applicable Uniform Commercial Code provisions, but only to the extent that such Encumbrances relate to the period from and after the Effective Time; and

(w) all rights, claims and causes of action to the extent, and only to the extent, that such rights, claims or causes of action are associated with the Assets as of the Closing Date and (A) relate to the period from and after the Effective Time or (B) relate to both the period prior to the Effective Time and the Assumed Liabilities for which Buyer is responsible, including, all rights of Seller under the Bankruptcy Order issued by the Bankruptcy Court to affirmatively file certain releases of Encumbrances affecting the Assets securing obligations related to periods prior to the Effective Time; *provided* that, at Buyer's request, Seller shall use its reasonable efforts to enforce, for the benefit of Buyer, at Buyer's cost and expense, any right, claim or cause of action that would otherwise be transferred hereunder but is not transferable.

"Assignment" – the Assignment and Bill of Sale from Seller to Buyer, pertaining to the Assets, substantially in the form attached to this Agreement as Exhibit D.

"Assumed Liabilities" – as defined in Section 2.06.

"Assumed Litigation" – the litigation set forth in Schedule 3.05 Part A.

"Available Employee"– certain employees of Seller or its Affiliates identified in the Employee Letter to whom Buyer may, but shall not be obligated to, make an offer of employment; *provided*, *however* that Seller may not identify employees in the Employee Letter beyond the job titles indicated on Exhibit J without approval of the Buyer.

"Bankruptcy Cases" – the bankruptcy cases commenced by the filing by Seller (or its applicable predecessor or Affiliate) for voluntary petitions for relief under chapter 11 of title 11 of the United States Code in the Bankruptcy Court that were jointly administered under Case No. 16-60040.

"Bankruptcy Court" – the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

"Breach" – a "Breach" of a representation, warranty, covenant, obligation, or other provision of this Agreement or any certificate delivered pursuant to Section 2.04(a)(iii) or Section 2.04(b)(iii) of this Agreement shall be deemed to have occurred if there is or has been any inaccuracy in or breach of, or any failure to perform or comply with, such representation, warranty, covenant, obligation, or other provision.

"Business Day" – any day other than a Saturday, Sunday, or any other day on which commercial banks in the State of Texas are authorized or required by law or executive order to close.

"Buyer" – as defined in the preamble to this Agreement.

"Buyer's Auditor" – as defined in Section 6.05(b)(i).

"Buyer's Closing Documents" – as defined in Section 4.02(a).

"Buyer Group" – Buyer and its Affiliates, and their respective Representatives.

"Buyer Related Parties" – as defined in Section 9.02(e).

"Buyer Savings Plan" – as defined in Section 12.04.

"Carbon Credits" – as set forth in the definition of "Assets".

"Casualty Loss" – as defined in Section 11.14.

"COBRA" – as defined in Section 12.06.

"Closing" – the closing of the Contemplated Transactions.

"Closing Date" – as defined in Section 2.03.

"Code" – the Internal Revenue Code of 1986, as amended.

"Complete Remediation" – with respect to an Environmental Defect, a remediation or cure of such Environmental Defect which is completed in accordance with the Lowest Cost Response.

"Confidentiality Agreement" – that certain confidentiality agreement dated as of March 4, 2017 by and between Linn Energy Holdings, LLC and Pacific Coast Energy Company LP.

"Consent" – any approval, consent, ratification, waiver, or other authorization (including any Governmental Authorization) from any Person or obligation to provide advance notice to any Person that is required to be obtained in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Contemplated Transactions" – all of the transactions contemplated by this Agreement, including:

(a) the sale of the Assets by Seller to Buyer;

(b) the performance by the Parties of their respective covenants and obligations under this Agreement; and

(c) Buyer's acquisition, ownership, and exercise of control over the Assets.

"Continuing Employees" – as defined in Section 12.03(d).

"Contract" – any written or oral contract, agreement or any other legally binding arrangement, but excluding, however, any Lease, easement, right-of-way, permit or other instrument creating or evidencing an interest in the Assets or any real or immovable property related to or used in connection with the operations of any Assets.

"Contingent Purchase Price" – as defined in Section 2.02(b).

"Cure" – as defined in Section 11.06.

"Damages" – any and all claims, demands, payments, charges, judgments, assessments, losses, liabilities, damages, penalties, fines, expenses, costs, fees, settlements, and deficiencies, including any attorneys' fees, legal, and other costs and expenses suffered or incurred therewith.

"Debt Financing" – the amendment or replacement by Buyer's and its Affiliates of their reserve based credit facility and/or any other alternative debt financing incurred or intended to be incurred by Buyer and its Affiliates, in each case, in regards to financing the Contemplated Transactions.

"De Minimis Environmental Defect Cost" – Twenty Five Thousand Dollars ($25,000).

"De Minimis Title Defect Cost" – Twenty Five Thousand Dollars ($25,000).

"Deed" – the Deed from Seller to Buyer, pertaining to the applicable surface fee interests and Fee Minerals included in the Assets, substantially in the form attached to this Agreement as Exhibit G.

"Defect Notice Date" – as defined in Section 11.04.

"Defensible Title" – record and beneficial title of Seller with respect to the Wells that, as of the Effective Time and Closing Date (for the entire productive life of such Wells) and subject to the Permitted Encumbrances, is deducible of record and/or evidenced by unrecorded instruments or elections, in each case, made or delivered pursuant to joint operating agreements, pooling agreements, unitization agreements or any other Contract, Fee Mineral or Lease and:

(a) with respect to each currently producing formation set forth in Exhibit B for each Well (in each case, subject to any reservations, limitations or depth restrictions described in Exhibit B), entitles Seller to receive not less than the Net Revenue Interest set forth in Exhibit B for such producing formation, except for (i) decreases in connection with those operations in which Seller or its successors or assigns may from and after the Execution Date and in accordance with the terms of this Agreement elect to be a non-consenting co-owner as permitted pursuant to this Agreement, (ii) decreases resulting from the establishment or amendment from and after the Execution Date of pools or units in accordance with this Agreement as permitted pursuant to this Agreement, and (iii) decreases required to allow other Working Interest owners to make up past underproduction or pipelines to make up past under deliveries;

(b) with respect to each currently producing formation set forth in Exhibit B for each Well (in each case, subject to any reservations, limitations or depth restrictions described in Exhibit B), obligates Seller to bear not more than the Working Interest set forth in Exhibit B for such producing formation, except (i) increases resulting from contribution requirements with respect to defaulting co-owners under from and after the Execution Date under applicable operating agreements, or (ii) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest; and

(c) is free and clear of all Encumbrances.

"Deposit Amount" – Ten percent (10%) of the unadjusted Purchase Price (including any interest accrued thereon).

"Discharged Claims" – all Claims (as defined in 11 U.S.C. § 101(5)) that (i) were discharged in the Bankruptcy Cases and were treated in accordance with the Plan of Reorganization, or (ii) would have been discharged in the Bankruptcy Cases were discharged in the Bankruptcy Cases pursuant to the Plan of Reorganization or otherwise in the event the holder of such Claim had received proper notice of (a) the pendency of the Bankruptcy Cases, (b) the opportunity to timely file a Claim therein, and (c) the opportunity to timely object to the Plan of Reorganization.

"Dispute Notice" – as defined in Section 2.05(d).

"Disputed Matter" – as defined in Section 11.15(a).

"DOJ" – the Antitrust Division of the U.S. Department of Justice.

"DTPA" – as defined in Section 4.11.

"Easement" or "Easements" – as set forth in the definition of "Assets".

"Effective Time" – March 1, 2017, at 12:01 a.m. local time at the location of the Assets.

"Emissions Fees" – any taxes, fees or similar payments imposed by any Governmental Body, the amount of which is calculated and/or determined based on emissions from the Assets.

"Employee Letter" – as defined in Section 12.03.

"Employee Start Date" – with respect to each Continuing Employee (i) who is not on a leave of absence on the Transition Date, the Transition Date and (ii) who is on a Seller-approved leave of absence on the Transition Date, the date on which such employee reports to work at such employee's work location, provided that such employee reports to work on or prior to the earlier to occur of the first Business Day following the end of the Seller-approved leave period or the twelve (12)-month anniversary of the Closing Date (or, if such anniversary falls on a weekend or holiday, the first Business Day following such anniversary).

"Encumbrance" – any charge, equitable interest, privilege, lien, mortgage, deed of trust, production payment, option, pledge, collateral assignment, security interest, or other arrangement substantially equivalent thereto.

"Environmental Condition" – any event occurring or condition existing on the Execution Date or on or before the Defect Claim Date with respect to the Assets that causes an Asset (or Seller or its Affiliates with respect to such Asset) to be subject to remediation under, or in violation of, an Environmental Law, the Easements or the Leases or Fee Minerals, other than any such event or condition to the extent caused by or relating to NORM or that was disclosed pursuant to Schedule 3.14.

"Environmental Defect" – an Environmental Condition discovered by Buyer or its Representatives as a result of any environmental diligence conducted by or on behalf of Buyer pursuant to Section 11.09 of this Agreement.

"Environmental Defect Notice" – as defined in Section 11.10.

"Environmental Defect Value" – with respect to each Environmental Defect, the amount of the Lowest Cost Response for such Environmental Defect.

"Environmental Law" – any applicable Legal Requirement in effect as of the Execution Date relating to pollution or the protection of the environment, including those Legal Requirements relating to the storage, handling, and use of Hazardous Materials and those Legal Requirements relating to the generation, processing, treatment, storage, transportation, disposal or other management thereof. The term "Environmental Law" does not include (a) good or desirable operating practices or standards that may be voluntarily employed or adopted by other oil and gas well operators or recommended, but not required, by a Governmental Body or (b) the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651 *et seq.*, as amended, or any other Legal Requirement governing worker safety or workplace conditions, except to the extent that such Legal Requirements expressly address matters related to pollution, the environment or Hazardous Materials.

"Environmental Liabilities" – all costs, Damages, expenses, liabilities, obligations, and other responsibilities arising from or under either Environmental Laws or Third Party claims relating to any Environmental Condition, and which relate to the Assets or the ownership or operation of the same.

"ERISA" – the Employee Retirement Security Act of 1974, as amended.

"ERISA Affiliate" – with respect to any entity, any other entity, trade or business that is a member of a group described in Section 414(b), (c), (m) or (o) of the Code or Section 4001(b)(1) of ERISA that includes such first entity, or that is a member of the same "controlled group" as such first entity pursuant to Section 4001(a)(14) of ERISA.

"Escrow Account" – as defined in Section 2.02.

"Escrow Agent" – JPMorgan Chase Bank, N.A.

"Escrow Agreement" – as defined in Section 2.02.

"Excluded Assets" – with respect to Seller, (a) all of Seller's corporate minute books, financial records and other business records that relate to Seller's business generally (including the ownership and operation of the Assets); (b) except to the extent related to any Assumed Liabilities and except for the Aera Sinking Fund, all trade credits, all accounts, all receivables of Seller and all other proceeds, income or revenues of Seller attributable to the Assets and attributable to any period of time prior to the Effective Time (other than the Suspense Funds and Specified Receivables); (c) except to the extent related to any Assumed Liabilities all claims and causes of action of Seller or its Affiliates that are attributable to periods of time prior to the Effective Time (including claims for adjustments or refunds); (d) except to the extent related to any Assumed Liabilities subject to Section 11.14, all rights and interests of Seller (i) under any policy or agreement of insurance or indemnity, (ii) under any bond, or (iii) to any insurance or condemnation proceeds or awards arising, in each case, from acts, omissions or events or damage to or destruction of property; (e) Seller's rights with respect to all Hydrocarbons produced and sold from the Assets with respect to all periods prior to the Effective Time; (f) all claims of Seller or any of its Affiliates for refunds of, rights to receive funds from any Governmental Body, or loss carry forwards or credits with respect to (i) Asset Taxes attributable to any period (or portion thereof) prior to the Effective Time, (ii) income Taxes paid by Seller or its Affiliates, or (iii) any Taxes attributable to the Excluded Assets; (g) all information technology assets, other than the Production Related IT Equipment, including all desktop computers, laptop computers, servers, networking equipment and any associated peripherals and other computer hardware, or computer software and telephone equipment; (h) except to the extent related to any Assumed Liabilities, all rights, benefits and releases of Seller or its Affiliates under or with respect to any Contract that are attributable to periods of time prior to Closing; (i) all of Seller's proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other intellectual property; (j) except for any title opinions, surveys or other similar title documents and any environmental assessments, all documents and instruments of Seller that are protected by an attorney-client privilege or any attorney work product doctrine; (k) all data that cannot be disclosed to Buyer as a result of confidentiality arrangements under existing written agreements, provided that Seller shall use its commercially reasonable efforts (but without payment of any fee) to obtain a waiver of any such restrictions; (l) except to the extent related to any Assumed Liabilities, all audit rights or obligations of Seller for which Seller bears responsibility arising under any of the Applicable Contracts or otherwise with respect to any period prior to the Effective Time or to any of the Excluded Assets, except for any Imbalances assumed by Buyer; (m) Seller's interpretations of any geophysical or other seismic and related technical data and information relating to the Assets; (n) documents prepared or received by Seller or its Affiliates with respect to (i) lists of prospective purchasers for such transactions compiled by Seller, (ii) bids submitted by other prospective purchasers of the Assets, (iii) analyses by Seller or its Affiliates of any bids submitted by any prospective purchaser, (iv) correspondence between or among Seller, its Representatives, and any prospective purchaser other than Buyer, and (v) correspondence between Seller or any of its Representatives with respect to any of the bids, the prospective purchasers or the transactions contemplated by this Agreement; (o) except for field offices described on Exhibit A-4, any offices, office leases and any personal property located in or on such offices or office leases; (p) other than any tract of land described in the Surface Deeds listed on Exhibit A-6, in any Easement listed in Exhibit A-3 or the Fee Minerals listed on Exhibit A-2 any fee simple surface estate; (q) any fee mineral interests that are not Fee Minerals, and any right to production revenues associated therewith; (r) a copy of all Records; (s) any Contracts that constitute master services agreements or similar contracts; (t) all Hedge Contracts, if any; (u) any debt

instruments; (v) any of Seller's assets other than the Assets; (w) all of Seller's right, title and interest in and to any carbon dioxide allowances other than the Carbon Credits, together with any carbon dioxide allowances used by Seller prior to Closing to satisfy Emissions Fees imposed against Seller with respect to the Assets prior to Closing(x) any leases, rights and other assets specifically listed in Exhibit E; and (y) that certain Tonner Canyon Prospect Agreement Covering Portions of Los Angeles and Orange Counties, California, dated effective August 1, 2006, by and between Glenn Gregory (d/b/a Gregory Geological Services) and Linn Western Operating, Inc.

"Excluded Employee Liabilities" means the following liabilities of Seller and/or any Affiliate of such Seller relating to any employee or any other current or former employee or other service provider of Seller or any Affiliate of Seller, or any spouse, dependent or beneficiary thereof: (i) any liabilities assumed by Seller pursuant to Article XII, (ii) any liabilities arising under the WARN Act with respect to any mass layoff, plant closing or other termination of employees, in any case, occurring on or prior to the Closing Date, (iii) any liabilities arising under COBRA with respect to an Available Employee who does not become a Continuing Employee, (iv) any liabilities that is or may be imposed on Seller or any Affiliate of Seller due to such entity's status as an ERISA Affiliate of any other entity, and (v) any claim of an unfair labor practice, or any claim under any state unemployment compensation or worker's compensation Legal Requirement or regulation or under any federal or state employment Legal Requirement or other Legal Requirement or regulation relating to employment, discrimination, classification or other matters relating to employees or other service providers, in any case, with respect to (A) any employee or other service provider of Seller or any Affiliate of Seller who does not become a Continuing Employee (or any dependent or beneficiary thereof), and (B) any Continuing Employee, to the extent arising on or prior to such employee's Employee Start Date.

"Execution Date" – as defined in the preamble to this Agreement.

"Expert" – as defined in Section 11.15(b).

"Expert Decision" – as defined in Section 11.15(d).

"Expert Proceeding Notice" – as defined in Section 11.15(a).

"Fee Minerals" – as set forth in the definition of "Assets".

"Final Amount" – as defined in Section 2.05(d).

"Final Settlement Date" – as defined in Section 2.05(d).

"Final Settlement Statement" – as defined in Section 2.05(d).

"Financing Sources" – any potential or actual lenders and investors for the Debt Financing, together with their Affiliates and their respective Representatives.

"FTC" – the Federal Trade Commission.

"Fundamental Representations" – those representations set forth in Sections 3.01, 3.02, 3.03 and 3.06.

"GAAP" – generally accepted accounting principles in the United States as interpreted as of the Execution Date.

"Governmental Authorization" – any approval, consent, license, permit, registration, variance, exemption, waiver, or other authorization issued, granted, given, or otherwise made available by or under the authority of any Governmental Body or pursuant to any Legal Requirement.

"Governmental Body" – any (a) nation, state, county, city, town, village, district, or other jurisdiction of any nature; (b) federal, state, local, municipal, foreign, tribal or other government; (c) governmental or quasi-governmental authority of any nature (including any governmental agency, branch, department, official, or entity and any court or other tribunal); (d) multi-national organization or body; or (e) body exercising, or entitled to exercise, any administrative, arbitration, executive, judicial, legislative, police, regulatory, or taxing authority or power of any nature.

"Group" – either Buyer Group or Seller Group, as applicable.

"Hazardous Materials" – any (a) chemical, constituent, material, pollutant, contaminant, substance, or waste that is regulated by any Governmental Body or may form the basis of liability under any Environmental Law; and (b) petroleum, Hydrocarbons, or petroleum products.

"Hedge Contract" – any Contract to which Seller or any of its Affiliates is a party with respect to any swap, forward, future or derivative transaction or option or similar agreement, whether exchange traded, "over-the-counter" or otherwise, involving, or settled by reference to, one or more rates, currencies, commodities, equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions.

"HSR Act" – the Hart-Scott-Rodino-Antitrust Improvements Act of 1976, as amended, and the rules and regulations promulgated thereunder.

"Hydrocarbons" – oil and gas and other hydrocarbons (including condensate) produced or processed in association therewith (whether or not such item is in liquid or gaseous form), or any combination thereof, and any minerals produced in association therewith.

"Imbalances" – over-production or under-production or over-deliveries or under-deliveries with respect to Hydrocarbons produced from or allocated to the Assets, regardless of whether such over-production or under-production or over-deliveries or under-deliveries arise at the wellhead, pipeline, gathering system, transportation system, processing plant, or other location, including any imbalances under gas balancing or similar agreements, imbalances under production handling agreements, imbalances under processing agreements, imbalances under the Leases, and imbalances under gathering or transportation agreements.

"Individual Claim Threshold" – as defined in Section 10.05.

"Instruments of Conveyance" – the Assignment and Deed and any other assignment forms that may be required by any Governmental Body to transfer title to the Assets from Seller to Buyer. **Except for the special warranty of Defensible Title by, through and under Seller and its Affiliates contained therein, the foregoing Instruments of Conveyance shall be without warranty of title, whether express, implied, statutory, or otherwise, it being understood that Buyer shall have the right to conduct pre-Closing title due diligence as described below in Article 11, and that the rights and remedies set forth in Article 11 shall be Buyer's sole rights and remedies with respect to title.**

"Interim Financial Statements" – as defined in Section 6.05(b)(i).

"Knowledge" – an individual will be deemed to have "Knowledge" of a particular fact or other matter if such individual is actually aware of such fact or other matter, without any duty of inquiry. A Seller Party will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Mark E. Ellis, President and Chief Executive Officer, Arden L. Walker, Jr., Executive Vice President and Chief Operating Officer, David B. Rottino, Executive Vice President and Chief Operating Officer, and Thomas E. Emmons, Senior Vice President, Corporate Services. Buyer will be deemed to have "Knowledge" of a particular fact or other matter if any of the following individuals has Knowledge of such fact or other matter: Randall H. Breitenbach, Vice President—Acquisition Activities and Peter Singh, Vice President.

"Lands" – as set forth in the definition of "Assets".

"Leases" – as set forth in the definition of "Assets".

"Legal Requirement" – any federal, state, local, municipal, foreign, international, or multinational law, Order, constitution, ordinance, or rule, including rules of common law, regulation, statute, treaty, or other legally enforceable directive or requirement.

"Lowest Cost Response" – the response required under Environmental Laws in effect as of the Defect Notice Date that addresses and resolves (for current and future use in the same manner as currently used) the identified Environmental Condition in the most cost-effective manner (considered as a whole) as compared to any other response that is required under Environmental Laws. The Lowest Cost Response shall include taking no action, leaving the condition unaddressed, periodic monitoring or the recording of notices in lieu of remediation, if such responses are allowed under Environmental Laws. The Lowest Cost Response shall not include any costs or expenses relating to the assessment, remediation, removal, abatement, transportation and disposal of any asbestos, asbestos containing materials or NORM.

"Material Adverse Effect" – any change, inaccuracy, effect, event, result, occurrence, condition or fact (for the purposes of this definition, each, an "event") (whether foreseeable or not and whether covered by insurance or not) that has had or would be reasonably likely to have, individually or in the aggregate with any other event or events, a material adverse effect on the ownership, operation or financial condition of the Assets, taken as a whole; *provided, however*, that the term "Material Adverse Effect" shall not include material adverse effects resulting from (i) entering into this Agreement or the announcement of the Contemplated Transactions; (ii)

changes in Hydrocarbon prices; (iii) any action or omission of Seller taken in accordance with the terms of this Agreement or with the prior consent of Buyer; (iv) any effect resulting from general changes in industry, economic or political conditions in the United States; (v) civil unrest, any outbreak of disease or hostilities, terrorist activities or war or any similar disorder; (vi) acts or failures to act of any Governmental Body (including any new regulations related to the upstream industry), except to the extent arising from Seller's action or inaction; (vii) acts of God, including hurricanes and storms; (viii) any reclassification or recalculation of reserves in the ordinary course of business; (ix) natural declines in well performance; (x) general changes in Legal Requirements, in regulatory policies, or in GAAP; (xi) changes in the stock price of Buyer; (xii) matters that are cured or no longer exist by the earlier of Closing and the termination of this Agreement; or (xiii) matters as to which an adjustment is provided for under Section 2.05(c) or Seller has indemnified Buyer hereunder.

"Material Contracts" – as defined in Section 3.10.

"Net Revenue Interest" – with respect to any Well, the interest in and to all Hydrocarbons produced, saved and sold from or allocated to Well (in each case, limited to the applicable currently producing formation as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Exhibit B (for any Well)), after satisfaction of all other Royalties.

"NORM" – naturally occurring radioactive material.

"Operating Contingencies" mean the contingencies described on Schedule 2.02(b).

"Order" – any award, decision, injunction, judgment, order, ruling, subpoena, or verdict entered, issued, made, or rendered by any court, administrative agency, or other Governmental Body or by any arbitrator.

"Organizational Documents" – (a) the articles or certificate of incorporation and the bylaws of a corporation; (b) the articles of organization and resolutions of a limited liability company; (c) the certificate of limited partnership and limited partnership agreement of a limited partnership; and (d) any amendment to any of the foregoing.

"Outside Date" – as defined in Section 9.01(d).

"Party" or "Parties" – as defined in the preamble to this Agreement.

"Permits" – all environmental and other governmental (whether federal, state, local or tribal) certificates, consents, permits (including conditional use permits), licenses, orders, authorizations, franchises and related instruments or rights solely relating to the ownership, operation or use of the Assets.

"Permitted Encumbrance" – any of the following:

(a) the terms and conditions of all Leases and Contracts if the net cumulative effect of such Leases and Contracts does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) operate to reduce the Net Revenue Interest of Seller

with respect to any Well to an amount less than the Net Revenue Interest set forth in Exhibit B for such Well, (iii) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Exhibit B for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Exhibit B, in the same or greater proportion as any increase in such Working Interest); *provided, however* that any drilling obligations included in Leases will be considered Permitted Encumbrances so long as Seller is not in breach of such obligations;

(b) any Preferential Purchase Rights, Consents and similar agreements;

(c) excepting circumstances where such rights have already been triggered prior to the Effective Time, customary rights of reassignment arising upon final intention to abandon or release the Assets;

(d) liens for Taxes not yet due or delinquent;

(e) all rights to consent by, required notices to, filings with, or other actions by Governmental Bodies in connection with the conveyance of the Leases, if the same are customarily sought and received after the Closing;

(f) except for claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance, Encumbrances or defects that Buyer has waived or is deemed to have waived pursuant to the terms of this Agreement or Title Defects that were not properly asserted by Buyer prior to the Defect Notice Date;

(g) all Legal Requirements and all rights reserved to or vested in any Governmental Body (i) to control or regulate any Asset in any manner; (ii) by the terms of any right, power, franchise, grant, license or permit, or by any provision of law, to terminate such right, power, franchise, grant, license or permit or to purchase, condemn, expropriate or recapture or to designate a purchaser of any of the Assets; (iii) to use such property in a manner which does not materially impair the use of such property for the purposes for which it is currently owned and operated; or (iv) to enforce any obligations or duties affecting the Assets to any Governmental Body with respect to any right, power, franchise, grant, license or permit;

(h) rights of a common owner of any interest currently held by Seller and such common owner as tenants in common or through common ownership if the net cumulative effect does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Exhibit B for such Well, (iii) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Exhibit B for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Exhibit B, in the same or greater proportion as any increase in such Working Interest);

(i) easements, conditions, covenants, restrictions, servitudes, permits, rights-of-way, surface leases, and other rights in the Assets for the purpose of operations, facilities, roads, alleys, highways, railways, pipelines, transmission lines, transportation lines, distribution lines, power lines, telephone lines, removal of timber, grazing, logging operations, canals, ditches,

reservoirs and other like purposes, or for the joint or common use of real estate, rights-of-way, facilities and equipment, if the net cumulative effect does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Exhibit B for such Well, (iii) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Exhibit B for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Exhibit B, in the same or greater proportion as any increase in such Working Interest);

(j) vendors, carriers, warehousemen's, repairmen's, mechanics', workmen's, materialmen's, construction or other like liens arising by operation of law in the ordinary course of business or incident to the construction or improvement of any property in respect of obligations which are not yet due or which are being contested in good faith by appropriate proceedings which are set forth on Schedule 3.05 by or on behalf of Seller;

(k) Encumbrances created under Leases or any joint operating agreements applicable to the Assets or by operation of law in respect of obligations that are not yet due if the net cumulative effect of such Encumbrances does not (i) materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) operate to reduce the Net Revenue Interest of Seller with respect to any Well to an amount less than the Net Revenue Interest set forth in Exhibit B for such Well, (iii) obligate Seller to bear a Working Interest with respect to any Well in any amount greater than the Working Interest set forth in Exhibit B for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Exhibit B, in the same or greater proportion as any increase in such Working Interest);

(l) any Encumbrance affecting the Assets that is discharged by Seller or expressly waived in writing by Buyer pursuant to the terms of this Agreement at or prior to Closing;

(m) the Assumed Litigation;

(n) defects based solely on assertions that Seller's files lack information (including title opinions);

(o) lessor's royalties, overriding royalties, production payments, net profits interests, reversionary interests, and similar burdens if the net cumulative effect of such burdens (i) does not materially interfere with the operation or use of any of the Assets (as currently operated and used), (ii) does not reduce the Net Revenue Interest of Seller with respect to such Well to an amount less than the Net Revenue Interest set forth in Exhibit B for such Well, and (iii) does not obligate Seller to bear a Working Interest in any amount greater than the Working Interest set forth in Exhibit B for such Well (unless the Net Revenue Interest for such Well is greater than the Net Revenue Interest set forth in Exhibit B, in the same or greater proportion as any increase in such Working Interest);

(p) defects or irregularities of title (i) arising out of lack of evidence of, or other defects with respect to, authorization, execution, delivery, acknowledgement, or approval of any instrument in Seller's chain of title absent reasonable evidence of an actual claim of superior title from a Third Party attributable to such matter; (ii) consisting of the failure to recite marital status or omissions of heirship proceedings in documents (provided that such proceedings have actually occurred and can be verified); (iii) resulting from lack of survey, unless a survey is expressly required by applicable Legal Requirements; (iv) resulting from failure to record releases of liens, production payments, or mortgages that have expired by their own terms or the enforcement of which are barred by the applicable statute(s) of limitations or prescription; (v) arising out of lack of entity authorization unless Buyer provides affirmative evidence that such entity action could reasonably result in another Person's actual and superior claim of title; (vi) resulting from or related to probate proceedings or the lack thereof that have been outstanding for ten (10) years or more; (vii) based on a gap in Seller's chain of title to any Well or Lease (A) so long as such gap does not provide a Third Party with a reasonable claim of superior claim or (B) unless Buyer affirmatively shows such gap to exist in such records by an abstract of title, title opinion or landman's title chain; or (viii) consisting of the lack of a lease amendment or consent authorizing pooling or unitization unless such Lease has been pooled in violation of the terms of such Lease;

(q) Imbalances to the extent that the Purchase Price is adjusted accordingly;

(r) future plugging and surface restoration obligations that have not been triggered as of the Execution Date, but only to the extent such obligations do not interfere in any material respect with the use or operation of any Assets (as currently used or operated);

(s) calls on Hydrocarbon production under existing Contracts to the extent such Contracts are set forth on Schedule 3.10;

(t) any matters referenced or set forth on Exhibit A or Exhibit B;

(u) mortgages on the lessor's interest under a Lease, whether or not subordinate to such Lease, that have expired on their own terms or the enforcement of which are barred by applicable statute(s) of limitations or prescription;

(v) any maintenance of uniform interest provision in an operating agreement if waived in writing with respect to the Contemplated Transactions by the party or parties having the right to enforce such provision or if the violation of such provision would not give rise to the unwinding of the sale of the affected Asset from Seller to Buyer or the potential claim against Buyer or Seller for material damages in connection therewith; and

(w) any reductions in Net Revenue Interest due to the net profits interest held by Aera Energy LLC pursuant to the Aera Lease, if the net cumulative effect of such burdens does not reduce the Net Revenue Interest of Seller with respect to such Well to an amount less than the Net Revenue Interest set forth in Exhibit B or Schedule 3.20 for such Well.

"Person" – any individual, firm, corporation (including any non-profit corporation), general or limited partnership, limited liability company, joint venture, estate, trust, association, organization, labor union, or other entity or Governmental Body.

"Personal Property" – as set forth in the definition of "Assets".

"Phase I Environmental Site Assessment" – a Phase I environmental property assessment of the Assets that satisfies the basic assessment requirements set forth under the current ASTM International Standard Practice for Environmental Site Assessments (Designation E1527-13) or any other visual site assessment or review of records, reports or documents.

"Plan of Reorganization" – the Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and Its Debtor Affiliates Other than LINN Acquisition Company, LLC and Berry Petroleum Company, LLC, as confirmed in the Bankruptcy Cases by the Order Confirming (i) Amended Joint Chapter 11 Plan of Reorganization of Linn Energy, LLC and its Debtor Affiliates other than Linn Acquisition Company, LLC and Berry Petroleum Company, LLC and (ii) Amended Joint Chapter 11 Plan of Reorganization of Linn Acquisition Company, LLC and Berry Petroleum Company, LLC Docket No. 1629.

"Post-Closing Date" – as defined in Section 2.05(d).

"Preferential Purchase Right" – any right or agreement that enables any Person to purchase or acquire any Asset or any interest therein or portion thereof as a result of or in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Preliminary Amount" – the Purchase Price, adjusted as provided in Section 2.05(c), Section 2.02(b) (if applicable), based upon the best information available at the time of the Closing.

"Preliminary Settlement Statement" – as defined in Section 2.03.

"Proceeding" – any proceeding, action, arbitration, audit, hearing, investigation, request for information, litigation, or suit (whether civil, criminal, administrative, investigative, or informal) commenced, brought, conducted, or heard by or before, or otherwise involving, any Governmental Body or arbitrator.

"Production Related IT Equipment" – as set forth in the definition of "Assets".

"Property" or "Properties" – as set forth in the definition of "Assets".

"Property Costs" – all operating expenses (including utilities, payroll, costs of insurance, rentals, and overhead costs set forth in Section 2.05(b)), capital expenditures (including rentals, options and other lease maintenance payments, broker fees and other property acquisition costs and costs of acquiring equipment), and Asset Taxes, respectively, incurred in the ordinary course of business attributable to the use, operation, and ownership of the Assets, but excluding Damages attributable to (a) personal injury or death, property damage, torts, breach of contract, or violation of any Legal Requirement, (b) obligations relating to the abandonment or plugging of Wells, dismantling or decommissioning facilities, closing pits and restoring the surface around such Wells, facilities and pits, (c) Environmental Liabilities, (d) obligations with respect to Imbalances, (e) obligations to pay Royalties or other interest owners revenues or proceeds relating to the Assets but held in suspense, including Suspense Funds, (f) Emissions Fees, and (g) claims for indemnification or reimbursement from any Third Party with respect to costs of the types described in the preceding clauses (a) through (g), whether such claims are made pursuant to contract or otherwise.

"Purchase Price" – as defined in Section 2.02.

"Records" – as set forth in the definition of "Assets".

"Representative" – with respect to a particular Person, any director, officer, manager, employee, agent, consultant, advisor, direct or indirect equity owner, or other representative of such Person, including legal counsel, accountants, and financial advisors.

"Required Consent" – any Consent with respect to which (a) there is a provision within the applicable instrument that such Consent may be withheld in the sole and absolute discretion of the holder, (b) there is provision within the applicable instrument expressly stating that an assignment in violation thereof (i) is void or voidable, (ii) triggers the payment of specified liquidated damages, or (iii) causes termination of the applicable Assets to be assigned, or (c) that is denied in writing by the applicable Third Party. For the avoidance of doubt, "Required Consent" does not include any Consent, which, by its terms, cannot be unreasonably withheld.

"Retained Assets" – any rights, titles, interests, assets, and properties that are originally included in the Assets under the terms of this Agreement, but that are subsequently excluded from the Assets or sale under this Agreement pursuant to the terms of this Agreement at any time before or after the Closing.

"Retained Liabilities" –Damages, liabilities and obligations arising out of or attributable to (a) the disposal or transportation prior to Closing of any Hazardous Materials generated or used by Seller and taken from the Assets to any location that is not an Asset; (b) property damage attributable to Seller's or its Affiliate's operation of the Assets prior to the Execution Date and illness and personal injury (including death) claims attributable to Seller's or its Affiliate's operation of the Assets prior to the Closing Date; (c) failure to properly and timely pay, in accordance with the terms of any Lease, Contract or applicable Legal Requirement, all Royalties and any other Working Interest amounts (in each case) with respect to the Assets that are due by Seller or any of its Affiliates and attributable to Seller's ownership of the Assets prior to the Effective Time; (d) any Excluded Employee Liability; (e) the gross negligence or willful misconduct of Seller or any of its Affiliates in connection with its operations, prior to the Closing Date, of the Assets in its capacity as operator thereof; (f) all fines or penalties and criminal sanctions imposed on Seller or its Affiliates in connection with the ownership or operation of the Assets prior to the Closing; (g) the Discharged Claims; (h) any amounts payable to any Governmental Body in the future to satisfy claims of such Governmental Body that are expressly reserved or preserved under the Stipulation and Agreed Order and attributable to pre-Effective Time periods, including any cure amounts; (i) the Retained Litigation; and (j) any Tax of Seller or otherwise imposed on the Assets or with respect Seller's business, including without limitation any liability of Seller for the Taxes of any other Person under Treasury Regulation Section 1.1502-6 (or any similar provision of state, local or foreign law), as a transferee or successor, by contract or otherwise, but excluding any Asset Taxes to the extent specifically allocated to Buyer pursuant to Section 13.02(b).

"Retained Litigation" – the litigation set forth in Schedule 3.05 Part B.

"Royalties" – royalties, overriding royalties, production payments, carried interests, net profits interests, reversionary interests, back-in interests and other burdens upon, measured by or payable out of production.

"SEC Filings" – as defined in Section 6.05(b)(i).

"Secondary Allocated Values" – the values assigned among certain Wells as set forth on Schedule 2.07(b) which shall take into account the contingent nature of the Purchase Price associated therewith.

"Secondary Title Defect Values" – as defined in Section 11.05.

"Seller" – as defined in the preamble to this Agreement.

"Seller Closing Documents" – as defined in Section 3.02(a).

"Seller Group" – Seller and its Affiliates, and their respective Representatives.

"Seller Party" – each of LEH, LOI and LM, individually.

"Severance Plan" – the terms and conditions of that certain Severance Plan of Linn Energy, Inc., effective February 28, 2017, and attached as Exhibit F hereto.

"Special Financial Statements" – as defined in Section 6.05(b)(i).

"Specified Receivables" – accounts receivable owed to Seller as operator of any Wells to satisfy previous overpayments by Seller to Third Parties, and the right to recoup same out of proceeds of production in respect of such Wells.

"Straddle Period" – any Tax period beginning before and ending after the Effective Time.

"Suspense Funds" – proceeds of production and associated penalties and interest in respect of any of the Wells that are payable to any Third Party and are being held in suspense by Seller as the operator of such Wells.

"Tax" or "Taxes" – (a) any and all federal, state, provincial, local, foreign and other taxes, levies, fees, imposts, duties, assessments, unclaimed property and escheat obligations and other governmental charges imposed by any Governmental Body, including income, profits, franchise, alternative or add-on minimum, gross receipts, environmental (including taxes under Section 59A of the Code), registration, withholding, employment, social security (or similar), disability, occupation, ad valorem, property, value added, capital gains, sales, goods and services, use, real or personal property, capital stock, license, branch, payroll, estimated, unemployment, severance, compensation, utility, stamp, premium, windfall profits, transfer, gains, production and excise taxes, and customs duties, together with any interest, penalties, fines or additions thereto and (b) any successor or transferee liability in respect of any items described in clause (a) above; *provided*, *however*, that such term shall not include any taxes, fees or similar payments the amount of which is calculated and/or determined based on emissions from the Assets.

"Tax Allocation" – as defined in Section 2.07.

"Tax Returns" – any and all reports, returns, declarations, claims for refund, elections, disclosures, estimates, information reports or returns or statements supplied or required to be supplied to a Governmental Body in connection with Taxes, including any schedule or attachment thereto or amendment thereof.

"Third Party" – any Person other than a Party or an Affiliate of a Party.

"Threatened" – a claim, Proceeding, dispute, action, or other matter will be deemed to have been "Threatened" if any demand or statement has been made in writing to a Party or any of its officers, directors, or employees, that would lead a prudent Person to conclude that such a claim, Proceeding, dispute, action, or other matter is likely to be asserted, commenced, taken, or otherwise pursued in the future.

"Title Benefit" – as defined in Section 11.08.

"Title Benefit Notice" – as defined in Section 11.08.

"Title Benefit Properties" – as defined in Section 11.08.

"Title Benefit Value" – as defined in Section 11.08.

"Title Defect" – any Encumbrance, defect or other matter that causes Seller not to have Defensible Title in and to the Wells, without duplication; *provided* that, for the avoidance of doubt, that defects arising from any change in applicable Legal Requirement after the Execution Date shall not be considered Title Defects.

"Title Defect Cure Period" – as defined in Section 11.06(a).

"Title Defect Notice" – as defined in Section 11.04.

"Title Defect Property" – as defined in Section 11.04.

"Title Defect Value" – as defined in Section 11.04.

"Tonner Canyon Prospect Agreement" – Tonner Canyon Prospect Agreement Covering Portions of Los Angeles and Orange Counties, California, dated effective August 1, 2006, by and between Glenn Gregory (d/b/a Gregory Geological Services) and Linn Western Operating, Inc.

"Transfer Tax" – all transfer, documentary, sales, use, stamp, registration and similar Taxes (but excluding income Taxes) and fees arising out of, or in connection with, the transfer of the Assets.

"Transition Date" – the end of the Term under the Transition Services Agreement as the Term is defined therein.

"Transition Services Agreement" – a Transition Services Agreement substantially in the form of Exhibit K attached hereto.

"Units" – as set forth in the definition of "Assets".

"Wells" – as set forth in the definition of "Assets".

"Working Interest" – with respect to any Well, the interest in and to such Well that is burdened with the obligation to bear and pay costs and expenses of maintenance, development and operations on or in connection with such Well (in each case, limited to the applicable currently producing formation as described in the definition of "Defensible Title" and subject to any reservations, limitations or depth restrictions described in Exhibit B), but without regard to the effect of any Royalties or other burdens.

ARTICLE 2
SALE AND TRANSFER OF ASSETS; CLOSING

2.01 **Assets.** Subject to the terms and conditions of this Agreement, at the Closing, Seller shall sell and transfer (or shall cause to be sold and transferred) the Assets to Buyer, and Buyer shall purchase, pay for, and accept the Assets from Seller.

2.02 **Purchase Price; Deposit.**

(a) Subject to any adjustments that may be made under Section 2.02(b) or Section 2.05, the purchase price for the Assets will be One Hundred Million Dollars ($100,000,000) (the "Purchase Price"). Within one (1) Business Day after the Execution Date, Buyer or an Affiliate has deposited by wire transfer in same day funds into an escrow account (the "Escrow Account") established pursuant to the terms of a mutually agreeable Escrow Agreement (the "Escrow Agreement") an amount equal to the Deposit Amount. The Deposit Amount shall be held by the Escrow Agent, and if the Closing timely occurs, on or before the Closing Date, the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller at Closing, which Deposit Amount shall be applied as a credit toward the Preliminary Amount as provided in Section 2.05(a). If this Agreement is terminated prior to the Closing in accordance with Section 9.01, then the provisions of Section 9.02 shall apply and the distribution of the Deposit Amount shall be governed in accordance therewith.

(b) If the Operating Contingencies described on Schedule 2.02(b) are satisfied, then Buyer shall, within five (5) days, promptly pay an additional Seven Million Dollars ($7,000,000) in same day funds to Seller (the "Contingent Purchase Price"), less any Secondary Title Defect Values determined in accordance with Article 11.

2.03 **Closing; Preliminary Settlement Statement.** The Closing shall take place at the offices of Kirkland and Ellis LLP at 600 Travis Street, Suite 3300, Houston, Texas 77002 on or before July 18, 2017 (the "Scheduled Closing"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to the provisions of Article 9 (the date on

which the Closing actually occurs, the "Closing Date"). Subject to the provisions of Articles 7, 8, and 9, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 2.03 shall not result in the termination of this Agreement and shall not relieve either Party of any obligation under this Agreement. Not later than five (5) Business Days prior to the Closing Date, Seller will deliver to Buyer a statement setting forth in reasonable detail Seller's reasonable determination of the Preliminary Amount based upon the best information available at that time (the "Preliminary Settlement Statement") with reasonable supporting documentation for same. As part of the Preliminary Settlement Statement, Buyer shall provide to Seller such data as is reasonably necessary to support any estimated allocation, for purposes of establishing the Preliminary Amount. Within two (2) Business Days after its receipt of the Preliminary Settlement Statement, Buyer may submit to Seller in writing any objections or proposed changes thereto and Seller shall consider all such objections and proposed changes in good faith. The estimate agreed to by Seller and Buyer, or, absent such agreement, in the Preliminary Settlement Statement delivered by Seller in good faith in accordance with this Section 2.03, will be the Preliminary Amount to be paid by Buyer to Seller at the Closing.

Closing Obligations. At the Closing:

(a) Each Seller Party shall deliver (and execute, as appropriate), or cause to be delivered (and executed, as appropriate), to Buyer:

(i) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(ii) possession of the Assets (except the Specified Receivables and the Suspense Funds, which shall be conveyed to Buyer by way of one or more adjustments to the Purchase Price as provided in Section 2.05(c)(ii)(E));

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of such Seller Party, certifying on behalf of such Seller Party that the conditions to Closing set forth in Sections 7.01 and 7.02 have been fulfilled;

(iv) a Treasury Regulation Section 1.1445-2(b)(2) statement, certifying that such Seller Party is not a "foreign person" within the meaning of the Code;

(v) an executed counterpart of the Preliminary Settlement Statement;

(vi) for each Well operated by such Seller Party or its Affiliate on the Closing Date, such regulatory documentation on forms prepared by Seller (with assistance from Buyer) as is necessary to designate Buyer as operator of such Wells;

(vii) a recordable release in a form reasonably acceptable to Buyer of any trust, mortgages, financing statements, fixture filings and security agreements, in each case, securing indebtedness for borrowed money made by such Seller Party or its Affiliates affecting the Assets;

(viii) all documentation, including signature cards, necessary to transfer ownership and control of the Aera Sinking Fund to Buyer;

(ix) all vehicle titles and other documentation necessary to transfer the vehicles described on Exhibit A-7 to Buyer;

(x) an executed counterpart of the Transition Services Agreement; and

(xi) such documents as Buyer or counsel for Buyer may reasonably request that are reasonably necessary to effect the Contemplated Transactions, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

(b) Buyer shall deliver (and execute, as appropriate) to Seller:

(i) the Preliminary Amount (less the Deposit Amount and less any amounts deposited with the Escrow Agent pursuant to Section 11.06) by wire transfer to the accounts specified by Seller in written notices given by Seller to Buyer at least two (2) Business Days prior to the Closing Date;

(ii) the Instruments of Conveyance in the appropriate number for recording in the real property records where the Assets are located;

(iii) a certificate, in substantially the form set forth in Exhibit H executed by an officer of Buyer, certifying on behalf of Buyer that the conditions to Closing set forth in Sections 8.01 and 8.02 have been fulfilled;

(iv) an executed counterpart of the Preliminary Settlement Statement;

(v) for each Well operated by any Seller Party or its Affiliate on the Closing Date, such regulatory documentation as is necessary to designate Buyer as operator of such Wells and the other Assets;

(vi) evidence of replacement bonds, guarantees, and other sureties pursuant to Section 6.03(a) and evidence of such other authorizations and qualifications as may be necessary for Buyer to own and operate the Assets;

(vii) an executed counterpart of the Transition Services Agreement; and

(viii) such other documents as Seller or counsel for Seller may request that are reasonably necessary to effect the Contemplated Transactions, including letters-in-lieu of transfer order to purchasers of production from the Wells (which shall be prepared and provided by Buyer and reasonably satisfactory to Seller).

2.05 **Allocations and Adjustments.** If the Closing occurs:

(a) Buyer shall be entitled to all production and products from or attributable to the Assets from and after the Effective Time and the proceeds thereof, and to all other income, proceeds, receipts, and credits earned with respect to the Assets on or after the Effective Time, and shall be responsible for (and entitled to any refunds with respect to) all Property Costs attributable to the Assets and incurred from and after the Effective Time. Seller shall be entitled to all production and products from or attributable to the Assets prior to the Effective Time and the proceeds thereof, and shall be responsible for (and entitled to any refunds with respect to (but for the avoidance of doubt, not including any amounts associated with the Aera Sinking Fund)) all Property Costs attributable to the Assets and incurred prior to the Effective Time. "Earned" and "incurred," as used in this Agreement, shall be interpreted in accordance with generally accepted accounting principles and Council of Petroleum Accountants Society (COPAS) standards.

(b) Without limiting the allocation of costs and receipts set forth in Section 2.05(a), for each Well operated by Seller or its Affiliate, in lieu of all COPAS charges and all other overhead amounts for the period between the Effective Time and the Closing Date (which shall be treated as proceeds attributable to the Assets that are allocated to Buyer pursuant to Section 2.05(a) or Section 2.05(c)(ii)(A)), Seller or its Affiliate shall be entitled to deduct and retain as overhead charges an amount equal to $175,000 per month for the period between the Effective Time and the Closing Date. The charges and deductions under this Section 2.05(b) shall accrue from the Effective Time through the Closing; *provided however*, that the overhead charges for the month in which Closing occurs shall be prorated based upon the number of days in such month that Seller or its Affiliate operated such Wells (and for the number of days that the Well was in drilling or completion, or was in production, as applicable). For purposes of allocating revenues, production, proceeds, income, accounts receivable, and products under this Section 2.05, (A) liquid Hydrocarbons produced into storage facilities will be deemed to be "from or attributable to" the Wells when they pass through the pipeline connecting into the storage facilities into which they are run, and (B) gaseous Hydrocarbons and liquid Hydrocarbons produced into pipelines will be deemed to be "from or attributable to" the Wells when they pass through the receipt point sales meters on the pipelines through which they are transported. In order to accomplish the foregoing allocation of production, the Parties shall rely upon the gauging, metering, and strapping procedures which were conducted by Seller on or about the Effective Time and, unless demonstrated to be inaccurate, shall utilize reasonable interpolating procedures to arrive at an allocation of production when exact gauging, metering, and strapping data is not available on hand as of the Effective Time. Asset Taxes for 2017 shall be prorated in accordance with Section 13.02(b).

(c) The Purchase Price shall be, without duplication,

(i) increased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Buyer from the sale of Hydrocarbons produced from and attributable to the Assets during any period prior to the Effective Time to which Seller is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by Buyer with respect to the Assets for which Seller would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Buyer pursuant to Section 13.02(b) but paid or economically borne by Seller;

(C) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that have been paid by any Seller Party to Third Parties that are attributable to the ownership and operation of the Assets after the Effective Time (including prepayments with respect to any period after the Effective Time (but for the avoidance of doubt, not including any amounts associated with the Aera Sinking Fund));

(D) the amount of any other upward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties;

(E) to the extent that proceeds for such volumes have not been received by Seller, an amount equal to the value of all Hydrocarbons attributable to the Assets in storage or existing in stock tanks, pipelines or plants (including inventory and linefill) as of the Effective Time;

(F) the amount of all Specified Receivables attributable to any period prior to the Effective Time and set forth on Schedule 3.22;

(G) the amount of the Carbon Credits *multiplied by* Thirteen Dollars and Ninety-Five Cents ($13.95); and

(ii) decreased by the following amounts:

(A) the aggregate amount of (i) proceeds received by Seller from the sale of Hydrocarbons produced from and attributable to the Assets from and after the Effective Time to which Buyer is entitled under Section 2.05(a) (net of any (x) Royalties and (y) gathering, processing, transportation and other midstream costs) and (ii) other proceeds received by Seller with respect to the Assets for which Buyer would otherwise be entitled under Section 2.05(a);

(B) the amount of all Asset Taxes allocable to Seller pursuant to Section 13.02(b) but paid or economically borne by Buyer;

(C) the aggregate amount of all downward adjustments pursuant to Article 11;

(D) the aggregate amount of all non-reimbursed Property Costs (other than Asset Taxes) that are attributable to the ownership or operation of the Assets prior to the Effective Time (excluding prepayments with respect to any period after the Effective Time) and paid by Buyer;

(E) the amount of the Suspense Funds;

(F) the amount of any other downward adjustment specifically provided for in this Agreement or mutually agreed upon by the Parties; and

(G) the amount of all carbon dioxide allowances and offset credits that will be required by Buyer post-Closing to satisfy Emissions Fees imposed with respect to the assets attributable to the ownership and operation thereof prior to the Effective Time *multiplied by* Thirteen Dollars and Ninety-Five Cents ($13.95).

(d) No later than one hundred eighty (180) days following the Closing Date, Seller shall prepare and submit to Buyer a statement (the "Final Settlement Statement") setting forth each adjustment or payment which was not finally determined as of the Closing Date and showing the values used to determine such adjustments to reflect the final adjusted Purchase Price and taking into account any applicable payments under the Transition Services Agreement. On or before thirty (30) days after receipt of the Final Settlement Statement, Buyer shall deliver to Seller a written report containing any changes that Buyer proposes be made to the Final Settlement Statement and an explanation of any such changes and the reasons therefor together with any supporting information (the "Dispute Notice"). During such thirty (30)-day period, Buyer shall be given reasonable access to Seller's books and records relating to the matters required to be accounted for in the Final Settlement Statement. Any changes not included in the Dispute Notice shall be deemed waived. If Buyer fails to timely deliver a Dispute Notice to Seller containing changes Buyer proposes to be made to the Final Settlement Statement, the Final Settlement Statement as delivered by Seller will be deemed to be mutually agreed upon by the Parties and, subject to the rights of the Parties under Article 10 and the special warranty of Defensible Title in the Instruments of Conveyance, will be final and binding on the Parties. Upon delivery of the Dispute Notice, the Parties shall undertake to agree with respect to any disputed amounts identified therein by the date that is Two Hundred Ten (210) days after the Closing Date (the "Post-Closing Date"). Except for Title Defect and Environmental Defect adjustments pursuant to Section 2.05(c)(ii)(C), which shall be subject to the arbitration provisions of Section 11.15, if the Parties are still unable to agree regarding any item set forth in the Dispute Notice as of the Post-Closing Date, then the Parties shall submit to a nationally-recognized accounting form mutually agreed upon by the Parties (the "Accounting Expert") a written notice of such dispute along with reasonable supporting detail for the position of Buyer and Seller, respectively, and the Accounting Expert shall finally determine such disputed item in accordance with the terms of this Agreement. The Accounting Expert shall act as an expert and not an arbitrator. In determining the proper amount of any adjustment to the Purchase Price related to the disputed item, the Accounting Expert shall not increase the Purchase Price more than the increase proposed by Seller nor decrease the Purchase Price more than the decrease proposed by Buyer, as applicable. The decision of such Accounting Expert shall be binding on the Parties, and the fees and expenses of such Accounting Expert shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer. The date upon which all adjustments and amounts in the Final Settlement Statement are agreed to (or deemed agreed to) or fully and finally determined by the Accounting Expert as set forth in this Section 2.05(d) shall be called the "Final Settlement Date," and the final adjusted Purchase Price shall be called the "Final Amount." If (a) the Final Amount is more than

the Preliminary Amount, Buyer shall pay to Seller an amount equal to the Final Amount, *minus* the Preliminary Amount; or (b) the Final Amount is less than the Preliminary Amount, Seller shall pay to Buyer an amount equal to the Preliminary Amount, *minus* the Final Amount. Such payment shall be made within five (5) Business Days after the Final Settlement Date by wire transfer of immediately available funds to the accounts specified pursuant to wire instructions delivered in advance by Seller or Buyer, as applicable.

2.06 **Assumption.** If the Closing occurs, from and after the Closing Date, Buyer shall assume, fulfill, perform, pay, and discharge the following liabilities (except to the extent any such liabilities are Discharged Claims) arising from, based upon, related to, or associated with the Assets and only to the extent not constituting Retained Liabilities (collectively, the "Assumed Liabilities") subject to Seller's indemnity obligations under Section 10.02 (further subject to the limitations and restrictions in Article 10): any and all Damages and obligations, known or unknown, allocable to the Assets prior to, at, or after the Effective Time, including any and all Damages and obligations: (a) attributable to or resulting from the use, maintenance, ownership, or operation of the Assets, regardless whether arising before, at or after the Effective Time, except for Property Costs and other amounts which shall have been accounted for as provided under Section 2.05; (b) imposed by any Legal Requirement or Governmental Body relating to the Assets, (c) for plugging, abandonment, decommissioning, and surface restoration of the Assets, including oil, gas, injection, water, or other wells and all surface facilities; (d) subject to Buyer's rights and remedies set forth in Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance, attributable to or resulting from lack of Defensible Title to the Assets; (e) attributable to the Suspense Funds, to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (f) attributable to the Imbalances to the extent actually received by Buyer (or for which a reduction to the Purchase Price was made); (g) subject to Buyer's rights and remedies set forth in Article 11, attributable to or resulting from all Environmental Liabilities relating to the Assets; (h) subject to Buyer's rights and remedies set forth in Article 11, related to the conveyance of the Assets to Buyer at Closing (including arising from the conveyance thereof without consent or in violation of a preferential purchase right or any maintenance of uniform interest provision); (i) subject to Buyer's rights and remedies set forth in Article 11, attributable to the Leases and the Applicable Contracts; (j) attributable to or resulting from Asset Taxes to the extent specifically allocated to Buyer pursuant to Section 13.02(b); (k) attributable to or resulting from Transfer Taxes, together with any interest, additions or penalties with respect thereto and any interest in respect of such additions or penalties, if any, to the extent specifically allocated to Buyer pursuant to Section 13.02(b); (l) attributable to Emissions Fees imposed during any period following the Closing; and (m) attributable to the Assumed Litigation. Buyer acknowledges that: (i) the Assets have been used in connection with the exploration for, and the development, production, treatment, and transportation of, Hydrocarbons; (ii) spills of wastes, Hydrocarbons, produced water, Hazardous Materials, and other materials and substances may have occurred in the past or in connection with the Assets; (iii) there is a possibility that there are currently unknown, abandoned wells, plugged wells, pipelines, and other equipment on or underneath the property underlying the Assets; (iv) it is the intent of the Parties that, subject to Buyer's rights and remedies set forth in Article 10 and Article 11 and the special warranty of Defensible Title set forth in the Instruments of Conveyance all liability associated with the above matters as well as any responsibility and liability to decommission, plug, or replug such wells (including the Wells) in accordance with all Legal Requirements and requirements of Governmental Bodies be passed

to Buyer effective as of the Effective Time and that Buyer shall assume all responsibility and liability for such matters and all claims and demands related thereto; (v) the Assets may contain asbestos, Hazardous Materials, or NORM; (vi) NORM may affix or attach itself to the inside of wells, materials, and equipment as scale or in other forms; (vii) wells, materials, and equipment located on the Assets may contain NORM; and (viii) special procedures may be required for remediating, removing, transporting, and disposing of asbestos, NORM, Hazardous Materials, and other materials from the Assets, subject however to Buyer's rights and remedies set forth in Article 10 and Article 11. From and after the Closing, but effective as of the Effective Time, subject to Seller's indemnity obligations under Section 10.02 (subject to the limitations and restrictions in Article 10) and Article 11, Buyer shall assume, with respect to the Assets, all responsibility and liability for any assessment, remediation, removal, transportation, and disposal of these materials and associated activities in accordance with all Legal Requirements and requirements of Governmental Bodies.

2.07 **Allocation of Purchase Price.** (a) The Purchase Price shall be allocated among the Assets as set forth in Schedule 2.07(a) hereto, and, (b) the Contingent Purchase Price shall be allocated among the Wells as set forth in Schedule 2.07(b). Seller and Buyer agree to be bound by the Allocated Values set forth in Schedule 2.07 for purposes of Article 11 hereof. Seller and Buyer further agree that for the purpose of making the requisite filings under Section 1060 of the Code, and the regulations thereunder, the Purchase Price as adjusted, and other amounts treated for U.S. federal income Tax purposes as consideration for a sale transaction (to the extent known at such time) shall be allocated among the Assets in a manner consistent with the Allocated Values, as set forth on Schedule 2.07 (the "Tax Allocation"). Seller and Buyer each agree to report, and to cause their respective Affiliates to report, the federal, state, and local income and other Tax consequences of the Contemplated Transactions, and in particular to report the information required by Section 1060(b) of the Code, and to jointly prepare Form 8594 (Asset Acquisition Statement under Section 1060 of the Code) as promptly as possible following the Closing Date and in a manner consistent with the Tax Allocation as revised to take into account subsequent adjustments to the Purchase Price, including any adjustments pursuant to the Agreement to determine the Final Amount, and shall not take any position inconsistent therewith upon examination of any tax return, in any refund claim, in any litigation, investigation or otherwise, unless required to do so by any Legal Requirement after notice to and discussions with the other Party, or with such other Party's prior consent.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF SELLER

Each Seller Party represents and warrants to Buyer as of the Execution Date and the Closing Date, the following:

3.01 **Organization and Good Standing.** Such Seller Party is a Delaware limited liability company, and is duly organized, validly existing, and in good standing under the laws of the State of Delaware and, where required, is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located, with full limited liability company power and authority to conduct its business as it is now being conducted, and to own or use the properties and assets that it purports to own or use. Such Seller Party is not a "foreign person" for purposes of Section 1445 of the Code.

3.02 **Authority; No Conflict.**

(a) The execution, delivery, and performance of this Agreement and the Contemplated Transactions have been duly and validly authorized by all necessary limited liability company action on the part of such Seller Party. This Agreement has been duly executed and delivered by such Seller Party and at the Closing, all instruments executed and delivered by such Seller Party at or in connection with the Closing shall have been duly executed and delivered by such Seller Party. This Agreement constitutes the legal, valid, and binding obligation of such Seller Party, enforceable against such Seller Party in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law). Upon execution and delivery by such Seller Party of the Instruments of Conveyance at the Closing, such Instruments of Conveyance shall constitute legal, valid and binding transfers and conveyances of the Assets. Upon the execution and delivery by such Seller Party of any other documents at the Closing (collectively with the Instruments of Conveyance, such Seller Party's "Seller Closing Documents"), such Seller Closing Documents shall constitute the legal, valid, and binding obligations of such Seller Party, enforceable against such Seller Party in accordance with their terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a Proceeding in equity or at law).

(b) Except as set forth in Schedule 3.02(b), and assuming the receipt of all Consents and the waiver of all Preferential Purchase Rights (in each case) applicable to the Contemplated Transactions, and assuming compliance with the HSR Act, neither the execution and delivery of this Agreement by such Seller Party nor the consummation or performance of any of the Contemplated Transactions by such Seller Party shall, directly or indirectly (with or without notice or lapse of time):

(i) contravene, conflict with, or result in a violation of (A) any provision of the Organizational Documents of such Seller Party, or (B) any resolution adopted by the board of directors, managers or officers of such Seller Party;

(ii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any Lease, Fee Mineral or Contract or any Legal Requirement or Order to which such Seller Party, or any of the Assets, may be subject;

(iii) contravene, conflict with, or result in a violation of any of the terms or requirements of, or give any Governmental Body the right to revoke, withdraw, suspend, cancel, terminate, or modify, any Governmental Authorization that relates to the Assets; or

(iv) result in the imposition or creation of any Encumbrance upon or with respect to any of the Assets, except for Permitted Encumbrances.

3.03 **Bankruptcy.** Except for claims or matters related to the Bankruptcy Case commenced on May 11, 2016 and concluded on February 28, 2017, for which the United States Bankruptcy Court for the Southern District of Texas retains jurisdiction, there are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by such Seller Party or, to such Seller Party's Knowledge, Threatened against such Seller Party or any of its Affiliates.

3.04 **Taxes.** Except as disclosed on Schedule 3.04, all Tax Returns required to be filed by such Seller Party with respect to Asset Taxes have been timely filed and all such Tax Returns are correct and complete in all material respects. Except as disclosed on Schedule 3.04, all Asset Taxes required to be paid by such Seller Party with respect to the Assets that are or have become due have been timely paid in full, and such Seller Party is not delinquent in the payment of any such Asset Taxes. There are no Encumbrances for Taxes on such Seller Party's interest in the Assets, other than Permitted Encumbrances. Except as disclosed on Schedule 3.04, there is not currently in effect any extension or waiver of any statute of limitations of any jurisdiction regarding the assessment or collection of any Asset Taxes relating to the Assets. There are no administrative or judicial proceedings by any Governmental Body pending against such Seller Party relating to the Assets with respect to Asset Taxes. All Tax withholding and deposit requirements imposed by applicable Legal Requirements with respect to any of the Assets have been satisfied in all material respects. Except as disclosed on Schedule 3.04, no Asset is subject to any Tax partnership agreement or provisions requiring a partnership income Tax Return to be filed under Subchapter K of Chapter 1 of Subtitle A of the Code or any similar state statute.

3.05 **Legal Proceedings.** Other than the Assumed Litigation and Retained Litigation, such Seller Party has not been served with any Proceeding, and, to such Seller Party's Knowledge, there is no pending or Threatened Proceeding (except for immaterial or frivolous claims) against such Seller Party or any of its Affiliates or any of the Assets, in each case, that (a) relates to such Seller Party's ownership or operation of any of the Assets, or (b) challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions.

3.06 **Brokers.** Neither such Seller Party nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are and will remain the sole responsibility of such Seller Party and its Affiliates.

3.07 **Compliance with Legal Requirements.** Except as set forth in Schedule 3.07, there is no material uncured violation by such Seller Party of any Legal Requirements (other than Environmental Laws) with respect to such Seller Party's ownership or operation of the Assets.

3.08 **Prepayments.** Except for any Imbalances, such Seller Party has not received payment under any Contract for the sale of Hydrocarbons produced from the Assets which requires delivery in the future to any party of Hydrocarbons previously paid for and not yet delivered.

3.09 **Imbalances.** Except as set forth in Schedule 3.09, there are no Imbalances with respect to such Seller Party's obligations relating to the Wells as of the Effective Time.

3.10 **Material Contracts.** Schedule 3.10 sets forth all Applicable Contracts with respect to such Seller Party of the type described below as of the Execution Date (collectively, the "Material Contracts"); *provided* that with respect to Applicable Contracts related solely to Assets that are not operated by any Seller Party, the entirety of this Section 3.10 is made to Seller Party's Knowledge:

(a) any Applicable Contract that is a Hydrocarbon purchase and sale, transportation, gathering, treating, compression, marketing, processing, or similar Applicable Contract that is not terminable without penalty on thirty-five (35) days' or less notice;

(b) any Applicable Contract that can reasonably be expected to result in aggregate payments by such Seller Party or revenues payable to Seller of more than Two Hundred Thousand Dollars ($200,000) net to such Seller Party's interest during the current or any subsequent fiscal year or more than One Million Dollars ($1,000,000) net to such Seller Party's interest in the aggregate over the term of such Applicable Contract (based on the terms thereof and contracted (or if none, current) quantities where applicable);

(c) any Applicable Contract that is an indenture, mortgage, security interest, loan, credit agreement, sale-leaseback, guaranty of any obligation, bond, letter of credit, or similar financial Contract;

(d) any Applicable Contract that constitutes a lease under which Seller or any Affiliate of Seller is the lessor or the lessee of any real or personal property (other than a Lease) which lease cannot be terminated by Seller without penalty upon 60 days or less notice;

(e) any Applicable Contract that contains calls upon or options to purchase production, take-or-pay payments, production payments, advance payments or other similar payment, with respect to obligations to deliver Hydrocarbons, or proceeds from the sale thereof, attributable to the Assets at some future time without receiving payment therefor at or after the time of delivery or is a dedication of production or otherwise requires production to be transported, processed or sold in a particular fashion;

(f) any Applicable Contract (executory or otherwise) to sell, lease, farmout, or otherwise dispose of or encumber any interest in any of the Assets after the Execution Date, other than conventional rights of reassignment arising in connection with Seller's surrender or release of any of the Assets;

(g) any Applicable Contract that constitutes a joint venture or unit operating agreement;

(h) any Applicable Contract for which the primary purpose is to provide for the indemnification of another Person; and

(i) any Applicable Contract that constitutes a partnership agreement, joint venture agreement, area of mutual interest agreement, joint development agreement, joint operating agreement, non-compete agreement, development agreement, participation agreement, farmin or farmout agreement, and any agreement that purports to restrict, limit or prohibit the manner in which, or the locations in which, Seller or any Affiliate of Seller conducts business or any similar Contract where the primary obligation has not been completed prior to the Effective Time (in each case, excluding any Tax partnership). Neither such Seller Party, nor to the Knowledge of such Seller Party, any other party, is in default under any Material Contract (and to Seller's Knowledge, no event has occurred that upon receipt of notice or lapse of time or both would constitute any default) except as set forth in Schedule 3.10. Except as set forth in Schedule 3.10, (i) there are no Contracts with Affiliates of such Seller Party that will be binding on the Assets after Closing, and (ii) Seller has not given nor received any unresolved written notice of default, amendment, waiver, price redetermination, market out, curtailment or termination with respect to any Material Contract. Prior to the execution of this Agreement, Seller has made available to Buyer true and complete copies of each Material Contract and all amendments thereto.

3.11 **Consents and Preferential Purchase Rights.** Except as set forth in Schedule 3.11, none of the Assets is subject to any Preferential Purchase Rights or Consents required to be obtained by such Seller Party which may be applicable to the Contemplated Transactions, except for (a) Consents and approvals of Governmental Bodies that are customarily obtained after Closing, (b) Contracts that are terminable upon not greater than thirty (30) days' notice without payment of any fee, and (c) compliance with the HSR Act.

3.12 **Permits.** To such Seller Party's Knowledge, except as set forth in Schedule 3.12, (a) with respect to Assets currently operated by such Seller Party or any of its Affiliates, such Seller Party or its Affiliate (as applicable) has acquired all Permits from appropriate Governmental Bodies to conduct operations on such Assets in material compliance with all applicable Legal Requirements; (b) all such Permits are in full force and effect and no Proceeding is pending or, to such Seller Party's Knowledge, Threatened to suspend, revoke or terminate any such Permit or declare any such Permit invalid; and (c) such Seller Party is in compliance in all material respects with all such Permits.

3.13 **Current Commitments.** Schedule 3.13 sets forth, as of the Execution Date, all approved authorizations for expenditures and other approved capital commitments, individually equal to or greater than One Hundred Thousand Dollars ($100,000) (net to such Seller Party's interest) (the "AFEs") relating to the Assets to drill or rework any Wells or for other capital expenditures pursuant to any of the Material Contracts, Fee Minerals or Leases for which all of the activities anticipated in such AFEs have not been completed by the Effective Time.

3.14 **Environmental Laws.** Except as disclosed on Schedule 3.14, (a) there are no actions, suits or proceedings pending, or, to such Seller Party's Knowledge, Threatened in writing before any Governmental Body with respect to the Assets alleging material violations of, or material liabilities under, Environmental Laws, or claiming remediation obligations, (b) such Seller Party has not entered into nor is a party (directly or as successor in interest) to, any agreement with, plea, diversion agreement or consent, order, decree or judgment of any Governmental Authority that are uncured as of the Execution Date with respect to the Assets, and (c) such Seller Party has not received any written notice from (x) any Governmental Body or (y) within two (2) years prior to the Execution Date, any Person, of any alleged or actual material

violation or non-compliance with, obligation to remediate, or material liability under, any Environmental Law or of material non-compliance with the terms or conditions of any environmental permits, arising from, based upon, associated with or related to the Assets or the ownership or operation of any thereof. As of the Execution Date, Seller has provided Buyer all material, non-privileged, written reports prepared by a Third Party on behalf of Seller within three (3) years of the Execution Date with respect to any of the Assets.

3.15 **Wells.** Except as disclosed on Schedule 3.15 (a) no Well is subject to material penalties on allowable production after the Effective Time because of any overproduction, and (b) there are no Wells that such Seller Party is obligated by applicable Law or contract to plug or abandon or that are currently subject to exceptions to a requirement to plug or abandon issued by a Governmental Body. All wells plugged and abandoned by Seller have been plugged and abandoned in accordance with applicable Legal Requirements, the Fee Minerals and the Leases.

3.16 **Non-Consent Operations**. Such Seller Party has neither elected nor been deemed to have elected to "non-consent", nor failed to participate in, the drilling or reworking of a well, any seismic program or any other operation which would cause such Seller Party or Buyer to suffer a penalty or lose or forfeit any material interests in the Assets under any applicable operating agreement.

3.17 **Condemnation and Eminent Domain**. As of the Execution Date, no action for condemnation or taking under right of eminent domain is pending or, to such Seller Party's Knowledge, Threatened with respect to any Asset or portion thereof.

3.18 **Payment of Royalties; Compliance with Leases**.

(a) Except (a) for the Suspense Funds that are being held in compliance with applicable Legal Requirements and Leases and (b) as set forth in Schedule 3.18 and Schedule 3.05, such Seller Party has duly and properly paid, or caused to be duly and properly paid in all material respects, all Royalties due by such Seller Party during the period of such Seller Party's ownership of the Assets; *provided*, however that no failure to comply with the foregoing that does not result in the termination of a Lease shall be considered a breach of this Section 3.18.

(b) Since January 1, 2016, such Seller Party has not received any written notice from any lessor under any of the Leases seeking to terminate, cancel or rescind any Lease, and such Seller Party has not received any written notice from any lessor under any of the Leases alleging any unresolved material default under any Lease.

3.19 **Bonds and Credit Support**. Schedule 3.19 lists all material bonds, letters of credit and other similar credit support instruments maintained by Seller or any Affiliate of Seller with any Governmental Authority or other Third Party with respect to the Assets.

3.20 **Payout Status**. As of the Execution Date, except as set forth in Schedule 3.20, such Seller Party has not elected (and was not deemed to have elected) not to participate in any operation or activity proposed with respect to the Assets. Schedule 3.20 contains a complete and accurate list of the status of any "payout" balance, as of the Effective Time, for the Linn operated Wells subject to a reversion or other adjustment at some level of cost recovery or payout (or passage of time or other event other than termination of a Lease by its terms).

3.21 **Employee Benefits**.

(a) Schedule 3.21(a) contains a true and complete list of each "employee benefit plan," as defined in Section 3(3) of ERISA, and all other retirement, pension, deferred compensation, bonus, incentive, severance, executive life insurance, medical, dental, vision, disability, cafeteria, flexible spending, leave of absence, vacation, stock purchase, stock option, phantom stock, equity, employment, profit sharing, retention, stay bonus, change of control and other compensation or benefit plans, programs, agreements or arrangements maintained, sponsored or contributed to by such Seller Party or any of its ERISA Affiliates for the benefit of any Available Employee (collectively, such Seller Party's "Seller Benefit Plans").

(b) The Seller has not incurred nor could Seller incur any liability (whether fixed or contingent) under Title IV of ERISA which will result in any such liability to Buyer.

(c) Each Seller Benefit Plan intended to qualify under Section 401(a) of the Code has either received a favorable determination letter or opinion letter from the Internal Revenue Service that it is so qualified and each related trust that is intended to be exempt from federal income taxation under Section 501(a) of the Code has received a determination letter or opinion letter from the Internal Revenue Service that it is so exempt, and, to the Knowledge of Sellers, no fact or event has occurred that could reasonably be expected to affect adversely the qualified status of any such Seller Plan or the exempt status of any such trust.

3.22 **Suspense Accounts**. Schedule 3.22 lists all Suspense Funds held in suspense by Seller and its Affiliates and all Specified Receivables as of the date set forth on Schedule 3.22, a description of the source of the Suspense Funds or Specified Receivables and the reason they are being held in suspense and, if known, the name or names of the Persons claiming the Suspense Funds, to whom the Suspense Funds are owed or who owes such Specified Receivables.

3.23 **Drilling Obligations**. Seller does not have any unfulfilled drilling obligations (including offset drilling obligations) under any Lease or Fee Mineral or otherwise affecting the Leases or Fee Minerals by virtue of a Contract relating to the Assets or the ownership or operation thereof or any obligation to pay compensatory royalties resulting from any such drilling obligation.

3.24 **Disclosures with Multiple Applicability; Materiality.** If it is reasonably apparent on the face of any disclosure that such fact, condition, or matter disclosed in Seller's disclosure Schedules applies to more than one Section of this Article 3, a single disclosure of such fact, condition, or matter on Seller's disclosure Schedules shall constitute disclosure with respect to all sections of this Article 3 to which such fact, condition, or other matter applies, regardless of the section of Seller's disclosure Schedules in which such fact, condition, or other matter is described. Inclusion of a matter on Seller's disclosure Schedules with respect to a representation or warranty that is qualified by "material" or "Material Adverse Effect" or any variant thereof shall not necessarily be deemed an indication that such matter does, or may, be material or have a Material Adverse Effect. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller, as of the Execution Date and the Closing Date, the following:

4.01 **Organization and Good Standing.** Buyer is a limited liability company and duly organized, validly existing, and in good standing under the laws of Delaware and is duly qualified to do business and is in good standing in each jurisdiction in which the Assets are located.

4.02 **Authority; No Conflict.**

(a) This Agreement constitutes the legal, valid, and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Upon the execution and delivery by Buyer of the Instruments of Conveyance and any other documents executed and delivered by Buyer at the Closing (collectively, "Buyer's Closing Documents"), Buyer's Closing Documents shall constitute the legal, valid, and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). Buyer has the absolute and unrestricted right, power, authority, and capacity to execute and deliver this Agreement and Buyer's Closing Documents, and to perform its obligations under this Agreement and Buyer's Closing Documents.

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions.

(c) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer shall (i) contravene, conflict with, or result in a violation of any provision of the Organizational Documents of Buyer, (ii) contravene, conflict with, or result in a violation of any resolution adopted by the board of managers, or members of Buyer, or (iii) contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions, to terminate, accelerate, or modify any terms of, or to exercise any remedy or obtain any relief under, any agreement or any Legal Requirement or Order to which Buyer may be subject.

(d) Buyer is not and shall not be required to give any notice to or obtain any Consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

4.03 **Certain Proceedings.** There is no Proceeding pending against Buyer that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's Knowledge, no such Proceeding has been Threatened.

4.04 **Knowledgeable Investor.** Buyer is an experienced and knowledgeable investor in the oil and gas business. Prior to entering into this Agreement, Buyer was advised by its own legal, Tax, and other professional counsel concerning this Agreement, the Contemplated Transactions, the Assets, and their value, and it has relied solely thereon and on the representations and obligations of Seller in this Agreement and the documents to be executed by Seller in connection with this Agreement at the Closing. Buyer is acquiring the Assets for its own account and not for sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky laws, or any other applicable Legal Requirements.

4.05 **Qualification.** Buyer is an "accredited investor," as such term is defined in Regulation D of the Securities Act of 1933, as amended. Buyer is not acquiring the Assets in connection with a distribution or resale thereof in violation of federal or state securities laws and the rules and regulations thereunder. Without limiting Section 6.02, Buyer is, or will be as of the Closing, qualified under applicable Legal Requirements to hold leases, rights-of-way, and other rights issued or controlled by (or on behalf of) any applicable Governmental Body and will be qualified under applicable Legal Requirements to own and operate the Assets. To Buyer's Knowledge, no fact or condition exists with respect to Buyer or the Assets which may cause any Governmental Body to withhold its approval of the Contemplated Transactions.

4.06 **Brokers.** Neither Buyer nor its Affiliates have incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees with respect to the Contemplated Transactions other than obligations that are or will remain the sole responsibility of Buyer and its Affiliates.

4.07 **Financial Ability.** Buyer will have, as of the Closing, sufficient cash, available lines of credit, or other sources of immediately available funds to enable it to (a) deliver the amounts due at the Closing, (b) take such actions as may be required to consummate the Contemplated Transactions (other than payment of the Assumed Liabilities), and (c) timely pay and perform Buyer's obligations under this Agreement and Buyer's Closing Documents. Buyer expressly acknowledges that the failure to have sufficient funds shall in no event be a condition to the performance of its obligations hereunder, and in no event shall the Buyer's failure to perform its obligations hereunder be excused by failure to receive funds from any source.

4.08 **Securities Laws.** The solicitation of offers and the sale of the Assets by Seller have not been registered under any securities laws. At no time has Buyer been presented with or solicited by or through any public promotion or any form of advertising in connection with the Contemplated Transactions. Buyer is not acquiring the Assets with the intent of distributing fractional, undivided interests that would be subject to regulation by federal or state securities laws, and that if it sells, transfers, or otherwise disposes of the Assets or fractional undivided interests therein, it shall do so in compliance with applicable federal and state securities laws.

4.09 **Due Diligence.** Without limiting or impairing any representation, warranty, covenant or agreement of Seller contained in this Agreement and the Seller Closing Documents, or Buyer's right to rely thereon, Buyer and its Representatives have (a) been permitted full and complete access to all materials relating to the Assets, (b) been afforded the opportunity to ask all questions of Seller (or Seller's Representatives) concerning the Assets, (c) been afforded the opportunity to investigate the condition of the Assets, and (d) had the opportunity to take such other actions and make such other independent investigations as Buyer deems necessary to evaluate the Assets and understand the merits and risks of an investment therein and to verify the truth, accuracy, and completeness of the materials, documents, and other information provided or made available to Buyer (whether by Seller or otherwise). **WITHOUT LIMITING ANY OF ITS EXPRESS REMEDIES IN THIS AGREEMENT OR ANY OF BUYER'S CLOSING DOCUMENTS OR SELLER'S CLOSING DOCUMENTS, BUYER HEREBY WAIVES ANY CLAIMS ARISING OUT OF ANY MATERIALS, DOCUMENTS, OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE TO BUYER (WHETHER BY SELLER OR OTHERWISE), WHETHER UNDER THIS AGREEMENT, AT COMMON LAW, BY STATUTE, OR OTHERWISE.**

4.10 **Basis of Buyer's Decision.** By reason of Buyer's knowledge and experience in the evaluation, acquisition, and operation of oil and gas properties, Buyer has evaluated the merits and the risks of purchasing the Assets from Seller and has formed an opinion based solely on Buyer's knowledge and experience, Buyer's due diligence, and Seller's representations, warranties, covenants, and agreements contained in this Agreement and the Seller Closing Documents, and not on any other representations or warranties by Seller. Buyer has not relied and shall not rely on any statements by Seller or its Representatives (other than those representations, warranties, covenants, and agreements of Seller contained in this Agreement and the Seller Closing Documents) in making its decision to enter into this Agreement or to close the Contemplated Transactions. **BUYER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY OTHER GOVERNMENTAL BODY HAS PASSED UPON THE ASSETS OR MADE ANY FINDING OR DETERMINATION AS TO THE FAIRNESS OF AN INVESTMENT IN THE ASSETS OR THE ACCURACY OR ADEQUACY OF THE DISCLOSURES MADE TO BUYER, AND, EXCEPT AS SET FORTH IN ARTICLE 9, BUYER IS NOT ENTITLED TO CANCEL, TERMINATE, OR REVOKE THIS AGREEMENT, WHETHER DUE TO THE INABILITY OF BUYER TO OBTAIN FINANCING OR PAY THE PURCHASE PRICE, OR OTHERWISE.**

4.11 **Business Use, Bargaining Position.** Buyer is purchasing the Assets for commercial or business use. Buyer has sufficient knowledge and experience in financial and business matters that enables it to evaluate the merits and the risks of transactions such as the Contemplated Transactions, and Buyer is not in a significantly disparate bargaining position with Seller. Buyer expressly acknowledges and recognizes that the price for which Seller has agreed to sell the Assets and perform its obligations under the terms of this Agreement has been predicated upon the inapplicability of the Texas Deceptive Trade Practices—Consumer Protection Act, V.C.T.A. BUS & COMM ANN. § 17.41 et seq. (the "DTPA"), to the extent applicable, or any similar Legal Requirement, and the waiver of the DTPA, and any similar Legal Requirement, by Buyer contained in Section 13.04. **BUYER FURTHER RECOGNIZES THAT SELLER, IN DETERMINING TO PROCEED WITH ENTERING INTO THIS AGREEMENT, HAS EXPRESSLY RELIED ON THE PROVISIONS OF THIS ARTICLE 4.**

4.12 **Bankruptcy.** There are no bankruptcy, reorganization, receivership, or arrangement proceedings pending or being contemplated by Buyer or, to Buyer's Knowledge, Threatened against Buyer. Buyer is, and will be immediately after giving effect to the Contemplated Transactions, solvent.

ARTICLE 5
COVENANTS OF SELLER

5.01 **Access and Investigation.**

(A) Between the Execution Date and the Closing Date, to the extent doing so would not violate applicable Legal Requirements, Seller's obligations to any Third Party or other restrictions on Seller (provided that Seller shall use its commercially reasonable efforts to obtain waivers of any such restriction upon request from Buyer), Seller shall afford Buyer and its Representatives access, by appointment only, during Seller's regular hours of business to reasonably appropriate Seller's personnel, any Seller operated Assets, Records, contracts, books and records, and other documents and data related to the Assets, except any such contracts, books and records, or other documents and data that are Excluded Assets or that cannot, without unreasonable effort or expense, be separated from any contracts, books and records, or other documents and data that are Excluded Assets (and upon Buyer's request, Seller shall use reasonable efforts to obtain the consent of Third Party operators to give Buyer and its Representatives reasonable access to similar information with respect to Assets not operated by Seller or its Affiliates; *provided* that Seller shall not be required to make payments or undertake obligations in favor any Third parties in order to obtain such consent unless Buyer agrees to reimburse Seller therefor); ***PROVIDED* THAT, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATION OR WARRANTY, AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE DOCUMENTS, INFORMATION, BOOKS, RECORDS, FILES, AND OTHER DATA THAT IT MAY PROVIDE OR DISCLOSE TO BUYER**.

(b) Notwithstanding the provisions of Section 5.01(a), (i) Buyer's investigation shall be conducted in a manner that reasonably minimizes interference with the operation of the business of Seller and any applicable Third Parties, and (ii) Buyer's right of access shall not entitle Buyer to operate equipment or conduct subsurface or other invasive testing or sampling. Environmental review shall not exceed the review contemplated by a Phase I Environmental Site Assessment without Seller's prior written permission, which may be withheld in Seller's sole discretion, subject to the provisions of Section 11.09.

(c) Buyer acknowledges that, pursuant to its right of access to the Records and the Assets, Buyer will become privy to confidential and other information of Seller and Seller's Affiliates and the Assets and that such confidential information shall be held confidential by Buyer and Buyer's Representatives in accordance with the terms of the Confidentiality Agreement. If the Closing should occur, the foregoing confidentiality restriction on Buyer, including the Confidentiality Agreement, shall terminate (except as to the Excluded Assets); *provided* that such termination of the Confidentiality Agreement shall not relieve any party thereto from any liability thereunder for the breach of such agreement prior to the Execution Date.

5.02 **Operation of the Assets.** Except as set forth on Schedule 5.02, or as required by applicable Legal Requirements, between the Execution Date and the Closing, Seller shall:

(a) operate the Assets operated by Seller or its Affiliates, and use its reasonable efforts to cause the operation of the Assets operated by a Third Party to be operated, in each case (A) as would a reasonable and prudent operator, (B) in the ordinary course of business consistent with past practice, and (C) in accordance with all applicable Laws and the terms of the Leases, Fee Minerals and Applicable Contracts;

(b) maintain, or use commercially reasonable efforts to cause the applicable Third Party operators to maintain, all Leases, Fee Minerals, Easements, Permits and Applicable Contracts in full force and effect and in accordance with the terms of the Leases, Permits, Fee Minerals and the Applicable Contracts relating thereto;

(c) subject to Section 2.05(a), pay all Property Costs, Royalties and other expenses incurred with respect to the Assets in the ordinary course of business;

(d) maintain the books of account and records relating to the Assets in the ordinary course of business, in accordance with the usual accounting practices of each such Person;

(e) give prompt notice to Buyer of any written notice received by Seller or any of its Affiliates of any material claim asserting any breach of Contract, tort or violation of Legal Requirement or any investigation, suit, action or litigation by or before a Governmental Body, that, in each case, relates to the Assets;

(f) give prompt notice to Buyer of (A) any written notice of any material damage to or destruction of any of the Assets and (B) any written notice received by Seller or any of its Affiliates of any material claim asserting any breach of contract, tort or violation of Law or any investigation, suit, action or litigation by or before a Governmental Authority, that, in each case, relates to the Assets;

(g) not transfer, sell, hypothecate, encumber, or otherwise dispose of any of the Assets, except as required under any Leases or Applicable Contracts, and except for sales of Hydrocarbons, equipment and inventory in the ordinary course of business;

(h) not abandon any Asset (except the abandonment or expiration of Leases in accordance with their terms, including with respect to leases not capable of producing in paying quantities after the expiration of their primary terms or for failure to pay delay rentals or shut-in royalties or similar types of lease maintenance payments, which shall, in each case, be at Seller's sole discretion);

(i) not commence, propose, or agree to participate in any single operation with respect to the Wells, Fee Minerals or Leases with an anticipated cost in excess of One Hundred Thousand Dollars ($100,000) net to Seller's interest, except for any emergency operations;

(A) With respect to any AFE for an operation to be conducted in connection with the Assets that is anticipated to cost in excess of $100,000 per operation, upon receipt of such AFE from Seller, Buyer shall review and respond, within five (5) days of its receipt thereof, to Seller in writing with respect to whether it desires to consent or non-consent the operation covered by such AFE; *provided* that if Buyer does not timely respond with its election with respect to any such AFE within such five day period, then Buyer shall be deemed to have responded to approve such AFE; and

(B) If Buyer affirmatively elects to non-consent to any such operation proposed by a Third Party that is anticipated to cost in excess of $100,000, Seller shall not be entitled to consent to such operation;

(j) not execute, terminate, cancel, extend, or materially amend or modify any Lease, Fee Minerals, Material Contract or Contract that would have been a Material Contract on the Execution Date if in effect at such time other than the execution or extension of a Contract for the sale, exchange, transportation, gathering, treating, or processing of Hydrocarbons terminable without penalty on thirty-five (35) days' or shorter notice;

(k) not settle any suit or litigation or waive any claims or rights of value, in each case, attributable to the Assumed Liabilities;

(l) not voluntarily relinquish its position as operator with respect to any Asset that Seller or its Affiliates operated as of the Execution Date;

(m) except for any actions taken pursuant to Section 5.04, not (i) make, change or revoke any Tax election; (ii) change an annual accounting period; (iii) adopt or change any accounting method with respect to Taxes; (iv) file any amended Tax Return; (v) enter into any closing agreement; settle or compromise any Tax claim or assessment; or (vi) consent to any extension or waiver of the limitation period applicable to any claim or assessment with respect to Taxes; in each case to the extent such action would materially and adversely affect the Assets;

(n) not abandon any Well capable of commercial production, or release or abandon all or any part of the Assets capable of commercial production, or release or abandon all or any portion of the Leases or Fee Minerals;

(o) not relinquish its position as operator of any Asset; and

(p) not commit to do any of the foregoing.

Buyer acknowledges that Seller owns undivided interests in certain of the properties comprising the Assets, and Buyer agrees that the acts or omissions of the other working interest owners who are not Seller or an Affiliate of Seller shall not constitute a Breach of the provisions of this Section 5.02, nor shall any action required by a vote of working interest owners constitute such a Breach so long as Seller or its Affiliate has voted its interest in a manner that complies with the

provisions of this Section 5.02. Further, no action or inaction of any Third Party operator with respect to any Asset shall constitute a Breach of this Section 5.02 to the extent Seller uses commercially reasonable efforts to cause such Third Party operator to operate such applicable Asset in a manner consistent with this Section 5.02. Seller may seek Buyer's approval to perform any action that would otherwise be restricted by this Section 5.02, and Buyer's approval of any such action shall not be unreasonably withheld, conditioned, or delayed, and shall be considered granted ten (10) days (unless a shorter time is reasonably required by the circumstances and such shorter time is specified in Seller's notice) after delivery of notice from Seller to Buyer requesting such consent unless Buyer notifies Seller to the contrary during such ten (10)-day period. Notwithstanding the foregoing provisions of this Section 5.02, in the event of an emergency, Seller may take such action as reasonably necessary to address any immediate threats of property damage, injury to Person, damage to the environment or violations of Legal Requirements and shall notify Buyer of such action promptly thereafter. Any matter approved (or deemed approved) by Buyer pursuant to this Section 5.02 that would otherwise constitute a Breach of one of Seller's representations and warranties in Article 3 shall be deemed to be an exclusion from all representations and warranties for which it is relevant to the extent that such operation (i) is conducted in accordance with the proposal for consent submitted to Buyer pursuant to this Section 5.02 and (ii) is otherwise conducted in accordance with Section 5.02(a).

5.03 **Insurance.** Seller shall maintain in force during the period from the Execution Date until the Closing, all of Seller's insurance policies pertaining to the Assets in the amounts and with the coverages currently maintained by Seller. The daily pro-rated annual premiums for insurance that accrue after the Effective Time and are attributable to the insurance coverage for the period after the Effective Time until the Closing will constitute Property Costs.

5.04 **Consent and Waivers.** Seller shall use commercially reasonable efforts to obtain prior to the Closing written waivers of all Preferential Purchase Rights (and post-Closing with respect to any matters not resolved prior to Closing) and all Consents necessary for the transfer of the Assets to Buyer; *provided* that in the event Seller is unable to obtain all such waivers of Preferential Purchase Rights and Consents after using such commercially reasonable efforts, such failure to satisfy shall not constitute a Breach of this Agreement. Seller shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents. Buyer shall reasonably cooperate with Seller in seeking to obtain such Consents, but Buyer shall not be required to make any payments to, or undertake any obligations for the benefit of, the holders of such rights in order to obtain the Required Consents.

5.05 **Amendment to Schedules.** Until the fifth (5th) Business Day before Closing, Seller shall have the right (but not the obligation) to supplement the Schedules relating to the representations and warranties set forth in Article 3 with respect to any matters occurring subsequent to the Execution Date. Except to the extent such updates are a direct result of actions taken with Buyer's consent pursuant to Section 5.02, prior to Closing, any such supplement shall not be considered for purposes of determining if Buyer's Closing conditions have been met under Section 7.01 or for determining any remedies available under this Agreement.

5.06 **Successor Operator.** While Buyer acknowledges that it desires to succeed Seller (or its Affiliates) as operator of those Assets or portions thereof that Seller (or its Affiliates) may presently operate, Buyer acknowledges and agrees that Seller cannot and does not covenant or warrant that Buyer shall become successor operator of such Assets because the Assets or portions thereof may be subject to operating or other agreements that control the appointment of a successor operator. Seller agrees, however, that as to the Assets any Seller Party or its Affiliate operates, Seller shall use commercially reasonable efforts to support Buyer's efforts to become successor operator of such Assets (to the extent permitted under any applicable operating agreement) effective as of the Closing (at Buyer's sole cost and expense) and to designate or appoint, to the extent legally possible and permitted under any applicable operating agreement, Buyer as successor operator of such Assets effective as of Closing.

ARTICLE 6
OTHER COVENANTS

6.01 **Notification and Cure.** Between the Execution Date and the Closing Date, Buyer shall promptly notify Seller in writing and Seller shall promptly notify Buyer in writing if Seller or Buyer, as applicable, obtain Knowledge of any Breach, in any material respect, of the other Party's representations and warranties or covenants as of the Execution Date, or of an occurrence after the Execution Date that would cause or constitute a Breach, in any material respect, of any such representation and warranty or covenant had such representation and warranty or covenants been made as of the time of occurrence or discovery of such fact or condition; *provided* that failure to provide such notice shall not limit a Party's rights or remedies under this Agreement with respect to such Breach. If any of Buyer's or Seller's representations or warranties are untrue or shall become untrue in any material respect between the Execution Date and the Closing Date, or if any of Buyer's or Seller's covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and if such breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, by the date set forth in Section 9.01(d)), then such Breach shall be considered not to have occurred for all purposes of this Agreement.

6.02 **Satisfaction of Conditions.** Between the Execution Date and the Closing Date (a) Seller shall use commercially reasonable efforts to cause the conditions in Article 7 to be satisfied, and (b) Buyer shall use commercially reasonable efforts to cause the conditions in Article 8 to be satisfied.

6.03 **Replacement of Insurance, Bonds, Letters of Credit, and Guaranties.**

(a) The Parties understand that none of the insurance currently maintained by Seller or Seller's Affiliates covering the Assets, nor any of the bonds, letters of credit, or guaranties, if any, posted by Seller or Seller's Affiliates with Governmental Bodies or co-owners and relating to the Assets will be transferred to Buyer. On or before the Closing Date, Buyer shall use its commercially reasonable efforts to obtain, and deliver to Seller evidence of, all necessary replacement bonds, letters of credit, and guaranties, and evidence of such other authorizations, qualifications, and approvals as may be necessary for Buyer to own and, with respect to Assets currently operated by Seller or its Affiliates, operate the Assets. Promptly following the Closing, Buyer shall obtain or cause to be obtained in the name of Buyer, such insurance covering the Assets as would be obtained by a reasonably prudent operator in a similar situation.

(b) Promptly (but in no event later than thirty (30) days) after Closing, Buyer shall, at its sole cost and expense, make all filings with Governmental Bodies necessary to assign and transfer the Assets and title thereto and to comply with applicable Legal Requirements, and Seller shall reasonably assist Buyer with such filings. Buyer shall indemnify, defend, and hold harmless Seller Group from and against all Damages arising out of Buyer's holding of such title or operatorship of the Assets after the Closing and prior to the securing of any necessary replacement bonds, letters of credit, guaranties, Consents and approvals of the Contemplated Transactions from Governmental Bodies.

6.04 **Governmental Reviews.** Except for the HSR Act, Seller and Buyer shall (and shall cause their respective Affiliates to), in a timely manner, make all other required filings (if any) with, prepare applications to, and conduct negotiations with Governmental Bodies as required to consummate the Contemplated Transactions. Each Party shall, to the extent permitted pursuant to applicable Legal Requirements, cooperate with and use all reasonable efforts to assist the other with respect to such filings, applications and negotiations. Buyer shall bear the cost of all filing or application fees payable to any Governmental Body with respect to the Contemplated Transactions, regardless of whether Buyer, Seller, or any Affiliate of any of them is required to make the payment.

6.05 **Financing Matters**

(a) Assistance with Financing. Prior to the Closing Date, Seller shall provide, and shall use its commercially reasonable efforts to cause its Affiliates and its and its Affiliates' Representatives to provide, Buyer such cooperation as may be reasonably requested by Buyer with respect to the Debt Financing; provided, that such requested cooperation does not materially and adversely interfere with operations of Seller and the Assets and that any information requested by Buyer is reasonably available to Seller or any of its Affiliates or its or their Representatives. Such cooperation shall include using commercially reasonable efforts (i) to assist Buyer in Buyer's preparation of disclosure schedules related to the Assets in connection with the Debt Financing and (ii) to facilitate Buyer's preparation of the documentation necessary to pledge and mortgage the Assets that will be collateral under the Debt Financing; provided that Seller's obligations under the foregoing clauses (i) and (ii) shall be limited to providing information and data in its current format in Seller's records and not require that Seller generate new reports regarding the Assets.

(b) Financial Information.

(i) Seller shall use its commercially reasonable efforts to cooperate with Buyer and its independent auditor ("Buyer's Auditor") in Buyer's preparation, at the sole cost and expense of Buyer, of the Special Financial Statements (as defined below), in such form that such statements and the notes thereto can be audited (in the case of the Annual Financial Statements (as defined below)) or reviewed (in the case of the Interim Financial Statements (as defined below)) by Buyer's

Auditor. The "Special Financial Statements" shall refer to (A) statements of revenues and direct operating expenses attributable to the Assets for the fiscal years ended December 31, 2016 and 2015 (the "Annual Financial Statements") and (B) statements of revenues and direct operating expenses attributable to the Assets for the three months ended March 31, 2017 and 2016, or if the Closing shall occur on or after June 30, 2017, for the six months ended June 30, 2017 and 2016 (the "Interim Financial Statements"). The Special Financial Statements will be prepared in accordance with GAAP and any requirements of the Securities Act of 1933, as amended, and any rules or regulations promulgated thereunder. The Annual Financial Statements shall include the required oil and gas disclosures, including estimates of quantities of proved reserves as of, and a reconciliation of proved oil and gas reserves for, each of the fiscal years ended December 31, 2016 and 2015, and the standardized measure of discounted future net cash flows as of, and a reconciliation of the standardized measure of future discounted cash flows for, each of the fiscal years ended December 31, 2016 and 2015. Seller shall provide Buyer, its Representatives, and Buyer's Auditor with reasonable access to Seller's personnel, auditors and Affiliates, in each case reasonably requested by Buyer for the preparation of the Special Financial Statements. Seller agrees to provide, and will use its commercially reasonable efforts to cause its Affiliates to provide, at Buyer's sole cost and expense, information from, and reasonable access to, its accounting records to the extent required to prepare any pro forma financial statements of Buyer that include pro forma adjustments with respect to Seller, which may be required in any reports, registration statements and other filings to be made by Buyer or any of its Affiliates with the SEC pursuant to the Securities Act and the rules and regulations thereunder or the Exchange Act and the rules and regulations thereunder (the "SEC Filings").

(ii) In the event the SEC requires financial statements in respect of the Assets that vary in form or content from, or in the periods covered by, the Special Financial Statements ("Alternative Financial Statements"), Seller shall, at the sole cost and expense of Buyer, use its commercially reasonable efforts to cooperate with Buyer in the preparation of such financial statements.

(iii) Notwithstanding anything to the contrary, (A) Seller shall in no event be required to create new records relating to the Assets or Special Financial Statements, (B) the access to be provided to Buyer, its Representatives, and Buyer's Auditor shall not interfere with Seller's ability to prepare its own financial statements or its regular conduct of business and shall be made available during Seller's normal business hours and (C) such cooperation shall not include any actions that Seller reasonably believes would result in a violation of any material agreement or any confidentiality arrangement or the loss of any legal or other applicable privilege. All non-public or otherwise confidential information regarding Seller obtained by Buyer, its Representatives, or Buyer's Auditor shall be kept confidential for a period of one year from such disclosure in accordance with the terms of the Confidentiality Agreement as if the Confidentiality Agreement were still in effect.

(c) Costs and Expenses. Buyer shall promptly, upon request by Seller, reimburse Seller for all reasonable and documented out-of-pocket costs and expenses incurred by Seller in connection with its cooperation contemplated by this Section 6.05. Except in the case of actual fraud, (i) all of the information provided by Seller pursuant to this Section 6.05 is given without any representation or warranty, express or implied, and (ii) in no event will Seller or its Affiliates or Representatives have any liability of any kind or nature to Buyer, its Financing Sources or any other Person arising or resulting from the cooperation provided in this Section 6.05 or any use of any information provided by Seller or its Affiliates or Representatives provided pursuant to this Section 6.05. Without affecting Buyer's rights under this Agreement, Buyer shall indemnify and hold harmless the Seller Group from and against any and all Damages suffered or incurred by any of them in connection with the arrangement of the Debt Financing and any information provided by Seller to Buyer pursuant to this Section 6.05; provided, however, that Buyer shall not be required to indemnify and hold harmless the Seller Group to the extent that such Damages arise from or are related to actual fraud by any member of the Seller Group.

6.06 **HSR Act.** If applicable, within ten (10) Business Days following the execution by Buyer and Seller of this Agreement, Buyer and Seller will each prepare and simultaneously file with the DOJ and the FTC the notification and report form required for the transactions contemplated by this Agreement by the HSR Act and request early termination of the waiting period thereunder. Buyer and Seller agree to respond promptly to any inquiries or requests for information or documentary material from the DOJ or the FTC concerning such filings and to comply in all material respects with the filing requirements of the HSR Act. Buyer and Seller shall cooperate with each other and, subject to the terms of the Confidentiality Agreement, shall promptly furnish all information to the other Party that is necessary in connection with Buyer's and Seller's compliance with the HSR Act. Buyer and Seller shall keep each other fully advised with respect to any requests from or communications with the DOJ or FTC concerning such filings and shall consult with each other with respect to all responses thereto. Each of Seller and Buyer shall use its commercially reasonable efforts to take all actions reasonably necessary and appropriate in connection with any HSR Act filing to satisfy the conditions to the Closing and consummate Contemplated Transactions as promptly as practicable and in any event not later than the Outside Date, *provided*, *however*, nothing in this Agreement shall require Buyer or Seller to propose, negotiate, effect or agree to, the sale, divestiture, license or other disposition of any assets or businesses of Buyer or Seller (including the Assets) or otherwise take any action that limits the freedom of action with respect to, or its ability to retain or operate any of the businesses of the Buyer or Seller or the Assets. The filing fees associated with any such HSR Act filing shall be borne by Buyer. Notwithstanding any provision of this Section 6.06, no Party shall be required to provide the other Party with information regarding the value of the transaction or subject to the attorney client privilege, work product doctrine or other similar privilege absent entering into a mutually acceptable joint defense agreement.

6.07 **Override Assignment**. Between the Execution Date and the Closing Date, Seller shall use its commercially reasonable efforts to execute and deliver assignments of overriding royalty interests covering the Wells set forth on Annex I to Schedule 5.02 in a form substantially similar to that set forth on such Annex I but subject to the restrictions of Section 5.02; *provided, however,* that should Seller be unable to execute and deliver such assignments prior to the

Closing Date, Buyer shall be obligated to execute and deliver assignments of overriding royalty interests covering the Wells set forth on Annex I to Schedule 5.02 (limited to the assignment of the percentage overriding royalty interests described on Annex I to Schedule 5.02 and the terms set forth in Paragraph 3 of that certain Tonner Canyon Prospect Agreement) upon such time as Glenn Gregory (d/b/a Gregory Geological Services) waives or settles all of his claims with respect to the proper calculation of overriding royalties for gas and assignment of certain overriding royalties, to the extent the foregoing relates to periods on or after the Effective Time, and otherwise pursuant to the Tonner Canyon Prospect Agreement.

ARTICLE 7
CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE

Buyer's obligation to purchase the Assets and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

7.01 **Accuracy of Representations.** All of Seller's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

7.02 **Seller's Performance.** All of the covenants and obligations that Seller is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

7.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Seller, or against any of Seller's Affiliates, any Proceeding (other than any matter initiated by either Buyer or its Affiliates) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

7.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

7.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

7.06 **HSR Act.** Any waiting period applicable to the consummation of the Contemplated Transactions under the HSR Act shall have expired or been terminated.

7.07 **Closing Deliverables.** Seller shall have delivered (or be ready, willing and able to deliver at the Closing) to Buyer the documents and other items required to be delivered by Seller under Section 2.04(a).

ARTICLE 8
CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE

Seller's obligation to sell the Assets and to take the other actions required to be taken by Seller at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Seller, in whole or in part):

8.01 **Accuracy of Representations.** All of Buyer's representations and warranties in this Agreement must have been true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Execution Date, and must be true and correct in all material respects (or, with respect to representations and warranties qualified by materiality or Material Adverse Effect, true and correct in all respects) as of the Closing Date as if made on the Closing Date, other than any such representation and warranty that refers to a specified date, which need only be true and correct in all material respects (or, if qualified by materiality or Material Adverse Effect, true and correct in all respects) on and as of such specified date.

8.02 **Buyer's Performance.** All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been duly performed and complied with in all material respects.

8.03 **No Proceedings.** Since the Execution Date, there must not have been commenced or Threatened against Buyer or against any of its Affiliates, any Proceeding (other than any matter initiated by Seller or an Affiliate of Seller) seeking to restrain, enjoin, or otherwise prohibit or make illegal, or seeking to recover material damages on account of, any of the Contemplated Transactions.

8.04 **No Orders.** On the Closing Date, there shall be no Order pending or remaining in force of any Governmental Body having appropriate jurisdiction that attempts to restrain, enjoin, or otherwise prohibit the consummation of the Contemplated Transactions, or that grants material damages in connection therewith.

8.05 **Necessary Consents and Approvals.** All Consents from Governmental Bodies and all approvals from Governmental Bodies required for the Contemplated Transactions, except Consents and approvals of assignments by Governmental Bodies that are customarily obtained after closing, shall have been granted, or the necessary waiting period shall have expired, or early termination of the waiting period shall have been granted.

8.06 **HSR Act.** Any waiting period applicable to the consummation of the Contemplated Transactions under the HSR Act shall have expired or been terminated.

8.07 **Closing Deliverables.** Buyer shall have delivered (or be ready, willing and able to deliver at the Closing) to Seller the documents and other items required to be delivered by Buyer under Section 2.04(b).

ARTICLE 9
TERMINATION

9.01 **Termination Events.** This Agreement may, by written notice given prior to or at the Closing, be terminated:

(a) by mutual written consent of Seller and Buyer;

(b) by Buyer, if Seller has committed a material Breach of this Agreement and such Breach causes any of the conditions to Closing set forth in Article 7 not to be satisfied on or before the Outside Date (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, if (i) Seller's conditions to Closing have been satisfied or waived in full on or before the Closing, (ii) Buyer is not in material Breach of the terms of this Agreement and (iii) all of Buyer's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Seller to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(c) by Seller, if Buyer has committed a material Breach of this Agreement and such breach causes any of the conditions to Closing set forth in Article 8 not to be satisfied on or before the Outside Date (or, if prior to Closing, such Breach is of such a magnitude or effect that it will not be possible for such condition to be satisfied); *provided*, *however*, if (i) Buyer's conditions to Closing have been satisfied or waived in full on or before the Closing, (ii) Seller is not in material Breach of the terms of this Agreement and (iii) all of Seller's conditions to Closing have been satisfied or waived, then the refusal or willful or negligent delay by Buyer to timely close the Contemplated Transactions shall constitute a material Breach of this Agreement;

(d) by either Seller or Buyer if the Closing has not occurred on or before July 30, 2017 (the "Outside Date"), or such later date as the Parties may agree upon in writing; *provided* that such failure does not result primarily from the terminating Party's material Breach of this Agreement;

(e) by either Seller or Buyer if (i) any Legal Requirement has made the consummation of the Contemplated Transactions illegal or otherwise prohibited, or (ii) a Governmental Body has issued an Order, or taken any other action permanently restraining, enjoining, or otherwise prohibiting the consummation of the Contemplated Transactions, and such order, decree, ruling, or other action has become final and nonappealable;

(f) by Seller if the sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, *plus* (v) the aggregate Casualty Losses under Section 11.14 exceeds twenty-five percent (25%) of the unadjusted Purchase Price; or

(g) by Buyer if the sum of (i) all Title Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible (*less* the sum of all Title Benefit Values), *plus* (ii) the Aggregate Environmental Defect Values asserted by Buyer in good faith and without taking into account the Aggregate Defect Deductible, *plus* (iii) the aggregate downward Purchase Price adjustments under Section 11.02, *plus* (iv) the aggregate downward Purchase Price adjustments under Section 11.03, *plus* (v) the aggregate Casualty Losses under Section 11.14, exceeds twenty-five percent (25%) of the unadjusted Purchase Price;

(h) by Seller if Buyer fails to deposit the Deposit Amount into the Escrow Account on or before 5:00 p.m. (Central Time) on the first (1st) Business Day after the Execution Date;

provided, that no Party shall have the ability to terminate this Agreement under Section 9.01(b), Section 9.01(c) or Section 9.01(d) if such Party is also in Breach of any material obligations under this Agreement at such time.

9.02 **Effect of Termination; Distribution of the Deposit Amount.**

(a) If this Agreement is terminated pursuant to Section 9.01, all further obligations of the Parties under this Agreement shall terminate; *provided* that (a) such termination shall not impair nor restrict the rights of either Party against the other with respect to the Deposit Amount pursuant to Section 9.02(b), and (b) the following provisions shall survive the termination: Article 1, Sections 9.02, 10.02(c), 10.03(c), 10.06, 10.07, 10.10, 10.11, 10.12, Article 13 (other than Section 13.01) and any such terms as set forth in this Agreement that are necessary to give context to any of the foregoing surviving Sections.

(b) Notwithstanding anything to the contrary in Section 9.02(a):

(i) If Seller has the right to terminate this Agreement (A) pursuant to Section 9.01(c) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(c) (without regard to any cure periods contemplated therein), then, in either case, Seller shall have the right to terminate this Agreement and receive the Deposit Amount as liquidated damages (and not as a penalty). If Seller elects to terminate this Agreement pursuant to this Section 9.02(b)(i) and receive the Deposit Amount as liquidated damages, (x) the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement), within two (2) Business Days of Seller's election, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Seller and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(ii) If Buyer has the right to terminate this Agreement (A) pursuant to Section 9.01(b) or (B) pursuant to Section 9.01(d), if at such time Seller could have terminated this Agreement pursuant to Section 9.01(b) (without regard to any cure periods contemplated therein), then, in either case, Buyer shall have the right, at its sole discretion, to either (1) enforce specific performance by Buyer of this Agreement, without posting any bond or the necessity of proving the inadequacy as a remedy of monetary damages, in which event the Deposit Amount will be applied as called for herein, or (2) if Buyer does not seek and successfully enforce specific performance, terminate this Agreement and (in addition to retention of the Deposit Amount) seek to recover damages from Seller in an amount up to, but not exceeding the Deposit Amount, as liquidated damages (and not as a penalty). If Buyer elects to terminate this Agreement pursuant to this Section 9.02(b)(ii) and seek damages in an amount up to the Deposit Amount as liquidated damages, the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to), within two (2) Business Days of Buyer's election, (x) execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer and (y) Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(iii) If this Agreement is terminated by Seller in accordance with Section 9.01(h), then the Parties shall have no additional remedies against one another as a result of such termination, and Seller shall be free to enjoy immediately all rights of ownership of the Assets and to sell, transfer, encumber, or otherwise dispose of the Assets to any Person without any restriction under this Agreement.

(c) The Parties recognize that the actual damages for a Party's material Breach of this Agreement would be difficult or impossible to ascertain with reasonable certainty and agree that the Deposit Amount would be a reasonable liquidated damages amount for such material Breach. Section 9.02 and Section 9.03 are the Parties' sole and exclusive rights with respect to any termination of this Agreement and, except as set forth therein, no Party shall have any obligations hereunder after any such termination.

(d) If this Agreement is terminated by either Buyer or Seller pursuant to Section 9.01 for any reason other than as described in Section 9.02(b), then, in any such case, the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to), within two (2) Business Days of such termination, execute and deliver to the Escrow Agent a joint instruction letter directing the Escrow Agent to release the Deposit Amount to Buyer.

(e) **THE PARTIES FURTHER AGREE THAT, UNLESS AND UNTIL THE CLOSING OCCURS, THE SOLE AND EXCLUSIVE REMEDY OF SELLER AND ITS AFFILIATES AGAINST BUYER, ITS DEBT OR EQUITY FINANCING SOURCES, AND ANY OF THEIR RESPECTIVE FORMER, CURRENT OR FUTURE GENERAL OR LIMITED PARTNERS, EQUITY HOLDERS, CONTROLLING PERSONS, MANAGEMENT COMPANIES, REPRESENTATIVES, ASSIGNEES OR AFFILIATES AND ANY AND ALL FORMER, CURRENT OR FUTURE HEIRS, EXECUTORS, ADMINISTRATORS, TRUSTEES, SUCCESSORS OR ASSIGNS OF THE FOREGOING (COLLECTIVELY, THE "BUYER RELATED PARTIES")**

ARISING FROM OR RELATING TO THIS AGREEMENT AND THE CONTEMPLATED TRANSACTIONS, INCLUDING FOR ANY FAILURE OF BUYER TO EFFECT THE CLOSING OR OTHERWISE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT (WHETHER WILLFULLY, INTENTIONALLY, UNINTENTIONALLY OR OTHERWISE), WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02. EXCEPT FOR THE RIGHTS AND REMEDIES AGAINST BUYER DESCRIBED IN THIS SECTION 9.02, IN FURTHERANCE OF THE FOREGOING, (A) SELLER RELEASES THE BUYER RELATED PARTIES, WAIVES ANY RIGHT OF RECOVERY FOR AND AGREES NOT TO SEEK ANY RECOVERY FOR ANY LOSS SUFFERED AS A RESULT OF ANY BREACH OF ANY COVENANT, OBLIGATION, REPRESENTATION OR WARRANTY IN THIS AGREEMENT OR THE FAILURE OF THE TRANSACTION TO BE CONSUMMATED, OR IN RESPECT OF ANY ORAL REPRESENTATION MADE OR ALLEGED TO HAVE BEEN MADE IN CONNECTION HEREWITH AND (B) THE MAXIMUM AGGREGATE MONETARY LIABILITY THAT THE BUYER RELATED PARTIES SHALL HAVE IN CONNECTION WITH SUCH LOSS SHALL BE THE FORFEITURE OF THE DEPOSIT AMOUNT IN ACCORDANCE WITH THIS SECTION 9.02.

9.03 **Return of Records Upon Termination.** Upon termination of this Agreement, (a) Buyer shall promptly return to Seller or destroy (at Seller's option) all title, engineering, geological and geophysical data, environmental assessments and reports, maps, documents and other information furnished by Seller to Buyer in connection with its due diligence investigation of the Assets other than customary electronic backup data and (b) an officer of Buyer shall certify Buyer's compliance with the preceding clause (a) to Seller in writing.

ARTICLE 10
INDEMNIFICATION; REMEDIES

10.01 **Survival.** The survival periods for the various representations, warranties, covenants and agreements contained herein shall be as follows: (a) Fundamental Representations shall survive for thirty-six (36) months after Closing, (b) the representations and warranties in Section 3.04 shall survive for the applicable statute of limitations plus sixty (60) days, (c) the special warranty of Defensible Title set forth in the Instruments of Conveyance shall survive indefinitely, (d) all other representations, warranties, pre-Closing covenants and agreements of Seller shall survive for twelve (12) months after Closing, and (e) all other representations, warranties, covenants and agreements of Buyer and post-Closing covenants of Seller shall survive indefinitely. Representations, warranties, covenants and agreements shall be of no further force and effect after the date of their expiration; *provided* that there shall be no termination of any bona fide claim asserted pursuant to this Agreement with respect to such a representation, warranty, covenant or agreement prior to its expiration date. The indemnities in Sections 10.02(a), 10.02(b), 10.03(a) and 10.03(b) shall terminate as of the termination date of each respective representation, warranty, covenant or agreement that is subject to indemnification thereunder, except in each case as to matters for which a specific written claim for indemnity has been delivered to the indemnifying person on or before such termination date.

The indemnities in Section 10.02(c) (with respect only to clauses (a), (b) and (c) in the definition of Retained Liabilities) shall terminate twenty-four (24) months following the Closing Date. The indemnities in Section 10.02(c) (with respect only to clause (i) in the definition of Retained Liabilities) shall survive for the applicable statute of limitations plus sixty (60) days. The indemnities in Section 10.02(c) (with respect to Retained Liabilities other than those described in clauses (a), (b), (c) and (i) in the definition of Retained Liabilities) shall continue indefinitely. All other indemnities, and all other provisions of this Agreement, shall survive the Closing without time limit except as may otherwise be expressly provided herein.

10.02 **Indemnification and Payment of Damages by Seller.** Except as otherwise limited in this Article 10, from and after the Closing, Seller shall defend, release, indemnify, and hold harmless Buyer Group from and against, and shall pay to the Buyer Group the amount of, any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Seller in this Agreement, or in any certificate delivered by Seller pursuant to this Agreement;

(b) any Breach by Seller of any covenant, obligation, or agreement of Seller in this Agreement;

(c) the Retained Liabilities;

(d) the use, ownership or operation of the Excluded Assets; and

(e) the use, ownership or operation of the Retained Assets.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, are Buyer Group's exclusive legal remedies against Seller with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Seller at Closing pursuant to Section 2.04, and except for the remedies provided in Article 10 and Article 11, along with the special warranty of Defensible Title set forth in the Instruments of Conveyance, **BUYER RELEASES SELLER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF BUYER GROUP, KNOWN OR UNKNOWN, WHICH BUYER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS PRIOR TO THE CLOSING, OR THE CONDITION, QUALITY, STATUS, OR NATURE OF THE ASSETS PRIOR TO THE CLOSING, INCLUDING ANY AND ALL CLAIMS RELATED TO ENVIRONMENTAL MATTERS OR LIABILITY OR VIOLATIONS OF ENVIRONMENTAL LAWS AND INCLUDING RIGHTS TO CONTRIBUTION UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980, AS AMENDED, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT**

ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY SELLER OR ANY OF SELLER'S AFFILIATES. Nothing in this Agreement or otherwise shall release or relieve Seller for actual fraud.

10.03 **Indemnification and Payment of Damages by Buyer.** Except as otherwise limited in this Article 10 (including Seller's indemnification obligations in Section 10.02) and Article 11, from and after the Closing, Buyer shall assume, be responsible for, pay on a current basis, and shall defend, release, indemnify, and hold harmless Seller Group from and against, and shall pay to Seller Group the amount of any and all Damages, whether or not involving a Third Party claim or incurred in the investigation or defense of any of the same or in asserting, preserving, or enforcing any of their respective rights under this Agreement arising from, based upon, related to, or associated with:

(a) any Breach of any representation or warranty made by Buyer in this Agreement or in any certificate delivered by Buyer pursuant to this Agreement;

(b) any Breach by Buyer of any covenant, obligation, or agreement of Buyer in this Agreement;

(c) any Damages arising out of or relating to access to the Assets and contracts, books and records and other documents and data relating thereto prior to the Closing, including Buyer's title and environmental inspections pursuant to Sections 11.01 and 11.10, including Damages attributable to personal injury, illness or death, or property damage; and

(d) the Assumed Liabilities.

Notwithstanding anything to the contrary contained in this Agreement, after the Closing, the remedies provided in this Article 10 and Article 11 are Seller Group's exclusive legal remedies against Buyer with respect to this Agreement and the Contemplated Transactions, including breaches of the representations, warranties, covenants, obligations, and agreements of the Parties contained in this Agreement or the affirmations of such representations, warranties, covenants, obligations, and agreements contained in the certificate delivered by Buyer at Closing pursuant to Section 2.04, and except for the remedies provided in Article 10 and Article 11, **SELLER RELEASES BUYER GROUP FROM ANY AND ALL CLAIMS, CAUSES OF ACTION, PROCEEDINGS, OR OTHER LEGAL RIGHTS AND REMEDIES OF SELLER GROUP, KNOWN OR UNKNOWN, WHICH SELLER MIGHT NOW OR SUBSEQUENTLY HAVE, BASED ON, RELATING TO OR IN ANY WAY ARISING OUT OF THIS AGREEMENT, THE CONTEMPLATED TRANSACTIONS, THE OWNERSHIP, USE OR OPERATION OF THE ASSETS AFTER THE CLOSING, BREACHES OF STATUTORY OR IMPLIED WARRANTIES, NUISANCE, OR OTHER TORT ACTIONS, RIGHTS TO PUNITIVE DAMAGES, COMMON LAW RIGHTS OF CONTRIBUTION, AND RIGHTS UNDER INSURANCE MAINTAINED BY BUYER OR ANY OF BUYER'S AFFILIATES**. Nothing in this Agreement or otherwise shall release or relieve Buyer for actual fraud.

10.04 **Indemnity Net of Insurance.** The amount of any Damages for which an indemnified Party is entitled to indemnity under this Article 10 shall be reduced by the amount of insurance or indemnification proceeds realized by the indemnified Party or its Affiliates with respect to such Damages (net of any collection costs, and excluding the proceeds of any insurance policy issued or underwritten, or indemnity granted, by the indemnified Party or its Affiliates).

10.05 **Limitations on Liability.**

(a) Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, if the Closing occurs, Seller shall not have any liability for any indemnification under Section 10.02(a): (a) for any Damages with respect to any occurrence, claim, award or judgment with respect to that do not individually exceed Seventy Five Thousand Dollars ($75,000) net to Seller's interest (the "Individual Claim Threshold"); or (b) unless and until the aggregate Damages for which claim notices for claims meeting the Individual Claim Threshold are delivered by Buyer exceed two percent (2%) of the unadjusted Purchase Price, and then only to the extent such Damages exceed two percent (2%) of the unadjusted Purchase Price. Except with respect to the Fundamental Representations and the representations and warranties included in Section 3.04, in no event will Seller be liable for Damages indemnified under Section 10.02(a) to the extent such damages, exceed twenty percent (20%) of the unadjusted Purchase Price. Notwithstanding anything herein to the contrary, in no event will Seller's aggregate liability under this Agreement exceed one hundred percent (100%) of the unadjusted Purchase Price.

(b) Notwithstanding anything herein to the contrary, the obligations and rights of the Parties hereunder, and the Damages for which any Party is obligated to indemnify or entitled to indemnity under Section 11.02 or Section 11.03 shall be determined and calculated by excluding and without giving effect to any qualifiers as to "Material Adverse Effect", materiality or other similar qualifiers set forth in any representation or warranty (including any bringdown of such representation or warranty in any certificate delivered pursuant to this Agreement).

10.06 **Procedure for Indemnification--Third Party Claims.**

(a) Promptly after receipt by an indemnified party under Section 10.02 or 10.03 of a Third Party claim for Damages or notice of the commencement of any Proceeding against it, such indemnified party shall, if a claim is to be made against an indemnifying Party under such Section, give notice to the indemnifying Party of the commencement of such claim or Proceeding, together with a claim for indemnification pursuant to this Article 10. The failure of any indemnified party to give notice of a Third Party claim or Proceeding as provided in this Section 10.06 shall not relieve the indemnifying Party of its obligations under this Article 10 except to the extent and then only to the extent such failure results in insufficient time being available to permit the indemnifying Party to effectively defend against the Third Party claim or participate in the Proceeding or otherwise prejudices the indemnifying Party's ability to defend against the Third Party claim or participate in the Proceeding.

(b) If any Proceeding referred to in Section 10.06(a) is brought against an indemnified party and the indemnified party gives notice to the indemnifying Party of the commencement of such Proceeding, the indemnifying Party shall be entitled to participate in such Proceeding and, to the extent that it wishes (unless (i) the indemnifying Party is also a party to such Proceeding and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying Party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the indemnified party, and, after notice from the indemnifying Party to the indemnified party of the indemnifying Party's election to assume the defense of such Proceeding, the indemnifying Party shall not, as long as it diligently conducts such defense, be liable to the indemnified party under this Article 10 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the indemnified party in connection with the defense of such Proceeding. Notwithstanding anything to the contrary in this Agreement, the indemnifying Party shall not be entitled to assume or continue control of the defense of any such Proceeding if (A) such Proceeding relates to or arises in connection with any criminal proceeding, (B) such Proceeding seeks an injunction or equitable relief against any indemnified Party, (C) such Proceeding has or would reasonably be expected to result in Damages in excess of the amount set forth in Section 10.05 (i.e., twenty percent (20%) of the unadjusted Purchase Price), or (D) the indemnifying Party has failed or is failing to defend in good faith such Proceeding. If the indemnifying Party assumes the defense of a Proceeding, no compromise or settlement of such Third Party claims or Proceedings may be effected by the indemnifying Party without the indemnified party's prior written consent unless (A) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Third Party claims that may be made against the indemnified party, and (B) the sole relief provided is monetary damages that are paid in full by the indemnifying Party, and (C) the indemnified party shall have no liability with respect to any compromise or settlement of such Third Party claims or Proceedings effected without its consent.

10.07 **Procedure for Indemnification – Other Claims.** A claim for indemnification for any matter not involving a Third Party claim may be asserted by notice to the Party from whom indemnification is sought.

10.08 **Indemnification of Group Members.** The indemnities in favor of Buyer and Seller provided in Section 10.08 and Section 10.03, respectively, shall be for the benefit of and extend to such Party's present and former Group members. Any claim for indemnity under this Article 10 by any Group member other than Buyer or Seller must be brought and administered by the relevant Party to this Agreement. No indemnified party other than Buyer and Seller shall have any rights against either Seller or Buyer under the terms of this Article 10 except as may be exercised on its behalf by Buyer or Seller, as applicable, pursuant to this Section 10.08. Each of Seller and Buyer may elect to exercise or not exercise indemnification rights under this Section on behalf of the other indemnified party affiliated with it in its sole discretion and shall have no liability to any such other indemnified party for any action or inaction under this Section.

10.09 **Extent of Representations and Warranties.**

(a) **NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO BUYER (INCLUDING ANY OPINION, INFORMATION, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO BUYER OR ITS AFFILIATES OR REPRESENTATIVES BY ANY AFFILIATES OR REPRESENTATIVES OF SELLER OR BY ANY INVESTMENT BANK OR INVESTMENT BANKING FIRM, ANY PETROLEUM ENGINEER OR ENGINEERING FIRM, SELLER'S COUNSEL, OR ANY OTHER AGENT, CONSULTANT, OR REPRESENTATIVE OF SELLER). WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN THE INSTRUMENTS OF CONVEYANCE, SELLER EXPRESSLY DISCLAIMS AND NEGATES ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED, AT COMMON LAW, BY STATUTE, OR OTHERWISE, RELATING TO (A) THE TITLE TO ANY OF THE ASSETS, (B) THE CONDITION OF THE ASSETS (INCLUDING ANY IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS), IT BEING DISTINCTLY UNDERSTOOD THAT THE ASSETS ARE BEING SOLD "AS IS," "WHERE IS," AND "WITH ALL FAULTS AS TO ALL MATTERS," (C) ANY INFRINGEMENT BY SELLER OF ANY PATENT OR PROPRIETARY RIGHT OF ANY THIRD PARTY, (D) ANY INFORMATION, DATA, OR OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED TO BUYER BY OR ON BEHALF OF SELLER (INCLUDING THE EXISTENCE OR EXTENT OF HYDROCARBONS OR THE MINERAL RESERVES, THE RECOVERABILITY OF SUCH RESERVES, ANY PRODUCT PRICING ASSUMPTIONS, AND THE ABILITY TO SELL HYDROCARBON PRODUCTION AFTER THE CLOSING), AND (E) THE ENVIRONMENTAL CONDITION AND OTHER CONDITION OF THE ASSETS AND ANY POTENTIAL LIABILITY ARISING FROM OR RELATED TO THE ASSETS.**

(b) Buyer acknowledges and affirms that it has made its own independent investigation, analysis, and evaluation of the Contemplated Transactions and the Assets (including Buyer's own estimate and appraisal of the extent and value of Seller's Hydrocarbon reserves attributable to the Assets and an independent assessment and appraisal of the environmental risks associated with the acquisition of the Assets). Buyer acknowledges that in entering into this Agreement, it has relied on the aforementioned investigation and the express representations and warranties of Seller contained in this Agreement and the Seller Closing Documents. Buyer hereby irrevocably covenants to refrain from, directly or indirectly, asserting any claim, or commencing, instituting, or causing to be commenced, any Proceeding of any kind against Seller or its Affiliates, alleging facts contrary to the foregoing acknowledgment and affirmation.

10.10 **Compliance With Express Negligence Test. THE PARTIES AGREE THAT ANY INDEMNITY, DEFENSE, AND/OR RELEASE OBLIGATION ARISING UNDER THIS AGREEMENT SHALL APPLY WITHOUT REGARD TO THE NEGLIGENCE, STRICT LIABILITY, OR OTHER FAULT OF THE INDEMNIFIED PARTY,** WHETHER **ACTIVE, PASSIVE, JOINT, CONCURRENT, COMPARATIVE, CONTRIBUTORY OR SOLE, OR ANY PRE-EXISTING CONDITION, ANY BREACH OF CONTRACT OR BREACH OF WARRANTY, OR VIOLATION OF ANY LEGAL REQUIREMENT EXCEPT TO THE EXTENT SUCH DAMAGES WERE OCCASIONED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF**

THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF, IT BEING THE PARTIES' INTENTION THAT DAMAGES TO THE EXTENT ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY GROUP MEMBER THEREOF NOT BE COVERED BY THE RELEASE, DEFENSE, OR INDEMNITY OBLIGATIONS IN THIS AGREEMENT. The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

10.11 **Limitations of Liability.** Notwithstanding anything to the contrary contained in this Agreement, **IN NO EVENT SHALL SELLER OR BUYER EVER BE LIABLE FOR, AND EACH PARTY RELEASES THE OTHER FROM, ANY CONSEQUENTIAL, SPECIAL, INDIRECT, EXEMPLARY, OR PUNITIVE DAMAGES OR CLAIMS RELATING TO OR ARISING OUT OF THE CONTEMPLATED TRANSACTIONS OR THIS AGREEMENT**; *provided*, *however*, that any consequential, special, indirect, exemplary, or punitive damages recovered by a Third Party (including a Governmental Body, but excluding any Affiliate of any Group member) against a Person entitled to indemnity pursuant to this Article 10 shall be included in the Damages recoverable under such indemnity. Notwithstanding the foregoing, lost profits shall not be excluded by this provision as to recovery hereunder to the extent constituting direct Damages.

10.12 **No Duplication.** Any liability for indemnification hereunder shall be determined without duplication of recovery by reason of the state of facts giving rise to such liability constituting a Breach of more than one representation, warranty, covenant, obligation, or agreement herein. Neither Buyer nor Seller shall be liable for indemnification with respect to any Damages based on any sets of facts to the extent the Purchase Price is being or has been adjusted pursuant to Section 2.05 by reason of the same set of facts.

10.13 **Disclaimer of Application of Anti-Indemnity Statutes.** Seller and Buyer acknowledge and agree that the provisions of any anti-indemnity statute relating to oilfield services and associated activities shall not be applicable to this Agreement and/or the Contemplated Transactions.

10.14 **Waiver of Right to Rescission.** Seller and Buyer acknowledge that, following the Closing, the payment of money, as limited by the terms of this Agreement, shall be adequate compensation for Breach of any representation, warranty, covenant or agreement contained herein or for any other claim arising in connection with or with respect to the Contemplated Transactions. As the payment of money shall be adequate compensation, following Closing, Seller and Buyer waive any right to rescind this Agreement or any of the transactions contemplated hereby.

10.15 **Joint and Several.** Each Seller shall be jointly and severally liable for each representation, warranty, covenant, agreement, indemnification obligation and Breach of this Agreement and the Seller Closing Documents by each other Seller.

ARTICLE 11
TITLE MATTERS AND ENVIRONMENTAL MATTERS; PREFERENTIAL PURCHASE RIGHTS; CONSENTS

11.01 **Title Examination and Access.** Buyer may make or cause to be made at its expense such examination as it may desire of Seller's title to the Assets. For such purposes, until the Closing, Seller shall give to Buyer and its Representatives access during Seller's regular hours of business to originals or, in Seller's sole discretion, copies (which copies may, at Seller's sole discretion, be in electronic format), of all of the files, records, contracts, correspondence, maps, data, reports, plats, abstracts of title, lease files, well files, unit files, division order files, production marketing files, title opinions, title files, title records, ownership maps, surveys, and any other information, data, records, and files that Seller or its Affiliates relating in any way to the title to the Assets, the past or present operation thereof, and the marketing of production therefrom, in accordance with, and subject to the limitations in, Section 5.01.

11.02 **Preferential Purchase Rights.** Seller shall, promptly after the Execution Date, provide all notices necessary to comply with or obtain the waiver of all Preferential Purchase Rights which are applicable to the Contemplated Transactions prior to the Closing Date and in accordance with Section 5.04 and the provisions of the underlying Lease, Fee Mineral or Contract giving rise to such Preferential Purchase Right. (i) To the extent any such Preferential Purchase Rights are exercised by any holders thereof, or (ii) if the time period for exercising any Preferential Purchase Right has not expired, but no notice of waiver (nor of the exercise of such Preferential Purchase Right) has been received from the holder thereof, then, in each case, the Asset(s) subject to such Preferential Purchase Rights shall not be sold to Buyer and shall be excluded from the Assets and sale under this Agreement and shall be considered Retained Assets and the Purchase Price shall be reduced by the Allocated Value thereof. The Purchase Price shall be adjusted downward by the Allocated Value of the Asset(s) so retained. If any holder of a Preferential Purchase Right initially elects to exercise that Preferential Purchase Right, but after the Closing Date, refuses to consummate the purchase of the affected Asset(s) or the right to so exercise expires, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase such Asset(s) for the Allocated Value thereof (subject to the adjustments pursuant to Section 2.05), and the closing of such transaction shall take place on a date designated by Seller not more than one hundred eighty (180) days after the Closing Date. If such holder's refusal to consummate the purchase of the affected Asset(s) occurs prior to the Closing Date, then, subject to the Parties' respective rights and remedies as to the obligation to consummate the Contemplated Transactions, Buyer shall purchase the affected Asset(s) at the Closing in accordance with the terms of this Agreement.

11.03 **Consents.** Seller shall initiate all procedures required to comply with or obtain all Consents required for the transfer of the Assets in accordance with Section 5.04 and the provisions of the underlying Lease, Fee Mineral or Contract giving rise to such Consent.

(a) If Seller fails to obtain any Consent necessary for the transfer of any Asset to Buyer, Seller's failure shall be handled as follows:

(i) If the Consent is a not a Required Consent, then the affected Assets shall nevertheless be conveyed at the Closing as part of the Assets. Any Damages that arise due to the failure to obtain such Consent shall be treated as Assumed Liabilities.

(ii) Except as set forth in Section 11.03(a)(ii) below, if the Consent is a Required Consent, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases, Fee Minerals and Wells affected by the Applicable Contract, Fee Mineral or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets and the Purchase Price shall be reduced by the Allocated Value thereof.

(iii) If the Consent is pursuant to that certain License Agreement, dated September 9, 2003, by and between Aera Energy, LLC and BlackSand Partners, L.P., then the such Contract shall be treated as a Retained Asset (but no other Assets shall be excluded from Closing due to the failure to obtain such Consent, and the Purchase Price shall not be reduced due to the failure to obtain such Consent), Seller shall hold such Contract for the benefit of Buyer after Closing and provide Buyer with all rights and benefits of ownership thereof, including control thereof and the economic benefits, until such Consent is received, and Buyer shall be responsible for (and shall indemnify Seller Group for) all Assumed Liabilities arising from the ownership and operation thereof, as if such Contract had been assigned to Buyer at Closing (which Assumed Liabilities do not include any Damages associated with the failure to obtain such Consent).

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Required Consent described in Section 11.03(a)(ii) or Section 11.03(a)(iii) within one hundred eighty (180) days after the Closing, then Seller shall promptly deliver conveyances of the affected Asset(s) to Buyer and, with respect to Required Consents described in Section 11.03(a)(ii) only, Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05).

11.04 **Title Defects.** Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on July 11, 2017 (the "Defect Notice Date"). To be effective, each Title Defect Notice shall be in writing and include (a) a description of the alleged Title Defect and the Well or portion thereof (including by the currently producing formation) affected by such alleged Title Defect (each, a "Title Defect Property"), (b) the Allocated Value of each Title Defect Property (including any Secondary Allocated Value, if applicable), (c) supporting documents reasonably necessary for Seller to verify the existence of the alleged Title Defect, (d) Buyer's preferred manner of curing such Title Defect, and (e) the amount by which Buyer reasonably believes the Allocated Value (including any Secondary Allocated Value, if applicable) of each Title Defect Property is reduced by such alleged Title Defect and the computations upon which Buyer's belief is based (the "Title Defect Value"). To give Seller an opportunity to commence reviewing and curing Title Defects, Buyer agrees to use reasonable efforts to give Seller, on a weekly basis prior to the Defect Notice Date, written notice of all alleged Title Defects (as well as any claims that would be claims under the special warranty of Defensible Title set forth in the Instruments of Conveyance) discovered by Buyer during the preceding week. Notwithstanding anything herein to the contrary including Buyer's rights under Section 10.02, and subject to Buyer's rights under the Instruments of Conveyance, Buyer forever waives, and Seller shall have no liability for, Title Defects not asserted by 5:00 p.m. Central Time on the Defect Notice Date.

11.05 **Title Defect Value.** The Title Defect Value shall be determined pursuant to the following guidelines, where applicable:

(a) if the Parties agree on the Title Defect Value, then that amount shall be the Title Defect Value;

(b) if the Title Defect is an Encumbrance that is undisputed and liquidated in amount, then the Title Defect Value shall be the amount necessary to be paid to remove the Title Defect from the Title Defect Property;

(c) if the Title Defect represents a discrepancy between (i) Seller's Net Revenue Interest for the Title Defect Property and (ii) the Net Revenue Interest set forth for such Title Defect Property in Exhibit B, and there is a proportional decrease in Seller's Working Interest set forth for such Title Defect Property in Exhibit B, then the Title Defect Value shall be the product of the Allocated Value of such Title Defect Property, *multiplied* by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is the Net Revenue Interest set forth for such Title Defect Property in Exhibit B;

(d) if the Title Defect represents an increase of (i) Seller's Working Interest for any Title Defect Property over (ii) the Working Interest set forth for such Title Defect Property in Exhibit B (in each case, except (A) increases resulting from contribution requirements with respect to defaulting co-owners under applicable operating agreements, or (B) increases to the extent that such increases are accompanied by a proportionate increase in Seller's Net Revenue Interest), then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation; and

(e) if the Title Defect represents an obligation or Encumbrance upon or other defect in title to the Title Defect Property of a type not described above, then the Title Defect Value shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation.

In no event, however, shall the total of the Title Defect Values related to a particular Asset exceed the Allocated Value of such Asset. The Title Defect Value with respect to a Title Defect shall be determined without any duplication of any costs or losses included in any other Title Defect Value hereunder, or for which Buyer otherwise receives credit in the calculation of the Purchase Price.

The amount by which the Secondary Allocated Value of each applicable Title Defect Property is reduced by such alleged Title Defect shall be referred to herein as the "Secondary Title Defect Value." The Secondary Title Defect Value shall be calculated pursuant to the guidelines set forth above in this Section 11.05, except that all references to Allocated Value shall be replaced with references to the Secondary Allocated Value, and all other provisions of Section 11.06, 11.07, 11.08 and 11.15 shall apply with respect to the Secondary Title Defect Values, *mutatis mutandis*. Subject to Seller's right to cure or contest a Title Defect pursuant to Section 11.06, the Contingent Purchase Price provided for in Section 2.02(b) will be reduced by the amount of any Secondary Title Defect Value.

11.06 **Seller's Cure or Contest of Title Defects.**

Seller may contest any asserted Title Defect or Buyer's good faith estimate of the Title Defect Value as described in Section 11.06(b) and may seek to cure any asserted Title Defect as described in Section 11.06(a).

(a) Seller shall have the right to cure any Title Defect on or before sixty (60) days after the Defect Notice Date or, if later, after the date of resolution of such Title Defect or the Title Defect Value by an Expert pursuant to Section 11.15 (the "Title Defect Cure Period") by giving written notice to Buyer of its election to cure prior to the Closing Date or, if later, after the applicable Expert Decision date. If Seller elects:

(i) to cure and actually cures the Title Defect ("Cure"), prior to the Closing, then the Asset affected by such Title Defect shall be conveyed to Buyer at the Closing, and no Purchase Price adjustment will be made for such Title Defect;

(ii) to cure and does not cure the Title Defect prior to the Closing, then:

(A) at Closing (x) Seller shall convey the affected Title Defect Property to Buyer and (y) the Purchase Price shall be reduced by the applicable Title Defect Value and Buyer or an Affiliate shall by wire transfer in same day funds (1) deposit the Title Defect Value attributable to the affected Asset into the Escrow Account and (2) pay the remaining Allocated Value of the affected Title Defect Property to Seller in accordance with Section 2.04(b); or

(B) if Seller is unable to Cure the Title Defect by the end of the Title Defect Cure Period, then Seller shall include a downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to) within five (5) Business Days issue joint written instructions to the Escrow Agent to release such Title Defect Value to Buyer; or

(C) if Seller is able to Cure the Title Defect by the end of the Title Defect Cure Period, then Seller shall remove the downward adjustment in the Final Settlement Statement equal to the Title Defect Value for such Asset and then the Parties shall within five (5) Business Days issue joint written instructions to the Escrow Agent to release such Title Defect Value to Seller.

(iii) not to cure the Title Defect, if and only if Buyer agrees to this remedy in its sole discretion, Seller shall indemnify Buyer against all Damages (up to the Allocated Value of the applicable Title Defect Property) resulting from such Title Defect with respect to such Title Defect Property pursuant to an indemnity agreement prepared by Seller in a form and substance reasonably acceptable to Buyer.

(iv) not to cure the Title Defect, subject to Seller's continuing right to dispute the Title Defect, Seller shall convey the affected Asset(s) to Buyer at the Closing and the Purchase Price shall be reduced by the applicable Title Defect Value in accordance with the terms of this Agreement.

(b) Seller and Buyer shall attempt to agree on the existence, curative efforts and Title Defect Value for all Title Defects. Representatives of the Parties, knowledgeable in title matters, shall meet during the Title Defect Cure Period for this purpose. However, either Party may at any time prior to the final resolution of the applicable Title Defect hereunder submit any disputed Title Defect or the Title Defect Value to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Title Defect cannot be resolved prior to Closing, except as otherwise provided herein, the Asset affected by such Title Defect shall nevertheless be conveyed to Buyer at the Closing, and the Purchase Price will be adjusted downward in an amount equal to the Title Defect Value for such Asset; *provided, however*, that if the Title Defect Value as finally decided between the Parties or by the Expert, as applicable, is less than the Title Defect Value used for the Purchase Price adjustment, then Seller shall include an upward adjustment in the Final Settlement Statement equal to the amount that the Title Defect Value (as of Closing) exceeds the Title Defect Value as finally determined.

11.07 **Limitations on Adjustments for Title Defects.** Notwithstanding the provisions of Sections 11.04, 11.05 and 11.06, Seller shall be obligated to adjust the Purchase Price to account for uncured Title Defects only to the extent that the sum of (x) the aggregate Title Defect Values of all uncured Title Defects (the "Aggregate Title Defect Value") (after taking into account any offsetting Title Benefit Values) *plus* (y) the Aggregate Environmental Defect Value exceeds the Aggregate Defect Deductible. In addition, if the Title Defect Value for any single Well is less than the De Minimis Title Defect Cost, such value shall not be considered in calculating the Aggregate Title Defect Value. The limitations in this Section 11.07 shall not apply to the special warranty of Defensible Title in the Instruments of Conveyance.

11.08 **Title Benefits.** If Seller discovers any right, circumstance or condition that operates to (a) increase the Net Revenue Interest above that shown in Exhibit B, to the extent the same does not cause a greater than proportionate increase in Seller's Working Interest therein above that shown in Exhibit B, or (b) to decrease the Working Interest of Seller in any Well below that shown in Exhibit B, to the extent the same causes a decrease in Seller's Working Interest that is proportionately greater than the decrease in Seller's Net Revenue Interest therein below that shown in Exhibit B (each, a "Title Benefit"), then Seller shall, from time to time and without limitation, have the right, but not the obligation, to give Buyer written notice of any such

Title Benefits (a "Title Benefit Notice"), as soon as practicable but not later than 5:00 p.m. Central Time on the Defect Notice Date, stating with reasonable specificity the Assets affected, the particular Title Benefit claimed, and Seller's good faith estimate of the amount the additional interest increases the value of the affected Assets over and above that Asset's Allocated Value (the "Title Benefit Value"). Buyer shall also promptly furnish Seller with written notice of any Title Benefit (including a description of such Title Benefit and the Assets affected thereby with reasonable specificity (the "Title Benefit Properties")) which is discovered by any of Buyer's or any of its Affiliates' Representatives, employees, title attorneys, landmen, or other title examiners. The Title Benefit Value of any Title Benefit shall be determined by the following methodology, terms and conditions (without duplication): (i) if the Parties agree on the Title Benefit Value, then that amount shall be the Title Benefit Value; (ii) if the Title Benefit represents a discrepancy between (A) Seller's Net Revenue Interest for any Title Benefit Property and (B) the Net Revenue Interest set forth for such Title Benefit Property in Exhibit B then the Title Benefit Value shall be the product of the Allocated Value of such Title Benefit Property *multiplied* by a fraction, the numerator of which is the Net Revenue Interest increase and the denominator of which is the Net Revenue Interest set forth for such Title Benefit Property in Exhibit B; (iii) if the Title Benefit represents a decrease of (A) Seller's Working Interest for any Title Benefit Property below (B) the Working Interest set forth for such Title Benefit Property in Exhibit B, then the Title Benefit Value shall be determined by calculating the Net Revenue Interest that results from such reduced Working Interest, determining what the Net Revenue Interest would be using such calculated Net Revenue Interest and the Working Interest set forth in Exhibit B, and then calculating the adjustment in the manner set forth in clause (ii) above; and (iv) if the Title Benefit is of a type not described above, then the Title Benefit Value shall be determined by taking into account the Allocated Value of the Title Benefit Property, the portion of such Title Benefit Property affected by such Title Benefit, the legal effect of the Title Benefit, the potential economic effect of the Title Benefit over the life of such Title Benefit Property, the values placed upon the Title Benefit by Buyer and Seller and such other reasonable factors as are necessary to make a proper evaluation. Seller and Buyer shall attempt to agree on the existence and Title Benefit Value for all Title Benefits on before the end of the Title Defect Cure Period. If Buyer agrees with the existence of the Title Benefit and Seller's good faith estimate of the Title Benefit Value, then the Aggregate Title Defect Value shall be offset by the amount of the Title Benefit Value. If the Parties cannot reach agreement by the end of the Title Defect Cure Period, the Title Benefit or the Title Benefit Value in dispute shall be submitted to arbitration in accordance with the procedures set forth in Section 11.15. Notwithstanding the foregoing, the Parties agree and acknowledge that there shall be no upward adjustment to the Purchase Price for any Title Benefit. If a contested Title Benefit cannot be resolved prior to the Closing, Seller shall convey the affected Asset to Buyer and Buyer shall pay for the Asset at the Closing in accordance with this Agreement as though there were no Title Benefits; *provided*, *however*, if the Title Benefit contest results in a determination that a Title Benefit exists, then the Aggregate Title Defect Value shall be adjusted downward by the Title Benefit Value as determined in such contest (which adjustment shall be made on the Final Settlement Statement).

11.09 **Buyer's Environmental Assessment.** Beginning on the Execution Date and ending at 5:00 p.m. Central Time on the Defect Notice Date, Buyer shall have the right, at its sole cost, risk, liability, and expense, to conduct a Phase I Environmental Site Assessment of the

Assets. During Seller's regular hours of business and after providing Seller with written notice of any such activities no less than two (2) Business Days in advance (which written notice shall include the written permission of the operator (if other than Seller) and any applicable Third Party operator or other Third Party whose permission is legally required, which Seller shall reasonably cooperate with Buyer in securing), Buyer and its representatives shall be permitted to enter upon the Assets, inspect the same, review all of Seller's files and records relating to the Assets, and generally conduct visual, non-invasive tests, examinations, and investigations. No sampling or other invasive inspections of the Assets may be conducted prior to Closing without Seller's prior written consent. Buyer's access shall be in accordance with, and subject to the limitations in, Section 5.01.

11.10 **Environmental Defect Notice.** Buyer shall notify Seller in writing of any Environmental Defect (an "Environmental Defect Notice") promptly after the discovery thereof, but in no evet later than 5:00 p.m. Central Time on the Defect Notice Date. To be effective, an Environmental Defect Notice shall include: (i) the Asset(s) affected; (ii) a detailed description of the alleged Environmental Defect and the basis for such assertion under the terms of this Agreement; (iii) Buyer's good faith estimate of the Environmental Defect Value with respect to such Environmental Defect; and (iv) appropriate documentation reasonably necessary for Seller to substantiate Buyer's claim and calculation of the Environmental Defect Value. Notwithstanding anything herein to the contrary including Buyer's rights under Section 10.02, Buyer forever waives Environmental Defects not asserted by an Environmental Defect Notice meeting all of the requirements set forth in the preceding sentence no later than 5:00 p.m. Central Time on the Defect Notice Date.

11.11 **Seller's Exclusion, Cure or Contest of Environmental Defects.**

(a) Seller, in its sole discretion, (x) may contest any asserted Environmental Defect or Buyer's good faith estimate of the Environmental Defect Value as described in Section 11.11 and/or (y) may seek to remediate or cure any asserted Environmental Defect to the extent of the Lowest Cost Response as described in Section 11.11(b); *provided*, if the Environmental Defect Value asserted in good faith by Buyer (I) equals or exceeds the De Minimis Environmental Defect Cost, *and* (II) is equal to or exceeds the lesser of (1) fifty percent (50%) of the Allocated Value of the affected Assets or (2) two million dollars ($2,000,000), then Buyer may elect to exclude such affected Assets, together with all associated Assets, and reduce the Purchase Price by the Allocated Value of such Assets (which will become Retained Assets). If Seller disputes Buyer's good faith assertion and the final determination pursuant to Section 11.15 occurs following the Closing, Buyer or an Affiliate by wire transfer in same day funds shall deposit the Allocated Value attributable to the affected Asset into the Escrow Account and if the final determination pursuant to Section 11.15 (A) results in a determination of the Environmental Defect Value that is less than two million dollars ($2,000,000) and fifty percent (50%) of the Allocated Value of the affected Assets, then Seller shall assign such affected Assets to Buyer pursuant to an assignment in form and substance reasonably acceptable to the Parties and the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to) within five (5) Business Days thereof issue joint written instructions to the Escrow Agent to release to Seller the Allocated Value of such Assets, less the applicable Environmental Defect Value, or (B) results in a determination of the Environmental

Defect Value that is greater than or equal to the lesser of two million dollars ($2,000,000) and fifty percent (50%) of the Allocated Value of the affected Assets, such Asset shall remain a Retained Asset and the Parties shall (or shall cause their Affiliate who is party to the Escrow Agreement to) within five (5) Business Days thereof issue joint written instructions to the Escrow Agent to release to Buyer the Allocated Value of such Assets.

(b) Seller shall have the right to remediate or cure an Environmental Defect to the extent of the Lowest Cost Response on or before the Closing Date by giving written notice to Buyer to that effect prior to the Closing Date. If Seller elects to pursue remediation or cure as set forth in this clause (a), Seller shall implement such remediation or cure in a manner that is in compliance with all applicable Legal Requirements in a prompt and timely fashion for the type of remediation or cure. If Seller elects to pursue remediation or cure and:

(i) completes a Complete Remediation of an Environmental Defect prior to the Closing Date, the affected Well(s) shall be included in the Assets conveyed at Closing, and no Purchase Price adjustment will be made for such Environmental Defect;

(ii) does not complete a Complete Remediation prior to the Closing, then unless Buyer elects to exclude such Asset(s) in accordance with its respective rights under Section 11.11(a), Seller shall convey the affected Asset(s) to Buyer at Closing and the Purchase Price shall be reduced by the Environmental Defect Value of the affected Asset(s).

(c) Seller and Buyer shall attempt to agree on the existence and Environmental Defect Value of all Environmental Defects. Representatives of the Parties, knowledgeable in environmental matters, shall meet for this purpose. However, a Party may at any time prior to the final resolution of the applicable Environmental Defect hereunder elect to submit any disputed item to arbitration in accordance with the procedures set forth in Section 11.15. If a contested Environmental Defect cannot be resolved prior to the Closing, subject to the terms of this Section 11.11 the affected Assets(s) shall be excluded from the Assets conveyed to Buyer at Closing and the Purchase Price shall be reduced by the Allocated Value of the affected Asset(s), and Buyer or an Affiliate by wire transfer in same day funds shall deposit the Allocated Value attributable to the affected Asset into the Escrow Account and the final determination of the Environmental Defect and/or Environmental Defect Value shall be resolved pursuant to Section 11.15, subject to Seller's and Buyer's rights to elect to exclude such Asset(s) after the resolution of such dispute in accordance with this Section 11.11.

11.12 **Limitations.** Notwithstanding the provisions of Sections 11.10 and 11.11, no adjustment to the Purchase Price for Environmental Defect Values shall be made unless and until the sum of (x) the aggregate value of all Environmental Defect Values (the "Aggregate Environmental Defect Value") *plus* (y) the Aggregate Title Defect Value (after taking into account any offsetting Title Benefit Values) exceeds the Aggregate Defect Deductible. If the Environmental Defect Value with respect to any single Environmental Defect is less than the De Minimis Environmental Defect Cost, such cost shall not be considered in calculating the Aggregate Environmental Defect Value.

11.13 **Exclusive Remedies.** The rights and remedies granted to Buyer in this Agreement are the exclusive rights and remedies against Seller related to any Environmental Condition, or Damages related thereto. Except for the remedies set forth in Article 10 or Article 11 or any Seller Closing Documents, **BUYER EXPRESSLY WAIVES, AND RELEASES SELLER GROUP FROM, ANY AND ALL OTHER RIGHTS AND REMEDIES IT MAY HAVE UNDER ENVIRONMENTAL LAWS AGAINST SELLER REGARDING ENVIRONMENTAL CONDITIONS, WHETHER FOR CONTRIBUTION, INDEMNITY, OR OTHERWISE.** The foregoing is a specifically bargained for allocation of risk among the Parties, which the Parties agree and acknowledge satisfies the express negligence rule and conspicuousness requirement under Texas law.

11.14 **Casualty Loss and Condemnation.** If, after the Execution Date but prior to Closing Date, any portion of the Assets is destroyed by fire or other casualty or is expropriated or taken in condemnation or under right of eminent domain (a "Casualty Loss"), this Agreement shall remain in full force and effect, and Buyer shall nevertheless be required to close the Contemplated Transactions. In the event that the amount of the costs and expenses associated with repairing or restoring the Assets affected by such Casualty Loss exceeds Three Hundred Thousand Dollars ($300,000) net to Seller's interest, Seller must elect by written notice to Buyer prior to Closing either to (a) cause the Assets affected by such Casualty Loss to be repaired or restored, at Seller's sole cost, as promptly as reasonably practicable (which work may extend after the Closing Date), or (b) reduce the Purchase Price by the amount of the Casualty Loss. In each case, Seller shall retain all rights to insurance and other claims against Third Parties with respect to the applicable Casualty Loss except to the extent the Parties otherwise agree in writing. Except as set forth in Article 10, Seller shall have no other liability or responsibility to Buyer with respect to a condemnation or Casualty Loss, **EVEN IF SUCH CASUALTY LOSS SHALL HAVE RESULTED FROM OR SHALL HAVE ARISEN OUT OF THE SOLE OR CONCURRENT NEGLIGENCE, FAULT, VIOLATION OF A LEGAL REQUIREMENT OF SELLER OR ANY MEMBER OF SELLER GROUP.**

11.15 **Expert Proceedings.**

(a) Each matter referred to this Section 11.15 (a "Disputed Matter") shall be conducted in accordance with the Commercial Arbitration Rules of the AAA as supplemented to the extent necessary to determine any procedural appeal questions by the Federal Arbitration Act (Title 9 of the United States Code), but only to the extent that such rules do not conflict with the terms of this Section 11.15. Any notice from one Party to the other referring a dispute to this Section 11.15 shall be referred to herein as an "Expert Proceeding Notice".

(b) The arbitration shall be held before a one member arbitration panel (the "Expert"), mutually agreed by the Parties. The Expert must (a) be a neutral party who has never been an officer, director or employee of or performed material work for a Party or any Party's Affiliate within the preceding five (5)-year period and (b) agree in writing to keep strictly confidential the specifics and existence of the dispute as well as all proprietary records of the Parties reviewed by the Expert in the process of resolving such dispute.

The Expert must have not less than ten (10) years' experience as a lawyer in the State of California with experience in exploration and production issues. If disputes exist with respect to both title and environmental matters, the Parties may mutually agree to conduct separate arbitration proceedings with the title disputes and environmental disputes being submitted to separate Experts. If, within five (5) Business Days after delivery of an Expert Proceeding Notice, the Parties cannot mutually agree on an Expert, then within seven (7) Business Days after delivery of such Expert Proceeding Notice, each Party shall provide the other with a list of three (3) acceptable, qualified experts, and within ten (10) Business Days after delivery of such Expert Proceeding Notice, the Parties shall each separately rank from one through six in order of preference each proposed expert on the combined lists, with a rank of one being the most preferred expert and the rank of six being the least preferred expert, and provide their respective rankings to the Dallas office of the AAA. Based on those rankings, the AAA will appoint the expert with the combined lowest numerical ranking to serve as the Expert for the Disputed Matters. If the rankings result in a tie or the AAA is otherwise unable to determine an Expert using the Parties' rankings, the AAA will appoint an arbitrator from one of the Parties' lists as soon as practicable upon receiving the Parties' rankings. Each Party will be responsible for paying one-half (1/2) of the fees charged by the AAA for the services provided in connection with this Section 11.15(b).

(c) Within five (5) Business Days following the receipt by either Party of the Expert Proceeding Notice, the Parties will exchange their written description of the proposed resolution of the Disputed Matters. Provided that no resolution has been reached, within five (5) Business Days following the selection of the Expert, the Parties shall submit to the Expert the following: (i) this Agreement, with specific reference to this Section 11.15 and the other applicable provisions of this Article 11, (ii) Buyer's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, (iii) Seller's written description of the proposed resolution of the Disputed Matters, together with any relevant supporting materials, and (iv) the Expert Proceeding Notice.

(d) The Expert shall make its determination by written decision within fifteen (15) days following receipt of the materials described in Section 11.15(c) above (the "Expert Decision"). For any Disputed Matter relating to a Title Defect if such defect or irregularity would customarily be waived by a reasonably prudent owner or operator of oil and gas properties in the same geographic area where the Assets are located, as determined by the Expert, then such Expert shall determine that such Disputed Matter is not a Title Defect. The Expert Decision with respect to the Disputed Matters shall be limited to the selection of the single proposal for the resolution of the aggregate Disputed Matters proposed by a Party that best reflects the terms and provisions of this Agreement, *i.e.*, the Expert must select either Buyer's proposal or Seller's proposal for resolution of the aggregate Disputed Matters.

(e) The Expert Decision shall be final and binding upon the Parties, without right of appeal, absent manifest error. In making its determination, the Expert shall be bound by the rules set forth in this Article 11. The Expert may consult with and engage disinterested Third Parties to advise the Expert, but shall disclose to the Parties the identities of such consultants. Any such consultant shall not have worked as an employee or consultant for either Party or its Affiliates during the five (5)-year period preceding the arbitration nor have any financial interest in the dispute.

(f) The Expert shall act as an expert for the limited purpose of determining the specific matters submitted for resolution herein and shall not be empowered to award damages, interest, or penalties to either Party with respect to any matter. Each Party shall bear its own legal fees and other costs of preparing and presenting its case. All costs and expenses of the Expert shall be borne by the non-prevailing Party in any such arbitration proceeding.

ARTICLE 12
EMPLOYMENT MATTERS

12.01 **Seller Benefit Plans**. Effective as of the Employee Start Date, the Continuing Employees shall cease to accrue further benefits and shall cease to be active participants under the Seller Benefit Plans. Buyer shall not assume any of the Seller Benefits Plans. From and after the Employee Start Date, Seller and its ERISA Affiliates shall retain and shall be solely responsible for all obligations and liabilities under the Seller Benefit Plans, and neither Buyer nor its Affiliates shall have any obligation, liability or responsibility from and after the Employee Start Date to or under the Seller Benefit Plans, whether such obligation, liability or responsibility arose before, on or after the Employee Start Date.

12.02 **Pre-Employee Start Date Claims under Seller Benefit Plans**.

(a) To the extent that an Available Employee was a participant in a Seller Benefit Plan, the Seller Benefit Plans shall be responsible for providing welfare benefits (including medical, hospital, dental, accidental death and dismemberment, life, disability and other similar benefits) to any participating Available Employees for all claims incurred prior to the Employee Start Date under and subject to the generally applicable terms and conditions of such plans. For purposes of this Section 12.02, a claim is incurred with respect to (i) accidental death and dismemberment, disability, life and other similar benefits when the event giving rise to such claim occurred and (ii) medical, hospital, dental and other similar benefits when the services with respect to such claim are rendered.

12.03 **Available Employees' Offers and Post-Employee Start Date Employment and Benefits**. Within one (1) Business Day of the Execution Date, Seller shall deliver to Buyer a schedule that includes a list of all Available Employees and a list of those employees described in Section 12.03(d)(ii) (the "Employee Letter"). The list shall include the following data: name, job title, salary or wage, bonus eligibility / target, long term incentive eligibility / target, whether such employee is on a leave of absence, current location, and start date. Buyer shall:

(a) Within ten (10) Business Days of receiving the Employee Letter, make written offers of employment to each of the Available Employees to whom Buyer elects to make an offer of employment, with such offers to be no less than the Available Employee's base salary or hourly wage rate as of the Execution Date, at a location within fifty (50) miles of the Available Employee's current location, and providing such Available Employees at least ten (10) Business Days to either accept or reject such offers;

(b) no later than the date that is three (3) Business Days prior to the anticipated Closing Date, Buyer shall notify Seller as to each Available Employee who has accepted employment with Buyer or any of its Affiliates, which acceptance shall be conditioned upon the occurrence of the Closing and effective as of the Employee Start Date and may be conditioned on other typical hiring policies, and each Available Employee who has rejected Buyer's offer of employment;

(c) indemnify and hold harmless Seller and its Affiliates with respect to all claims and liabilities relating to or arising out of Buyer's employee selection and employment offer process described in this Section 12.03 with regards to any claim of discrimination or other breach of a Legal Requirement in such selection and offer process;

(d) provide to each Available Employee who is actively at work as of the end of the Term under the Transition Services Agreement (as such term is defined therein) or is on a previously scheduled and approved (by Seller or its Affiliates) short-term disability, long-term disability, workers' compensation or other approved leave of absence and accepts an offer of employment from Buyer (the "Continuing Employees"), during the twelve (12) month period immediately following the Closing Date, (i) base salary or hourly wage rate at least equal to the base salary or hourly wage rate provided to the Available Employee as of the Execution Date and (ii) reemployment or hiring, as applicable, to the Available Employees offered by Buyer but identified in the Employee Letter as "Inactive Available Employees" who are not actively at work as of the Closing Date due to short-term disability, workers' compensation or other Seller-approved leave of absence, such reemployment or hiring to be effective as of the date, if any, each such Available Employee has been cleared for and returns to active employment and to be in a position comparable to that which such Available Employee has prior to the commencement of his or her absence from active employment, which in no event may be later than the twelve (12) month anniversary of the Closing Date; *provided* that nothing in the foregoing shall affect the right of Seller and its Affiliates to terminate the employment of an Available Employee for any reason or at any time;

(e) use commercially reasonable efforts to cause each Continuing Employee and his or her eligible dependents (including all such employee's dependents covered immediately prior to the Employee Start Date by a group health plan maintained by Seller or its Affiliates) to be covered under a group health plan maintained by Buyer or its Affiliate that (i) provides major medical and dental benefits coverage to the Continuing Employee and such eligible dependents effective immediately upon the Employee Start Date and (ii) credits or reimburses, at Buyer's option, such Continuing Employee, for the year during which such coverage under such group health plan begins, with any deductibles incurred during such year under a group health plan maintained by Seller or its Affiliates; and

(f) provide full service credit for all purposes (other than to the extent that such credit would result in duplication of benefits with respect to the same period of service, and excepting credit for Buyer's long term equity compensation plan) under all vacation, incentive, compensation and employee benefit plans, policies and arrangements made available to

Continuing Employees by Buyer or any of its Affiliates on or after the Employee Start Date to the same extent such Continuing Employee's service was recognized under the corresponding type of benefit plans in which such Continuing Employee participated immediately prior to the Employee Start Date.

12.04 **Savings Plans**. Effective as of the Employee Start Date, Buyer shall establish or maintain a defined contribution pension plan (or plans) and trust (or trusts) intended to qualify under Sections 401(a) and 501(a) of the Code in which all Continuing Employees shall be eligible to participate (the "Buyer Savings Plan") as of the Employee Start Date. Buyer shall cause the Buyer Savings Plan to accept the direct rollover of electing Continuing Employees' benefits in cash and, if applicable, promissory notes from the Seller Savings Plan that constitutes an eligible rollover distribution pursuant to Code Section 402(c)(4).

12.05 **Post-Employee Start Date Employment Claims**. Buyer shall indemnify, defend and hold Seller and its Affiliates harmless from and against any and all liability of any kind or nature involving or related to the employment of the Continuing Employees by Buyer after the Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by Buyer or its ERISA Affiliates after the Employee Start Date. Seller shall indemnify, defend and hold Buyer and its Affiliates harmless from and against any and all liability of any kind or nature or related to (a) the employment of any Available Employee who does not become a Continuing Employee, including any liability related to any Seller Benefit Plan and (b) the employment of the Continuing Employees by Seller before the Employee Start Date, including any liability related to any employee benefit plan sponsored or maintained by Seller or its ERISA Affiliates before the Employee Start Date. Any Available Employee who rejects Buyer's offer of employment in Section 12.03 will not be eligible for severance under Seller's Severance Plan.

12.06 **Buyer Welfare Plans**. Buyer shall cause the waiver of all limitations as to pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to the Continuing Employees. Buyer shall provide continuation health care coverage to Continuing Employees and their qualified beneficiaries who incur a qualifying event, in accordance with the continuation health care coverage requirements of Section 4980B of the Code and Title I, Subtitle B, Part 6 of ERISA ("COBRA") or any similar provisions of state Legal Requirement, on or after the Employee Start Date. Buyer shall provide any required notice under COBRA or any similar provisions of any state Legal Requirement to Continuing Employees in respect of any qualifying event that occurs as a result of the transactions contemplated by this Agreement.

12.07 **WARN Act**. From the date of this Agreement until the Employee Start Date, Seller shall not and shall cause its Affiliates not to terminate the employment of any Available Employees such that a "plant closing" or "mass layoff" (as those terms are defined in the WARN Act or any similar state Legal Requirement) occurs prior to the Employee Start Date without complying with the WARN Act. Buyer agrees to provide any notice required under the WARN Act or any similar state Legal Requirement with respect to any "plant closing" or "mass layoff" affecting Continuing Employees that may occur after the Employee Start Date or arise, in whole or in part, as a result of the transactions contemplated by this Agreement. In addition, Buyer shall not effectuate a "plant closing" or "mass layoff" or any other similar triggering event under the WARN Act or any other applicable Legal Requirement for six (6) months after the Employee Start Date, affecting any Continuing Employee, except in compliance with the WARN Act or other applicable Legal Requirement.

12.08 **No Third Party Beneficiary Rights**. Nothing herein, expressed or implied, shall confer upon any Available Employees (or any of their beneficiaries or alternate payees) any rights or remedies (including any right to employment or continued employment, or any right to compensation or benefits for any period) of any nature or kind whatsoever, under or by reason of this Agreement or otherwise. In addition, the provisions of this Article 12, are for the sole benefit of the Parties and are not for the benefit of any Third Party.

12.09 **Severance Obligation**. If any Available Employee is entitled to severance benefits under the Seller's Severance Plan as a result of a Qualifying Termination caused by the failure of Buyer or its Affiliate to give an offer of employment to such Available Employee or the failure of Buyer to give an offer of employment to the Available Employee that would avoid a Qualifying Termination, Seller shall bear one hundred percent (100%) of the amount of severance benefits paid to such Available Employee; *provided* that if buyer or its Affiliate hires any such Available Employee on or before the date that is six (6) months after the Transition Date, Buyer shall promptly pay, or cause to be paid to, Seller the amount of any severance benefits paid to such Available Employee pursuant to Seller's Severance Plan.

ARTICLE 13
GENERAL PROVISIONS

13.01 **Records.** Seller, at Buyer's cost and expense, shall deliver originals of all Records to Buyer (FOB Seller's office) within sixty (60) days after the Transition Date. With respect to any original Records delivered to Buyer, (a) Seller shall be entitled to retain copies of such Records, and (b) Buyer shall retain any such original Records for at least seven (7) years beyond the Closing Date, during which seven (7)-year period Seller shall be entitled to obtain access to such Records, at reasonable business hours and upon prior notice to Buyer, so that Seller may make copies of such original Records, at its own expense, as may be reasonable or necessary for Tax purposes or in connection with any Proceeding or Threatened Proceeding against Seller.

13.02 **Expenses.**

(a) Except as otherwise expressly provided in this Agreement, each Party to this Agreement shall bear its respective expenses incurred in connection with the preparation, execution, and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel, and accountants. However, the prevailing Party in any Proceeding brought under or to enforce this Agreement, excluding any expert proceeding pursuant to Section 11.15 or Section 2.05(d), shall be entitled to recover court costs and arbitration costs, as applicable, and reasonable attorneys' fees from the non-prevailing Party or Parties, in addition to any other relief to which such Party is entitled.

(b) All Transfer Taxes and all required documentary, filing and recording fees and expenses in connection with the filing and recording of the assignments, conveyances or other Instruments of Conveyance required to convey title to the Assets to Buyer shall be borne by Buyer. Seller shall retain responsibility for, and shall bear, all Asset Taxes assessed with respect to the Assets for (i) any period ending prior to the Effective Time and (ii) the portion of any Straddle Period ending immediately prior to the Effective Time. All Asset Taxes with respect to the Assets arising on or after the Effective Time (including the portion of any Straddle Period beginning at the Effective Time) shall be allocated to and borne by Buyer. For purposes of allocation between the Parties of Asset Taxes assessed with respect to the Assets for any Straddle Period, (A) Asset Taxes that are attributable to the severance or production of Hydrocarbons shall be allocated based on severance or production occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); (B) Asset Taxes that are based upon or related to income or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (A)) shall be allocated based on revenues from sales occurring before the Effective Time (which shall be Seller's responsibility) and from and after the Effective Time (which shall be Buyer's responsibility); and (C) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time (which shall be Seller's responsibility) and the portion of the Straddle Period beginning at the Effective Time (which shall be Buyer's responsibility). For purposes of the preceding sentence, any exemption, deduction, credit or other item that is calculated on an annual basis shall be allocated *pro rata* per day between the portion of the Straddle Period ending immediately prior to the Effective Time and the portion of the Straddle Period beginning at the Effective Time. To the extent the actual amount of any Asset Taxes described in this Section 13.02(b) is not determinable at Closing, Buyer and Seller shall utilize the most recent information available in estimating the amount of such Asset Taxes for purposes of Section 2.05. Upon determination of the actual amount of such Asset Taxes, timely payments will be made from one Party to the other to the extent necessary to cause each Party to bear the amount of such Asset Tax that is allocable to such Party under this Section 13.02(b). Any allocation of Asset Taxes between the Parties shall be in accordance with this Section 13.02(b).

(c) Except as required by applicable Legal Requirements, in respect of Asset Taxes, (i) Seller shall be responsible for timely remitting all (A) Asset Taxes due (excluding ad valorem and property Taxes) with respect to the Assets for periods ending prior to the Closing Date, (B) ad valorem and property Taxes due with respect to the Assets for periods ending prior to the Effective Time (no matter when due), and (C) ad valorem and property Taxes due with respect to the Assets due prior to the Closing Date (subject, in each case, to Seller's right to reimbursement by Buyer under Section 13.02(b)), (ii) Buyer shall be responsible for timely remitting all (A) Asset Taxes (excluding ad valorem and property Taxes) with respect to the Assets for periods ending on or after the Closing Date, and (B) all ad valorem and property Taxes due on or after the Closing Date (subject, in each case, to Buyer's right to reimbursement by Seller under Section 13.02(b)), in each case, to the applicable taxing authority, (iii) Seller shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding ad valorem and property

Taxes) with respect to the Assets required to be filed for periods ending prior to the Closing Date, and (B) Tax Return for ad valorem and property Taxes with respect to the Assets due prior to the Closing Date, and (iv) Buyer shall prepare and timely file any (A) Tax Return for Asset Taxes (excluding ad valorem and property Taxes) with respect to the Assets required to be filed for periods ending on or after the Closing Date, and (B) Tax Return for ad valorem and property Taxes in respect to the Assets required to be filed on or after the Closing Date (including Tax Returns related to any Straddle Period). Each Party shall indemnify and hold the other Party harmless for any failure to file such Tax Returns and to make such payments. Buyer shall prepare all such Tax Returns relating to any Straddle Period on a basis consistent with past practice except to the extent otherwise required by applicable Legal Requirements. Buyer shall provide Seller with a copy of any Tax Return relating to any Straddle Period for Seller's review at least ten (10) days prior to the due date for the filing of such Tax Return (or within a commercially reasonable period after the end of the relevant Taxable period, if such Tax Return is required to be filed less than ten (10) days after the close of such Taxable period), and Buyer shall incorporate all reasonable comments of Seller provided to Buyer at least three (3) days prior to the due date for the filing of such Tax Return.

(d) Buyer and Seller agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to the Assets, including access to books and records, as is reasonably necessary for the filing of all Tax Returns by Buyer or Seller, the making of any election relating to taxes, the preparation for any audit by any Governmental Body and the prosecution or defense of any claim, suit or proceeding relating to any tax. The Parties agree to retain all books and records with respect to Tax matters pertinent to the Assets relating to any Tax period beginning before the Closing Date until sixty (60) days after the expiration of the statute of limitations of the respective Tax periods (taking into account any extensions thereof) and to abide by all record retention agreements entered into with any Governmental Body.

(e) Any payments made to any Party pursuant to Article 10 or this Section 13.02 shall constitute an adjustment of the Purchase Price for Tax purposes and shall be treated as such by Buyer and Seller on their Tax Returns to the extent permitted by applicable Legal Requirements.

13.03 **Notices.** All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) sent by fax (with written confirmation of receipt), (c) sent by electronic mail with receipt acknowledged, with the receiving Party affirmatively obligated to promptly acknowledge receipt, or (d) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate recipients, addresses, and fax numbers set forth below (or to such other recipients, addresses, or fax numbers as a Party may from time to time designate by notice to the other Party):

13.04 **Governing Law; Jurisdiction; Service of Process; Jury Waiver.**

(A) **THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE RIGHTS, DUTIES AND THE LEGAL RELATIONS AMONG THE PARTIES HERETO AND THERETO SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, EXCLUDING ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT REFER CONSTRUCTION OF SUCH PROVISIONS TO THE LAWS OF ANOTHER JURISDICTION; *PROVIDED,***

***HOWEVER*, THAT ANY MATTER RELATED TO REAL PROPERTY SHALL BE GOVERNED BY THE LAWS OF THE STATE OF CALIFORNIA. WITHOUT LIMITING THE PARTIES' AGREEMENT TO ARBITRATE IN SECTION 11.15 OR THE DISPUTE RESOLUTION PROCEDURE PROVIDED IN SECTION 2.05(D) WITH RESPECT TO DISPUTES ARISING THEREUNDER, THE PARTIES HERETO CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE FEDERAL COURTS OF THE UNITED STATES LOCATED IN HOUSTON, TEXAS OR THE STATE COURTS LOCATED IN HOUSTON, TEXAS FOR ANY ACTION ARISING OUT OF THIS AGREEMENT, ANY TRANSACTION DOCUMENTS, OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO, OR FROM THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY SHALL BE EXCLUSIVELY LITIGATED IN SUCH COURTS DESCRIBED ABOVE HAVING SITES IN HOUSTON, TEXAS AND EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS SOLELY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY HERETO VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY TRANSACTION DOCUMENTS OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY. THE PARTIES FURTHER AGREE, TO THE EXTENT PERMITTED BY LAW, THAT A FINAL AND NONAPPEALABLE JUDGMENT AGAINST A PARTY IN ANY ACTION OR PROCEEDING CONTEMPLATED ABOVE SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN ANY OTHER JURISDICTION WITHIN OR OUTSIDE THE UNITED STATES BY SUIT ON THE JUDGMENT, A CERTIFIED OR EXEMPLIFIED COPY OF WHICH SHALL BE CONCLUSIVE EVIDENCE OF THE FACT AND AMOUNT OF SUCH JUDGMENT. TO THE EXTENT THAT A PARTY OR ANY OF ITS AFFILIATES HAS ACQUIRED, OR HEREAFTER MAY ACQUIRE, ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION, EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, SUCH PARTY (ON ITS OWN BEHALF AND ON BEHALF OF ITS AFFILIATES) HEREBY IRREVOCABLY (I) WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS WITH RESPECT TO THIS AGREEMENT AND (II) SUBMITS TO THE PERSONAL JURISDICTION OF ANY COURT DESCRIBED IN THIS SECTION 13.04.**

(B) Notwithstanding anything herein to the contrary, each of the Parties agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-Person claim of any kind or description, whether in law or in equity, whether in contract or in tort or

otherwise, against the Financing Sources in any way relating to this Agreement or the Contemplated Transaction, including any Proceeding arising out of or relating in any way to the Debt Financing or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable Legal Requirements exclusive jurisdiction is vested in the federal courts, the United States District Court for the Southern District of New York (and appellate courts thereof). Each of the Parties irrevocably agrees to waive trial by jury in any action, cause of action, claim, cross-claim or third-Person claim referred to in this paragraph.

13.05 **Further Assurances.** The Parties agree (a) to furnish upon request to each other such further information, (b) to execute, acknowledge, and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

13.06 **Waiver.** The rights and remedies of the Parties are cumulative and not alternative. Neither the failure nor any delay by either Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement shall operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege shall preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Legal Requirement, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party, (b) no waiver that may be given by a Party shall be applicable except in the specific instance for which it is given, and (c) no notice to or demand on one Party shall be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.07 **Entire Agreement and Modification.** This Agreement supersedes all prior discussions, communications, and agreements (whether oral or written) between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or otherwise modified except by a written agreement executed by both Parties. No representation, promise, inducement, or statement of intention with respect to the subject matter of this Agreement has been made by either Party that is not embodied in this Agreement together with the documents, instruments, and writings that are delivered pursuant hereto, and neither Party shall be bound by or liable for any alleged representation, promise, inducement, or statement of intention not so set forth. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of any Schedule or Exhibit hereto, the terms and provisions of this Agreement shall govern, control, and prevail.

13.08 **Assignments, Successors, and No Third Party Rights.** Neither Party may assign any of its rights, liabilities, covenants, or obligations under this Agreement without the prior written consent of the other Party (which consent may be granted or denied at the sole

discretion of the other Party), and (a) any assignment made without such consent shall be void, and (b) in the event of such consent, such assignment nevertheless shall not relieve such assigning Party of any of its obligations under this Agreement without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement shall apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement shall be construed to give any Person other than the Parties or any other agreement contemplated herein (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Subject to the preceding sentence, this Agreement, any other agreement contemplated herein, and all provisions and conditions hereof and thereof, are for the sole and exclusive benefit of the Parties and such other agreements (and Buyer Group and Seller Group who are entitled to indemnification under Article 10), and their respective successors and permitted assigns. Notwithstanding the foregoing, the Financing Sources shall be deemed third-Person beneficiaries of Sections 9.02, Section 13.04(b) and this Section 13.08 hereof, each of which shall be enforceable by each Financing Source and, to the extent enforced thereby, construed in accordance with, and governed by, the Laws of the State of New York without reference to the conflict of laws principles thereof, and none of which shall be amended or otherwise modified in any way that adversely affects the rights of any Financing Source without the prior written consent of the Financing Sources.

13.09 **Severability.** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree shall remain in full force and effect to the extent not held invalid or unenforceable.

13.10 **Article and Section Headings, Construction.** The headings of Sections, Articles, Exhibits, and Schedules in this Agreement are provided for convenience only and shall not affect its construction or interpretation. All references to "Section," "Article," "Exhibit," or "Schedule" refer to the corresponding Section, Article, Exhibit, or Schedule of this Agreement. Unless expressly provided to the contrary, the words "hereunder," "hereof," "herein," and words of similar import are references to this Agreement as a whole and not any particular Section, Article, Exhibit, Schedule, or other provision of this Agreement. Each definition of a defined term herein shall be equally applicable both to the singular and the plural forms of the term so defined. All words used in this Agreement shall be construed to be of such gender or number, as the circumstances require. Unless otherwise expressly provided, the word "including" does not limit the preceding words or terms and (in its various forms) means including without limitation. Each Party has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the Contemplated Transactions. This Agreement is the result of arm's-length negotiations from equal bargaining positions. This Agreement shall not be construed against either Party, and no consideration shall be given or presumption made on the basis of who drafted this Agreement or any particular provision hereof or who supplied the form of Agreement.

13.11 **Counterparts.** This Agreement may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement and all of which, when taken together, shall be deemed to constitute one and the same agreement.

13.12 **Press Release.** No Party shall make any press release or other public announcement respecting this Agreement or the Contemplated Transactions prior to the time that is twenty-four (24) hours following the execution and delivery of this Agreement by the Parties. Subject to Section 13.13, if, prior to Closing, any Party wishes to make a press release or other public announcement respecting this Agreement or the Contemplated Transactions, such Party will provide the others with a draft of the press release or other public announcement for review at least twenty-four (24) hours prior to the time that such press release or other public announcement is to be made. The Parties will attempt in good faith to expeditiously reach agreement on such press release or other public announcement and the contents thereof; *provided* that failure to reach such agreement shall not prohibit a Party from making a press release or public announcement. Failure to provide comments back to the other Party within twenty-four (24) hours of receipt of the draft release or announcement will be deemed consent to the public disclosure of such press release or other public announcement and the content thereof. Seller and Buyer shall each be liable for the compliance of their respective Affiliates with the terms of this Section 13.12. Notwithstanding anything to the contrary in this Section 13.12, no Party shall issue a press release or other public announcement relating to the Contemplated Transactions that includes the name of a non-releasing Party or its Affiliates (or, in the case of Buyer, the name of KKR & Co. L.P. and its affiliates, including any portfolio companies of investment funds controlled by affiliates of KKR & Co. L.P.) without the prior written consent of such non-releasing Party (which consent may be withheld in such non-releasing Party's sole discretion).

13.13 **Confidentiality.** The Confidentiality Agreement shall terminate on the Closing Date and will thereafter be of no further force or effect. Each Party shall keep confidential, and cause its Affiliates and instruct its Representatives to keep confidential, all terms and provisions of this Agreement, except (a) as required by Legal Requirements or any standards or rules of any stock exchange to which such Party or any of its Affiliates is subject, (b) for information that is available to the public on the Closing Date, or thereafter becomes available to the public other than as a result of a breach of this Section 13.13, (c) to the extent required to be disclosed in connection with complying with or obtaining a waiver of any Preferential Purchase Right or Consent, and (d) to the extent that such Party must disclose the same in any Proceeding brought by it to enforce its rights under this Agreement. This Section 13.13 shall not prevent either Party from recording the Instruments of Conveyance delivered at the Closing or from complying with any disclosure requirements of Governmental Bodies that are applicable to the transfer of the Assets. The covenant set forth in this Section shall terminate two (2) years after the Closing Date.

13.14 **Name Change.** As promptly as practicable, but in any event within one hundred twenty (120) days after the Closing Date, Buyer shall eliminate, remove or paint over the use of the name "Linn" and variants thereof from the Assets, and, except with respect to such grace period for eliminating the existing usage, shall have no right to use any logos, trademarks, or trade names belonging to Seller or any of its Affiliates. Buyer shall be solely responsible for any direct or indirect costs or expenses resulting from the change in use of name and any resulting notification or approval requirements.

13.15 **Preparation of Agreement.** Both Seller and Buyer and their respective counsel participated in the preparation of this Agreement. In the event of any ambiguity in this Agreement, no presumption shall arise based on the identity of the draftsman of this Agreement.

13.16 **Appendices, Exhibits and Schedules.** All of the Appendices, Exhibits and Schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement. Each Party to this Agreement and its counsel has received a complete set of Appendices, Exhibits and Schedules prior to and as of the execution of this Agreement.

[*Signature Page Follows*]

IN WITNESS WHEREOF, the Parties have executed and delivered this Agreement as of the date first written above.

FIRST AMENDMENT TO
PURCHASE AND SALE AGREEMENT

This First Amendment to Purchase and Sale Agreement (this "***Amendment***") is made as of July 10, 2017, by and among Linn Energy Holdings, LLC, a Delaware limited liability company, Linn Operating, LLC, a Delaware limited liability company, and Linn Midstream, LLC, a Delaware limited liability company (collectively, "***Seller***") and Bridge Energy LLC a Delaware limited liability company ("***Buyer***"). Seller and Buyer are sometimes hereinafter referred to individually as a "***Party***" and collectively as the "***Parties***." Capitalized terms used but not defined in this Amendment shall have the meanings given to such terms in the Purchase Agreement (as hereinafter defined).

WHEREAS, Seller and Buyer are parties to that certain Purchase and Sale Agreement dated as of June 1, 2017 (the "***Purchase Agreement***"); and

WHEREAS, the Parties desire to amend the Purchase Agreement and to memorialize certain mutual agreements relating to certain transactions contemplated by the Purchase Agreement, as more specifically set forth in this Amendment.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, representations, warranties, covenants, conditions and agreements contained herein and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Amendment of Section 2.03. The first sentence of Section 2.03 of the Purchase Agreement is hereby deleted in its entirety and replaced with the following:

The Closing shall take place at the offices of Kirkland and Ellis LLP at 600 Travis Street, Suite 3300, Houston, Texas 77002 on or before July 21, 2017 (the "Scheduled Closing"), or if all conditions to Closing under Article 7 and Article 8 have not yet been satisfied or waived, within ten (10) Business Days after such conditions have been satisfied or waived, subject to the provisions of Article 9 (the date on which the Closing actually occurs, the "Closing Date").

2. Amendment of Section 11.03(a)(ii). Section 11.03(a)(ii) of the Purchase Agreement is hereby deleted in its entirety and replaced with the following:

(ii) Except as set forth in Section 11.03(a)(iii) below, if the Consent is a Required Consent, the Purchase Price shall be adjusted downward by the Allocated Value of the affected Assets (which affected Assets shall include all Leases, Fee Minerals and Wells affected by the Applicable Contract, Fee Mineral or Lease for which a Consent is refused), and the affected Assets shall be treated as Retained Assets.

3. Amendment of Section 11.03(a)(iii). Section 11.03(a)(iii) of the Purchase Agreement is hereby deleted in its entirety and replaced with the following:

(iii) If the Consent is pursuant to that certain License Agreement, dated September 9, 2003, by and between Aera Energy, LLC and BlackSand Partners, L.P. (but Seller has obtained the Consents pursuant to the Aera Lease and that certain Sinking Fund Trust Agreement effective as of February 1, 2007 by and among Linn Energy, LLC, Linn Energy Holdings, LLC, Linn Western Operating, Inc., Blacksand Energy, LLC and Aera Energy LLC), then such License Agreement shall be treated as a Retained Asset (but no other Assets shall be excluded from Closing due to the failure to obtain such Consent, and the Purchase Price shall not be reduced due to the failure to obtain such Consent), Seller shall hold such License Agreement for the benefit of Buyer after Closing and provide Buyer with all rights and benefits of ownership thereof, including control thereof and the economic benefits, until such Consent is received, and Buyer shall be responsible for (and shall indemnify Seller Group for) all Assumed Liabilities arising from the ownership and operation thereof, as if such License Agreement had been assigned to Buyer at Closing (which Assumed Liabilities do not include any Damages associated with the failure to obtain such Consent).

4. Addition of Section 11.03(a)(iv). A new Section 11.03(a)(iv) is hereby added to the Purchase Agreement, as follows:

(iv) If the Consent is pursuant to either (1) the Aera Lease or (2) that certain Sinking Fund Trust Agreement effective as of February 1, 2007 by and among Linn Energy, LLC, Linn Energy Holdings, LLC, Linn Western Operating, Inc., Blacksand Energy, LLC and Aera Energy LLC, then (A) the Purchase Price shall be adjusted downward by the Allocated Value of the Assets affected by the Aera Lease and such Sinking Fund Trust Agreement (which affected Assets shall include all Leases, Fee Minerals and Wells affected by the Aera Lease and such Sinking Fund Trust Agreement) and both the Aera Lease and such Sinking Fund Trust Agreement and such affected Assets shall be treated as Retained Assets, (B) for a period of up to 180 days, Buyer shall operate the Aera Lease and all Assets related thereto from and after the Closing Date (which operations shall be conducted in a manner substantially similar to operations immediately prior to the Closing Date) until such Consent is obtained, and Seller shall provide Buyer with reasonable access to such Retained Assets necessary for Buyer to perform such operations, (C) in the event that such Consent is not obtained within one hundred eighty (180) days after the Closing, Seller shall promptly reimburse and pay (and in any event, within 30 days following receipt of invoice thereof) Buyer an amount equal to $25 per barrel for each gross barrel of Hydrocarbons produced from the Aera Lease, (D) Buyer shall be responsible for (and shall indemnify Seller Group for) all Damages arising from Buyer's operation of such Retained Assets to the extent (and only to the extent) caused by Buyer or its Affiliates' gross negligence, fraud, or willful misconduct, and (E) subject to Buyer's indemnity in clause (D) above, Seller shall be responsible for (and shall indemnify Buyer Group for) all

other Damages arising from Buyer's operation of such Retained Assets. Notwithstanding the foregoing, Seller shall have the right to assume operatorship of such Retained Assets by delivering thirty (30) days' prior written notice to Buyer. Notwithstanding anything to the contrary in this Agreement, if Seller reasonably believes that Seller will be unable to obtain such Consent within one hundred eighty (180) days after the Closing, then Seller may, upon obtaining the written consent of Buyer, exercise its right to deliver quitclaims of all or a portion of such Retained Assets pursuant to Section 16 of the Aera Lease; *provided* that Buyer's obligation to operate the Retained Assets pursuant to this Section 11.03(a)(iii) shall terminate as to such quitclaimed interests upon such quitclaim.

5. Amendment of Section 11.03(b). Section 11.03(b) of the Purchase Agreement is hereby deleted in its entirety and replaced with the following:

(b) Notwithstanding the provisions of Section 11.03(a), if Seller obtains a Required Consent described in Section 11.03(a)(ii), Section 11.03(a)(iii), or Section 11.03(a)(iv) within one hundred eighty (180) days after the Closing, then Seller shall promptly (and in any event, within 5 Business Days of Seller obtaining such Required Consent) deliver conveyances of the affected Asset(s) to Buyer and, with respect to Required Consents described in Section 11.03(a)(ii) or Section 11.03(a)(iv) only, Buyer shall pay to Seller an amount equal to the Allocated Value of the affected Asset(s) in accordance with wire transfer instructions provided by Seller (subject to the adjustments set forth in Section 2.05); *provided* that Buyer's obligation to operate the Retained Assets pursuant to Section 11.03(a)(iii) shall terminate as to such conveyed interests upon such conveyance.

6. Amendment of Section 11.04. The first sentence of Section 11.04 of the Purchase Agreement is hereby deleted in its entirety and replaced with the following:

Buyer shall notify Seller of Title Defects ("Title Defect Notice(s)") promptly after the discovery thereof, but in no event later than 5:00 p.m. Central Time on July 14, 2017 (the "Defect Notice Date").

7. Compliance with Purchase Agreement. The Parties acknowledge that this Amendment complies with the requirements to alter or amend the Purchase Agreement, as stated in Section 13.07 of the Purchase Agreement. The Purchase Agreement, as amended herein, is ratified and confirmed, and all other terms and conditions of the Purchase Agreement not modified by this the Amendment shall remain in full force and effect. All references to the Purchase Agreement shall be considered to be references to the Purchase Agreement as modified by this Amendment.

8. Incorporation. The Parties acknowledge that this Amendment shall be governed by the terms of Article XIII of the Purchase Agreement and such provisions shall be incorporated herein, *mutatis mutandis*.

9. Counterparts. This Amendment may be executed and delivered (including by facsimile or e-mail transmission) in one or more counterparts, each of which shall be deemed to be an original copy of this Amendment and all of which, when taken together, shall be deemed to constitute one and the same agreement.

[*Signature pages follow*.]

IN WITNESS WHEREOF, the Parties have executed and delivered this Amendment as of the date first written above.

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "Agreement") is made as of October 3, 2017 (the "Execution Date"), by and between Linn Energy Holdings, LLC, a Delaware limited liability company ("LEH"), and Linn Operating, LLC, a Delaware limited liability company ("LOI" and together with LEH, "Seller"), and Washakie Exaro Opportunities, LLC, a Delaware limited liability company ("Buyer"). Seller and Buyer are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

RECITAL

Seller desires to sell, and Buyer desires to purchase, all of Seller's right, title and interest in and to certain oil and gas properties and related assets and contracts, effective as of the Effective Time, for the consideration and on the terms set forth in this Agreement.

AGREEMENT

For and in consideration of the promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1
DEFINITIONS

For purposes of this Agreement, in addition to other capitalized terms defined in this Agreement, the following terms have the meanings specified or referred to in this Article 1 when capitalized:

"AAA" – the American Arbitration Association.

"Accounting Expert" – as defined in Section 2.05(d).

"Accrued Vacation Balances" – as defined in Section 12.02(b).

"Acquisition Proposal" – as defined in Section 6.07.

"AFE" – as defined in Section 3.13.

"Affiliate" – with respect to a Party, any Person directly or indirectly controlled by, controlling, or under common control with, such Party, including any subsidiary of such Party and any "affiliate" of such Party within the meaning of Reg. §240.12b-2 of the Securities Exchange Act of 1934, as amended. As used in this definition, "control" means possession, directly or indirectly, of the power to direct or cause the direction of management, policies, or action through ownership of voting securities, contract, voting trust, or membership in management or in the group appointing or electing management or otherwise through formal or informal arrangements or business relationships. The terms "controlled by," "controlling," and other derivatives shall be construed accordingly.

"Aggregate Defect Deductible" – an amount equal to three percent (3%) of the unadjusted Purchase Price.

"Aggregate Environmental Defect Value" – as defined in Section 11.12.

"Aggregate Title Defect Value" – as defined in Section 11.07.

"Allocated Values" – the values assigned among the Assets as set forth on Schedule 2.07.

"Alternative Financial Statements" – as defined in Section 6.06(b)(ii).

"Annual Financial Statements" – as defined in Section 6.06(b)(i).

"Applicable Contracts" – all Contracts to which Seller is a party or is bound that primarily relate to any of the Assets and that will be binding on the Buyer after the Closing, including: communitization agreements; net profits agreements; production payment agreements; area of mutual interest agreements; joint venture agreements; confidentiality agreements; farmin and farmout agreements; bottom hole agreements; crude oil, condensate, and natural gas purchase and sale, gathering, transportation, and marketing agreements; hydrocarbon storage agreements; acreage contribution agreements; operating agreements; balancing agreements; pooling declarations or agreements; unitization agreements; processing agreements; saltwater disposal agreements; facilities or equipment leases; and other similar contracts and agreements, but exclusive of any master service agreements, Debt Contracts, Hedge Contracts and Contracts to the extent relating to the Excluded Assets.

"Asset Taxes" – ad valorem, property, excise, severance, production, sales, use and similar Taxes based upon the operation or ownership of the Assets, the production of

Hydrocarbons or the receipt of proceeds therefrom, but excluding, for the avoidance of doubt, Income Taxes and Transfer Taxes.

"Assets" – all of Seller's right, title, and interest in, to, and under the following, without duplication, except to the extent constituting Excluded Assets:

(a) all of the oil and gas leases, subleases, and other leaseholds located in the Designated Area (including the oil and gas leases, subleases and other leaseholds described in Exhibit A), together with (i) any and all other right, title and interest of Seller in and to the leasehold estates created thereby subject to the terms, conditions, covenants and obligations set forth in such leases or Exhibit A (such interest in such leases, the "Leases"), (ii) all related rights and interests in the lands covered by the Leases and any lands pooled or unitized therewith (such lands, the "Lands"), (iii) all Royalties applicable to the Leases or the Lands, (iv) any amendments, extensions, acreage designations, ratifications, and/or partial releases affecting the Leases, (v) all rights, privileges, benefits and powers conferred upon the holder of the Leases and its Affiliates with respect to the use and occupation of the Lands, and (vi) all tenements, hereditaments, and appurtenances belonging to such Leases and the Lands;

(b) any and all oil, gas, water, observation, injection, CO2 and disposal wells located on any of the Lands (such interest in such wells, including the wells set forth in Exhibit B, the "Wells"), and all Hydrocarbons produced therefrom or allocated thereto from and after the Effective Time;

(c) all fee mineral interests in the Designated Area (such interest, the "Fee Minerals");

(d) all rights and interests in, under or derived from all communitization, unitization and pooling agreements, declarations and orders in effect with respect to any of the Leases or Wells and the units created thereby (the "Units") (the Leases, the Lands, the Fee Minerals, the Units and the Wells being collectively referred to hereinafter as the "Properties" or individually as a "Property");

(e) to the extent that they may be assigned, transferred or re-issued by Seller (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all permits, licenses, allowances, water rights, registrations, consents, certificates, orders, approvals, variances, authorizations, servitudes, easements, rights-of-way, surface leases, surface fee interests, other surface
interests and surface rights to the extent appurtenant to or primarily used or primarily held for use in connection with the Assets or otherwise primarily relating to the ownership, operation, production, gathering, treatment, processing, storing, sale or disposal of Hydrocarbons or produced water from the Properties or any of the Assets, including those described on Exhibit A-2 (collectively, "Surface Rights");

(f) all equipment, machinery, tools, inventory, fixtures, improvements and other personal, movable and mixed property located on any of the Properties or other Assets that is used or held for use in connection therewith, including those items listed in Exhibit C, and including well equipment, casing, tubing, pumps, motors, machinery, platforms, rods, tanks, boilers, fixtures, compression equipment, flowlines, pipelines, gathering systems associated with the Wells, manifolds, processing and separation facilities, pads, structures, materials, and other items used or held for use in the operation thereof (collectively, the "Personal Property");

(g) the field offices described on Exhibit A-3;

(h) the vehicles described on Exhibit A-4, subject to Seller's right to remove any vehicles from Exhibit A-4 assigned to Available Employees who are not made an offer of employment by Buyer in accordance with Section 12.03(c);

(i) all salt water disposal wells and evaporation pits that are located in the Designated Area including those described on Exhibit A-5;

(j) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), all Applicable Contracts and all rights thereunder insofar as and only to the extent relating to the Assets;

(k) all Imbalances relating to the Assets;

(l) the Suspense Funds;

(m) the Specified Receivables;

(n) originals (if available, and otherwise copies) and copies in digital form (if available) of all of the books, files, records, information and data, whether written or electronically stored, relating primarily to the Assets maintained by Seller or its Affiliates or in Seller's or its Affiliates' possession, including: (i) land and title records (including division order files, prospect files, maps, lease records, abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, production, Asset Tax and accounting records; (v) facility and well records; and (vi) to the extent assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), geological and seismic data (collectively, "Records");

(o) all Hydrocarbons in storage or existing in stock tanks, pipelines or plants (including inventory);

(p) all radio equipment, SCADA and measurement technology, and other production related mobility devices (such as SCADA controllers), well communication devices, and any other information technology systems and licenses associated with the foregoing, in each case only to the extent such assets and licenses are (i) used or held for use solely in connection with the operation of the Properties, (ii) assignable (with consent, if applicable, but without the payment of any fee unless Buyer agrees in writing to pay such fee; *provided* Seller shall use commercially reasonable efforts to cause the transfer of all such rights and interests to Buyer), and (iii) located on the Property (the "Production Related IT Equipment").

(q) all (i) trade credits, accounts receivable, notes receivable, take-or-pay amounts receivable, and other receivables and general intangibles, attributable to the Assets with respect to periods of time from and after the Effective Time; and (ii) liens and security interests in favor of Seller or its Affiliates, whether choate or inchoate, under any Legal Requirement or Contract to the extent arising from, or relating to, the ownership, operation, or sale or other disposition on or after the Effective Time of any of the Assets or to the extent arising in favor of Seller or its Affiliates as to the operator or non-operator of any Asset;

(r) all rights of Seller and its Affiliates to audit the records of any Person and to receive refunds or payments of any nature, and all amounts of money relating thereto, only to the extent related to the obligations assumed by Buyer pursuant to this Agreement or with respect to which Buyer has an obligation to indemnify Seller; and

(s) all rights, claims, and causes of action (including warranty and similar claims, indemnity claims, and defenses) of Seller or any of its Affiliates whether arising before, on, or after the Effective Time, only to the extent such rights, claims, and causes of action relate solely to any of the Assumed Liabilities.

"Assignment" – the Assignment and Bill of Sale from Seller to Buyer, pertaining to the Assets, substantially in the form attached to this Agreement as Exhibit D.

"Assumed Liabilities" – as defined in Section 2.06.

"Assumed Litigation" – the litigation set forth in Schedule 3.05 Part A.

"Available Employee"– those employees of Seller or its Affiliates identified in the Available Employee List, each of whom is an individual to whom Buyer or its Affiliate may, but shall not be obligated to, make an offer of employment pursuant to Section 12.03; *provided*, *however* that (a) Seller may not identify employees in the Available Employee List who do not perform services on site that are not primarily related to the Assets and (b) any employee of Seller or its Affiliates that is identified in the Available Employee List whose employment with Seller or its Affiliates is terminated prior to the Closing shall cease to be an "Available Employee" immediately as of such termination.

"Available Employee List" – as defined in Section 12.03(a).

"Bankruptcy Cases" – the bankruptcy cases commenced by the filing by Seller (or its applicable predecessor or Affiliate) for voluntary petitions for relief under chapter 11 of title 11 of the United States Code in the Bankruptcy Court that were jointly administered under Case No. 16-60040.

"Bankruptcy Court" –the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

"Breach" – a "Breach" of a representation, warranty, covenant, obligation, or other provision of this Agreement or any certificate delivered pursuant to Section 2.04(a)(iii) or Section 2.04(b)(iii) of this Agreement shall be deemed to have occurred if there is or has been any inaccuracy in or breach of, or any failure to perform or comply with, such representation, warranty, covenant, obligation, or other provision.

"Breaching Party" – a Party (a "Subject Party") who, at the time in question, is in Willful Breach, if (but only if), at such time in question, all conditions precedent to the obligations of the Subject Party to close the Contemplated Transactions as set forth in Article 7 or Article 8, as applicable, (a) have been satisfied (or waived in writing by the Subject Party) other than those conditions that can only be satisfied at the Closing, but subject to the Buyer (in the case where Seller is the Subject Party) or the Seller (in the case where Buyer is the Subject Party) being ready, willing and able to satisfy such conditions at such time in question or (b) would have been fulfilled or satisfied except solely due to the Willful Breach by the Subject Party.

"Business Day" – any day other than a Saturday, Sunday, or any other day on which commercial banks in the State of Texas and New York are authorized or required by law or executive order to close.

"Buyer" – as defined in the preamble to this Agreement.

"Buyer Group" – Buyer and its Affiliates, and their respective Representatives.

"Buyer Savings Plan" – as defined in Section 12.04.

"Buyer's Auditor" – as defined in Section 6.06(b)(i).

"Buyer's Closing Documents" – as defined in Section 4.02(a).

"Casualty Loss" – as defined in Section 11.14.

"Closing" – the closing of the Contemplated Transactions.

"Closing Date" – as defined in Section 2.03.

"COBRA" – as defined in Section 12.06.

"Code" – the Internal Revenue Code of 1986, as amended. All references herein to sections of the Code shall include any corresponding provision or provisions of succeeding law.

"Complete Remediation" – with respect to an Environmental Defect, a remediation or cure of such Environmental Defect which is substantially completed in accordance with the Lowest Cost Response.

"Confidentiality Agreement" – that certain confidentiality agreement dated as of March 31, 2017, by and between Exaro Energy III LLC, Exaro Energy IV LP, and Linn Energy, Inc., as successor in interest to Linn Energy, LLC.

"Consent" – any approval, consent, ratification, waiver, or other authorization (including any Governmental Authorization) from any Person that is required to be obtained in connection with the execution or delivery of this Agreement or the consummation of the Contemplated Transactions.

"Contemplated Transactions" – all of the transactions contemplated by this Agreement, including:

(a) the sale of the Assets by Seller to Buyer;

(b) the performance by the Parties of their respective covenants and obligations under this Agreement; and

(c) Buyer's acquisition, ownership, and exercise of control over the Assets.

"Continuing Employees" – as defined in Section 12.03(d).

"Contract" – any written contract, agreement or any other legally binding arrangement, but excluding, however, any Lease, easement, right-of-way, permit or other instrument of conveyance with respect to the Assets. For the avoidance of doubt, joint operating agreements, participation agreements, farmout agreements, area of mutual interest agreements, and similar agreements shall be deemed to be a Contract for purposes of this Agreement.

"Controlled Group Liabilities" – any means any and all liabilities of any Seller Party or any of their respective ERISA Affiliates (a) under Title IV of ERISA, (b) under Sections 206(g), 302 or 303 of ERISA, (c) under Sections 412, 430, 431, 436 or 4971 of the Code, (d) as a result of the failure to comply with the continuation of coverage requirements of Section 601 *et seq.* of
ERISA and Section 4980B of the Code, (e) with respect to a "multiemployer plan" as defined in Section 4001(a)(3) of ERISA, and (f) under corresponding or similar provisions of any foreign Legal Requirement.
